straight year without across-thewith the exception of the Nassau Mineola. County Police Department, whose members received pay raises of from \$300 to \$1,500.

Nassau Chapter of the Civil Service Employees Association, through its President, Irving Plaumenbaum, has continuously pressed the County Board of Supervisors for the fulfillment of the Chapter program, whose Number 1 plank was an acrossthe board raise for all Nassau County employees. With the coming of the new budget and no raise in salary, County employees are asking whether they are second class employees because of this lack of consideration by the

Officers Express Thanks For Chance To Serve Association

Four winners in the recent election of statewide officers in the Civil Service Employees Association have asked to express their thanks to the membership for their election through the columns of The Leader.

Albert C. Killian, first vice president, wired saying: "Allow me through The Leader to express my humble thanks to all members of CSEA on my recent election as first vice president, I promise and pledge to give unstintingly of my time and effort for a better and greater CSEA for all members."

"I am deeply grateful," wrote Claude E. Rowell, "for being selected to serve my Association in the capacity of fifth vice president. Such an honor can only be paid for by full devotion to the task of keeping our Association in the forefront, working actively and fruitfully in behalf of all public employees. I pledge this full devotion to all of you.

Charles E. Lamb, fourth vice president, declared "I have not been inactive while out of office in the CSEA and I am grateful to be able to serve you now more actively and in an official capacity. Above all, I hope I will hear directly from the members on their hopes and desires, for these are the voices which make our Association a great one."

O. Castle sent his warm "thanks and appreciation" for another opportunity to "perform that greatest of tasks service to one's fellow man." Mr. Castle said he would apply himself not only to the task of improving the lot of the public worker but Civil servants are as much effected ployees a benefit that they themwould also "bend every effort to place our cause before the gen- citizens." eral public in order to win their support as well."

Some Gains Made

County employees were not completely ignored in the 1960 budget.

As of January 1, 1960, they will receive 26 pay days per year which was also a plank in the 1959-1960 program of Nassau Chapter. In addition, the question of longevity pay was partially dealt with in an official release from the office of County Executive A. Holly Patterson. As of January 1, 1962, all employees, who have been in the County service 10 years or more at that date, will receive longevity pay consisting of the highest increment in their grade. This was also a plank in Chapter program.

Mr. Flaumenbaum stated that 'Nassau Chapter will continue in its efforts to improve the workconditions of the Nassau County Employee. We will use all the resources at our command to fulfill our program. Membership in the Chapter is increasing rapidly because employees know that Nassau Chapter can honestly and firmly present their problems to the administration. These employees also know that the Chapter will continue to press for the resolution of these problems."

Fate of Weighing Stations Is Up To Legislature

ALBANY, Nov. 16-A recommendation that the state close permanent truck weighing stations is threatening the status of some 200 state workers, most whom enjoy Civil Service 1c status.

The State Public Works Department has proposed that the state close its weigh stations as "no longer useful or efficient." The decision will be up to Governor Rockefeller and the Republican legislative leaders.

The stations now are operated by the Public Works Department. The department maintains that new portable equipment can do the job better than keeping the 18 stations open.

A department spokesman, however, told The Leader that if the stations are closed by the administration and the Legislature then employes would be absorbed, as far as possible into other department operations.

The situation is being investigated by the Civil Service Employees Association, which is anxious to protect the rights of the workers.

> As matters stand now, the air technicians do not participate either in the Federal or State Retirement System, However, legislation signed by Gov. Nelson A. Rockefeller last year allows such participation in the State system if the Federal Government will pay the employer's contritbution.

> No Federal legislation is needed for the contribution of such payments but appropriation is needed from the Defense Department's budget to cover the employer cost

Felly's Telegram

Here is what Mr. Felly wired to the Secretary of Defense:

As president of the New York State Civil Service Employees Association, representing 87,-000 employees of the State of New York, I should like to go on record as respectfully requesting that a favorable decision be rendered by the Department of Defense with respect to appropriating funds in the Department's budget to cover the employer's share of contributions to the Retirement System of thte various states on behalf of the Army and Air National Guard technicians.

"Since the decision of the Comptroller General of the year which held that the Secretaries of the Army and Air Force had authority under current law to contribute Federal funds we hope that a decision in this matter, which has long been pending, will be made at the earliest possible moment.

"Governor Rockefeller signed legislation last year in New York State which permit Air National Guard technicians to participate in the New York State retirement plan, provided the Federal Government will pay the employer cost. Until this matter is resolved our Air technicians are not eligible either for the New York State Retirement System or the Federal Retirement System.

Hoch Drops Plan For Extending Probation In Mental Hygiene

ALBANY, Nov. 16-Plans to extend the probationary period for attendants in the Department of Mental Hygiene have been dropped.

The Civil Service Employees Association voiced opposition to the Department's proposal on the grounds that the present probationary period was more than sufficient to determine a new employee's ability. The Association also pointed out that the current probation period-now 8 to 26 weeks-was arrived at after lengthy consideration and had not proved unworkable to date.

In a letter to Dr. Paul Hoch, Commissioner of Mental Hygiens, the Association outlined the reasons for its opposition and asked Dr. Hoch to withdraw his request from the State Civil Service Commission, which Dr. Hoch did.

Hoch's Reply

The Commissioner wrote the Association last week saying:

"Following receipt of your letter of Oct. 27, about the probationary period for attendants. I had an opportunity to discuss the matter with our institution directors at a recent quarterly conference.

"It was the concensus that, although a longer probationary period is preferred, there should be a fair trial given to the current rule. Accordingly, the Department, has withdrawn its request."

Joseph F. Feily, CSEA president, expressed gratitude for Dr. Hoch's action, writing:

"On behalf of our members, I assure you that we appreciate the very careful consideration you and your staff and the institutional 45rectors have given to the request

Monroe County Chapter Seeks \$500 Raise For

By GARY STEWART

A \$500 across-the-board raise for all employees has been set as the salary target by the Monroe County chapter of the Civil Service Emplayees Association.

Mrs. Ruth McFee, chapter president, has said the \$500 figure was absolutely necessary in order for Second vice president Raymond county workers to keep their heads above water financially because of current living costs.

"This is not an exaggerated request," Mrs. McFee told The Leader. "We have asked our Board of Supervisors for this increase because it is both realistic and fair. by inflation as any other group of

Spanish Speaking Civil Servants

The Spanish speaking policeman will soon become an integral part of New York City's civil service just as the Spanish speaking Welfare Worker, Seventy policemen scribed the organization and opfrom Barkley Ave. and Simpson Ave. precincts have volunteered to take a 16-week course sponsored by the Commonwealth of Puerto Rico and the Police Department. A similar course for a Brooklyn precinct was given at the Police Academy early this year. Altogether some 1,500 members of the 27,000 force have taken similar language courses. In addition, approximately 200 members learned the language from their Spanish speaking parents. Giving the course, two hours a week, are two volunteer teachers, Mrs. Haydee Sabtiago and Miss Francisca Vigo.

Even more acute than the police problem for the community of some 50,000 families who speak only Spanish, has been the problem in the Welfare Department. When the language barrier first appeared, the Department gave a special examination for Social Investigator requiring a knowledge of Spanish. Today there are enough personnel in the department appointed from regular lists, to handle the language problems. Officials estimate that a goodly per cent of all field workers have some knowledge of the language.

More on Equalization of Pay

Latest on equalization of pay. Uniformed Supervisors Association represented by Harold Follette of Coxsackie, Harold Butler of Walkill, and Lou Berman of Sing Sing Prison met with Lt. Gov. Malcolm Wilson, Budget Director Norman Hurd and Commissioner of Correction, Paul McGinnis on Nov. 9th. In a carefully prepared resume the existing pay differentials were detailed and explained. A plan which called for the elimination of all guarantees and reclassification of uniformed personnel was presented by the U.S.A. representatives. In two years of senseless shouting about equal pay for equal work, this plan is the first with merit and if adopted will result in equalization of pay for all concerned.

Lt. Gov. Wilson displayed an unusual interest and knowledge the situation, pointing out that this condition effected close to 30,000 employees. Budget Director Norm Hurd promised to study the situation and make a further report.

To the U.S.A. delegates who came up with this possible solution. Thanks from all.

Everyone's Problem

With apologies to Angle Coccaro and his fine Mental Hygiene

From this meeting the general impression seemed to be that this unequal pay situation would be handled as an overall problem and not just limited to one department.

Mental Hygiene with the most employees effected by such a change would have to talk up. Briefly this plan calls for taking at the highest paid attendant, etc. adding one grade to his pay and reclassifying all such employees to that grade. At the same time giving up all guarantee pay. Bang this around at your next Chapter meeting. Let your members talk up and make some decision.

Nobody can guarantee this is "it", but if all effected employees can get behind one plan, the Civil Service Employees Association will be in a better position to plan a course of action.

Brooklyn State Chapter Launches New Plan To Serve its Membership

BY PAUL KYER

In a new effort to arouse membership activity and improve service to members, Brooklyn State Hospital chapter of the Civil Service Employees Association has launched a three-point membership program, under the direction of Lillian Hammond.

At a special meeting last week the chapter initiated a program devoted to:

- Developing membership 1. strength.
- 2. Improving services to members.
- Improving employer-employee relationships.

As a step toward increased service from the chapter, Miss Hammond initiated the possibility of an employees' Credit Union the hospital. A representative of the Credit Union Association outlined the advantages and benefits of such a savings and borrowing plan for the membership.

Plans for proper organization activities were outlined by Philip Kerker, CSEA public relations, and Paul Kyer, editor of The Leader, spoke upon promotional

Framework for Plan

Miss Hammond declared the committee welcomed all ideas on the subject and said the committee would attempt to work within the following framework: I. Developing

Strength.

A. Active solicitation for membership of each non-member; those who have never joined the Association or who have withdrawn from membership.

B. Effective methods for soliciting new employees.

C. Effective use and distribution of membership material furnished by the Statewide organization

II. Improving Services to Memberahip

- A. To hold and fully publicize more frequent general membership meetings.

Fallout Shelters For Albany Aides Under Study

ALBANY, Nov. 17-New York State is studying the possibility of providing fallout shelters in state office buildings at the "campus site" in Albany's Westland Hills sector.

Governor Rockefeller has asked for cost estimates to provide the shelters to protect state workers from radioactive fallout should rect mail. an atomic war come.

A special task force set up by the Governor earlier this year recommended all state residents build home shelters.

The State Architect's Office here is reviewing its plans for new office buildings on the cam-Membership pus. A basement shelter may be added to plans for a State Tax Department building. This shelier. as envisioned, would be large enough to accommodate employees now housed in alreadycompleted buildings.

> Architects also are reviewing plans for one of several Public Works buildings on the campus to decide whether several rooms on each floor could be closed off and reinforced as fallout shelters.

> The order to study feasibility of including shelters in the drawings for the buildings was seen as delaying the project somewhat, but not substantially. The cost of the program is expected to be known within three or four

Internal Relations

III. Improving Employer-Emplovee Relations.

To encourage the Administration to avail themselves of the good offices of the Chapter in building and maintaining employee morale.

To implement some of the functions mentioned in the foregoing outline the Membership Committee is invited to consider the following recommendations for their endorsement. If accepted they will then be presented to the Officers and Members of the Board of Directors for appropriate action.

1. That a Special Committee be appointed to investigate the cost to the chapter of commercial direct mail services and/or other ways and means of handling di-

2. That this Special Committee undertake to survey the membership, by means of a questionnaire, to determine the needs of the membership and the manner in which these needs can best be met.

3. That inquiry be directed to Association headquarters regarding the availability of printed material in order to establish and maintain a reference library for Chapter use, and that funds be appropriated for this purpose.

Race Track Aides Can't Own Stock, Too

ALBANY, Nov. 16 - Attorney General Louis J. Lefkowitz has ruled that a starter employed by the State Harness Racing Commission "may not have any pecuniary interest in a harness racing track."

The opinion was sent by the Attorney General to Robert A. Glasser, chairman of the commission.

The commission chairman had asked for Mr. Lefkowitz's opinion whether a starter could hold an interest in a track. Mr. Glasser said a starter at Roosevelt Raceway owned shares of stock in the raceway corporation.

Mr. Lefkowitz ruled the starter is an officer of the commission and therefore comes under the Pari-Mutuel Revenue Law, which holds that members, officers or officials of the commission shall not have any pecuniary interest in the operation of a track.

Post Office Gives Dinner For Its 70 Safest Drivers

The New York Post Office held a safe driving award dinner for its seventy most outstanding chauffeurs, two of whom have driven postal vehicles for 29 consecutive years without an accident.

According to the National Safety Council, these records are the highest achieved in the Metropolitan Area, a fact of which the New York Post Office is extremely proud.

The dinner, sponsored by the Liebmann Brewing Company, Brooklyn, was held on November

Mr. Christenberry was presented with the Post Office Regional Operation Director's Annual Award for superior accomplishment in Motor Vehicle Safety.

He was also presented with the Allstate Safety Crusade Award by the Allstate Insurance Company.

The dinner and safety awards presentation are prime incentive factors in the overall safety program which is being conducted by Postmaster Christenberry. This is the first dinner of its kind held by this Office, and it is expected to be a forerunner of similar annual affairs in the future.

Great Day for a Clothes Dryer

there's NO Heave... NO Haul... NO Hang when a modern clothes dryer does the work!

No frantic rush . . . when you dry clothes automatically. The weather couldn't matter less! That's because a clothes dryer does the job any timeday or night, rain or shine.

A dryer does the job better, too. A complete load is done in minutes. And the clothes come out soft and fluffy - 30 per cent fluffier than linedried clothes - yet fresh as all outdoors. No dirt can get into your dryer, so the clothes stay washer-clean.

If you'd like to count the blessings of drying clothes the modern, automatic way, send for a copy of our free booklet "What to look for when you buy a Clothes Dryer.

Air Technicians' Request Is Fair

TECHNICIANS in the Army and Air National Guard in . New York State are practically orphans when it comes to retirement systems. They can't buy a Federal pension and the State won't let them in their plan unless the U.S. Government pays the employer's contributions.

The Federal Government does allow such payments if the Defense Department will pay them out of its budget. The Civil Service Employees Association has appealed directly to Defense Secretary Neil H. McElroy to solve the technician's dilemma.

It's a fair request and we trust the Department will allot the necessary contributions and allow these men a standard benefit of public employment-participation in a retirement system.

A Good Step Forward

A PROFESSIONAL recruiter in private industry has written us challenging the often expressed idea that college students and graduates snub civil service employment. He said that government is a "natural magnet" for the brightest young people even though many of them plan to spend only a few years in it for the invaluable experience of working in a broad and complex field.

He said better recruiting methods were sorely needed This does not take into consideraand that he personally had known scores of our best young men and women who have applied for enticing government jobs, ranked high at the top of civil service eligible lists, waited weeks and months for firm job offers, and finally, discouraged and embarrassed, had forsaken government for positions in private industry.

He concluded that government could get its fair share of the best young people if it would make and follow through on definite job offers to them.

A \$270,000 grant has been awarded by the Ford Foundation to the New York City Board of Higher Education to start a pilot project for \$800 scholarships for 25 New York and New Jersey college students a year to train them for and integrate them into Federal civil service positions.

This seems to us, and we think the gentleman quoted above will agree, to be an excellent start in the right direction.

LETTERS TO THE EDITOR

LET'S NOT LOSE \$40 MILLION WEIGH STATION REVENUE Editor, The Leader:

This letter is in behalf of the Truck Weighers which consist of 180 men when operating at full complement. This is indeed a small minority state-wide when compared to 85,000 employees in the state. They are an important minority. They work around the clock in three shifts.

There is a very strong rumor that the stations are to be eliminated because they are not paying. What does paying mean? Lets break it down and see whether they are paying for themselves. About 8 years ago the stations were opened. The very first year we were notified that the state collected \$15 million in taxes alone. Each station cost approximately \$20,000. There were 20 stations and the total cost of the stations plus the scales was approximately \$400,000. The average pay for a truck weigher is about \$4,000 a year. At full complement that amounts to \$720,000 a year. With the auxiliary help in Albany such as the telephone checkers we will say that the total payroll is \$800,000 a year. The total cost of the stations originally plus the running expenses amounts to \$1,200,000 taken from the \$15,000,000 leaves s surplus of \$13,800,000

Since we enforce the vehicle and traffic law also, the revenue must be tremendous since there is a mandatory fine on each violation. \$100 for the first, \$250 for the second and \$500 for the third. There is also a mandatory fine of \$100 on each truck mileage tax violation and there are many violators. I dare say that the annual revenue from all our operations must be at least \$40 million. The cost of running the stations is \$800,000 a year. tion the penalties imposed retroactively both on the truck mileage tax and the motor vehicle violations.

By closing the stations the trucking industry would suffer most because of the out of state gypsy drivers who would pay no tax at all. If the state raises the registration fee in lieu of the mileage tax the New York trucks would be penalized for the tax the out of staters now pay.

It would also effect other industries such as the telephone company and Western Union. Most of the violators are out of state trucks and when they have no truck mileage tax plates, they have to wire \$5 and \$1 to Albany in order to legal-

Should the stations close it would be a waste of \$400,000 in one chunk and this would be noticeable to the taxpayers.

It behooves everybody to write to their state senators and assemblymen to keep the stations in operation. The state has to have revenue which is figured in mills for the truck mileage tax. If the stations are closed the revenue will have to come from somewhere else. Would you like to pay a three or four cent sales tax state-wide?

Re: Your Family Doctor Why He Is So Important To You!

For you the family doctor is the most important member of your H.I.P. Medical Group. He is the one you turn to first when you need medical care and advice.

He is trained to recognize illness in its early stages before it becomes deeply rooted. He is trained to treat a wide variety of illnesses.

In modern teamwork medicine, the family doctor has the advantage of having readily available to him the varied skills and experience of the many specialists making up the medical group to which he belongs. When necessary he refers you to the appropriate specialists within the group. Or he may refer you to the laboratory for special tests.

He doesn't have to worry whether you can afford to pay for specialist care, for X-rays or for laboratory tests because in H.I.P. they are already paid for. Yor does he have to worry about losing income for himself if he refers you to a specialist.

The specialists send him their reports and discuss your case with him so that he has a complete and continuous record of your state of health. He is thus in a better position to treat you as a whole person. He is also in a better position to devote himself more thoroughly to the branch of medicine for which he is best qualified.

In H.I.P. the family doctor-and every other member of the medical team-provides only those services for which he has been specially trained.

City Dept. Stores Need **Xmas Clerks**

Department stores in Manhattan, Brooklyn and Queens will be hiring hundreds of women to fill full and part-time jobs during the Christmas rush. Most of the jobs will begin about Thanksgiving Day.

The jobs will be on a first-come, first served basis, and the first applicants will get the best jobs.

A special Christmas Job Center has been set up at the State Employment Service, 1 East 19th Street, Manhattan. Information can be obtained there on when, where and how Christmas help is being hired, what salaries are paid, and when the jobs begin.

Applicants must apply in person; no telephone inquiries will be answered.

Nearly all the jobs are for women. Most full-time jobs are for five days a week, including evening work. The part-time jobs are mostly four or five hours a day, plus one eight-hour day a week, usually including evening hours.

Most employees are entitled to generous discounts and employee privileges.

As in all departments of the State Employment Service, no fees are charged by the Christmas Job Center.

File by 24th For Bridge Painter Jobs

Men under 45 years of age, in good physical condition, who have experience in the use of rigging and scaffolding can apply until Nov. 24 for the \$6,210 a year job as bridge painter with the City of New York.

Candidates must have five years of experience in painting bridges, towers, tanks and other elevated structures where rigging and scaffolding are used.

Bridge painters chip, clean, and prepare iron work and steel parts of bridges for painting and repainting. They rig lines and tackle for bosun chairs, work platforms and scaffolds, and mix

Cleaning, storing and caring for tools and materials will be part of the job.

Application forms can be obtained from the New York City Department of Personnel, Application Section, at 96 Duane St., New York 7, N.Y., two blocks north of City Hall and just west of Broadway.

NEW INCOME TAX RULE AFFECTS CIVIL SERVANTS

Employees missing work through sickness or injury late this year and receiving pay for this absence in 1960 must exclude the sick pay from their 1960 Federal income tax return which isn't filed until

This ruling has been made recently by the U.S. Internal Revenue Department and is particularly applicable to Government employees since many of them have a pay day lag up to 13 days from the time they earn their salaries.

TRANSIT PROMOTION TO CIVIL ENGINEER OPEN

Transit Authority assistant civil engineers can apply until Nov. 24 for the promotion to civil engineer exam. Civil engineers get from \$7,100 to \$8,900 a year. Information and application forms are available from the Application Section of the Department of Personnel, 96 Duane St., New York 7, N.Y., two blocks north of City Hall.

William J. Zabel, "Mister Canal Himself" Retired Oct. 1, after a long career of forty six years with the State. He started in June 1914, after graduating from Cornell University, where he had majored in hydraulics. His long association with the Canal Departmentwas interrupted only twice. He was in militatry service during World War I. And again in the early 1950's when he went to Monroe West as resident engineer. He returned to the main office in January 1957. His duties will be taken over by Francis M. Oberlies, his successor.

Our bowling team, the Gleicaufs, are doing very well this year. They are in first place so far, of course hoping to duplicate their championship of last year. Many of our men who are working on outside assignments, and are also from L. J. Honan's office belong to this league. They look forward to their Wednesday Night get to-gether at the Bow-Lo-Drome on Plymouth Avenue with anticipa-York City office.

Squeeze Play

The cost of living continues to rise and the State employee continues to be squeezed between prices and salaries.

The consumer price index now stands at 125.2 and has shown signs of increasing further in the ensuing year.

Studies made by our Association salary analyst and salary committee show that we are, on the average, 10% behind private employees pay for similar jobs.

With this knowledge available to us, our Association delegates resolved to take all measures to see that we work for a 10% raise with a \$400.00 minimum. The Delegates established a minimum in their request to protect the lower salaried employees who are more easily hurt by rising prices.

No Room for Pessimism

The fact that our case for a raise is justified will not alone guarantee us a raise in pay. We must work hard to make sure that the Governor and the Legislature give our plight their serious

In discussing the problem with many of your Delegates I find that most of them are already taking steps to meet with their local legislators

Our pay has been and still is part of a big political game. Raises are more apt to be given in major election years rather than off years. The fact that this year is an off year politically does not mean that our case is not just. Do not accept the stock excuses-NO FUNDS, ECONOMY BUDGET, MAYBE NEXT YEAR.

An optimistic approach to the problem is very important. If we admit defeat before we start the rest of the State will be very quick to agree with us.

Our CSEA President and negotiating team have already made arrangements to have a series of meetings with the Governor and the Budget Director, T. Norman Hurd. Each State employee should watch the developments very carefully as your action at the right time might be the deciding factor in obtaining a much needed salary increase in 1960.

Glad to report both are now home and expect to be back in the swing of things shortly. Louis Chambers also is now home, but it will be a while before she rejoins us. Peter Van Neal had a painful encounter with an automobile, is still on the convalescent list. Edith Walters of the Bridge Department tripped over a doormat and came off se-cond best, will be nursing a sprain-ed ankle for a few weeks. Walter Wentworth of the Harbor Master's office has injured his back. The rest of you please take it easy. We haven't had many reports

Our highway planning unit, which Dominic Masucci heads, has quite a busy schedule ahead of it Three public hearings in two days at three different places. Two on November 23, and the third on the 24. The hearings are on Ballantyne Bridge, part of our outer loop and the Holley-Brockport Road.

On November first a noon lun-cheon was held for Rita Bates at the 277 Restaurant. All her friends attended and an enjoyable time was had by all. She was given a going away present which she ac-cepted with pleasure. How about modeling it for us sometime Rita?

Don Auten, of rights of ways and claims, has been promoted to se-ntor land and claim adjuster. Congratulations to a swell guy.

A small intimate luncheon was given for Alice Brown at Rogers Restaurant on Thursday, Alice is leaving us for maternity leave.

The membership of the B.S.H. chapter has passed well over the 1,000 mark (total number of employees - 1179). This tremendous climb in membership over the past few years can only be at-tributed to the hard work of many members who gave freely of their time and energy. officers of the chapter, particu-larly Jim Murray, President and Veronica McKillen, Treasurer, who are not running for re-election, wish to extend their sincere thanks to all who have helped this chapter grow. We hope the new officers will receive the same enthusiastic response to all their endeavors as has been shown in the past few years. Several well known faces are

missing these days at the Buffalo State Hospital. The past summer has brought to an end the long service contributed by Bob Osborn, Staff Att.; Frank Manning, Roofer Tinsmith; Ethel McQueen, Head Nurse; and Vincent "Chuck" Roarke, Chief Sup. All were honorder to their fellow workers at parties both on and off the Hospital. The chapter wishes to extend its sincere wishes for a happy and healthful retirement

Congratulation and good wishes are extended to Mrs. Adelaide Volk who has been appointed as Chief Supervisor. Mrs. Volk is well known among the Hospital being a B.S.H. graduate.
