## FRIDAY <br> CRIMSON AND WHITE <br> MAY 31, 1935

MILINE NINE PLAYS aVERILL PARK THIS LFIERRNOON IN FINAL GAME; ROESSLEVILLE WIVS GAIE 15-11

This afternoon, the Milne baseball team will play its last game of the season. It will attempt to win over the Averill Park nine. The game will be played at Ridgefield Park at 2:30 o'clock. As this is Milne's closing game a large attendance is expected to see Coach Baker's sluggers wind up a fine season. This will be Milne's second scheduled game with Averill Park; the first game was rained out.

The Milne boys tasted their second defeat of the season from Roessleville on the latter's diamond last Tuesday. The game was hard fought and it was a "tough" one for the Crimson and White team to drop. The game was a "slugger"s" battle as both teams collected thirteen hits.

Besides driving out thirteen hits the Roessleville team made the best of 21 stolen bases. The Milne boys had the bad side of many close decisions, a thing which proved to be a big help to Roessleville. Gekpfert of the winners was accredited with five bases while Sipperley of the losers took one.

Once again Foster Sipperley a "slugging flash" carried off batting honors by hitting safely in his four trips to the plate. Rosenstein, Ely, and Emery were next, each hitting twice. Captain Bob Feldman and Bob Emery, starting pitcher, each rapped out a double.

Bob Emery, who has won two and lost one on the mound for Milne, suffered a second defeat in Tuesday's game. He was replaced on the mound in the fifth inning by Bob Dawes, who held the opponents to three hits for the rest of the game.

## EXAM WEEK

This last edition of the Crimson and White finds the Nilne students slowly awakening from the deep lethargy brought on by the recent warm weather. We are beginning to realize that the final exams are just around the corner. We remember from previous years the sudden bustle to cram for the regents. This inardy seems like an intelligent plan to follow.

During the year we should have worked steadily enough to have absorbed a good portion of the material presented In the various courses. Therefore, with the few weeks left before regents week we should, by a careful division of time, be able to cover the important points by review. This may mean a temporary sacrifice in our sports and extra curricular activities, but the assurance of at least a passing mark should be worth the while.

There are several scholarships awarded each year by the state to those students who have the ambition and the will to study and make good in their work. These scholarships are given to the students who have an honor average in the state exams.
(Cont. next column)

Preparedness has a great deal to do with the result of these finals. Nilne has always won one or more scholarships and it's up to us to keep up the good work.

So, let's get to work and make a satisfactory showing.

Until next year, the Crimson and White bids a fond adieu, wishes you good luck in the quizzes, and a happy vacation.

## TO WHOM IT NAY CONCEFN

During past years, the Hudson River Day Line has run many excursions during the summer months for the schools, churches, and other organizations of the city to enjoy. As a rule, these excursions usually run to Kingston point, a spot about fifty miles down the river.

It has been our privilege for some years to participate in these excursions in conjunction with the other schools of Albany. However, each year the same question arises. Are we going to have such a hilariously good time that we will be deprived of an excursion for one or more years? A few years ago, because of the actions of a certain group of Milnites, we were prohibited from having an excursion, and great unpleasantness arose. Therefore, if there is to be an excursion next year, there must not have been anyone who was a discredit to himself, his family, or his school. I say "himself and his family" because if one is a credit to these he is usually a credit to his school, and vice versa.

As has been mentioned, we are not the only pebble on the beach, or to be more explicit, the only school on the boat. There are also many other groups which may or may not be pleasing to us. It stands to reason that we cannot have the whole boat to ourselves and that we must make allowances for others. There is dancing, plenty of space to walk around in, not enough to run, much opportunity to talk, read, or even study. There is, on the boat, a soda fountain, restaurant, candy stand, writing room, and so on. There is plenty to do without being too obnoxious.

At the point, there is a lunch stand, a merry-go-round, and plenty of benches. There is more chance to talk and read, and also time to go riding on wooden horses or go walking, if one is inclined that way.

Therefore, let us have a good time but not too good. Some people may not but the majority, as far as I know, do want an excursion next year.

Quotations at the regular quin meeting on last Tuesday were from the "Quotable quote" section in Reader's Digest.

## RENSSELAER DOWNS MILNE; CRIVSON AND WHITE LOSE 4-2 SIPPERLY IS BATTIVG STAR

Last Friday the Crimson and White team journeyed to Rensselaer where it suffered its first defeat in four starts at the hands of the home team. The loss can not be accredited so much to the opposine team as to Milne's inability to hit. Emery fanned five mon while his opponent on the mound rang up nine to his credit.

Foster Sipperly, a sophomore "Slugger," carried off the battery honors by धupping out two singles. Sipperly was the only Milne player to obtain hits while his team-matest bats swung in vain.

Several of Rensselaer's runs were caused indirectly by fielding errors. Captain Feldmen once more upheld the fielding record by turning in two unassisted double plays, a thing which seems to be his style this year,

## MILNE TENIIS TEAM TIE WITH ALBANY ACADEMY 3-3

The Milne High School tennis enthusiasts were thrilled last Friday, May 24, when Milne battled a strong Albany scademy team to a 3-3 tie. The match was played on the Academy courts.
