## GOP Sees Italian As "Must" For One Of Two Big Races

COMPOSITION of a political party ticket on ethnic, religious and/or regional grounds is decried in many quarters but, nevertheless, is a practice pursued assiduously by both major parties. The theory is that the emotional appeal and its resulting votes makes the risk of severe criticism worth while.

Latest evolution in this type of political strategy is reported taking place in the GOP, where the state ticket is all set with the exception of a candidate to oppose Comptroller Arthur Levitt this fall and a nominee for the Court of Appeals.

Until recently, State Tax Commissioner Joseph Murphy

## Audit & Control Sets Expense Survey To Insure Correct Rates

ALBANY, Sept. 10—State employees who were reimbursed for traveling expenses for use of personal cars during the month of June have been asked to participate in a survey which will provide factual information for evaluating the reasonableness of rates allowed for privately-owned cars used for State business.

The survey is part of a review of the State's mileage reimbursement allowance started last year by the Division of the Budget and the Department of Audit and Control as requested by the Civil Service Employees Association.

In a memorandum accompanying a questionnaire to each of those included in the survey, the Division of the Budget and the Department of Audit and Control point out that "it is only fair that equitable State mileage reimbursement rates be established on the basis of factual information gathered from State Employees who have been required to use their personal cars on official business.

The employees are asked to complete and return the questionnaires to their supervisors by September 19. The sponsoring agencies stress in their memorandum that all replies will be held in strict confidence and will be used solely for statistical purposes.

CSEA urges the employees contacted to lend their complete cooperation to the survey as the review will greatly assist the Association in its continued efforts to assure reasonable reimbursement for employees who must use their own cars in their work.

## Rensselaer, Troy CSEA Units Adopt Similar Wage, Benefit Programs

TROY, Sept. 10 — The Rensselaer County Chapter of the Civil Service Employees Association and its City of Troy unit have presented similar four-point programs to county and city officials covering wages, health plans, grievance procedures and attendance rules for employees, Lloyd E. Bingham, chapter president, announced today.

## NYC Chapter To Hear Donovan, U-2 Attorney

James B. Donovan, New York attorney who negotiated the release of Francis Gary Powers, U-2 pilot jailed by the Soviet Union on a spy charge, will install officers of the New York chapter of the Civil Service Employees Assn. at a meeting Sept. 13 at 6 p.m. in Gassner's Restaurant.

Donovan is vice president of the New York City Board of Education.

## Mulholland Named

ALBANY, Sept. 10 — William D. Mulholland, director of the Division of Lands and Forests in the State Conservation Department, has been named a member of the Northeast Forest Fire Protection Commission. He will serve at the pleasure of the Governor.

## Western Conf. Sets Meeting For Sept. 22

ROCHESTER, Sept. 10—The Fall meeting of the Western Conference of the Civil Service Employees Association will be held on Saturday, Sept. 22 at the West Henrietta Lanes, Route 14 outside Rochester.

The conference will open at 1 p.m. in the banquet hall with the County group meeting in the Promenade Room. A cocktail hour will be held in the Promenade Room at 5:30 followed by a banquet at 6:30 p.m.

Invited guests include Joseph F. Peely, president of the CSEA and other state-wide officers.

Guest speaker at the banquet will be B. F. Perry, district engineer. Reservations, at \$4.50 per will be accepted until Sept. 13 and be obtained from Frank Fabi, co-chairman, CSEA, P.O. Box 72, Rochester.

The proposal for city employees, submitted to Mayor Neil Kelleher, calls for:

1. Five per cent salary increase for all non-uniformed employees and a "much needed" salary survey of all civil service positions by a competent private agency.

2. Adoption of the State Health Plan, which would provide improved medical and surgical coverage, with the employee and the city sharing the cost.

3. Establishment of formal grievance procedures for all city employees, prior to October 1, 1963, the date by which all political subdivisions in the state must set up such procedures as mandated under a new state law passed by the 1962 Legislature.

4. Liberalization of the city attendance rules to make them compare more favorably with those in effect for state employees.

## Reminded of Statement

In its proposal, the city unit reminded Mayor Kelleher that, according to a statement appearing in the Troy Record Newspapers, December 4, 1961, he said "if the police and firemen were successful in getting their \$600 raise, the administration would be obliged to recognize this next year and increase the remainder of our employees to resolve the inequity in wages."

The city employees' proposal was also sent to the president, majority and minority leaders of the Troy Common Council, Frank Popp, Joseph Humes and Frank Ryan, respectively.

The Troy unit of the state-wide Employees Association represents some 300 city employees.

## "Ill Feeling" Cited

The points contained in the proposal for county employees were similar to those in the proposal to the City of Troy. Under point two, however, the county group commented that "At the present time a very small segment of county employees are eligible for and are enrolled in the State Health Plan while the vast majority are not. This discriminatory situation has caused much ill feeling among the county employees who are not eligible for coverage."

The county proposal has been submitted to the officers of the County Board of Supervisors with a request that it be adopted at the earliest possible time.

## Dr. Moore Named Trustee

BUFFALO, Sept. 10—Dr. George E. Moore, director of the Roswell Park Memorial Institute here, has been elected a trustee of the University of Buffalo Foundation, Inc. His term will expire March 31, 1964.

## Rockefeller Restates Equal Pay Theme In Address To Troopers

ALBANY, Sept. 10—Governor Rockefeller, addressing a graduation class of 390 new State Troopers here, pledged New York State was ready to establish a 40-hour work week for State Police "in the immediate future."

His remarks also included praise for the Division of State Police with its "high traditions" and for civil servants in all parts of state government.

The announcement of a 40-hour week for troopers came as a special tribute to the work of the Civil Service Employees Association, which has carried on a long fight toward this goal.

Rockefeller had this to say about government careers:

"I lay stress advisedly on the fact that you are beginning a career here today.

## Calls For Dedication

"For like most of our civil servants, you are doing much more than merely accepting a State job. You are beginning what I sincerely hope will be for many of you, if not for most of you, a lifetime of dedication—in your case, a dedication to the safety and well-being of the people of the State of New York."

The graduation exercises were held at the Hellman Theater in Albany.

The Governor also told the new troopers: "I want you to be happy, well-paid and decently treated representatives of the people."

## Airport Workers Are Given Status By Civil Service

WATERTOWN, Sept. 10 — The Watertown Airport Commission has voted to give its airport employees civil service status after operating without it since 1943.

Under the commission action, the Watertown Civil Service Commission has been asked to make the airport manager's job non-competitive. The assistant manager and others involved will be in the competitive class in the future.

The airport commission, headed by City Judge George G. Inglehart, Jr., approved civil service status for the employees after the workers had requested the added job protection.

The employees are included in the city's over-all pay program though working separately under the commission's direction.

## Rochester CSEA To Hear Talk By Hungerford

I. J. Hungerford, Administrative Director of the State Retirement System will be the principal speaker at this year's first meeting of the Rochester Chapter, Civil Service Employees Association.

The meeting is scheduled for September 26 at 8 p.m. and will be held at the 40 & 8 Club. Chapter president Samuel Grossfield will ask the members for instructions to the CSEA annual meeting in Buffalo at this time.

Leo Bernstein, assistant district superintendent in the Division of Employment, is in charge of programming for the year 1962-63, and will be on hand to present chapter plans for this year.

Social chairman, Merely B. Schwartz and members of her committee will serve refreshments after the meeting. A recent chapter purchase, an address-o-graph system will be used to reach members for the first and all other meetings.

Plans for the September 26 meeting will be discussed by all departmental representatives at a dinner meeting of September 12 at 6 p.m. in the 40 & 8 Club.

This is not a general membership meeting.

## CSEA Group Life Opens For Suffolk, Rockland Counties

ALBANY, Sept. 10—Employees of the Counties of Suffolk and Rockland will have an opportunity of an open enrollment period during the month of September in the Group Life Insurance Plan made available by the Civil Service Employees Association, it was recently announced.

Officials of the Suffolk and Rockland County Chapters of the Employees Association have made arrangements with the Travelers Insurance Company to have salaried personnel on hand during September in each county to explain this unique coverage and to sign members.

The Suffolk enrollment will be available from September 10 through September 30. Rockland enrollment will begin at the same time but will end Sept. 25.

The plan will be available, non-medically, through age 69, at low cost, with premium waiver, automatic conversion privileges and other valuable benefits.

# DON'T REPEAT THIS

(Continued from Page 1)

of Syracuse (Onondaga County) was reported to be in considerable high favor with several Republican leaders of importance. Murphy, an up-stater and a Catholic, resides in the same city as David H. Jaquith, candidate for governor on the newly formed Conservative Party, which is expected to garner only Republican votes. Murphy's local popularity was seen as a means of cancelling out Jaquith in Onondaga County.

## Sentiment Shifts

Latest reports have it that strong sentiment to place a candidate of Italian descent on the ticket is growing steadily among Republican leaders, who feel that such a candidate is their best bet in balancing and strengthening their already strong ticket. It is also said that some previous supporters of Murphy have been convinced that his title of Tax Commissioner will draw too much attention to an area that the Democrats are going to attack heavily. With Murphy's star somewhat in decline, therefore, the swing toward the "Italian line" thinking is picking up momentum.

The thinking could shift back to popular "Joe" Murphy, however, if an Italian-American is slotted in to the Court of Appeals post. Several names are rumored in this area and at this writing there appears to be two leading contenders—Felix J. Aullisi, Supreme Court Justice from Amsterdam and Supreme Court Justice Marcus G. Christ of New Hyde Park in Nassau County. Aullisi, on the bench some 30 years, is reported to have strong backing upstate for the higher court post. Christ is said to have the support of Assembly Speaker Joseph Carlino. If an Italian-American gets the comptroller slot, however, these men possibly would be cancelled out.

## The Potential

Political strategists are pointing out that persons of Italian descent represent one of the greatest potential voter blocks in the state. This has not earned any New Yorker of Italian-American lineage a major appointment from President John Kennedy, although the President, on a national level, recently named Anthony J. Celebreze, native-born Italian, as U.S. Secretary of Health, Education and Welfare.

Now, some GOP leaders feel that an Italian-American on the ticket, combined with probable resentment from the Italian community on being overlooked locally, could add considerable appeal to the

total Republican ballot. And it would add to the balance of the ticket. Rockefeller for instance, is a Protestant. Lieut. Gov. Malcolm Wilson of Yonkers is a downstate Catholic. Javits and Lefkowitz are Jewish.

Several names are being mentioned but at this writing several Republican leaders are "hot" for the candidacy of Richard J. Cardamone, Harvard-educated attorney who is chairman of the Oneida County Republican Committee. It is felt that a candidate such as Cardamone would be a page right out of President Kennedy's "book" for popular appeal. Cardamone is only 36 years old, the father of eight children and the son of Italian parents who operate a very successful wholesale fruit business in Utica. He has held no previous elected office, but his image as a clean cut young man from upstate New York is said to appeal to several important GOP leaders.

## Dark Horses Figure In

This does not mean that Cardamone "has it." Assembly speaker Joseph Carlino is reported to be backing Ralph Caso, supervisor of the Town of Hempstead on Long Island, for the post. Joseph Gimma, New York City Wallstreeter, State Racing Commissioner and New York County Republican Committee figure, has been under consideration for some time. Monroe County Judge John P. Lomenzo is another possibility as is Supreme Court Judge Dominic Gabrielli of Bath.

Every race has its "dark horse" possibilities, however, and there are three very strong ones in the GOP comptroller race. Murphy is a good possibility. Some GOP "pros" feel that the best outside bet is Gordon A. Howe, Monroe County Executive. Erie County (Buffalo) is said to be pushing a "favorite son" for the post. He is Robert A. Glasser, chairman of the Harness Racing Commission and former sheriff of Erie County. Robert H. Miller, treasurer of Chautauqua County, is an avowed candidate for the post.

Republicans meet next week in Buffalo and while the picture may change, at this writing it appears that the GOP can get the most mileage out of an Italian-American candidate and that consideration will loom largely in naming the man for either the Comp-

## Addenda

Some political writers have stated recently that the name of Robert M. Morgenthau as a possibility to head the Democratic state ticket was unmentioned "until three weeks ago," to quote one writer. Morgenthau, who has resigned as U.S. Attorney for the Southern New York District and is now actively seeking the nomination, was listed as a possibility in poll of the pros — Democratic county leaders and delegates to the last state convention—taken by The Leader in June. He was the choice of many leaders and former delegates that far back. The Leader also was the first newspaper to report, in a front page story, that Morgenthau was a leading candidate for the Democratic nomination for Governor.

Naturally, no one can predict the exact outcome of the Democratic convention next week. To date, however, The Leader has kept up its good score in reporting developments first, via this column.

## Business & Politics

THE PUBLIC relations of the word "politics" is being enhanced considerably these days with the help of American business.

It AUGURS well for everyone in government, particularly civil servants whose status should be raised a few notches.

THIS IS being achieved because business has discovered that its well-being and government's operate from the same gear box and move on the same drive shaft.

HAVING MADE this important discovery, business is doing something about it. Its motive is basically practical—making the system of government we enjoy work for business on a basis equal with everyone else.

BEING RESOURCEFUL, American business is reaping good public relations as well, from its belated discovery that politics is as important to the success of business as is a new product everyone wants.

MORE AND more businesses are going into the business of alerting their employees to the importance of politics. The development has been gradual, but effective.

FIRST, BUSINESS gave background courses in the political process. The presentation was usually by a professor of political science from a nearby university.

NEXT, BUSINESS urged its employees to "contribute to the party of your choice."

NOW, COMES the most important step: instruction is being given in practical politics. In some instances, time off with pay is being given to those desiring an active participation in the nuts and bolts of politics.

TYPICAL OF business-sponsored programs in political education is now under way at New York City's First National City Bank. Since banks are in everyone's business, it is most appropriate that a bank, particularly one with the prestige and stature of "Citibank" embrace such program.

THE PROCESS at First National City Bank began last year with a highly successful course, "Economics for the Thinking Citizen." Already this year there is an overflow registration for the course which is open to all employees.

STARTING WITH a practical politics course for top executives a year ago, it is being repeated again this year for all employees wanting to attend. It will deal with various aspects of practical politics and citizen participation in the political process.

WHAT MAKES "Citibank's" program all the more significant is that it is in charge of a top bank vice-president, E. Sherman Adams, who happens to be the former vice-chancellor of New York University.

# CORRECTION CORNER

By CHARLES LAMB

(The views expressed in this column are those of the writer and do not necessarily constitute the views of this newspaper or of any organization).

## Good Idea From Watertown

HAVE BEEN informed a new law effective July 1 calls for psychiatric examinations for applicants for police officer positions. H-m-m!

**DID YOU NOTICE** that along with increased salaries for patrolmen, the Watertown Civil Service Commission included a uniform allowance of \$250? I believe the correction officers had better contact their old friend, Senator John Cooke, Erie County, who carried the ball last year for uniform allowances.

**AL FOSTER**, president of the Correction Conference, sent me the following breakdown in reference to allowances necessary to purchase and maintain uniforms of correction officers: newly appointed officers, uniform allowance of \$204, plus maintenance for one year \$54, total \$258. After the first year, annual uniform allowance and maintenance would be \$144.50.

**A GROUP OF** Albany citizens has formed a committee called "Citizens Organized to Improve Law Enforcement." They not only advocate higher pay scales in order to attract better qualified personnel, but also propose that administrations adopt education and training programs. Congratulations to this group for their public spirited interest in the development of such programs.

**WOULD LIKE TO** see the Correction Department survey the possibility of creating junior and senior correction officers, similar to the Federal prison service, or a rank of corporal similar to the New York State Police. Our line officers and supervisors could point out many practical reasons and advantages for such titles.

**AS OF THIS** column, there is still no word from Budget Director, Dr. Hurd, in reference to R-12. This writer has always believed since the original application was presented for reallocation of Correction Officers that their request was justified and an equitable adjustment would be made in their salary grade. Although there has been no definite word as yet, I still have faith in the eventual approval of this application by the Budget Director.

**GOVERNOR ROCKEFELLER** frankly told the Federation of Republican Women's Clubs that "Once a problem is solved the people are not interested anymore. They ask, what will you do for me next." Governor, you sound just like an employee representative telling his members what a great program they just developed and getting the following answer: "Sure, that was yesterday, but what's cooking today."

**JOSEPH FEILY**, president of CSEA, has appointed a "Special Correction Department Committee" naming James L. Adams, Sing Sing Prison, Chairman; Robert Bliden, Eastern Correctional Institute; Howard J. St. Clair; Dan-nemora State Hospital, Mrs. Dorothy Starweather, Albion State Training School; Kenyon Ticen, Attica State Prison, as committee members and this writer, CSEA vice president, as committee consultant. The purpose of this committee will be to determine the problems and programs of CSEA members employed by the State Department of Correction and with the cooperation of the CSEA officers and staff, negotiate with the Commissioner of Correction for the solution of such problems and to secure his support to various programs desired. The first meeting of this committee was held on August 28, 1962 in Albany.

**IT IS REQUESTED** that chapters and individual members submit to the CSEA any matters that they want placed before this committee for discussion and action.

## 40-Hour Trooper Week Coming Soon—Rockefeller

(Continued from Page 1)  
made by the Governor, particularly in regard to salary levels. Rockefeller spoke first of his objectives for the State Police, which he said, were:

1. Professionalization of the State Police.

2. Better hours and working conditions for the State Police.

"As of today, the State Police are still working a 60-hour week. With your addition to the ranks, we are moving toward the goal of a 40-hour week in the immediate future.

### Equal Pay Goal Re-Stated

"Moreover, an improved salary structure assures fulfillment of my aim that the State Police of

New York State shall be paid as well as any comparable public servants in the Nation—if not better.

"One of my basic objectives as Governor is to make sure that our public servants shall be compensated justly, on a basis assuring equality with comparable private employment so as to promise the best possible service to the public," Rockefeller said.

### Gets New Term

ALBANY, Sept. 10 — Nelson L. Neidhardt of Morrisville has been renamed to a new term on the Council of the State Agricultural and Technical Institute at Morrisville. He is an attorney.

# Syracuse Votes Deputy Police Chiefs Out Of Competitive Status

(From Leader Correspondent)

SYRACUSE, Sept. 10—Despite vigorous objections by the lone Democratic councilman and others, Syracuse's City Council last week approved a local law that will remove all deputy police chiefs from competitive Civil Service classification and put them into an exempt class.

The vote was 8 to 1, with only Stanley J. Laskowski, the sole Democrat on the Council, voting against adoption of the measure. All other councilmen and the mayor are Republicans.

Under the local law which amends the Syracuse City Charter, Mayor William F. Walsh—and his successors—will appoint all deputy police chiefs as well as the chief of police.

Mayor Walsh requested the change as part of his plan to increase the number of deputies from three to four. Under the previous law, the mayor appointed only the chief and first deputy. Mayor Walsh said his request was made with the objective of making Syracuse's Police Department "the best in the nation."

Others arguing against adop-

tion of the measure were Sgt. Michael Burns, president of the Police Benevolent Association; Dist. Atty. J. Richard Sardino (also a Democrat), assigned to Police Court, and Robert Z. Srogi, a Syracuse attorney.

Laskowski urged the Council "to keep our hands out of the department." He said the change could possibly lead to policemen "shirking work" and "becoming less interested" in their work.

Sgt. Burns contended that the deputy positions should be left under Civil Service to give senior officers a better chance for promotion. The legislation would set the Department back 20 years, he asserted.

### Sees Three "Evils"

Sardino saw three major evils in the change:

1. It would deprive many officers and policemen of the opportunity work up to the deputy chief position.

2. The deputy posts would be under political domination.

3. A change in administration could wipe out every man in the deputy posts.

Srogi also asserted that the deputy chiefs would be under political control. And, he said, the switch would take from the police chief the privilege of appointing his deputies from the Civil Service promotion list and put it in the hands of the mayor.

Mayor Walsh contended that

the change would enable the deputy chiefs to maintain constant lines of communication with officers. Under his plan, three deputy chiefs would work in the field with the men and the other and the chief would be the administrative officers of the department.

The measure was sent to the Council with an emergency message by the mayor, enabling the Council to act on it immediately.

## Nassau Chapter Sets Installation And Fall Meeting

The Nassau Chapter of the Civil Service Employees Association will hold its first Fall meeting on Sept. 19, at the Salisbury Club, Nassau County Park.

There will be a Board of Directors dinner meeting at 6 p.m. which will be followed at 8 p.m. by an open membership meeting.

In view of the fact that the 13th annual dinner-dance and installation of officers will take place on Saturday, October 13, it is necessary that tickets be purchased as soon as possible. Tickets are \$10 each which includes a floor show, continuous dancing, complete prime ribs of beef dinners, and gratuities. Those who wish to pay for tickets and chance books can do so at this meeting."

## Bendet Named Chief Of Insurance Dept. Complaint Bureau

Superintendent of Insurance Thomas Thacher announced last week that Solomon Bendet, Co-Chief of the Complaint Bureau since 1955, has succeeded to the position of Chief of the Bureau.

Bendet formerly shared the supervision of the Insurance Department's New York City Complaint Bureau with Samuel H. Dorf, who retired on July 26, 1962.

### Served Since 1930

A native New York, Mr. Bendet received his B.S. degree in education from New York University. He is a registered account-

tant and joined the Insurance Department in 1930 as a Junior Insurance Examiner. He was promoted to Senior Insurance Examiner in September 1944, Associate Insurance Examiner in September 1948, and Principal Insurance Examiner and Co-Chief of the Complaint Bureau on Oct. 1, 1955.

Bendet resides in Forest Hills, Queens, N.Y. He is a past president of the New York City Chapter of the Civil Service Employees' Association and of the Association of New York State Insurance Examiners, Inc. He is now a member of the Executive Board of Directors of the Civil Service Employees Association.

## New Welfare Commissioner:

# Less Paper Work Promised To Free Professional Aides

ALBANY, Sept. 10—The new state commissioner of Social Welfare, George K. Wyman, has taken over his new duties with a pledge to:

"Work with the local welfare departments and the Federal Department of Health, Education and Welfare to hold all paper work to a minimum so that professional personnel can give most of their time to helping people help themselves."

The former director of the California Department of Social Welfare and former deputy director of Social Security in Washington, D.C. was sworn in as the state's new Social Welfare boss Aug. 27th in New York City.

It was Wyman who conducted the study upon which the Federal Department of Health, Education and Welfare based its recent recasting of the nation's public welfare system to stress efforts to prevent and reduce public dependency and to rehabilitate and retrain public assistance recipients for self-support.

Wyman, 48, served as deputy commissioner of social security in the Federal Department of Health, Education, and Welfare in 1959 and 1960. From 1954 to 1959 he was director of the California State Department of Social Welfare. He began his career in public social service in 1938 as direc-

tor of the Merced County Welfare Department, later becoming welfare director of San Bernardino County. For the last two years he has been executive director of the Welfare Planning Council, Los Angeles region.

During World War II Wyman served more than four years in the Army; part of his service was on the staff of General Douglas MacArthur in the Philippines and Japan.

He is a former chairman of the Councils of State Welfare Administrators; a former president of the County Welfare Directors Association of California; and a former president of the California Association of Health and Welfare. He graduated from Stanford University in 1935.

Wyman succeeds Raymond W. Houston, who is retiring after 28 years in public service. His salary will be \$28,875.

## Where to Apply For Public Jobs

The following directions tell where to apply for public jobs and how to reach destinations in New York City on the transit system.

**NEW YORK CITY**—The Applications Section of the New York City Department of Personnel is located at 96 Duane St., New York 7, N.Y. (Manhattan). It is two blocks north of City Hall, just west of Broadway, across from The Leader office.

Hours are 9 A.M. to 4 P.M. Closed Saturdays except to answer inquiries from 9 to 12 a.m. Telephone COrtland 7-888C

Mailed requests for application blanks must include a stamped, self-addressed business-size envelope and must be received by the Personnel Department at least five days before the closing date for the filing of applications.

Completed application forms which are filed by mail must be sent to the Personnel Department with the specified filing fee in the form of a check or money order, and must be postmarked no later than twelve o'clock midnight on the day following the last day of receipt of applications.

The Applications Section of the Personnel Department is near the Chambers Street stop of the main subway lines that go through the area. These are the IRT 7th Avenue Line and the IND 8th Avenue Line. The IRT Lexington Avenue Line stop to use is the Brooklyn Bridge stop and the BMT Brighton Local's stop is City Hall. All these are out a few blocks from the Personnel Department.

### Proposed Federal & Postal Raise Might Be In Two Phases

Although there has been no definite action recently on the Federal and postal employee pay raise legislation, the Senate and House committees are rumored to be hammering out the essential problems.

At present, it appears that the pay raises will be in two phases. The first change would occur in October of this year and the second part, 15 months later on January 1 of 1964.

Starting on October 1, the minimum and maximum steps of the Classification Act grades for Federal employees would be:

Grade 1, \$3,245 to \$4,190; Grade 2, \$3,560 to \$4,505; Grade 3, \$3,820 to \$4,830; Grade 4, \$4,110 to \$5,370; Grade 5, \$4,565 to \$6,005; Grade 6, \$5,035 to \$6,565; Grade 7, \$5,540 to \$7,295; Grade 8, \$6,090 to \$7,935; Grade 9, \$6,675 to \$8,700; Grade 10, \$7,290 to \$9,495; Grade 11, \$8,045 to \$10,165; Grade 12, \$9,475 to \$11,995; Grade 13, \$11,150 to \$14,070; Grade 14, \$12,845 to \$16,245; Grade 15, \$14,585 to \$17,925; Grade 16, \$16,000 to \$18,000; Grade 17, \$18,000 to \$20,000; Grade 18, \$20,000.

The minimum and maximum pay rates to become effective on January 1, 1964 would be:

Grade 1, \$3,305 to \$4,250; Grade 2, \$3,620 to \$4,565; Grade 3, \$3,880 to \$4,900; Grade 4, \$4,215 to \$5,475; Grade 5, \$4,690 to \$6,130; Grade 6, \$5,235 to \$6,810; Grade 7, \$5,795 to \$7,550; Grade 8, \$6,390 to \$8,280; Grade 9, \$7,030 to \$9,100; Grade 10, \$7,690 to \$9,985; Grade 11, \$8,410 to \$10,650; Grade 12, \$9,980 to \$12,620; Grade 13, \$11,725 to \$14,805; Grade 14, \$13,615 to \$17,215; Grade 15, \$15,665 to \$19,270.

### Facts Show Value Of Handicapped Workers In Govt.

"It is fitting that Government, as an employer, should lead the way in selective placement of . . . handicapped persons so as to utilize their skills and abilities."

—President John F. Kennedy.  
President Kennedy's statement is not just a lot of empty words for the facts and figures of the Federal government show that more 193,000 handicapped persons are civil servants.

Records have shown that handicapped workers have a lower rate of turnover; have fewer lost-time accidents; and perform as well as, or better than, able-bodied workers.

In keeping with President Kennedy's wishes, National Employ the Physically Handicapped Week will be observed October 7-13.

### Seminars Designed To Present Broad View Of Problems

Up to 600 Federal employees will attend the first National Security Seminars to be presented for civil service personnel, this month. The first of two identical week-long seminars, to be attended by about 300, will be held September 10-14 and the second, the following week.

The seminars, which will be attended by employees in GS-13 and above, are designed to provide participants with a broad view of security problems; a close look at the causes and meanings of world tensions; increased knowledge of the relation of our economic forces

to world problems; a review of our dependence on other free nations for markets, services, and critical raw materials; and additional insights into the employee's responsibilities in an increasingly complex and demanding world.

CSC Commissioner Frederick J. Lawton will address the opening meeting of the first seminar and a talk by Major General A. T. Wilson, deputy commandant of the Industrial College, will close it. The second seminar will be opened by General Wilson and the closing address will be made by CSC Chairman John Macy, Jr. Vice Admiral Rufus E. Rose, Industrial College commandant, will introduce Macy and Lawton.

### Columbia Association Holds First Meeting

The Columbia Association of the New York Post Office of which James Colaprico is president, will have its first meeting of the fall season on Friday, September 14 at 7:30 p.m. in the Knights of Columbus Hall, 675 Eighth Ave., New York.

### Future Problems & Policy Discussed By Letter Carriers

Issues such as Saturday mail deliveries, payment for lunch hour periods, twenty-five year optional retirement, and full cost of hospitalization and medical insurance to be paid for by the government were discussed at the

recent Biennial Convention of the National Association of Letter Carriers.

The convention which was held in Denver, Colorado, is the 43 convention in the history of the association.

Approximately one hundred representatives composed the delegation which represented the New York area. This delegation was under the leadership of the president of the New York Letter Carriers' Branch Thirty-six, Philip Lepper.

### Jump In Federal Employment May Be Fall Campaign Issue

Many Republican and Democratic members of Congress are up in arms over the recent increase in Federal employment. The June reports showed an increase of around 50,000, which brought the world-wide total of Government employees to over 2.5 million.

The increase has been caused, primarily, by the hiring of seasonal and temporary people.

Many of the new employees are students who will be leaving their jobs this month to return to the classroom.

Even though these temporary employees have accounted for a great deal of the growth, many politicians feel that this rise in employment and Government costs will become an important campaign issue in the coming Fall elections.

### Goldberg Selects New York Native

A New York native, Hugh C. Murphy, has been appointed as Assistant Director for Skill Development in the Bureau of Apprenticeship and Training by Secretary of Labor Arthur J. Goldberg.

### Awarded Grant

Dr. Robert L. Gilbertson, Department of Forest Botany and Pathology, State University College of Forestry at Syracuse University has been awarded a research grant of \$11,800 by the National Science Foundation.

Predicting anything accurately takes more than a crystal ball. And part of Con Edison's planning calls for predicting how much, where, and when we must be ready with more electricity.

For example, during the pre-Christmas shopping days—when New York's a city of light—use of electricity soars. And a big, new building going up might need as much as twenty times the electricity as the older ones it replaces.

As it takes at least three years to build a new plant, and months to install new distribution cables, Con Edison engineers must plan 5 years ahead so that we will continue to be ready with plenty of electricity wherever it's needed.

## Good Arguments

**D**URING a recent address to a graduation class of state troopers, Governor Rockefeller told these new State employees:

"One of my basic objectives as Governor is to make sure that our public servants shall be compensated justly, on a basis assuring equality with comparable private employment so as to promise the best possible service to the public."

It is encouraging to note that Rockefeller has indicated that he is aware that equal pay with private industry is a continuing goal. What we like almost as much, however, is his reasoning—"so as to promise the best possible service to the public."

These columns have observed from time to time that our leading elected officials do not do a strong job in convincing the public that good public service can only be rendered by good public servants—and these cannot be had without adequate compensation.

Dual recognition of the need for equal pay and the need for the best possible service to justify this pay sums up the best argument for public employee salary standards we have heard in many a day.

## Freedom Of Choice

**T**HE write-in campaign for a choice of health plans for New York City's employees is receiving additional support from all quarters. The Attorney General of New York State, in fact, has written a letter to this newspaper decrying the situation which exists in New York City civil service.

New York City claims to have no money available for what they term "a major expenditure." However, one contemplated plan costs only a few cents more than the present HIP while the other two plans cost considerably less. Nevertheless, all City employees are allowed to choose to participate in the provisions of the HIP (Hospital Insurance Plan) or none at all.

If all City employees were to choose to participate in this plan, the cost to the City would be considerable. Some groups are threatening to urge their employees to join this plan, even if they do not want such coverage.

The City knows that it will save money by offering only one choice because not all employees will take advantage of a plan which does not fill their individual needs.

However, this strategy can be used by the employees in reverse. If all accept HIP then the City will have to grant the choice in order to save money.

The coupon urging the Mayor and the Board of Estimate to grant this choice is being reprinted again to give city employees who were unable to take advantage of this opportunity before to do so now.

Just mail the completed form to The Leader, 97 Duane St., N. Y. 7, N. Y.

Mayor Robert F. Wagner,  
City Hall, New York City

Dear Mr. Mayor:

As a city employee interested in receiving a choice of health insurance plans, I strongly urge your cooperation in seeing that the necessary legislation is recalled before the Board of Estimate immediately and further urge that you use the power of your office to see that such legislation is passed before Election Day.

## LETTERS TO THE EDITOR

Letters to the editor must be signed, and names will be withheld from publication upon request. They should be no longer than 300 words and we reserve the right to edit published letters as seems appropriate. Address all letters to: The Editor, Civil Service Leader, 97 Duane St., New York 7, N.Y.

### Attorney General Cites Leader For Health Plan Campaign

Editor, The Leader:

Congratulations to you and the Leader for carrying the ball for New York City's employees in their fight to win freedom of choice in the selection of a health plan.

The letter from a reader printed in your August 28, 1962 issue, spells out the employees' case with clarity. Your lead editorial in the same issue — "A Choice-Now" — reminds the Mayor and his fellow Board of Estimate members of a promise long since made to the City's employees.

On October 24, 1961, I issued a public statement in which I pointed out that of the 200,000 municipal employees more than 50 percent, who did not want to forego the services of the doctors of their own choice, were without city-provided insurance coverage simply because they were restricted to a single health plan. On January 25, 1962, in a letter to you, I again urged that immediate action be taken to give City employees free choice of health plans. But nothing has been done.

State and Federal employees won their point several years ago. City employees have succeeded only in obtaining a promise of action by the Mayor; now is the time to make good on that promise. The City has no choice but to give its employees a choice—NOW.

LOUIS J. LEFKOWITZ  
Attorney General  
State of New York

### Recruiting Program Success Through The Leader

Editor, The Leader:

I am leaving for Boston tomorrow on a three weeks recruiting trip and I could not go without dropping you a line to tell you how much I appreciate the very fine publicity you have been giving my recruitment program in The Leader.

Many of my applicants have begun their interview with "I saw the article in the Leader about jobs . . ." and each time I have been so grateful to you.

With kindest regards and best wishes for your continued success and that of The Leader.

ADELE P. LEE,  
State Department

### Retired Employee Asks for Insurance

Editor, The Leader:

I have read with interest about your campaign to try to get Mayor Wagner to give the city employees their choice of health insurance plans. While you are at this, try and get the old, long retired pensioners, who have no organization to aid them a similar type of low cost medical insurance from the City.

I have written to the Mayor ever since he was elected to office asking for this insurance but he always replies ". . . can't find the money."

## Civil Service LAW & YOU

By HAROLD L. HERZSTEIN

Mr. Herzstein is a member of the New York bar (The views expressed in this column are those of the writer and not necessarily constitute the views of this newspaper or of any organization.)

### Straighten It Out

ON AUGUST 7, 1962, my column was entitled: "Throw it Out." It was based on an opinion written by Judge Stevens of the Appellate Division of Manhattan and The Bronx on Subdivision I of Regulation 2 of the Civil Service Commission, **Matter of Daub v. Coupe, 9 App. Div. 2d 260.**

I WILL HAVE more to say about what I wrote about Judge Stevens' opinion, later. What I want you to know now is that I received a letter from John J. Mooney, Counsel to the Civil Service Department, which was critical of my column. I will answer it later. Please read it first.

New York State Department of Civil Service  
The State Campus  
1220 Washington Avenue  
Albany 1, New York

Dear Harold,

In your column in the August 7 issue of The Civil Service Leader you state that Judge Stevens' opinion for the Appellate Division, First Department, in **Matter of Daub v. Coupe**, "threw half of Subdivision 1 of Regulation 2 out." This is not so. I am sure you will find, on reviewing the opinion again, that in fact the Court upheld our application of the Regulation in the very situation involved in the case.

The Regulation was not applied to the promotion of Barber. The petitioner had sought to have it so applied, but the Court rejected his contentions in this regard.

The Regulation has never been applied by the State Civil Service Commission to promotions; by its very terms it applies only to appointments. It impresses me as unfair to us, therefore, for you to indicate that the Court "threw out" half of the regulation.

I hope this letter finds you in good health and in your usual good spirits.

With best regards,

Sincerely,  
JOHN J. MOONEY,  
Counsel.

### In My Defense

I HAVE JUST reread my column of August 7. The Regulation was not applied to the promotion in the case. That is exactly what I wrote and Mr. Mooney is correct in his understanding.

AS TO MR. MOONEY's statement that the regulation was never applied by the Commission to promotions, there is nothing in my column to the contrary. All I wrote, after a complete statement of the case was that: "Judge Stevens threw half of Subdivision I of Regulation 2 out. Now, when is the Civil Service Commission going to throw the rest of it out?"

MR. MOONEY states that the Commission never enforced the rule with respect to promotions. No one said they had. But how about the open question which I asked above: "Now, when is the Civil Service Commission going to throw the rest of it out?" That is one which is worth another letter and I assure Mr. Mooney that I will submit it for printing. This is a bad regulation, and I am glad that it has raised some sensibilities.

MR. MOONEY and I have occasional disagreements. But we agree with each other far more than we disagree. Really, he is an excellent Counsel and a first class fellow. The Department is lucky to have him.

Quill to do battle for us, money would be found. As we are such a small group—and growing smaller daily—we are lost in the shuffle. I hope you will add this most worthy cause to your campaign.

I retired in 1947 and receive only \$116.01 a month. This is not enough to pay doctor and medicine bills since I have no insurance making me a burden to my family. It is a shame that the richest city in the world treats its retired employees so shabbily. Money has been found for lots of things of far less importance than the welfare of old retired city employees. Even Russia takes better care of its pensioners.

CARRIE REINHEIMER  
Brooklyn, New York

### Rockefeller Supports New Boys' School

ALBANY, Sept. 10—On the recommendation of the State Department of Social Welfare, Governor Rockefeller has pledged his support for a 1963 project to open a new training school for boys in the Montgomery-Fulton County area.

It is anticipated the school will be designed to care for a minimum of 250 boys from 12 to 16 years of age. The estimated state payroll to staff the school will be \$1 million a year.

## State Guard Units Seek New Members

The Third Area Command, New York State Guard under the command of Brig. General W. L. Thompson, Jr., of Albany, is seeking veterans, and qualified non-veterans, between the ages of 18 and 50, to fill cadre and M-Day openings in the New York Guard as officers and enlisted men.

The New York Guard is set up to replace the National Guard in the event the latter is called into federal service. The State Guard is not eligible as a unit for active federal service.

State Guard members serve on a volunteer basis and meet for training Wednesday nights at

state armories in 16 cities and towns in the Albany Area. Openings exist in all phases of administration, security, and communication sections of the New York Guard.

The State Guard is a State force (Continued on Page 12)

## A tribute to New York State's Department of Mental Hygiene

#10 in a series on State Government

The Department of Mental Hygiene, under the direction of Commissioner Paul H. Hoch, M.D., employs 42,000 people and maintains 27 institutions for the care and treatment of the mentally ill, mentally retarded and epileptic. In addition to these institutions, which care for nearly 110,000 persons, the department conducts a community mental health program which provides state aid to local governments for the operation of psychiatric services in the community. Thirty-one counties and New York City participate in this program.

Research programs are carried on in such major areas as schizophrenia, mental illness of the aging, child psychiatry, narcotic addiction, and alcoholism.

The operation utilizes 28 different kinds of services, including psychiatrists, psychologists, social workers, nurses, occupational therapists and attendants and provides training programs and internships for many of these.

Recent innovations within the department include the Open Door policy, which encourages patient freedom and responsibility, establishment of divisions of alcoholism and narcotics, and special units for various groups such as emotionally disturbed blind children.

THE STATEWIDE PLAN . . . a combination of Blue Cross, Blue Shield and Major Medical . . . provides security and protection for most of the employees of the Department of Mental Hygiene against the cost of hospital and medical care. This three-part program offers realistic coverage for all New York State employees as well, both active and retired.

The vast majority of employees of the State know that as subscribers to the STATEWIDE PLAN, they are eligible for the most liberal benefits at the lowest possible cost. They know, too, that wherever they go — at home or abroad — this plan and its benefits travel with them. In this fact there is security against the worry and concern which would result from less adequate coverage.

Get all the facts about the STATEWIDE PLAN from your Personnel or Payroll Officer. Do it now.

### Question Answered

Must an eligible war orphan attend college to take advantage of VA's educational benefits? I would like to study typing and stenography to prepare for a business career.

Training that leads to a business career or similar vocational preparation is allowed. The only prohibition bars the study of high school level subjects.

Are veterans of the so-called Haitian expedition of 30 years ago considered war veterans?

They are eligible for the special benefits provided for peacetime veterans but, unless they had other service, they are not considered "war veterans".

I have read that GI loans have ended for World War II veterans.

World War II veterans begin to lose GI loans eligibility after July 25, 1962, according to this

formula: To the 10-year period following their last discharge from active wartime service add one year for each three months of

active service. The date so reached is the termination of their GI loan eligibility with these two exceptions—a) if that date was before July 25, 1962, they still had, by law, July 25, 1962, to make loan application; (b) the final termination of World War II eli-

gibility is July 25, 1967, no matter what their individual date may be. Veterans should note that "loan application" means the actual application by the lending agency to the VA for guaranty and not the veteran's request for a loan.

# Customs Agency Jobs Now Open for Filing; Pays \$4,345 to Start

400 people are needed by the Treasury Department's Customs Agency Service to fill immediate vacancies as Customs Port Investigator Trainees. An additional number will be needed in the near future, due to a proposed enlargement in the force.

In view of the appalling continuance of the smuggling of narcotics into the United States, with its death-dealing trail of addiction and resultant increase in crimes of all types, the Customs Agency Service is attempting to more effectively combat this menace.

These GS-5 positions paying \$4,345 per year to start, are located in New York City.

At the end of one year of training and satisfactory service, trainees appointed will be promoted to GS-7, paying from \$5,355 per annum, with yearly increments up to \$6,345.

Persons desiring to be considered for these positions should write to the Customs Agency Service, Post Office Box 195, Village Station, New York 14, New York.

Customs port investigators search vessels, vehicles and persons (such as passengers, seamen, and longshoremen) in an effort to uncover contraband. These searches are based upon intelligent evaluation of situations which indicate a likelihood that criminal laws are being violated. If contraband is discovered, the officers are empowered to seize it and arrest the offenders.

In the performance of these duties they are armed for self-protection. They are frequently required to testify in court as to the conduct and facts surrounding actions in which they participated. In recognition of the dangerous and demanding nature of these duties, the customs port investigator is qualified for retirement at age 50 after 20 years of service. Because of the exacting physical demands of these jobs, the customs agency prefers young, vigorous applicants who are alert, observant, and have an interest in enforcement and investigative work.

To be considered for the position of custom port investigator, GS-5, a person must acquire eligibility in an appropriate examination, prove satisfactory on character investigation, and pass a medical examination.

Three years experience is required with a minimum of two years in criminal investigative work. College credits may be substituted for experience.

### Government Trainees:

# Earn While Learning Plan Seeking Students For \$77 a-Week Jobs

The U.S. Student Trainee offers both high school and college students the opportunity to "earn while learning." Under this program, students can earn up to \$77 weekly by working part-time for the U.S. Government while attending school. Filing for these open-competitive examinations will remain open on continuous basis.

Students may earn as much as \$77 weekly while completing their education. Salary is based, in all cases, on hours worked and educational achievement.

Students may alternate periods of school attendance and employment, may be employed part-time while attending school, or may work during school vacation.

The student trainee program offers students the opportunity to train in nearly 20 occupational fields, mostly in science and engineering.

After graduation, trainees may be appointed to full-time professional, technical and other positions at \$4,345 a year. However, those with outstanding academic records or those with at least a year's work experience under the program may receive \$5,355 a year.

Students must apply for employment in the specialized field consistent with their college or high-school studies. Applicants interested in vacation work programs should apply for the examination early in the school year to assure greatest consideration for jobs next summer.

Additional information and the application card, Form 5000-AB, are available from college placement offices, post offices, or Boards of Civil Service Examiners at many Federal installations, civil service regional offices, or the U.S. Civil Service Commission, Washington, D. C.

## Coast Guard Academy Test Set For February

The next annual competitive examination for cadet appointment to the Coast Guard Academy, New London, Conn., will be held February 18 and 19 1963. Applications are now being accepted.

Appointments to the Academy are made on the basis of this competitive examination only. There are no congressional appointments or geographical quotas.

The examination is open to all unmarried men who will have reached their 17th but not 22nd birthday on July 1, 1963, and who are or will be high school graduates with 15 units by June 30, 1963. Three units of English, two units of algebra and one unit of plain geometry are required. Applicants must be in good physical condition and sincerely interested in a career as an officer in the Coast Guard, the nation's oldest sea-going service.

The Coast Guard Academy curriculum consists of academic subjects and military training. The academic program includes both general studies and engineering courses. Extra-curricular activities include inter-collegiate athletics plus academy clubs and musical activities. Summers are spent at sea aboard the sailing vessel Eagle and large Coast Guard cutters visiting foreign ports.

Upon successful completion of training at the Academy, the

cadet is commissioned ensign in the Coast Guard and awarded a Bachelor of Science degree. As a Coast Guard officer, an Academy graduate is eligible for post-

Manual Out Describing U.S. Agencies

The General Services Administration recently announced publication of the 1962-63 edition of the "United

States Government Organization Manual."

The 761-page manual—official organization handbook of the Federal Government—is an indispensable tool for anyone wanting to know how the Government is organized and how it works. It outlines the legislative authority and functions of each agency; includes 43 charts showing the organization of the Congress, the

executive departments, and the larger independent agencies; and lists the names of more than 4,400 key officials.

The United States Government Organization Manual is a perennial "best seller" among Govern-

# Rockefeller And Levitt View Efforts Of CSEA Water Color Artists

(Special To The Leader)

SYRACUSE, Sept. 10—More than 470,000 people, the highest number in three years, attended the annual State Exposition at Syracuse last week, exposition officials have announced.

The sprawling exposition, which bills itself as "Seven Fairs in One," this year, for the first time in its 116-year history, remained open daily until 10 p.m. Through the seven nights, more than 150,000 people went through the gates after 5:30 p.m., giving what fair officials called "dramatic proof of the acceptance of the night fair. The late-night policy will be continued in the future, they said.

"The Seven Fairs in One" are Argiculture; Industry; Education, including State and related government participation; Sports, Women, and Youth.

The theme of this year's exposition was "Spotlighting Construction in the Empire State."

### Art Show Big Hit

Among the outstanding exhibits in the State Exhibits Building, were all state departments de-

icted their functions to the public, was an art show conducted by the Civil Service Employees Association.

The show, made up solely of water colors, consisted of 13 paintings done by CSEA members or their spouses across the state. The paintings were selected from among more than 100 entries by a professional jury provided by the State Art Council at a showing in Syracuse, Saturday, August, 25.

Six of the 13 paintings on display were awarded cash prizes ranging from \$100 for first to \$25 for three honorable mentions.

Among the thousands who viewed the paintings were CSEA President Joseph F. Feily, Governor Nelson Rockefeller, State Comptroller Arthur Levitt, and former World's Welterweight and Middleweight Boxing Champion Carmen Basilio.

## Installation Dance Plans Made By Pilgrim Chapter

The Pilgrim State Chapter of the Civil Service Employees Association will hold its annual installation dinner dance on September 27 from 7:30 p.m. to 1 a.m. at the Huntington Town House.

Ben Kosiorowski, chairman of the chapter's social committee along with Del Vance and Betty Duffy are planning a gala affair and expect a record turnout. A prominent public official, whose name will be announced later will be a guest speaker.

Tickets at \$3.50 each can be obtained from any of the committee members or officers of the chapter.

## Newark Chap. Picnic Draws Record Crowd

Some 700 persons attended the annual family picnic of the Newark State School Chapter of the Civil Service Employees Association last month. The attendance at this year's affair was double that of any previous year, the committee reported.

Following a picnic supper, group games were held for which prize were awarded. The door prize drawing was won by Frank Quagliata, who is both the husband and a brother to Newark State School employees.

Tom Canty of Ter Bush and Powell and Jim Powers, area CSEA representative and his family were guests of the chapter. Newly elected vice-president Albert Gallant was general chairman of the picnic.

The picnic was held at Roseland Park Amusement Center on Canandaigua Lake. The subcommittee chairmen were Harry Kabat, park arrangements; Andy DeWolf, printing; Lois Kardys, ticket sales; Jean Condit, food arrangements; Dex Morrison, beer; Dick Sistik, pop; Dorothy Boardman, games and rides; Ted Lane, cooking; the Condit's, serving; Joe Fellela, Jim Meath, and Roy Burns, transportation; Lois Kardys and Harold Atwood, seating. The ticket takers were president Hildegarde Carlyle and Gallant.

Miss Carlyle and Gallant both expressed praise for the employees who aided in making the affair a success.

## North Hempstead To Set Programs

Plans for the coming year will be discussed at the first meeting of the year of the North Hempstead Unit of Nassau Chapter Civil Service Employees Association.

The meeting will be held Wednesday, September 26 at 8 p.m., at Town Hall, Plandome Rd., Manhasset.

**FREE BOOKLET by U. S. Government on Social Security. Mail only. Leader, 97 Duane Street, New York 7, N. Y.**

## 3 Watertown Aides Retire

WATERTOWN, Sept. 10—Three municipal employes with a total of 122 years of service were honored recently at a testimonial dinner at the Hotel Woodruff.

Miss Bertha L. Sweeny, with the city 42 years, has retired as secretary to the city manager.

Harold R. Dwyer left after 38 years of service in the engineering department. He was city engineer when he retired.

Raymond Waterman was in the water department 42 years.

All three were members of the Jefferson County Chapter, CSEA, since its organization in 1948.

## Onondaga Chapter Sets Fall Meeting And Annual Picnic

SYRACUSE, Sept. 10 — The Onondaga Chapter, Civil Service Employees Association will hold its Fall quarterly meeting tomorrow, Tuesday, at Meachem Field House on West Seneca Turnpike at 8 p.m. Vernon Tapper, third vice-president of the State Association will be the guest speaker and will answer questions on retirement benefits.

The chapter's annual picnic will take place on Sunday, Sept. 23 at 1 p.m. at Hinerwadel's. Arthur Kasson is chairman and Eleanor Rosbach is in charge of tickets.

## Appointed

ALBANY, Sept. 10—Wendal McWatters of Cohocton has been appointed Civil Defense director for Steuben County. His work in civil defense began as air raid warden.

# Judge Orders Brookhaven Man Restored To His Job

(From Leader Correspondent)

RIVERHEAD, Sept. 10—Suffolk County Supreme Court Henry Zaleski, in a recent decision, has ordered the Town of Brookhaven to reinstate a former town purchasing agent who claimed he was fired for political reasons.

The court victory was won by Jose Sanchez Jr., 45, of Farmingville, the father of five children. Sanchez, a Democrat, claimed that he had been fired from his job last Feb. 1, only month after the Republicans took over 4-3 control of the town board. He had been hired on Dec. 6 by an all-Democratic town board.

### Politics

Harold L. Hertzstein, civil service attorney, argued that Sanchez had been improperly fired because his probationary period had ended Jan. 28. Hertzstein had said, "The new people felt he (Sanchez) had no business there and they wanted to get someone in who belonged to them."

The town had contended that a complaint concerning Sanchez' work had been filed with GOP Supervisor Charles Dominy and that Sanchez had been fired well before the two-month probationary period ended.

In his ruling, Zaleski said that the town should put Sanchez back in his \$5,500-a-year job and that the town had failed to comply with civil service rules by giving Sanchez less than one week's notice before firing him. Town Clerk Edwin Arzen said the town would comply with the court order. There was no immediate decision on whether the town would appeal the ruling.

## New Campus

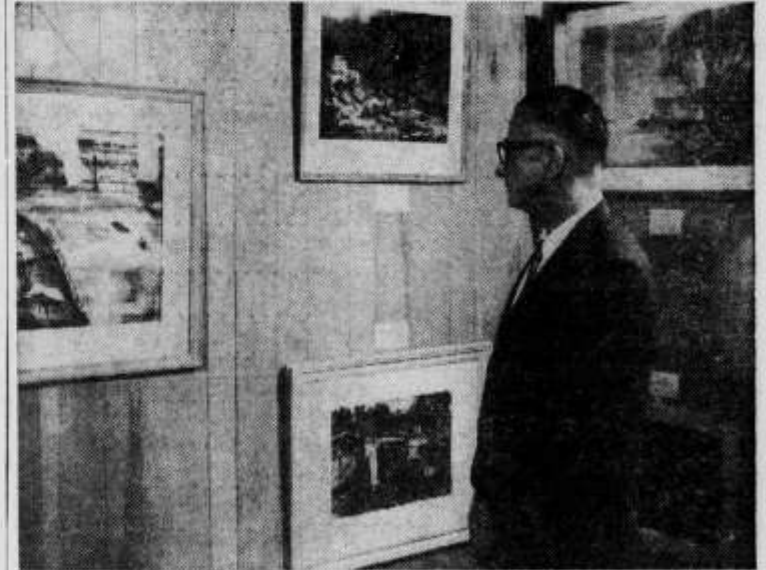

ALBANY, Sept. 10 — Governor Rockefeller broke ground here recently for the new State University campus, which by 1966 will provide for an enrollment of 7,000 students. Present enrollment is only 2,800.

The new campus is being built on the former site of the Albany Country Club.

## In Education Department

# State CSEA Units Sponsor Flu Shots

ALBANY, Sept. 10—The Education Chapter, Civil Service Employee Association and the State Education Department are again offering all employees of the State Education an opportunity for influenza inoculation.

### 36 Qualify

BUFFALO, Sept. 10—A total of 36 men qualified for janitor in the Erie County Public Works Department in an examination conducted by the New York State Civil Service Department. These positions offer an annual salary of \$4,200.

Harold J. Cook, A. W. Easterling, and Thomas Robinson, all of Buffalo, were the three qualifiers.

The Department and the chapter will assume the administrative costs of the program.

The only cost to employees will be for the vaccine, which will be 50 cents per inoculation. Application for a single inoculation or the series of two may be obtained. The first inoculation will be given on the morning of Friday, September 14 and the second one on the morning of Friday, November 16.
