

October 6, 2017

Dr. Grace Wang  
Interim Provost  
State University of New York  
State University Plaza  
Albany, NY 12246

Dear Dr. Wang:

This letter is in response to the letter sent by Dr. Alexander N. Cartwright on November 4, 2014 to delete the B.S. and M.S. programs in Nanoscale Engineering and Nanoscale Science at the University at Albany. While the attached B.S. programs are scheduled to be deleted in January 2019 and the M.S. programs are scheduled to be deleted in January 2018, we would like to request an extension.

We continue to serve students in these two programs, including cross-registered students from SUNY Polytechnic Institute. We have 47 students currently scheduled to graduate in Spring 2018 with an additional student expected in Fall 2018 and Spring 2019. As a result, we are requesting an extension until August 2021 to ensure that all of these matriculated students complete their studies. Should you have any questions about this request please feel free to contact Ann Marie Murray at [amurray2@albany.edu](mailto:amurray2@albany.edu).

Thank you for your attention to this matter and to helping us ensure a pipeline for success for current University at Albany students.

Sincerely,

James R. Stellar  
Provost and Senior Vice President for Academic Affairs

November 26, 2014

Dr. Alexander N. Cartwright  
Provost and Executive Vice Chancellor  
State University of New York  
State University Plaza  
Albany, NY 12246

Dear Dr. Cartwright:

This letter is in response to your office's May 15, 2014 request to discontinue the B.S. and M.S. programs in Nanoscale Engineering and Nanoscale Science offered at State University of New York at Albany. The B.S. programs detailed on the attached listing from the Inventory of Registered Programs will be deleted effective January, 2019. The M.S. programs will be deleted effective January 2018.

In the event that any students do not complete studies in this curriculum by the termination date, it is the responsibility of the institution to request an extension of the registration period for the program or to make other arrangements for those students to complete their studies.

Sincerely,

William Murphy  
Director
