ABRAM B. WEAVER,

Superintendent of Public Instruction.

JOHN V. L. PRUYN,

Chancellor of the University.

ALBANY, *January 19, 1870.*

REPORT.

To the Superintendent of Public Instruction and the Regents of the University :

The Executive Committee of the New York State Normal School respectfully

REPORT :

During the year, embracing the forty-ninth and fiftieth terms, one hundred and sixty students were admitted to the New York State Normal School. Their average age was nineteen years. The average time spent in teaching before entering the institution was a little less than one year. The whole number of pupils during the year was three hundred and sixty-six, representing all the counties in the State, except nine. At the close of the forty-ninth term, seventeen young ladies and two young gentlemen, and at the close of the fiftieth term, thirty-seven young ladies and eleven young gentlemen, received their diplomas as graduates of the institution. With very few exceptions, they are all engaged in teaching. Applications for well qualified teachers continue to be more numerous than the institution can supply.

At the close of the fiftieth term, Prof. Rodney G. Kimball, who had long and ably filled the chair of mathematics, resigned his professorship to accept one in the Collegiate and Polytechnic Institute, at Brooklyn. Miss Louisa Ostrom also resigned her position in the school to become principal of the Albany Female Academy.

Mr. Albert N. Husted, who had been for many years a teacher of mathematics in the school, was appointed professor of mathematics, and Mr. William V. Jones, a graduate of the forty-eighth term, was appointed teacher of mathematics. Miss Mary A. McClelland, a graduate of the forty-seventh term, was appointed teacher of geography and history, and Mr. John B. Marsh was appointed teacher of vocal music in the place of T. Spencer Lloyd, resigned. The marked success of these teachers during the present term, has demonstrated the wisdom of their appointment.

All the teachers are prosecuting their work with a zeal and unity of aim that could not well be surpassed.

At a meeting of the Regents of the University, held January 14, 1869, Prof. Jacob S. Mosher, M. D., with the concurrence and on motion of the Superintendent of Public Instruction, was appointed a member of the Executive Committee, in the place of the late Prof. Amos Dean.

During the year, 306 text books have been added to the library, for the most part, to replace those too much worn for use.

A statement of the receipts and expenditures for the year, ending July 19, 1869, is appended to the report, and vouchers for every payment are in the hands of the committee.

The school, in the judgment of the committee, is accomplishing the purpose of its establishment, in a manner and to an extent, which commends it to the confidence of the friends of education and the people of the State.

Respectfully submitted.

FRANKLIN TOWNSEND,

S. B. WOOLWORTH,

JOHN V. L. PRUYN,

JACOB S. MOSHER,

Executive Committee.

DESIGN OF THE NORMAL SCHOOL.

The design of the Institution is to furnish well qualified teachers for the Public Schools of the State of New York. Students receive a thorough drilling in all the branches which they will be called to teach and in such other studies as experience has shown to be best adapted to discipline and develop the mind. Those who train the minds of others, should themselves have well trained minds.

Besides receiving from the Faculty instruction in the art of teaching, the pupils are, at the proper stages of their progress, required to teach in the Model and Primary Schools, for a term of nine weeks, under the supervision and criticism of the President and other teachers.

The course of instruction and practice occupies two years. The year is divided into two terms of twenty weeks each. The students are divided into four classes. These, for purposes of recitation, are subdivided into as many sections as circumstances may require.

COURSE OF STUDIES.

JUNIOR CLASS—FIRST TERM.

TERMS OF ADMISSION.

All candidates for admission to the school must furnish satisfactory evidence of good moral character.

Candidates for admission to the lowest class must, if ladies, be not less than sixteen years of age, and if gentlemen, not less than eighteen. They must pass a satisfactory examination in Spelling, Reading, Writing, Geography, Arithmetic and English Grammar, and must subscribe a declaration that their object in connecting themselves with the school, is to prepare themselves for the work of instruction in the Public Schools of the State.

Those who desire to enter on an advanced standing, must, in addition to the examination above mentioned, pass a satisfactory examination in all the studies which have been pursued by the class to which they seek admission.

Those who would avail themselves of the best advantages afforded by the Institution, should take the whole course. A large part of the instruction given is oral. Much of this must be lost to those entering an advanced class. If any part of the course be omitted it should be the latter part.

PERSONS ENTITLED TO ADMISSION.

Each county is entitled to twice as many pupils as it has representatives in the Assembly. Students are appointed by the Superintendent of Public Instruction on recommendation of the School Commissioners, subject to the required examination. When the quota of a county is filled, candidates having the proper qualifications will be appointed to fill vacancies in the representation of other counties, on application to the President. *As such vacancies have always existed, the School is practically open to all who desire to fit themselves to become teachers.*
