Attention, Camera Fans— Don't Miss 'LEADER' Offer

All thoughts seem to be turning to picture-taking. At least that's the way it looks at The LEADER office where the response to the sensational camera-and-film offer (\$33.95 value for only \$3.95) announced in last week's issue has been tremendous. We are now trying to assure ourselves of sufficient cameras so that no one will be disappointed.

Under the arrangements of the offer, a reader clips the reservation coupon found in the ad on page 9 and sends it in with \$1, then clip coupons from this and two other issues of The LEADER and sends these in with the balance of \$2.95. These coupons appear on page 2; that's where you'll find the coupon in this issue.

You will then receive the sensational Tynar vest-pocket camera, plus four packages of film, plus coupons that can be redeemed for an additional 48 packages of film when each is enclosed with a package of film for developing.

Many of our readers have asked if they may get more than one camera-and-film offer, to send as gifts. The answer is Yes (and it makes a swell gift!), as long as they last, but there is a limit of three such offers to a customer. If you want a gift offer, simply mark the box in the reservation coupon.

It's all very simple, as you will note from the details on page 9. Happy picture-taking days are ahead for you! But be sure you make your reservation today; don't take a chance of losing out on this sensational offer.

Time Limit for Filing Exam Appeals May be Reduced

ALBANY, May 19—Candidates in civil service examinations may soon have less time in which to serve notice of an appeal itself.

The State Civil Service Commission, in its session this week will consider the feasibility of reducing both time periods as a further extension of procedures designed to speed the entire appeals machinery.

In response to requests from the Civil Service Employees Associations the Commission at its last session agreed on new procedures for handling appeals themselves once they were received by the Department.

As described in last week's LEADER, this new plan involved placing time limits by which examiners and reviewers must complete work and spelling out the route appeals travel through the department until they reached

final action by the Committee on Appeals.

Now in Operation

A department memorandum signed by acting administrative chief William J. Murray has been sent to personnel concerned and the new procedure is now in operation.

In general it has the approval of the CSEA.

However, Association position on the new proposals has not been announced publicly.

Has 20 Days

As it now stands a candidate has 20 days from the time he received his examination result in which to request an examination of his paper.

Once he is granted this request and sees his paper he has another 20 days in which to perfect and file his appeal.

While an unofficial survey of

some top level CSEA members reveals little feeling one way or another on the matter of reducing the time in which a candidate may ask to see his paper, questioning of these same persons does show a strong opposition to any reduction of the second 20-day period for perfecting and filing the appeal itself.

Among the disadvantages pointed out was the fact that appeals on some exams, particularly law and other professional level titles, requires rather extensive research and even now the Commission sometimes grants extensions of time in which these appeals could be prepared.

At any rate, any action taken by the Civil Service Commission on the matter this week will be certain to interest all actual and potential candidates for competitive positions.

Big Push Urged to Build Association Membership

ALBANY, May 19 — While all previous membership records have been exceeded, Civil Service Employees Association headquarters this week urged accelerated action to meet the standards which have been set. "With summer coming on," said Joseph Lochner, CSEA executive secretary, "it becomes most important to push as hard as possible, both in the State and counties."

The next membership report is to be presented June 1, and Mr. Lochner urged all chapters to improve their standards. Total present paid membership stands at about 54,000. Below is a listing of chapter standings. The State chapters are listed by percentage; the county chapters by number of members. Four chapters have 100 per cent membership — all eligible employees belonging. Thirty-nine chapters hit better than 80 percent. And a total of 65 chapters have more than 70

percent of the eligible employees as members. Here's the complete breakdown:

Accused of Letting Air Out Of Boss' Tires, He's Fired

Attorney Thomas F. Hyland has asked the National Civil Service League to support the cause of his client, Paul F. Costello, discharged from his job at the Union Free School District 2, Hempstead. Mr. Costello's effort to get a court order of reinstatement proved unsuccessful.

Mr. Costello was accused of letting the air out of the tires of the boss's car. For only that, said Justice Francis G. Hooley in Nassau County Supreme Court, Mr. Costello shouldn't have been fired, but "the court may not interfere" with the discretion exercised by the Board of Education.

Whose Tires Were Deflated

Mr. Costello, a custodian, wasn't going to get back his job, if President Alva V. Snider of the Board could help it, because it was Mr. Snider's tires that were deflated. Mr. Snider says that he and another member of the Board caught Mr. Snider in the act. Mr. Costello had been denied a salary increase.

President Snider says that the deflation was an act of reprisal.

Mr. Costello held his job eleven years.

"He has been a satisfactory custodian," said the Court, "during his years of service, and there is nothing to indicate that he didn't perform the duties of his office properly. The punishment inflicted was excessive."

In the absence of proof that the Board's action was unreasonable, arbitrary or capricious, the Court felt it was powerless to act.

Mr. Costello denies that he deflated the tires. In fact, he's making a big point of his declaration of innocence in his appeal from a conviction of malicious mischief. President Snider had him arrested on that charge. A 30-day sentence resulted. Mr. Costello would like to appeal the defeat in the civil case, too, only, on his low salary, he doesn't know where the money is coming from. He feels that at stake is a civil service principle which the League should hasten to defend.

Last Chance to Join 55-Yr. Retirement Plan

ALBANY, May 19 — Jesse B. McFarland, president of The Civil Service Employees Association, advised all civil servants contemplating changing to the 55-year retirement plan, to do so immediately.

"Governor Dewey," said President McFarland, "has signed a bill extending the time of changing to this plan to September 30, 1952. This is the second extension which the employees of the State have succeeded in obtaining through efforts of the Association. However, this may well be the last extension.

"Those eligible to participate in this plan have had ample time in the past few years to make the change. It is not reasonable to expect the Comptroller to keep open this opportunity for conversion for an unlimited period. Therefore, I strongly advise all those employees who wish to convert to the 55-year plan to do so by September 30, 1952. If they don't do it, they may be sorry."

Public Hearings to Seek Suggestion on Changes In State Civil Service Law

ALBANY, May 19 — What should be in the State Civil Service Law? Two phases of this subject — the employee—State or local — will come up for public suggestion on Wednesday, June 18. On that date, beginning at 10 a.m. in the Assembly Chamber of the State Capitol, public hearings will be held by members of the Preller Commission (Temporary State Commission to Revise the Civil Service Law). The two areas to be covered: local civil service admin-

McFarland Discusses Merit System

MONTREAL, May 19 — Jesse B. McFarland, president of the Civil Service Employees Association of New York State, told the Civil Service Assembly of the U. S. and Canada, at its convention here, that the CSEA favored a one-man administrator of a civil service department, and also a separate Board in charge of non-administrative functions.

"The top administrator should not, of course, be chairman of the Board," said Mr. McFarland, stressing the need for separation of the administrative and the quasi-judicial functions in running a merit system.

Greater Promotion Opportunity
Mr. McFarland made the remarks as one of the audience at one panel. At another panel, of which he was a member, he discussed the full utilization of manpower in public employment.

"The objective is to get the most value out of the employees," said Mr. McFarland, "by making it possible for them to render maximum service and rise to positions of higher pay and responsibility, through promotion examinations. To this end, in-service training courses are vital and should be extended. There should be full utilization of skills, with full opportunity to rise."

The top jobs, being of a policy-making nature, are nearly always appointive. The panel, in general, felt that they should remain that way.

Tells of Merit Awards
Mr. McFarland was a member of another panel, held in conjunction with a breakfast. He explained how the New York State Employees Merit Award Board operates. Through this agency employees are rewarded, by cash and otherwise, for suggestions for improving State service and operating more economically.

"In every department of the New York State government that has adopted rewarded suggestions," Mr. McFarland remarked, "the merit award system has proved its worth and saved the department thousands of dollars a year."

Mr. McFarland was chairman of the resolutions committee of the convention.

He spoke highly of the hospitality shown by Montreal, whose Mayor spent an entire day with the delegates. Last year, when the Assembly met in Albany, the CSEA gave the delegates a breakfast and a cocktail party.

(Other news of the convention in next week's LEADER.)

Minimum age is 21. Maximum is 69.

Pay begins at \$2,771 and rises, in five annual increments, to \$3,571, while overtime pay is about \$550 a year.

The minimum experience requirement is one year in supervising or guiding girls, adolescents or women, and either high school graduation or one more year of experience. A satisfactory combination of training and experience, even though it does not expressly meet the foregoing requirements, may be accepted.

The exam is No. 6083 and the application fee is \$2.

Applications will be received until Friday, June 6. The written test will be held on Saturday, July 12.

Good moral character and mental and physical condition are required. Candidates must pass a medical test before appointment.

THRUWAY ASKS SPECIAL STATUS FOR TWO JOB-TITLES

ALBANY, May 19 — The State Thruway Authority has requested approval for exempt labor classification for the positions of charwoman and engineering helper. The State Civil Service Commission will consider the requests this week.

Philip Kerker is Named Public Relations Director for Civil Service Employees Assn.

ALBANY, May 19 — Jesse B. McFarland, president of the Civil Service Employees Association, announced the appointment, effective May 16, of Philip Kerker as director of public relations.

Mr. Kerker was appointed to the staff of the Association in January, 1951 as field representative, and in that capacity started several programs directed towards the development of better community relations for the Association. He was instrumental in building up the annual art shows for civil service employees which the Association sponsors, and in instituting the training program for "Leadership Development" which the Association is conducting in cooperation with the School of Labor and Industrial Relations of Cornell University.

Authored Manual

He also was the author of the "Manual on Chapter Organization," which the Association recently published, and has been active in developing the participation of the Association in various community enterprises such as the Albany Tulip Festival.

Mr. Kerker was born in Brooklyn, N. Y., and studied at the University of Michigan and Columbia University. He was an instructor on the staff of Columbia University from 1925 to 1930, and was assistant secretary of the Civil Service Reform Association from 1930 to 1932. From 1932 through

1935 he was on the staff of the New York State Civil Service Commission. From 1935 to 1939 he was assistant administrator of the Works Program Administration of New York State.

With Social Welfare

After serving two years as director of personnel and training of the New York State Department of Social Welfare, Mr. Kerker was appointed assistant secretary of the New York State Department of Civil Service, from which he resigned in 1946. During the war Mr. Kerker was with the Allied Control Commission in Italy, where he served as an aide to the vice president of the Commission.

Lectured at Princeton

Mr. Kerker has lectured on elementary government in Princeton University and served as the director of a displaced persons campaign for UNRRA in Wurtzburg, Germany.

He also reorganized the New York State Association for Crippled Children and served as an acting secretary of the New York State Welfare Conference.

During his varied experiences, Mr. Kerker has always emphasized the need of good community relations for an organization, followed through by use of the press, radio and other medium.

He replaces Meade Browne, who left the Association post to become executive secretary of the State Cerebral Palsy Association.

Audit-Control Orientation Course Prime Example of Employer-Employee Status

ALBANY, May 19 — A prime example of excellent cooperation between employee representatives and employer is a special training feature inaugurated in the State Department of Audit and Control. The course, initiated by Deputy Comptroller William J. Dougherty, is designed to give employees an orientation of the entire department. The employees feel that the information gained will have a two-pronged value: it will benefit the department, and it will benefit the employees in future promotion examinations. The course was arranged in conjunction with the Civil Service Employees Association chapter in the department.

Two Sessions Weekly

Sessions are held Monday and Wednesday evenings from 7 to 10 p.m. They began on April 28 and will continue through June 4, in Hearing Room 1, State Office Building.

The course provides a description of the work being done by each division and section to Comptroller J. Raymond McGovern's department. Typical session, for example on April 30, dealt with the Accounts Section; and delved into general ledger, reports, bank accounts, detail appropriation ledgers, warrant and check prepa-

ration, check protectographing and signing, revenue accounting, bank ledgers, bond ledgers, bank reconciliation, IBM expenditure accounting.

In this detailed manner, the work of a 11 units is described to the employees.

(NOTE: This is an idea which other departments might emulate. —Editor.)

Dr. Lang Leaves Mental Hygiene Post on June 1

ALBANY, May 19 — Dr. H. Beckett Lang, assistant commissioner of mental hygiene since 1941, will retire to private practice June 1 after 28 years in State service. He will continue his teaching affiliation at Albany Medical College, where he is associate professor of psychiatry.

Dr. Lang is a commander in the medical corps of the U. S. Naval Reserve and was on active duty from 1943 to 1947.

Prior to his appointment, Dr. Lang served on the medical staffs of Willard, Marcy, and Pilgrim State hospitals, and was superintendent of Buffalo State Hospital.

Callahan Named Personnel Chief of Mental Hygiene Dept., Replacing D. Shea

ALBANY, May 19—William S. Callahan, of Albany, has been named personnel director for the State Department of Mental Hygiene at a salary ranging from \$7,754 to \$9,394, Dr. Newton Bigelow, Mental Hygiene Commissioner, has announced.

Mr. Callahan placed third on a list of four successful candidates in a recent civil service examination for the post. He has been acting assistant director, but assumed his new title Friday.

Named to the assistant's job was Granvill Hills, of Hudson, a career employee of the Department of Civil Service Division of Classification and Compensation. His salary range will be from \$6,601 to \$8,231. Effective date is July 1.

Hills placed first in the examination for the director's job. As established by civil service, the exam could be used for appointments to either or both positions.

Succeeds Shea

As director of personnel for the State's largest department, Callahan succeeds Daniel Shea, of Albany, who held the post provisionally for several years until last fall. At that time Shea was named assistant secretary to the Mental

Hygiene Commissioner on a provisional basis.

All concerned figured in an examination for the same posts two years ago when Hills and William Killian, also an employee of Classification and Compensation, placed first and second, respectively.

Since the list did not contain three or more names, Mental Hygiene declined to use it and continued Shea and Callahan in the posts they had first entered as war emergency appointees in 1945.

Last fall Shea was named to the assistant secretary's job but continued to be directly concerned with personnel activities, even though at a lower salary. Callahan continued in the junior spot.

The list established last month showed Hills and Killian again in the one-two spots, with Callahan third and David Price, another classification and Compensation career man, in fourth position. Shea failed the examination.

As a result of Dr. Bigelow's announcement, Callahan assumed the top spot almost immediately and Hills will enter his duties in July when he will have completed work on which he is currently engaged by Civil Service.

Syracuse State School

MORE THAN 200 guests visited Syracuse State School for "Open House". They represented church groups, women's clubs, government and social agencies, Hospital and Health Departments and the women's auxiliaries of service clubs; in all about sixty organizations. Two hundred and twenty-five invitations had been sent out and a follow-up telephone call was made to over seventy-five organizations.

The guests were shown the academic and vocational training classes. The seniors of the Domestic Science Training class served tea and cookies, which they had baked themselves. The girls were dressed in their white uniforms with pink caps and aprons, and greatly impressed the guests by their poise and ease in their role as hostesses.

A tour was arranged to a girls' colony, a boys' farm colony and a boys' cottage at Fairmount. The entire trip took three hours, and all were pleased at the number of people who completed the tour and showed such interest in the training program.

All the employees entered into the spirit of the occasion with enthusiasm and good will. It was felt that Open House was a great success as it gave the public some idea of the program for the boys and girls.

Warwick State School

THE WARWICK State School chapter, CSEA, held the annual Service Pin Party on Saturday evening, May 10, in their clubrooms on the institution grounds. President James A. Grogan spoke briefly and then asked Superintendent Cohen to make the presentations.

The following chapter members were recipients of 20-year service pins: Edward F. Gibbon, Henry J. Beyers and John F. Kearns.

15-year service pins: Michael Fitzgerald, William Rawlins, Frank Green, James A. Grogan, Clifford Tomer.

10-year service pins: Marguerite Russell, Joseph Graham, Alfred Raponi, Frank Sisco, Taylor Dickman.

5-year service pins: Kenneth Quackenbush, Vincent DiRusso, Eleanor Collin, Leopold Collin, Sally Richardson, Jack Wolek, Patricia Nolan, John Scotto, Glen Catlett, Anibal Quinones, Joseph Green, Samuel Rowlands, Stanley Krzysczuk, William Romer, Rose Strain.

Superintendent Cohen extended congratulations to those employees receiving pins and spoke briefly on the importance of staff relationship with the boys sent to the Training School for rehabilitation.

Following the presentation, refreshments were served. In the center of the dining room was a maypole surrounded by tables. Pastel colors were used in the decorations with a profusion of early spring flowers adding to the at-

tractiveness of the dining room. A pleasant evening of dancing and singing followed and piano selections by Mr. Quentin Parker and John Logan with vocal selections by Chapter president Grogan as well as group singing.

Brooklyn State Hospital

THE BROOKLYN STATE Hospital Chapter, CSEA, wishes to call to the attention of all employees that there will be an open drive for Blue Cross subscription during the week of June 2-6th. Personnel from Blue Cross will be in the different buildings at designated hours to answer all questions by interested parties. Rates in the Chapter Group Plan will be for each 3 months: Family Plan: \$21.72—Husband and wife (without maternity) \$17.55; Individual \$6.84. Attention is called to all members in the Group that these will be the new rates effective July 15, 1952.

The annual party for Sister Mary Margaret, sponsored by the employees of the hospital, was held in the Assembly Hall on May 5. Mistress of Ceremonies was Miss V. H. Porter. Senior Director Dr. C. H. Bellinger gave an address of welcome. Among the speakers were Father Kenny and Father Joseph. Musical renditions were by Philip Mastridge, accompanied by Ira Fredericks. An excellent dinner was served. The chapter thanks Miss Bessie Duffy, Chairman of the Club, who worked hard to make this affair the great success it was.

Open house was held during Mental Health Week for the residents of Brooklyn and it was well attended.

State Sets New Rules Concerning Eligibles

WASHINGTON, May 19—The bill whereby 190,000 pensioned former U. S. employees would get their allowances increased up to \$324 a year was called up in the Senate, but no action was taken. Senator Olin D. Johnston (D., S.C.) said that he would call up the bill soon again. Failure to act was resulted from arguments that the bill is too important for limiting debate to five minutes per member. Senator Johnston, who favors the bill, agreed. He is chairman of the Senate's Post Office and Civil Service Committee.

Merit Postal Promotions
EFFORTS are being made to have the House Post Office and Civil Service Committee report out a bill for merit promotions in the Post Office Department. Now such promotions are made by personal or political selection, in many instances, though some employees do move up on merit. Bills would make merit the compulsory standard. One bill was introduced by Representative Christopher J. McGrath, (Bronx, N.Y.), another by Jacob K. Javits (R., Manhattan, N.Y.). Mr. Javits is working on Minority Leader Edward H. Rees (R. Kan.). Meanwhile Representative Thomas Murray (D., Tenn.), chairman of the House committee, has pigeon-holed the bills, so far as he is concerned. Efforts therefore are being made to override him.

Whitten Amendment
THE WHITTEN amendment, which restricts permanent appointments, is getting some support from NYC Representatives on the strength of arguments made to them by Representative Jamie Whitten himself. Mr. Whitten doesn't want any express language put into the amendment that would except the Post Office Department from its terms. However, the Senate has voted to change the amendment, granting the postal exemption. The language of the amendment, as adopted last year, is not clear, but seems to provide that permanent appointments could be made up to the number of permanent employees on the rolls of any agency in September, 1950. Postal employee groups want the doubt removed through postal exemption, so that the U. S. Civil Service Commission can authorize permanent postal appointments.

The number of temporary appointees in the department is staggering, postal officials reported, and cost more than permanent employees would.

Threat to Vacations
POST OFFICE Department employees are fighting a move in the Senate and the House to have annual leaves cancelled until the new fiscal year begins, on July 1. Such a postponement would interfere with many planned vacations. Other departments are having the same trouble. The argument that vacations would have to be put off is being made by several large departments, because of the failure of Congress to pass the supplemental appropriations bill. Without the funds, the vacations must be postponed, was the argument departments used, in an attempt to speed Congressional action. To date the argument has not proved effective. Deputy Postmaster General Vincent C. Burke put up the argument on behalf of his department.

Pension Shift for 400,000
ABOUT 400,000 U. S. indefinite employees, now under Social Security, would be included in the U. S. Civil Service Retirement System, with its far greater retirement allowance provisions but lesser survivor and insurance benefits, if recommendations made by a study staff of the U. S. Civil Service Commission are adopted. The Commission is weighing the report.

The Social Security contribution by employees is 1½ percent on up to \$3,600 pay, while under the Retirement System the rate is 6 per cent on all pay, hence the employees would have at least 4½ percent less take home pay. Most of them, their leaders say, favor having the greater allowance benefits open to them under the Retirement System. The House Post Office and Civil Service Committee, of which Tom Murray (D. Tenn.) is chairman, will open hearings this week on legislation to liberalize the Retirement System. One of the bills to be considered, approved by the Senate, would grant minimum pensions of \$36 for each six months of service between retirement date and October 1, 1952, with \$324 as maximum, or 25 per cent of present allowance, whichever is smaller.

Leave Is in Jeopardy

WASHINGTON, May 19—President Truman has taken a hand in the dispute over limitation on annual leave of Federal employees. He is reported to have requested the Senate subcommittee to eliminate the Thomas amendment on use of leave because it would end the accumulation of annual leave up to 60 days, as now authorized, and stop cash payments for unused leave when one terminates his Federal employment. Representative Albert D. Thomas

(D., Texas), says his bill would save the U. S. \$125,000,000 a year but would not prevent the future use of annual leave already accumulated. Representative Edward H. Rees (R. Kans.) denies that the bill would save the U. S. any money and insists that "it would rob many employees of the annual leave to which they're entitled."

Leading Senators Fight Bill
Annual leave is now based on number of years service less than three years, 13 days; three to 15 years, 20 days; more than 15 years, 26 days. Mr. Rees says the bill would hit the employees in the 13-day group the hardest.

The bill would require that annual leave earned during a calendar year would have to be used before the next fiscal year begins. Thus leave earned by December 31 would have to be used by the following July 1. Unused leave after July 1, earned during the previous calendar year, would be forfeited.

The House passed the bill, but in the Senate the measure is facing strong opposition. Fighting it are Senators Paul Douglas (D., Ill.); William Langer, (R., Dak.); and Olin D. Johnston (D., S. C.) The U. S. Civil Service Commission is backing them up.

Another objection to the bill is that its terms are not clear.

In the opinion of Comptroller General Lindsay Warren the Thomas rider approved by the House and now before the Senate would not affect annual leave earned up to January 1, 1952.

He did say, however, that the language of the rider is not entirely clear on annual leave accumulated prior to the enactment date, should the rider actually be enacted.

There is considerable opposition to the rider. The Senate may prove a stumbling block to its enactment.

ALBANY, May 19—The State Civil Service Commission at its April meeting approved the following policies governing the canvass of eligible lists.

A basic policy is to provide appointing officers not only with the names of qualified eligibles, but also of eligibles who will accept.

One method for carrying out this policy is the "central canvass" of eligible lists. When it is known which eligibles will accept and where appointment is desired, the matter becomes much easier.

When should a "central canvass be conducted?" It will be based on the following:

1. The number of names on the eligible list in relation to the number and location of existing and anticipated vacancies.

2. The geographic location of positions to be filled.

3. The geographic location of eligibles whose names appear on the list.

4. The number of agencies that are expected to make use of the eligible list.

5. The number and location of employees serving in the position on a provisional basis.

6. The feasibility of conducting a placement pool.

7. The degree of certainty that

Carton Wants Retirement Report Scrapped

John E. Carton, president of the NYC Patrolmen's Benevolent Association, announced last week that he would ask Mayor Vincent R. Impellitteri, Comptroller Lazarus Joseph, and Dr. Luther D. Gulick, executive director of the Mayor's Committee on Management Survey, to scrap the pension report submitted by Joseph Schechter. The report recommended that the minimum retirement age for police be made 45 and the present 25 per cent share of retirement allowance cost borne by the member of the police and fire forces be raised to 35 per cent.

Police pay in NYC, Mr. Carton said, is still 36 per cent behind the rise in the cost of living, and the reduction in pension contributions, granted last year, was instead of a pay increase then, which would have cost the City much more. He added that low pay has caused some police departments in the State to lose as much as 30 per cent of their personnel.

The age 45 minimum for retirement has been attained in practice, Mr. Carton added.

Asks Broader Coverage
"The average entrance age of the NYC policemen," added Mr. Carton, "is not 21 but 25."

The Police Pension Fund Law permits retirement after 20 years' service. Thus the average policeman is in his 46th year before he may retire, Mr. Carton went on. He noted that the average length of service is 27 years, which results in the average retirement age of 52.

He suggested that instead of policemen who are disabled war veterans being denied half-pay disability pension, as Mr. Schechter asked, that the same benefit should be given to all other City employees who are disabled war veterans.

FIRST PROMOTIONS MADE TO TRANSIT POLICE LIEUT.

The first appointments as promotions to lieutenant, transit police, NYC Transit System, were made by the Board of Transportation recently. Seven eligibles were promoted. The pay is \$5,400.

Now there are seven lieutenants, 44 sergeants and 476 patrolmen.

EXEMPT JOB FOR NYC APPROVED BY STATE

ALBANY, May 19—Resolutions from the NYC Civil Service Commission, putting the seasonal park helper title, Parks Department, in the non-competitive class, and adding executive manager, Brooklyn Borough President's office, to the exempt class, were approved by the State Civil Service Commission.

Don't miss the sensational camera-and-film offer on page 9. Value of \$33.95 for only \$3.95.

the list will be used to fill appropriate positions under other titles.

8. The nature of any specific instructions issued by the Executive Office relative to the eligible list.

9. The expressed desires of the agency or agencies concerned.

10. Whether the list was established under a title used for administrative purposes, but will be certified to classified titles.

Open-Competitive Lists

1. A list established for the specific use of one agency will not be centrally canvassed unless such canvass is requested by the agency concerned.

a. This same policy shall apply to eligible lists which will be used to fill positions in more than one geographic location within the same agency.

2. A central canvass will be made whenever vacancies exist or provisionals are serving in the title in more than one agency. However, where the list contains fewer than 25 names a central canvass will not be made unless contact with the agencies concerned indicates that such a canvass is desired.

3. A central canvass will be made of lists that carry a title used for administrative purposes, but are certified to fill positions under standard titles. In this category are lists such as Professional and Technical Assistant and Management Assistant.

4. When a list is to be used to fill appropriate positions, a central canvass will be made after the list has been initially certified under the title for which it was established.

Policies on Promotion Lists

1. A central canvass will not be made of a department promotion list unless expressly requested by the agency concerned.

2. A central canvass will be made

of each inter-departmental promotion list no sooner than 10 days after the initial certification of such list.

Note: A certification based on such canvass will not be made until at least 30 days have elapsed since the initial certification.

Central Recanvass of Eligible Lists

1. A recanvass will be made of a previously canvassed eligible list, if the salary for the title is increased after the initial canvass. A recanvass will also be made when an eligible list is to be certified to fill an appropriate or a lower grade position and this contingency was not provided for in the original canvass.

2. The recanvass of an eligible list supersedes all previous canvasses. This will be brought to the attention of eligibles on the canvass questionnaire.

3. All unappointed eligibles will be considered in making a recanvass of an eligible list.

4. A recanvass should be avoided, wherever possible, when a list is to be certified to fill a position at a location not included in the original canvass. When a recanvass is deemed necessary, only the higher ranking active eligibles should be considered.

Related Policies

1. When an eligible list must be certified before a central canvass is completed, the disposition of eligibles will be primarily governed by the result of such central canvass and not by the initial report of canvass. Such disposition may be modified, however, by the results of the initial certification. Conflicts in the responses of eligibles will be resolved by the Certification Section.

2. When a central canvass is conducted, no certification of the eligible list will be made until at least 5 business days have elapsed since the date that questionnaires were mailed to eligibles.

Governor Says 'No' To Special Legislation

SINCE the common custom is to slap down public officials for their actions which appear to violate the precepts of merit, it is a pleasure to record those deeds which advance the merit system.

Little noted in the vast accumulation of bills which the 1952 Legislature dropped on Governor Dewey's lap were a number which would freeze in certain jobs without the necessity of going through the rigors of civil service. Some of these measures would, no doubt, assist deserving political boys.

To Governor Dewey's credit, he vetoed the bills, appending vigorous statements condemning such special legislation.

One was a bill to provide permanent civil service status for certain favored employees of the City of Buffalo. Said the Governor: "Since the bill would 'freeze' into the competitive class temporary employees . . . it provides a standard other than merit and fitness for determining qualifications. . . ."

Two bills were put through to confer permanent competitive status on a confidential attendant to a State Supreme Court Justice. The Governor said: "Such special legislation violates the principles of the merit system."

Mr. Dewey took similar action with respect to the status of employees of temporary State commissions and others.

Every year a number of such special bills are put into the Legislature and as regularly they are passed and sent to the chief executive. Prior to Governor Lehman's time it used to be easier to get measures like these enacted into law. But he started, and Governor Dewey has continued, the policy of putting up the red light against such legislative tampering with the merit system.

Actions which help to strengthen civil service, ought not pass unrecorded. Governor Dewey deserves commendation for the forthrightness of his vetoes in this respect.

James S. Watson Will Be Sadly Missed

NYC has lost a valuable, conscientious public official in the death of James S. Watson, President of the Civil Service Commission.

A man of broad education, good judgment and rich personal charm, he guided the business-like manner in which the Commission conducted its hearings on qualifications, one of its most important functions. He himself said that the Commission sought to be fair but firm in deciding issues of qualification and eligibility. Under his direction, all three Commissioners sat in on such cases, a new policy, and he invested the proceedings with the dignity of a courtroom. He also strove, not without success, to reduce the number of provisionals on the City payroll. He expedited the most urgent examinations, tried to keep politics out of civil service, and otherwise did himself honor as President, as he had done while a Municipal Court Justice and as special counsel in the NYC Law Department. He was the very first Negro elected to membership in the American Bar Association.

President Watson not only had the wholehearted support of his staff, but their devotion as well. He was considerate toward the employees. But he could say No, when No was the right answer, with a gracious firmness.

He was appointed to the Commission a little less than two years ago and immediately elected President. He is sadly missed.

BASIC WAGE STATISTICS

Of particular importance to public employees, on fixed income, is the rise and fall of wage and price indexes. Statistics may look dull, but they have a very immediate influence on your purse. Because these data are basic, The LEADER will print the basic wage statistics once each month.

An examination of the statistical series below shows that there is continued upward pressure in hourly and weekly earning measurements. The Consumers Price Index, after a drop last month, has again started to climb slightly.

The new Wholesale Index is included in the series. It is interesting to note that for some time now, this index has been declining. It is probable that a continued decline of this nature will eventually be reflected in economics that hit closer home to the wage earner's pocketbook. There are continued growing signs that inflationary pressures are easing off, and just last week the Federal government lifted credit controls in an effort to bolster consumers' demand.

Legal Cases Affecting N. Y. State Civil Service

ALBANY, May 19—Below is an outline of court cases now pending against the State Civil Service Commission:

DOUGLAS v. CONWAY
Commenced October 4, 1951.

A woman was laid off from her permanent position of Unemployment Insurance Claims Examiner in the DPUI and is now on a preferred list for the position. In this proceeding she seeks to restrain the Civil Service Commission from certifying a new open competitive eligible list for the position of Unemployment Insurance Claims Examiner to fill expected vacancies in such position in the DPUI, and to enjoin the DPUI from making appointments to expected vacancies in such position from such new list. The petition alleges that the DPUI plans to make 158 permanent appointments to the position of Assistant UI Claims Examiner in the near future and that 39 of these appointments will be from the preferred list upon which petitioner's name appears, the remaining 119 being made from the new open competitive list. The petition further alleges that approximately 75 of the new appointees from the open competitive list will be disabled veterans and that, in the event of expected future layoffs, petitioner will be among those laid off first while such disabled veterans, although they have less seniority than petitioner, will be retained. The anticipated action of the DPUI in making these appointments is attacked under the general allegation that such appointments are unnecessary, arbitrary and capricious.

Present status: Awaiting argument at Special Term.

BRAUNSTEIN v. CONWAY
Commenced March 4, 1952.

SHEA and ADLER v. CONWAY
Commenced April 30, 1952.

These two court proceedings, now pending against the Commission, seek to nullify the recent open-competitive exam for hearing officer. The petitioners in the Braunstein proceeding are employed as provisionals in the position of Unemployment Insurance Referee in the DPUI, and those in the Shea and Adler proceeding are serving on a provisional basis in the title of Motor Vehicle Referee in the Motor Vehicle Bureau. The petitioners in these two proceedings allege that many of the questions in the open competitive examination for Hearing Officer did not pertain to the duties of Unemployment Insurance Referee or Motor Vehicle Referee and that such examination did not fairly test the relative capacity and fitness of the candidates to discharge

the duties of these two positions. Under the stays included in the order-to-show-cause in these proceedings, the Commission is temporarily enjoined from certifying the eligible list for Hearing Officer to fill vacancies in the position of unemployment insurance referee and motor vehicle referee.

CASHMAN v. CONWAY
Commenced March 12, 1951

The petitioners in this proceeding were laid off from their positions of assistant interviewer and assistant U.I. claims examiner in the DPUI and are contesting the retention of veterans in such positions with less seniority. The petitioners also seek to compel the Commission to designate a number of other positions enumerated in the pleadings as being similar or corresponding to the positions from which they were laid off and to require the Commission to certify their names from the preferred lists for appointments to vacancies in such enumerated positions.

Present status: A trial of the issues of fact has been held—now awaiting referee's decision.

GREY v. HOUSTON
Commenced February 26, 1952

This action is brought in an effort to set aside the determination of the Classification and Compensation Appeals Board which affirmed a decision of the Director of the Classification and Compensation Division denying the petitioners' application for reallocation of the position of Assistant Compensation Reviewing Examiner from salary grade G-18 to G-25, and of the position of Junior Compensation Reviewing Examiner from salary grade G-12 to G-19. The petitioners contest the factual findings of the Classification and Compensation Division, upon which the recommendations of the Director of Classification and Compensation were based, and also allege that the Classification and Compensation Appeals Board denied their application without any investigation or hearing as to the facts relating to their application for reallocation of their positions and, in making its determination, took into consideration the minutes of the hearing before the former Salary Standardization Board on the matter in 1949, and material furnished to that Board by the Director of Classification and Compensation, which material and minutes were (Continued on page 7)

WANTS SOCIAL SECURITY ADDED TO STATE PENSION
Editor, The LEADER:

I have received many letters and comments since you published my letter about Social Security for State employees in the Mental Hygiene Department.

Some writers seem to be confused about Social Security, unemployment insurance, and our present State pension plan. They think all State and local employees have unemployment insurance, but many of us have no other benefits than our pension. As good as this pension seems to be, it could be better, like a guaranteed minimum pension of \$1,200 a year.

Recently an employee said he would like to retire. He was told that on March 1, 1952 he would have 27 years in the service and would get a pension of \$85 a month. Is that a substantial pension after all those years? Could he live on \$85 a month? I must admit, though that this employee was working in the beginning at \$54 a month.

Here is where Social Security

would come in. Say this employee was 65 years old, Social Security would give him another \$85 a month. Then he would have a decent pension. This is why I favor Social Security being integrated with our pension plan. While we are young and working we don't feel the few pennies we pay for Social Security. When we reach age 65 the dividends those pennies pay are well worth while.

Unemployment insurance and Social Security are similar, but unemployment insurance pay is for a number of weeks and that's all. Social Security benefit begins at age 65 and continues as long as you live.

I don't want any benefits to interfere with our State pension. I want Social Security in addition to our pension. Then we would have something to look forward to in our retirement.

Question, Please

Effect of Temporary Job
IF I ACCEPT a temporary job, is there any way that it can become permanent? P. L. W.

Here's the answer: A temporary job can not ripen into permanency. To become a permanent employee, you must be appointed from an eligible list to a "probable permanent" or "permanent probational" job, depending on whether you're being appointed to a State, NYC or Federal job. Regardless of phraseology, the situation is the same: appointment to a job that is classed as permanent, and satisfactory completion of the probationary period. In NYC temporary appointments are those which can not exceed six months. Eligibles accepting such appointments are removed from the list for three months, except for certification to permanent vacancies in the department in which they are employed. There are four grounds on which an eligible may decline a "probable permanent" appointment in NYC, but the fact that the so-called permanent job appears to be of uncertain duration is not one of them.

Policewoman Exam
IN CONNECTION with the present policewoman exam in NYC, I would like to know how many eligibles composed the last list? Is the list used for any other jobs? P. O'R.

Here's the answer: There were 215 eligibles on the policewoman list, which was established on July 13, 1948. Thus the present list will expire in less than two months. The number who applied in the last test was 1,015, of whom 882 met the minimum qualifications. For the written test, 695 appeared, so only about one-third passed all phases of the exam. The policewoman list is appropriate for filling jobs as inspector of licenses, grade 2.

Vet Preference Repetition
MY SON-IN-LAW was told that, as he received extra points because of veteran preference, in his appointment to a State job, that he can not get veteran preference again in a promotion test. I thought I read in The LEADER that it is possible to use preference more than once.

Here's the answer: Point preference may be used once, and only once after January 1, 1951. However, it does not have to be used in any particular exam; a veteran may withhold the use of preference, for instance, for a promotion exam, on the theory that he may need the extra points more at that time, especially if he is near the top of an open-competitive list. The Mitchell Amendment to the State Constitution provides for the preference points, and for the use of such preference only once. Under the previous law, however, where instead of point credits, veterans were moved up on the list, disabled veterans first, non-disabled veterans next, there was no limit to the number of times that preference could be used. Hence anybody appointed or promoted with the aid of veteran preference under the old law is treated the same, under the new law, as a person who never received any preference before, and if the list was in existence prior to January 1, 1951 may gain primary preference, even now. In that way, point preference may be superimposed on primary preference, but never point preference upon point preference. The same is true in NYC and in the other localities of the State, as in the State jobs themselves.

candidates passed the fire lieutenant test in NYC?—L. K.
 Here's the answer: For the written test, 5,714 appeared; failure notices were sent to 5,258; the eligibles numbered 456.

Delayed Preference Claim
I WAS in the military service when an eligible list was established on which my name appears. I was discharged soon thereafter, on May 1 last. May I claim veteran preference now in a NYC or State test?—P. L.

Here's the answer: Yes. You would be governed by the point preference law, since evidently the list was established after January 1, 1951. Had the list been established previously, you'd be entitled to primary preference now, if prevented by your military service from putting in your preference claim.

Reinstatement Rules
WHAT ARE the rules in NYC regarding reinstatements? K.M.S.

Here's the answer: Within one year after resignation, the former employee may be reinstated to a position in the same or similar title. Any department head may make the reinstatement to any City Department, with the approval of the Municipal Civil Service Commission, but there is no inalienable right of reinstatement.

Patrolman Appointments
I WILL BE in military service, to last a few months, when the next patrolman certification will probably be made in NYC. I'd be among those certified. Will I be appointed immediately on my return from military service or will I have to wait until the next certification is made? P. E.

Here's the answer: The Police Commissioner, if he so desires, could appoint you in absentia. If he does not do so, then, if you're away when the appointments are made, you'd have to wait for the next certification. Incidentally, the present outlook is that there will be no patrolman certifications to the NYC police force until September.

NYC Promotion Test
HAS THE FINAL decision been rendered regarding eligibility in the NYC test for promotion to administrative assistant? J. J.

Here's the answer: No. Several appeals have been filed. The Civil Service Commission will consider them.

Five-Day Week
IN HOW MANY States do employees have a five-day week? L. M. C.

Here's the answer: In 31 States there is a five-day week. NYC will start on a five-day-week basis soon after July 1, but not for all employees, in the beginning. In State governments the hours range from 35 to 44 a week. New Jersey and Wisconsin have longer hours in the winter than in the summer.

Proof of Vet Preference
HOW MUCH time has a candidate, under the NYC rules, to prove his claim of veteran preference? E. J. O'M.

Here's the answer: Not less than three months from the date of filing his application. Active service in time of war must be proved, also honorable discharge, or discharged under honorable circumstances; residence in N. Y. State at the time of entrance into the armed forces, and residence in New York State, and U.S. citizenship, at the time of establishment of the eligible list. For disabled veteran preference, in addition, there must be proof of disability payments from the U.S. Veterans Administration.

New NYC Aides Won't Get Pay Raise

The present position of the NYC administration on granting the salary increases, effective on July 1, to those who enter City service thereafter, is not to include the increase. An exception would be made if recruitment difficulties required it. But the patrolman and fireman entrance pay will include the raise, under the present plan.

The new tack represents a shift. Heretofore, while the raise was not granted immediately, it was usually spread out in two annual installments after employees had attained their maximum under the annual increment policy.

The formula for the raise, as contained in the budget adopted by the Board of Estimate, is 12 percent on the first \$2,000, 6 percent on the next \$2,000, and 5 percent on the remainder, no increase to exceed \$500 and no salary to be increased beyond \$10,500.

Budget Director Abraham D. Beame announced that the computation of increases would be based on the July 1 pay, and therefore any increment that an employee would get on that date would be included in the computation. Thus, if an employee now gets \$3,300 and is entitled to a \$120 increment on July 1, his raise would be based on \$3,420, not on \$3,300. In this example, his raise would be \$330 a year, instead of \$320.

All raises will be granted to the next higher even \$5.

Fire Officers in Important Session

HAMMOND v. CONWAY

Commenced April 29, 1952.

In this proceeding a would-be exam candidate contests the determination of the Commission disqualifying her in the recent open competitive examination for employment interviewer. She attacks the Commission action as arbitrary, capricious and illegal. The announced minimum qualifications for the examination for Employment Interviewer required certain specialized experience in personnel work and specified that such experience must have been gained within the past ten years. The petitioner alleges that she had been employed as an Employment Interviewer in another state during the period 1937 through 1941, and also had served on a provisional basis in that title in New York State for more than a year prior to the examination. The Civil Service Commission disqualified her as a candidate in the examination on the ground that her previous service as an Employment Interviewer in another state had not been gained during the ten years immediately preceding the examination, as required

in the announced minimum qualifications therefor, and that her provisional service in that title in New York State could not be considered in determining her qualifications as a candidate in the examination.

Present status: Awaiting argument at Special Term.

The union promises to answer questions regarding the terms of the proposed agreement, what the employees would get if they sign it, the effect on rights under the Labor Law, and the possibility of a salary cut after July 1, if the work week is reduced to 40 hours.

NYC Rushes Hiring Pools To Fill 1,370 Positions Now Held by Provisionals

The NYC Civil Service Commission is making a strenuous effort to reduce the number of provisionals considerably, before the summer vacation period gets started. It has set tentative dates for holding hiring pools for eligibles on three lists. One of the lists wasn't out until Thursday, May 15, but the hiring pools have June dates.

The pools are held in Room 207 of the Commission's offices at 299 Broadway, and enable the eligibles to show up at just one place and shop around there for jobs in various departments that have openings. The departments' personnel directors, or their assistants, sit at desks, ready to grant interviews. This method, in abeyance for some months, saved time for both eligibles and city personnel officers.

Stenographer, Grade 2

The stenographer, grade 2, list was issued on May 15, and consists of 347 eligibles, for whom 408 jobs held by provisionals are waiting. However, some of the provisionals will be among the eligibles and will be able to obtain permanency. Provisionals got their jobs without passing any test and were appointed because there were not enough eligibles to fill all vacancies. This is the only list, among the three, with more vacancies than eligibles. The tentative date for the stenographer pool is Tuesday, June 3, at 9.30 A.M.

Typist, Grade 2

In the typist, grade 2, title there are 202 provisionals and the new list of eligibles contains 547 names. The tentative date for the pool is Tuesday, June 17.

Attendant

The attendant list is the largest of the three, with 2,697 names, and there are 760 provisionals

in that title and related titles. The titles for which the list is used, and the number of provisionals, follow: attendant, 133; messenger, 199; bridge tender, 35; watchman, 391. Other titles to which attendant eligibles may be appointed are caretaker, process server, gateman and ticket agent. The tentative dates for the attendant pool, covering all titles in which there are vacancies, are Tuesday and Wednesday, June 10 and 11, the only one of the three pools to be held on two days.

Seeks to Set Up Unit

The Commission is seeking permission from the Board of Estimate to set up a small unit for specializing on the work connected with pools. Some additional clerical help is requested. The Commission requested such inclusion in the budget, but the item is not in the budget as adopted. The Commission hopes to obtain the additional employees through budget modification.

Purposes Explained

The Commission notified eligibles of the purposes of a pool:

"The certification pool is intended to help you. By appearing you will avoid the loss of time and money that results from making repeated trips to this office as well as to various other City departments to complete the steps necessary for appointment. The certification pool combines all of these steps into one. Your appearance will permit you to complete the required medical test as well as the necessary appointment interviews."

The present starting pay of stenographers is \$2,350 total. Stenographer jobs exist in all five boroughs and in 30 departments. Eligibles have a wide choice of location. There are more stenographer jobs than eligibles.

Camp Counsellors Needed

First came the shortage of stenographers and typists.

Then, the shortage of nurses. Now, employers are faced with a scarcity of college-age men to work as counselors in summer camps.

This newest lack of young job applicants is reported by Miss Sara Kretschmer, supervisor of the camp placement unit of the New York State Employment Service, located at One East 19 Street, New York City.

The camp placement unit reported heavier activity this year,

with some 1300 job opportunities available as against only 574 applicants on file. As a result, she said, summer camp employers will continue their hiring activities at the camp unit through June.

Qualified beginners can expect to earn between \$100 or \$150 plus meals for the usual 8 weeks season, running from July 1 to August 26.

Experienced counselors command \$150 to \$450 a season depending upon their experience and skills. Skills most in demand are dramatics, out-door crafts, and nature study.

New York City

ON TUESDAY, May 13, Sol Bendet was installed again as President of the New York City chapter, CSEA. Installing officer was Charles R. Culyer, field representative of the Association.

The full roster of officers follows: Solomon Bendet, president; Al Corum, 1st vice-president; Max Lieberman, 2nd vice-president; Grace Nulty, 3rd vice-president; Joseph J. Byrnes, treasurer; Margaret Shields, recording secretary; Elvira Hart, corresponding secretary; and Michael L. Porta, financial secretary.

The chapter voted to contribute a \$25 prize to the Conference Art Show; went on record as favoring an increase in mileage allowance and hotel bills for employees on State work; compensatory time off for travel in the interest of the State.

Mr. Hollis revealed that 10 percent of this region is under the in-service training program, and that the program will be enlarged

as requests for additional training come in.

Mr. Bendet announced that the chapter will furnish technical advice to any department unit at any of its meetings.

Al Corum was named publicity officer. All State employees having news items are asked to get in with Mr. Corum at the Division of Placement and Unemployment Insurance, 40 East 59th Street, Plaza 3-4250.

The chapter anticipates that it will reach a membership figure of 4,000.

chapter, CSEA, was held on May 12 at the Hotel Nassau, NYC, and was well-attended. Bill Price, newly-elected president, was in charge. Mr. Price reviewed some of the chapter accomplishments during the year, making special mention of the rapid membership growth during this time. Al Greenberg, chairman of that committee, indicated that membership had risen to an all-time high and was expected to go still higher because of the drive now being made in connection with applications for Association group insurance. Miss Ida Amendola, co-chairman of the entertainment committee reported, to the satisfaction of all, that for the first time in chapter history, a dance had made a profit. She was talking of the successful affair held at the installation of officers on April 25. A vote of thanks was given to her and to Bill Dillon for their considerable effort.

A discussion was held in connection with the Group Insurance for which applications are currently being taken, and it was finally decided that the subject of increased permissive amounts for women members would be taken up at the Metropolitan conference to be held shortly.

Miss Amendola also advised the chapter of the formation of a Glee Club amongst Fundites. She indicated that a great deal of interest had been evidenced throughout the Fund and told of the plans that had been made. Bill Dillon will devote his talents to the group and it is certain that all who participate will derive from it many worth while benefits, not the least of which will be the fine feeling of satisfaction that one obtains from singing. All those who want to sing, and there should be many, should contact Miss Amendola or Bill Dillon.

The members of the Safety Service Department recently honored two well-liked members of their department, Edward Mann and John Maxwell. Both of these gentlemen were retiring and a dinner was held for them at the 69th Regiment Armory on April 30th. All who attended had a good time, and were happy thus to extend to Mr. Mann and Mr. Maxwell their wishes for good health and happiness for many years to come. Toastmaster was Eugene Schwartz. Owen McKillop was splendid in his comments on the wonderful good-fellowship that prompted the affair. All who attended were happy to see John Hennessy, a retired member, and wished him

well. Talks were given by John Marron, Andrew Stephen, John Quesal, Henry Bach and William Molen, who commented interestingly and agreeably in wishing good luck and good health to these retired members.

Condolences: Fundites extend deep sympathy to Evelyn Joseph of Claims upon the recent loss of her father.

Sports Items: The penultimate meeting of the Bowling League was held May 6. The first division teams were contesting for all positions in the standings except first. That position had been mathematically assured to the Orphans at the previous meeting. But the prizes for the other places still remain to be won and the boys were in there trying to knock down those pins. Such an easy thing to do! All you have to do is throw a ball down the alley and knock those defenseless pins down! But despite this some of the pins are perverse enough to remain standing and thus we have the basis for really interesting competition. Standings as of the May 6th meeting are as follows:

Team	W	L	Pts
Orphans	52½	34½	74½
Claims Srs.	49	38	64
Medical	44½	42½	61½
Accounts	45	42	60
Payroll	44½	43½	58½
Claims Soph	43	44	57
Safety	42½	43½	53½
Underwriters	40	47	51
Personnel	38½	48½	50½
Policyholders	35½	51½	50½

Individual high score honors for the evening went to Teitelbaum with a score of 207. Team high games went to Accounts with 852, Payroll with 896 and to Policyholders with 875. You can see from the standings that its a very close race aside from first place. At their next and final meeting the teams will meet in Position Week. They'll be doing their best, of that you can be sure. How many pins will go down is something else again.

The chapter softball team managed by Bill Ginsberg has been organized and is looking for opposition. There are plenty of open dates on the schedule and Bill is anxious to arrange for some games. Any other chapter or group which has a team should contact him. Now is the time to play ball so lets get those teams together!

Reminder: The Annual Bowling Dinner will be held on May 29th. All Fundites are welcome. You don't have to be a bowler to come. For a grand time see your Team captain for tickets.

Mr. Henry Shemin, chairman of the Art Show committee, announced that retired civil service employees as well as active ones (and their husbands or wives) may submit exhibits. Each artist is entitled to submit up to three works.

Prizes and Judges

There will be prizes up to \$50. Three eminent judges have been selected: Gordon Samstag, a nationally-known artist and director of the American Art School; Victor Candell of the Brooklyn Museum; and Jeffrey Levey, celebrated artist and teacher.

Civil servants may exhibit who live in any of the five counties of New York City, Nassau, Suffolk, Westchester, Rockland, Orange, Putnam (except employees of the City of New York).

The exhibition is scheduled to be held from June 4 through June 13.

All civil servants living in the area who do art work are urged to participate.

Fireman and Long List Of NYC Exams Coming

NYC has such a long list of exams it has to hold that it is finding difficulty in fitting them into an early enough schedule.

The fireman exam, which opens next month, will restrict the other exam openings to 25 or less, although the Municipal Civil Service Commission could get started with 70 exams, if facilities existed.

Because of the pressure, the clerk grade 2 exam, one of the most popular, probably will not open until September, said Samuel H. Galston, director of examinations. This exam, open to both men and women, ages 18 to 69, is expected to produce a larger number of applicants than any previous clerk, grade 2 test in NYC in the past decade.

Big Fall-Winter Schedule

The Commission last week approved the requirements for 10 more open-competitive and 19 more promotion tests. These, too, will be fitted into the schedule as soon as possible.

The Commission doesn't want to open many exams in July and August, saying that it seems unfair to do so because so many persons are then on vacation. However, the September, October and November schedules are certain to be crowded.

The 29 instances of approval of minimum requirements follow:

Staff Honors Memory of J. S. Watson

As an expression of esteem for President James S. Watson, who died on May 9, the entire staff of the NYC Civil Service Commission took up a collection for the benefit of his favorite charities, the Wiltwyck School for Boys and the Hope Day Nursery. President Watson's family requested that flowers be omitted at the funeral.

President Watson died of a heart ailment. He suffered an attack a year ago and was away from his desk for about six weeks, while evidently recuperating. He had been attending to his official duties regularly since last November.

He started in city service in 1922 as special counsel in the Law Department. He was elected a Municipal Court Justice, and took that office on January 1, 1931. He remained on the bench until appointed a Civil Service Commissioner by ex-Mayor Wm. O'Dwyer on June 1, 1950. He was elected President the same day.

Judge Watson was born in Jamaica, British West Indies, 70 years ago. He came to this country in 1905 and attended night sessions for three years at City College. He got his LL.B. degree at New York Law School in 1913 and was admitted to the Bar the next year. For eight years he engaged in the private practice of law, then accepted the Law Department appointment.

Royal Decoration

He was to have been decorated by the late King George of England as a Commander of the Most Excellent Order of the British Empire, in recognition of his welfare work on behalf of residents of the British West Indies, but the King's death caused the actual conferring of the award to be ordered postponed until after the period of mourning for the King. Last week, because of Mr. Watson's death, the award was conferred posthumously. Mrs. Watson, the President's widow, accepted it. Also surviving are four children.

Mayor at Funeral

Mayor Vincent R. Impellitteri headed the officials who attended the funeral services at St. Martin's Protestant Episcopal Church. Other officials present included Deputy Mayor Charles Horowitz, Manhattan Borough President Robert F. Wagner, Jr., Police Commissioner George P. Monaghan, former Police Commissioner Arthur W. Wallander, Hospitals Commissioner Marcus D. Kogel and Health Commissioner John F. Mahoney. A delegation was present from the NYC Civil Service Commission.

About 2,000 attended the services in church. About 3,000 more were outside, where they heard the services through a public address system.

Bishop Charles Boynton recited the prayer and litany. Representative Adam Clayton Powell and Dr. John H. Johnson, the church rector, read Biblical and other sacred passages honoring the dead.

946 Pass Test for Motorman Promotion

Of the 1,555 candidates who took the written test for promotion to motorman, NYC Transit System, 946 or 61 per cent passed, and 609 or 39 per cent failed. A qualifying performance test will be given to the 609.

Henry Feinstein has received a charter from the International Brotherhood of Teamsters to organize New York City employees. The organizing campaign got under way this week; and in prospect is one of the bitterest struggles yet experienced among employee organizations in the City, with Mr. Feinstein now pitted against the union of which he was formerly a part, the American Federation of State, County and Municipal Employees. Both unions are in the American Federation of Labor. A personal element has crept into the situation, with Mr. Feinstein accusing two AFSCME functionaries—International President Arnold Zander and general representative Jerry Wurf—of hampering organization of employees. Mr. Wurf had expelled Mr. Feinstein from the AFSCME. There had been antagonism over the jurisdiction of District 37, of which Mr. Feinstein was president, and that of the parent body. Now, with the powerful Teamsters union behind him, Mr. Feinstein prepared for a new phase in the battle for City employees. Mr. Feinstein opened his battle with announcement of a specific achievement. He negotiated an agreement with the Budget Di-

rector's Office establishing a salary change for Basin Machine Operators, raising them from \$3500 to \$4095. This is a group whose title had been changed last year, Mr. Feinstein says, through his intervention, from auto engine-man, paying \$2400 minimum. In another salvo at Mr. Wurf, Mr. Feinstein charged only 20 percent of the laborers involved have signed acceptance of a wage agreement negotiated by the representative of the AFSCME and Comptroller Joseph. Mr. Wurf, on the other hand, considers this agreement one of the top achievements affecting this group of employees, and has held that it represents the best deal, "giving a sum to the laborers which no one had anticipated could be won." Mr. Feinstein's charter has been issued in his name and in the names of six other officers: Michael V. Mirande, Fire Department civilians, vice president; Jesse Krauss, Surrogate's Court, recording secretary; N. C. Yaeger, Board of Transportation, secre-

tary-treasurer; and three trustees—Murray Blum, Water Supply, Gas and Electricity; Thomas Carmody, Hospitals; George Winkler, Hospitals. **Letter to Employees**
 In a letter to City employees issued last week, Mr. Feinstein said: "It doesn't matter whether you're an engineer, a doctor, accountant or rank and file worker in any title—you belong with a union that has its eyes on a sound objective—to better your standards of living by increasing your earnings and reducing the hardships of your labors... We repudiate Zander and the AFSCME... We have joined the most powerful union in the world." Mr. Wurf's comment on the Teamsters charter was this: "The big majority of the membership remained loyal to our union. Feinstein is running all over the lot. He won't get far with the Teamsters' charter!" And Mr. Feinstein's answer. "Sour grapes. Mr. Wurf was never so scared in his life."

Sanitation Dept. Is Asked To Order Union Election

Stanley B. Krasowski wrote Sanitation Commissioner Andrew Mulrain, asking that an election be ordered in the department, to decide which single union shall represent the NYC sanitation men. Mr. Krasowski complained that the competition among unions doesn't help to remedy the plight of the men and, although he didn't tell the Commissioner so, feels that the union of which he is president, 111-A, Building Service Employees International Union, would win the election. Mr. Krasowski wrote to John DeLury, president of local 831, International Brotherhood of Teamsters, asking him to agree on the holding of an election. Mr. Krasowski set a time limit, but Mr. DeLury didn't reply. Both unions are in the AFL. Now Mr. Krasowski thinks the Commissioner should take a hand so that present confusion and conflict would be eliminated, especially as he feels that with one union representing all the men, gains could be achieved more successfully.

Bill Asks NYC To Vote Funds For Minimum Pensions

Since no provision is made in the NYC executive budget for raising minimum pensions in line with the Constitutional amendment approved by the voters last November and the enabling act passed by the Legislature, Councilman Edward Vogel has introduced a bill under which NYC would follow the pattern set by the State. The State made the increase obligatory on itself and on local governments that are employer members of the State Employees Retirement System, and the State Teachers Retirement System. The State formula calls for increases up to \$300 for those receiving less than \$1,200 a year. No pension would be increased beyond \$1,200 and pensioners must have retired prior to January 1, 1952 at age 60 or over and after at least 15 years' service, except for disability retirement cases. No benefit would result unless the present allowance is less than what \$40 a year would produce over the number of years of service. "Pittance pensions have been a plight to too many public pensioners for too long," said Mr. Vogel. "The City could not in good conscience ignore their plight." Federal, State and City governments combine to provide public assistance to persons in this income range; the Vogel bill would do less, but avoid the public relief basis. The cost would be: NYC Employees Retirement System, \$750,000; Sanitation Department, \$400,000; NYC Teachers, \$375,000; NYC police, \$75,000; NYC fire force, \$40,000; total, \$1,640,000.

Manhattan State Hospital

A REGULAR meeting of the Manhattan State Hospital chapter, CSEA, was held in the fire-house lecture hall on Wednesday, May 14. Those who attended and witnessed the installation of officers were impressed, by the simple ceremony delivered by Charles D. Culyer, Association field representative.

The meeting was conducted informally, refreshments and buffet snacks were expertly dispensed by Ewald Schroder. Among the interesting subjects discussed were:

1. Further action to be undertaken in regard to securing free toll privileges over the Triborough Bridge for non-resident employees. It was decided that a special meeting would be held in June, at which time the Association counsel, Harold Hertzstein would be guest speaker and all car-owners interested would be present. Purpose of the meeting would be to have concerted action in bringing this problem to a satisfactory conclusion.

2. The female home fire claimants will receive further instructions during the week of May 19 from Association Counsel John J. Kelly, Jr. Mr. Kelly will visit the hospital and all claimants will be notified.

3. The outcome of the 5-day week for State employees was discussed at length.

4. The attendants' reallocation appeal was covered by Mr. Culyer, and at present the matter is before J. Earl Kelly, Director of Classification.

5. Sickness and accident insurance as well as the group life plans were explained, and queries were answered.

6. Membership stands at over 450. Ways and means of introducing new members were discussed and new procedures will be followed in the future.

The Chapter wishes to express its appreciation to the Hospital administrative officers for their splendid assistance in making the meeting a success. Special credit is extended to Arthur Gillette and William Oshinsky.

The workshop conference for nurses will be held at Manhattan State Hospital starting with a group of 90 to 100 on May 26, the second group will start on June 2. The subject is Dynamics of Interpersonal Relationships. Representatives from Creedmoor, Pilgrim, Brooklyn, Psychiatric Institute and Manhattan State will attend. The Conference is sponsored by the Mental Hygiene Department.

Great interest is being shown by the Chapter members in the Art Show sponsored by the Association and Metropolitan Conference. We understand several employees from this Hospital have already sent in their works, and others are readying theirs. The chapter unanimously voted to donate the \$10 towards the prize fund.

Mrs. Nora Shea wishes to extend her deep appreciation to those who sent the wonderful Mass cards, get-well-cards and flowers, during her illness. Needless to say they were better than medicine.

Among the sick employees, we find Mary E. Campbell, popular Librarian, Louise Montgomery, Lilla Holland, and Margaret Connors, all swell ward employees.

John Daly, son of former employee Bill Daly, recently passed away. Phil Krauss former roofer, who retired a short time ago, died May 11. The chapter officers and members express their deepest sympathy to the families of both deceased.

After a bountiful repast, an interesting program and evening of dancing was enjoyed by the bowlers and their ladies. The league officers for the ensuing year were introduced with Robert Parker as president; William Pollock, secretary and Lawrence Fitzpatrick re-elected treasurer taking their bows.

This was a highly successful social event bringing to a grand climax, a most competitive season. Everyone is still talking about the swell job performed by Warren McMillan as Toastmaster. He was ably assisted in keeping the program running at a sparkling pace by Dr. Ross Herold, ass't director, who with Mrs. Herold were the guests of honor. Dr. Francis C. Shaw, Director and Mrs. Shaw although extended invitations, found it impossible to attend due to other commitments.

The Dannemora Riding Club sponsored a dance recently which was a social and financial success. Among the committee members who worked hard to make the evening an interesting one, were such D. S. H's as Lawrence Fitzpatrick, Robert Cane and Luther Mattoon.

With Edgar Kennedy as chairman and ably assisted by our own Herman LaRose, Kenneth Talford and Herman Rounds, the annual Knights of Columbus corporate communion and breakfast was a spiritual and social success in every sense of the word. At the present time, all the knights of the hospital are talking about the third degree which will be held in Plattsburg on May 18. Among the candidates for the degree will be Dr. Adam J. Krakowski and Theodore Wright.

Another first in the institution's history was chalked up recently, when an organ recital was presented to about 400 of the inmates by Mrs. Frances Orr Kester from Plattsburg. The enterprise came in consequence of a thory in rehabilitative therapy developed by Dr. Francis C. Shaw, chief of the medical staff here. Mrs. Kester's program included works by Schubert, Pestalozza, Brahms, Rose, Goddard, DeBussy and Gershwin, as well as a sequence of Irish tunes combined in a medley. To augment the instrumental part of the program, an inmate chorus, numbering 12, aided by Attendants Roger Bigelow and Everett Peno. The Chorus was under the direction of Lynn King. It was received with appreciation and enthusiasm.

The uniformed personnel was augmented recently by the transfers of Attendants John Lagree and Harold Parrott from Mattawean. Both men had been employed here before on temporary appointments. They have now received permanent appointments.

Presently, it appears that everyone is looking at their checks and thinking in terms of Blue Cross—Blue Shield. With the latest bill showing another increase in rates. It is hoped that someday arrangements will be made to make semi-monthly deductions from the checks. Obviously there would be a much larger enrollment.

The latest civil service list for Senior Clerk includes the name of our own Gordon Deyo. Congratulations.

The new house on Holland Avenue in Plattsburg that is catching everyone's eye belongs to Joseph Luck. From what we hear, it is nearing completion, and will make Joe and his family a wonderful home.

Among the taxpayers of the county who are performing a part of their civil duty as members of the current trial jury is our own Clifford 'Sarge' Lavigne.

Dr. Lindsay Robinson, former member of the medical staff here, and now on the staff of a state hospital in Marbleboro, N. J., stopped by recently to say hello to some of his old acquaintances.

The bulletin board carries the announcement of the coming civil service examination for the title of Chief Attendant. According to the new qualifications, Charge Attendants with two years of experience are eligible to compete. There are about nineteen prospective candidates here.

Miss Constance E. Langey, Senior Stenographer is back at her desk after spending a few days in Rochester recently.

Newman, J. M. O'Connor and Allen R. Fulton from Auburn. Harry Hillman, H. Leslie and C. Little from Attica. George Schuik from Elmira Reformatory William Russ of Great Meadow. Rodney Terrelliger, Clark Furman, Harold Blades and George Halbig from Napanoch. Gerard Ryder from Walkill. With the increase in population, the question as to when the present project of construction will be completed takes on added interest to all.
