Campus Progress Report No. 44

1. Noticeable progress is made on the installation of curbing along the perimeter road, especially on the south and east sides.
2. Dormitory No. 1 has now been raised to the top floor level on all those sections which are to be occupied by September, 1964.
3. The side panels have been installed on one-half of the south wing.
4. Glazing of windows is under way on the east wing.
5. Fourth floor of the tower is being poured.
6. Exterior columns on Dormitory No. 1 podium are being capped with the concrete arches.
7. The basement of the Chemistry and Biology buildings show good progress. Forms are to be completed and pouring is about one-half finished.
