State Comptroller J. Raymond McGovern presented 20 bowling trophies to members of the winning teams of the Department of Audit and Control. Evelyn Barton and Alex Armstrong were on the winning teams for both halves of the season. State to Have Air-Conditioning In New Offices

ALBANY, July 6 — Even though the cost would be increased 15 percent, the State will put air-conditioning in new State buildings in Albany and Syracuse. For the eight office buildings to occupy the new "campus site" in Albany, the cost of air-conditioning would be \$2,400,000, said Budget Director T. Norman Hurd. The new Health Department edifice on Holland Avenue, Albany, and the new State Office Building in Syracuse, would be air-conditioned, he said. The cost of such treatment of these structures was not stated.

Air-conditioning for public offices was first suggested by The LEADER three years ago, and drew some laughs from fiscal officers of government, but much appreciation from employees. Not only new buildings, but old ones, too, were recommended for air-conditioning, in a LEADER editorial.

The Dewey Administration, which has now come around to the air-conditioning idea for some new State buildings, at first was itself cool to the idea, even as applied to new structures only. So the present decision represents a distinct change of mind and policy.

The State Administration be-

came convinced that the additional cost of air-conditioning would be more than offset by increased efficiency during summer months.

Association Hails Decision

The Civil Service Employees Association expressed great satisfaction with the reported decision to air-condition the new office buildings.

A spokesman for the Association said:

"Last June the Association publicly urged air-conditioning as a modernization fully justified by its certain contribution to the efficiency and economy of operation of the State's business. Countless man-hours are now lost through physical inability of workers to maintain top efficiency in periods of very high temperatures which occur frequently during each summer in New York State.

"The Association has consistently urged the utilization of the best in scientific advances in all matters having to do with public employment and it is happy that the State Administration has recognized the importance of good working conditions to work performance in the field of building construction."

Vet Counselor Promotion Units Created

ALBANY, July 6 — The State will be divided into eight promotion districts along the lines of the present veteran districts as far as senior veteran counselor promotions are concerned.

The State Civil Service Commission granted the request of the Division of Veterans Affairs to set up separate promotion units for the jobs, instead of making the entire State one unit as has been customary.

Requirements Eased for Matrons

ALBANY, July 6 — The State Civil Service Commission agreed to drop training and experience as a weighted subject in a forthcoming open competitive exam for matron, Department of Correction.

It also voted to include in the list of titles open for continuous recruitment the job of supervising psychiatrist.

Charles E. Lamb, of the Sing Sing chapter, was elected president of the Southern Conference, Civil Service Employees Association. An experienced leader in dealing with officials regarding employee grievances, and recognized as an able organizer, Mr. Lamb has been an important factor in the CSEA and the Correction Department Conference.

Extra Deputy For Athletic Commission

ALBANY, July 6 — Increased attendance at boxing and wrestling matches in central New York has prompted the State Athletic Commission to ask the Civil Service Commission to approve an additional Deputy Commissioner job with the athletic board.

This will bring the number of such deputies to seven. The new man will be assigned the area including Syracuse, Watertown, Binghamton and Elmira and probably will make his headquarters in Syracuse.

Heretofore the Albany deputy athletic commissioner covered the entire area.

Only One-Tenth Percent Of State Employees Get 'Unsatisfactory' Rating

ALBANY, July 6 — Only 46 of nearly 50,000 permanent competitive class State employees received "unsatisfactory" performance ratings for the 1952 rating year, the Department of Civil Service reported.

At its June session the State

Civil Service Commission received a report from its statewide Service Rating Appeals Committee on 30 of the 46 reports.

Of these, 10 persons were no longer in State service, 19 made no appeal to their rating within the allotted time, and one admitted the accuracy of the rating.

Metropolitan Conference Holds Jones Beach Outing

Marking the close of a highly successful year, the Metropolitan New York Conference, Civil Service Employees Association, entertained several hundred members and friends with a gala outing and dinner at Jones Beach.

At a short business meeting, which preceded the day's festivities, Thomas H. Conkling, Conference chairman, who had been re-elected unopposed, thanked the members for their support of the full program for the Conference. The art show, sponsored by the Conference, received special plaudits from the chairman.

President McFarland installed the officers were installed by President Jesse B. McFarland of the Civil Service Employees Association. In briefing the officers of the Conference on their duties and responsibilities, Mr. McFarland said he was pleased to release figures showing the steady growth of the Association, with an increase of 2,492 over membership figures a year ago.

In 1952, said President McFarland, the Association had 44,700 State employees and 10,151 county workers and a total 57,350 members.

Holiday Flight Made President McFarland also assured the delegates that the Association was taking action to obtain redress for employees who

had lost a day's holiday because July 4 occurred on a Saturday this year. He felt that an equitable arrangement both for institutional and office employees would be worked out as a result of the Association's request to the State Civil Service Commission that State workers were losing a day off to which they were entitled. Later, the Civil Service Commission denied the request.

Conference Officers

In addition to Mr. Conkling, the officers are Henry Shemin, 1st vice president; Thomas Purteil, 2nd vice president; Joseph Byrnes, treasurer, and Edith Fruchthendler, secretary.

Those attending the all-day affair received passes entitling them to the use of varied facilities of the beaches and playgrounds at Jones Beach and were evening guests at the aquatheater performance of Michael Todd's "A Night in Venice," courtesy of George H. Siems. The lavish beauty of the scenes, the show itself and the music thrilled the audience.

Special Guests Listed

The Jones Beach chapter of the Conference was host for the day, and the list of honored guests included Association officers and State officials.

Present were Commissioner Alexander Falk, Department of Civil Service; Herman Boettjer, general superintendent, Long Island State Park Commission, and

Mrs. Boettjer; John A. Carle, maintenance superintendent at Jones Beach State Park, and Mrs. Carle; Dr. Frances J. O'Neill, senior director, Central Islip State Hospital; Dr. Charles Buckman, senior director, Kings Park State Hospital and Dr. Harry LaBurt, senior director, Creedmoor State Hospital.

Among Association officers present were John F. Powers, 1st vice president; Joseph F. Felly, 4th vice president; Robert L. Soper, 5th vice president, and Charlotte Clapper, secretary.

Others included Fred Krumma, president, Mental Hygiene Association; Vernon A. Tapper, chairman of the constitution committee, CSEA; Harold L. Herzstein, regional counsel for the Association; Charles R. Culyer, Association field representative; William Hollis, In-Training Division, Metropolitan Area, Department of Civil Service; Doris LeFever, Syracuse chapter; Virginia Leatham, In-Training Division, Department of Civil Service, Albany; Helen Forte, Department of Civil Service, Albany, and Isabelle O'Hagan, Department of State, Albany. The Conference was particularly pleased that Association officers and members from Albany and upstate made the long trip to attend.

After the meeting many of the delegates and guests enjoyed swimming in the ocean.

Early Submission Of Resolutions Is Asked by Assn.

ALBANY, July 6 — Edward L. Ryan, chairman of the resolutions committee of the Civil Service Employees Association, has called the attention of all Conferences and chapters to the desirability of submitting to the committee as soon as ready all resolutions which it is desired to have considered at the annual meeting of the Association to be held on October 13-14.

The by-laws of the Association contain the following provision:

"All resolutions proposed for consideration at an annual meeting shall first be submitted in writing to the resolutions committee. All resolutions submitted on or before the twentieth day of August shall be reviewed, edited and consolidated by the committee, which shall, on or before the fifth day of September, report to all chapters of the Association the disposition of such resolutions." Resolutions and resolutions to Edward L. Ryan, chairman, resolutions committee, Civil Service Employees Association, 100 West Street, Albany, N. Y.

Some States Turning to Social Security

A number of States have changed or modified their legislation governing public employee retirement, the Municipal Finance Officers Association reports.

In Minnesota, the Public Employees Retirement Association Act increased the maximum basic pension allowance from \$150 to \$200 a month and improved benefits to beneficiaries of persons covered by the plan. The act also increased lump sum payments by \$10 a month on pensions granted prior to July 1, 1951.

Two more States, Iowa and Oregon, have followed the pattern used in Virginia by repealing existing retirement systems, adopting Social Security, and exacting a supplementary retirement plan, integrated with Social Security.

Oregon's Method

Social Security coverage for employees of the State's school districts, and all political subdivisions of the State participating in Oregon's existing retirement system, is provided, with abolition of the retirement system. Another State act provided for the establishment of a new Public Employees Retirement System for State and local employees. In this plan, contributions will be withheld from one-half of each employee's salary up to \$3,600. This is in addition to Social Security contributions.

Iowa repealed its existing public retirement law, adopted enabling legislation for the State to enter into an agreement with the Federal government for Social Security coverage, and adopted another act establishing a new retirement system supplementary to Social Security.

Point of Difference

Certain benefits under the old Iowa retirement act were retained. Retired employees will continue to receive their pensions without change, and former employees having fully insured status will receive their pensions upon reaching age 65. The rights of beneficiaries of persons under the former retirement plan also are retained.

In general, where retirement systems have been withdrawn by State, to substitute Social Security, the discarded system provided benefits in no way comparable to those in New York State jurisdiction, and the new State retirement law adds to the basic Social Security benefits. Those states, moreover, have no constitutional provision that retirement benefits shall not be impaired or diminished. New York has.

Mrs. Isabelle Mallett (fourth from left), chief supervising nurse at Brooklyn State Hospital, was guest of honor at a party marking her retirement after 32 years of State service. From left, John McCauley, business manager; Florence R. Uawin, principal of the school of nursing; Dr. Nathan Beckenstein, director, Brooklyn State Hospital; Mrs. Mallett; Dr. Secard Palmer, assistant director; Emil Impresa, president, Brooklyn State Hospital chapter CSEA; Henry Girouard, and Dr. John Bianchi, assistant director.

The medical staff and department heads at Brooklyn State Hospital honored Mrs. Isabelle Mallett, retiring chief supervising nurse. Those in the front row, seated, from left, are Dr. Eros, Mrs. McCauley, Mrs. Kearns, Mr. Krause; Dr. Nathan Beckenstein, hospital director; Mrs. Mallett; Dr. John Bianchi, assistant director, and Florence Uawin, principal of the school of nursing.

Civil Service Legislation In a Manual

With the wind-up of the special session of the New York State Legislature, and the signing of a dozen bills, the number of new laws of 1953 will mount to almost 900. All new chapters are fully explained in the 1953 New York State Legislative Annual, off the press in two weeks.

One section of the annual, published each year by the New York Legislative Service, is devoted to civil service legislation. Therein appear messages of the Governor on bills signed or vetoed by him, and memoranda of the public and private agencies recommending legislation, including the Comptroller's Committee on Social Security, the State Department of Audit and Control, and Civil Service Employees Association, and the Civil Service Reform Association.

The annual devotes many of its 500 pages to looking forward to the session of 1954 and contains condensed reports of thirty special commissions set up to recommend legislation for 1954.

If half of the legislation to be introduced by these special interim committees is given serious consideration, the 1954 session will be a landmark in the field of civil service, for many important proposals are being prepared. Two such interim agencies have been functioning for several years, and another has been newly created, the Joint Legislative Committee on the State Employees Retirement System.

The Temporary State Commission on the Revision of the Civil Service Law, created in 1950, is now issuing its third report, summarized in the annual.

Gale Is New Deputy in Liquor Unit

Perley Joseph Gale Jr., of Peekskill, has been appointed a Deputy Commissioner of the State Liquor Authority by John F. O'Connell, Chairman of the Authority.

A former member of the New York State Police and a wartime member of the U. S. Naval Intelligence, Mr. Gale goes to the Authority from the State Crime Commission, with which he was associated since its organization in 1951.

Mr. Gale has extensive experience as an investigator of espionage, sabotage and subversive activities. He served as executive officer of a naval police unit during World War II in the Panama Canal Zone.

Free Day As July 4 Offset Is Denied

July 4 fell on a Saturday for the first time in eleven years. State and local employees asked that time off be granted either Friday, July 3 or Monday, July 6.

Numerous private business concerns were to be closed on Friday, and some would be closed instead on Monday, and the majority were giving employees at least compensatory time off on other days.

A request to the State Civil Service Commission for an offset was denied, on the ground that there was no provision in law for granting such time off.

Requests for a "long" Fourth of July week-end for employees of NYC were turned down, also.

FOOD FOR THOUGHT

Between April 1952 and 1953 factory production workers' average hourly earnings in the United States rose 6.1%, 5.4% in New York State and 3.6% in New York City.

Wages in Private Employment Rise Faster Than Prices

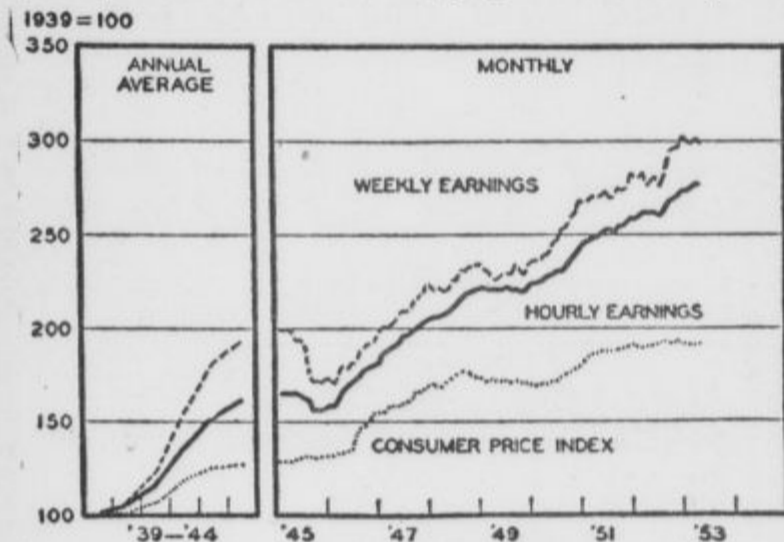

OR THE eighth time since World War II, organized labor is again pushing for upward wage adjustments and improved fringe benefits in private employment. Already the auto workers have settled with management, and collective bargaining talks have been completed between steel workers and steel companies. The outcome of the steel talks will go far toward setting a pattern for industry generally, just as the settlement of the auto wage problem will have an effect on the general pattern.

The Five Principles

In the post-war years, the unions have employed five principal justifications for their annual demands:

1. Need to maintain take-home pay as overtime pay declined after the war.
2. Need of increased productivity.
3. Need to keep pace with rising living costs.
4. Need to maintain or bolster purchasing power as a means of preventing depression.
5. Ability to pay as measured by "excessive" profits.

That the unions have been eminently successful during the past 10 to 15 years is shown by a graph in "Monthly Letter on Economic Conditions and Government Finance," published by the National City Bank of New York, and reproduced herewith. The graph shows clearly how

Indexes of Hourly and Weekly Earnings of Manufacturing Employees and of Consumer Prices, 1939 Average = 100. Latest Plotting April, 1953

Chart from monthly letter, National City Bank of New York.

weekly and hourly earnings moved ahead at a much more rapid rate than the Consumers Price Index.

Statistics of consumers' prices or cost of living show that both during the war and post-war periods, wages gained substantially over living costs, representing a rise in like wages for workers covered in the survey with a large increase in fringe benefits to boot, says the monthly letter.

George Meany, president of the American Federation of Labor, stated: "If wages fail to keep pace with production, workers will not have enough to buy goods, markets will collapse, factories will be closed, mass unemployment will follow, and a depression will result."

Association's Stand

Repeatedly, the Civil Service Employees Association has presented facts to the State Administration that show clearly that, not only have wages in State service not kept up with those on the outside, but have even fallen behind changes in cost of living during the past year. Figures, as published in the "Weekly News Memorandum" put out by the Department of Labor of the State of New York, showed that during 1952 wages rose over 7 cents an hour in collectively bargained agreements.

This places the State worker at an even more serious disadvantage. In the interest of sound personnel management and good morale for employees, it is imperative for the State Administration to adjust wages in accordance with the facts, and the same principle holds regarding the local governments.

Middletown State Hospital

CIRCLEVILLE INN was the scene of a gala dinner for Lena Patterson, who retired after 27 years of service. Ninety-two persons attended. Mr. Colesanti was master of ceremonies. The guest of honor was presented with several gifts from the group. There were many pleasant reminiscences and testimonials.

The Rose Garden of the Middletown State Hospital is a scene of great beauty these days, and is open to the public every day and evening. This garden is a project of the employees of the hospital.

Mr. Cooley, safety supervisor, attended the Safety Supervisors Conference at Creedmoor.

Mr. Skinner, institutional patrolman, is leaving on an extended motor trip July 8.

Helen Larkin has transferred from the East Group to the House-keeping Department.

Congratulations to the parents of this year's graduates, and the graduates themselves. Quite a few of our members have this honor this year.

Dannemora State Hospital

NEWEST employees at this institution are: Mrs. Joseph Harrison of Dannemora as a clerk in the front office, and Robert King of Lyon Mountain, as occupational therapist. We welcome both and invite them to become members of our chapter.

We are glad to see James Collins and Ken Gonyea back on the job after sojourns in the hospital. Still on sick-leave are Martin Higgins, Elmer Gagnier, Edward Beauchemin, Joseph Cumm, John Lick and Vernon McBride. We wish them all a speedy recovery.

There were some proud parents around here as the local high school team had one of its most successful seasons in the history of the school. Not only did the team post a 12 to 1 record, but it walked off as winner of the Class B, Section 7, playoffs. John Bigelow and James Newton had strong rooters in their proud parents who followed the team's successes. Nice going, fellows.

At the recent Knights of Columbus third degree ritual in Plattsburg, the following employees were initiated: Harold Smith, Robert Canning, Norman Beauchemin, Isreal Dubrey and Dr. Stephan Pellathy. Their brother Knights congratulate them and welcome them to their ranks.

Our congratulations are extended to Mr. and Mrs. Luther Mattoon who recently celebrated their 25th wedding anniversary. We also had another anniversary celebrated at a party on Ward 4, for Edgar Kennedy on his birthday as well as his wedding anniversary. Our best wishes to all concerned. We hear that Mrs. Kennedy even received a singing telegram from George and Joe Mosley.

The amount of grandfathers' pride rose another couple notches with the birth of grandchildren to John O'Connor, Emmet Ryan and Luther Mattoon. We are glad to report that babies, parents and grandparents are all doing nicely.

The Cadyville Scouts are now taking a course in First-Aid with Stephen Mullady as their capable instructor. We know that Steve will do an A-1 job.

We are all pleased to note that Mrs. Robert Harnett has taken

her final oath of citizenship. Our best wishes go out to her on this very happy occasion.

Also approved was the hiring by the Education Department of Dr. Ernest Weinrich, assistant superintendent of Schenectady Schools since 1949, as coordinator of studies. Base salary is \$9,-

120 for the year he is expected to work on public school administrative problems.

The Commission also granted employment extensions to 19 temporary clerks in the Retirement System who have been working on applications for the 55 year plan and are currently engaged on annual statements and in making out reports of pensioners procedures.

The Commerce Department was given approval to continue the hiring of Morris A. Marcus as a plant site consultant, Arwood Rutenber as a publicity consultant, and John F. Carter as a research consultant.

Employee Activities

Brooklyn State Hospital

THE NEWLY-ELECTED officers and members of the board of directors of Brooklyn State Hospital chapter, CSEA, were installed at the Farragut Inn by Dr. Nathan Beckenstein, hospital director. Dr. Beckenstein recalled his work and associations with the chapter of former years and brought home the true family spirit among all employees, which aims at the better care and treatment of patients.

Among the guests attending were Thomas H. Conkling, chairman of the Metropolitan Conference, and Mrs. Conkling, and Mrs. Lida C. MacDonald, vice president of the Mental Hygiene Employees Association. Presentations were made to Mrs. MacDonald and to Arnold Moses for their efforts in behalf of the chapter.

The elected officers were Emil Impresa, president; Frank J. Cole, 1st vice president; Barbara Sweet, 2nd vice president; Rudolph Rauch, treasurer; Mrs. Mollie Streisand, secretary, and Arnold Moses, official delegate.

Frank J. Cole, chairman of the affair, announced that all future affairs would be opened to all, providing necessary space was available.

A NEW EXAMINATION FOR PATROLMAN

WILL BE NECESSARY WITHIN A YEAR!

Only 2,271 of 12,453 who filed applications passed the recent written test for Patrolman, N.Y. Police Dept. Hundreds more will be eliminated in the medical and physical tests still to be held. As a result only 1,300 to 1,400 names will be on the eligible list—hardly enough to cover an average year's appointments.

Police Work Is Attractive and Interesting!

The highest type of young man should find a Police career exceptionally appealing. The Policeman is the public symbol of law and its first line of enforcement. The nature of his work calls for qualities of leadership, courage, judgment and mental alertness. He occupies an important position in the community and one that inspires respect, admiration and confidence.

SECURITY

The most attractive feature of this position is the SECURITY it affords.

Young men who are earning comparatively good salaries today often give little thought to the future and so do not realize the tremendous importance of being SECURE in a position particularly in the event of a recession or depression such as we have had in the past.

A Patrolman's Starting Salary is

\$3,725 A YEAR

with Automatic Increases in 3 Yrs. to

\$4,725 A YEAR

- 42 Hour Work Week
- 30 Days Annual Vacation
- Full Pay While Sick
- Excellent Promotional Opportunities
- A Patrolman's Pension, after 20 years service is equivalent to the income from \$50,000 at 4% int.

WHY SO MANY FAILURES!

Despite the fact that few positions are as attractive as Patrolman, many otherwise sensible young men completely neglected preparation for the examination! For some of them the opportunity is gone forever because of the age requirement! Other ambitious young men should profit by their mistake. It is never safe to rely on previous education (even high school and college) in a specialized examination of this type. It is equally risky to place your confidence in self-study. Nor can a candidate expect to succeed by contenting himself with feverish last minute study!

Congratulations to Dewey For Prompt and Wise Move

GOVERNOR Thomas E. Dewey was quick to see the force of the Civil Service Employees Association's request that a survey be made of State salaries, so that possible recommendations could be made in time for action by the 1954 Legislature. The Governor also acceded to the Association's request that he appoint a committee to cooperate and consult with the Division of Classification and Compensation, which will conduct the survey.

J. Earl Kelly, Director of the Division, said that the survey probably would not be completed before the end of the year.

A thorough survey will require all the time between now and the day the budget for the next fiscal year is submitted to the Legislature. This pressure of time, added to the admitted existence of inequities and injustices in State pay, prompted the Association to bring before the Governor now the need for immediate preparation of material on which to base the personnel budget.

The Budget Director himself has admitted that there are inequities in State pay. Mr. Kelly has made recommendations for upward reallocations of titles, meaning salary increases, on which the Budget Director is still to act. The Association has pledged full cooperation in the survey. There is thus a considerable area of agreement already both in principle and on particular titles. Also to be considered, of course, would be an overall increase in State pay. The Division, its advisory committee and the Association have excellent prospects of a busy summer and fall.

The Governor acted wisely.

COUNTY WORKSHOP TO BE HELD IN UTICA

UTICA, July 6 — All chapter presidents, representatives and members of the Civil Service Employees Association have been invited to the fourth county workshop, to be held on Saturday, August 15 in Utica.

Jesse B. McFarland, president of the Civil Service Employees Association, and all Association officers have been invited, as well as leading local officials.

Street, on Oneida Square, Utica.

A dinner will be held at the Club Monarch, Yorkville. Reservations for tickets, \$2.50 each, may be made with Mrs. Rosalie M. Sarmine, care of Automobile Bureau, County Court House, Utica.

Oneda County chapter will be the host. Vernon Olin, chapter president, and Ferd H. Koenig are co-chairmen.

The steering committee for the workshop consists of Lulu Williams, Broome County; Anthony Giordino, Chemung County; Mr. Koenig, Oneda County, and Vernon A. Tapper, Onondaga County. They will be assisted by Ernest L. Conlon and Laurence J. Hollister, CSEA field representatives, and Philip Kerker, CSEA director of public relations.

FERLING APPOINTED CORRECTION DEPUTY

ALBANY, July 6 — Appointment of Clement J. Ferling as a Deputy Commissioner in the State Department of Correction was announced by Edward J. Donovan, Commissioner of Correction. The appointment to the newly created position is effective July 1. The salary is \$9,500 a year.

Mr. Ferling, who has been with the Department of Correction since 1922, has been assistant director of the Department's Reception Center at Elmira since 1950. As deputy commissioner, Mr. Ferling will be responsible specifically for the Department's rapidly expanding program of training and rehabilitation of prisoners and for coordinating the care and treatment programs of the State's seventeen correctional institutions.

DR. QUINLIVAN NAMED TO \$11,925 POST

ALBANY, July 6 — State Health Commissioner Herman E. Hilleboe announced the provisional appointment of Dr. James J. Quinlivan, assistant director of the Division of Local Health Services, as director of the Department's Office of Public Health Education at \$11,925.

Dr. Quinlivan joined the department as an epidemiologist-in-training in 1937 after a year's private practice in Buffalo. He became an assistant district state health officer in 1938; a district state health officer in 1942, and assistant director of the Division of Local Health Services in 1948.

A native of Buffalo, Dr. Quinlivan was graduated from the Georgetown University School of Medicine and the Johns Hopkins School of Hygiene and Public Health. He lives in Albany.

DE Policy on Layoff Told

Al Reinhardt, chairman of the grievance committee of the Division of Employment chapter CSEA, reported to a special meeting of the chapter about what happened at Albany when employees discussed layoffs with Harry Smith, personnel director.

Mr. Smith attended the afternoon session of the DE meeting in Albany. The gist of Mr. Smith's answers to questions on the layoffs was that the Division had made no specific plans for this eventuality, and that for the time being, at least, everything remained in status quo.

Verbatim Report

Mr. Reinhardt gave questions and answers as follows:

Q. Is the Division taking any action in preparing for a cut?

A. No.

Q. Will there be a cut?

A. No reason to believe there won't be.

Q. Why doesn't the Division lay off some "temps" now to save money after July 1?

A. Decided not to.

Q. Is there a possibility of senior interviewers, managers, and other management titles being affected?

A. No. On policy established over a year ago, the supervisory staff would not be affected at this time, but there will be cuts in Administrative and staff services.

Q. Is there a possibility of transfer to U. I.?

A. No. Their personnel is assigned on the basis of their load.

Q. Since the title of interviewer will bear the brunt of any lay-off, does the Administration plan to prepare a list of interviewers?

A. Yes, and I will forward copies to you.

Q. Is there a chance of clerical titles being affected?

A. No much, since the Division has been unable to fill typist and stenographer items for several years.

Q. What about persons in their probationary period?

A. They will, according to the Division policy, complete it, and then be laid off, but not during the probationary period. A veteran, if he passes his probationary period would not be laid-off, which, in a sense, means that the majority of veterans have seniority from the day of appointment.

(Note: The list of interviewers mentioned above will be drawn up on a state-wide basis and will not include "temps.")

Situation in Congress

Mr. Reinhardt also reported that Administration had been caught unawares by the drastic action in regard to budget cuts by the House committee, but managed to reach Senate group in time, and feels that proof was given that such a cut is pure folly, when applied to economics, since this tax is on State employers.

Senator Hughes, a sponsor of the Hughes-Breese bill, came out strongly against the cuts.

CSEA has written to every New York Senator and Congressman, and its board of directors went on record as supporting any further beneficial action.

CIVIL SERVICE

NEWS Letter

THE UNIFORMED FIRE OFFICERS ASSOCIATION says that many improvements could be made in the NYC Fire Department that wouldn't cost any money, and warns: "The citizens of NYC should be concerned. The morale and interest of the members of the Fire Department are not what they should be. Many adjustments could be made that would not cost any money. Since the present Administration either can not or does not know how to make these adjustments, the citizens should step in." . . . Stanley M. Isaacs, Minority Leader of the NYC Council, has encountered strong opposition to his pension liberalization bill from the Mayor's representative at Council meetings. The bill would entitle beneficiaries to obtain pensions even though the insured died during the 30-day period following application for retirement. Mr. Isaacs is seeking the aid of employee organizations and is personally visiting members of the Board, in an effort to assure passage by the Board. The Council approved the measure almost unanimously. . . . The CIO sees a lot of politics in the civil service maneuvering of the Eisenhower Administration, and is circulating an excerpt from the Republican Party platform, on which General Eisenhower ran, about strengthening civil service, and recognition of ability of civil servants, contrasted with Order 10463, removing civil service protection from occupants of jobs in Schedules A and C, except veterans.

ALSO, THE NEW TRANSIT AUTHORITY in NYC is having its troubles with the Transport Workers Union, CIO, whose international president, Michael Quill, has openly published a threat to strike, although State law prohibits a strike by public employees. President Quill said that his union is ready to meet across the collective bargaining table, to discuss a program it has submitted, but if the Authority wants guerrilla warfare, as he says LaGuardia and others wanted and got, it will get what it asks. "TWU will pick the time and the weapons," said Mr. Quill, "and believe me, there are weapons, including the book of rules, job action, and all-out strike if it is necessary, to protect the loyal employees of the transit system of NYC who still continue to operate the safest railroad in the world."

MILITARY DIFFERENTIAL PAY continues to be one of the vexing legal-administrative problems in NYC. The courts go along with the argument that an employee who was a member of a reserve force or corps, and was ordered to military duty, becomes entitled to the difference between his higher NYC pay and his military pay, and the increments, too. A Board of Transportation employee won that point, and so did a Board of Education employee, but the difficulty always seems to be that the City will not adopt the rule of the courts as its own policy. Each employee has to wage his own fight for his own benefit, though the cost of winning may exceed the monetary value of the benefit. Latest case is that of John Stanton, a social investigator in the NYC Welfare Department. Justice Markewich granted him a judgment in City Court for the differential pay, including not only increments, but bonus. That means the benefit of increments and bonus that would have been obtained had the employee not been prevented by military service from staying in his City job. Other courts have held likewise on the bonus question, too, but the bonus money is hard to come by, without a suit, and even with a judgment in one's favor. Of course, if an employee signed a waiver, the case would be different. Mr. Stanton signed no waiver.

THE ARGUMENT in favor of opening Social Security to those public employees now excluded from it is that the two are separate and distinct, Social Security offering a necessary minimum under a social concept, and public employee pension systems possibilities of higher pensions under an actuarial system, at lower minimum retirement age. The two pensions would be cumulative.

Joseph F. Feily (second from left), 4th vice president, Civil Service Employees Association, installed officers of the Chemung chapter. They are, from left, seated, Claire Lacy, 2nd vice president; Madalon G. Sanstead, recording secretary; Mrs. Anne Ward, 1st vice president; Clara Radley, treasurer. Standing, David Shaw, sergeant-at-arms; Mr. Feily; James Hennessy, president; Anthony Giordano, chapter representative.

U. S. Annual Leave Bill Passes; Eisenhower Prepares to Sign It

WASHINGTON, July 6 — President Eisenhower will sign the bill repealing the Thomas Amendment which required U.S. employees to use their annual leave by June 30 following the calendar year in which it was earned or lose it.

The Senate and House passed the repeal legislation.

The bill also provides new terms for annual leave and terminal

leave, not quite satisfactory to employees generally, but representing the best compromise that could be obtained hastily.

The Five Main Points

The new provisions:

1. The measure is retroactive to June 29, 1953.
2. Accumulation of annual leave will be limited to 30 days, except for Foreign Service em-

ployees, who are subject to a 45-day limit.

3. Lump-sum payments under annual leave will be restricted to 30 days, effective August 21, 1953, or to the annual leave credit at the beginning of the year in which the termination of services takes place, whichever is greater.

4. Terminal leave, if taken in as vacation—paid absence until the

leave is consumed—is not subject to the 30-day limitation.

5. Annual leave already accumulated in excess of 30 days, because earned prior to July-1, 1952, will be honored. The excess must be used up and no further excess permitted to be accumulated.

Questions to Be Resolved

Questions still to be decided by

Comptroller General Lindsay Warren is whether employees who get 30-day reduction-in-force notices may immediately take their leave, instead of remaining at work. However, when an employee may take a vacation is now a matter of administrative discretion. Some declaration of policy is necessary, to effectuate any change.

Post Offices as Centers Of Job Applications Reduced, but Not in NYC

WASHINGTON, July 6 — A general amendment to all nationwide U. S. civil service exam announcements, relating to the issuance of applications at post offices, gave the first impression to some observers here that no more announcements would be issued at the Brooklyn, N. Y., Jamaica, N. Y., and other post offices in NYC outside of Manhattan and the Bronx. However, investigation proved the amendment makes no reduction in application sources in NYC. In fact, an application point in Staten Island is about to be established for the first time. The previously existing points, in Brooklyn, Jamaica, etc., where exams are also held, have been authorized for continuance.

The New York, N. Y. post office (Manhattan and Bronx) did not issue applications previously, and will not in the future, because the regional office of the Commission is located in the postal area. In cities where the borough system does not exist, as in Philadelphia, withdrawal of post office facilities

for issuance of applications would take place.

New Provision

In all nationwide announcements, the directions, under "How to Apply," should be considered changed, to read as follows:

"Where To Get Forms

"Apply at any post office for the application form (or forms) listed above or for information as to where such forms may be obtained. In regional headquarters cities the forms must be obtained from the United States civil service regional office. Forms may also be obtained from the United States Civil Service Commission, Washington 25, D. C., and in the Panama Canal Zone from the Examiner in Charge, Board of United States Civil Service Examiners, Balboa Heights, C. Z."

The change relates only to exam notices issued by the Commission's central office in Washington, D. C.

The Second Regional Office of the Commission is at 641 Washington Street, New York 14, N. Y.

Questions Answered On U. S. Job Preference For Those Laid Off

So many questions have been put to the U. S. Civil Service Commission concerning its new plan of job aid to U. S. employees who receive reduction-in-force notices that the Commission has issued a release on the subject in question-and-answer form:

Q. What is the purpose of the new plan to help laid-off Federal career workers find other jobs in the Government? — A. To insure that no separated career employee shall remain off the Government's rolls so long as he is qualified to do a job held by an indefinite employee.

Q. What help does a laid-off career employee get in his own agency? — A. He is helped in two ways: (1) He gets a one-year priority over employees of other agencies and persons outside the Government (except disabled veterans) for vacant jobs in his former agency in the local commuting area; (2) his former agency must survey jobs held by indefinite employees in the local commuting area to see if there are any for which he is qualified. If it finds such a job, the agency must separate the indefinite to make room for him.

Q. What help does he get from the Commission? A. The Commission will order other agencies in the local commuting area to displace an indefinite (generally a non-status employee appointed on an indefinite basis) in order to make room for him if he cannot be placed by his former agency.

Q. Does this change the benefits that laid-off career employees had in the past? — A. No, the new program is in addition to the benefits a laid-off career employee has received. The Commission will continue to give separated career employees priority when certifying names of eligibles to appointing officers for the filling of vacancies outside the commuting area.

Q. Will an employee with competitive status who is reduced in force from an excepted position (one not subject to civil service) have the benefits of this program? — A. Not all. His agency is not required to displace indefinites in order to retain him and the Commission will not displace indefinites in other agencies. However, the Commission will give him priority in certification to vacancies.

'Bumping' Rights

Q. What change has been made in "bumping" rights a career or career-conditional employee has to other jobs in his agency? — A. In general, a career, or career-conditional employee (generally a status employee who has received an indefinite promotion or indefinite reinstatement), working in Washington will have "bumping" rights only in his bureau instead of in all bureaus of his agency in the Washington area. In the field service, the employee will have

"bumping" rights only in his installation instead of in all installations of the agency in the local commuting area.

Q. What is the reason for this change? — A. To reduce the number of chain reactions, which were very extensive when "bumping" was applied on an agency-wide basis, and which cost the Government considerable money in paper work, as well as in training employees to do new jobs.

Q. Is it fair to restrict "bumping" rights to a single bureau or installation in this way? Wouldn't it be possible for a career employee in one bureau to be separated while an indefinite holding exactly the same job in another bureau of the same agency would be retained? — A. It would be perfectly possible; that is why displacement has been added to the program. The career employee mentioned would be dismissed, but with the minimum of dislocation to Government programs because of a great number of reassignments. Then the agency, which will be required to survey the jobs held by indefinites, will displace the indefinite employee and give his job to the separated career em-

ployee. Both jobs must be in the same commuting area.

Priority Lists

Q. Whose names are put on re-employment priority lists? — A. The names of all career and career-conditional employees of an agency separated from the competitive service through reduction in force.

Q. How long does a name stay on a list? — A. For one year.

Q. What jobs are covered by the lists? A. Each laid-off career employee has his name placed on lists for all jobs in the agency for which he is qualified.

Q. What priority do persons on the list get? — A. They receive priority for filling any vacancies in the agency. Generally speaking, an agency cannot hire someone from outside, other than a disabled veteran, to fill a vacancy in the local area if there is some one on the reemployment priority list for that position.

Question, Please

IN CLAIMING war veteran preference for a NYC test, I was successful because I was not a New York State resident at the time of induction into the armed forces. I was unaware of that requirement. Will you please state the full requirements for veteran preference? L. P.

Answer — These requirements total 10, of which the last four apply to disabled veterans, and follows for claimant:

1. Claimant must receive a passing grade in the exam and must possess all other requirements necessary under the law and rules for appointment or promotion.

2. Must prove active service in the armed forces of the United States during time of war. Time of war means April 6, 1917 to November 11, 1918 — World War I, or December 7, 1941 to September 2, 1945 — World War II, or from June 25, 1950 to the end of hostilities in Korea. (The armed forces do not include such organizations as the Merchant Marine, the Red Cross, temporary reserves or auxiliary forces.)

3. Must have been a bona fide resident of the State of New York at the time of entrance into the armed forces.

4. Must be a citizen and resident of New York State at the time of the establishment of the eligible list.

5. Must have been honorably discharged or released under honorable circumstances from such armed forces.

6. Must not have received such additional credit in connection with any permanent appointment or promotion after January 1, 1951, in the Civil Service of New York State or any of the civil divisions thereof.

Any person claiming additional credit in an exam for appointment or promotion as a disabled war veteran must meet all six of the foregoing requirements for veterans' credit and in addition comply with the following conditions:

7. Must be certified by the Veterans Administration as receiving disability payment from such Veterans Administration for a war incurred disability which is in existence at the time of the establishment of the eligible list.

8. Disability must be of such a character as not to render the claimant incompetent to perform the duties of the position applied for.

9. The extent of the claimant's disability rating must be at least 10%.

10. Claimant's disability rating must be based upon an examination given by the Veterans Administration within one year of either the date of filing his application for examination or the date of the establishment of the eligible list, unless the Veterans Administration certifies that the claimant has a permanent stabilized war-incurred disability.

Activities of Employees in State

Rochester

NEWS OF Rochester chapter, OSEA:

Sam Weinreb of the State Insurance Fund was guest of honor at a recent dinner given by the State Fund and the Workmen's Compensation Board. Sam is leaving State service to work for the Doehler-Jarvis Company of Batavia. Tribute was paid by Louis Frederick, Commissioner of the State Fund, and gifts were presented by Earl Pattison, district manager, on behalf of the State Fund and by David Rothbard, examiner-in-charge, on behalf of the Workmen's Compensation Board.

Also leaving State service is Al Whitenack, who was given a farewell party by co-workers of the Employment Service before he started a new job with the Burke Steel Co.

Some people are lucky. Ann Weiser, who attended the recent State I.A.P.E.S. convention in Texas, missed the Waco tornado by only one day, but still can't wait for next year's visit to the Lone Star State.

Also getting an early start on vacation are Agatha O'Boiger and Madeline Collins of the Workmen's Compensation Board, who are spending some time at Cape Cod.

Rochester State Hospital

A PARTY was held in the Van de Mark Hall club rooms in honor of Mrs. Elizabeth C. Heagney, supervisor of the Monroe Building, Rochester State Hospital, who is retiring July 1. Gifts including a lounge chair, lamp, costume jewelry and purse were presented by Dr. Hugh Pierce. Entertainment was furnished by Cass Donlon, Douglas Pierce, Bill Stewart, Dr. Pierce, Steve Vellie and Iris Jackson. Mrs. Ann Nicholas sang several solos.

The committee in charge consisted of Mae Carroll, chairman; Mary Larabee, Nina Fero, Leona Skinner, Doris Kelly, Peg Leake, Cass Donlon, Caroline Rooney, and attendants from the Monroe Building.

Among the 200 employees who attended to extend best wishes to Mrs. Heagney were many old friends, including Dr. and Mrs. Van de Mark, Miss McKee, Miss McGrath and Mr. Glover.

Dorothy Cooper, charge nurse, resigned as of July 1. Best wishes in your new position. Mrs. Carmen Taylor is leaving State service July 1, after 15 years in Howard Building 2. Mrs. Bertha Duvenal, Orleans Building, is also among the recent retirements.

The seventh annual anniversary dinner of the Knab - Troutman American Legion Post was held at the Patio Restaurant, with 90 members and friends attending. American Legion County Commander, Dr. Crino, was guest speaker. Other speakers included P. J. McCormack and Dr. Guy Walters. Reverend Eugene Golding, hospital chaplain, was master of ceremonies. Leo Lampron, who is continuing his second year as post commander, announced that Mary Lou Knab, whose father was lost in action in World War II, and for whom the post is acting as guardian, also celebrated her eighth birthday. Mary Lou was present with her grandmother, Mrs. Duff from Brockport. Dancing followed the dinner.

Rochester State Hospital softball team seems to be doing O. K. with an undefeated season! Buffalo suffered defeat a while ago and Gowanda had a similar fate. Look out for the next game with Willard to be played at Willard.

All State institutions attended the food conference at Hudson River State Hospital. Rochester was represented by P. J. McCormack, senior business officer, and Arthur Morris, food service manager, who spent four days at the meeting.

Mrs. Leona Tompkins has returned to duty after being ill for several weeks. Mrs. LaVera Archibald is expected to return to duty July 1 after surgery. George Stevens, recreation supervisor, is back on duty. The chapter hopes to see the following on the job real soon: Alice Moore, Bindell Clark and Basil Foster.

Deepest sympathy is extended to Bill Rossiter, chapter vice president, who recently lost his father. Also to Mr. and Mrs. Herbert Johnson from the Monroe kitchen and dining room, who lost two close relatives within minutes of

each other. Mrs. Margaret Barrett returned to duty after a trip to NYC. Other vacationers are: Cora Sykes, Abbie Bartholomew, Allene Chapman and June Penn.

The fifth annual picnic of hospital employees will be held at Mendon Ponds, East and West Cabins, on Tuesday, July 21 at 4 P.M. A grand prize of a U. S. bond and other prizes will be given. Contests will begin early. Supper tickets are \$1 with children under 12 admitted free.

Civil Service League Seeks 5 Changes in U.S. Vet Preference

Calling veteran preference "the main barrier to efficient operation" of Federal civil service, the National Civil Service League recommended five specific changes in present law.

The League also said that veteran preference laws "are making it difficult for the Eisenhower Administration to gain control of essential policy-making jobs."

The Five Recommendations
The League recommended changes in the laws, to require the following:

1. Veterans must first attain the pass mark, before being entitled to preference.
 2. Restriction of job retention rights of veterans, so that seniority in U. S. civilian service will carry more weight than now.
 3. Bumping rights to be confined to smaller units, like a bureau or installation, and not to be exercised department-wide.
 4. Simplification and limitation of the right appeals procedure in dismissal cases, and make it the same for non-veterans as for veterans.
 5. Applying the standard of good government in the solution of all veteran preference problems, rather than the satisfaction of the demands of any particular group.
- Say Incompetents Stay**
As now constituted, the U. S. veteran preference laws, said the League, give an advantage to veterans in obtaining and holding U. S. jobs out of all proportion to what it should be; drive many invaluable career employees out of government, and result in the retention of many incompetents.
- It added that the civil service system is being wrongly blamed for these shortcomings.

Persons desiring part-time jobs should apply to the Division of Employment office of the State Labor Department, 1 East 19th Street, NYC.

The new office on 19th Street was created to meet a sharp rise in the demand.

Occupations served at the new office include: typists, secretaries, general office clerks, telephone operators, bookkeeping, cashiers, and letter-shop workers. A part-time job is one for less than five days a week or less than six hours a day. A temporary job is full-time, but less than three months duration.

Part-time and temporary job openings include typists, \$1.25 to \$1.50 an hour, and secretaries \$1.50 to \$2.

Relatively few jobs are open for men, although men are most eager for these positions.

JOHNSON ASKS LOWER DOWN PAYMENTS ON HOMES

Urging that down payments on homes purchased with FHA-insured mortgages be substantially lowered, George C. Johnson, president of The Dime Savings Bank of Brooklyn, addressed letters yesterday to Albert M. Cole, Administrator, Housing and Home Finance Agency, and to Guy T. O. Hollyday, Commissioner, Federal Housing Administration.

"It is high time that non-veterans be afforded the right to buy the home they are able to carry but for which they have been unable to amass the presently required high down payment," said Mr. Johnson.

Meanwhile the present commission carries on. It completes its June session as scheduled and has set the dates of July 21, 22, 23 for its next regular meeting.

As things now stand, it appears more likely than ever that the Governor will name Alexander Falk to succeed himself on the new commission when that body is established. Mr. Falk is a Democrat.

Commissioner Louise C. Gerry is due to retire. Mrs. Bruce Bromley, wife of the former Judge of the Court of Appeals, and herself former NYC Civil Service Commissioner, is mentioned as a possible replacement of Miss Gerry.

\$840,000 Checks For Wage Claims Begin Going Out

Mailing of checks totaling \$840,639.84, representing wage claims of 1,345 NYC employees, began July 6, Comptroller Lazarus Joseph announced.

Prior to June 30, 1952, the Comptroller negotiated a settlement affecting over 6,000 laborers' claims for pay differentials approximating \$3,500,000, covering periods from September 1, 1943 to June 30, 1952, together with a disposition of their current wage for the fiscal period 1952-53.

To accomplish the settlement, it became necessary to check the validity of all Labor Law claims on file in the Comptroller's office, so as to certify payment on the basis of individual dates of filing pursuant to the terms of the agreements in question. This task was accom-

plished by November 26, 1952, when written instructions requesting the preparation of payrolls were sent to 37 City agencies employing the beneficiaries of the settlement.

More to Come

Recently, the Comptroller received payrolls from 26 of the 37 departments, totaling \$3,045,467 and covering 4,878 employees. Of this number 19 payrolls have been fully audited and payment in the sum of \$840,639.84, affecting 1,345 employees will be made during the week of July 6th. The payrolls of the remaining 7 departments still require auditing and these will be processed in about two weeks.

As other departments submit the balance of the payrolls, the Comptroller's office will promptly audit and pay such claims.

Court Decisions

Sidney M. Stern, chairman of the committee on laws and rules, rendered the following report of court decisions to the NYC Civil Service Commission:

Harwood v. Brennan. Petitioner, an eligible on the list for promotion to sergeant, (P.D.) challenged the rating he received for record and seniority and sought a court order directing that he be given a higher rating. Justice Steuer denied the motion without opinion.

Jacher v. Brennan. Petitioner in 1943 was dismissed from the position of patrolman upon discovery that he had fraudulently obtained that position by applying under an assumed name and with another person's citizenship papers. Petitioner was in fact an alien at the time. He also had an arrest record for illegal voting. His name was then placed on the disqualified list. Subsequently he passed an examination for bridge tender and was appointed. When the above facts were discovered he was permitted to resign from that position rather than face dismissal on charges. Justice Hammer dismissed the pe-

tion in this proceeding in which was sought reinstatement as a bridge tender, holding that the maintenance of his name on the disqualified list and his enforced resignation were reasonable and proper.

Weiner v. Commission. Petitioner was dismissed as bridge and tunnel officer by the Triboro Bridge Authority for failure to return to his position within 60 days after the completion of his four year leave of absence to pursue studies under the G.I. Bill of Rights. In this proceeding he sought to compel his reinstatement. Justice Dickstein, held that he had properly been dismissed in accordance with the provisions of Section 246c of the Military Law, dismissed the petition.

Adams v. Commission. Petitioner's appointment as a junior draftsman in the Board of Education was revoked upon revocation of his certification by the Commission pursuant to Section 14 of the Civil Service Law. He seeks reinstatement.

FREE NEWSPAPER FOR CHILDREN!

SO that you can see for yourself what a treasure-house of fun and adventure, the NEW, enlarged CHILDREN'S TIMES is—we will send you a sample copy absolutely free! This new CHILDREN'S TIMES is twice as big (40 pages in every issue)—twice as exciting—and contains twice as much entertainment and things for your child to do! You and your youngster will discover thrilling new puzzles and games, a greatly enlarged News-In-Pictures Section, a new series of fascinating, worthwhile projects to do during the summer months (with the chance to try for a free bicycle!), the new "Junior Reporter" stories written by readers themselves, a new column by Mickey Mantle, and much, much more!

The first issues of the CHILDREN'S TIMES received an overwhelming response! Tens of thousands of letters poured into our offices—requesting subscriptions and praising the good effect of the newspaper on the lives of boys and girls of all ages! Eminent educators and child experts hailed it as a milestone! Parents said it was just what they have always wished for! Here, at long last, was a children's publication

that was both exciting and instructive, yet free from unwholesome influences. Here was reading matter crammed with the up-to-date information so essential to inquiring young minds—presented in a way every child enjoys and understands!

Hundreds of grateful parents have written to tell us of the endless hours of fun their youngsters find in just one copy of the CHILDREN'S TIMES! "My little girl is taking an interest in her appearance for the first time," writes one mother, "thanks to your page on health and beauty hints!" Another tells how her son spent 2½ hours in absorbed concentration on just the puzzle and game pages alone! Parents are enthusiastic about the way the CHILDREN'S TIMES stimulates their children to independent activities—caring for their pets, performing scientific "experiments," building their own toys, practicing new hobbies, learning how to make their own "collections" of things, etc. THE CHILDREN'S TIMES is designed to give your child fascinating things to do on his own. It anticipates many of the thousands of questions every normal child asks, and provides a ready answer to the familiar, bored question, "What can I do now?"
