

STATE UNIVERSITY OF NEW YORK AT ALBANY
1400 Washington Avenue, Albany, N.Y. 12222

*Campus
Prog. Rep.*

DATE: 27 February 1974
TO: Vice President John W. Hartley
Administration Building - Room 326
FROM: Mr. Walter M. Tisdale
Service Building "A" - Room 103
SUBJECT: Campus Progress Report No. 235
Bus Lifts and Doors - Service Building
Project No. 26074

We had a successful bid opening this morning for the above project at the Office of General Services. Five bidders responded with prices ranging from \$39,784 to a high bid of \$63,722. Forty-two thousand dollars has been allocated for this project. The only bidder who was within the allocation was the Beaver Building Corporation, Albany, New York, at \$39,784.

There appears to be no reason why this bid should not be accepted. In all likelihood the contract will be placed within a matter of four to six weeks. Unless some unforeseen hitch occurs we will probably have an orientation meeting to start the project around the middle of April. Work should be completed this Fall.

The completion of this project will give us the capability for the first time of being able to render proper maintenance to our buses and major vehicles by lifting them to provide access for lubrication and maintenance on the underside. It will put us on the same level as the average garage or well-equipped service station to take care of our own vehicles in the bus category. Heretofore many of these vehicles had to be sent off campus for such maintenance.
