### Association Bill On Vested Rights Now In Legislature; CSEA To Fight For Passage

By PAUL KYER

ALBANY, Jan. 26 — A bill to give vested pension rights to members of the State Retirement System has been drafted by the Civil Service Employees Association and introduced in the State Legislature.

Senator McEwen and Assemblyman Noonan introduced the bill, which is now in the Civil Service

and Ways and Means Committees.

Despite heavy oral support for this long overdue benefit, action on a vested rights bill has remained in much the same state that Mark Twain described the weather—"Everybody talks about it but no one does anything about it." The Association is determined to get the bill through this year.

The only concrete opposition known is from those who feel employees would leave State service if they have vested rights. (For comment on this attitude see "The Public Employee," Page 3).

Senate introduction and print numbers for the Association bill are 974. Assembly introduction number is 1360.

Among the top officials who have publicly supported vested rights are Attorney General Louis J. Lefkowitz and Comptroller Arthur Levitt, who said he will introduce a bill on the matter. Gov. Nelson A. Rockefeller has said he will "revive" a committee to study the feasibility of vested rights. If the bill passes the Legislature, however, it is certain to be signed by the Governor.

#### Counsel's Memorandum

The need for and advantages of vested rights for public employees was summed up neatly in an accompanying memorandum prepared by John T. DeGraff and

John J. Kelly, Jr., counsel for the Association.

It reads:

"This bill would amend the present law to permit a member of the Retirement System who voluntarily leaves the state service, or who leaves for any other reason than his own fault or misconduct before qualifying for retirement, to elect to leave his contribution on deposit and receive a deferred retirement allowance at age 55 or 60 provided he has at least 10 years of service.

"Under the present law, a member of the retirement system who voluntarily leaves the service before he reaches retirement age receives nothing from the system but his accumulated contributions together with the interest that these contributions have earned.

He loses the entire pension credit which he has earned by his years of service.

Even worse is the plight of the employee whose position is abolished through no fault of his own. He, too, loses his pension credit unless he can qualify for the restricted discontinued service benefits now in the law which require at least 20 years of service.

Elected and exempt officers are faced with the same problem if

### Some Members To Attend Annual Dinner Via TV; Rockefeller Is Guest

ALBANY, Jan. 26 — The annual dinner meeting of the Civil Service Employees Association will be televised this year. To a certain degree, that is.

Virginia Leatham, chairman of the CSEA Social Committee, announced that since there is no one place large enough to handle the heavy attendance expected this year that two rooms will be used at the Sheraton Ten Eyck Hotel, where the dinner is to be held March 4. Those unable to obtain space in the main ballroom

will be able to watch the proceedings through closed circuit television sets placed strategically around the Fort Orange Room.

Governor Nelson A. Rockefeller will be guest of honor at the dinner.

Registration of delegates will begin at 6 P.M. March 3. The business meeting usually connected with the dinner will start at 9 A.M. the next day.

Miss Leatham urged that reservations be made as soon as possible. She announced that a dance would follow the dinner.

ALBANY, Jan. 26 — An estimated \$20,000,000 has been earmarked in the budget of Gov. Nelson A. Rockefeller to provide a pay increase for State employees this year, it was reported here.

How the Administration plans to spread the money — across the board, percentage increase, etc — has not been determined.

Governor Rockefeller also is asking \$1,500,000 to increase personnel in the State Division of Police.

The \$20,000,000 figure could result in pay increase of a little more than five percent. The Civil Service Employees termed the amount insufficient to accomplish the Governor's stated goal of placing public employees on a parity with those in private industry.

An Association spokesman said that further negotiations were to be held with Budget Director T. Norman Hurd and that "in our minds no final amount of monies have been settled on. We are still working for a full 12½ percent, \$500 minimum, across-the-board pay increase and will continue to do so until the last possible moment."

Knowledge of the Governor's plans on a pay increase came rather prematurely. Usually the State makes its offer just shortly before the budget is presented to the Legislature.

However, this year the State's law makers have been asking for information in advance because of Governor Rockefeller's request for several new taxes. The legislators want to know how the money is to be spent.

#### Trooper Action

No details were given on the \$1,500,000 requested for more troopers but the appropriation would be a step forward in the Association program to improve working conditions in the Division of Police. The CSEA has insisted that additional personnel were needed to solve many problems in the Division.

#### Powers' Comment

John F. Powers, President of the Civil Service Employees Association, issued the following comment on the statement made by Governor Rockefeller on the State's finances:

"In view of the repeated emphasis which Governor Rockefeller has put upon the need of parity between state salaries and those in industry, and in view of the official state salary study showing state salary levels to be about 10 percent behind those in private industry and other public jurisdictions, the civil servants are astonished at the failure of the announced budget appropriations to come even close to the promised parity.

"Twenty million dollars may seem like a lot of money but we wish to point out to the Governor that it represents less than half what is required to meet the standards which he himself has advocated.

"We are not ungrateful to the Governor for the consideration

which his announcement demonstrates he has already given to this problem nor are we unmindful of the taxpayers' interest but again we point out that facts are facts and twenty million dollars will not produce parity.

#### Kipling Said It

"We hope before the session is ended ways will be found to correct the inequity. Every public official and citizen has, at one time or another, paid tribute to the efficiency and loyalty of the public servant, and also public officials and citizens have frequently testified that state salaries are inadequate. The civil servants not only in this state, but throughout the world, in crisis after crisis, through dedication to duty and sacrifice have demonstrated their loyalty to their communities. It seems, however, they are something like Kipling's 'Tommy Atkins':

'Oh, it's Tommy this and Tom my that  
And Tomy fall behind  
But be pleased to walk in front  
sir.  
When there's trouble in the  
wind.'"

### Westchester Chapter Backs Levitt On Pensions

A unanimous resolution by the Westchester chapter of the Civil Service Employees Association gives full support to State Comptroller Arthur Levitt in his most recent efforts to liberalize retirement benefits for State and city employees.

Mr. Levitt would like a vested interest program also, and his measures would apply to all public employees in New York State.

#### Membership Memo

The Civil Service Employees Association has won many improvements in salaries paid to state and local government employees. It is now striving for adequate pay increases for them to bring their pay up to that paid in private industry. CSEA sponsored and secured the Feld-Hamilton Civil Service Career Pay Plan in 1937 for state workers which was one of the first scientific classification-compensation plans to be established anywhere.

CSEA continually assists individuals and groups of members in their salary appeals.

CSEA efforts on salary matters merits the active membership support of every state and local government employee. Bring this to the attention of your fellow public employees who may not be members.

# Jobs Now Being Filled From New U. S. Entrance Test List

Appointments are being steadily made in the Second Region (New York and New Jersey) though on a small scale at present, from the

new list of eligibles in the Federal service entrance examination. Most recent appointments were to jobs in the Bureau of Old Age and Survivors' Insurance, Department of Health, Education and Welfare, and the Civil Aeronautics Administration. Vacancies in various agencies in the region occur every month.

A new list of eligibles will be established in two weeks as the result of the last written test held. These names will be consolidated with those of others, in the order of overall relative standing by percentage scores.

About a third of the eligibles who recently acquired that status are college seniors and would not be appointed to work until after graduation. Many will be given advance appointment, subject to graduation. If they are not graduated they would not be put to work because of failure to meet minimum requirements. However, non-graduates might make the grade by attending summer sessions intended for qualifying them for graduation. Only a small percentage take advantage of this.

College graduation is not a requirement for competition or appointment, but lacking a college diploma, one must have what the U. S. Civil Service Commission considers the equivalent in job experience or education or a combination of both. Those seniors who fail graduation go off the eligible roster because they do not have the required alternate experience. A small percentage of the failures, however, would have the experience.

The second filing period for the examination closed on December 24, and the written test for those who applied was held January 10. The test remains open until April.

The U. S. is seeking present or prospective college graduates or persons with three years' experience in administrative, professional, investigative, technical, or other responsible work for promising careers in Federal service.

Starting salaries are \$4,040, \$4,980, or \$5,985, depending on qualifications. Appointees will be assigned for training to career positions in such fields as general administration, economics, and

other social sciences, business analysis and regulation, Social Security administration, management analysis, production planning, communications, personnel management, tax collection, science, statistics, investigation, information, food and drug inspection, recreation, customs inspection, procurement and supply, records management, and adjudication.

The deadline for applying for the next written test is Thursday, January 29, test date, February 14. Succeeding closing and test date are February 26 for March 14; March 26 for April 11; and April 23 for May 3.

Apply to the Director, Second U. S. Civil Service Region, 641 Washington Street, New York 14, N. Y.

## Time Increased For Appeal from Ratings

New York City civil service candidates have two months from the day they receive test result notices, instead of two months from the time the results are released, in which to file appeals from ratings. This is the result of a public hearing held recently by the City Civil Service Commission.

## 31 PROVISIONALS IN SENIOR CLERK TITLE

At least 600 appointments will be made this year from among those who take this test, according to Edward P. Roddy, executive secretary of the Board of Civil Service Examiners.

Those appointed may work at any post office branch in the five boroughs of New York City or at Jamaica or Long Island City or at any railroad terminal in the area. Appointees must be U. S. citizens and preference will be given to New York City residents.

## CSEA Again Sponsors Low Cost Steamer Trips To Europe In Fall and Spring

Spring and Fall tours of Europe at bargain prices are again being sponsored by the Civil Service Employee Association this year.

Four tours of 30 days each are being offered at the all-inclusive price of \$815, including round trip trans-Atlantic transportation aboard ships of either the French or United States Lines. Also included are all hotel rooms abroad, meals — except for times when travelers want to be on their own — sightseeing tours, land transportation, baggage handling, porters, guides, etc.

The trips are designed to give the voyageur a panoramic view of Europe and the itinerary covers England, Holland, West Germany, Switzerland, Italy, France, Monaco.

London, Paris and Rome are among the world capitals to be visited. Amsterdam, the French Riviera, the old castle city of Teidelberg, the resort city of Lucerne in Switzerland, the canals of Venice, and Florence, with its famed museums and art galleries are also on the itinerary.

### Spring Sailing Dates

Four sailing dates are available. In the Spring, those who wish to

travel in a manner to become quickly acquainted with the continental air may book passage aboard the French Line ship "Liberte" sailing May 15, returning to New York June 15. Those who prefer going American style can book aboard the "S.S. America," which sails April 25 and returns May 27.

In the Fall, the sailing date for the "Liberte" will be September 12 and for the "America," September 18.

Bookings may be made now and those planning to go in the Spring are urged to make application at once by writing to Specialized Tours, Inc., 286 Fifth Ave., New York 1, N. Y. Information and brochures on all the tours also may be had by writing to Specialized Tours.

These bargain-priced trips are sponsored by the Association as a service to members. The Association assumes no responsibility for the tours. This is done by the travel agent, Specialized Tours, Inc.

Three Association conferences are sponsoring air journeys to Europe this summer. However, since many people prefer a steamer journey the tours described above are designed to accommodate the sea-minded traveler.

The sea journeys sponsored by the Association last year proved extremely popular and it is expected that many more Association members will be taking advantage of these handsomely priced tours this year.

## What About Vesting

Has the problem of vesting become the Governor's and legislator's "forgotten man"? Session after session of the Legislature passes and the problem still remains unsolved. At one time there was quite a furor over this question. Frequently, in the past, the members of the State Retirement System had their hopes buoyed by official statements that, the vesting of employee contributions, was, to chage the figure, just around the corner.

Governor Rockefeller in his message to the Legislature did promise he would reconstitute the Committee which two years ago commenced the study of the vesting of rights in the State Employees Retirement System. This chills rather than cheers us, since our experience around the State Capitol for many years leads us to regard the commission of any issue to a committee with a jaundiced eye. Usually the issue sinks slowly out of sight. Reconstituting a committee to study a subject already studied by a previous committee might really commit it to limbo.

## Poor State Logic

The Civil Service Employees Association has, for more years than it likes to remember, made vesting one of its important goals. Nobody is against vesting. Everyone supports it in principle. Industry after industry has been incorporating vesting into its pension plans. The only argument which we have heard the State advance against the scheme is one which implies peonage — and, incidentally, one which indicts the State's own salary practices. The State feels that if employee retirement interests are vested, many would leave the State service. Ostensibly, they would leave for the higher salaries which industry pays and the State would thus lose the value of the employees' services and the years of training and investment in them.

The answer to this is obvious. Place the State salaries on a par with those in industry. If this were done, we believe the greater percentage of the State employees would remain in the service. We know they are not only interested in their jobs but dedicated to their work. As it is now, the State employees are working on a salary level below that of industry, and at the same time are being made economic captives by being denied the privilege of vesting their retirement contributions.

## Norman Gallman Appointed Deputy Tax Commissioner

ALBANY, Jan. 26 — Taxation and Finance Commissioner Joseph H. Murphy has announced the appointment of Norman Gallman, 49, of Averill Park, 20-year career Civil Service employee in the State Tax Department, as Deputy Commissioner and Secretary to the State Tax Commission. The appointment is effective January 29 at a salary of \$15,300.

Mr. Gallman will succeed Bernard A. Culloton, Kingston attorney, who has held the post for the past three years.

A former newspaperman, Mr. Gallman has been Director of Publications and Public Relations for the Department of Taxation and Finance since 1943. Prior to that, he was Tax publications Editor of the Department for four years. He entered State service in 1938 as Information Secretary in the Bureau of Motor Vehicles.

In his new capacity, Mr. Gallman will be the Tax Department's director of administration. He will also continue to supervise its public relations.

### Former Newspaperman

Before entering State service, he was news editor of the Daily Reporter in Wellsville (NY) for nine years. Earlier, he had worked on the Hornell Evening Tribune and the Allegany County Democrat, a weekly newspaper. He is a native of Wellsville and attended public schools there.

Mr. Gallman married the former Leone Beebe of Rushford (NY). They have one daughter, Mrs. Fern Strazzeri of Rochester; a son, Norman Jr., who is a photo-journalism student at Rochester Insti-

tute of Technology, and four grandchildren. He is a communicant of Bethany Lutheran Church of Troy.

For many years, Mr. Gallman has served on the public relations

# February Applicants Need No Physical for CSEA Group Life Insurance If Under Age 50

The Civil Service Employees Association announced through its President, John F. Powers, that new applicants for CSEA Group Life Insurance would not be required to take the usual medical examination if they applied during the month of February. Applicants 50 years or over will have to take the usual medical examination at the expense of the insurance company.

Any employee of the State, or of the Counties of Westchester, St. Lawrence, Chemung, or the Cities of White Plains, Ogdensburg, Potsdam Newburgh, Elmira who are or become members of CSEA, may apply for its low-cost Group Life Insurance.

Applications for this insurance can be secured from any CSEA Chapter or from CSEA Headquarters Offices at 8 Elk Street, Albany, N.Y. and 61 Duane Street, New York City. To comply with the special offer, completed applications must reach the CSEA Headquarters Office at Albany on or before February 28.

### Low Cost

Under the CSEA Group Life Plan, an insured member 29 years or younger gets \$1,500 Term Life Insurance protection for 13¢ bi-weekly. Older employees enjoy proportionately low rates.

In addition to low cost, the Plan provides many special features. Claims are paid to beneficiaries of deceased insured members within 24 hours after notice

of death is received at CSEA Headquarters, without fuss or red tape. Payment of premiums is made thru convenience payroll deductions.

The CSEA Plan now covers almost 45,000 of its members and had been steadily developed and improved thruout the years. At present insured members enjoy 30 per cent additional insurance coverage, minimum \$500, without payment of additional premiums. The Plan provides double indemnity for accidental death and waiver of premium because of disability prior to age 60. In addition to these improvements, the premium charges to insured members under the Plan have been reduced on several occasions.

### Only for February

This special offer is good only during the month of February 1959 and it is suggested that this matter be brought to the attention of your fellow employees who may be eligible for CSEA Group Life Insurance. Within CSEA circles, the usual statement relative to its Group Life Insurance is, "How can I afford not to have it?"

The continued development and improvement of the CSEA Group Life Insurance Plan has been made possible by ever increasing numbers of its members who become insured under the Plan. Total paid membership of CSEA is currently about 83,000. Any employee of the State or any political subdivision of the State is eligible for membership.

After the scores are averaged with the written-test grades, several more weeks will be needed to get the lists compiled and ready to release. The release date should be some time in March.

Last week the personnel Department mailed failure notices to 1,876 test-takers. The exam was given January 11.

An overall list score of 70 percent was required, as well as a 70 percent on part I alone. Out of a weighing base of 50 possible test points, the first part counted 40 and the second part 10. The other 50 points that help decide who passed and who did not are based on the record and seniority screening.

## Overtime Gain Due

**R**IGHT near the top of the list of legislative aims of the Civil Service Employees Association is a bill for payment in money, at time-and-a-half rates, for ordered overtime. This gain is long overdue and this is the year in which it should be won. Private industry pays at time-and-a-half rates and the State government should do no less. In fact, it can do no less if it is to enjoy its reputation as a progressive employer that keeps in step with modern labor relations practices.

What the State does will have an effect on local governments in the State, including New York City. Compensatory time off will be a thing of the past throughout the State, finally, if the Association's bill is enacted. And there is every reason why it must be enacted, as the Association will prove at hearings before committees of the State Legislature. Detailed documentation of industrial practice will be presented. Governor Nelson Rockefeller himself could supply that information. His membership on various boards of directors gave him full knowledge of what private industry does. Since his election he resigned those posts, but lost none of his knowledge in the process.

## Questions Answered On Social Security

**I'M TOLD** I can get Social Security checks for any month I don't earn more than \$100. Under the annual retirement test I can receive all months benefits if I don't earn more than \$1200, which is correct? **C. E.**

If your annual earnings do not exceed \$1200, you can receive all months benefits. The \$100 rule only applies if your annual earnings exceed \$1,200.

**WIDOW** benefits stopped because I married in July, 1958. Under the new law I am eligible for payments on my present husband's account because he gets old age insurance benefits. As yet I have not received any checks. Why not? **A. E. N.**

To get payments you must file a new application with your local Social Security office or the representative in your area.

**CAN** a disabled child past 18 draw on the account of his parent who is getting Social Security disability payments? **L. E.**

If the child was disabled before 18 and is dependent on his parent, he may be eligible for benefits. Inquire at your Social Security office.

**CAN ALL** widows past 63 who remarry draw benefits immediately on their present husband's account if he is getting old age insurance benefits? **W. W.**

No. The widow must have been getting benefits the month before marriage to draw immediately these benefits on the present husband's account. Otherwise, there is a three year waiting period.

**WILL** my Social Security payments be reduced if my earnings after I apply for benefits are less? **E. V. J.**

No.

**MY TWO** minor children are receiving payments because I get disability benefits. My wife, who has been in a mental hospital

since 1956, is not entitled to payments on my account. Why not? **L. J. O'R.**

A. She is not entitled to benefits because she does not have the children in her care. If and when she returns home to care for the children, and if they are entitled to payment, she may qualify for benefits.

**MY HUSBAND** is 70 and is drawing Social Security benefits. We have been married three years. What evidence should I present to show that I am eligible for a wife's benefit when I am ready to apply for my Social Security benefits? **V. E. J.**

You and your husband should go to your Social Security office and present proof of your age and your marriage certificate. Also your Social Security number, if you have one.

## AIDE HONORED

Attorney General Louis J. Lefkowitz (left) presents a certificate of achievement issued by the State Merit Award Board to David Clurman, senior attorney, New York City office of the Attorney General.

## Public Administration

The U. S. Supreme Court has dismissed an appeal from a Philadelphia policeman, upholding the jurisdiction of the city's Civil Service Commission to discharge him.

According to the city charter, the Commission's action is final if it meets the requirements of due process and the charter, and if it does that, independent review of the evidence by any court is not in order. The sole grounds to sustain a further appeal to the courts are lack of jurisdiction of the Commission, a failure of procedural due process, and a failure to conform with charter requirements.

The policeman was discharged for cause in 1954 by the Police Commissioner. The city's Civil Service Commission upheld the dismissal. However, an appeal to the Common Pleas Court, resulting

in a ruling in favor of the patrolman. The City then appealed to the State Supreme Court, which reversed the lower court and held that the Civil Service Commission decision was binding under the powers granted to it by the Home Rule Charter. The case was then appealed to the U. S. Supreme Court.

The St. Louis Police Department has initiated a major program to improve practically every phase of its operations, according to that city's Government Research Institute.

These improvements include a cut in the work week from 48 to 45 hours, an average pay increase of 15 per cent, new training programs, and measures to ensure more effective use of the police force.

## ANY DICTIONARY WILL TELL YOU

All organizations—and we assume the CSEA is one of the most discerning—like to look around for the best spot when they hold their special dinners. These affairs are generally called, "banquets." Whether or not the term fits the occasion, may we remind all banquet committee members that we (at least, our ancestors) invented the word? We are not conceited about that, but we are a little proud about our know-how when it comes to preparing testimonial dinners, retirement parties, and all other festive meetings that come under the head of Banquets. So call 2-7884 when you plan your next one. Let us show you what we mean when we say that a Frenchman can best understand the full meaning of a French word. If you order a banquet you'll have a banquet. The cost, perhaps a few centimes more... and well worth it! PETIT PARIS, 1000 Madison Ave., Albany, N. Y.

**Harlem Valley**

Patients' Christmas Parties for every working group and every building were held. The Patient's Theatrical Group put on an annual Christmas show for both patients and employees. Mrs. Brenda Sullivan, assistant recre-

ation worker, directed the Christmas play.

Employees' basketball games: Three employees' basketball games were played. Four home games are scheduled for the month of January. Both patients and employees attend these sports events.

Veterans' Parties: The Winship-Masario American Legion Post and Auxiliary and the Dutchess County Auxiliary sponsored parties for our veteran patients during the Christmas holidays. Both organizations sponsor monthly parties for our veteran patients. We welcome the Miller-ton American Legion Post 178 who will sponsor another social for our Veteran Patients.

Affiliate students sang carols in all buildings during the week of December 15-18.

The Pawling Methodist Choir entertained our patients and employees with a Christmas Show.

One hundred and fifty patients attended a movie as guests of the Dover Plains Theatre.

Charlotte Eastland who worked in Recreation, has enlisted into the Women's Army Corps for a period of three years.

Our deep sympathy is extended to Paul Becker, our Senior Account Clerk, and his family in the death of his wife, Frieda Becker.

The CSEA held a dance in the American Legion Hall in Pawling which was well attended by members and their guests. Music was furnished by Tom Adam's orchestra and dancing was enjoyed until 1 A.M. It is planned to run another dance in March.

Important topics will be on the agenda of the next meeting and your presence would be appreciated.

Dr. and Mrs. Oscar Schwoerer were host and hostess for a sur-

prise party given by friends in honor of Mr. and Mrs. Peter Garomone, on the occasion of their silver wedding anniversary (Mr. Garomone is our Chief Stationary Engineer). The popular couple were the recipients of three silver dishes which were presented by Mrs. Arthur Sullivan. In expressing their appreciation for the gifts both Mr. and Mrs. Garomone made a witty and delightful speech which caused considerable mirth. Delicious refreshments were served and the center piece on the dining room table was a wedding cake appropriately decorated for the occasion. The happy couple were congratulated on this important milestone and the wish was conveyed that they have many more years of happiness together. All present spent a most enjoyable evening and expressed their appreciation to Dr. and Mrs. Schwoerer for their gracious hospitality.

On the sick list was Mrs. Robert Campbell of the Sewing Room, who was recently discharged from our hospital infirmary. Mr. Alfred Towle of the Engineering Department has also been confined to the hospital for a week and is now convalescing at home.

**36,000 MORE U.S. JOBS**

World-wide Federal employment will increase by 36,000 as a result of President Eisenhower's new budget, authorities from the Budget Bureau say. All increases will be in non-military agencies. Federal employee totals will rise from 2,376,000 to 2,412,000. Overall Army, Navy and Air Force civilian employment, according to the Defense Department, will remain about the same, though there will, of course, be increases and decreases at individual installations.

**ACTIVITIES OF EMPLOYEES IN STATE**

**Manhattan State**

The Manhattan State Hospital chapter, CSEA, will hold its regular monthly meeting in the hospital assembly hall from 4:45 to 6 P.M. Wednesday, February 18. All officers and members are urged to attend in order to discuss the latest progress of the Association's legislative program.

The chapter is doing everything in its power to help win a 12 percent salary increase with a \$500 minimum for all New York State employees.

Membership in the chapter continues to rise encouragingly. New members include Myrtelina Abrew, Gerald Adams, Nina Bublej, Edna Mae Burgess, John Barney, Gertrude Goffney, William Keane, Virginia M. Powell, and Marie Rogers, with about 50 others in the past month.

Athur Murray's televised plea for TV sets to be donated for patients at our hospital is greatly appreciated by the chapter.

The hospital's number one and two bowling teams have had several formidable challenges from dark horse teams. There is no admission charge for the games and spectators may expect some fast action.

John McDonnell, safety officer; Egbert Wilson, R.N.; and attendant Alexander Shaw are commended for their fast action in attending an injured construction worker, recently.

Get well wishes are extended to James O'Malley, Jane Savage, Mary Duncan, Matt Walsh, Bill

Kernochan, Frank Walsh, Mary E. Leonard, Salina Stewart, Jim McNamara and Jennie Allen Shields.

**Creedmoor**

Employees of Creedmoor were shocked at the death of William Brinkerhoff, "Brink"—as he was called by all. He died in the employees sick bay on January 19th. The chapter extends deep sympathy to his widow.

John Hamilton of building "O" is marrying Mary Kepinger on January 25th. Congratulations to the happy couple. We are happy to report to the members that we have again gone to bat for one of our members. Recently a member from Rec. building male applied to the Chapter for legal aid in a disciplinary hearing and secured same. The grievance committee is working hard on all grievances received. If you have a grievance or a suggestion for better employee-employer relations please contact one of the members of the grievance committee. John Mackenzie of building 39 is the chairman of the grievance committee.

On January 31st the Holtsville Hot Shots, a bowling team from the Holtsville post office will meet a team composed of Thomas Neville, Ken Favreau, Edward Set-tong, Ken Roseboom and Carl Lust. The match will start at 8 P.M. and we are looking for some moral support from the Creedmoor bowlers.

# MENTAL HYGIENE MEMO

By A. J. COCCARO  
Legally Yours

Through the years the Civil Service Employees Association has spent hundreds of thousands of dollars for counsel and legal assistance.

This legal aid has taken many forms. Wage negotiations of Civil Service bills, presenting precedent establishing cases in court, providing interpretation on constitutional questions, counseling the Board, Conference, County, and Delegate Meetings, and assisting our Association Staff with legal matters.

In 1955, the Association delegates voted to extend its legal service to employees who are facing disciplinary charges in their institution or agency.

### How It Works

A member-employee upon being presented with disciplinary charges should notify his chapter president. The chapter president and/or chapter legal committee then obtain consent for legal representation from the statewide president and legal committee. They in turn assign one of the association attorneys to the case. In emergency situations to speed up the process the chapter president may contact the regional attorney at the same time he notifies Albany.

The members of our Association have asked for this service for two reasons:

First, to afford protection to employees who have been wrongly charged and to clear the charges made.

Secondly, to insure employees who have admitted guilt that the punishment is commensurate with the crime and not greater.

The Association legal staff, is considered to be the best authority on Civil Service issues in New York State. Members of our legal staff include: John T. DeGraff—Counsel; John E. Holt-Harris, Jr.—Associate Counsel; John J. Kelly, Jr.—Associate Counsel; Harry W. Albright, Jr.—Assistant Counsel; and Regional Attorneys: Nigel Andrews—Syracuse; John Conway, Jr.—Rochester; Harold Herzstein—New York City; William E. Night—Binghamton; Charles R. Sandler—Buffalo; and Edmund Shea—Ogdenburg.

It pays to get the very best in legal assistance. Though this CSEA service millions of dollars of your rightful money has been saved for our State Employees.

## Rockefeller Names Solomon Senior Compensation Chairman

ALBANY, Jan. 26 — Solomon E. Senior, a career civil service employee, has been named to a top post with the Rockefeller administration — chairman of the State Workmen's Compensation Board at \$18,500 a year.

Mr. Senior told The Leader in a telephone interview after his

appointment was announced that no politics entered into the appointment. "In fact," he said, "I've been enrolled in the Democratic Party for the past few years."

Mr. Senior, 55, who lives in Flushing, succeeded Miss Angela Parisi, a Democratic appointee of former Governor Harriman. Miss Parisi will continue to serve on the 13-member board until expiration of her term in 1961.

At the time of his selection, Mr. Senior was director of compensation claims for the State Insurance Fund. Under the Lehman administration, he was named director of the Division of Workmen's Compensation.

He first entered state service in 1934, passing a competitive civil service test as a referee in the Workmen's Compensation Division.

### Nassau Chapter's Fire Prevention Workshop Set For February 7

A workshop on fire prevention, fire fighting and the handling of school children during fire emergencies will be held for all non-teaching personnel in Nassau and Suffolk County schools.

It will be conducted in the Hempstead Elks Club Saturday, February 7, preceded by a luncheon beginning at noon.

Principal speakers will be Peter Lynch, Nassau County Fire Marshall and Kenneth Place, superintendent of buildings and grounds of the Sewanaka High School District. Both men are acknowledged experts in their fields.

The meeting was set as a result of the recent Chicago school fire which cost 79 lives. Arrangements are by Edward Perrott, president of the Non-Teaching Section of the Nassau chapter, and Irving Flaumenbaum, president of Nassau chapter.

They have invited not only the custodial workers from the public schools but from the Parochial, Lutheran and Jewish schools of Nassau County as well.

It is important that the custodial staffs of as many schools as possible attend the workshop. This is the recommendation of: J. W. Chisholm, superintendent of the First Supervisory District of Nassau County; Dr. Charles R. Wallendorf, Director of the Vocational Education and Extension Board of Nassau County and Reverend Edgar P. McCarren, superintendent of schools for the Catholic Diocese of Rockville Center.

Tickets for the luncheon are \$2.30 each and can be purchased by calling Mr. Perrott at PE 1-3779 or writing him at 40 Balfour Drive, Bethpage, N. Y. Everyone attending the workshop is requested to let Mr. Perrott know in advance.

## Continued Growth Marks Accident-Health Insurance Sponsored by Association

The Accident-Health Insurance Plan of The Civil Service Employees Association continues to grow. This Plan started in 1936 and now insures over 36,000 CSEA members. The Plan is underwritten by the Travelers Insurance Company of Hartford, Conn. and is serviced thru Ter Bush & Powell, Inc., 148 Clinton Street, Schenectady, New York.

The CSEA Accident-Health Plan provides a cash indemnity to insured members disabled by accident or sickness. These benefits do not conflict with the State Health Insurance Plan as that Plan reimburses certain hospital, medical and surgical bills. The CSEA Accident-Health Plan pays a cash indemnity whether the disabled insured member is in the hospital or not and regardless of the amount of the hospital or doctor bills incurred.

### Save More Than Dues

The members insured under the CSEA Plan save many more times their CSEA dues each year because comparable insurance protection arranged thru the ordinary means would cost the insured members much more than what they pay thru the CSEA Group Plan.

This Plan has been steadily improved throughout the years. For example, the maximum benefit for continuous sickness disability increased from one year to two years based on longevity in the Plan. The benefit for non-disabling accident was increased from a maximum week's indemnity to a maximum month's indemnity. The principal sum benefit for accidental death or dismemberment was increased from \$500 to \$2,500 based on longevity in the Plan.

Other minor improvements were put into effect.

Application for the CSEA Accident-Health Insurance Plan can be secured from any CSEA Chapter, or from CSEA Offices at 8 Elk Street, Albany and 61 Duane Street, New York City, or from offices of Ter Bush & Powell, Inc. at 148 Clinton Street, Schenectady and 342 Madison Avenue, New York City. Completed applications should be sent promptly to the Ter Bush & Powell Office at 148 Clinton Street, Schenectady, N. Y.

Any employees of the state or any of the political subdivisions who are or become members of CSEA are eligible for its low-cost Accident-Health Insurance.

It is well to repeat again that the benefits of the CSEA Accident-Health Insurance do not duplicate the insurance protection offered by the State Health Insurance Program as the CSEA Plan provides a monthly cash indemnity whereas the State Plan pays certain hospital, doctor and surgeon bills. The benefits of the CSEA Plan are not affected by whether the insured member is receiving paid sick leave or not.

they do not return, or are not returned, to office.

### A Feudal Method

Enlightened retirement system management requires that we depart from the feudal method of retaining the service of an employee by holding out the promise of a financial reward at an advanced age and by the threat of cutting off that promised benefit if the employee leaves the service or his position is abolished before he attains an arbitrary retirement age.

Under the provisions of this bill, such a member, if he leaves his contributions together with the interest they have earned on deposit, he will receive a deferred retirement allowance at his statutory retirement age. By depriving himself of the use of his own money he receives an allowance which is the product of the annuity which his own funds purchased plus the pension which his years of public service have earned for him.
