JUNIOR NEWS

CHAPEFCNES VOLUNTEER
FOR JUNIOR HIGH PARTY
Three very satisfactory chaperones, two women and one man, readily offered today to be present at the next Milne High party being held on April sixteenth. These familiar supervisors about the school are Miss Virginia Smith, Miss Jrarıces Browning and Mr. David Kroman, all ut whom were kina enough to grant us 1. $\varepsilon$ favor.

It seems that as this coming party was only recently decided upon, chaperones had not been chosen. there was an immediate need for them so that we might reserve the State Commons. The Milne Junior Student Council ex presses its gratitude to these three supervisors who readily replied to their request.

DR. FREDERICKS NANES NEW CAMPUS REGULATIONS
Dr. Fredericks issued a statement upon the subjects of walking end playing ball on the campus. He requests you not to walk on the lawn for any reason as the grass upon the campus will not grow if everyone tramples upon it。

In the near future snother party for the Junior High will be held. There is usually a large attendance and everybody has $a$ grood time. Near the end of the party someone alweys has to start rep ping down the decorations. It may be good fun for the persuns tearing them down, but little thought is given to the janitors wo have to clean up afterwards.

There are plenty of games coninually going on, and there is dancing for those who went it. There has been plenty of talk about good sportsmanship; this is one time to show it. Probably if the guilty persons were fcrced to clean up, they would realize what unnecesscry work and trouble they are causing and would stop.

We are locking forward to many more really grod parties in the future.

HCW'S YOUR CLASS?
How is your class? Perhaps this is a funny question for us to ask, but after you read this article you will probably feel different about this matter.

Many classes are considered to be very bad. The pupils are very unruly. They positively make the teachers' hair stand on end. Yet, if the teachers back is turned, they carry on as before. Then too, we have seen especially bad classe carry on in wonderful order when a teacher wus late to class. They went on with their usual work.

Then too we have witnessed classes (not ourselves partaking in the rows) that are considered goody-goody classes. These people have applied themselves diligently to book throwing when given the opportunity.

It just groes to show badness $1 s$ only class deep. Some bed dlasses are very trustworthy, while other good classes can not be trusted. How's your class?

## STYIES

Spring is here and so we see roller skates and bicycles occupying the streets. of course, you should have at least one pair of culottes for your bicycling:For this coller weather you can buy or make wool culottes. A short coat and small hat, that will not blow when a little wind comes elong, should be worn to complete the outfit. A skirt may be worn but culottes are much more comfortable.

You girls who rollor skate can wear the smone kind of outfit that the ones bicycling wear. You will feel more comfortable in skirt then they will, however.

The shoes that you wear should , bo the kind that cen stand a great deal of wear. If you have old shoes, they will be all right, too.

Your stockings should not be chiffon. Have the kind that will not run the minute you bend your leg e little. If you wear arkle socks, e.ll the better, but be careful of the bare legs.

If you follow or try to follow these suegestions you can have fun and won't have to worry abcut not locking geod.
