THANKSGIVING

Once a year we set aside a day to thank God for the harvests and the year will soon leave behind us. We should also be thankful for the opportunity to attend a wonderful ~~shop~~ school like Milne. Truly we have many things to thank God for. Each one has his own personal way in which to thank God, but on Thanksgiving and especially this year we should all unite to give thanks for the year thru which we have just passed and to ask help for a better year to come.

We should be thankful that we are not sick and that we have good homes and parents who care for us.

So this Thursday and on every day let us raise our voices in praise and thanks to God for all he has done for us.
