STATE UNIVERSITY OF NEW YORK AT ALBANY

July 10, 1972

YOUNG HOLT UNLIMITED will be the star attraction tomorrow night, beginning at 9, in the Campus Center ballroom as part of Summeract's concert schedule.

'Summeract' Program for Week Features Concerts, Informal Talks

Student Association's "Summeract" programs continue apace on campus with a variety of attractions to suit the preferences of the summer university community population.

Tonight at 9 in the Campus Center ballroom the Star-Spangled Washboard Band will perform. Tomorrow evening, also in the ballroom, starting at 9 the feature attraction will be Young Holt Unlimited.

Another concert is scheduled for 9 p.m. Thursday night in the Campus Center gardens where the Moron Pumpnickle Choir will hold forth. In the musical group are Steve Hirsch, Rick Liese, Don Sapienza, and Larry Wahl. They'll sing both "oldies" and contemporary songs in the manner of a barbershop quartet. Currently the choir is appearing at Shakey's in Latham.

112 Participate In Classics Week

One hundred twelve persons have been selected from hundreds of Latin students and teachers from throughout New York State to participate in the College Classics Week here. It is now underway under the sponsorship of the Classical Association of Empire State and SUNYA.

College Classics Week has four aims: to present to high school students important and relevant aspects of the civilizations of Greece and Rome, to introduce students to new techniques which can be used in learning and teaching Latin and Greek, to give students a preview of campus life, and to encourage students to pursue a career in the field of classics.

Conference coordinators are Harriet S. Norton, professor of education, Latin, at The Milne School, and campus chairman of College Classics Week 1972, and Anne L. Peterson, instructor of Latin at Niskayuna High School, Schenectady, and chairman of College Classics Week 1972.

Seventeen instructors are on the faculty for the week. They include several from the university's department of classics of which Lois V. Williams is chairman.

Tomorrow noon at 12:30 a lunch-hour talk will be given in CC 375 by Arthur Collins, director of the Doctor of Arts planning group. Those planning to attend may bring a bag lunch or lunch on a tray.

Dr. Collins' subject will be "The Third Degree: Doctor of Arts". He has pointed out that SUNYA is the pioneering institution in New York State with a new doctorate designed for those who look to teaching as their primary responsibility. The first students in the DA program, in economics and in English, were enrolled about a year ago. There will be a question period following the talk.

On Wednesday at 2 p.m. the Midweek Mohawk series continues. Roger Cheng, of the Department of Atmospheric Science, will give an illustrated talk about projects of the department, Dudley Observatory, and SUNYA stations at Whiteface and Yellowstone.

The bus for the Mohawk campus will leave Administration Circle at 12:30 p.m. and return at 4 p.m. The charge is 25 cents with activities card and 50 cents without.

Ice cream socials continue Thursdays from noon to 2:30 p.m. in the CC gardens. The refreshing goodies are 25 cents with activities card and 50 cents without.

Student Seated on School Board After 'Landmark' Court Decision

Sophomore Edward Reinfurt, Jr., 19, who went to court and won the right to sit as a Watervliet school board member, has been seated officially. He was sworn in for a five-year term at a special meeting June 30.

The late afternoon meeting was called on orders of Supreme Court Justice John H. Pennock who had ruled that the student has been "duly elected" to the board and directed that he be seated.

Young Reinfurt polled the highest number of votes, 1,027, in the board election but his victory was set aside by the board on May 3, after an opinion of Attorney General Louis Lefkowitz based on the Public Officers Law, that he was ineligible

Assistant Security Director To Handle Campus Parking

Karl W. Scharl has been transferred from the Office of Planning and Development, where he was assistant facilities program coordinator, to the Office of Security, where he has been named assistant director of security. He will be concerned particularly with university parking matters.

Mr. Scharl joined the university staff in 1966. Since that time he has had the responsibility for coordinating, and writing specifications for, equipment purchased for the university and also coordinating installation of new equipment. More recently his duties have included the coordination of various rehabilitation projects on campus.

The new security aide, a native of Catskill, has a Bachelor of Arts from Syracuse University where he majored in zoology. Currently he is enrolled in the graduate program of the Department of Geography. He has served as a marketing representative for Mershaw of America, a medical service representative with J.B. Roerig, a division of Pfizer Inc., and a marketing representative for Shell Oil Company.

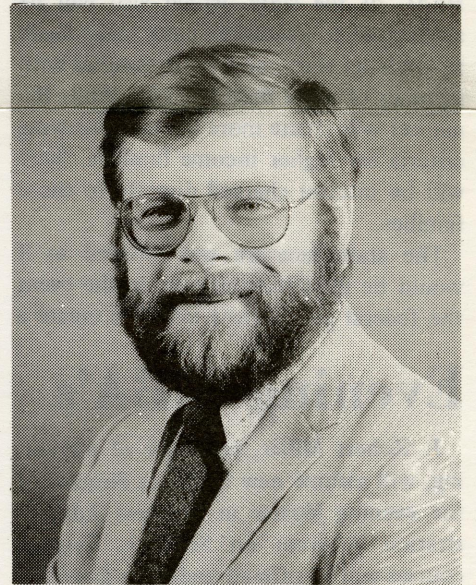

Mr. Scharl will be attending to the various parking problems on campus experienced by faculty, staff, resident students, commuting students, and visitors. He

said, "I think perhaps one of the biggest problems that I can see is that of enforcement. If it is fair and just, and people understand the rules and regulations, the problem can be alleviated."

"Consistency is the important thing," Mr. Scharl stressed. He pointed out that in the past inconsistent enforcement has been caused by a combination of factors. They have included dependency on off-campus tow trucks and too few personnel available to do the job.

Mr. Scharl reported that the university is in the process of purchasing a tow truck which will be helpful in the attempt to provide consistent enforcement. Tow-away areas will be marked plainly.

The strengthened enforcement policy is expected to relieve a number of officers from duty at various lot entrances where they have been screening vehicle drivers looking for parking spaces. Also, more officers will be in the field to combat vandalism of automobiles.

Karl Scharl

Baritz Provost

Loren Baritz, professor of history here since 1968, has been appointed provost of SUNY's new non-residential Empire State College. The announcement was made by the SUNY board of trustees.

Dr. Baritz has been on leave during the past academic year to serve as a visiting professor at Empire State where he helped design academic programs. He also aided in the selection of faculty and staff.

The provost's position involves responsibility for supervision of the college's developmental program and carries a salary of \$33,325. Dr. Baritz will work from Empire State College's coordinating center in Saratoga Springs.

New Chairmen For Departments

The appointments of several department chairmen have been announced by President Benezet.

Douglas Alexander has been named chairman of the Department of French for a two-year period beginning at the start of the fall semester. Raymond Forer has been designated chairman of the Department of Sociology for a three-year term starting with the fall semester.

In the Department of Theatre Jarka Burian will be chairman for a two-year term, also beginning at the end of August. Alberto Carlos has been named chairman of the Department of Hispanic and Italian Studies. His appointment was effective July 1. Joseph Szoverffy becomes chairman of the Department of Comparative and World Literature for a year beginning with the new fall semester.

Designated acting chairman of the Department of Judaic Studies for a year has been Zvi Abbo'. His term began on June 1.

State Legislation To Create Additional Student Loans

Governor Rockefeller has signed legislation creating a secondary student loan market to supplement the existing federal loan program functioning through the New York State Higher Education Assistance Corporation. The loan market is not to become effective for a year nor before the relationship between the state and federal programs has been clarified.

The state plan will enable students at public and private colleges and universities to borrow up to \$2,500 a year from the state for college and university expenses, with repayment to be spread over 10 years following graduation at interest of not more than seven per cent.

The plan enables a student, without restriction as to family income, to borrow up to the maximum amount to cover room, board, and tuition charges, with repayment not to start until at least nine months after graduation. The measure provides that repayment can be suspended "indefinitely" for those whose incomes did not reach a certain minimum level as yet to be determined.

The act provides for a student's obtaining a loan by signing papers provided him by the institution which, in turn, will receive from the State of New York Mortgage Agency a sum equal to the amount the student has had approved for room, board, and tuition charges. Repayments will be made to the State Mortgage Agency.

The loans will be guaranteed by the HEAC of the state, which also will be authorized to guarantee bank loans made to students who come from families with incomes of more than \$15,000. While the market will create more liberal borrowing criteria for higher income families, there will be interest charged directly to those families.

The state measure was worded so it would be implemented only in the event the federal government failed to create a

Evening MBA's

J. Robert Miller, professor of marketing, will assume new duties as director of the evening Master in Business Administration program on Sept. 1. Evening courses will be offered under his direction in finance, marketing, management information systems, management science, and organization design and development by the School of Business.

Dr. Miller joined the faculty in 1965 after leaving Cedar Rapids, Iowa, where he was marketing director at Creswell, Munsell, Schubert and Zirbel, Inc., advertising agency. His academic degrees are from State University of Iowa.

Classes in the MBA evening program will be held on Monday, Tuesday, Wednesday, and Thursday. Advisement is available from Gerald Parker, assistant dean of the School of Business, or from Professor Miller.

Pre-registration will take place from July 17 to July 28. Formal registration for the fall semester is scheduled for Aug. 25 and 26.

second loan market. The Omnibus Higher Education Act now has created the loan market; however, there are elements of the state legislation which differ from those in the federal act related to the federal secondary loan market.

Provided for in the state act has been the elimination of the program if the federal government enacted a similar program. A federal secondary loan market measure now has been approved, but the question remains as to whether the state will create one as well.

DRIVERS PAY ATTENTION to instructions at a motorcycle operator education institute held on campus for 20 driver education teachers. Sessions were sponsored by the School of Education and funded by the National Highway Safety Bureau.

Teacher Corps Summer Training Underway with Government Grant

The U.S. Office of Education has approved a grant of \$85,532 for the funding of Teacher Corps Intervening Summer Training which began here in May. John A. Ether, professor in the department of curriculum and instruction, is the project director of the National Teacher Corps at SUNYA. The instructional program director is Daniel Ganeles, associate professor in the department of curriculum and instruction.

The training involves Teacher Corps interns, team leaders and some faculty members at Oneida, Steinmetz and Central Park Junior High Schools, and at Mont Pleasant High, all located in Schenectady. Emphasis will be placed on

Jobs Available

Lecturer or assistant professor, Romance languages
 Visiting assistant professor, mathematics
 Lecturer, business
 Assistant to dean, College of Arts and Sciences
 Technical assistant, administration, purchasing
 Assistant professor, Spanish, Hispanic and Italian studies
 Associate professor, nursing
 Senior clerk, accounting office
 Senior stenographer, University Counseling Center
 Stenographer, University College, Humanities, Financial Aids
 Cleaner, Physical Plant
 Senior stenographer, Placement Service
 Key punch operator (2), Computing Center
 Senior maintenance supervisor (2), physical plant
 Cleaner, physical plant, custodial
 Post-doctoral physicist
 Laboratory technician, biology
 Technical assistant, art

'Round the Campus

Want to take a look at the *eclipse of the sun* today? If so, you can go to the observatory platform atop the Earth Science Building where Manny Wyld, prominent area amateur astronomer will have set up his telescope. The eclipse is scheduled to begin at 3:28 this afternoon. . . If weather permits today, a group of SUNYA students, accompanied by Frank C. Jettner, of the Department of Astronomy and Space Science, will be on the *Gaspe Peninsula* in Canada to watch the eclipse from a viewing spot in Gaspesian Provincial Park. The students are undergraduates taking a summer course in astronomy and two who are astronomy majors who asked to go along. . . Part II of the *Undergraduate Bulletin* now is available. The Community Relations Office will furnish copies upon written advisement from departments about quantity and delivery address. . . The Lake George Opera Festival will have *box office hours* in the Performing Arts Center from 10 a.m. to 2 p.m. Mondays through Saturdays to accommodate those seeking tickets. . . *Werner C. Baum*, professor of biological sciences, is the new chairman of the Albany Chapter of the Adirondack Club, founded 50 years ago. He is a member of the Nature Conservancy and the Society for the Preservation of the Adirondacks. . . Edwin G. Thompson, business education major, has been *elected president* of Phi Beta Lambda, business society. The SUNYA student also was awarded first place in the Mr. Future Business Teacher Contest, one of the highest honors a member of the national organization can receive. . . The Educational Secretaries Conference held on campus recently was *sponsored* by the Capital Area School Development Association and the Albany Area Educational Secretaries Association. . . SUNYA student Catherine Ertelt, of Niskayuna, is working this summer in a *hospital at Bern*, Switzerland, under a program directed by Princeton University. . . William F. Sheehan, associate professor of law, received *912 votes* to lead a four-man field in the Mechanicville School District election for a seat on the Board of Education. . . Elmer C. Mathews, dean for personnel administration, has been *promoted* from the rank of lieutenant colonel to colonel in the New York Guard. . . Featured *piano soloist* in a recent concert given by the Northeastern Student Orchestra was Deborah Sawyer, sophomore and music major. She was one of three winners in a concerto competition. . . *Charles Edwards*, professor of biological sciences, has been elected to the national council of the American Association of University Professors. He will represent the association's District IX.

increased, continued, or developed community activity and team-teaching planning. In addition, continuation of competency-based teacher training and a pursuit of unique interests and concerns will be included.

Activities planned for the summer training program will include community work, studies of teaching methods, and a wide variety of opportunities for interns to pursue educational, community, or teacher-oriented activities.

Faculty Notes

ROBERT ALLEN, biological sciences, addressed the Hudson-Mohawk section of the Optical Society of America on campus. He spoke on "Optical Approaches to Problems of Structure and Functions of Living Cells."

HEDI MCKINLEY, social welfare, lectured on "Transactional Analysis" and "Sensitivity Training" at Emma Willard School in Troy. She discussed "Pregnancy of Unmarried Teenagers" on programs broadcast on TV channels 13 and 17.

JOHN ROSENBAUGH, educational psychology and statistics, has been appointed adjunct professor of pediatrics at the Albany Medical College.

Campus Hosts Science Teachers' Institute

The university this summer is hosting a National Science Foundation-sponsored institute for secondary science teachers and supervisors. Participants in the program have been selected from the Middle Atlantic and New England states.

The institute, being directed by Thomas Boehm, associate professor and science supervisor at The Milne School, is designed to prepare participants to implement the newly-developed, discovery-oriented Intermediate Science Curriculum Study Project. The program, pilot-tested

Finances Studied

Standard & Poor's Corporation has announced that it has arranged for the Municipal Finance Study Group of SUNYA to conduct a study of municipal bond ratings and credit quality.

The study will involve computer simulations of the rating process and analysis of problems in rating different kinds of securities. Ronald W. Forbes, assistant professor of finance, will direct it.

Brenton W. Harries, group vice president, said S&P, as a major bond rating agency, seeks to improve its techniques and expand its knowledge of the field.

Campus Exchange

FOR SALE: 1965 Plymouth, 4-door, automatic, heater, good condition; \$200. Call 7-8295 or 489-2898 after 5 p.m. . . . 1967 Corvair convertible, automatic; \$300. Call 456-9581.

WANTED: Girl's or boy's 3-speed bicycle. Call Bonnie, 489-6687.

in the SUNYA campus laboratory school for the past five years, emphasizes individualized and self-paced learning procedures.

Working with Dr. Boehm in providing instruction for the program are Thomas Atkinson, Barbara Schermerhorn, and Walter Farmer in science education; Harold Story of the physics department; Robert Sweeney and Jerry Feldman from biology; Robert Frost in chemistry; Jack Bulloff in science and technology; and Richard Clark in educational psychology.

Tower Tribune

Published weekly when classes are in session by the Community Relations Office as a service to the university community; carries news of campus-wide interest for and about students, faculty, and staff. Submit items in writing one week in advance to AD 235 or call 7-4901. Name and address must be included. Items for "Campus Exchange" should be submitted to AD 262. All material is subject to editing. The Tribune is printed on recycled paper stock.
