101 ACCEPT BIDS TO 14 SORORITIES

Eta Phi, Beta Zeta Are Tied With Fourteen Pledges, Miss Pierce Says

One hundred and one undergraduates accepted bids to sororities this week as a culmination of the annual inter-sorority rushing period, according to records in the office of Miss Anna E. Pierce, dean of women. Last year one hundred and four were pledged and the year before the number was ninety-four.

Eta Phi and Beta Zeta sororities lead the lists of pledges with fourteen each. Psi Gamma is next with eleven. Gamma Kappa Phi sorority had nine pledges.

Last year the highest number of pledges was twelve with three sororities, Delta, Omega, Chi Sigma Theta and Kappa Delta, tied.

This year the system of preferential bidding was introduced and used as an inter-sorority rule for rushing. By this method the freshmen were allowed to indicate their preference. Each sorority submitted a list of freshmen whom they desired as members. These lists were matched with the preferences in the office of Dr. Pierce. Formal bids were sent out Monday night by each sorority to those freshmen who automatically became eligible for membership. The pledge services were conducted Wednesday night at the sorority houses.

Eighty freshmen returned blank preference slips indicating that they did not wish to join a sorority at the present time. Many did not fill in more than one preference.

The following are the list of sororities and their pledges:

Delta Omega: June Blowers, '33; Ruth Ditty, Mary Louder Murphy, Genevieve Curley, Barbara Clarke, Frances Studebaker, Amanda Haswell and Ruth Gillespie.

Eta Phi: Mary Whitney, '33, and Marjorie Adams, Muriel Carlson, Martha Bushnow, Alice Dimmen, Virginia Flora, Elizabeth Gratin, Helen Nichols, Lois Potter, Marion Steele, Mary Stephens, Vivian Svenson, Helen Weipers and Agnes Wilson.

Kappa Delta: Emma Mead, La Vonne Kelsey, Ruth Edmunds, Zella Winter, Ivy Shepard, Blodwyn Evans, and Norma Taylor.

Psi Gamma: Lucy Fellers, '34; Liesel Heinicke, '35; and Huldah Classen Miriam Contant, Frances Lewandowski, Mable Rees, Ruth Robinson, Mildred Schneider, Nina Ullman, Luella Werten, and Elizabeth Whitman.

Staff Opens Hawley Library Monday; College Welcomes Additional Facilities

Book shelves in a new, paneled, chairs and tables well arranged, a soft mellow light streaming through stained glass windows, a light which leads the light atmosphere for reading and yet is not blinding to the eye, the appearance of the entry room all of these details met the wondering eyes of State college students Monday morning, on the event of the opening of the new Hawley Library. The general impression of the staff was to meet the needs of the faculty and to meet the needs of the students in a way which has hitherto been impossible in a crowd of quarters of the old library.

Last Monday morning the old library on the second floor of Deaper hall still presented its familiar appearance to students passing on the way to examinations. At noon, only an empty room with barren walls remained where previously books and tables had been crowded in. This was the first visible proof that the long promised library was to be a reality. Eagerly students looked forward to Monday morning, the date set for the opening of the new library.

Monday morning found everything ready for the use and admiration of

Dr. Brubacher Warns Seniors About Diploma Restrictions

Members of the class of 1933 should be very careful not to accept positions contrary to the specifications on the diploma, Dr. A. R. Brubacher, president, declared today. Each diploma will be marked so as to indicate the restrictions or lack of restrictions, Dr. Brubacher explained further.

An unrestricted degree permits the holder who has met all of the requirements to teach the general academic subjects in junior and senior high schools, and for the present in the elementary and rural fields.

A restricted diploma, on the other hand, permits the holder to teach only the subjects and grades for which his degree is registered, and in which he has secured the equivalent of a college major or minor.

The rest of the cast includes: Rosalind Kapps, '33, as Clytemnestra, widow of Agamemnon; Analia Pesko, '33, as Orestes, son of Agamemnon and Clytemnestra; Jessie Eaton, '34, as a peasant, and husband of Electra, *Giuzella Hummer*, '35, as an old man, formerly a servant of Agamemnon; Doris Bullard, '34, as "Lyades, friend to Orestes; Marie Benedict, '34, as Castor; Mary Lou Walker, '34, as Polydices; Elizabeth Salese and Margaret Hof, juniors, as followers of Orestes; Grace Pritchard, '35, and Marian Welch, '34, as handmaidens of Clytemnestra.

The committees in charge of the presentation, according to Annunziata Costa, '33, president of Classical club, are led by the following chairman; sets, Margaret Hart, '34; costumes, Marie Tutton, '35; house, Madeline Dickinson, '34; and publicity, Duane Bochner, '34.

There will be no charge for admission. All members of the student body and the faculty are invited.

SETH LOW GAME WILL BE TONIGHT

Team Visits Metropolitan Area for Three Encounters This Week-End

Ten members of the varsity basketball team headed by Captain Gil De Laura, and accompanied by Coach Baker and manager Ralph Harris left Tuesday night for New York city to play three games in the Metropolitan district during the week. The players who made the trip are De Laura, Cliff Rall, Bill Alford, Ben Boldt, Ray Harris, Grover Hotaling, Roger Bancroft, Tom Garrett, Ossy Brooks, and Ed Kissam. On Wednesday night State played New Jersey State Teacher's College at Montclair, New Jersey. Tonight the team will play a return game against the Seth Low quintet, and tomorrow night will face the strong Brooklyn Polytechnic outfit at Brooklyn.

Led by their tall, sharp-shooting center, Levine, the Seth Low quintet loosed a barrage of long shots from mid-court to hand State its first defeat of the season, 43-36, Saturday night on Page court. Levine dropped in eight field goals and added three free throws to score nineteen points while holding Ray Harris and Ben Boldt, State centers, scoreless.

State appeared to be headed for its sixth straight victory when Roger Bancroft sank two field goals in the opening minute of play, but the Seth Low outfit quickly rallied, and a series of block plays worked clear of Levine and Bernstein who sank quick long shots from mid-court to give the visitors the lead. Grover Hotaling, who was the leading man in the Teacher's offense, contributed two baskets from the foul circle, but Seth Low made a sudden rally, and baskets by Marcus, Levine, and Dibbs enabled them to take the lead. Bancroft caged a basket to deadlock the score, but the visitors made a sudden spurt on baskets by Rothem and Levine, and stayed off a State rally headed by Ossy Brooks and Ed Kissam to hold a three point lead at half-time, 23-20.

Roger Bancroft, forward, was second highest scorer with 9 points. The State team acquired an early lead which was never topped by the opponents. At half time the score was 18-10, in favor of the State aggregation. The entire squad of ten men which Coach Rutherford Baker took with him on the trip saw service in the game. Jannarone, with 8 points, was high scorer for the losers.

The men who played in the game, and their scores are: Hotaling, 20; Allard, 2; Bancroft, 9; Kissam, 0; Harris, 2; Boldt, 0; De Laura (captain), 1; Garrett, 2; Rall, 4; and Brooks, 3. Ralph Harris, '33, is manager of the team and is in charge of the New York trip.

Seniors To Write New Personality Paragraph

Each senior and graduate student who has filed an application in the appointment bureau is requested to write a personal paragraph to be included in the folder, which will be sent to principal, Fred J. Jesch, M. S. C., principal of Miss High School and secretary of the bureau announced today.

This is an important step to give the applicants an opportunity to express their personal aptitudes, personal likes and dislikes, and other points of view of the school curriculum. Experience in extra-curricular activities, in high school and college, in sports, in social and sports activities, and in other ways are suggestions for the paragraph.

BOARD PREDICTS 50% BUDGET CUT

Activities To Face Immediate Curtailment as Funds Are Exhausted

ONLY 630 PAY TAX

News to Cease Issues Unless 270 Co-operate at Once, Mr. Hidley Says

Unless two hundred seventy more students pay their student tax, each student organization will receive a service curtailment for the rest of the year, Clarence A. Hidley, assistant professor of history and treasurer of the student association declared today. Up to this time only 630 out of 1200 students have paid, or approximately one hundred less than had paid at this time last year. Therefore, the Student board of finance has collected \$8150, or less than half of the total budget requested for the year, Professor Hidley added. Even if 900 succeed in meeting the obligation, there will have to be a gradual decrease in the allotment of each student activity.

The student board of finance has remained available for collection, and will schedule hours for contributions if students desire, Professor Hidley stated.

Those students entering the second semester will be sent notices asking them to pay one-half of the original amount. However, the amount of money received in this way will just about balance the rebates allowed students who have left before the conclusion of the first semester.

Students holding offices who have not paid the student tax will be asked to withdraw or resign by the first of March.

The budget was planned originally to benefit 1200 students. If only one-half of the student body supports the student association, then only one-half of the activities can be carried on.

As an example of the impending curtailment of college activities, Professor Hidley cited statistics concerning the future publishing of the State College News. According to the student budget, the News has been allotted \$2200; but of the amount collected thus far, only \$1522.50 can be given the News this year. Through advertising, \$2105 has been added to this amount, making the total \$1732.50. On this amount, the News has already spent \$1,838.00, which means that there will remain only \$894.50. The News also runs the responsibility of printing this week, there will be no more issues of the State College News until something has been done to relieve conditions. This is an example of the drastic cut which every organization will have to take unless more students pay for student tax tickets.

OPEN DISCUSSION WILL BE FEATURE OF 11:10 ASSEMBLY

A forty minute open forum discussion on campus will take place in the assembly at 11:30 today, according to Katherine Moore, '33, president of the student association. Members of the student body will be given the opportunity to make impromptu talks on courtesy as it is seen in the relations of the faculty and students, in the class room, and also in the halls.

Courtesy between the students themselves at College functions and between the students and their guests will also be discussed. The meeting will be brought to a close by Dr. A. R. Brubacher, president.

IS YOUR TAX PAID?

A curtailment of student activities for the rest of the year, with the possibility that this may be the last issue of the News, is the situation which now exists as a result of a result of the failure of more than half of the student body to pay their annual tax assessment. The student association of this College is a voluntary organization, made up of a group of students who are banded together in a co-operative body for the purpose of the group and individual welfare. At the present time, half of this group has shown a definite lack of willingness to co-operate for the group welfare, a definite lack of loyalty to the group and to the College. The fifty per cent cut in the budget of every organization necessitated by the failure of fifty per cent of the student association to pay their tax assessment means that the activities of these organizations will be cut in two. The News has published fifteen issues during the first semester, the yearly schedule provides for thirty-two issues. Therefore this fifty per cent cut simply means that the remaining half of the schedule cannot be completed. However, if enough students pay their taxes within the next week, it may be possible to carry on for a while longer. The News is merely being used as an example to indicate what will happen to all of the activities of the College, which are supported from the budget of the student association.

This is a lesson in loyalty and cooperation for every student of State college. It is a lesson which will be useful in life after college, and in every situation which a person is required to meet. What are you going to do about it?

AN APPRECIATION

The opening of the new Gibson Hawley library coincident with the opening of the second semester has provided a means which enables each student to look forward to his studies of this semester with eagerness, because of the carefully planned and beautifully carried out library facilities he will now have at his command. It has been a long and at times disheartening task to prepare for this new library. The administration and the library staff have hoped and planned and worked for many years to secure

better library facilities for State college; each single step had to be approved by the legislature of the state before the money was to be obtained to carry out the project.

The quiet, dignified, impressive scene which greets a visitor to our College library is much different from the scene which would have greeted him even a week ago. The spaciousness and attractive appearance of the library add much to making each student proud of his new College library, and proud of the fact that he is a State college student. We of the student body appreciate all that the administration and the librarians have done in order that the students might have more practical and more attractive library surroundings. We will try to do our part by observing the rules and co-operating as much as possible towards the successful maintenance of these surroundings.

BOOKS • NOBEL PRIZE WINNER WRITES NEW NOVEL

For Sale in the Co-op

Ann Vickers. By Sinclair Lewis. Doubleday, Doran and Company. New York. 562 pages. \$1.95.

Bernard DeVoto, in the January 28 issue of the Saturday Review of Literature, has written an interesting and valuable article on Sinclair Lewis, with particular emphasis upon his new novel, Ann Vickers. The appearance of a new novel by the only American who has ever been awarded a Nobel prize for literature is an opportunity for discussion and criticism.

DeVoto says: "Ann Vickers is a sister of Martin Arrowsmith, simple-minded and single-minded, dogged, undehided, honest with herself, capable of the tumultuous activity that gets things done in the world. She is a suffragette, a social worker, a 'penologist,' and finally the superintendent of a prison. Unlike her predecessors in Mr. Lewis' biography, she does not originate in Waukegan, that state which no one who is sensitive to the feel of words could have named, but in Illinois. First converted to reform by a cobbler who is a sentimental socialist, she experiments with debating and 'leadership' in college, joins a suffrage flying-squadron, and is jailed for hitting a policeman, works in settlement houses, has a fling at charity, spends some time as a matron in a Southern penitentiary, and eventually becomes both the head of a women's prison and a national authority on reform, ending by seeing her lover, a dishonest judge, condemned to the system she hates and delivered from it by methods she has denounced. Her story is loosely strung, panoramic, and headlong, like all its predecessors."

It is hate that has made Lewis' earlier novels memorable, and it is hate that provides most of what is good in this one. Those pages are Lewis at his purest, most concentrated, most powerful—hurling at our naked nerves cruelty and stupidity, ugliness, graft, bribery, wretchedness, hopelessness, despair. It is America violently caricatured by a satirist and further distorted by the lens of the hopeful generation, and yet it is the America we know, more profoundly seen and more vigorously rendered than anywhere else in our fiction.

THE COMMENTSTATER

We were delighted the other night with the sports-madlike attitude of the State cheering section; our heart was filled with warm approval of the applause for the Seth Low player who was injured and of the polite handclapping for the opposing team at the close of the game. We couldn't help noticing that our spirit contrasted sharply with the hasty 'hoos' of the Seth Low supporters who were in attendance. We're happy again, and pray that we may be rewarded by a victory in the return game.

Because it has been the main topic of conversation among our various female friends for the last week, we have been trying to understand the new system of preferential bidding. We have done fairly well, these are our conclusions. If a freshman receives a bid from Eta Phi, but prefers to join Kappa Delta Kio, she cannot accept a bid from the Edward Elmer Potter club for two and three-eighths years. In the event, however, that she receives a bid from the sorority which she wishes to join, she may accept, provided that both the sorority and she are willing. Moreover, if five years elapse between her joining and sophomore year, she will probably be kicked out of school halfway, provided, of course, that the intervening five years have been spent in classes and dances, and it will then be necessary for her to tarry into the sorority. Furthermore, decorations must not be used at rush parties, because someone might choke a freshman to death with a streamer, and that would make her ineligible for membership in any sorority. After three evenings of thinking thoughtfully, we decided that it was a simple solution of a knotty problem; almost anyone could discover what sorority a freshman belongs to after a mere three months of stenographic work and a course in integral calculus.

As a matter of fact, we gather that the new system is really practicable, and that it has actually worked during this last week-end, which is all that is required of it. The only flaw lies in the fact that perhaps freshmen may not understand that if they are willing to accept a bid from only one particular sorority, they must be careful not to write the name of more than one sorority on their preference cards. That, however, is a minor point, and merely demands explanation each year. We do wish, though, that a key could be printed for all men who attend junior week-end affairs who must perforce listen to detailed discussion of the mysterious bidding business.

Harriette Goodenow, In Regal Purple, Is Queen Of Junior Prom Friday Night

Garbed in purple, symbolic of her regal station, Harriette Goodenow, '34, entered the Aurania club ballroom last Friday night at the conclusion of the sixth dance of the Junior Prom to be revealed as the choice of the junior class for the honor of 'Queen of the Prom.'

Attended by Maybelle Matthews and Marion Howard, Miss Goodenow headed the procession down the centre of the ballroom to grace the dais erected by the juniors for her majesty, Roger Bancroft, general chairman for the Prom, then placed a gold

crown on Miss Goodenow's head, and proclaimed her 'Queen of the Prom.' Following the coronation ceremonies, the Grand March, headed by Dr. A. R. Brubacher, president and Mrs. Brubacher formed to the left of the throne, and passing by, paid homage to the new sovereign.

Both the 'Queen of the Prom' and the 'Grand March,' were features newly inaugurated by the class of 1934. The decision as to whether or not the custom will be continued and thereby become a College tradition will rest with succeeding classes.

COMMUNICATIONS

Monday, February 6.
Editor of the State College News:
With reference to the criticism of the conduct of athletics at State college as made in the writing of "Commentator" the Athletic Council wishes to register a formal protest. The Council would like to call attention to the fact that each and every meeting of the Council is open to the students and in such a meeting protests of the character printed in the News recently can and should be made. It is, however, such an article included in proceedings is not desirable and an open criticism which is merely an individual opinion publicly expressed, is to be made through the columns of the College paper. The Athletic Council feels that before such a criticism was made the Council should have been given an equal opportunity with the critics. This feeling is prompted not only by the general governing policy of our student body but out of a common sense as well.

Furthermore, the Council regrets the language used by "Commentator" feeling it to be both unnecessary and unproductive of good in its entirety. The unsavory publicity which followed its appearance seems to prove the point and we trust the contribution of the Council that items of this character should be scrupulously avoided for the good of the College.

THE ATHLETIC COUNCIL.

1934 TEAM LEADS ATHLETIC LEAGUE

Sophomores and Juniors Are Victorious in Contests; Hall Is High Scorer

By THOMAS RYAN, '34
SPORTS EDITOR, THE NEWS

Harry Hall flashed a brilliant floor game to give the sophomores a 30-10 victory over the freshman quintet in the inter-class games Wednesday night. Hall dropped in baskets from all angles to score fourteen points, and his passwork was the main feature of the game. Dave Kroman and John Bills aided in the sophomore victory with six and four points respectively.

The juniors retained the leadership of the league by virtue of a default over the seniors. The seniors had but three men on the floor, and Al Juelick, manager of the league, awarded the contest to the juniors. In a game between two teams chosen from the four classes, Wilber Fowler led his team to victory with twelve points.

Harry Hall is high scorer in the league with twenty-two points. Kroman of the senior outfit is runner-up with sixteen points.

Standing of the teams:

	Won	Lost
Juniors	3	0
Sophomores	2	1
Seniors	1	2
Freshmen	0	3

SPORT SHOTS

Those State students who saw the varsity go down to defeat last Friday night deeply felt the loss of the team's first game of the season. There was a deep silence as the final minute wore and the cheerleaders realized that actually could bring a victory. They saw a varsity outfit which was at home. These short, snappy passes which brought about victory in the first games of the season were rarely used.

The Seth Low zone defense was cleverly worked by the tall, rangy centers. They monopolized the top scoring line shot area, who led his team with those clean shots from the foul court steps, admitted after the game that neither he nor his team made a shot ever before, attempted a game of zone shots. Like State, the Seth Low attack depends on short passes and fast cut back plays. The defense has often left unguarded the foul circle. Neither Harry nor Juelick checked closely enough. Incidentally, League field has separate courts while rolling up time over time.

Grover Hataling was the only man who played his usual game. Bancroft started out fast, but he did not play his fast cutting and peep game in the second half. Hall was far off goal when he snked them, but when he missed them as regularly as he did in the first game, something is wrong. Perhaps it was the junior prom. Too much floorwork on one night perhaps a poor game the following night.

Ossy Brooks flashed a fine game for the time that he was in the light. Ossy played a hard game. He followed up fast to take the ball off the blackboard, and kept his man well covered.

THE COLLEGIATE WHIRL

A professor at Marquette recently corrected and returned a set of test papers. An inquisitive member of the class wanted to know what a certain blurred scribble on the top of his paper meant. After a long and minute examination of said scribble, the student asked the professor for an interpretation. The reply was surprisingly, as "Write more legibly." This is not a fable or we would moralize.

Speaking of Paradoxes, we hear that one student at Fairmont State Teachers' college was invited to take the part of one of the Three Wise men in a Christmas play, shortly after he had received a "flunk" slip from the Dean's office.

A novel and quite popular course was introduced into the curriculum of the University of Texas—a course in sleeping. The classroom is supplied with cots on which the students sleep for thirty minutes each time the class meets. We might add that students don't have to be taught how to sleep in classrooms.

We learn from the Brown and White that a student came to Wetherford college with a herd of cows, pastured them behind the dormitory, and is meeting his college expenses by selling milk to his fellow students.

There is a scholarship at Yale which pays over six hundred dollars, begging for some one to take it. No one has held it since 1919, and no one has even applied for it. The trouble is that the applicant must have been christened "Leavenworth."

"Why are freshmen so dumb?" questions one college newspaper. A freshmen at Agnes Scott college at Decatur Georgia, was reported to have made the following answer when questioned: "As to the author of a 'Dissertation on a Roast Pig': Bacon, I think! Logical—but—"

the defense which the New Yorkers worked to perfection in the second half. They broke up all attempts to start a fast passing game, and quickly shifted to the offense where Bernstein, right guard and Levine, caught State napping to work clever block plays. Hotating was the spark plug in State's scoring. He sank five field goals from the side court and added two foul shots to contribute twelve points and keep state in the running. Rall and Brooks added the only other baskets during the half. A series of block plays which culminated in baskets by Bernstein and Levine sewed up the game for Seth Low in the final minutes of play.

630 Pay Student Tax, Finance Board States

I feel that State college students have been hard pressed this year to such an extent that they cannot pay, but up to this year they have loyally supported the student association, Professor Hildley declared.

Tom Howard's Droll Comedy Will Contrast In Chesterfield's Broadcasts With Popular Singers And Hot Band

Norman Brokenshire Tunes Up Chesterfield Radio Stars for the New Year

Reading from left to right, Tom Howard, George Shelton, Ruth Etting, Bing Crosby, Norman Brokenshire and Lennie Hayton.

Stage and Screen Comic Makes Radio Debut with Bing Crosby and Ruth Etting

Six nights a week, every day except Sunday, at 9 P. M. Eastern Standard Time, fans of comedy and song will come through the Columbia Broadcasting system over the large radio to hear the new radio stars Tom Howard and George Sheldon.

Tom Howard and George Sheldon are new to the other ways. An ex-scientist turned actor, they are reported to have turned down some attractive stage offers, in hiding out with "O. H. S. S. S." for an opportunity to present a new comedy team idea on the radio. The theatre goes all over the world are familiar with Howard's famous comic sketch "The Spy," introduced in the "Greenwich Village Folies" of 1928. It subsequently won the N. Y. Critics award as the best comedy sketch of the year and was translated into many languages. Howard is a real "scoop" for Chesterfield. In the past ten years the famous comedian's time has been filled to capacity with stage and movie pro-

ductions, and he was finally persuaded to carry his amiable drooliness into the realm of radio. The team of Howard and Sheldon will be on every Tuesday and Friday. An added feature on the two nights will be Elizabeth Barthel, novelty singer, in special vocal number.

Ruth Etting, who as Chicago's "Sweetheart of the Air" rose in Zigfield's Folies and other stage successes to be America's "Queen of the Air," continues singing those heart-throb ballads for Chesterfield fans on Mondays and Thursdays. It was her voice, listeners will recall, that made "Ten Cents a Dance" a nationwide hit over night.

Bing Crosby, who seems to conquer all fields of entertainment, takes over the Chesterfield microphone on Wednesdays and Saturdays. The romantic baritone's latest triumphs were in Hollywood where he starred in the "Big Broadcast" and other pictures.

Crosby's Brunswick recording of the song "Heavenly Bodies" from that movie out-sold all other Brunswick records during the month of October, and for the past nine months Crosby's recordings have been the best sellers among individual vocalists.

A nightly feature of Chesterfield's stellar series is Lennie Hayton's Orchestra. Hayton is another Chesterfield discovery, one of Broadway's younger successes. Under the terfield's sponsorship Hayton makes his first appearance as a Star Conductor, well qualified by his experiences as former assistant conductor for Paul Whiteman and musical arranger and accompanist for various radio and stage headliner.

Norman Brokenshire, Chesterfield's popular Master of Ceremonies, promises the year's outstanding fifteen-minute shows to his thousands of followers. "Like Chesterfield," says Brokenshire, "this new line-up is sure going to satisfy!"

JUNIORS TO VOTE ON RING SAMPLES

Kathryn Wilkins Will Present Selections at Meeting Wednesday Noon

The ring samples selected by the junior ring committee will be presented to the class at a meeting which will be conducted Wednesday at 12:00 o'clock in the auditorium of Page hall, Kathryn Wilkins, chairman of the committee, said today.

The companies which are presenting samples are L. G. Balfour company, Loven-Murchison company, Metal Arts company and Gleason-Wallace company. The samples have been sent to Myskanta, senior honorary society, for its approval. This procedure is required by the traditional rules governing the selection of class rings. The ring must not be of stone and the College seal must be of a certain size to meet with these requirements.

There will be individual voting on these rings in the rounds Thursday and Friday after the class meeting, Miss Wilkins said. All members of the class are urged to vote on the samples.

The sale of the ring selected will be conducted early in May. The rings cannot be worn by juniors before leaving camp day.

The other members of the committee who have assisted Miss Wilkins are Jean Crangible, Mary Moore and William Nelson. Doris Howe, '33, is the sophomore representative on the committee.
