Vote Recount Sought In Some CSEA Contests

ALBANY - A recount of votes received for several offices in the recent statewide elections of the Civil Service Employees Assn. will be held within a week or ten days, according to Bernard Schmal, chairman of the union's special

be made, Schmal said, votes will be recounted for these offices:

- Metropolitan Region, Treasurer - Recount requested by Michael Sewek, the apparent
- Department of Labor, State Executive Committee (Metropolitan-Long Island Region) - Recount requested by Vincent Rubano, the apparent loser:
- Executive Department, State Executive Committee - Recount requested by Mary K. Moore, opponent of Cindy Egan, apparent winner;
- State University, State Executive Committee - Recount requested by Dorothy Rabin, opponent of Eleanor Korchak, apparent winner.

Recounting of votes was requested in the several cases, Schmal pointed out, because the small winning margins involved

As soon as arrangements can could conceivably be reversed by a comparatively slight error in the initial count.

> In addition to the recounts, Schmal revealed that a new election will be held for the office of treasurer in the Western Region because of a mistake in the original ballot. The date for the event is not yet set.

To Governor's Staff

ALBANY - Governor Rockefeller has named three new members of his legal staff. Joel A. Linsider, 27, of Albany, was named an assistant counsel at \$21,000 per year, while Robert H. Iseman, 24, of Albany, and Ann E. Lewis, 24, of Larchmont, wert appointed confidential law assistants at \$15,000 each. Upon their admission to the bar. the latter two will receive appointments as assistant counsels, according to the Governor.

U.S. Court Upholds State On Its Right To Ban Union Activity

ALBANY — The United States Supreme Court has turned down an application from the Civil Service Employees Assn. to hear CSEA's case against the State ban on union membership for State workers classified as management or confidential.

The Federal court decision, with one judge dissenting, in effect upholds a previous

ruling by the State Court of Appeals, New York's highest tribunal from which CSEA was making the appeal. This ruling held that the State's prohibition against membership or union participation by its management. confidential employees is valid and proper.

Contending that deprivation of the right to individual membership was unconstitutional, CS-EA had sought to strike down the prohibition in court since spring of 1972, following its enactment into law the previous year. The union succeeded in delaying im-

plementation of the ban till just last month, and attempted un-

Philip Wexler

Philip Wexler, well-known and popular member of the Social Committee of the Civil Service Employees Assn., died on October 7.

He was a staff member of the State Department of Transportation in New York City. A former employee of the Federal Government in Washington during World War II, Mr. Wexler entered State service in 1947, and immediately became involved in CSEA activities. He organized and for many years was president of the Metropolitan Public Service Commission chapter, and more recently served for two terms as a vice-president of the Metropolitan New York Confer-

successfully further stay the action pending disposition of the CSEA request for a hearing in the Federal court.

A spokesman for the Employees Association conceded that the Federal court turndown marked the end of the road in the union's efforts to fight the issue, but emphasized that "the many longterm members who will have to give up their membership can at least feel satisfied that CSEA did everything possible to keep them in the family,"

Of the 7,000-plus employees who hold management or socalled confidential positions with the State, about 3,200 were members of CSEA at the time the exclusion was implemented last month. Along with loss of their membership, these employees also lose benefits such as coverage under CSEA's insurance plans. In the case of group life insurance, the State is offering to management/confidential workers only. a newly-established program of its own to fill the gap.

One CSEA insurance benefit the group may retain is the socalled Master Plan, which pro-(Continued on Page 14)

· FIRE FLIES ·

Eugene M. (Butch) O'Kane, aide to chief Weigold in Battalion 27, is still in Bronx Lebanon Fulton Hospital as a result of a job at 158th Street and Melrose Avenue two and a half weeks ago. He gave the 10-75 whereupon the dispatcher asked what he had there and Butch came up with the all time classic reply: "Me and the Chief!" THAT'S Butch O'Kane! He still has chest pains and is undergoing much testing but may be home by the time this hits the

street. Send him a card of cheer at 116 Malts Ave., West Islip, L.I., N.Y. 11795. He deserves it and will appreciate it.

There are a few very red faces around the Department of Public Works nowadays. Seems that it was thought that a few bucks could be saved by using the plans for a Queens firehouse to build a firehouse in Co-op City, thus saving umpteen thousand dollars. So the Co-op City house was built and is now ready for

use right down to a cat which already made itself at home. However, in tests prior to acceptance, they took a truck, engine and chief's rig over there and while the engine and chief's car fitted well, the truck wouldn't go through the door. The street grade was to high! They called another type truck, and that wouldn't fit either. Soocooo as one chap told me, there are people who are scared to death about what the Co-op citizens are going to say when they see jack hammers ripping the street apart before the place is put into service. Seems that the folks in Co-op City are very sensitive about things such as that!

Incidentally, the gentleman in charge of such matters for the Fire Department (The Hon. Mr. Potts) has submitted his resignation which has nothing to do with the above. Hon. Rae Archibald, another assistant to the commissioner and the highpriest of think-tankery for the Fire Department, is also departing as of October 13. I guess head-rollery is in full swing as some F.D. seers expected.

The meeting of the Chief's Association the other night was one of the gloomiest on record. As they say in Greenpoint, nobody was sayin' nuttin to nobody! Not even recently promoted deputy chief Jacobs was there. But then, after all, a division is so much bigger than a Battalion . . isn't it Deputy?

Jefferson Aides Gain 5½% Health Research Member

WATERTOWN — A 5.5 percent across-the-board pay increase for 1974 has been granted to an estimated 300 CSEA Jefferson County chapter members under a contract approved by the Jefferson County Board of Supervisors.

The increase stems from negotiations on a wage reopener clause dealing with the second year of a two-year contract, written last January. The 5.5 percent hike, negotiated for the chapter by CSEA field represen-

tative Roger Kane, becomes effective for the Jan. 1-Dec. 31, 1974, period. The County was represented in contract talks by William Coleman, personnel director, and Edward Cobb as

chairman of the supervisor's personnel committee.

County administration officials said the package reflects increases totalling an estimated \$230,000, including around \$165,-000 in pay hikes with the remainder in fringe benefits plus improvements in the increment plan.

Health Research Member Reinstated With Back Pay Following CSEA Grievance

BUFFALO — The Health Research chapter of the Civil Service Employees Assn. reports that Jan Kuyper has received checks totalling \$1,713.73 in final settlement from Health Research, Inc. for his illegal discharge from that

agency.

Mr. Kuyper, a CSEA member, was dismissed from his position with Health Research for giving surplus mice, scheduled for destruction, to a co-worker to feed to his pet snake. Mr. Kuyper, an Indonesian, said he does not believe in waste.

Health Research, however, held this action to be illegal for various reasons and discharged Mr. Kuyper. The Health Research chapter of CSEA came to Mr. Kuyper's assistance, believing that the punishment far outweighed the petty "crime" and filed a grievance.

The American Arbitration Association decided in part for Mr. Kuyper and CSEA, saying that the determination to discharge was "arbitrary and capricious," while upholding the right of Health Research, Inc. to discipline employees for such an infraction of the rules by a twoweek suspension without pay. Mr. Kuyper was ordered reinstated to his original position with full benefits, minus the two-week suspension and minus any money earned in another position during the time of arbitration.

Mr. Kuyper, upon reinstatement, resigned his position effective July 4, 1973, and reported employment with another facility beginning Dec. 18, 1973. The difference in gross salaries during that period came to \$1,713.73, which Mr. Kuyper received.

Barbara Fauser, president of the Health Research CSEA chapter, said, "The chapter is happy with the decision of the arbitrator. We believe that we have won a victory over the system."

ITHACA — A regular meeting of the Ithaca Area Retirees chapter, Civil Service Employees Assn., will be held here Oct. 24 at 2 p.m. at the Moose Hall on Fulton St. Speaker for this meeting will be Donald Wornuth of the Social Security Administration.

Court Orders West Seneca Director To Prove Charge Against Dismissed Aide

BUFFALO — Legal efforts by a Civil Service Employees Assn. attorney have forced the director of the West Seneca State School to prove in court why he dismissed a CSEA therapy aide four days before the end of her probation.

The \$8,500-a-year aide, Durothy Ray, a state employee since 1968, had been docked four days' pay and placed on the one-year protation after the state claimed she took part in a CSEA work stoppage in 1972.

She was placed on probation April 29, 1972, and during the year received two promotions, from attendant to assistant therapy aide to therapy aide.

But her services were terminated by the hospital director, Dr. Louis G. Huzella, four days before her probation expired. He said her work was unsatisfactory.

The firing, claimed CSEA regional attorney Charles R. Sandler in subsequent appeal, contradicted ratings by her superiors who found her satisfactory in 41 of 42 categories.

During the proceedings, M: Sandler introduced three ratings by Ms. Ray's superiors that claimed she "works efficiently... helps others when her work is done," and "functions well and is well liked by residents."

The state, in turn, argued the ratings were rendered by "employees found to be less than satisfactory themselves and thus

Supreme Court Justice Frank Kronenberg, in a first-round victory for the CSEA, ordered Dr. Huzella to prove in trial that the firing was not "arbitrary and capricious," as charged by Mr Sandler.

Mr. Sandler has asked for a jury trial to settle the issue, but said the judge's order for further proceedings was a victory in itself.

"I've argued hundreds of these cases through the years," he said, "and I can't remember the last time a judge ordered a trial."

Meanwhile, Ms. Ray, unable to find work, waits at home for a final decision.

Taylor Law Hearings

THE Assembly Committee on Public Employees will start hearings this week to determine whether teachers and other public employees in non-essential services should be excluded from the no-strike provisions of the Taylor Law.

Not only are these hearings - which start in Albany and will continue in New York City and Buffalo - of the utmost importance to civil servants in terms of a new managerial stance toward public employees. They also hold the seeds for a whole new approach toward bargaining in the public sector.

We have long argued against denying the right of a strike to governmental workers on two grounds; it denies them a bargaining tool which private sectors workers have long had and it automatically suggests that public employees would use such a tool without discrimination.

In the meantime, it is interesting, indeed, to note that in a recent newspaper interview the chairman of the committee, Assemblyman Alvin M. Suchin of Dobbs Ferry stated "The Taylor Law is just not working."

We agree. We are not so sure, however, on his preliminary stance of having compulsory negotiations and binding arbitration be the price for removal of the no-strike clause.

As we said, the hearings are of vital importance to all public employees and will be reported on in full in coming

Q. I recently surprised my grandson with a savings account for his birthday. When I went to the bank to open the account, the bank clerk said she needed my grandson's social security number for the bank's records. Why was this necessary?

A. The bank reports earned interest over \$10 a year to the Internal Revenue Service by the name and social security number of the account holder. If your grandson doesn't have a social security number, ask his parents to contact any social security office for information about applying for one.

- Q. I signed up for the doctor's part of Medicare twice and cancelled my coverage both times. Can I re-enroll for a third time?
- A. No. If you've cancelled your medical insurance more than once, you may not re-enroll under the present law.
- Q. I'll be 72 this year. How much can I earn during 1973 and still get my full monthly social security payments?

A. You can earn as much as \$2,100 for the months of 1973 before the month you reach 72. No matter how much you earn in that period, however, you can get your full social security payment for any month you neither earn over \$175 nor do substantial work. in self-employment. Q. I'm going to work until I reach 65 a few months from now. Can I apply for social security now, or do I have to wait until I stop working?

A. You should apply now at any social security office. You can apply while you're still working. Applying about 3 months before you retire will help assure that your first monthly check arrives on time.

Q. I'm a self-employed housepainter and I plan to stop working completely when I'm 62 next March. When should I apply for social security payments?

A. You should file for monthly retirement payments 2 or 3 months before the month you retire to make sure your payments start the 1st month you're re-

by the Civil Service Employees Assn. in the amount of \$450 to cover his attorney's fees and legal expenses.

Like everything else, the cost of legal services has been skyrocketing, with the result that thousands of middle income familles are denied access to lawyers, courts, and legal services. This has become a matter of increasing concern to the organized bar. In order to determine the scope of the problem, the American Bar Association last year appointed a Special Committee to Survey the Legal Needs of the Public. The committee hopes to recommend reforms to assure that no person will be deprived of the help of a lawyer when needed

Prepaid Legal Services

One of the obvious approaches is to create a system of prepaid legal services insurance just as plans now provide for prepaid medical and hospital costs. An experiment along such lines has been operating in Shrevesport, Louisiana, since 1971, under sponsorship of the local Bar, with financial support from the American Bar Association and the Ford Foundation and the cooperation of a local union and employers. Under this plan, membership is available to union members who voluntarily participate by authorizing a payroll deduction of two cents an hour.

During the past August, Congress passed and the President approved an amendment to the Taft-Hartley Labor-Management Relations Act to permit employer contributions to trust funds for the payment for legal services. That bill also amended the Internal Revenue Code to exclude such payments from the gross income of employees and to allow deduction of such payments from the gross income of employers. This will enable unions to bargain with employers for the establishment of a legal services trust fund to defray all legal expenses of union members and their families. The only legal services barred by this Act is for a suit by a union member against the union and a suit by an employee against his employer, unless it is a workmen's compensation matter.

Too Early To Determine

Obviously the Act of Congress applies only to labor negotiations in the private sector, and, of course, it is much too early to determine the extent to which this subject will move to the front in collective bargaining, However, because of widespread labor support for the bill, bargaining for prepaid legal services may well become the new frontier for fringe employee ben-

By the same token, prepaid legal services may become a matter of collective bargaining in the public sector as a fringe benefit for civil service em-

Assemblyman Andrew Stein, who has recently been appointed by the Governor, chairman of the Temporary State Commission on Living Cost and the Economy, has expressed great interest in the impact of legal costs on living costs. The Commission plans to hold public hearings on this subject soon. This will provide the first forum in the state for employees to express their interest in a prepaid legal services program.

Nassau PERB Board Overruled

On Sept. 5 and Dec. 27, 1972, petitions were filed at Nassau County PERB (mini-PERB) for decertification of CS-EA and certification of several independent employee organizations purported to represent deputy sheriffs, nurses and correction officers. These petitions sought the establishment of several negotiating units for employees who were and are now included in an overall negotiating unit of county employees represented by CSEA. There was a collective bargaining agreement in effect at the time the petitions were filed, which were scheduled to expire on Dec. 31, 1972.

Following the filing of the petitions referred to, CSEA moved for leave to intervene in the decertification proceedings and moved to dismiss the petitions as not having been timely filed pursuant to the rules and regulations of the mini-PERB. The local hearing officer granted CSEA's motion to intervene in the proceedings but denied the motion to dismiss the petitions as not timely filed. CSEA appealed that latter decision to the full board of mini-PERB pursuant to its rules and regulations. The board sustained its hearing officer by a two to one decision.

CSEA then sought review of that action by state PERB pursuant to section 203.8 of the State Board's rules of procedure on the grounds that the county PERB was not

properly implementing its procedure.

When the above petitions were filed, CSEA and the county were actively engaged in negotiations leading to a successor collective agreement to cover a period commencing Jan. 1, 1973. On Dec. 15, 1972, the county and CSEA agreed orally to extend the existing contract pending the outcome of negotiations, and that stipulation was reduced to writing on April 15, 1973. A new contract was actually entered into covering 1973 and 1974 prior to the mini-PERB decision which was appealed to state PERB.

The local rule involved stated: "A petition for certification or decertification may be filed within 30 days before the expiration under section 6 (c) of the period of unchallenged representative status accorded a recognized or

certified employee organization."

The mini-PERB ordinance provides as follows: "An employee organization certified or recognized pursuant to this ordinance shall be entitled to unchallenged representation status until seven months prior to the expiration of a written agreement between Nassau County and said employee organization, determining terms and conditions of employment."

Those provisions are identical in all material respects with the comparable provisions of section 201.3 of state PERB rules of procedure and section 208.2 of the Taylor Law, respectively. The mini-PERB majority reviewed the word "may" in its rules as granting it the discretion to choose whether or not it would accept or reject petitions for decertification on the basis of timeliness and rejected the CSEA contention that it only pertained to the discretion on the part of the petitioner as to whether or not it chose to file a petition at any given time. The mini-PERB further concluded that since negotiations with the county CSEA have been concluded, there would be no disruption in the processing of the petitions and in holding hearings there-

In reviewing this matter state PERB referred to its decision in the Monroe County chapter of CSEA case, 5 PERB 3120, in which it summarized the principles governing review of questions of the nature raised in the instant case. The board pointed in the Monroe County case that mini-PERB is not mandated or required to adopt rules and regulations identical with those adopted by state

"Thus, for example, the discretion which we have accorded local boards permitted a local board to require in its rules a ten percent showing of interest in support of a petition rather than the 30 percent showing of interest which this board requires (AFSCME, Council 66, 4 PERB 3715). In the Monroe County case, we concluded that a local board's 45-day rule was substantialy equivalent to this board's 30-day rule."

The state board went on to state that it had uniformally required representation petitions to be filed only within the 30 day period before the expiration of the period of unchallenged representation status. "So far as we are concerned the word 'may' has been used because the decision whether to file such a petition is entirely in the dis-

Fire Union Chief Scores 'Out Of Town' Sentence For Brooklyn Arsonists

Reacting hotly to undisclosed Family Court decision ordering three youths "out of town" for deliberately setting fire to a Brownsville tenement and burning six people to death, Deputy Chief David McCormack, president of the Uniformed Fire Officers Assn., termed the decision a "nauseating display of judicial incompetence" and called for a reopening of the case.

The decision to free the youths was handed down in a closed hearing July 10 by Family Court Judge Jacob Zuckerman. They had been found guilty previously by Family Court Judge Richard Hannah. But when the youths came up for sentencing, Judge Hannah was out of town himself and the case was turned over to Judge Zuckerman. It was then that he ordered them "out of town," according to The Daily

Calling for "prompt reconsideration" of the case and "immediate action by Administrative Justice Florence Kelly against Judge Zuckerman," Deputy Chief McCormack said: "The dreadful coincidence of the immolation of the woman in Boston and the incineration of the family in Brooklyn must not be ignored. Common sense and responsibility to our society demands that the criminals in each instance be brought to justice and punished. How else can we survive?"

cretion of the challenging organization, but the time to file is intended to be fixed by the rule. Having adopted the exact language of our rule as its own, the local board's interpretation is, in our opinion, clearly erroncous."

The board concluded that a fixed period of peace and tranquility is essential to stability since all the parties are entitled to know with certainty when challenges to existing relationships may be made. While an interpretation by a local board of its own rules are entitled to weight when the interpretation is clearly erroneous or violates a right protected by statute, substantial equivalence is required. It was therefore ordered that the mini-PERB implement its local procedure in a manner consistent with the state board decision.

* CSEA COMMITTEE REPORTS AT CONVENTION

Legal Committee Report

The following report was delivered by committee chairman Abraham Kranker, and accepted as amended. Other committee members are Basil Hicks, Frank Sanders, Edward Wilcox, Alvin Rubin, Robert Dobstaff, Fred Gurtowski and Dermot Reilly.

This report is basically for the information of the delegates present at this meeting.

On behalf of our committee I would like to briefly advise you of how our committee works. Our legal committee usually meets once a month to review requests for legal assistance in the various categories of such assistance as are provided, and to consider recommendations to our Board of Directors, These meetings usually take place either the first or second Friday of each month and are attended by the entire membership of the committee, presently consisting of eight members who are evenly divided between the State and County Divisions. The chairman of our committee is a member of the State Division.

At these meetings, the committee members are briefed on all requests for legal assistance and the results of investigations conducted by both staff and the chairman from the basis of the request for such assistance to the end, so that the committee can come to a proper recommendation in each case.

The chairman of this committee has spent a total of 245 hours on committee business between Aug. 1, 1972, and Sept. 11, 1973, or about 33 working days. The individual members have spent somewhat less time, but all of us have donated our services gratis in the same manner as all of the delegates here present.

On behalf of the committee, I would like to advise you of the total cost of our Legal Assistance Program in the various categories of assistance provided for the period beginning Oct. 1, 1972, through August 16, 1973, the last date available to our committee. During that period, we recommended assistance and the Board of Directors authorized the defense of 179 disciplinary cases for a total of \$52,373.56. We were successful in 54 cases, part-successful in 53, unsuccessful in 23, and the results are still unknown in 49 cases. By "successful," we mean charges were dismissed; by "part-successful" we mean charges resulted in minor punishment; by "unsuccessful" we mean that charges were sustained and the member was dis-

During the same period, we authorized legal assistance and the Board of Directors approved legal assistance for 24 grievances at the Grievance Appeal Board level, which in some cases was binding arbitration, for a total cost of \$6,174. We were successful in 15, lost 1, and the results are still unknown in 8 cases.

On recommendation of our Committee, our Board of Directors authorized the institution or the defense of 47 law suits for a total cost of \$26,562.50. We won 25 of those cases, we lost 8, and the results are unknown in 14. The reason for us not knowing the results in the 14 cases referred to above, arises from the fact that these cases were at Appellate level, or very recent ones in which the court has not yet rendered a decision. These law suits above mentioned do not include two actions instituted by our law firm under the retainer agreement (without additional fee), one of which involved the constitutionality of that section of the Taylor Law which prohibits employees classified as Management/Confidential from joining or belonging to any employee organization. The other law suit challenged the constitutionality of that section of the Taylor Law which authorizes the public employer to find a person

ABRAHAM KRANKER

guilty of engaging in a strike or other work stoppage prohibited under the statute without affording the employee charged with a hearing. These cases are presently before the United States Supreme Court, on a request to that Court to entertain an appeal from adverse determinations by the New York State Court of Appeals, and are scheduled to be heard in that Court at its October 1973 term. I understand that coursel will report on these cases and their status to this body.

We have not yet been billed by special counsel retained to handle these two requests for leave to appeal to the United States Supreme Court. Our Board of Directors at a recent meeting (May 8) authorized the retention of such special counsel and the payment of their fees which were estimated to be about \$20,000.

The Board of Directors at their June 1973 meeting authorized the defense of 21 of our members who were employed at the Rome State School and who were indicted by the Oenida County Grand Jury and charged with the crime of "abuse of residents (patients)." We have received vouchers and bills totaling \$10,500 from the numerous attorneys representing these members, but have not yet paid them, pending clarification of the status of these criminal actions.

Our Association's share of hearing officers' fees and arbitrators' fees during this period totaled \$5,208.50, and miscellaneous fees and expenses such as printing, telephone costs, travel, etc., in the various matters referred to above, totaled \$3,537.63. In addition, we paid a total of \$3,000 for appeals in connection with three Division of Employment (Erie County) employees who were given unsatisfactory record ratings for the year 1972. Counsel was successful in one appeal at the Record Rating Review Board and lost the other two at all stages of the appeals.

Special job action fees for legal services involving 1,149 persons charged with violating the Taylor Law in that they participated in the work stoppage on April 1 and 2, 1972, totaled \$171,-

Work Performance Committee Report

JEAN C. GRAY

The following report was delivered by committee chairman Jean C. Gray. Other committee members are Daniel Conway, Jacob Leonard Rohloff, Clara Boone and Frank Sanders.

Since the chairwoman's recent appointment to this committee, it has held two meetings in an effort to progress the interest of CSEA members in our area of responsibility.

The committee arranged to have a box put in the Civil Service Leader for the purpose of trying to find out directly from our members ideas for improvement in the field of competitive civil service examinations and work performance ratings. The Committee did receive some good suggestions but it is also looking to our experienced leadership, including the delegates at this convention, for "input" to the committee so that it can provide good member service.

It is also the committee's feeling that at the time of the next contract preparation period, that it would like to meet with the negotiating teams for the purpose of making recommendations to them for the actual negotiations themselves.

The committee plans to have informal meetings with the Civil Service Department to reflect to them problems that this Committee identifies with respect to work performance in civil service examinations. At the present time, the committee is reviewing in depth the question of the adequacy of the present allowance for seniority and veterans' credits.

Social Services Committee Informational Report

The following report was prepared for informational purposes by: committee chairman Frank Lawson, vice-chairman Richard Tarmey, committee members Geraldine McGraw, Arthur Bolton, Sandra Aroneck, Albert Wilson, Gary Powers, William Osmer, John McGowan, Donna Podvin, Patricia Spicci, David Reeves and Steve Ragan. Staff coordinator is Patrick Monachino.

This report will supplement the report given at the 62nd Annual Delegates Meeting at Rochester, N.Y., in Sept. 1972. Since the last Delegates Meeting, the committee has held three significant meetings, one held on Jan. 29-30, 1973, on June 4, 1973, and again on Sept. 6-7, 1973.

The January 1973 meeting concerned itself with aspects of the HR-1 Bill specifically Title 16 of the Social Security Act repealing OAA (Old Age Assist-

ance), AB (Aid to the Blind) and AD (Aid to the Disabled) titles on Jan. 1, 1974, or popularly known as the Federal takeover of AABD cases from state and county jurisdictions to the Social Security. Representatives from the Social Security Administration and representatives from the State Social Services were present to explain in detail this conversion process and the possible impact on social services. At the same meeting, there was discussion regarding the recommendations put forth by the New York State Temporary Commission to Revise the Social Services Law, which recommended a complete state takeover of the responsibility for welfare payment, single grant concept, and one centrally located payment center. Under this plan, the state would subcontract with the county to provide the necessary personnel to carry out social service functions of eligibility, reporting and providing the social services needed. The committee took exception to the Commission's recommendations, and a response was ordered setting forth the committee's stand on the recommended changes set forth by the Commission. Such a response was drafted stating the CSEA's position regarding the committee's opposition to the recommended changes, and did so testify before the Commission in Albany on Feb. 23, 1973.

Another recommendation of the committee was to pursue drafting and introduction of legislation regarding the protection of incumbent CSEA employees in the event of passage of Governor Rockefeller's bill for state takeover of local social service functions. Efforts were undertaken to keep abreast of the progress of the Governor's bill and the CSEA law firm was prepared to introduce protective legislation in the event the bill gained support. The bill was killed, and such legislation was not necessary at that time.

The June meeting, held at the Friar Tuck, was attended by state officials from the State Department of Social Services and progress of the Governor's bill was discussed, and there was evidence that the bill would not go through and was declared dead. The committee turned its attention to the need of possible legislation in the future.

The September meeting was held in Albany and Jack Rice addressed the committee regarding specific legislation to be introduced in the event that the State made another attempt to take over county social service functions, and the committee is now fully satisfied that appropriate legislation regarding protection of CSEA employees will be introduced in such an event. Also discussed was the progress of the federal takeover of the AABD cases.

We, as a committee, feel that we have faced up and met those current crises and problems which have confronted the Social Service employees and are prepared to continue to preserve the employment security which has been severely tested during the current year. The dictates and mandates of the committee are clear. Our efforts are continually directed towards the improvement and protection of all county social service employees.

Pension Committee Report

The following report was delivered by committee chairman Ernest K. Wagner. Other committee members are Alice Bennett, Aaron Burd, Frederick, Fick, Michael Sewek, Louie Sunderhaft, Louis Colby and Maye A. Bull.

Attached is a list of major legislation implemented during the Special Session of the Legislature. We hope that you will keep these lists for future reference.

Your pension committee will be meeting at the end of this month to draft a schedule for meetings within every region during the coming year. We request that each regional president submit two dates to us so that we may publish our agenda. Confirmation of dates will follow our meeting.

We hope that all delegates and mem-

bers will feel free to submit questions and proposals concerning pension matters to the Chairman of the Committee at 33 Elk St., Albany, New York

Retirees Committee Report

The following report was delivere by committee chairman Lawrence Kerwin. Other committee members are Hazel Abrams, Charlotte Clapper, Mildred Meskil, Florence Drew, Emmett Durr, Andrew Hritz, Albert Killian, Michael Murphy, Thomas Ranger, John Van Duzer, Claude Rowell, Angelo Donato, Melba Binn, George Halbig, John Whiteraft, John Joyce, Clifton Flather, Max Weinstein, Charles Foster and Raymond Castle.

Since the meeting of a year ago September, we have established additional retiree chapters in the Kingston, Poughkeepsie and Westchester regions. These regions are in addition to the already established chapters in the Capital District, Rochester, Syracuse, Binghamton, Ithaca and Long Island regions. We advised you at that time that we had approximately 8,400 retiree members. The membership to date is 15,000.

At a recent meeting of the full Committee, it is our judgment that proper legislation was not drafted and pursued as indicated by the desires of the Committee and the resolutions committee of last year. However, the chairman was able through counsel to make a presentation in July at the select committee to study public employee pension and retirement benefit systems on the revision of the Social Security and Retirement Law, chaired by Judge Alpert. As a result of this hearing, counsel also presented to the select committee a bill to be presented to the Special Legislative Session amending the Social Security and Retirement Law relating to the supplemental pension or cost of living. In addition, counsel sent copies to Governor Rockefeller, Speaker Duryea and Senator Anderson.

2

In this bill we recommended that the cost of living be made permanent, that is include all retirees who retired prior to April 1, 1970, and that the cost of living be considered on an escalator basis by using the federal cost of living index of the year prior to retirement of an individual.

Our efforts with respect to the Special Legislative Session were minimized in that the law was amended only to provide the change in percentage benefits to those pensioners who had not had the opportunity to have social security coverage. This average benefit was changed from 20 percent benefit to 60 percent. We do not know at this time how many of the retirees benefited by

this provision or whether it had any appreciative fiscal impact.

The Committee actually is unhappy with its accomplishments in the past year. We feel that these accomplishments could have been materially increased by mutual assistance of Headquarters' staff and the Committee. The Committee initiated formation work with regard to local chapters by correspondence and by visiting those areas where chapters were to be initiated or were already active. We feel that with the cooperation of the Committee and Headquarters' staff, the membership today could be anywhere from 25,000 to 30,000.

In our last report, the Committee proffered to the Association and its various committee segments, assistance in political action matters and in the area of pension benefits, to which we have not been invited to participate in either area. We feel that the Association is missing a very real opportunity to avail itself of the abilities and backgrounds of the thousands of members who have been active over the years in the Association and who still have active con-

tact with the local community leaders and legislators.

The Committee, also through its chairman, requested a full-time staff position, responsible directly to the executive director, to act as co-ordinator of retiree affairs. The duty statement was prepared and a salary grade recommended. This request was presented to the delegate body in March 1973 and approved by the delegate body under the restructuring program. We have had no information as to where this request stands or what may be the desire with regard to it by the responsible committees, personnel and budget.

The Committee also recommends the full support of the Association in the passage of legislation introduced at the 1973 Extraordinary Session as provided for in Senate 1 and Assembly 1.

The attention of the delegates is directed to the fact that the legislative objective being sought by your retiree group is limited to this one point of legislation with the hope of legislative implementation. The retirees also hope that significant effort is made by the Association to amend the Taylor Law to provide CSEA with the right to represent retired members under it.

The Committee regrets making this pessimistic report, but we feel that in fairness to our members, it should be brought to the attention of the delegates, and we make it with the knowledge that we have had good cooperation from Mr. Lochner, Mr. Galpin and Miss

Non-Teaching School Employees Report

The following report was moved by committee member Salvatore Mogavero, and accepted as amended. Other committee members are chairman Edward Perrott, Jacob Banek, Anne Maywalt, Charles Luch, Patrick O'Connor, Howard Cropsey, John Famelette, Frank Fasano and Leslie Banks. Committee coordinator is Danny Jinks.

This report is given to you, the delegates of the 63rd Annual Meeting of the CSEA, Inc., for the purpose of informing you of the continuing efforts of the statewide non-teaching school employees committee. Since our last report, seven educational chapters have been created to more effectively handle the problems of non-teaching employees in school districts. These new chapters exist in the counties of Nassau, Suffolk, Oneida, Saratoga, Broome, Dutchess and Erie. In order to aid these new chapters in the election of officers, the statewide non-teaching school employees committee established communications with the statewide elections committee in order that procedures for the nomination and election of permanent officers of the aforementioned as well as future chapters might be worked out (under the auspices of Albany or regional headquarters). This has been done, I might add, very successfully.

The committee has also, as of the date of this report, been exploring the means of setting up new educational chapters in other counties throughout the State of New York. To aid in the formation of these chapters, the committee has adopted a form letter and a ballot to be used by a unit that wishes to become a part of a new or existing educational chapter. To further meet the above goal, the members of the committee have resolved that they would make themselves available to aid school districts in adjoining counties that wish to set up an educational chapter. Committee members are doing this because they feel this entity (educational chapter) is an impertant part in the future development of the Civil Service Employees Assn

Furthermore, the committee feels that non-teaching employees represented by New York State's Number One public employees union should be made aware of the changing scene in the educational arena. To that end, the committee is seeking to obtain a column in The Leader so that it will be able to relate changes of law affecting non-teaching employees and important events taking place in school districts as well as other

SALVATORE MOGAVERO

items of interest to non-teaching employees.

Possibly, however, the most important issue facing the committee is that of regional negotiations. The committee will be working over the next few months to increase its knowledge con-

'Highly Successful,' Says Kranker Of Efforts By Regional Attorneys In Defending CSEA Alleged Strikers

ALBANY — "With final figures still being compiled, it is evident that the professional services rendered by our regional attorneys throughout the state in defending those employees who were allegedly on strike last Easter weekend were highly successful" said Abe Kranker, chairman of the Civil Service Employees Assn.'s legal committee, after reviewing results of hundreds of hearings held throughout the year. Statistics from the various re-

percent win ratio in the Buffalo area. A total of 154 hearings were held and employees objections were sustained, deductions refunded and tenure restored in 119 cases.

Long Island held a total of 266 hearings, resulting in only 28 employees found to have been striking. This is a better than a 90 percent win average.

With some figures still to be compiled by CSEA's regional attorney in New York, the decisions in favor of the employees were running at a 5 to 1 ratio at the Letchworth Village chapter. At Willowbrook State School, CSEA legal staff was successful in 13 of the first 15 cases.

Mr. Kranker said, "The success of the decisions thus far is particularly important because they represent an extremely high win ratio in the areas where the state alleged that the greatest number of employees were on strike"

Court Ruling

(Continued from Page 1) vides home owner and/or auto insurance coverage. Those employees who had purchased policies in this plan may continue them by obtaining direct billings from The Travelers. Plans for so doing will be reported in the near future.

Denial of its request to be heard on the management/confidential issue still leaves CSEA with another important matter pending in the U.S. Supreme Court — a challenge of the constitutionality of the individual penalties section of the Taylor Law. In this case, too, CSEA has made application to be heard by the Federal court, following an adverse decision by the State Court of Appeals.

CSEA's contention is that individual public employees are deprived of their constitutional right to due process of law when, under the Taylor Law, they are penalized monetarily and lose job tenure without benefit of a prior hearing to establish their

To Willowbrook Board

ALBANY — Rita DiMartino and Hilda Hirsch, both Staten Island, have been named to the Board of Visitors for Willowbrook State School for unsalaried terms ending in 1975 and 1976, respectively.

STATE SLO-PITCH CHAMPS — The New York State Division for Youth won the State Slo-Pitch Softball championship this year by taking two out of three games from the Health Department in the finals of the state playoffs. Health won the first game 4-1, but the Division for Youth bounced back to win the next two 6-5 and 8-3 for the title. Members of the team, pictured above, from left, top row, George Donnelly; Joseph Petrosino; Armand Lopez; David Allison; Tom Pottenburgh; Gene Blake; John DeRosa; Jim Gifford; Dick Trader; Milton Luger; Joseph Allen, and Pete Winfield. Bottom row, Paul Butrym; Harold Bissett; Joseph Reagan; Bruce Fox, manager; Milton Benoit; George Williams, and Ed Bartley. Missing from photo are Tom Gibbs, Gordon Edgley, Albert Elias and Donald Van Vranken.

SCHOOL EMPLOYEES REPORT

(Continued from Page 9)

cerning the status of such type of negotiations for school districts. At the committee's last meeting, this topic was discussed at great length, and it was decided to investigate the recent developments of the State Education Department in regional negotiations as well as to establish permanent lines of communications with such department for the purpose of putting forth the committee's ideas in regards to this most vital concept. The committee and its individual members are also looking at the possibility of beginning negotiations on an experimental basis at a county or BOCES level in an attempt to evaluate the results of such type of negotiations and its effect on employees' wages and fringe benefits. By doing this, it is the committee's hope to gain further insight into the problem of regional negotiations for itself and others.

In conclusion, the committee believes

that for the further growth of CSEA in school districts, it must aid in the establishment of new chapters, work to provide information that is of concern to non-teaching employees and to put forth a major effort to cause the establishment of regional negotiation patterns in a fair and equitable manner. To these ends, the committee shall continue to strive for the betterment of non-teaching employees and CSEA.

LEGAL COMMITTEE REPORT

(Continued from Page 8)

375.48. In addition, the sum of \$540.82 was allowed for various and sundry disbursements to some of the attorneys involved in the defense of our members who were charged with being participants in an illegal strike. The total sums paid for legal assistance, exclusive of the job action fees which amounted to \$171.916.30, amounted to the sum of \$107,356.19 for legal assistance in the three categories where such assistance

is available

Our Association is committed for additional fees in the categories above referred to in the estimated amount of \$35,000 for a grand total of \$142,356.19. I recall that in 1956, when special legal assistance was first afforded, the total amount budgeted for the year for the defense of our members was \$1,500. A few years later, the defense budget was \$2,500. I mention this by way of comparison to show how our Legal Assist-

ance Program has grown. It is one of the most important inducements for public employees to join our Association because it helps to assure that they will not be summarily discharged.

Our legal committee administers the Legal Assistance Program which was outlined and authorized by action of this delegate body and its policies enlarged and defined by the Board of Directors of our Association whose prerogatives and obligations to do so it is. I wish to call attention of these delegates to a new disciplinary procedure involving State employees only, as set forth in the various contracts between

the State of New York and our Association for the four units represented by our Association as their exclusive bargaining agent. A great deal of misunderstanding and misconception of what the new procedure means or does, exists. During the past few months, our Association has been engaged in an educational program first, to acquaint our staff with the new disciplinary procedure and, secondly, to acquaint our chapter presidents with the same. Various seminars have been ongoing in each presently existing conference area to acquaint our chapter officers with the same.
