ELECTIONS HELD YESTERDAY!

Elections took place yesterday for the presidency of the student council for the year 1933-1934. Professor Sayles gave a talk on what the incoming president of the Junior High School Student Council should know. He then introduced Dr. Fredricks, and Dr. Fredricks introduced the campaign managers. Roger Orten, the campaign manager for Foster Sipperly, gave the good points of his nominee, and told all the things that his nominee would do if elected. His platform was as follows: he wishes to raise money by giving more plays, and to put more murals in the library. He also said he wanted to have dancing at different times during the week. He finished his speech by saying he would do his best if he were elected.

Dr. Fredricks then introduced Robert Gilson, the campaign manager for Thomas Parran. Robert Gilson also pointed out what Thomas had done for the school. Parran believed in more social work in the school. He also gave other things he believed would improve the school.

The votes were then counted are the presidency was won by Foster Sipperly.

TIRE TON ENGRIC

Now that the tennis courts at anshington are are ready for use, and the weather is so line, It would be a sood lan to get out in the open and practice. .e can't all be helen wills, but we can improve our came. The wpather is too inviting for us to stay in school arter work is finished, and tentis is a very houlthy and enjoyable sport. Leave your homework until aftor sugger, and in the afternoon act the full benefit of Old Bol. It doesn't necessarily have to be tennis that you play. Any sport will do as long as you stay etive. After school sometime, get a four-some to ether and rush over to the courts and play a few cood, snap, sets and then try and tell me you don't feel better than you would if you had sat in the library doin your homework all afternoon.
