THE WORK-WEEK IS GOING DOWN

The seven-member advisory committee of State officials appointed last summer by Governor Dewey to assist in a study of State employees' salaries is pictured at a recent meeting in Albany with members of the staff of the State Civil Service Department. The committee is now assisting in the conversion of some 76,000 jobs in State service to the 38-grade salary schedule adopted early this year as a result of the study. The new plan will go into effect October 1, retroactive to

April 1. Seated from left to right are: Lawrence B. McArthur, assistant director of classification and compensation; Thomas LaRosa, representing Senator Austin W. Erwin, chairman of the State Finance Committee; H. Wells Person, representing William H. MacKenzie, chairman of the Assembly Ways and Means Committee; J. Earl Kelly, director of classification and compensation; Joseph P. Ronan, executive assistant, Department of Public Works, committee chairman; Everett M.

Furman, deputy director, Division of the Budget; William S. Callahan, assistant director of business administration, Department of Mental Hygiene; Herbert F. O'Malley, Deputy Commissioner, Department of Taxation and Finance; and Harry F. Smith, director of personnel, Division of Employment, Department of Labor. Standing is David S. Price, principal personnel technician, Civil Service Department. Results on the pay plan are expected in August, with checks coming in October.

DON'T REPEAT THIS

Editor's Memo, Transferred to Joe Schechter

ONE OF THE early tasks that may face Joe Schechter, new NYC personnel head, is to ferret out just where the City's "spoils" jobs lie. This may be no easy task; for the roster of "exempt" jobs — those which openly go to policymakers, politicians, or experts — doesn't tell the whole story. The 500-odd posts in this category are not the entire top-echelon of City operation. In recent issues, Don't Repeat This has carried a full listing of the exempt jobs in the NYC service — a list that seemed respectably small in view of the fact that there are more than 200,000 employees. This column is still investigating. For example, here are two items: The City's civil defense agency is not listed in the roster of the Municipal Civil Service Commission as having any exempt jobs in it. Yet it is common knowledge that mayors have made appointments to that agency without recourse to civil service examination. . . . Also, it has been brought to our attention that various names of persons commonly suspected of holding exempt jobs are not listed.

This column sent out by reporters on a search to dig out the facts about these items. Here is the result, just as it was reported to the editor's desk.

MEMO TO THE EDITOR
In accordance with your instructions, I have checked to determine why employees of the New York City Office of Civil Defense named by the Mayor, are not listed in the rules of the Civil Service Commission as being in the exempt class. Here are the results. The State has provided that temporary emergency positions may be designated and filled without regard to the usual civil service rules. (Continued on Page 2)

EMPLOYEE ACTIVITIES

New York City

MARY C. GRIFFIN, supervisor of social work with the After-Care Service Section, Workmen's Compensation Board, NYC, until her retirement in September 1953, died June 24 at her home in Belchertown, Mass. Miss Griffin entered State service in 1928. A solemn requiem Mass was held June 28, at Holy Cross Church, Holyoke, Mass. Four former co-workers from NYC attended the funeral. Employees of the After-Care Service Section and other Workmen's Compensation Board employees sent flowers and contributed money for charity in memory of Miss Griffin.

Dannemora State Hospital

AT A RECENT election of Dannemora State Hospital chapter Howard J. St. Clair was re-elected president. Other officers re-elected were: Thomas Cummings, treasurer; Arthur Renadette, secretary; and Albert Poster, delegate. Raymond Downs was elected vice president, to succeed Donald Mitchell, and Charles Layhee was elected alternate delegate, to succeed Everett Peno.

In a contest for the presidency, Mr. St. Clair defeated Frank O. Hunt 109 to 83. Dannemora chapter has a membership of 273. There was no contest for any of the other offices. The newly elected officers took office July 1.

Manhattan State Hospital

MANHATTAN State Hospital chapter welcomes as new members the following employees: Rhoda Bigelow, Peter J. Ward, Gwendolyn L. Miller, Alfred J. Carroll, Sarah Hughes and Margaret Herz. Thirty-three employees went on the chapter bus ride to Jones Beach. Luncheon, bathing and the "Arabian Nights" made up a full day's outing of enjoyment and

What Happens to the Pay Of Non-Classified Aides Under the State Salary Plan?

ALBANY, July 5 — One of the big question marks in the new State salary plan, now being worked out, is what happens to those groups outside the so-called classified service? T. Norman Hurd, State Budget Director, supplies some of the answers. And here they are. **THE STATE UNIVERSITY:** Conferences have been held between State University officers and Budget representatives covering both non-professional as well as professional employees in all the university units. All present pay scales are under review. In addition, a study has been authorized to compare present salary levels with those of other State universities. Reallocation of certain specific faculty positions are underway.

The whole job is slated, as with other State employees, to be completed by October 1, but the results will be retroactive to April 1. One of the problems is that the present salary schedule, as provided by the Education Law, must be revised first to cover in the present emergency pay. This may result in some revision of grades or steps and increment provisions. **STATE POLICE:** Any rumors that State Police will not benefit, as such, from State pay increases this year are exactly that — just rumors. State trooper salaries and the pay of other employees are being reviewed by the Budget Division for possible upward reallocation. Mr. Hurd said: "State Police employees are being treated the same as all other State employees."

STATE ARMORIES: As with other groups outside the classified service, Armory employees come under the general survey of all State salaries. "We are seeking all pertinent information," Mr. Hurd said, "in regard to salary adjustments for Armory employees as well as for other special groups." There is no question that the salary adjustments for Armory employees will equal the adjustments of other employees earning similar rates of pay. It is expected that the so-called "special groups" will follow the pattern established for the State's classified service. (The LEADER will discuss the salary situation of legislative, judicial and per diem employees in a subsequent issue.)

entertainment. Group singing on the bus to and from Jones Beach filled the air throughout the trip. Refreshments were served during the ride and sandwiches and coffee were shared by all in the evening. The consensus was that everybody had a swell time.

Oldtimers in the hospital were saddened to hear of the recent death of Dr. P. Ross Haviland, director of psychiatry at Manhattan State Hospital in 1919. He was also first assistant physician at Brooklyn State Hospital from 1919 to 1937. The doctor was 74 and had retired from State service when death came.

The horseshoe teams continue to play tough games, and wish to challenge teams from the ward services and other departments. Two Grains of Sand Burfield and Dead Eye Ege are a couple of champs that are hard to beat both in pitching and score keeping.

The patients baseball team recently won a great game from Brooklyn State Hospital 8 to 4 at Brooklyn. The team has shown fine improvement and confidence. Good teamwork and coaching have paid off. Get well wishes are extended to the following sick employees: Nils Skunes, Bob Steele, Howell Essex and Mary Lyons.

Mt. Morris

MURRAY HILL, chapter, CSEA, was host to the Western Conference on June 26. Officers were elected, Irene Lavery receiving the secretarial post. After the business meeting, everyone enjoyed dinner and entertainment at the Leicester Casino. Augusta Squires is back after vacationing at Conesus Lake. Archie Benware, Ray Howe, Maude Schrier, Alice Mott and Ruth Hoffman have also returned from

vacation. On vacation now: Alice Ace, Patricia Stanley and Anna Poturnay. Wilson Rittenhouse has been on the sick list. The third floor staff entertained Dr. Perlmutter, who is leaving temporarily. Irene Lavery underwent surgery at Strong Memorial Hospital. All wish her a speedy recovery. Mr. and Mrs. Ben Hoagland celebrated their 25th wedding anniversary June 6. Belated, but nevertheless sincere, are best wishes to Dr. and Mrs. Judd on their recent marriage. Announcement has been made of the engagement of Joan Dagon to Kenneth Diehl. The employees of the diet department and the fourth floor nursing staff each gave a surprise party for Marialyce Kamp, who (Continued on Page 3)

competitive, non-competitive or exempt classifications of public employees. Rule 591D of the NYC Civil Service Commission covers the employment of such personnel "unique and peculiar to civil defense. Civil Defense jobs fall under this category.

Wonder what other jobs come under this category?

One Case Out of Many
As a typical case (and not because of any other reason) I have checked on the status of Mrs. Corinne H. Brown who, although not listed in the exempt class, has never taken a competitive examination for the job she holds in the NYC Welfare Department. Mrs. Brown's title is consulting examiner (welfare). She came originally from Chicago, in 1948, shortly after former Commissioner Hilliard, also from Chicago, took over. Hers was one of three non-competitive jobs created for Mr. Hilliard. She holds her job as a non-competitive employee, which means she never had to compete for it, although others holding similar jobs have gotten them through processes of civil service competition.

When I called the Welfare Department personnel office to check on another matter, I learned that the head of the Bureau of Personnel and Office Management and

acting director of the Division of Personnel is, believe it or not, Corinne Brown! You would expect of course, that the personnel office would be the bulwark of the merit system. This is in no way a reflection upon Mrs. Brown, who from everything I can learn renders competent service. The point to consider is this: The non-competitive class, abetted by the provisional category, may well be the hidden sanctuary of hundreds, perhaps thousands, of straight political appointments. If this is correct, then the relatively small number of exempt jobs does not represent the true situation at all.

One further point: The non-competitive employee gets the same rights and privileges as the competitive civil service employee. He is immune from changes under an incoming administration, as an exempt employee would be; cannot be dismissed without charges, as an exempt employee can be; and enjoys the other privileges of civil service security, just as a competitive employee does.

In short — it's a pretty good deal for the person who lands it! The whole subject certainly merits investigation. Shall I look into it, Boss? Or isn't this something for the new incoming civil service commission, under Joe Schechter, to probe?

You take it, Joe.

"Fed Up" With Dismissals, Congressman Introduces Bill to Protect U. S. Aides

WASHINGTON, July 5 — A bill designed to prohibit downgrading or dismissal of Federal career employees has been introduced in the House of Representatives by Congressman Joel T. Broyhill (Va.).

The bill (H.R. 9602) provides that "no person who has a permanent status in the classified civil service of the United States by virtue of having qualified therefor under normal civil service procedures shall be removed or suspended without pay therefrom, or reduced in grade or compensation in a reduction in force unless he has been found by proper authority to be incompetent, inefficient, undependable, discourteous, disloyal, subversive or otherwise unfit."

Said the Virginia representative: "I am fed up with this business of seeing Federal career employees with long years of efficient service out on the street because of reductions in force. The tragedy of this sort of farce is that one agency may be undergoing a reduction in force and dismissing workers with long service records while at the same time another agency across the street is increasing its force with persons who have never worked for Government before."

NYU to Assist City Aides In Study for Higher Jobs

A program of special evening courses for municipal employees in the metropolitan New York area will be offered by New York University's Graduate School of Public Administration and Social Service beginning this September. The courses will be taught by specialists from the top ranks of City governmental agencies.

The courses are designed to assist City workers in preparing themselves for increased responsibilities in their jobs as well as for promotional opportunities.

2 Rosenbergs Appointed by Monaghan

Samuel E. Rosenberg has been named chief accountant of the State Harness Racing Commission. Benjamin Rosenberg, an accountant on the staff of District Attorney Frank S. Hogan since 1946, was named deputy chief accountant. George P. Monaghan is Harness Racing Commissioner.

Samuel Rosenberg was an accountant under Governor Dewey when he was special prosecutor and district attorney, and under DA Hogan. He was chief accountant in the investigation of the State Police; worked with the U. S. Senate Subcommittee on Crime, and with Columbia County, N. Y., and assisted in the Roosevelt Raceway investigation of William C. DeKoning Sr. and others.

While with the New York DA's office, he participated in the garment trucking investigation, the "Lepke" Buckalter, "Gurrah" Shapiro garment industry racket,

the fish market racket, "Socks" Lanza, and the overseas cigarette service wartime racket.

Benjamin Rosenberg participated in numerous investigations of the underworld, racket operations and large-scale commercial frauds. His analysis of the complicated financial empire of Frank Erickson helped pave the way for conviction of the nation's top bookmaker. He was also active in the investigation of the college basketball scandal.

Nurses Seek to Protect Their White Uniform

The professional nurses don't like it, and they want to do something about it — although just what, they're not yet sure. Seems everybody is wearing white uniforms — soda jerks, grocery and bakery clerks, movie theatre matrons, beauty shop girls, and even the bigwigs of some social organizations.

The District 14 Nurses Association, which is part of the New

York State Nurses Association, feels that professional nurses must do something to retain their traditional trademark — the white nurse's uniform. Ethel G. Prince, executive director of the group, has sought some legal angle, but it seems there's nothing in the law to prevent anyone from wearing a white uniform.

Seek to Convince Public

So the nurses, 20,000 strong, have undertaken a public relations campaign with the purpose of restricting the head-to-foot white uniform to women in the nursing profession. They look forward to the possibility of getting legislation eventually. Taking part in the campaign are nurses in Brooklyn, Queens, Nassau and Suffolk.

Right now, the only identification the nurse has is the Red Cross insignia. Even the nurse's cap can be duplicated by anybody.

What It Means

We asked what does the white uniform mean, and were told it signifies cleanliness, comfort, and the tradition that stems from Florence Nightingale. Mrs. Prince points out that the public has a stake in this fight, too. For restricting the white habitment to the nurses would assure that the patient receives the trained care to which he is entitled, and would not be in the hands of an untrained individual.

The nurses are asking all who are not in the profession to refrain from wearing the white uniform.

The written test will count 60 per cent; training and experience, 40 per cent; plus weighted credit for service record and seniority.

The Test

The written exam will test: knowledge of modern methods and techniques in interviewing, counseling, classification, job analysis, placement and employer relations; knowledge of occupations and industries; knowledge of State and Federal labor laws and laws relating to the rights of veterans; knowledge of the provisions of the State Unemployment Insurance Law and other laws pertaining to employment in New York State; knowledge of the objectives and procedures of the Employment Service; knowledge of supervisory techniques, with emphasis on planning, training, directing and evaluating; ability to gather, evaluate and analyze data; ability to meet and deal effectively with others.

TWO QUESTIONS OUT ON NYC FOREMAN TEST

CSEA—A Brief History

The LEADER continues publication of the story of the growth and influence of the Civil Service Employees Association, since its inception in 1910. The chronological review of prominent activities, accomplishments and events of earlier years, appeared in previous issues.

1953

Association, following delegate resolutions of annual meeting, waged broad campaign for adequate and equitable salary adjustments; data assembled and presented to Governor and members of Legislature; facts presented to people through press, direct contacts by Conference and chapter committees, and purchased newspaper and radio advertisements; special booklet setting forth salary facts widely distributed; delegates convened in special salary support meeting; appeal at joint budget hearing.

Appeals of large groups, including attendants, stenographers and others, to State Classification and Compensation Division for higher salary allocations were pressed by Association.

Legislative program of Association included support of over 50 different measures designed to improve governmental efficiency and employee welfare.

Forty-third annual Association dinner held in Rochester; well attended.

State Committee on Social Security and Related Pension problems, of which president of Association was member, presented and secured passage of three measures making possible the extension of Federal Social Security coverage to certain groups not presently having public retirement system coverage. This opens way for extension of Social Security program through joint Federal-State action.

Association recommendations safeguarding fundamental merit system practices incorporated in measure.

Administration failed to act to provide appropriations for overall salary adjustments or provide funds for definite recommendations of Classification and Compensation Division for salary increases for stenographers and criminal hospital attendants.

Civil Service Law amendment, urged by Association, to provide full increment credit on promotion and safeguards as to salary status on reallocation or reclassification, approved by Legislature and Governor.

Association acting on factual data showing inadequacy of and inequities in State salaries, appealed to Governor to place salary matter on agenda of Special Session of Legislature; request solidly backed by Association conferences and chapters; Special Session held without attention to salary situation.

Governor Dewey on June 26, 1953, in answer to further requests of the Association for attention to the salary situation, directed the President of the Civil Service Commission to undertake through the Division of Classification and Compensation with the assistance of the Division of Personnel Research "an intensive study of any inequities which may exist in the classification of titles or in the allocation of existing titles to the salary schedule"; appointed a seven-member advisory committee of legislative and administrative personnel to assist in the survey; and invited suggestions of officers of the Association.

DR. JULIUS KATZ NAMED TO STATE TB POST

ALBANY, July 5—The State Departments of Health and Mental Hygiene have announced the assignment of Dr. Julius Katz, Albany, as Director of Mental Hygiene Tuberculosis Services. Dr. Katz has been director of the Bureau of Tuberculosis Control, State Health Department, since 1947.

The official verdict: These are the loveliest civil service girls in the Metropolitan Conference area. Left to right, Barbara Allen, Barbara Schmidt, Toni Bayer, Florence Fryling, Gerry Bandlow. They were chosen in a competition the finals for which were held at Jones Beach, during the annual meeting of the Metropolitan Conference.

Beauty Contest, New Officers, Bowling Awards, Free Use of Jones Beach, Make Metro Conference Affair Best Ever

The Metropolitan Conference has done it again, only bigger and better! The annual Jones Beach dinner, installation of officers, outing, beauty contest, and what have you, held June 26, more than met expectations, which were mighty high indeed.

More than 500 members, spouses, children and guests began the day-long round of activities with registration and installation of officers at the Marine Dining Room. The 2 o'clock dinner, at the Boardwalk Cafe, was highlighted by the presentation of trophies to champions of the Conference's bowling league, and by the beauty contest.

Barbara Allen of Central Islip State Hospital was crowned beauty queen, after keen competition. The eleven contestants paraded before the judges six times before they could agree to name Miss Allen THE beauty of the metropolitan area. The winner was determined by a point system.

Runners-up were: 2, Barbara Schmidt of the Division of Employment; 3, Toni Bayer, State Insurance Fund; 4, Florence Fryling, Pilgrim State Hospital; and 5, Gerry Bandlow, Creedmoor State Hospital.

The Queen received a wrist watch, Miss Schmidt received a matched jewelry set composed of necklace, bracelet and earrings; and Misses Bayer, Fryling and Bandlow received bracelets.

1,000 View

More than 1,000 "boardwalk superintendents" viewed the festivities taking place in the Cafe.

The contest judges were: Alex Falk, State Civil Service Commissioner; John F. Powers, president, CSEA; Dr. Charles Buckman, senior director of Kings Park State Hospital; Fred Clausen of the Long Island Daily Press; Mrs. Jeanne Sands of the Nassau Model Agency; and Maxwell Lehman, LEADER editor. Dr. Harry La Burt, senior director, Creedmoor State Hospital, helped Mr. Falk in the difficult task.

Alex Greenberg, bowling league chairman, presented the Civil Service LEADER Trophy to

Charles Mallia, captain of the State Insurance Fund team, grand champions of Conference competition. Joe Perilla, president of Central Islip State Hospital chapter, CSEA, received the CSEA Trophy for the Central Islip team, winner of the Long Island Division. The SIF bowlers, NYC Division champs, defeated Central Islip for the Conference title.

Charles Mallia accepted individual trophies on behalf of his teammates, and Ted Asher, captain of the Central Islip group, received the trophies for his teammates.

(Mr. Greenberg has announced a meeting of the bowling league at 8 P.M. on Monday, July 19, at the Mill Inn, Hempstead. Plans will be formulated for next year's competition. All chapter presidents in the Conference area are asked to send a representative to the meeting.)

The facilities of Jones Beach were placed at the disposal of the Conference members and guests, through the cooperation of Jones Beach officials and the Long Island Inter-County State Park chapter of the Association.

All participated in swimming, sunning, sporting and cavorting during the afternoon, and many remained for the extravaganza, "Arabian Nights," at the Marine Theater. The weather was ideal.

New Officers

New Conference officers were installed by CSEA President Powers. They are: Henry Shemin, chairman; Angelo Cocco, 1st vice chairman; Alex Greenberg, 2nd vice chairman; Edith Fruchthandler, secretary; and Joseph J. Byrnes, treasurer.

Mr. Byrnes took care of the financial matters; Miss Fruchthandler handed general arrangements; Mr. Greenberg, who is

chairman of the Conference's bowling league, presented the bowling trophies; and Sam Emmett, chairman of the beauty contest committee, presented prizes to the lovely ladies.

Guests Present

Among the guests were: Robert L. Soper, 3rd vice president of the statewide Association, and Mrs. Soper; Charlotte M. Clapper, CSEA secretary; Paul Hammond and Francis Casey, field representatives; Dr. Theodore C. Wenzl, former chairman of the Capital District Conference, and his family; Charles E. Lamb, president of the Southern Conference; Fred Krumman, president of the Mental Hygiene Employees Association; Sidney Alexander, past chairman of the Metropolitan Conference; Harold Herzstein, regional attorney; Eve Armstrong, president of Suffolk chapter; Vernon A. Tapper, of Syracuse; Isabel M. O'Hagen, former member of the CSEA Board of Directors; and Dr. Brown, assistant director of Kings Park State Hospital.

Special thanks is extended to John Carle, of the Jones Beach State Authority, and to George H. Siems and Mrs. Kathryn Cermes of the host chapter for the cordiality and hospitality extended to the Conference.

Miss Fruchthandler Lauded

Mr. Shemin, newly-inducted Conference president, paid special tribute to Miss Fruchthandler for her excellent handling of the details involved in putting the outstanding Jones Beach event together. Many of the guests, who were aware of the great energies expended in creating the successful affair, lauded Miss Fruchthandler, who had worked tirelessly for months. The result was one of the best Conference affairs ever run in the State.

Nassau Chapter Leaps Ahead With 1000 Members; Helen Kientsch Installed

HEMPSTEAD, July 5—Nassau employees have increased their membership in the Nassau Chapter, Civil Service Employees Association, from 250 to nearly 1,000—within two years time. The chapter is rapidly becoming one of the largest in the Association.

The group looks forward to pay raises and to a reclassification plan.

250 Attend

Cooperation with County officials is increasing; and this represents a forward step from the time—not very long ago—when chapter officers found it difficult, indeed impossible, to discuss their problems with the County. In fact, one of the top Nassau County officials, Deputy County Executive George A. Freir, was present to install the newly-elected chapter officers at a dinner-meeting held on Wednesday, June 30, at the Paraglide, in Hempstead.

The event brought out 250 chapter members, a remarkably

high percentage for such an event.

Helen R. Kientsch, of Meadowbrook Hospital, was installed for another term as chapter president. Other officers installed with her: C. Wesley Williams, Education Non-Teaching, 1st vice president; James O'Toole, Town of Oyster Bay, 2nd vice president; Walter Degen, Department of Public Works, 3rd vice president; Jean Makowski, Welfare Department, 4th vice president; Margaret M. Gibbons, Meadowbrook Hospital, secretary; Joseph Zino, Public Works, treasurer; James Treuchtinger, Welfare Department, financial secretary.

The Board of Directors consists of:

George G. Uhl, Education Non-Teaching; William Menche, Meadowbrook; William Speckardt, Public Works; David Cameron, Mosquito Control; Gordon Fry, Parks; Hugh I. DeGroot, Mosquito Control; Robert A. Schult, Sign Department; Dan Hoison, Oyster

Bay Unit; and for the County Executive Committee, Harry Meuschke, Oyster Bay Unit.

Culyer Is Toastmaster

Charles R. Culyer, field representative of the Civil Service Employees Association, acted as toastmaster. Data on Applications by Mail

If applying for State jobs, enclose 6-cent stamped, self-addressed 9-inch or larger envelope. Both the U. S. and the State accept applications if postmarked not later than the closing date. Because of curtailed collections, NYC residents should actually do their mailing no later than 8:30 P.M. to obtain a postmark of that date.

NYC does not issue blanks by mail or receive them by mail except for nationwide tests and for professional, scientific and administrative jobs, and then only when the exam notice so states.

The U. S. charges no application fees. The State and the local Civil Service Commissions charge fees at rates fixed by law.

State U. Aides May Go on TV, Get Paid for It

ALBANY, July 5 — Employees of the State University, including faculty members on all State college and institute campuses, may take pay for appearing on radio and television broadcasts under a new policy.

A special University committee, headed by Dean Hardy L. Shirley of the College of Forestry, has adopted a three-point "policy guide for individuals" in the radio and television field. The policy states:

"1. State University approves of staff members appearing on programs sponsored by non-profit educational, cultural or charitable groups.

"2. Individual staff members of the State University may appear occasionally as guests on commercially-sponsored programs and may receive honorariums, if offered, for such appearances. Staff members should consult with the unit head before such appearances.

"3. Individual staff members may appear on a continuing basis and receive honorariums from the station, on radio and television programs not commercially sponsored, provided such appearance has the approval of the unit head of the institution."

Salary Question Box

Questions about the State pay plan keep coming in. The LEADER will answer all questions from employees with the assistance of Henry Galpin, salary consultant of the Civil Service Employees Association, and of State officials engaged in determining salary matters. Of course, it is not possible to say what specific salaries of specific titles are, where these have not yet been announced under the complex new pay plan. Address queries to Editor, Civil Service LEADER, 97 Duane Street, New York City 7.

QUESTION: I entered State service in September 1941, and received my increment in due time. In April 1, 1952 I was raised from Grade 15 to Grade 17. Do I get the extra step in the new salary plan?

ANSWER: We cannot tell for certain. If your title was changed through reclassification and was a promotion, then you will not be entitled to the extra step. It was a reclassification if your title was changed. If your title remained the same, then you were reallocated upward and this will not adversely affect your right to the extra step. If you were reallocated you will get the extra step, provided you meet the other requirements.

QUESTION: My title is stationary engineer. I was appointed in 1948. Since that time my duties and responsibilities have changed a lot. My appeal to the Civil Service Department for change in title was denied. The administration officers here at my hospital tell me they are powerless because Albany won't allow any more senior engineers at this hospital. Can anything be done under the new plan to help me?

ANSWER: Yours is a reclassification problem. The new salary legislation directs that all positions be properly allocated and classified. However, your most direct remedy for this problem lies in the reinstating of your appeal for a change in title. If your duties and responsibilities have changed considerably, and if you are doing work at the senior stationary engineer level, you should be reclassified to that title in order to implement the basic labor policy of the State to pay equal pay for equal work.

QUESTION: I am a highway light maintenance foreman working for the State Department of Public Works. I have four men under me who are classed as per diem employees. Is their cost of living bonus incorporated into base pay?

ANSWER: All existing emergency increases have been frozen into basic pay scales for all State employees by the 1954 salary legislation. The per diem employees may receive pay adjustments under a separate salary bill that authorizes the Office of the Budget to make pay adjustments. Therefore we do not know whether or not extra pay based on length of service will be given those employees. They will not be entitled to the extra step increment of the new salary plan since they are not under this plan.

QUESTION: I am a bacteriologist in grade 14 of the old salary plan. This April, I received my third increment of \$168. According to the conversion chart, my new grade 14 salary increment will be \$214. From now on, will I receive my increment at the new or old rate?

ANSWER: We can not at the present time tell what your grade will be, and, therefore, do not know your new increment. If, however, your new grade should be G-14 the increment is, as you say, \$214, and that will be your increment step. In general (according to the general guide or conversion table), the increment steps in the new plan are larger than the old above new grade 5. Below new grade 5 they are smaller and grade 6 is the same.

Workers in Private Industry Forge Ahead

THE nation is pulling away from the 40-hour week, and 35 hours of work is becoming recognized ever more widely as the standard work-week. A report issued by the U. S. Bureau of Labor Statistics last week contains information which may ultimately—and perhaps swiftly—affect the working conditions of all civil servants. The report deals with New York City, but its purport is much wider, affecting employees of State, county, town, and village. It shows a continuing trend (a) toward a shorter work-week, and (b) toward higher wages.

Here is some of the specific information in that report:

More than 50 per cent of all women office workers are on a 35-hour week. As of February, 1954, 53.1 per cent were working the 35-hour week; 13.1 per cent work between 35 and 37½ hours a week; 19.2 per cent work 37½ hours; 2.9 per cent work 37½ and 40 hours; 10.7 per cent are on the 40-hour schedule. An additional 1 per cent work either less than 35 hours or more than 40 hours.

While the hours worked by male office workers were not analyzed, the Bureau makes the assumption that same trend toward shorter hours applies to men.

Along with the shortening of the work-week has gone an increase in pay; and employees get as much for the shorter work-week as they used to get for the longer one, or even more. The average pay of office secretaries is \$71.50 a week. In the past four-year period the average secretary's salary rose 14.4 per cent, as compared with a cost-of-living rise amounting to 3.4 per cent. Other average salaries for women office workers: stenographers, \$57; typists, \$49; filing clerks, \$45. Among men, the salaries shown were: senior account clerks, \$74 a week; order clerks, \$70.50; office boys, \$42.

In industrial plants, the same trend toward a shorter work-week is being felt, although not as strongly as in offices. One out of every five industrial workers is now working less than a 40-hour week.

The "fringe" benefits which were supposed to be so important an incentive in civil service are no longer so advanced. For example, the survey shows that nearly two-thirds of all private office workers get ten or more paid holidays a year.

And, of course, time and a half for overtime pay is the accepted practice in industry.

It begins to appear that civil service employees must have another look at their standards of pay, working hours, and working conditions. It is time they raised their sights.

A Desirable Appointment

JOSEPH SCHECHTER is a tough-talking, wiry, friendly, honest, hard-thinking little man. Those who have known him over the years as counsel to the State Civil Service Commission, and those who saw him in action on various NYC management projects, will attest that Mayor Wagner has acted with wisdom in naming Joe to revitalize the antique NYC personnel system. "Joe," incidentally, is the way he will be known to everybody, because one of his pleasantest qualities is the complete absence of pretension. While in the State service, Mr. Schechter was often called in by the Governor's office for advice and assistance on the preparation of legislation, even though he is a Democrat. On several occasions, he has shown great courage, standing for principle when it meant he chanced the ill-will of powerful groups. One of these occasions was the time when he opposed a reorganization

Host of 'Tough' Problems Faces Joseph Schechter As NYC Personnel Head

State Commission Man Takes Over High City Post

A host of tasks is crowding upon Joseph Schechter, who was sworn in last Thursday as Director of Personnel and Chairman of the Civil Service Commission of New York City. Mr. Schechter, who comes to the position from his post as counsel to the State Civil Service Commission, will need all his legal training and knowledge of the NYC personnel situation to cope with the problems before him.

He has stated that he plans to re-study the proposed career and salary plan as his first task, with the objective of ironing out the bugs in it and getting it into effect quickly. Mayor Wagner, too, has indicated that he wants full speed ahead on this project. It is probable that the new personnel head will advocate that the whole classification project be made a separate division of the Civil Service Commission, with its own director, following the State and the Federal plan. Board of Estimate action in the project is planned this week.

Many Problems

Facing Mr. Schechter and his colleagues, too, are these problems:

1. **Remodeling of the present bureau setup.** There is likely to be more emphasis on a positive recruiting program, and a modernized testing system.

2. **Personnel within the Commission.** With alteration of the bureau setup, some of the present bureau chiefs may be shifted; indeed, some may resign. Mr. Schechter is known to feel that whatever changes need to be made for maximum efficiency, must be made. However, every employee will be fully protected in his job rights.

3. **Budget and working space.** Mr. Schechter favors rates of pay that will attract and hold the finest personnel for the Commission. He is aware that some of the best people in the department have been snared away by State and Federal agencies simply because the City pays comparatively so little for the expert services it gets. He will make a determined effort for more budget. With this, will come the problem of better working space for Commission staff, and where necessary, increased staff in the personnel agency.

4. **Relations with other city agencies.** Mr. Schechter will become part of the Mayor's cabinet, since Mr. Wagner considers personnel matters of primary importance in City administration. As a man coming out of a civil service commission with relatively strong powers, Mr. Schechter may attempt to move toward a revision of the relationship between the new Personnel Department and the Budget Office. In this, he would have the strong support of the civic organizations, who have long felt that the Budget Office has made unnecessary encroachments upon the Civil Service Commission. Mr. Schechter will also act to set up personnel offices in every department, staffed by

competent personnel officers. He may have to move warily in this field, since this would mean treading on some toes in the operating departments.

One of the problems in this area that remains to be solved is labor relations. It is not yet clear where the jurisdiction of the Personnel Department and the City Labor Department meet and divide.

Mr. Schechter and his colleagues will have support from the office of the City Administrator, Deputy Administrator Gordon Clapp, one of whose functions is to watch over the City's personnel picture, has already conferred with Mr. Schechter, and according to reports, thaty "hit it off" well.

Gregory Named

Appointed with Mr. Schechter as a member of the Commission was George Gregory, Jr., formerly executive director of Forest Neighborhood House. Mr. Gregory, like Mr. Schechter a Democrat, had long been active in children's welfare activities, having served as executive director of Harlem Center Children's Aid Society, as a member of the New York City Youth Board, and as vice-presi-

dent of the Board of Directors, Day Care Council. He is an attorney.

The third Commissioner, Republican, had not been named at presstime.

Mr. Schechter's pay in the new position will be \$22,500 a year. This represents a jump of \$10,500 from his \$12,000 salary as counsel to the State Commission. Mr. Schechter's is a full-time position.

Mr. Gregory's salary is \$12,000 a year. The position is part-time, and will not prevent him from engaging in other activities.

Up until Mr. Schechter's appointment there had been speculation that Dr. William B. Ronan, dean of the Graduate School of Public Administration, New York University, would be the choice.

Schechter's Background

Mr. Schechter's service to the State Civil Service Department began in 1935 as an assistant examiner in the field of law. Following promotions to senior civil service examiner in 1937 and to associate civil service examiner and counsel in 1940, he was made counsel to the Commission in 1941.

He was born and educated in New York City. He received a B.S. degree from the College of the City of New York in 1922 and the LL.B. degree cum laude in 1926 from New York Law School. His admission to the bar of New York State followed a year later. From 1923 to 1927 he taught in the New York City schools, and after his admission to the bar he engaged in the private practice of law until 1935.

Drafted Vet Preference Law

In 1949 Mr. Schechter was appointed by Governor Dewey to the Committee to Draft Legislation on Veterans Preference. In 1950 he was employed by the cultural institutions of the City of New York to conduct a preliminary survey on classification, compensation and other personnel matters. During 1950-51, on leave of absence from his State post, he

Stop Headlight Glare! Actually See After Dark!

DO YOU DRIVE YOUR CAR AFTER DARK? Do you know that 4 out of 5 fatal smash-ups are caused at night . . . to SAFE, careful drivers who are trapped . . . blinded . . . and killed by the headlights of another man's car?

Here is the first full story of how you can completely avoid that blinding headlight glare . . . avoid those night driving accidents . . . how you can actually drive at night with almost full daylight safety!

How many times this month have you been completely blinded by the headlights of another car? How many times have you been blinded when you were driving 30-40-50-miles an hour . . . when you were in the middle of a dangerous intersection . . . when you were turning a sharp curve or corner? Yes, how many times this month have you been forced to trust your life—and the lives of your family—to a driver who doesn't even have the sense to dim his headlights?

These Accidents Can Be Avoided

Do you know that now you can avoid all these risks? Do you know that during the last five years over 70,000 drivers have found a new way to protect themselves against this headlight blindness? That these drivers have tested and proved an optical instrument that actually makes the brightest headlights as easy to take as dims! Here is that amazing story:

Five years ago, three of the country's top optical experts decided to tackle this problem of headlight glare. They immediately discovered that all of the common remedies were either useless or actually dangerous. These experts discovered that there was only one sure way to protect yourself against this blinding night glare—a piece of optically colored glass worn by you, yourself—that filters out the glare from these headlights in exactly the same way that a pair of sunglasses filters out the glare of the sun.

These experts discovered that scientists had developed such a glass—that many of the leading automobile manufacturers, such as Buick, Cadillac, Oldsmobile, Lincoln and Chrysler—were equipping their special deluxe models with special glare-resistant windshields. However, the cost of this glass on these special cars was necessarily \$20-\$50.

To avoid these costs these experts took this special glare-resistant glass and built it into a pair of Night Driving Glasses that could be worn by any driver. Since they eliminated all rays of glare, the experts called them RAYEX Night Driving Glasses. Here are some of the amazing results they discovered when they tested them.

This Is How Night Driving Should Be

1. WITH THESE RAYEX Night Driving GLASSES, you can look directly into the brightest headlights. You will see the headlights as pale amber discs—but you will

not see the glare. You could pass an entire line of fifty cars, and not even squint.

2. WITH THESE RAYEX Night Driving GLASSES your eyes will be protected against any intrusion of glare. They will not have to adjust themselves to constant flashes of light. You will actually be able to see better . . . clearer . . . and farther with them on than you could see without them. You will see dark objects more quickly. You will react more quickly to the pedestrian who darts out of a side street . . . to the dark bumps in the road that ruin your tires.

3. SINCE THESE RAYEX Night Driving GLASSES PROTECT YOUR EYES AGAINST STRAIN, you will not suffer from dangerous night driving headaches. You will be able to drive as much as 400 miles in a single night without feeling the slightest strain. You will not be tired after short rides. And, above all, tired, strained eyes will not cause you to fall asleep at the wheel. You may make even the longest trips with absolute confidence. ORDER TODAY! Use coupon below!

Proven By Over 70,000 Drivers

Before these glasses were advertised in this paper, they were distributed to over 70,000 drivers . . . volunteers who tested them under every possible sort of night driving condition. Here are the actual reactions of these drivers—their own, unsolicited experiences with these glasses. Perhaps they will help solve your night driving problems.

DO YOU EVER DRIVE ON THE OPEN HIGHWAY?

"On my trip to Denver last week, I must have passed at least 50 cars. Not one dimmed down his lights. If I hadn't had your glasses, I would have had to pull over to the shoulder, and wait till they passed by. As it was, I didn't even squint." —Mr. F. M. F. Bremerton, Wash.

DO CHILDREN RIDE IN YOUR CAR?

"I drive my little girl home from a country school during the twilight hours I was always afraid—either of the blind car lights from the other cars at that hour—or of hitting one of the other little girls on the streets. Now, thank God, I know I can see them. I wouldn't take \$100 for these glasses." —Mrs. L. G. Forest Hills, New York.

DO YOU GET NIGHT-DRIVING SLEEPINESS?

"Drove 112 miles after midnight without the slightest strain. Never felt so relaxed and confident in my life. Thanks!" —Mr. D. P., San Antonio, Texas.

DO YOU HAVE WEAK EYES?

"My husband has a cataract on his left eye and could never enjoy driving before

PROVE IT YOURSELF! MAKE THIS CONVINCING "LIGHT-BULB" TEST

When your RAYEX NIGHT GLASSES arrive put them on. Look directly into the strongest electric light in your home. You see the light . . . the glare is gone! Then test them again in your car. Look at street lights, headlights, under every sort of difficult night driving condition. If they do not do

GONE FOREVER! Blinding Headlight Glare—the number one cause of traffic accidents in New York today! Read this amazing story of how science conquered this "one unpreventable" accident!

He thinks your glasses are wonderful—says they're also good for protection against the sun." —Mrs. L. R. Elizabeth, North Dakota. (NOTE: We do not recommend the use of these glasses as sun glasses. They are as different as night and day. They have only one purpose—to protect you after dark.)

And here is the one fact that all of these drivers agreed upon . . . this is the way they would affect your night driving.

The very first moment you put on RAYEX Night Driving Glasses you enter into an entirely new world of night driving. There is no more blinding glare. Instead, the headlights of every car . . . every street light . . . every window you pass, are a soft amber yellow.

You'll notice immediately, that you are more relaxed . . . more confident about your driving, because you can actually see better and farther. Test these glasses against the first two or three cars you pass. Prove to yourself that you can see their lights . . . but there is no blinding glare. After that you will be able to totally disregard the headlights of any car coming toward you on the highway. You will be able to sit back and relax—enjoy your night driving as much as you do in the day.

Schechter Faces Many Crucial Tasks

(Continued from Page 6)

served as liaison executive and consultant for the headquarters staff of the Mayor's Committee, he made a study of the 16 NYC retirement and pension systems. This was published in 1951. He served as consultant to the Long Island Railroad Commission on employer-employee relations in 1951. He was appointed part-time consultant to the Temporary State Commission on Revision of the Civil Service Law in 1951.

He is a member of the American Society for Public Administration and the Civil Service Assembly of the United States and Canada.

Heard Appeals

During the period from 1938 to 1949, the State Civil Service Commission was authorized by law to hear and determine appeals from determinations of the Classification Division and to designate an officer to hear such appeals in its behalf. During such period the Commission designated him to hear hundreds of such appeals. His recommendations thereon were in all cases approved by the Commission.

In 1950 and 1951 while serving as liaison executive for the Mayor's Committee on Management Survey of New York City he rendered consultant service on policy matters relating to classification, compensation and personnel. He supervised the classifications and salary allocations of all legal and semi-legal positions which were covered in the Griffenhagen Study.

From 1937 to 1941 he served as expert legal examiner for the State Department of Civil Service and prepared and rated all legal and semi-legal examinations for positions in the State service and in the service of counties, towns and villages under the civil service jurisdiction of the State Civil Service Commission. From 1937 to the present he has served on many boards of examiners conducting oral examinations.

As counsel to the Department of Civil Service he has rendered opinions on legal civil service problems for the State Civil Service Department, agencies of State government, and more than one hundred local civil service commissions. He is thoroughly familiar with every phase of civil service in State and local jurisdictions.

Mr. Schechter took a leading role in drafting the new 1954 salary plans for State employees. He is a resident of New York City and an enrolled Democrat.

GOLF TOURNEY — Tee-off time for the fourth annual Civil Service golf tournament is 1 P.M. July 8 at the Schenectady Municipal Golf Course. Full established club handicaps will be used. Record turnout is anticipated. Aspirants for the Civil Service championships should see committee members, Elmer Wise, Bert Galvin, William J. Murray, David Price and Stanley Kollin, all Civil Service Department employees. The tourney is open to other State departments and agencies.

THANKS to Albany's Cradle of the Union celebration, State employees received an unexpected holiday Thursday, June 24, when Oscar M. Taylor, Civil Service Commission President, declared it a holiday starting at 2 P.M. The holiday was only for State offices in Albany.

LEGAL DEPARTMENT — Recent opinions by the State Department of Audit and Control affected these "local" matters:

* Highway Fund moneys may not be transferred to the General Fund to pay a town's share of Social Security for highway employees.

* Fees paid by applicants for an exam for a local position, when the exam is prepared and rated by State Civil Departments, belong to the State. Such fees should be paid over directly by local commissions. Refunds must be processed through the State Comptroller.

PERSONALLY YOURS — Margaret Anne McGuire, recently appointed director of the State Commission for the Blind, is a career employee with 25 years' experience in the social work field. Her farewell party, given by

Civil Service Department fellow workers, drew commissioners as well as employees.

Al Wehren, new Personnel Council "boss," has succeeded the Budget Division's popular Joe Crook as president of the State Public Administration Training Alumni group.

Top legal representative of the State administration attending all sessions or the recent Mayors' Conference at Monticello was Paul C. Reuss, head of the Law Department's Miscellaneous Bureau, and an expert in election law and Municipal problems.

BRIEFLY TOLD — Solomon S. Eisenberg is sporting the new title of senior attorney (really) in Audit and Control... Benjamin Shunfenthal has a non-competitive promotion to the title of associate mechanical construction engineer with the Housing Authority... George Bourke is now an assistant deputy clerk, Supreme Court, Appellate Division.

With the Thruway; James E. Igoe is head account clerk for the superhighway, a non-competitive promotion, while Harold F. Lee, Edward Cunningham and Joseph T. Grovenger have won non-competitive promotions as principal account clerks with the Authority.

Here's How They're Doing in Softball

Rochester State Hospital softball team has come upon winning ways, as members outslugged Sonyea 19 to 14 on June 26. Sonyea has yet to pick up a victory, and now has undisputed possession of the "cellar" in the Mental Hygiene Softball League.

The Willard State Hospital team defeated Buffalo State Hospital 11 to 8 on the same day, to break the first-place tie.

Willard now enjoys a record of three wins, no losses; Buffalo, two wins, one defeat; Rochester, one and two; and Sonyea, no wins, three defeats.

Steno, Housing, Clerk Lists Coming

The NYC eligible lists for housing manager, stenographer, grade 4, and clerk, grade 5, are expected to be released within the month, as a result of the Appellate Court ruling in the Dowling case, that candidates may not be eliminated from an exam because they fail Part I of a multi-part test.

The Civil Service Commission conferred with the Corporation Counsel last week, then announced it would not file an appeal. The Commission's examining division was ordered to proceed with rating of examinations in the three titles.

Trainees in State Service Begin Work

ALBANY, July 5 — A new group of State employee trainees and public administration interns went to work this week to learn about the operations of State government in on-the-job training roles.

The trainee and intern programs are administered by the State Civil Service Department.

Under the program just starting, trainees will join interns in formal training sessions in personnel administration, budgeting and other aspects of government administration. They will receive some training from their respective agencies.

Trainees were nominated by their respective department heads on the basis of superior work and talent. The selections were made by a committee appointed by Governor Dewey. Interns passed a civil service examination.

DON'T REPEAT THIS. Authoritative political analysis column. Read it every week, to keep ahead of the political news.

Looking Inside

By H. J. BERNARD

Following is the second and final installment of an article dealing with removal safeguards in the Federal service. The first installment appeared last week, issue of June 29.

Employees who can be fired upon notification are: (1) those serving under temporary appointment, (2) Presidential appointees who were confirmed by the Senate, except postmasters, (3) non-veterans in positions excepted by statute or in Schedule A or C, (4) non-veterans without civil service status in Schedule B positions, (5) veterans having less than one full year of current continuous employment, in positions excepted by statute or in Schedule A or C, and (6) veterans having less than one full year of employment and without civil service status serving in Schedule B.

Safeguards are provided for employees with civil service status serving in Schedule B. The procedures apply both to non-veterans and to veterans having less than one full year of current continuous service. For veterans this removal protection is temporary, since as soon as they complete one full year of current continuous service they qualify for additional removal protection.

For status employees serving in Schedule B, the removal must be for such cause as will promote the efficiency of the service, they must be notified in writing of the proposed removal and the specific reasons for it, they must be given a reasonable time in which to reply, their reply must be considered by the appointing officer, and they must be given a written decision containing the reasons

for the action and its effective date.

These dismissals cannot be appealed to the Commission except on grounds that the proper procedures were not followed or that the employees were victims of prohibited discrimination. The Commission can only recommend corrective action.

Additional safeguards are provided for veterans serving in positions excepted by statute or in Schedule A, B, or C who have had one full year of current continuous service. They must receive the notice of proposed removal at least 30 days in advance and the notice of final decision must include the information that they are entitled to appeal the removal to the Commission.

These veterans' appeal rights are broader, too. The Commission will review the sufficiency of the reasons as well as the prescribed procedures. The Commission's decision is mandatory on the agency.

ACTIVITIES OF EMPLOYEES THROUGHOUT NEW YORK STATE

Education

DR. LLOYD L. CHENEY, administrator of personnel and business management for the State Education Department, is retiring this month. Mr. Cheney was honored by a reception in Albany's Aurania Club, tendered him by his division staff. The well-known executive had been with the State 44 years. He joined the Education Department as editor in 1910. He later was appointed assistant commissioner for personnel and public relations. For years he edited "The Shield," national organ of Phi Kappa Psi. Before coming to State service, he helped organize the probation system of Syracuse. He is active in church affairs, and serves as an elder of the First Presbyterian Church.

Chairman of the committee appointed by Dr. Lewis A. Wilson, State Education Commissioner, to arrange the reception in Dr. Cheney's honor was Charles F. Forbes. Assisting him were Hazel G. Abrams, Ward C. Bowen, John G. Broughton, Marion H. Hemstreet, Frank P. Johnston, Karl G. Kaffenberger, Frederick J. Moffitt, Milton Musicus, John W. Paige, Clinton A. Reed, Lillian J. Reeves, Wayne W. Soper and Mrs. Anne D. Walsh.

Creedmoor

A MEETING of the Creedmoor chapter, CSEA, was held on June 23. The pension fund and the new salary increases dominated the discussion. Chapter officers urge larger turnouts at future meetings.

Plans for the picnic dance at the hospital picnic grounds are well beyond the planning stage. The Creedmoor War Vets have a great time all set up for the employees on the night of July 23. There will be a swell band and refreshments may be purchased at the dance. Donation is \$1 for the dance. Come on out and have a good time!

Jack Duffy, recreation supervisor, has asked us to thank Mrs. Rose Rubin and her committee. She and her wonderful group of women are members of the Jewish War Veterans Auxiliary, Post 57, Far Rockaway. These women have never missed a date in the last ten years to come out to the hospital and entertain the veteran patients on the grounds. Swell people!

Louise Bertolotti and Shirley Wagner are going to join the Air Force. We wish them lots of luck in the service. Miss Lichoray, Mrs. McGuckin and Mrs. Gurker are again the refreshment committee for the dance at the grove. These gals do a bang-up job on the cats! At the last meeting of the Vets it was voted to buy each of them a corsage. Sue is going to do an Irish Reel at the dance.

John Smith, Bldg P and Ralph Osman, Business Office are on vacation . . . It seems as if the only cool spot in town during the heat wave was in Geib's store, and a lot of the fellows came in there gasping from the heat. Tried to get Charlie and Dave to let us sleep there but they refused.

Laura Cilver is leaving the hospital soon to meet the stork. She has a date with him around the end of August. Congrats!

Mr. and Mrs. John Joyce, Bldg P, are celebrating their 19th Anniversary. Good luck, John, and we hope that the next nineteen are as happy . . . Gerry Bandlow was among the runners-up in the recent Beauty Contest which was held by the Metropolitan Conference. Her colleagues think she should have won but are pleased she got up there anyway. Jerry works in the Business Office, so all you guys who want to see what a real Beauty Queen looks like will have to find excuses to visit the Administration Bldg. Dr. Klier left on his annual vacation and plans to tour upstate New York and Canada. Have fun, Doc.

Lella Bartlett is back after a three weeks' illness.

A farewell dinner was given Elizabeth Atwell at the Six Minckleys-on-the-Ridge, where she was presented with a purse.

Mary Houghton, delegate to the Correction Conference, reports that although nothing definite was decided, she is confident there will be reallocations. William F. McDonough, executive assistant to the president, CSEA, was most interesting in his replies to questions.

If you have any news, please contact Lella Bartlett or Virginia DiLaura.

Sing Sing

SING SING Prison employees had an excellent turnout for the seventh annual Communion breakfast at the Rainbow Restaurant following the 8:30 Mass at St. Ann's Roman Catholic Church, June 20.

Guest speaker William J. Harnisch, corporation counsel of Scarsdale, a practicing attorney familiar with youth problems, gave an inspiring talk on the "Dignity of Fatherhood."

Acting Warden Louis J. Kelley and the Rev. Thomas J. Donovan, prison chaplain, spoke briefly and acknowledged their pleasure at the fine turnout. In a letter to the chairman, Warden W. L. Denno expressed his regrets at his inability to be with the group. He had been called to active duty with the U. S. Navy, June 19.

This breakfast is considered most successful inasmuch as the attendance was greater than in previous years. The reason for its success was the fine spirit of co-operation that prevailed among the committee in charge of all arrangements, the Rev. Thomas J. Donovan, Samuel DeDio, Fred J. Riekert, Richard Wagner, Thomas W. Wilson and George J. Muller, chairman. Approximately 75 employees attended.
