### St. Lawrence Chapter Gains 5 Point Pay Plan

Charles Fox, clerk of the St. Lawrence County Board of Supervisors, advised the St. Lawrence County chapter of Civil Service Employees Association that at their recent meeting the Board of Supervisors unanimously passed the resolution granting five percentage point payment in retirement to all New York State Retirement System members who are currently employed by St. Lawrence County, effective July 1, 1960.

At the last session of the Legis-

lature in Albany, a law which was proposed and drafted by the State Employees Association was passed, making it permissible for counties and municipal sub-divisions and non-teaching employers to pay five percent of the retirement costs of members.

Through the efforts of the St. Lawrence County chapter of Civil Service Employees Association, a meeting was arranged and, on May 14 in Potsdam, Harry Albright, CSEA counsel met with some of the St. Lawrence County members of the Board of Supervisors and discussed and explained fully the processing of this law. Also attending this meeting were vice presidents of the Association, Raymond Castle and Vernon Tapper of Syracuse.

The Board members could readily see the advantages to this plan, and even before a formal request had been received from the Association, they voted un-  
sily to give their employees the advantage of this payment giving the retirement members approximately seven percent increase in salary at a cost of about one-half this amount to the county.

The State employees also received this payment when the law was passed, as did the City of Ogdensburg non-teaching employees. Several other counties and cities in the State are also passing this favorably.

The St. Lawrence County Board of Supervisors were commended on their prompt favorable action in this consideration, and St. Lawrence chapter Civil Service Employees Association, County Division, expresses their thanks publicly for this fine spirit of the Board.

### Correction

In a previous issue of The Leader, it was announced that the forthcoming meeting of the Western Conference of the Civil Service Employees Association would be held June 5 at L'Alouve Restaurant in Olean. The correct date is June 23.

### Syracuse Aides To Get CSEA 5-Point Plan

SYRACUSE, June 20 — Employees of the City of Syracuse have been granted the 5-point contribution to their retirement contributions under the plan developed by the Civil Service Employees Association in the State Legislature this year.

The CSEA proposed the State contribute the first five points of a State workers payments to the Retirement System and got the Legislature to extend the privilege to political subdivisions.

Syracuse Mayor Henniger, who proposed the plan locally, estimated that 2,000 city employees would gain from the benefit.

The legislation will take effect July 3. The increase in take-home pay provided by the act will apply to practically every salaried worker on the City payroll, including most police and firemen.

For these public employees, the 5-point plan will in effect grant them a seven per cent increase on their gross salary.

### NEW SPA SCHEDULE

ALBANY, June 20 — The State-owned Saratoga Spa will operate the Roosevelt Baths on a year-around basis, under the new schedule just announced. Its Lincoln Baths will be open from June 30th to Sept. 6th.

## Seek Joint Plan Credit For Troopers, L.I. Police

ALBANY, June 20 — A ruling which would allow troopers and members of the Long Island Police who have finished 25 years' service to qualify for the State's 5-point contribution to the Retirement System has been requested by the Civil Service Employees Association.

As matters stand now, these employees were denied the State's contribution because the employees no longer contribute themselves to the Retirement System. The Employees Association contends that these employees, through no fault of their own, are being unjustly denied a benefit granted to most other State employees.

The Association viewpoint was presented in a letter to Assistant Attorney General George H. Rothlauf from Harry W. Albright, Jr., CSEA counsel. It read:

As you know, the Civil Service Employees Association

was responsible in no little degree, I believe, for the gaining of the five percentage point increase in take-home measure.

We were greatly disappointed, however, that despite our protests, we were unable to obtain the five percentage point benefits for members of the State Police and Long Island Police who had completed 25 years of state service. We felt this to be an unjust discrimination against those employees who had demonstrated by the very number of years of service, their loyalty to the state.

We concede, of course, that the refusal was based upon administration policy, and was made in complete good faith.

### Analysis of Law

Upon analysis, however, I find that Section 81 of the Retirement and Social Security Law relating to the retirement of members of the Division of State Police, in subdivision "d" thereof, states: "No such member shall be required to continue contributions after completing 25 years of such service." We were originally under the impression that State Troopers had not continued to contribute beyond 25 years. However, the statute merely states that no member shall be required to continue after 25 years.

I would respectfully request, therefore, a ruling—

(1) That any member of the State Police who is no longer contributing to the Retirement System after 25 years, may be authorized to do so. This would, of course,

immediately insure the gaining of the five percentage points to such an employee's pension.

(2) That under the present law, a zero contribution rate should be sufficient to authorize the payment of such members of the five percentage points.

### Jim Anderson Re-Elected

POUGHKEEPSIE, June 20 — James O. Anderson was re-elected president of the Southern Conference of the Civil Service Employees Association when the group convened here June 11.

Elected first vice president was Eimer Van Wey. Other officers chosen were William Hoffman, second vice president; Nicholas Puzziferri, third vice president; Vincent Di Russo, fourth vice president; Robert Soper, treasurer, and Ellery MacDougall, sergeant-at-arms. Mrs. Nellie Davis, immediate past president of the Conference, installed the new officers.

The Southern Conference has already initiated a program of resolutions for the coming year and a large part of the meeting was devoted to action on resolutions submitted to date. A session on amendments to the Conference constitution was presided over by Francis MacDonald.

CSEA President Joseph F. Feily was among those who spoke briefly during the business session of the meeting, held at Hudson River State Hospital.

### CSEA Represented At Public Personnel Atlantic City Meet

Representatives of the Civil Service Employees Association were in attendance last week at the annual regional meeting of the Public Personnel Association, held in Atlantic City.

Association President Joseph F. Feily, along with John Goff, president of the Essex County (N. J.) Civil Service Employees Association, were among the panel members on a discussion of employee organizations.

With Mr. Feily were Joseph D. Lochner, CSEA executive director, and Philip Kerker, CSEA public relations director. They later met with representative of other public employee organizations in the East.

Among the more than 150 persons in attendance at the annual dinner dance of the Southern Conference of the Civil Service Employees Association in Poughkeepsie were, from left, Joseph F. Feily, CSEA president; James O. Anderson, re-elected Conference president; Mrs. Nellie Davis, president of Hudson River State Hospital chapter; Dr. Robert Hunt, Hudson River State Hospital director; Sen. Ernest Hatfield, (R.-Dutchess), and Francis MacDonald, a past president of the Conference. Senator Hatfield reviewed the recent session of the 1960 Legislature and congratulated the Employees Association on its accomplishments of this year.

### Housing Manager Open Test Draws Heavy Protests

Strong protests were made last week against the City's plan to hold an open competitive examination for housing manager.

The Association of Assistant Managers sent telegrams to Mayor Wagner, the Civil Service Commission and members of the Board of Estimate protesting the proposed test on four grounds:

- Never before have there been more eligible candidates for a promotion examination.
- Expected vacancies are no more than in previous years when only promotion tests were held.
- In-service promotions are the very heart of the City Civil Service system.
- Morale of management employees in the Housing Authority would be seriously impaired by an open competitive test for housing manager.

The Association of Housing Managers seeks a public hearing to give detailed reports on the above and other reasons why it believes an open competitive manager examination is "unnecessary, unwise and unjustified," according to Emmanuel L. Roth, president of the Association.

An open competitive housing manager test was ordered on June 7 but has not been approved as yet.

### Welfare Aide (Lady) Heads Legion Post

An investigator in the Welfare Department has been elected commander of the Wall St. Post of the American Legion. The new commander's not unusual service record includes service from 1934 to 1945 in the flight surgeon's office at New Castle Army Air Base, Wilmington, Del., with a final rank of Air Force corporal.

The new commander, however, is unusual in another respect. The new commander is a woman. Her name is Polly Honl, and the American Legion has been her favorite hobby since she joined the Wall St. post in 1946.

During the 14 years since then, she has been third, second and first vice commander. She also spent three years as service officer, two years on the executive committee and a year as adjutant. She looks forward to spending her vacation every year at the American Legion convention.

### Village Cop Named Favorite Father

The Favorite Neighborhood Father of 1960 in Greenwich Village is a City Police patrolman who

lives all the way out in Greenpoint, Bklyn.

He is Patrolman John Warga, who for 15 of his 35 years on the Force has been watching over Village children and herding them through traffic, teaching traffic safety through admonitions and lollipops.

Last week Patrolman Warga, father of three and grandfather of five, got his Village title and a bouquet of flowers from the hands of members of the kindergarten class of the Lower West Side Children's Center.

"Officer John," surrounded by six youngsters, got pinned with the bouquet by five-year-old Alberta Gallagher. He hugged the children and said, "That's nice."

### Delay Seen for New Police Lieut. List

Delay by the Police Department in supplying performance and seniority records to the Department of Personnel may prevent establishment of a new eligible list for New York City Police lieutenant by the early July target date set by Personnel.

A total of 1,305 took the promotion written test on Feb. 27. The old list died in May.

## Political Effectiveness

Although our Association constitution provides a "no strike clause," responsible people in our Association have wondered from time to time whether this phase of our constitution should be amended.

The feeling seemed to have reached a peak during the days of the New York City employee transit strike and during the Harriman Administration when the Governor actually recommended repeal of the Condon-Waldin Act. Inspired by these acts, the delegates of our Association requested that the President appoint a special state-wide association political-action committee.

The various conferences and chapters of the Association followed the lead of the parent group and organized their own political-action committees. Conference area legislative committees have been extremely effective during the past few years.

### Van Riper Evaluates Program

It was at the Concord Hotel that the Metropolitan and Southern Conferences of the CSEA had Dr. Paul Van Riper evaluate the CSEA political activity program.

Van Riper, of Cornell University, an expert of public administration, told the assembled delegates that they were on the right track. He said that the Association is becoming more politically effective to "do more and more of what you are presently doing."

Dr. Van Riper stated that it would not be wise for our Association to align itself with one of the major political parties. A non-partisan approach could make our group continuously effective. "The key to effectiveness lies not in riding with one particular party but in being the difference of power between the two major parties," he said.

Relating to the strikes in public service Van Riper said that "to employ the techniques of regular labor organizations one must also accept the prospect that laws would be passed forbidding public employees any political activity."

Our chapters and conferences would do well to encourage more and more of these educational workshop programs. In addition to enlightening the delegates who attend, it adds prestige to the organization and has significant public relation value.

## Middletown Unit to Meet July 20; Picnic on June 28

Because of the enthusiasm generated at the June 15 meeting of the Middletown State Hospital chapter of the Civil Service Employees Association, a vote was taken and it was unanimously decided to hold another meeting July 20. As originally scheduled, the June meeting would have been the last until September.

Plans for the Chapter's fall program, as outlined by President Amodio, aroused so much discussion and brought so many original and valuable ideas from the members, it was reported, that it was decided they should be followed up before September.

The annual CSEA chapter picnic will not be held this year, and employees have been urged to buy tickets, at \$1 apiece, for an institution-wide picnic to be held at the hospital picnic grove on Tuesday, June 28.

It is reported that employees

from all hospital departments are cooperating to make it a success, and have planned an impressive menu for the day. There will be dancing, card games, bingo, and liquid refreshments. Should it rain, the picnic will be held the next day, June 29.

General chairman of the affair is Edward Benson, of the electrical shop, who is secretary to the CSEA chapter. Tickets are available from supervisors and department heads, and the deadline for buying tickets is June 23.

### AIDES GETTING DISCOUNTS

ALBANY, June 20 — The Bulletin, official employee publication of the State Department of Agriculture and Markets, has reported that the Public Employees Buying Plan is producing discounts up to 7½ per cent. The program is sponsored by The Leader.

The employees selected for this program will join with public administration interns in training institutes on New York State and local government, general administration, personnel administration, budgeting and State finance. They will also receive special training from their respective agencies.

## 7 1/2 Per Cent Raise Passed by House

The House of Representatives has passed a compromise 7 1/2 per cent pay bill, which was knocked down from the original 9 per cent bill. The vote was 377-40, a tremendous majority which would be enough to override a veto from the President, which is expected.

Representative Tom Murray (D-Tenn.) fought the bill all the way, but finally conceded that he was beat before the vote was taken. His reasons for opposing the bill were that Government employees had gotten eight pay raises in the last 15 years, including a ten per cent increase two years ago.

He hasn't said that the employees don't deserve a raise, only that they have already gotten a few, which seems a little like telling a man he doesn't have to eat after he's 30 years old, because he has already eaten for 30 years.

The bill now goes to the Senate, where quick action is expected. After that it will face the President, and a veto is expected, since the President has opposed a pay raise for this year, under any conditions.

## Post Office Art Exhibition Now On

Paintings in oils and watercolor by New York postal employees will be on exhibit in Room 4500 of the General Post Office, 33rd st. and Eighth Ave., Manh., until Friday, June 24, the Post Office has announced.

Beginning June 27, the winning paintings will be shown a week at a time in the lobbies of each of the Post Office terminals: General Post Office, Grand Central Station, Church Street Station, Bronx Central Station and Grand Concourse, respectively.

## Army Engineers Present Awards

A ceremony held recently at the Army Corps of Engineers' Eastern Ocean District offices, four employees were presented with incentive awards, and one with a letter of appreciation.

Colonel Carlin H. Whitesell, district engineer, who made the presentations, expressed his pleasure at being able to set aside time, despite an extremely busy work schedule, to give recognition to these deserving employees.

The following received Outstanding performance ratings and cash awards for Sustained Superior Performance: Frances Altersko, executive secretary of the incentive awards committee and secretary to the chief of the Personnel branch, \$150; Mrs. Verna Fabiano, supervisory passenger traffic clerk with the office service branch, \$150; Marie Parlanti, administrative assistant in the executive office, \$200; Antonio C. Pallone, carpenter with office service branch, \$100.

Abraham Miller of 1387 Grand Concourse in the Bronx was presented with a letter of appreciation for the performance of his duties in the Management Branch.

## P. O. Employees to Picnic at Bear Mt.

Over 2,500 postal employees and their children will board the Hud-

son River Dayline's "S. S. Peter Stuyvesant" at Pier 81 North River (West 41st Street) for a boat ride and outing to Bear Mountain State Park on Saturday morning, June 25. Postmaster of New York Robert K. Christenberry has announced.

As the children walk up the gangplank for the boat ride, sponsored by the Postmaster's Committee for Children's Activities, they will receive jelly apples, popcorn rings, and lollipops. On board they will be entertained by a clown, accordionist and an orchestra. At Bear Mountain, the children will participate in games, with prizes for the winners.

## Teller Says CSC Created a Monster

New York's Democratic Representative, Ludwig Teller, has accused the U. S. Civil Service Commission of creating "a monstrosity of health plans."

He said that all 38 of the plans offered under the new health benefit program were more costly than they should be, and that the Commission had acted unwisely in failing to keep down the costs.

He cited cases in which, he said, the cost of health insurance to employees would be even larger under the Federal program.

But the law which Congress approved required CSC to approve the 38 different plans which admittedly complicates the entire program. Further, the law doesn't permit Uncle Sam to pay as much of the program's cost as Teller appears to believe he should.

## Poughkeepsie Man Wins Top U. S. Award

Joseph U. Damico, a personnel management specialist with the U. S. Civil Service Commission in Washington, and a native of Poughkeepsie, N. Y., has received a Meritorious Award for Exemplary Achievement in Public Administration from the William A. Jump Foundation.

The certificate cited Mr. Damico "for outstanding contributions to the development and updating of classification and qualification standards for a large variety of occupations in the Federal service, especially in the complex field of legal positions."

He attended Syracuse University and Vassar College, where he received his BA degree. His wife is also a native of Poughkeepsie.

"Was I  
that  
small?"

New York continues to grow, too  
— and our job is to keep ahead,  
electrically. New buildings  
going up everywhere use many  
times as much electricity as those they replace.

Homes, too, are upping their use of electricity. In fact,  
the average home uses twice as much as it did fifteen years  
ago—that's why many bills are higher. But though bills  
are up, the average price per kilowatt hour is down—from  
5.04 cents in '45 to 3.98 in 1959.

## Airing Due in Queens

**D**URING THE PAST several weeks, this newspaper has received numerous letters from employees of the Queens Borough President's office complaining of poor working conditions and unfair employment practices.

On the not-always-true assumption that "where there is smoke there is fire," we urge Borough President John T. Clancy to look into the situation. If the criticisms are accurate, correction would benefit everyone concerned (including Mr. Clancy), and if they are not, an airing of the facts would prove they are not.

## Summer Time

**V**ACATION TIME is setting in and we wish all public workers a pleasant and relaxed summer. At the same time, we can't help wanting to place one or two thoughts in their minds to mull over in the next several weeks.

First, let us remind all of you that an election year is at hand and out of the clouds of oratory that will loom as certain as there is a tomorrow, certain promises will be made to various sections of the civil service. Most will be tenuous at best, but sharp ears should be pointed toward any platform or statement that offers some action or plan for action in the fall.

Already one hears commitments to reduce taxes, increase this or lower that in different items and departments. Any action here is going to affect your pocketbook.

The wearying problems of grievances and injustices go on and should not be overlooked in the heat. Titles need upgrading in June and July as much as they do in October.

Actually, the task of strengthening and improving the civil service goes on and on.

## Questions Answered On Social Security

Below are questions on Social Security problems sent in by our readers and answered by a legal expert in the field. Anyone with a question on Social Security should write it out and send it to the Social Security Editor, Civil Service Leader, 97 Duane St., N.Y.

When were monthly social security benefits first payable?

On January 1, 1940, the first monthly benefits became payable to aged retired workers and their dependents, and to certain survivors of deceased workers.

\*\*\*

What types of benefits are payable to a worker and his family when he retires?

Monthly benefits are payable on retirement to retired men at age 65 and to women at age 62. Also to these dependents: a wife age 62; a dependent husband age 65; a child under 18, or over 18 and totally disabled; a wife of any age caring for a child entitled to benefits.

\*\*\*

What type of benefits are payable to the family of a deceased worker?

On the death of an insured worker, monthly benefits are payable to a widow age 62 or over, a child under 18 or disabled before 18, a mother with such child in her care, a dependent parent or a dependent widower age 65 or over.

What benefits are payable to me or my family if I become disabled?

Monthly benefits are payable at age 50 to workers who are totally disabled for any substantial gainful work. Benefits are payable also to the same dependents as for retirement benefits. Prior to age 50, monthly benefits are not payable to disabled workers, but their insured status and benefit rate are protected.

\*\*\*

I pay a lady who comes in to clean my house \$5 a week. Must I pay the social security tax on wages of this small amount?

Yes. Domestic employees are covered by social security if they receive at least \$50 in cash wages from one employer during a calendar quarter. Such reports are compulsory under the law and it is immaterial whether the employee or employer would prefer not to pay the tax or file the reports. No report is due if you do not pay an individual as much as \$50 cash in a calendar quarter.

\*\*\*

How much is being paid in social security benefits?

For December 1959, the figure was \$45 billion dollars. This means benefits of over 10 billions of dollars was paid out across the Nation last year from the Social Security Trust Fund. In 1940, total benefits paid out were \$6 billion dollars.

## LETTERS TO THE EDITOR

Letters to the editor must be signed, and names will be withheld from publication upon request. They should be no longer than 300 words and we reserve the right to edit published letters as seems appropriate. Address all letters to: The Editor, Civil Service Leader, 97 Duane St., New York 7, N.Y.

### AGREES WITH CRITICISM OF QUEENS PRESIDENT

Editor, The Leader:

Recent letters in your "Letters to The Editor" column revealed the intolerable conditions confronting Queens highway employees. I agree with the writers of these letters that the situation is growing more deplorable every day.

But I believe that Queens Borough President John T. Clancy is guilty only because of his ignorance of his employees plights. I do not believe he promoted the injustices now being inflicted on his department's employees.

Mr. Clancy, being a very ambitious politician, is eyeing the Mayorality anxiously. In his eagerness to appear in the newspapers (dedications, testimonials, etc.), he has left most of his management chores to his henchmen. Here is where the trouble exists.

Borough Works Commissioner J. Wolfe Chassen and Highway Commissioner Frank Livoti are the real culprits. I am sure that Mr. Clancy will become aware of the situation and remedy it. He had best, if he hopes to stay in office.

### SAYS UPGRADINGS ARE NO BARGAIN

Editor, The Leader:

All year long New York City employees fight for upgradings and the appeals keep getting laid over by the Career and Salary Appeals Board. Finally the board recommends something in one of these executive sessions. Having employee representatives among its members, and knowing that its recommendations don't mean too much anyhow, the Board of Appeals finally recommends one step upgradings for most of the titles and sends the recommendations to the Board of Estimate, which approves a few of the really drastically needed ones and disapproves the rest.

The ones that the Board of Estimate disapproves cannot be reappealed for a year, as I understand it, so they are out of it for another year.

Now, for the few titles that finally get through the Board of Estimate and get their little old upgradings approved, for annual increases of one to two hundred dollars, only the new employees benefit; the others must wait years to get anything. So an employee works a couple of years and gets a couple of increments and then a new man comes in and starts at the same salary this veteran has worked up to and is still getting.

Now if the City wants to do it that way, I guess there's not much we little employees can do about it, but its adding insult to injury for the City to make such a big deal about it and act like Santa Claus every time they grant an upgrading. Its also ridiculous for the Appeals Board to act like Santa Claus when it recommends an upgrading, because as I said before, their recommendations don't mean very much to the Board of Estimate. Upgradings are no great bargain.

## Civil Service LAW & YOU

BY HAROLD L. HERZSTEIN  
Mr. Herzstein is a member of the New York bar and an authority on Civil Service Law

### Unwanted Invitation

Some State employees received a written invitation to dinner last week. The New York World-Telegram of June 9, 1960 described the invitation as follows:

"The Republican state committee is pressuring state employees to cough up \$100 each for tickets to the annual state GOP dinner next Tuesday," the World-Telegram learned today.

The committee's strong-arm tactics were uncovered with the discovery of a memorandum written by a state Civil Defense Commission official to employees of the supposedly non-political civil defense outfit.

"Believe me, I don't like putting the bite on you for this money, but I have no alternative," said CD official Raymond J. Barbut in the memo to his underlings.

The New York Times the following morning wrote that the "invitation" (and I am using quotation marks only because the Times did) "aroused the wrath of Governor Rockefeller's office."

### Plain Sense

It is plain sense that the Governor is not to be blamed for every factious and stupid act of every State officer. The Governor was the principal speaker at the dinner and because of that, the press unfortunately linked his name with the act of the officer who did not stop to think. The immediacy with which the Governor acted to end the solicitation was creditable and shows exactly how he feels about political solicitations among government employees. If the Governor knew what was intended, it would never have happened.

In fairness to the Governor, I inform you that his press secretary immediately issued the following statement:

"Governor Rockefeller knew nothing about the reported incident which it is my understanding was limited to individuals holding appointive positions. Even so, any such effort is completely at variance with Governor Rockefeller's policy as emphasized by him at a Cabinet meeting early in his administration and repeated subsequently."

The statement is a recognition that political solicitation is wrong regardless of the classification of the employees. However, the statement that the press secretary understood that the solicitation was limited to individuals holding appointive positions is revealing of the commonly held fallacy that such solicitation is really wrong only when it is extended to competitive class employees.

I want to clarify this subject. As a fact based on experience, there is no such thing as political solicitation limited to appointed employees. As a matter of law, such solicitation is a crime regardless of the classification of the employees.

### Moral Suasion

Let me start with the fact. As soon as political solicitation starts in an office, it constitutes moral suasion on the employees in the competitive class. Their thinking is: "I had better pay or they will think that I am against them." The "dinner hosts" usually count on such thinking. I never heard of the "hosts" rejecting the competitive employees' money.

I have said that political solicitation is a crime regardless of the classification of the employees solicited—that is regardless of how they got their jobs, whether by appointment or examination. The Civil Service Law (Section 107, subd. 3) and the Penal Law (Section 774) both make it a misdemeanor for any officer or employee of the State or any civil division of the State to "directly or indirectly" use his authority or official influence to "compel or induce" any other officer or employee "to pay or promise to pay any political assessment, subscription or contribution."

### Subtle Attempts

Our courts are well aware of the fact that subtle attempts are made to get around the laws to which I have just referred. Consequently, they have put teeth in them. People v. Connelly is the leading case on the subject and interpreted the sections of the Civil Service Law and the Penal Law, mentioned above. In that case the Court wrote:

"The influence of such position is not less effective if silently exerted. . . . The Legislature of New York, following various Federal statutes, aimed to check a political abuse in taking party tribute from officers when within their office surroundings. In such official relations the call and pressure to pay for political purposes are felt without express demand or any open threats. Our statutes, therefore, would keep such contributions purely voluntary, as from citizens in private life, which character they cannot have if paid over at official desks in city bureaus."

Fortunately, our alert Governor squelched the invitation before it got very far. In the future it would be a good idea for all State, county, town, city and village officers to check the Civil Service Law and the Penal Law before they ask for political contributions. Employees should not tolerate violations.

# New York Post Offices Offer \$2 Truck Driver, Clerk and Carrier Jobs

Included now with the substitute clerk-carrier open competitive exams being offered by New York post offices, is an open exam for substitute motor vehicle operator, a \$2 to \$2.42 an hour job for which applications will be accepted until July 12.

The other exams open are for clerk and carrier positions in four local post offices: Brooklyn, Long Island City, Jamaica and New York, N. Y.

The test for motor vehicle operator is for jobs at vehicle facilities in all five boroughs, and is listed under Announcement No. 2-101-6(60). The age minimum is 18, and there is no maximum.

The only requirements are one year of experience operating trucks of over 2½ ton capacity or buses of 11 passengers or over, and the possession of a driver's license.

Announcements and application forms are available from the main post offices in Manhattan, Brooklyn, Far Rockaway, Flushing, Jamaica, Long Island City, and Staten Island.

### Clerk-Carrier Test

Applications are still being accepted for substitute clerk and carrier positions at the four above-

mentioned post offices, and applicants must specify for which positions — clerk or carrier — they are applying.

These are career appointments with opportunities existing for promotion and salary raise. Advancement is made to regular positions according to seniority. Substitutes must be available for duty on short notice and generally they will be working regularly.

To file, applicants must be at least 17 years of age, weigh at least 125 pounds, be able to lift an 80 pound mail sack to their shoulders and be citizens of the United States. The minimum age for appointment is 18.

All job candidates will have to take a written test and candidates for the substitute carrier jobs must have drivers license and pass a road test proving they can drive a vehicle of the type used on the job.

Because the jobs often require arduous physical exertion, such as carrying, reaching, walking and standing, applicants must be in good physical condition and be able to perform all the duties of the position.

All of the jobs offer full benefits, including incentive awards, liberal paid sick leave, two-and-one-half to five week paid vacations each year, eight paid holidays every year, health insurance, life insurance and a liberal retirement plan.

### How to Apply

For the clerk-carrier jobs at the New York, N. Y. Post Office, and the motor vehicle operator jobs, applications may be obtained from

the Board of U. S. Civil Service Examiners, Room 3506, General Post Office, West 33rd St., near Ninth Ave.

In Brooklyn, apply to the Board of U. S. Civil Service Examiners, General Post Office, Room 413, Brooklyn 1, N. Y.; in Long Island City, apply to the examiner-in-charge, 4602 21st Street; and in Jamaica, at the Main Post Office, Room 247, 88-40 164th St., Jamaica 31, N. Y. for all four applications are available from the Second U. S. Civil Service Region, 220 East 42nd St., New York 17, N. Y.

The exam numbers should be referred to when applying. They are: for Brooklyn, No. 2-101-1 (1960); or Long Island City, No. 2-103-2 (1960); for New York City, 2-101-2 (60); and for Jamaica, No. 2-1141 (1960).

## Furniture Helpers Offered \$13.60 A Day With City

The New York City Department of Education has vacancies now for furniture maintainers helpers, and an open competitive exam for those positions will be open for filing until June 22. They pay \$13.60 a day.

Required are one year's experience as a furniture maintainers helper, or graduation from a vocational high school with a major in carpentry or in courses covering furniture repair.

Applications and complete information are available from the Department of Personnel's Application Section at 96 Duane St., New York 7, N. Y., two blocks north of City Hall and just west of Broadway.

### More Civil Service Employees Subscribe to Blue Cross and Blue Shield Than to All Other Health Plans Combined

In New York State, more than 400,000 civil service employees and their families subscribe to Blue Cross hospital bill protection and Blue Shield doctor bill protection. Blue Cross and Blue Shield subscribers work in all branches of government. For instance . . .

**New York State and local governments** — More than 125,000 employees are enrolled in Blue Cross and Blue Shield through the State-wide Plan. To be eligible for benefits, subscribers are not required to live in a few designated areas nor must they use the services of a limited number of physicians.

**New York City government** — In order to have Blue Shield doctor bill protection to go with their Blue Cross hospital bill protection, more than 40,000 civil service employees knowingly forfeited a 50% subsidy toward the cost of their health insurance by not joining the only City-approved doctor care program. These employees formed more than 1,000 Blue Cross and Blue Shield "voluntary collection groups" and assumed the full cost of membership.

**Federal government** — In New York State 60% of the federal employees and their families subscribe to Blue Cross and Blue Shield through "voluntary collection groups".

Whether they work for New York State, local governments, New York City or the Federal government — Blue Cross and Blue Shield are the overwhelming hospital bill and doctor bill protection favorites among civil service employees.

## Where to Apply For Public Jobs

The following directions tell where to apply for public jobs and how to reach destinations in New York City on the transit system.

**NEW YORK CITY**—The applications Section of the New York City Department of Personnel is located at 96 Duane St., New York 7, N.Y. (Manhattan). It is two blocks north of City Hall, just west of Broadway, across from The Leader office.

Hours are 9 A.M. to 4 P.M., closed Saturdays except to answer inquiries from 9 to 12 A.M. Telephone COrtland 7-8880.

Mailed requests for application blanks must include a stamped, self-addressed business-size envelope. Mailed application forms must be sent to the Personnel Department, including the specified filing fee in the form of a check or money-order, at least five days before the closing date for filing of applications. This is to allow time for handling and for the Department to contact the applicant in case his application is incomplete.

The Applications Section of the Personnel Department is near the Chambers Street stop of the main subway lines that go through the area. These are the IRT 7th Avenue Line and the IND 8th Avenue Line. The IRT Lexington Avenue Line stop to use is the Brooklyn Bridge stop and the BMT Brighton Local's stop is City Hall. All these are but a few blocks from the Personnel Department.

**STATE** — First floor at 270 Broadway, New York 7, N.Y., corner of Chambers St., telephone BArcley 7-1616; Governor Alfred E. Smith State Office Building and The State Campus, Albany; Room 400 at 155 West Main Street, Rochester (Wednesdays only); and 141 James St., Syracuse (first and third Tuesdays of each month). 5 P.M., closed Saturdays.

Wednesdays only, from 9 to 5, 221 Washington St., Binghamton.

Any of these addresses may be used in applying for county jobs or for jobs with the State. The State's New York City office is a block south on Broadway from the City Personnel Department's Broadway entrance, so the same transportation instructions apply. Mailed applications need not include return envelopes.

Applications for State jobs may also be made, in person or by representative only, to local offices of the State Employment Service.

**FEDERAL** — Second U. S. Civil Service Region Office, 220 East 42d Street (at 2d Ave.), New York 17, N. Y., just west of the United Nations building. Take the IRT Lexington Ave. line to Grand Central and walk two blocks east, or take the shuttle from Times Square to Grand Central or the IRT Queens-Flushing train from any point on the line to the Grand Central stop.

Hours are 8:30 A.M. to 5 P.M. Monday through Friday. Telephone number is YU 6-2626.

Applications are also obtainable at main post offices, except the New York Post Office. Boards of examiners at the particular installations offering the tests also may be applied to for further information and application forms. ### 207 in Delehanty H.S. Record Class

The largest class in the history of Delehanty High School — 207 boys and girls — received diplomas at commencement ceremonies held in Town Hall, Manh., on Friday, June 17. The school was chartered by the State University in 1943.

M. J. Delehanty, chairman of the Board of Trustees, who pre-

sided at the exercises, said the school's new addition, now under construction in Jamaica, L.I., had been undertaken to assure maintenance of the highest standards of instruction and facilities in the face of ever-increasing demand for enrollment.

Chief Justice John M. Murtagh of the Court of Special Sessions

congratulated the graduates and their parents on the high scholastic achievements of the class of 1960. He said a well-informed, educated citizenry was the best assurance that any community could hope to have for continued respect of law and order.

Medals, special awards and certificates of merit were conferred on 43 students by Bernard B. Galway, principal. The school Glee Club, under the direction of Mr. Donald Maloney, sang several songs. William Hugh Garrigan was organist.

### Craig Colony Group Revises Constitution

At a recent meeting of the Craig Colony and Hospital chapter of the Civil Service Employees Association, held at Shanahan Hall, Sonoma, N. Y., a spirited business session was led by Samuel M. Seltzer, Chapter president.

Most of the meeting was taken up by the discussion and approval of changes in the local chapter Constitution — the only revision in twelve years.

The thirty members who attended also heard the report of Sam Cipolla, CSEA delegate, regarding legislation affecting state employees, and declared themselves in favor of more equal representation at the state level meetings. The group was unanimous in requesting another general meeting in the immediate future to discuss by-laws and other pending issues.

According to Mr. Seltzer, the members who attended were actively interested and spoke freely and sincerely on all matters.
