# MAHONEY WILL PUT BASIC GRIEVANCE MACHINERY IN NEW CONDON-WADLIN LAW

HONORED FOR BROTHERHOOD

Picture shows Samuel Emmett, left, an associate tax collector in the collection bureau of the State Department of Taxation and Finance, getting a preview look at the Civil Service Brotherhood Award plaque he received less than an hour later. The presentation was made by Deputy New York City Administrator Maxwell Lehman, former editor of The Leader, who is shown above, right, letting Mr. Emmett inspect his award. Mr. Emmett was cited for having "done most to promote brotherhood among peoples of all races, religions and nationalities." The plaque was presented at the Eighth Annual Brotherhood Observance of New York State Employees, held last Thursday in the Sheraton-Atlantic Hotel, Manhattan. (Other pictures on Page 16.)

## Annual Meeting Now Underway

ALBANY, Feb. 28. — More than 600 delegates to the Civil Service Employees Assn. are meeting here this week during the peak action days of the State Legislature. Gov. Nelson A. Rockefeller will address the delegates at their 51st annual meeting during the final dinner session on March 2. Legislative leaders, department and agency heads also will attend that night. In addition to action on the Employees Association legislative program, delegates will act on CSEA matters as well.

### Pay Negotiations Still On

High point in the meeting will be any announcement from the Rockefeller Administration concerning the State pay increase. Rumors were still flying on how the proposed \$37.5 millions will be spent, but at Leader press time it was learned that CSEA representatives had scheduled another meeting on salaries with Budget Director T. Norman Hurd last Saturday.

This would indicate, at least at this writing, that no final agreements had yet been reached between the Governor's representatives and the CSEA.

## Amendments Backed By GOP Leader to Soften Anti-strike Penalties

ALBANY, Feb. 28—State Senate Majority Leader Walter J. Mahoney will push for Legislature action on a bill requiring basic grievance machinery for all public employees in New York State, the Leader learned late last week.

The measure, which the powerful GOP leader will personally back, will be an amendment to the Condon-Wadlin Law and will mandate basic grievance machinery for State and local units of government and public authorities.

The Leader also learned that Senator Mahoney will propose softer strike penalties than now contained in the Condon-Wadlin Law because he feels the present harsh penalties render the law ineffectual. Public employees will still be forbidden to strike, however. No details on the proposed new strike penalties were available at Leader press time.

### There Basic Steps

It was learned that the basic grievance procedure advocated by

anted right of any public employee to be represented at grievance hearings.

The proposed grievance machinery would handle grievances related to working conditions but not to salary or fringe benefits.

### Effective Jan., 1962

The Leader learned that Senator Mahoney will seek to make the amendments effective Jan. 1, 1962, which would give local units of government until the end of this year to work out procedures.

The Senate Majority Leader's proposals are certain to be met with the utmost enthusiasm by local government employees. Nearly all school districts, towns and counties in the State provide no redress at present for employees grievances.

### Felly Hails Proposals

When informed by The Leader of the proposals, Joseph F. Felly, president of the 90,000-member Civil Service Employees Association (Continued on Page 3)

SEN. WALTER MAHONEY

Mr. Mahoney will provide three steps of appeals. They are:

1. Appeal on grievance to immediate supervisor.
2. Appeal to head of department or agency.
3. Appeal to a grievance board, consisting of at least three members.

Senator Mahoney, who feels that public employees should have the right to air grievances without fear of reprisals, will also include in his proposals the guar-

## Correction Aides Get Promise of Action On Guard Post Sanitation

ALBANY, Feb. 28. — Improvement in certain guard post sanitary conditions at Sing Sing, Clinton and Eastern Correctional Institutions has been promised by Correction Commissioner Paul D. McGinnis, The Leader has learned.

Acting as a group, Civil Service Employees Association members in the three institutions filed a

grievance last year on the unsanitary conditions of some guard posts and presented the grievance to the Correction Dept.

Harry W. Albright, Jr., CSEA counsel who handled the matter, said the Department reported the following action on the correction officers' complaint:

Under H.I.P., the employees receive fully prepaid medical, surgical, maternity and specialist care without extra charges beyond the premium. The service is given at the employees' homes, at doctors' office, at H.I.P. medical group centers and in hospitals.

The coverage also includes X-

Under the Blue Cross part of the plan, the employees are insured against the expense of hospital services such as bed and board, and use of the operating room.

# Your Public Relations IQ

By LEO J. MARGOLIN

(Mr. Margolin is an adjunct professor of public relations in the New York University School of Public Administration and is a vice president of the public relations firm of Tex McCrary, Inc.)

Public relations was stamped all over the dramatic post-midnight press conference early last Thursday when Stephen P. Kennedy declined reappointment as New York City's police commissioner.

With a single striking action, he let everyone know that policemen ought to receive a \$600-a-year raise. And more astounding: he was willing to toss up his \$25,000-a-year job to emphasize the urgency of a pay increase for the world's largest police force.

Few men would have done what Mr. Kennedy did, but that is the nature of this strict, almost inflexible police executive, who was

more misunderstood than loved.

Ironically, the man so violently opposed by the Patrolmen's Benevolent Association, may have chiefted with his block-buster action the precise result the P. B. A. has fought for over the years—a higher pay scale for policemen.

All the paid advertisements that a million dollars could buy, would have had a fraction of the impact on the taxpayer public for a police pay raise, than did the police commissioner's act of putting his job on the line in behalf of his sincere conviction. Even greater strength is given to his deed by the high esteem in which he has been held almost unanimously by the city's newspaper editorial writers. This, too, is a fairly accurate reflection of how many of the city's civic opinion molders feel.

So there again is the public relations formula at work: an image of good performance, affirmative action, and finally dramatic presentation for effective communication.

Whether what Mr. Kennedy did resulted in good or bad public relations for himself is not important to this week's column. The final determination will be made with the passage of time.

What is more important is that the drama of a police commissioner turning his back on the most important municipal police job in the world generated a public relations plus for policemen generally, which could result in fatter pay checks for all 24,000 of them.

can Medical Association is neutral.

Among the organizations first objectives are pay increases, tenure and pension rights for the 1,000 public health doctors who have worked on a provisional basis with the Department since the late Thirties.

The group held its first meeting last week. It already has 700 members, according to its president, Dr. Robert M. Robbins, a Queens physician and a supervisory school health physician.

## Tribute To Father Wilkins

FOR 25 YEARS the inmates at Woodbourne Correctional Institution called him Father Wilkins. In recognition of his splendid work in the department and with all kinds of charitable, service, defense, etc. organizations in a memorable ceremony on February 12, the Father became Monsignor Wilkins. It couldn't happen to a nicer guy. Among those at the ceremony: Comm. Paul McGinnis and his wife, Deputy Comm. Weinberg, Mr. and Mrs. John David, Ed. LaVallee, Ed. Fay, Charlie McKendrick, Lloyd Whipple, Col. Wilson Dunn and a host of friends from all over the country.

LT. GOV. MALCOLM WILSON in a fine letter thanking the Correction Conference for their presentation of facts at the equalization committee hearing. . . . The salary bit will not crystallize until the early part of March. . . . Comm. McGinnis states if the Correction Officers don't make it "satisfactory" we will go for R-15. New York City Correction Officers pay is his goal. . . . Deputy Weinberg trying to get the community colleges to go for a correctional training course, good idea. . . . Ass't. P. K. Vinnie Mancusi at Westfield Farms doing a survey? Vinnie is an old Woodbourne alumnus and we're partial to him. 18 NEW LIEUTENANTS to be made will result in a shuffling around of lots of brass. . . . C.S.E.A. in fierce behind the scenes maneuvering to get low paid employees a more substantial raise. . . . How can DeSapio say he is not the boss? Who can forget his fight with former Gov. Harriman in the closing days of that administration which resulted in the loss of that General Sessions judgeship in N. Y. City. I'M SICK AND TIRED of hearing that we will get a raise next year because it's an election year. This is the year now—now.

TALKING ABOUT FRINGE BENEFITS, get this:

FRINGE BENEFITS to U. S. workers are the highest in the world in dollar value. A study by the French National Institute of Statistics concludes that the average U. S. worker gets 20% of his wages in fringe benefits. But in Italy the worker gets 74%, in W. Germany 44%, in France 51% and in Belgium 31% of salary in fringe benefits.

THE ELECTRICITE DE FRANCE, a state-owned power company, is a real leader in such benefits; bring this up at your next delegates meeting. A month's vacation, two months extra pay when you marry, full pay for fathers on military duty, three years full pay for sick leave, a bonus of two months pay for each child up to the fourth. Office workers retire at full pay age 60; others at age 55. Vive la France!

# Jim Evans Steals the Show At His Retirement Party

ALBANY, Feb. 28. — An unusual evening of friendship-par excellence was held here last week. Nearly 380 persons — state government officials and employees — attended the Jim Evans retirement party.

The evening was one large-scale tribute to James F. Evans, recently retired Director of the Division of Parks in the State Conservation Department.

Everyone enjoyed every minute of the affair from the remarks of toastmaster Leonard L. Huttleston, Mr. Evan's successor in his state job, to those of the last speaker — the guest of honor,

who stole the show as everyone in the room knew he would.

Mr. Evans had a few dry comments to make on the eulogies of the prior speakers, including department heads, legislators and visiting dignitaries from other states.

There were a dozen telegrams read too at the dinner from admirers and friends, including Thomas E. Dewy and Averell Harriman.

Speaker after speaker noted that Mr. Evans, who was able to extract funds from the Legislature and Republican and Democratic administrations for deve-

lopment of the state park system, probably would live forever for his ability to "make friends."

### Self Reflection

Retorted Mr. Evans after the speeches, "If both Republicans and Democrats like me, I must be the greatest fencesitter in history."

Mr. Evans at 66 has retired after serving under seven governors and "speaking his mind" without fear or favor. He is a nationally known figure in the field of recreation and parks.

His friends presented him with gifts of luggage and then a new homburg, white silk scarf and silver-headed cane. Added was a bejeweled harness for his pet squirrel.

The committee on arrangements for the dinner, including Mr. Huttleston; J. Victor Skiff, deputy conservation commissioner; Robert J. Middlebrooks, assistant director of State parks and Mabel Hardendorf, in charge of tickets, did an outstanding job.

### Job Description

Mr. Huttleston started the evening off with the comment that when the guest-of-honor first interviewed him for his state job, Evans commented: "He's a big, mean looking-lug, probably will do alright in the field."

That set the tone for the party, which included anecdotes that covered the wide range of Evans' interests and accomplishments.

The speakers list included, to name only some; Conservation Commissioner Harold G. Wilm; H. Elliot Kaplan, Civil Service Commission president; Martin Catherwood, state industrial commissioner; T. Norman Hurd, budget director; Thomas Moore, State Power Authority counsel.

It also included: Lithgow Osborn, former state conservation commissioner and John Halpin, another former conservation commissioner; Abbot Low Moffat, former chairman of Assembly Ways and Means Committee; Assembly Majority Leader George Ingalls.

Also, State Senator Walter Van Wiggeran, Assemblyman Lee Lawrence, Joseph Davis, Niagara Frontier Commission and Sid Kennedy, assistant director of the National Park Conference.

## Mahoney Behind Grievance Machinery for Local Aides

(Continued from Page 1)

tion, which represents employees in all divisions of government in New York State, hailed Senator Mahoney's proposals as "one of the most important legislative actions for civil servants in the history of our State."

Mr. Felly said that "Sen. Mahoney's enlightened proposals will do much to remove the discontent and low morale now existent in many units of government. An employee denied the right to air a just grievance is neither an efficient or contented employee.

"The Employees Association," said Mr. Felly, "has always obeyed that section of the Condon Wadlin Law which forbids strikes by public employees. It is our opinion that the establishment of basic grievance machinery will do much to assure that that provision of the law is not violated."

Senator Mahoney's personal attention to the bill practically assures its success in passing the Legislature this year. The Leader learned that the proposals were worked out by the Majority Leader's staff in co-operation with Sen. Daniel G. Albert, chairman of the Senate Labor Committee, representatives of Gov. Rockefeller's office and Harry W. Albright, Jr., Counsel to the Civil Employees Association. Employee organiza-

tions and Ostrander Committee also were consulted.

Full details of the proposed Condon-Wadlin Law amendments will be given in The Leader when they are available.

## U.S. Service News Items

### C.S.C. Changes Rules On Staff Reductions

The U.S. Civil Service Commission recently announced approval of a revision of regulations and instructions governing staff reductions in Federal agencies. The regulations are due to become effective in the first part of April.

Seven major revisions are included in the new regulations. Under these changes, an employee who has received a general notice of reduction in force will also receive a specific notice at least five days before he has to leave. General notices are issued when the agency cannot decide on all individual actions, and are good for 30 days. Previously, agencies could wait until the last day of the 30-day general notice period before issuing a specific notice.

Other changes in the regulations state that agencies may not displace a full-time worker with a part-time employee. Agencies are also now clearly authorized to fill a vacant position by a reduction in force action. The agency is not required to fill vacant positions in such instances. Agencies are now required to issue a new 30-day notice if more severe action is to be taken than that planned in the original action.

The other changes approved by the Civil Service Commission are as follows. Agencies may not separate an employee if a worker in lower standing is furloughed. It is now required that an agency rank an employee within subgroups on retention registers by crediting his service to the day instead of on the present basis of full years. Additional service will be computed by blocks of six months only for the purpose of breaking ties. This will reduce the number of retention standing ties. Agencies are now specifically authorized by regulations to apply their own administrative rules to enlarge benefits for the employees by the Commission's regulations.

### Poll on Health Program

Tentative findings of a Civil Service Commission poll on the Federal health program include the following: Those people covered by Blue Cross-Blue Shield want coverage to include first dollar costs of out of hospital expenses. family, instead of a deduction of \$50 a year for each person covered.

### Brooklyn Naval Yard 160 Years Old Feb. 23

## Mahoney Proposals On Condon-Wadlin to Give Local Aides Due Justice

OF all the malpractices still lingering from the dark ages of the Civil Service before the days of reform, one of the worst is the denial by nearly all local units of government in New York State of the right for employees to air grievances without fear of reprisals.

This refusal to give civil servants basic justice when they are justly aggrieved has been used to keep politically-appointed workers in line and to scare off workers from complaining about the local boss.

We are now happy to announce that this long-standing injustice is about to be rectified, thanks to a history-making action on the part of State Senate Majority Leader Walter J. Mahoney.

The Leader has learned that Senator Mahoney intends to amend the Condon-Wadlin Law to the effect that basic grievance machinery will be mandated for all units of government and in all authorities of New York State.

The powerful GOP leader will see to it that local employees get the right to air grievances through acceptable procedures without fear of reprisals and will also guarantee the right to a representative at grievance hearings.

Also, Senator Mahoney will propose anti-strike penalties in the Condon-Wadlin Law that are more likely to be effective, as the present harsh penalties are not.

Tens of thousands of local public workers will find a major source of job discontent removed as a result of Senator Mahoney's proposals. An employee who cannot air a just grievance is neither a happy nor an efficient employee.

With this single stroke, we believe that Senator Mahoney will not only boost the morale of public employees tremendously, but also will reduce the cause of any public employee being in violation of the Condon-Wadlin anti-strike provisions.

## A New Era Comes to Police Department

A five-and-one-half year era in the New York City Police Department has ended with the resignation last week of Commissioner Stephen P. Kennedy. His replacement by former Chief Inspector Michael J. Murphy, a career policeman, means a new start in labor relations with the 24,000 men on the uniformed force.

Under Commissioner Kennedy, Department morale fell to a low level through Mr. Kennedy's consistently unsympathetic attitude to the demands of his men and his apparent contempt for the line organizations that represented them, particularly the Patrolmen Benevolent Association, which represents some 23,000 policemen.

The working relationship between any top executive and the men he directs is of utmost importance to the operating efficiency of the unit. We sincerely hope Commissioner Murphy will prove to be a good Police Commissioner. We hope he will give the men in his uniformed force the kind of labor relations program more than 200,000 other City employees have enjoyed for years under Mayor Wagner's Executive Order 49, and that he will continue the fight for higher wages.

We hope Commissioner Murphy will be moved to permit some limited outside work by his men, a right enjoyed by most other police officers throughout the Country and by virtually all other workers.

We offer Commissioner Murphy our sincere best wishes for a fruitful and effective reign as head of the world's largest police department.

### Seeks Social Security Coverage Without Large Back Payments

Editor, The Leader:

I am a State civil service employee. In 1957, legislation was passed whereby employees in the Retirement System could elect to be covered also by Social Security. To be so covered, you had to pay in \$94.

In 1959, legislation again was passed to give those who did not elect Social Security before, another chance. The amount to be paid in this time was around \$350.

I didn't elect it either time because as a member of the Social Security system, I already made payments on \$21,000 earned before becoming a State employee.

I can see the reasoning behind the legislation of 1957—to cover people who had never been on Social Security. Now, in 1961, this is water over the dam. Why should I have to pay one red cent for the privilege of belonging to a system to which I already belong?

I reason further that were I to become an industrial worker tomorrow, Social Security would be taken immediately from my earnings with no further burdens upon me.

I now ask two questions. Are we persons of special caste with long long bushy eyebrows to be treated this way? With enough damage having been done, what can be done now to rectify this matter?

I want to join the Social Security system tomorrow without any extra financial burdens.

DAVID H. SILVER

### Bigger Raise For Lower Grades Urged By State Employee

Editor, The Leader:

This is the first time I have ever written to the editor of any paper but I feel that we, the employees and backbone of the State of New York, must get together and let known our feelings.

As everyone knows by this time, the talk is that a large pay raise is due to the supervising personnel of civil service and once again the peanuts go to us lower peons. Now I ask you, where would this great State of New York be if they could not depend on us in the lower classes of work? The answer is simple because everyone knows that without the lower classes of workers, there just would not be any work at all.

When I go out to the store to buy a loaf of bread, or a quart of milk, or anything else that I wish to buy, I have to pay the same price for it as does the man making \$16,000 or more a year, yet the Legislators dare to suggest that the man making \$16,000 or more a year needs more of a raise than I do.

I say to all employees of the State of New York, that if we do not get a fair raise in pay this

### Keep Section 75 Working

SECTION 75 OF THE Civil Service Law is the tenure law. Many people know the Section by its old number, Section 22. That is it. The number was changed to Section 75 by the remodification of the Civil Service Law effective in 1959, by Chapter 790 of the Laws of 1958.

ON SECTION 75 REST the basic rights of persons in the competitive class, nearly all veterans regardless of their classification and nearly all exempt, volunteer firemen, to a permanent job. It provides, generally, that persons in the groups which I have just mentioned, cannot be removed "except for incompetency or misconduct shown after a hearing upon stated charges".

MANY PEOPLE, to whom I have spoken, regard the Section as one enacted for employees who get into trouble, and against whom charges are preferred. Of course, it applies to them. But it is very nearsighted must be thought of as the tenure law for all persons in the competitive class of the civil service and nearly all veterans and exempt volunteer firemen in the civil service. The Section must be thought of affirmatively, for that is how it protects all under usual conditions; and not negatively, for that is how it protects some under unusual conditions.

THE WAY SECTION 75 is being applied is, therefore, of concern to the competitive class and others within its protection. It is a good idea to keep following it. Keep Section 75 working!

### Section 75 Has Changed—

THERE HAS BEEN a change in conditions which relate to Section 75, which I will discuss in this and in my next installment.

THE FIRST STATUTE on the subject appears to be one enacted in 1894 (Chapter 312, Laws of 1884, as amended by Chapter 716, Laws of 1894). I say "appears to be" because it is frequently as difficult to determine precisely at what point a particular law began as it is to tell in what year the automobile or the airplane began. That 1894 statute sought to protect honorably discharged Union soldiers and sailors from removal in the public service. At that time, nearly all appointments in the public service were political. Giving a veteran tenure and protection against political removal was an innovation. Judge Andrews, of the Court of Appeals, one of the top jurists of all time in this State, had the 1894 statute before him in *People ex rel. Fonda v. Morton*, 148 N. Y. 156, which was decided in 1896. He stressed the fact that the anti-removal clause was to protect against politics or other partisanship.

IN 1899, A LAW was enacted which gave tenure to competitive class employees, but not a hearing (Chapter 370, Laws of 1899). That was shortly after the first veterans' statute, to which I have referred above, and in the same era of politics vs. career service, with the spoils system adult and strong and the career service infantile and weak.

APPLICATION OF SECTION 75 against politicians is becoming less and less important. With the agency of the statute, they have learned that a competitive employee or a veteran in the public service are there to stay, and that they are as much a part of the government, upon entering, upon entering into public office, as the Capitol, the County Court House or the City Hall. Not just that alone, but actually in my own experience, I have found that frequently the competitive employee is treated more respectfully by men in politics elected to head governments, than are their henchmen. Perhaps, the fact of tenure has something to do with it. Perhaps, political followers belong to an executive, more after election than even before, so they do not have to worry about them. Perhaps, winning the competitive class is well organized with efficient professional staffs. I do not know the reason.

SOME POLITICIANS, usually at the lowest plateau of government, the small city or village, are exceptions to what I have said. Fortunately, there are not many exceptions. They still think in terms of the '90s, that once elected, the spoils belong to them, and they can do what they want to the civil service people. The courts are always quick to correct their violations of Section 75. In substance, politicians need no longer be feared as regards the tenure law.

WHO REMAINS TO BE FEARED? There is a growing class of subordinate executives who think they can improve on the civil service by personally-dictated substitutions. There is a growing class of subordinate executives who hold the civil service system to be an outmoded straight jacket, and not at all in keeping with modern, personnel management techniques. There is a growing class of subordinate executives who believe Section 75 is cumbersome, and that the way to do it is to bully an employee into an on-the-spot resignation. What these people think is of little concern to me. Section 75 is the law, and Section 75 should be kept working. I will discuss this subject further next week.

year, we should remember it makes me feel better to get it off when elections come up next my chest.

Thank you Mr. Editor for letting me express my feelings as it

## Blind Man's Buff Can Be A Costly Game

—When it comes to doctor bills!

You need full vision to search out the hidden gaps and loopholes in health insurance. Try this test:

- Does the plan provide its benefits without extra charges\* over and above the premium?
- Does the plan fully cover the cost of today's expensive specialist services?
- Does the plan cover the full cost of one or more operations—regardless of how rare or costly the surgery would otherwise be?
- Is the plan concerned with the quality of care rendered to you?
- Can you continue with full benefits if you change your job or retire?

Only one health plan—H.I.P.—can give a "yes" answer to all these questions.

No other plan can give the same answer for even one of them—let alone all five!

\*The only extra charge in H.I.P. is \$2 for a home call between 10 P.M. and 7 A.M.

New Official For State Dept. Post In NYC

GERALD GARTENBERG

Shown above is Gerald L. Gartenberg newly appointed Administrative Officer of the New York Department of State. Mr. Gartenberg was previously principal examiner of the office of planning and procedures, Department of Mental Hygiene.

Mr. Gartenberg entered State service in 1937 as a file clerk in the Department of Taxation and Finance. Shortly afterward, he transferred to the Division of Employment of the Department of Labor.

In 1946 he became a senior examiner of methods and procedures in the planning office of the

Mrs. Weikert Retires; Organizer of CSEA Chapter in Utica

Mrs. Ella Weikert was honored at a luncheon at the Hotel Hamilton in Utica, New York upon her retirement after eighteen years in the Utica District Office of the Department of Taxation and Finance. She had been secretary to District Tax Supervisor Arthur Wasserman and also had been secretary to the two previous District Tax Supervisors.

She was organizer of the Utica Chapter of the CSEA and served as president of the chapter for three terms. She had also been secretary of the Central Central Conference for five years and had served on various state-wide committees of the CSEA.

A total of fifty-eight employees and friends attended and she was presented with a check. The out-of-town guests included John J. Powers, former president of the CSEA, Raymond G. Castle, second vice president of the CSEA, John J. Denn, Jr., Director of Personnel, Department of Taxation and Finance, Binghamton District Tax Supervisor, Robert W. Clarke and Syracuse District Tax Supervisor, Joseph A. Mercurio.

claims bureau and in the administrative section of its upstate field operations. He transferred to the Department of Mental Hygiene in 1954 as a senior examiner and became associate examiner two years later.

School Gaze

Hicksville Chapter in Membership Drive

ROBERT HOCK, treasurer of the Hicksville Non-teaching Unit of Nassau Chapter, representing Custodial, Grounds and Maintenance employees of School District 17, reported the recent membership drive to be a complete and unexpected success. . . 19 new members were signed up in the all out, week-long drive bringing the total membership close to the 70 mark.

AT THE PRESENT TIME, the District 17 School Board seems to be in a receptive mood and might possibly grant its non-teaching employees the benefits of this recently enacted law. If this becomes a reality and the membership prospers by an approximate 7 percent increase in take home pay for retirement members, it is the feeling of the present officers that a 100 percent swing to C.S.E.A. membership could be anticipated.

AT THE PRESENT TIME, 20 percent of the membership has taken a "Let's wait and see" attitude, but due to the fact that recent association requests have received prompt consideration and polite treatment from an exceptionally fine school Board, optimism is running high.

A FEW SOCIAL functions are being planned for the months ahead, one of which is an Annual N.T.U. dinner. Social plans have been discussed with interest and will become a reality, pending an affirmative vote by the body. The Hicksville N.T.U. is definitely on the rise.

## Harlem Valley News and Notes

The holiday season at Harlem Valley State Hospital was a festive occasion for our patients. Numerous parties were held for them with music, dancing, refreshments, and gifts for all. The various employee departments also had their annual Christmas party; and as usual, everyone reported a very pleasant time. Parties were also given by the staff.

Enis Masiero, who was hospitalized for a serious injury as the result of an automobile accident, has returned to her duties in the Business Office. William Yeno, our blacksmith, has also returned to work following surgery. Emoran Grant of the Storehouse Department is back with us following surgical treatment. We are happy to have these employees again in our midst.

Mrs. Elsie Coombs and Mrs. Stella Barnes are in residence in Vassar Hospital, and Marie Brinson is hospitalized in St. Francis Hospital. We wish them a speedy recovery and hope they will rejoin us in the early future.

The following employees have recently retired: Paul O'Connor Thomas Gordon, Food Service Department; William Pendergast and Marie Herran, Ward Service; Albino Nicolato, Groundsman; also Mr. and Mrs. Howard Clarkson who worked in the sewing room. We extend to all these employees our best wishes for many healthy and happy years of retirement.

We regret the departure of Drs. Asteria Gabriel and Larina Alindogan, exchange students, from the Philippine Islands. They plan to spend a month in Europe before returning to their native country. Both have endeared themselves to all with whom they had contact and will be greatly missed. We wish them an enjoyable trip in Europe and the best of luck in their profession upon their return home.

Our sympathy is extended to Mrs. Walter Kern and son, Step-

hen, on the death of Dr. Kern, Assistant Director.

Patrick Rogers C.S.E.A., Field Representative, who had established monthly meetings on the second Thursday of the month with employees regarding personnel problems, has been transferred to another area. He will be replaced by Thomas Luporsella who will follow the same schedule. Mr. Luporsella has visited us on several occasions so is not a complete stranger. All members of the Association are welcome to discuss their problems with Mr. Luporsella and seek any information they desire.

We had a very pleasant relationship with Mr. Rogers and are confident this will continue with his successor. We are sorry that Mr. Rogers left us and welcome Mr. Luporsella.

The C.S.E.A. meetings are held on the second Tuesday of the month. The meetings are interesting as well as stimulating and there is considerable participation by those attending. We are grateful that there is an improvement in attendance, although many faces are conspicuous by their absence. All members are encouraged to attend these meetings, as this is our Association.

## Oswego County Chapter's Credit Union Reports

The annual meeting of the Federal Credit Union of the Otsego County Civil Service Employees Association was held last month in Jerry's Restaurant, Oneonta, with 35 members and guests attending.

Following dinner, the meeting was called to order by President Agnes J. Williams. A report of the credit committee was given by Chairman Thomas J. Natoli. He outlined briefly the duties of the committee, which has in the past year, processed 69 loans in the amount of \$16,563.25.

There being no one present from the supervisory committee, Mrs. Williams gave a brief resume of their duties and responsibilities, which include periodic audits of the books and checking of pass books.

Election of the Board of Directors for 1961 followed and the choice was unanimous — Agnes J. Williams, Division of Employment president; Marion Wakin, Health Department, vice president; Margaret Brush, State University College of Education, treasurer, and Marion Birdsall, Homer Polks Hospital, clerk.

Others to serve are: Howard N. Lout, Thomas J. Natoli, Paul Grusonik, Carey Brush, Blanche Pugley, Nina Reynolds and Robert Hennessey.

Mrs. Williams thanked Edward Griffin for having made the dinner arrangements for the evening and also for his faithful service over the years he has been an active member. His resignation became effective that night.

Mr. Arnold Uhlrig of the Sidney Credit Union and Tri-County Chapter was then introduced. He gave a brief and interesting talk on "Your Credit Union".

## Plainedge Unit of Nassau Chapter Installs Officers

At an installation and dinner dance held recently, Irving Flaumenbaum, president of the Nassau chapter of the Civil Service Employees Association, installed new officers of the Plainedge Non-teaching unit of the Chapter.

The new officers are: Robert Derrick, chairman; Peter Ozemko, vice chairman; Bernard Lesser, secretary; Fred Proverdi, corresponding secretary; Al Castro, financial secretary and treasurer; Ed Perrott and John Archi, public relations committee; and Rudy Jasper and Ed Perrott, salary committee.

At the conclusion of the installation ceremonies, Gerald Bretton, acting superintendent of Plainedge public schools, spoke. He told the employees that his extra duties as acting superintendent "needed your excellent cooperation, and you all came through like champions."

He observed that Plainedge non-teaching employees, "compared to other non-teaching groups and teaching staffs, have the highest percentage of daily job attendance in the school district."

He also said that, "through the efforts of the CSEA on a State level, our Board of Education took advantage of the option on a local level in giving a five per cent increase in take-home pay to you by paying part of your pension directly to the New York State Employees Retirement System."

# MENTAL HYGIENE MEMO

By WILLIAM ROSSITER  
CSEA Mental Hygiene Representative

(The views expressed in this column are those of the writer and do not necessarily constitute the views of this newspaper or of any organization).

## Some Problems

**MENTAL HYGIENE EMPLOYEES** listen to many complaints and have many difficulties in their daily tasks. We know its healthy for people to express gripes and groans. We hear them from patients, employees and visitors.

**WE WITNESS MISFORTUNE** striking suddenly. It is expected that we understand and be sympathetic to those with mental illness.

**OUR SYMPATHY ALSO GOES** to the several millions of our unemployed workers in the United States. They need work, consideration and help.

**SO, TOO, DO MENTAL HYGIENE** employees need help. Granted, we have reasonable security in our jobs. Don't most people? But we also know, from experience, that institutions have been understaffed and institutional employees have been underpaid since the beginning of World War II.

**A RECESSION EXISTS** at this time. Mental Hygiene employees are its victims—not the creators. Because of the recession many people will apply and be employed in our institutions. Possibly our vacancies will be filled.

**LET'S FACE IT**—just as soon as other jobs are available that are better and pay higher salaries, most of these workers will leave State service.
