DO YOUR PART

If someone were to ask you, "Have you any school spirit?" what would your answer be? "Oh well, I take part in intramurals; I'm on the traffic squad; and I am a member of the Hi-Y." That is good but not good enough.

School spirit means really pitching in and supporting your school. Spirit doesn't apply just to sports but to dances and all other activities put on by the school.

At the present time we can show our school spirit by attending the baseball games. A good crowd from our school helps the team. Let Milne players know that their school is really rooting for them. Come on kids, let's get baseball minded!

Red Raiders Whip Cadets

Clark Pitches Four Hit Win

By DON SMITH

The hard fighting Milne nine in their second start of the 1952 season handed Albany Academy its first setback by a decisive 9-1 score at the Cadets' field.

Dave Clark, Milne starting hurler, went the distance for the Raiders, allowing the home team only four Aside from his fine performance on the mound, Dave led the Crimson with three hits, two singles and a triple, driving in two

Raiders Score

The Milnites got off to a fast start as they scored first in the top of the third frame. Bill Wade and "Bunny" Walker, batting third and fourth respectively, started the rally as they both smashed doubles, scoring the first run. Art Melius came to the plate with two outs and dropped a Texas League single into short center field scoring Walker from third. With two outs, two men on, and two runs across, the rally was stopped as the Raiders failed to score.

The Cadets retaliated with their lone run in the bottom of the fourth inning as Creel Froman slugged a single into right field scoring the runner from second base.

Raiders Insure Victory

The visitors insured their victory as they accounted for seven runs in the sixth and seventh innings. As the Cadets failed to score again, the final tally remained Milne 9, Albany Boys Academy 1. Dave Clarke was credited with the win while Jim Caird suffered the defeat.

Clarke, Parker, and Billion each collected three hits apiece to lead the winners. Melius, Coombs, and Wake were close behind with two

TENNIS PREVIEW

Milne's tennis team started their 1952 season with a smashing victory over Columbia High School, 6-1, on the loser's court. Captain Paul Vogel commented, "Our team looks very strong, but I'll reserve my opinion until we meet some really tough competition."

This year's team is again spear-headed by Dick Propp, Frank Parker, and Paul Vogel. These boys fill out positions one, two, and three respectively. Junior, Mike Meyers is playing fourth, while fifth man is yet undecided, with many candidates fighting for this position.
Among these are Don Leslie, Bob
Bullis, Jerry Hanley, Bob Seiter, and Sheldon Schneider.

In their first contest of the year, the net men easily overcome a spirited Columbia team, winning four singles matches, and two doubles matches, while dropping only one singles match.

Editor's Note: BASEBALL OPENS

I would like to call the attention of the student body to the fact that the athletic sweater awards have been discontinued. As many of you know this award was traditionally presented to the athletes in the school who earned a total of six varsity credits. This award has been stopped because of the lack of funds in the Boys' Athletic Association which formerly paid for the sweaters. The reason is that all available funds are needed to purchase the necessary equipment.

I want to take this opportunity to urge everyone who has a suggestion or an opinion concerning this to speak with either your student council or your M.B.A.A. repre-sentative. I am sure they will appreciate your cooperation.

Yours truly,

"NATE."

Junior Class In Panic Over Papers

By JERRY HANLEY

Occasional strollers through the dim lit halls of our "alma mammy" in recent days have been noticed to be a bit startled, if not actually petrified, by mysterious moans and groans about the building. If the hearers of these mournful sounds cared to investigate further, as they usually do not, they would find that the weird noises emanated from those peculiar species known as the Milne juniors.

Further probings would reveal to the curious that the reason for these heart-tearing noises is that the annual English 11 research papers are nearly due to be handed in. These papers, for the benefit of the uninformed, are to deal with the writer's choice of a possible future occupation. Because of this choice of topic many students have decided that the life of a hobo is the one for them.

Class Warned by Tales
At the advent of the unit concerning these papers the whole class was immediately thrown into a state of mind by the fearful tales related to them by Mr. Cochrane, when he painted a ghastly picture of the hideous mess one could find oneself in if he did not attack the job of writing his paper correctly.

Mr. Cochrane then proceeded to outline the way in which the paper would be done. First would come a self analysis. When this was completed many students had found out things about themselves that they had never suspected. Gene Cassidy, for instance, discovered from a Kuder interest test that his greatest interest was in blondes.

Conspiracy in Progress

Second to come was a statement of the purposes and limitations of the topic. By this time everyone was sure that the only purpose was to make him flunk English 11.
