JUNIOR NEWS

TRAINING CLASSES TAKE ORDERS FOR HIGH SCHOOL RINGS AND PINS
Students desiring insignia are requested to place orders

The Business Training classes are planning to take orders for Milne High school rings and pins for those desiring them. Anyone wishing to order a ring or pin may come to room 235 on Tuesday, January 12, from 2:00 o'clock to 3:00 o'clock and room 130 on Wednesday, January 13, from 11:15 o'clock to 12:00 o'clock.

Payments must be made in advance. The rings 10 K gold are \$6.00 and the pins are \$4.00 for 10 K gold with chain and guard and \$2.50 for combination rolled gold and sterling with guard cut out, and with block numerals.

If you wish to order either a ring or a pin please come to one of these rooms at the time stated and give your order.

JUNIOR HIGH TEAM WINS THIRD VICTORY OF BASKETBALL SEASON

By William Lowenberg,
Sports Editor, Junior News

The game with the Albany Academy freshmen was played Saturday, December 12 in the gymnasium of Page Hall. The game was called at two o'clock. In the first quarter Academy made three points, and the Milne Juniors, 4. The other three quarters were very exciting. Milne scored twenty-nine more points and brought a huge victory to Milne, the game ending with the score 33-17 in our favor.

The attendance was very poor at the game, very few rooters being present. There were about 10 or 15 students present beside the scorekeeper and timekeeper. If the boys on the team are willing to give up an afternoon for the school, it seems that the students might be able to come out and root for the team.

This game was the fourth game played this season, and the third victory for the Junior team.

RAILROAD OFFICIAL WILL SPEAK IN ASSEMBLY WEDNESDAY AT NINE

Mr. Canfield to give talk on Grand Canyon and show slides of it

The next assembly of the joint Milne Junior and Senior High schools will be Wednesday morning at nine o'clock in the auditorium of Page hall, Miss Helen Halter, supervisor of social science and director of extra-curricular activities, announced today.

Mr. Canfield of the Union Pacific Railroad will speak to the student body at this time. He will give a talk on the Grand Canyon, of the Colorado, the Zion Canyon, and other places of beauty through which the tracks of the Union Pacific Railroad pass. He will also show slides illustrating these places.

The school orchestra will play several selections for the assembly, Miss Halter announced.

STUDENT COUNCIL MEETS TO DISCUSS SCHOOL PROBLEMS AND BUSINESS

The last meeting of the student council was conducted in homeroom 121. The petition of the science club was received, and the council voted to authorize the establishment of this new club.

The traffic problem was again discussed, and two new traffic officials were appointed. These are Edwin Blocksidge and Richard Masterson. The council decided that it would be better to have ninth grade students as officers because they would be obeyed better.

The council had charge of sending a request to the Community chest for names of poor people that the high school students were going to take care of for Christmas. Sarah Kessler was in charge of this.

WALK COMPLETED

The new concrete walk between Albany High school and Milne has been completed now.

AN HONOR SYSTEM IN MILNE.

Would you like to have an Honor System in Milne? An Honor system is a system by which people who have done something outstanding may be given credit. It would be like a reward for your work and give you a greater incentive to work.

Since Milne is a Model School and many schools use it as their example it would be another good point to our credit.

Perhaps we could join the National Honor Society which has chapters in many schools. We have much talent that could be brought to the top if we adopted this system.

LOST AND FOUND.

In most schools the students take charge of the lost and found. In our school Miss Nicos, the secretary takes care of our lost and found. Miss Halter suggested that the students take charge instead of Miss Nicos. Miss Nicos has enough things to demand if people were a little more careful we wouldn't have to have a lost and found.

We think it would be nice if three people could be in charge of it because if one person were he would have too much work.

Whenever something is brought to the lost and found it should be pasted on the bulletin board. We all hope that the plan will work out so the students could take care of the lost and found.

It has been suggested that there can and should be an improvement in the conduct of students in the classroom. However we feel that a step has already been taken in that direction. The change for the better is very noticeable.

Only half as many people were sent from classes last month as the month before. This month we are trying to cut the number in half again. Most of the students seem to realize that good results in their work depends upon good behavior. Why not try to make our school a model school?

Home Rooms and Classes Resume
School Work after Christmas
Vacation of Seventeen Days.

The boys of the Shop Club have lately been working on such things as sewing cabinets, copper porch lanterns, metal boats, and Christmas boxes. They take turns at using the lathe and the printing press. They also print the heading of the Crimson and White.

The cabinet the boys were working on is finished. It will be used in Miss Nicos' office as a file for papers.

The Latin Club, under the sponsorship of Miss Virginia Smith, has a new name. It is Legio Decima, meaning Tenth Legion.

John Winnie and Mitchell Ford ordered a picture from the American Boy. It is quite appropriate to the club because it is a picture of a Roman Legion.

The Eighth grade English classes have just finished the story of Evangeline and are now studying a little about making out cards for books. They have learned how to make the title, subject and author card.

Eighth grade Social Science class of Home Room 124 is going to edit a newspaper. The name has not yet been decided. Harry Worrell is editor in chief and Spencer Kimball is assistant editor. The newspaper will include sports, news, editorials and humor. The members of this class will use the paper as a sort of project and to help in their studies.

Home Room 320 have not done much since the Christmas holidays. Tuesday they had a social hour. Mr. Moose the sponsor expects to do many things the rest of the year. They will review for the examinations and the monthly tests as they have been doing.
