Degrees being awarded today are followed by degrees awarded in August and December 1983 in each category listed above. Candidates for Degrees are listed as of March, 14, 1984. No changes in status could be made after that date.

Honors for May degree candidates were computed as of December 24, 1983 and required 56 or more A-E credits at Albany. Honors will be recalculated when spring 1984 grades are recorded.

Alma Mater

Commitment 1984

*College of the Empire State,
Mother of an army great,
Thou the moulder of our fate,
Thee we sing today.
Thine the hand with clasp so strong,
Holding, tho' the years be long,
Thou the burden of our song,
Thee we sing today.*

*Ways of pleasantness are thine,
Leading where in wisdom's shrine,
Joy and cheer and hope divine,
Ever dwell for aye.
Thine the voice whose call we hear,
Thine the hand which holds us near,
Thine the heart, so true, so dear,
Cherished, loved always.*

The caps, gowns, and hoods worn at college and university functions date back to the Middle Ages. Monks and students of those days wore them to keep warm in the damp and drafty 12th-century castles and halls of learning.

The gowns for the bachelor's degree, earned after undergraduate study, have long, pointed sleeves and are designed to be worn closed.

The holder of the master's degree wears a gown with an oblong sleeve, open at the wrist. The sleeve base hangs down, and the rear part of its oblong shape is square-cut. The gown may be worn open or closed. An alternate and older master's gown is also permissible. This gown is always open, has a long sleeve, which is square and closed at the end, and has a slit near the elbow which permits the forearm to come through.

Gowns for the doctoral degree may also be worn open or closed, but they carry broad velvet panels down the front and three velvet bars on the full, round, open sleeves. The velvet trimming may be either in black or the color distinctive to the field of learning to which the degree pertains.

Academic gowns for each level are black, although there are a few institutions which permit doctoral recipients to wear gowns of the characteristic institutional color, such as: Cornell, carnelian red with velvet trim and sleeve bars outlined in white; Harvard, crimson; Princeton, black with orange trim.

Academic protocol allows trustees, presidents, and marshals of higher institutions to wear gowns which are specially designed and colored. For example, the chancellor of one leading university wears an all-white gown with the seal of the university on each front panel. The marshal gowns at Albany are royal purple and gold.

Caps may be of serge, broadcloth, or for the doctoral outfit only, of velvet. The tassel is black or the color appropriate to the subject, except the doctoral cap may have a tassel of gold or bullion.

It is the hood that gives color and real meaning to the academic costume. The bachelors' hood is sometimes worn upon completion of the course, even though the degree has not yet been actually conferred. A black shell of varying size for the three degrees, and of material to match the gown, is silk-lined with the color of the institution conferring the degree. At Albany the institutional color is royal purple with gold trim. The hoods for the bachelors's and master's degrees are the same shape, while the doctoral hood is both larger and of a different style, having a flat panel at the back. The hood is bordered with velvet, of the proper width to indicate the degree and of the color signifying the field of learning to which the degree pertains.

It is important to note that the color of the velvet trimming on the hood indicates the subject to which the degree pertains. The "Bachelor of Science in engineering degree" should have the orange trimming of engineering, rather than the golden yellow of science. The Doctor of Philosophy degree requires dark blue because the degree designation does not necessarily identify the major field of study. If more than one degree is held, the gown and hood of the highest degree are worn. Holders of several doctoral degrees may make a choice of hood for any particular occasion. The colors indicative of the various fields of learning are as follows:

Arts, Letters, Humanities: white
Commerce, Accountancy, Business: drab
Economics: copper
Education: light blue
Fine Arts, including Architecture: brown
Journalism: crimson
Library Science: lemon yellow
Music: pink
Oratory (Speech): silver gray
Philosophy: dark blue
Physical Education: sage green
Public Administration, including Foreign Service: peacock blue
Science: golden yellow
Social Science: cream
Social work: citron
