Council members discussed this in the next Council meeting and took a vote on it. The intjority thought that they should resign. The result is that if a Council member is sent out of class two times, he should either automataically resign, or be put out of office.

PROGRAM NOT YET DECIDED

The program for the Junior High School party has not been decided yet, according to the Student Council. Suggestions are being made by the home rooms, and as soon as they come in, the Council will decide on a program. This will be printed in the next issue of the JUNIOR NEWS.

The beginners Dancing Club has been discontinued. The menbers will join the Bramatics Club.

NEW TRAFFIC SQUAD STARTS ITS DUTIES DURING LUNCH

Wear Yellow and Blue Ribbons

On Tuesday, March 1, the newly formed Traffic Squad had a meeting. The Members were as-signed to their posts. They stand at various points on the way from Milne High School to the cafeteria in Huested Hall. The members pay perticular atten-tion to corners and stairways, where the pupils used to congest traffic more than at other points.

The members of the squad are working hard, and they hope that all the Milne pupils Will help them in stopping the rush and con-Mr. Brumer and a committee of gestion. State College students

PINS OR LETTERS

Should the Student Council members wear pins and school letters? Our opinion is that we should have Student Council pins. The reason for this is that if we had school letters we couldn't tell whether the pupils got the letter from basketball or other athletics.

If they had pins, we would be able to tell the difference if they wore the jins all the time. Another reason for having pins is that everybody doesn't wear sweaters to school. It is mostly the boys that do wear sweaters, and the girls wouldn't be able to wear them all the time. In getting pins everybody would be able to wear them at all times. The Senior High Student Council has pins which are very nice.

KNOW THE RULES

Have you ever been criticized for breaking a rule of the school when you didn't even know it was a rule?
Milne has very few rules, and we should all try to obey them. If we do, it is only fair that we should know definitely what they are. We think that the rules of the school should be posted at least for a short time on the bulletin board. If a new rule is made in the Student Council or in the Traffic

-

Squad, it could be added to the list. The Traffic Squad is doing good work, but often people are criticized when they don't even know what rule they are breaking. We are sure that fewer rules would be broken in Milne if the plan of informing the students by putting the rules on the bulletin board were carried out.

QUESTION BOX

QUESTION: Should the members of Student Council vote during the Council meeting as they think best, or should they vote as the majority of their home room people want them to?

C. ROLYN MATTICE: "I think the home rooms should discuss the school problems and instruct their representatives how to vote. In this manner the students of the school would be more fully represented in the Council."

EDWIN BLOCKSIDGE: "I thind the Student Council members should wote as their home room wants them to. Then everyone could expres his own opinion."

RUTH MANN: "These Student Council members are representing a home room and not themselves, and so they should give their home room's opinion."

JACK CHASE: "The most important problems should be discussed by the home room, because the home rooms should know what is going on in the Council."

VIRGINIA SOTER: "The home rooms should discuss the problems, be-cause then everyone would be more satisfied with the final results of the Council meeting."

THOMAS PARMAN: "The home rooms should tell their representatives how to vote. That would make the government! more representative."

NAVOJO INDIANS EXHIBIT THEIR WORK IN EDUCATION BUILDING

On Saturday, February 27, the Navoho Indians were tigain in Althony exhibiting their work inder the rotunda of the Education Building. We all remember their fine exhibit in our gymnasium at Milne last year.

For a number of year Mr. Berton I. Staples, adopted member of the tribe, has taken a group of Indians to various cities and showed and explained the original American art -- the handiwork of the American Indian.

A broad, smooth table of sand was spread on the floor under the rotunda. Squatting back on his heels, Chief Waske-naya, wise, wrinkled memdicine man of the tribe scattered his pigments of sand for the sacred painting. Straight as an arrow the lines grew into brightly colored designs guided by a long-experienced, unfailing eye. Mr. Staples in turn explained the picture of the symbolic religion and then it was destroyed. The Chief chanted a strange melody while throwing corn grains over it and then rubbed and mixed the colored sand in with the white with a stick and trampled on it with his feet.

Da-pah, the only one who speaks English, exhibited his silver work in a charming manner and explained it as he fashioned a ring or a spoon out of a few pieces of square silver and then stamped a significant design on with a designer which he made himself. The turquoise inlays are from rich ore deposits of the Southwest.

Te-ne-bah, the Woman who weaves, speaks no Word of English, and this is the first time she has ever travelled away from the Reservation in New Mexico. It was a wonderful sight to see her weave the balls of wool which she combed and carded herself into a beautiful symbolic design which is done by guess. The rug is different on each side. There is di design on one side, but on the other side it is just bands of the different colors.

Da-pah asked, "Where are all" the friends which I saw last year then I tas here"? He wished to be remembered to them.

HOME ROOM NEWS

Home room 130 had a meeting Wednesday! They decided
that when a Student Council member was sent out from classes
three times he should resign.
They had a discussion on the
Student Council. They thought
the members of the Council should
not get letters.

Here room 135 for the past week has discussed the questions about the Student Council. They decided that after a representative to the Council had been sent out two times, he should resign.

Home room 129 has studied for the last week. They have decided that they will read myst tory stories during the home room periods.

Home room 320 presented a play last Tuesday during the home room period. The name of the play was "The Three Ghosts". Christine Ades, Virginia Hall; and Elsbeth Fromm took the parts of the three ghosts. Edwin Blocksidge, William Emery, and Townsend Taggart took the parts of the three boys. "Robert Anderson was the father.

Home rooms 124 and 224 have been discussing whether Junior Council Members should have pins like the Senior High Council.
