SOCIAL SCIENCE CLASSES
INVESTIGATE LOCAL ACTIVITIES

Seventh Grade

Each class has a committee to investigate recreational centers, and travel facilities. Those on movie committee interview managers of theaters, see how things are run behind the scene, so to speak. Those on travel committee visit such places as Fitch's Travel Bureau and learn how they are run. Radio committees are visiting local stations to see how they are run.

KEEP MILNE SPOTLESS

Milne should be kept clean at all times. We mean in the lockers mostly. Waste paper is hidden in the corners and under lockers. Some people seem to think the locker rooms are a special place for rubbish. Remember, everybody, the school is in your hands, so take good care of it. Did you ever hear the old saying, "Don't eat in the halls"? Well, then, don't eat in them. This has been suggested hundreds of times. By now you should know it by heart.

CHRISTMAS PRESENTS

Jean Dorsey, typewriter; Leonard Jones, ski poles and sled; Sue Hoyt, radio; Marilyn Bates, suitcase; Alvin Bingham, basketball; Ruth Short, bathrobe, Janet Johnston, fitted suitcase; Barbara Bookstein, scarf, mittons and hat; Marine Shermerhorn, watch.

Bob Kohn, typewriter; Louis Mayer-sohn, developing set; Joyce Knapp, watch; Betty Hoyt, two pups and an clephant; Arnold Baskin, a title in newspaper; Niriam Boice, locket; Norma Silverstein, shoes; Marcia Bissikumer, two evening gowns and a cape; Corinne Ed wards, camera.

IT ISN'T A COMPLEMENT

Milne doesn't think it is nice for certain people to open lockers and col-loct souvenirs. Before you do the collecting, you should think of the name you give Milne. This article doesn't mean that all people do the collecting.
