Bulletin:

At Leader press time, it was learned that a telegram had been received by the Civil Service Employees Association from Sen. Jacob K. Javits regarding Federal pension contributions for State Air National Guard Technicians.

Senator Javits' wife said that he is "looking into the matter with the Secretaries of Army and Air Force and will communicate with you as soon as I have a report."

At present, the Air National Guard technicians cannot participate in the State Retirement System unless the Federal Government contributes the employer's payments to the System.

The Association, which sponsored legislation to allow the technicians to participate in the State pension system, has been pressing the U. S. Government to exercise its right to pay these contributions.

Recently, Joseph F. Feily, CSEA president, wired Defense Secretary Neil McElroy asking him to allot funds from the Defense Budget for this purpose.

Orange County Lauded For New Pay Plan

The Orange County Board of Supervisors has adopted a basic proposal for the installation of a new salary plan developed by the municipal service division of the New York State Civil Service Department. It is expected to result in substantial wage increases for most of the regular civil service employees of that county.

One feature of this new salary plan is of special benefit to Orange County employees. So important is this feature that Joseph Feily, president of the Civil Service Employees Association, wrote to the board commending it on its action. The Association's letter to the chairman pointed particularly to this feature. This provides that Orange County employees on a conversion from the old to the new salary plan, would enter a new salary plan at the step that corresponds with their years of service.

Mr. Feily pointed out that this was a long established principal service of New York State but that to his knowledge this was the first time this principal had been applied to a subdivision.

In his letter to Chairman Zabriskie he said, "we have long advocated this principal and feel it embodies the best in current thinking in personnel administration."

COLLEGE POST FILLED

ALBANY, Nov. 30 — Governor Rockefeller has appointed Mrs. Ruth W. Urban of Buffalo as a member of the council of the State College of Education at Buffalo. She succeeds Mrs. Jean W. B. Rogers, whose term has expired.

CSEA Starts Salary Talks With Budget

Preliminary discussions on the salary resolution of the Civil Service Employees Association have been held between Association representatives and members of the Division of the Budget.

The resolution seeks a 10-percent, across the board pay raise for all state employees, with a minimum boost of \$400.

Further meetings have been scheduled so that the Association can present its brief for the employees' raise.

Attending the first of these were Joseph F. Feily, president; Joseph D. Lochner, executive secretary; F. Henry Galpin, salary research analyst, and Harry Albright, Jr., and John Holt-Marris, CSEA counsel. Representing the Budget were its director, Dr. T. Norman Hurd, and his deputy, John Corrigan.

Meetings on other phases of the Association's 1960 legislative program have been held with Dr. William Ronan, secretary to the Governor, and other members of the Governor's staff and with H. Eliot Kaplan, president of the State Civil Service Commission.

Progress on these meetings will be reported in future issues of The Leader.

Rockefeller Approval Due On Task Force Study Of Government Streamlining

(Special to The Leader)

ALBANY, Nov. 30 — Governor Rockefeller was slated to return this week from a brief Venezuelan vacation to give his final approval to a task force study on the reorganization of state government.

The report and its recommendations are slated to be made public within a week.

Chief architect of the proposed reorganization of the Executive Branch is Dr. William J. Ronan, the Governor's secretary and former dean of public administration at New York University.

He was assisted in the study by Milton Musicus, who is on leave from his post as assistant commissioner for business management in the State Education Department.

As The Leader went to press, there was no official word as to what state agencies, board and commissions might be eliminated or reassigned to other berths in the governmental setup.

Speculation

There was speculation on Capitol Hill, however, that several agen-

cies including the State Safety Division would be abolished.

The only comment has been from Mr. Rockefeller, who told a press conference just prior to leaving

the state for a Thanksgiving holiday that there were 135 various agencies, boards and commissions now reporting to the Governor. He said this was unwieldy.

The Civil Service Employees Association has been alerted to the problems which any reorganization will bring for individual state employees.

Involves Amendments

Mr. Rockefeller also told reporters his recommendations for reorganization would require constitutional amendments as well as legislative changes.

The response of the Legislature to a drastic shakeup in state government is not known, but some observers reported hurry-up legislation might run into tough sledding.

C. E. Hynds New Food Lab Chief

ALBANY, Nov. 30 — Claude E. Hynds of Delmar is the new acting director of the State Food Laboratory.

The appointment was announced by Agricultural Commissioner Don J. Wickham, who noted that Mr. Hynds is a career state employee with 32 years of experience.

Mr. Hynds succeeds Dr. A. H. Robertson, who retired. Mr. Hynds joined state service in 1927 as a laboratory helper. He became one of the first licensed Babcock milk testers in the state in 1919.

Jack Kurtzman, Jr. On All-Star Team

Jack Kurtzman, Jr., son of Mr. and Mrs. Jack Kurtzman, Hamburg, N.Y., has been named by the Buffalo Courier-Express to its 1959 All-Star football team.

Young Kurtzman won the post of tackle on the Buffalo newspaper's mythical glamour team. He played that position for Hamburg High School, which has had an undefeated season for the past two years.

His father is field representative for the Civil Service Employees Association in the Western area of the State.

Pension Amend. Doesn't Cover Village Fire, Police

ALBANY, Nov. 30 — The constitutional amendment providing for pension increases for certain police and firemen didn't mean all it was thought to mean.

A legal interpretation from the State Comptroller's office reports the amendment, passed by the voters early this month, actually doesn't affect villages.

It first was commonly understood that the amendment would permit all municipalities to increase pension benefits, but the new provisions actually are limited, the comptroller's office said, to counties, cities and towns.

"A careful reading of the amendment dealing with increased pensions for retired policemen and firemen," it was said, "reveals

that it is not applicable to villages."

The Comptroller's Office has notified local officials that an attempt by a village to increase pensions of its retired police or firemen would still, despite passage of the amendment, be an "unconstitutional gift."

Assn. Wants Prompt Action On Trooper Attendance Rules

Although classification and attendance rule matters for civil employees in the State Division of Police were settled nearly a year ago, troopers and other police employees have not yet received the same action on their problems.

Superintendent of Police Francis McGarvey, in 1958, informed the Civil Service Employees Association that attendance rules for troopers would be acted on as soon as the civil branch of the Division was taken care of. To date, however, no such action has been taken despite persistent appeals for action on the rules.

In order to gain immediate and prompt attention to formulation of attendance rules for troopers, the Association again wrote Mr. McGarvey saying:

On March 20, 1959 we wrote to Governor Rockefeller requesting that attendance rules be formulated in order to provide uniform work

hours, sick leave and other leave, vacation, personal leave, etc. for the division of State Police.

Asks Part in Task

There are apparently still no written attendance rules in effect governing the State Police. We were promised by the Division of State Police approximately two years ago that written attendance rules for the division would be prepared and furnished to the State Police, but to this date, in spite of our appeals to the division, there are still no such written rules in effect.

We would be most grateful if you could give us some definite ideas as to where this matter stands at this juncture. We would certainly hope that before any rules are formulated in final form our Association will be afforded an opportunity to give you their views in this regard.

Suffolk Chapter Sets Meet For Non-Teaching Aides

"Suffolk Chapter of the Civil Service Employees Association has scheduled an open meeting for all non-teaching school employees in the county on Saturday, December 12, at 2:00 P.M. in the Third Avenue Elementary School, Brentwood, L.I.

Chapter President Arthur J. Miller and John Corcoran, CSEA field representative, will be on hand to explain the aims, purpose and accomplishments of the Association and to answer questions from the floor.

All non-teaching school personnel, members and non-members alike, are invited and urged to attend this meeting."

IN CITY CIVIL SERVICE

By RICHARD EVANS JR.

How to Fight J. D.

Frank H. Thulin retires this month after 42 years with the City of New York as a Probation Officer. He has not yet reached the top of the grade (slot 10) which would "eventually" have given him \$5,990 a year. As a parting gift, the city will pay him for 30 days terminal leave.

Mr. Thulin's department has supervision over parole cases referred by the magistrates courts, including a great number of juvenile delinquents whom the courts want to keep under supervision rather than crowd into already over-full institutions.

The normal case load of such officers is 50 cases or 12 investigations a month. The average case load in the magistrates courts is now 80 cases plus 11 to 12 investigations a month.

The city budget calls for 95 Parole Officers with a master's degree in social case work or equivalent experience in this department; the actual payroll lists 67. Last week 4 names were certified from a new list and 4 persons resigned.

Under a Career and Salary Plan appeal, they will point out that their top of \$5990 compares with \$8800 in General Sessions Court, \$7900 for a school Attendance Officer who also may get up \$800 extra for educational qualification.

City Employees Stay On for 12 years

The average permanent city civil service employee stays on his job 12 years, just about four times as long as the average industrial employee, according to figures made available in the latest report of the Department of Personnel.

In 1958, the Department of Personnel added 32,070 men and women to its rolls. Of these 20,487 were permanent employees, 9,938 provisionals, and 1,648 temporaries.

Dropped from the city payroll were 20,364 of whom 8,800 were provisionals, 5,154 resignations, 4,706 retirements, 1,050 deaths, 373 dismissals, 216 permanent terminations for disqualification, 52 dropped at the end of their probationary period, and 1 laid off for lack of work.

The current list includes 6,101 provisionals, lowest mark in many years.

Chatham Towers Joins Chatham Green for Employees

Chatham Towers, the newest Municipal Credit Union housing project, behind the Civic Center, will open applications for cooperative apartments just after the turn of the year. The structure is a brother to the neighboring Chatham Green which sold out some months ago, and will be bounded by Park Row, Worth and Baxter Streets.

Approximately 220 apartments will be available ranging from studios to three bedroom units. Down payment will be about \$900 a room with upkeep running between \$27 and \$30 per room per month.

Police Orders, Nov. 23
Probationary Policewoman
To take effect 4 p.m., November 20, 1959:

Mary F. Culin 842735, from Bureau of Policewomen to Detective Division. (Res. Pct. 41.)

The citation, if there had been one, might have read: "For single-handedly, while off duty, apprehending, subduing and capturing a six foot mugger and marching him at gun point six blocks to a local precinct."

Bible Is Subject of Exhibition at St. Paul's

"The Story of the Bible," an exhibition portraying the history of the Holy Scriptures from 1000 B.C. to the present day will be open to the public at historic St. Paul's Chapel, Broadway and Vesey Street from December 6th.

The Septuagint, the Vulgate, the great codices, illuminated manuscripts, the Lollards' Bible, the Gutenberg printed Bible, the sixteenth-century English translations and modern versions all will be illustrated—and their stories told—in this extensive exhibition. The influence of Holy Scriptures upon life, literature, art and worship also will be shown.

Police Democracy's Bulwark, Kennedy Tells New Patrolmen

"The police profession is a dynamic, not a static one. Talk to any intelligent, experienced policeman and he will tell you that daily he meets new problems which he must solve, and novel conditions which test his intelligence. He will tell you that the matter studied in the classroom and the duties you are called upon to perform on the streets of the city are not dissimilar. This is particularly true of your course in human relations. Remember always that you are dealing with human beings, individuals, persons, with a great potential for good or evil. Recently we have witnessed a resurgence of a fashionable, but not new, custom of blaming all our evils upon our most recent immigrants and the trials and tribulations of new peoples in a strange land during their period of adjustment to new customs and languages should be fresh in our mind.

BKLYN CATHOLIC TEACHERS CLIMAX CHARITY DRIVE

The annual drive of the Catholic Teachers Association of Brooklyn for infants' and children's clothing for infants' and children's clothing climaxed by an afternoon meeting and tea in the Grand Ballroom of the Hotel St. George, 51 Clark Street (in downtown Brooklyn), at 3:30 to 6 P.M. Tuesday, Dec. 1.

"But, on the other hand, this does not mean that there should not be strict law enforcement. There is no greater safeguard to our individual liberties than the efficient, fair and incorruptible enforcement of the laws in accordance with due process. Without a system of stern, swift justice in accordance with the law of God, civil liberties are a mockery; without it no man would be safe in his person to go about his daily tasks, to raise his family, to achieve his legitimate aspirations or even to practice his religion.

"Now you, as young law enforcement officers, may not realize the impact that each of you has upon our democratic form of government. But to the extent that you perform your duties well, to that extent will you strengthen your own concept of freedom under law, to the extent that each of you fall in the honest, fair and efficient

performance of your duties, to that extent will you strengthen the forces of the foes of freedom. Fascist and communist dictators have assailed and continue to assail our democracy as a failure. One of their stronger arguments is the high crime rate in this country and the inequities in the equal enforcement of the law. The Fascists and Communists say, "Give us the opportunity and we will regiment you and you will have peace and domestic tranquility." But the price is inordinately high: the price is freedom."

With these words Commissioner Kennedy swore in 255 Patrolmen and 5 Patrolwomen last week.

Commissioner Kross Presents Correction Checks

Following a traditional custom in recent years, Commissioner Anna Kross head of the city's Department of Correction, presented "charity checks" from staff members' Community Chest and Welfare Fund to sixteen organizations at a Thanksgiving party last Wednesday, in the department's central office at 100 Center Street.

MENTAL HYGIENE MEMO

By A. J. COCCARO

Therapy Group Meets

The Executive Committee of the Mental Hygiene Recreational Therapy Association met recently at Letchworth Village to plan future programs of the Association.

Frank Di Maria of Letchworth, President of MHRTA, called for a vigorous program that would stimulate employee growth and improve programs for the patients in our hospitals throughout the State.

The President appointed the following members Chairmen of the various Committees to get his program off the ground: Membership, Walter Foley of Manhattan; Program, Evelyn Carr of Middletown; Study and Research, Bill Knott of Creedmoor; Legislature, Maureen Neery of Rockland; Finance, Gus Julian of Creedmoor; Public Relations, Joseph Perrillo of Central Islip; Personnel Practices, Bill Hoffman of Hudson River; Publications, Tony Sieredzinski of Wassaic; Affiliation, Mary Jane Preston of Pilgrim; and the writer, Chairman of the Nominating Committee.

Duffy Honored

The recreation group was addressed by Harold Abel, State Supervisor from the Commissioner's Office. Mr. Abel told of plans for area Workshops in the very near future.

Jack Duffy, President of MHRTA for the past five years, was awarded a scroll for distinguished service to the Association.

Presentation of the scroll was made Wednesday night at a testimonial dance in honor of Jack Duffy, staged at the Case Seville, Franklin Square, Long Island.

Special arrangements are being made to prepare a major publication by the Association in time for its annual spring meeting.

A major action taken by Mr. Di Maria at the Meeting was to appoint a special Committee to travel to Albany to meet with the Division of Classification and Compensation and the Examination Division of the Department of Civil Service.

Nassau Chapter Asks County To Amend Budget, Give Aides Across-the-Board Pay Raise

The Nassau County Board of Supervisors last week heard a plea from the Nassau Chapter of the Civil Service Employees Association to amend the county budget in order to provide a pay raise for county workers.

Statement to Board

In making his appeal, Mr. Flaumenbaum said:

This is now the seventh year that the Nassau County budget has not reflected an across-the-board raise for Nassau County employees. The fact that the cost-of-living has risen steadily for the past seven years has been borne out by official surveys of the State and Federal Governments. Nassau County itself acknowledges this through a general increase given to members of the Nassau County Police Department in the 1960 budget.

It is our feeling, in Nassau Chapter, that an across-the-board raise of 10% with a minimum of \$300.00 for all other employees would bring the salaries of these employees more in line with the constant rise in the cost-of-living. This is not an exaggerated request. In fact, it is both a realistic and fair request because civil servants are much more affected by inflation than other groups of citizens in private enterprise. We therefore, ask this Honorable Board to amend the 1960 budget to include an across-the-board pay increase for these Nassau County employees.

Asks Grievance Machinery

At this time I would also like to request the Board of Supervisors to give serious consideration to the setting up of official and effective

grievance machinery and a workable set of attendance rules. It is felt this is necessary in order to continue the high level of morale now prevalent among these employees. Such rules and regulations have been found to be very effective in State service and in many political subdivisions of the State.

The members of Nassau Chapter and I would be remiss if we did not take this moment to thank this Honorable Board for the twenty-six pay days which will become effective on January 1, 1960. We also want to thank the Board of Supervisors for extending the State Health Insurance Plan so that it covers all County employees who desire it. Last, but certainly not least, we want to thank this Honorable Board for giving consideration to the request of Nassau Chapter for the earlier payment of longevity pay. This was noted in a release issued from the office of the County Executive during the week of November 11, 1959.

This release stated that "all employees with ten years of service on January 1, 1962, will get a longevity increment equal to their last regular increment. This runs from \$240.00 to \$740.00."

REPORTER GETS STATE JOB

ALBANY, Nov. 30 — Senate Majority Leader Walter J. Mahoney has announced appointment of Richard J. Roth, chief political writer for the New York World Telegram-Sun as director of information and research. The job pays \$16,500 a year.

Mr. Roth will move to Albany Dec. 1 to assume his new duties.

Legislature's Pre-Filing Period Brings Flow of Civil Service Measures

(Special to the Leader)

ALBANY, Nov. 30 — Although the 1960 legislative session is still another month away, bills are pouring into the Capitol Hill hopper here by the hundreds.

The legislation is being pre-filed under a new policy established several years ago, which permits lawmakers to send their legislative proposals to Albany for printing in advance of the actual start of the session itself.

The 1960 session will get underway Jan. 6 and at the present rate of pre-filing many hundreds of measures will be ready for committee consideration by that time.

A spokesman for the Civil Service Employees Association reports that a number of civil service measures will be pre-filed for "earliest possible consideration" by the Senate and Assembly civil service committees.

Individual lawmakers have pre-filed a number of civil service bills, as well as legislation affecting New York City departments and state agencies.

Assemblyman Louis Kalish, Brooklyn Democrat, for example, has called for approval of a bill sent to Albany on the first day for pre-filing, which would define total disability from arthritis of spine a natural result of employment as an asphalt worker.

The bill would authorize pension and social security benefits for such a condition for asphalt workers. It amends the Civil Service Law. He sought similar action at the 1959 session.

Asks New Grievance Bd.

Senator Janet Hill Gordon, Chenango Republican, is sponsor of two major civil service bills. One adds a new article to the State Civil Service Law to establish a three-member grievance board in the State Civil Service Department.

The measure calls for the board members to be appointed by the governor. The board would hear employee complaints and grievances relating to conditions of employment in state service.

The bill provides for an appropriation of \$50,000 to finance the agency, which would be empowered to make rules and hold hearings and to report to the governor on the failure of any agency to establish proper standards.

At present, state grievance procedures are a matter of executive order, not legislation.

Reasons for Budget Veto

Senator Gordon also has introduced a bill to amend the Civil Service Law to require the state budget director to file a written statement of his reasons for disapproving the classification and allocation of positions in the state service.

The budget director would be required, under the Gordon bill, to submit his reasons to the state director or the appeals board of classification and compensation division, and to the person "aggrieved by the disapproval."

The bill has the backing of the Civil Service Employees Association.

A bill of interest to New York City employees is sponsored by Assemblyman Luigi Marano,

Brooklyn Democrat. It would provide that the New York City Transit Authority could not change its fare schedule without a public hearing.

Mr. Marano also would amend the State Mental Hygiene Law to require that at least one member of the board of visitors of a state school for mental defectives should be the parent of a mentally defective child.

School Guard Bill

Assemblyman Louis DeSalvio, New York Democrat, has introduced ten bills. Among them is legislation to grant school crossing guards full civil service status, "with all rights enjoyed by other civil service employees."

The proposal would affect school crossing guards employed by a city, town or village. Mr. DeSalvio said the guards had "released policemen from this type of duty for other important police functions."

Mr. DeSalvio also urges legislation to provide for installation of telephones every 1,000 feet on the State Thruway. These phones would connect with the State Police barracks and would be used solely for distress calls.

Assemblywoman Bessie Buchanan, New York Democrat, urges amendment of the Civil Service Law to prohibit removal of labor class and non-competitive class employees of the New York City Department of Hospitals without hearing on stated charges.

Mrs. Buchanan sought similar protection for these groups of hospital employees at the 1959 session. The bill was left in committee.

In another measure, Mrs. Buchanan asks that regular substitute teachers in the New York City system be given sick leave comparable to that allowed permanent staff in the same grade.

A third bill, sponsored by the Harlem legislator, would authorize the state education commis-

sioner to investigate any educational institution believed to have committed an unfair practice by accepting an endowment or gift conditioned on the teaching of racial supremacy.

25-Year Retirement

In another measure, Mrs. Buchanan asks a new section be added to the State Retirement Law to permit a guard or correction officer to elect on or before Jan. 1 to be retired after 25 years of service.

New York City employees would be given an extension until June 30, 1960 under a DeSalvio measure to elect the 55-year retirement plan.

Another new section to the Retirement Law has been proposed by Assemblyman Donald A. Campbell, Montgomery County Republican. It would permit members of the state system with a final average salary of \$3,600 or less to retire regardless of age after 25 years service with an allowance equal to 50 per cent of final average salary or \$1,800, whichever is greater. The difference would be paid by the state or employer.

Assemblyman John J. Ryan, Brooklyn Democrat, has asked a change in the General Municipal Law to provide cash payment for unused vacation time to the beneficiary in case of death in service of the employee.

Senator Jeremiah B. Bloom, New York Democrat, has pre-filled 16 measures. One measure would give members of city teachers' retirement system membership in hospital-medical insurance plan, with city paying half of the cost.

Another Bloom measure would allow state and municipal civil service commissions to classify into permanent classified service civil defense jobs, with the power to exclude from employment those found not to be of satisfactory character.

RETIRE AFTER LONG SERVICE

The two men shown above, members of the Metropolitan Public Service Chapter of the Civil Service Employees Association, are retiring after a collective service of 84 years of public service. They are Fred B. White, left, who retired from his job as chief of the railroad bureau of the Public Service Commission after 38 years of state service; and Sander Schwartz, principal transportation engineer, retiring after 46 years. Their colleagues at the Public Service Commission held a party in their honor Sept. 24 at Churchill's Restaurant, Manhattan.

Hearing Is Expected to Make Pay Raises Official for NYC Uniformed Correction Forces

The long-awaited public hearing on a Civil Service Commission resolution to make official the salary raises of uniformed correction officers has been scheduled for Tuesday, Dec. 1, at 10:30 A.M. in Room 712-A of the Personnel Department, 299 Broadway.

Jewish Employees to Hold Dinner-Dance

The Jewish State Employees Association of New York will hold its seventh annual Chanukah dinner-dance Dec. 10 at 6:30 B.M., at the Grand Street Boys Club, Manhattan.

Leading State officials and members of the Jewish community are expected to attend, including Attorney General Louis J. Lefkowitz and State Controller Arthur Levitt.

The chairman of the affair is Milton Chasin. Tickets are \$6.50 and may be purchased from any of the following persons: Etta Axenzoff, Nettie Tobias and Rhoda Gimbel of the Bureau of Motor Vehicles; Esther Laschell and Sylvia Miller of the State Insurance Fund; Poppy Rappaport of the State Liquor Authority; Natalie Hager of Stock Transfer; Sylvia Greenbaum of Transfer and Estate Tax; and Martin Melzel of the Bureau of Motor Vehicles.

"Say You Saw It in The Leader"

Male and female correction officers are now paid from \$4,116 to \$5,436 a year. The resolution would raise that to \$4,306 to \$5,626, for a 40-hour week, effective July 1, 1959, and \$4,401 to \$5,721 effective Jan. 1, 1960. Scale for a 42-hour week would be \$4,522 to \$5,908 effective July 1, 1959, and \$4,622 to \$6,000 effective Jan. 1, 1960.

Correction captains, now getting \$5,975 to \$6,239, would be raised to \$6,179 to \$6,453 effective July 1, 1959, and \$6,280 to \$6,559 effective Jan. 1, 1960, for a 40-hour week. Those on a 42-hour week would get \$6,488 to \$6,776 effective July 1, 1959, and \$6,594 to \$6,887 effective Jan. 1, 1960.

The Warden Titles

Assistant deputy wardens, now getting \$6,533 to \$6,797, would be raised to \$6,756-\$7,030, effective July 1, 1959, and \$6,866 to \$7,145 effective Jan. 1, 1960, for 40 hours a week. For a 42-hour week, pay would range from \$7,094-\$7,382 effective July 1, 1959, to \$7,210-\$7,503 effective Jan. 1, 1960.

Deputy wardens and deputy superintendents of women's prisons, now getting \$7,480 to \$8,010, would get \$7,736-\$8,286 effective July 1, 1959, and \$7,862-\$8,422 effective Jan. 1, 1960, for a 40-hour week. Pay for a 42-hour week would be \$8,123-\$8,701 effective July 1, 1959, and \$8,256-\$8,844 effective Jan. 1, 1960.

Warden and superintendents of women's prisons, now getting \$12,013, would be raised to \$12,422 effective July 1, 1959, and \$12,626 effective Jan. 1, 1960.

Engineering Jobs With U.S. Open

Jobs in more than 20 fields, in locations throughout the United States, and paying from \$4,490 to \$12,770 a year, are now available for graduate engineers with the U.S. Government.

For all the jobs at least a four years college degree, or equivalent, is required. For positions above the GS-5 level, more professional experience or education is required. U. S. citizenship is necessary.

To Apply

Application forms that must be filed are Standard Form 57, Card Form 5001-ABC, and for those applying for GS-7 jobs on a "B" average basis, C.S.C. Form 226A. Standard Form 15 must also be filed by veterans claiming 5 or 10 point preference. This is announcement No. 211 B. Quote this number when seeking further details.

See "Where to Apply for Public Jobs" column in this week's Leader for filing instructions.

To Apply For Coast Guard Academy:

Men between the ages of 17 and 22, in perfect physical condition and 64 to 78 inches in height with proportionate weight have until Jan. 10 to apply for admission to the U. S. Coast Guard Academy.

Previously, perfect eyesight had been a requirement for admittance. Now men with 20/30 vision, correctable to 20/20, may apply.

An information booklet and application forms for entering the Academy may be obtained from the Commandant (PTP-2), U.S. Coast Guard, Washington, D. C.

U.S. Hiring T-Men At \$4,980 a Year

Applications are now being accepted for \$4,980 a year jobs as T-men with the U. S. Treasury Department. Filing will be open until further notice.

Required are good physical condition and good eyesight, and four years of appropriate experience. College study may be substituted up to a maximum of three years. However, a six year law degree may be substituted for all the experience requirements.

The announcement, No. 2-55-2 (1959), and applications may be obtained from the Civil Service Examiner, Internal Revenue Service, Room 1116, 90 Church St., Manhattan.

JAMES J. FARLEY HONORED FOR WORK WITH VETERANS

More than 500 prominent State and Federal officials honored Deputy Manhattan Borough Works Commissioner James J. Farley Nov. 28, at a dinner in the Grand Street Boys Association Club. Mr. Farley was presented a plaque citing his "outstanding work for veterans."

The dinner was sponsored by the Morris Dickstein Post 562 of the Veterans of Foreign Wars, and will mark the 38th annual banquet at the post, which is named after the brother of the late Samuel Dickstein, Supreme Court Justice of the First Judicial District.

U.S. Service News Items

Leave Year Ends

The current Government leave year ends midnight, Jan. 9, and Federal employees must use all "excess" leave before that time.

Forfeiture with no compensation will be the fate of any employees who carry excess leave into the next leave year. What constitutes "excess" differs with different groups of employees.

Most newer employees are not permitted to carry more than 30 days of accumulated annual leave into the new leave year.

Before the 30-day leave limit went into effect, however, many employees had accumulated up to 90 days. They are allowed to keep what leave they had accumulated but are not permitted to increase it. If they decrease old accrued leave but it still stays over 30 days, they may not build it up again to its old level.

Employees who started the year with more than 30 days annual leave must use all the leave they earned this year or forfeit the balance. Those who started the year with less than 30 days may carry 30 days accumulation into the coming year but no more. They must use all leave earned this year that would cause them to carry more than 30 days into the coming leave year.

For any employee permitted—because he had it before the new rule—to carry more than 30 days, the system works this way:

If he started this leave year with 42 days he may carry that many into the coming year. If, however, his accumulated leave total dropped at any time during the year below 42 but still above 30 — to 38, for instance — 38 is his new limit. He may only carry 38 days over into the next year.

NFFE "Special Efforts"

The National Federation of Federal Employees has promised to make "special efforts" to gain early congressional approval next year of bills to raise Federal employee travel allowances and to protect employees from liability suits growing out of accidents involving vehicles on Government business. The Federation will also try to extend a series of fringe benefits to overseas employees.

College-Federal Agency Council Meets

ALBANY, Nov. 30 — Colleges and government alike must work to restore to the career public service the prestige it enjoyed during the 1930's and World War II," Dr. Carter Davidson, president of Union College, told the annual meeting of the College-Federal Agency Council of the Second U.S. Civil Service Region. The meeting was held here at the Manger-DeWitt Clinton Hotel.

"In America today," Dr. Davidson said, "young men and women who think of public service as a career are deterred by fear of being held up to ridicule." He cited much current literature which tends to discourage idealistic college students from seeking Federal positions.

The speaker found that, subsequent to World War II, the prestige of Federal employment declined steadily while careers in science and industry took precedence in the minds of students and the public. The Government must make a dynamic appeal, he said, to tell the college student

that there is work to be done, that this is work of high quality and real need which is going to take the best the individual has to offer. They must be told that there is a thrill and glamor to be found in government service and that the persons who participate will grow in the process of accomplishment.

Dr. Davidson also called for a reorientation of curriculums which are oriented toward events and history of Europe. There should be more concern, he noted, for a world-wide perspective to encompass Asia, Australia and South America.

President Davidson suggested that colleges should include on the faculty men and women who can bring a first-hand knowledge of Government operations. In turn, he felt that Federal agencies should make available staff appointments for college faculty members to occupy during the summer and periods of sabbatical leave. This would enable them to return to the campus with a more complete understanding of Government operations and problems.

The College-Federal Agency Council is dedicated to furthering an exchange of views between Federal agencies and the colleges which must provide Government leaders of the future.

The Council administers the new Federal Intern program made possible by a \$270,000 grant from the Ford Foundation, which will provide scholarships for students in New York and New Jersey colleges, enabling them to participate in special study programs involving work in Federal agencies.

One of the anticipated benefits of this program is a closer integration of the college political science and public administration curriculum with actual Government operations.

Letter Carriers Plan Wage Campaign

The National Association of Letter Carriers, usually in the forefront of Federal worker pay-raise drives, is already mapping strategy for a wage campaign with six weeks left before Congress reconvenes.

Five major actions by the Association's 21-man executive council included:

1. Endorsement of the Foley bill to provide a \$650 pay raise for postal employees and make permanent the 2.5 percent temporary portion of the 1958 raise.
2. Requested a Presidential order to give rural carriers an equipment maintenance allowance increase of one cent to compensate for the one-cent increase in the Federal gasoline tax.
3. To compensate for the new tax and other maintenance cost increase, agreed to seek legislation for a two-cent allowance increase.
4. Instructed NALC field directors to seek state legislation exempting rural carriers from state gas taxes.
5. Urged revision of the Postal Job Classification Act to advance carrier from Level 4 to 5 and eliminate the first two within-grade steps of each level.

Suffolk County Offers Lesson on Merit System

OVER 1,000 civil service employees in Suffolk County are faced with the loss of their jobs as the result of a change of administration in that County. Most are workers who took positions as provisionals after Jan. 1, 1955.

As provisional employees, these people can be removed from their jobs at the will of the new administration. Had they been under the protection of the civil service Merit System the turn in political climate would have made no difference.

Undoubtedly, some of the employees who are bound to be dismissed are good workers who have been doing a good job. Also, there will be some strictly political appointees removed. Both will be pushed out through political patronage as the result of the change in Suffolk politics.

It is unfortunate that some of these employees have felt they could get along without the Merit System. Some of them were content to ride along, never taking an examination for their position and thus encouraging the very situation that now threatens their livelihood.

Suffolk County employees in the competitive class are immune from the weather vane shifts of politics. A sad lesson looms for those who made no attempt to further this system. Let it also be a lesson to others.

Isn't It A "Shame?"

IT IS A "shame" that there should be some corruption in New York City government, of course, but it is also a shame that it should be magnified by some supposedly honest and impartial observers until it loses all proportion.

It is a shame that all the smooth efficiency generally typifying City service should be completely ignored by these observers; that the more than occasional spectacular heroes of those in City service should get brief and casual notice and be forgotten.

It is also a shame that those who have been crying "shame" so loudly and so long should be given so much credence by the citizens whom City government serves. But it makes us kind of glad to finally see some of the "shamers" stewed in their own juice by none other than a department of City government.

Christenberry Launches "Mail Early" Campaign

New York City Postmaster Robert K. Christenberry has released a public statement urging New Yorkers to "Mail Early."

For distant destinations, he said, mail should be posted by Dec. 10 to assure delivery by Christmas. For local delivery, he said, mail before Dec. 16.

Mr. Christenberry's mail early campaign also stresses the "ABC's of Good Mailing," three rules that, if followed, should insure prompt delivery of all Christmas parcels and greeting cards before the holiday, according to the Postmaster. They are:

- Include postal delivery zone numbers in mailing addresses.
- Include your return address on all letters and packages.
- Make sure that each delivery address is correct, complete and easily readable.

Municipal Personnel Society to Meet

The Municipal Personnel Society will hear H. Elliot Kaplan, president of the New York State Civil Service Commission, as guest speaker at the Society's meeting in Room 411 of New York University's Loeb Student Center, 10 Washington Square South, Manhattan, on Wednesday, Dec. 2, from 6:30 to 8 P.M.

Mr. Kaplan will speak on "The Place of the Central Personnel Agency in the Governmental Complex."

Immediately following the meeting, the Society has been invited to a reception by the faculty of the N.Y.U. Graduate School of Public Administration and Social Service. The reception will be held in the Law Club Lounge of Vanderbilt Hall, Washington Square South and MacDougall Street.

Law Cases

Sidney M. Stern, counsel, submitted to the New York City Civil Service Commission the following report on law cases:

JUDICIAL DECISION

Special Term

McElroy v Trojak (Westchester Co.) The Chief of police suspended petitioner for thirty days without pay pending a hearing on charges. Formal charges were preferred about two weeks after the suspension. Petitioner contends that it was premature to suspend him until such time as formal charges had actually been preferred against him. The court rejected the contention pointing out that the provisions of the Village Law gives the chief of police the power to suspend a police officer without pay, pending investigation of charges and that the serving of written charges need not be a condition precedent to such suspension. In the court's view the power to temporarily and summarily suspend police officers in the case of misconduct or incompetency is indispensable.

Kearney v Kross, The dismissal of petitioner, a correction officer, at the end of his probationary term was held not to be arbitrary where his record disclosed a conviction for disorderly conduct and conviction while in the navy of five separate military offenses. (NYLJ 10.7.59)

Moriarty v Kennedy, An application to compel the police commissioner to establish payroll deductions from the salaries of members of the Patrolmen's Benevolent Association was granted on the ground that no exception was granted the police department in the resolutions of the board of estimate which made provision for such deductions from salaries of city employees.

Sonderlick v Schechter, An application to reargue on an order dismissing this proceeding for lack of prosecution was denied. The petitioners had sought a review of his answers to certain questions on an examination for promotion to assessor.

Gallagher v Davies, A motion to punish the commission for contempt for failure to comply with a court order was denied when it was shown that the order was fully complied with and that the commission had performed its duties as prescribed by law. (NYLJ 10.8.59)

Proceedings Instituted

McGowan v Wagner; Levy v Schechter, Both cases involve persons in the Attorney Occupational Group in Law Department who seek higher reclassification.

Murphy v Schechter, Petitioner seeks to annul his medical disqualification for patrolman (P.D.).

Murphy v Schechter, Petitioner seeks reclassification to a higher title.

Welts v Schechter, Bleich v Schechter, Radlein v Felix.

These proceedings all involve employees who seek reclassification to a higher title.

CIVIL SERVICE NOTES FROM ALL OVER

FEDERAL EMPLOYEES in Hawaii got a holiday last Friday as well as last Thursday. President Eisenhower issued an order giving them the extra day to celebrate the admission of Hawaii into the Union.

The President's advisers recommended against the order. They argued that the agencies could act themselves to excuse their employees if they wished. But Mr. Eisenhower read the file, including a letter from Sen. Hiram L. Fong (Rep., Hawaii), and made the decision.

THE U.S. TREASURY estimates that steps taken to improve its management saved Uncle Sam \$7.8 million this year and \$92.3 million over the past 10 years. The Department has 15,000 fewer employees and more work than it had 10 years ago, too.

U.S. CIVIL SERVICE employees everywhere lost a staunch supporter and the Nation lost one of its most colorful lawmakers with the recent death in Washington of Sen. William Langer, (Rep., N.D.)

SENATE MAJORITY Leader Lyndon Johnson (Dem., Tex.) has rapped the Federal Government for failing to be a "model employer" and has called for an end of efforts "to harass and worry and cause anxiety" among Government workers.

Senator Johnson praised the job done by Federal workers and said the incentives of government employment must be increased.

JAMES CAMPBELL, president of the AFGE, has asked President Eisenhower to release Federal employees from duty Dec. 24 "because of the special significance of Christmas."

Questions Answered On Social Security

I have been receiving disability payments for over a year. My neighbor told me that my wife and child should also be receiving benefits. Why aren't they getting their payments?

An application must be filed with the Social Security Administration before any benefits can be paid. Benefits for dependents were first payable for September, 1958. You will receive payments for all months back to November, 1958 if applications for your wife and children are filed before the end of this November.

My salary is \$3,000 a year. Next May I will be 72 years old. A friend told me that I could receive social security benefits for all months next year regardless of my earnings. Is this true?

No. You can receive benefits beginning May, 1960 when you become 72, but not for the months before. Of course, you must file an application at your social security office to become entitled to these benefits.

How early should I come in to inquire about my social security benefits?

We suggest you contact your social security office at any time within the three months before you retire. They can advise you about the amount of your benefits and the retirement provisions of the law so you can make your plans for retirement.

CIVILIAN EMPLOYEES of the Federal Government sustained 40,216 disabling work injuries during the calendar year 1958, according to official reports received by the Department of Labor's Bureau of Employees' Compensation.

In addition to these casualties, there were 55,635 injuries reported requiring medical care only. Although chargeable days lost decreased seven percent, from 2.7 million in 1957 to 2.5 million in 1958, the total dollar loss incurred increased from \$27.5 million to \$28 million.

Appreciably fewer fatalities were recorded during 1958, with 149 work-connected deaths, a reduction of 11 from the previous year.

SACRAMENTO, CALIF. — Federal employees should start now on a campaign to secure a pay raise through Congressional legislation in 1960. Rep. John Moss (Dem., Calif.) told a gathering of Government workers at a testimonial dinner here recently.

WASHINGTON, D. C. — The Post Office Department and the Civil Service Commission are proposing to establish a new "Postal Conditional" type of appointment to replace the "Temporary Indefinite Substitute."

The plan is supposed to provide incentive for new employees entering the Postal Field Service in search of a career full-time job; provide an easy way to part-time work for such temporary help as college students, etc., who only wish to work part time while going to school, and to provide a fair and orderly method of conversion for present employees who do wish to acquire permanent status.

Is it still necessary to have social security credit for one and one-half years of work in the three years before I became disabled to be eligible for disability benefits?

No. If you are unable to do any substantial gainful work and have worked under social security for at least five out of ten years before you became disabled, you may be eligible for disability insurance benefits.

I will become 66 and retire near the end of this year, would I be wise to delay filing until after the end of the year?

Even in cases like yours we urge people to check with their social security office before retirement. It may be to your advantage to file your application before the end of this year.

My father is now 65 and wishes to come in to the district office to file his application for benefits. What will he need to bring with him?

His social security card; a record of his earnings for last year — W-2 form, or, if self-employed, a copy of his last year's tax return — 1040; Schedules C or F, and proof of tax being paid; an estimate of what he has earned this year to date; and proof of his age. If his wife is 62 she should come in with him, bringing her social security card, if she has one and proof of her age.

Better Realty Expands

The well known Real Estate firm of Better Realty is once more adding an additional office to their large and ever growing organization.

Their new office is located in Roosevelt, Long Island at 277 Nassau Road, conveniently off Babylon Turnpike and easy to reach.

The firm of Better Realty has for years been catering to a vast, satisfied clientele, with the main office at 159-12 Hillside Avenue, Jamaica, with branches at 17 South Franklin Street in Hempstead and Roosevelt.

To serve you better and to be right on the spot, the Roosevelt office is now open for business with experienced courteous and efficient salesmen to help you secure the type home you are looking for.

Please feel free to call MAYfair 8-3800-1 at Roosevelt and ask to make an appointment to see the many houses they have listed for sale. Office is open all week and on Sundays.

City Bids \$3,500 to Start for Exterminators

Many openings for good jobs as exterminator will be filled in the next months through an open competitive New York City civil service examination. Those who qualify and pass the test will line up for appointments starting at \$3,500 and increasing to \$4,580 a year. Many of the jobs are with the Housing Authority.

Official announcements may be obtained beginning Dec. 3, this Thursday, from the Application Section, City Department of Personnel, 96 Duane St., New York 7, N.Y., either in person or by mail. Filings close Dec. 23, with testing scheduled for March 12.

Requirements are either a certificate of completion of an appropriate course of training conducted by the Department of Health or an exterminator permit issued by that department.

Exterminators in City employ inspect infested areas, use ro-

denticides, insecticides, baits and traps. They also make reports on their exterminating operations.

The test will be objective—multiple-choice—and will include questions on pest control agents, general entomology, pest identification and terminology, rodent and insect control practices and pertinent arithmetic problems.

MACHINIST JOBS OPEN IN WASHINGTON

The U.S. Naval Weapons Plant at Washington, D.C., has openings for machinists at \$20.16 to \$21.76 a day. Completion of a four-year apprenticeship or equivalent experience is required.

Send application form 57 to the Board of U.S. Civil Service Examiners, U.S. Naval Weapons Plant, Washington, D.C. See "Where to Apply for Public Jobs" column in this week's Leader for further filing information.

Re: Your H.I.P. Specialists

They Are Trained To Meet Each Medical Need

More than half of all H.I.P. physician services are given by specialists. This didn't just happen.

H.I.P. was created to bring modern medical care—of high quality—within reach of the employed New Yorker and his family. This meant that provisions had to be made for the many types of specialist care—still a serious lack in other medical insurance programs. It also meant there must be no cost barrier between the patient and the specialist care he may need.

Medical group practice protects you by making available to you in one team of doctors all the basic skills and advances of modern medicine. When your H.I.P. family doctor refers you to a specialist he knows and you know that your health problems have been entrusted to a physician trained and qualified in a particular branch of medical science.

Today no doctor can be expert in every field of medicine. In H.I.P. there is no incentive for a doctor to continue to treat you beyond the limits of his training or experience. Mothers are delivered by qualified obstetricians, surgery is performed by qualified surgeons, X-rays are read by qualified radiologists, laboratory tests are interpreted by qualified pathologists and so on.

All these services are available without extra charge—regardless of how many times the specialists must be seen in the office or in a hospital.

CITATION — THE PEOPLE OF THE STATE OF NEW YORK By the Grace of God Free and Independent To: Etta L. Taggart, as Executrix of the Will of Bessie Hopkins, deceased, Isabel Green Zantinger, Deveraux Green Hill, Jean Cobb Norris, Lula Caslear Fetzer, Helen Caslear Lofgren, Margaret Caslear Royston, William Bainbridge Caslear, Isabel Caslear Lutz, George Washington Caslear, Emma Caslear Best, Captain Caslear Middleton, Patricia Anne Cobb Schoen, being the persons interested as creditors, distributees, or otherwise, in the Trust created for the benefit of Bessie Hopkins (now deceased) under Article Tenth of the Will of George F. Caslear, deceased, who at the time of his death, was a resident of Monte Carlo, Monaco, SEND GREETING:

Upon the petition of FIRST NATIONAL CITY TRUST COMPANY (formerly City Bank Farmers Trust Company), whose principal place of business is No. 22 William Street, New York City.

You, and each of you are hereby cited to show cause before the Surrogate's Court of New York County, held at the Hall of Records, in the County of New York, on the 8th day of December, 1959, at half past ten o'clock in the forenoon of that day, why the fourth and final account of proceedings of the said First National City Trust Company, as sole surviving Trustee of the Trust created for the benefit of Bessie Hopkins (now deceased) under Article Tenth of the Will of the said George F. Caslear, deceased, should not be judicially settled, and why the petitioner should not have such other and further relief as to the Court may seem just and proper.

IN TESTIMONY WHEREOF, we have caused the seal of the Surrogate's Court of the said County of New York to be hereunto affixed.

WITNESS, HONORABLE S. SAMUEL DI FALCO, a Surrogate of our said County, at the County of New York, the 22nd day of October, in the year of our Lord one thousand nine hundred and fifty-nine.

Where to Apply For Public Jobs

The following directions tell where to apply for public jobs and how to reach destinations in New York City on the transit system.

NEW YORK CITY—The applications Section of the New York City Department of Personnel is located at 96 Duane St., New York 7, N.Y. (Manhattan). It is two blocks north of City Hall, just west of Broadway, across from The Leader office.

Hours are 9 A.M. to 4 P.M., closed Saturdays except to answer inquiries from 9 to 12 A.M. Telephone COrtland 7-8880.

Mailed requests for application blanks must include a stamped, self-addressed business-size envelope. Mailed application forms must be sent to the Personnel Department, including the specified filing fee in the form of a check or money-order, at least five days before the closing date for filing of applications. This is to allow time for handling and for the Department to contact the applicant in case his application is incomplete.

The Applications Section of the Personnel Department is near the Chambers Street stop of the main subway lines that go through the area. These are the IRT 7th Avenue Line and the IND 6th Avenue Line. The IRT Lexington Avenue Line stop to use is the Brooklyn Bridge stop and the BMT Brighton Local's stop is City Hall. All these are but a few blocks from the Personnel Department.

STATE — First floor at 270 Broadway, New York 7, N.Y., corner of Chambers St., telephone BArcley 7-1616; State Office Building, State Campus, Albany, Room 212; Room 400 at 155 West Main St., Rochester; hours at these offices are 8:30 A.M. to 5 P.M., closed Saturdays.

Wednesdays only, from 9 to 5, 221 Washington St., Binghamton. Any of these addresses may be used in applying for county jobs or for jobs with the State. The

A.E.C. NEEDS EXPERIENCED PHYSICISTS; PAY TO \$9,530

The U.S. Atomic Energy Commission has announced an exam for solid-state physicists, for jobs paying \$7,510 to \$9,530, depending on experience and training. Education and experience in classical and solid-state physics are required. Contact Personnel officer, U.S.A.E.C., N.Y.O.O., 376 Hudson St., New York 14, N.Y.

State's New York City office is a block south on Broadway from the City Personnel Department's Broadway entrance, so the same transportation instructions apply. Mailed applications need not include return envelopes.

Applications for State jobs may also be made, in person or by representative only, to local offices of the State Employment Service.

U.S. — Second U.S. Civil Service Region Office, 641 Washington St. (at Christopher St.), New York 14, N.Y. This is in the south-west corner of Greenwich Village, just above Houston St. The nearest subway stop is the Houston St. stop on the IRT 7th Avenue Local.

Hours are 8:30 A.M. to 5 P.M., Monday through Friday. Telephone WAtkins 4-1000.

Applications are also obtainable at main post offices, except the New York Post Office. Boards of examiners at the particular installations offering the tests also may be applied to for further information and application forms. No return envelopes are required with mailed requests for application forms.

Census Jobs—15,000 in State & 7,000 in City—Will Pay to \$135 a Week

The 1960 census will provide some 7,000 jobs in New York City and 15,000 in the rest of the State. The jobs will pay from \$13 a day to \$135 a week, and will be open for applying some time in February.

The jobs are given on a political preference basis and since there is a Republican Administration, Republicans will have first choice. It is certain though, that because of the great number of jobs, most will be given on a non-partisan basis.

There will be eleven census bureau offices in New York City, each with a supervisor, an assistant supervisor, and ten clerical workers. There will be eighteen more offices throughout the State, for a total of 29, the largest number for any single state.

The supervisors will be employed for about four and one-half months, beginning in January. Their pay will range from \$115 to \$135 a week, depending on the size of the office they direct.

Candidates for the supervisory jobs must be referred by a Republican congressman, and will be required to take an examination before appointment. Crew leaders will receive \$79 a

week, and will work for about six or seven weeks.

The house-to-house enumerators, who make up the bulk of the census employees, will earn approximately \$13 a day, and will be employed for two to three weeks.

All census help will probably be required to take a test before appointment.

Beginning Office Worker Test for State Clerical Job is Set for Jan. Filing

Early January is the opening date set for filings for the State's biggest clerical examination of the year—beginning office worker. No minimum education or experience requirements will be set and applicants may be between the ages of 18 and 70.

The register resulting from the test will fill posts as clerk, file clerk, and account and statistics clerk. The written test is scheduled for March. Filings will probably close in mid-February.

Those on eligible lists established from the test last September need not file again unless they do not expect to be reached for appointment by next September, the expiration date for the old lists and establishment date for the new ones.

Engr. Students Can Study Work and Earn

Work-study internships for college students in aeronautical engineering, aeronautical power plant engineering, electronics and mathematics are now open for filing of applications on a continuous basis.

Clerks and file clerks start at \$2,720 and increase to \$3,450 a year through five years. Account and statistic clerk salaries range from \$2,850 to \$3,610.

U.S. Revenue Trainees Get \$4,040 & Up

Applications are now being accepted for the \$4,040 to \$4,980 a year job as internal revenue agent trainee.

The program consists of an integration of academic study with practical work experience and on-the-job training over a period of five years. Attendance in college is alternated with periods of employment.

Senior Reporter Is Retiring

After 50 years of government service, Joseph Neitlich will lay aside his court reporting pen and retire as chief court reporter of the Supreme Court, first department.

To obtain appointment, students must enroll in a cooperative curriculum in a recognized college or university. It is suggested that those interested apply to more than one school, and apply as early as possible, since many schools receive more applications than can be accepted.

Nine New City Lists: First Since Nov. 17

Nine new City eligible lists will be established effective Wednesday, Dec. 2, including a 220-name open competitive roster for public health assistant.

Filings for City's Big December Exam Series Open This Thursday

Eight open competitive and seventeen promotion examinations are on the New York City Personnel Department's December examination list which opens for filing of applications on Thursday of this week, Dec. 3.

Further information and application blanks will be available when filings open from the New York State Civil Service Commission, 270 Broadway, New York 7, N.Y., or State Office Building, Albany 1, N.Y.

The other eight lists, all promotional, include five for storekeeper City College, 1 eligible; Hospitals, 10; Correction, 2; Welfare, 2; and Purchase, 8.

Supervisor of mechanical installations, \$6,400 to \$8,200.

The rest are: foreman of mechanics, Parks, 15 names; resident buildings superintendent, Housing Auth., 11, and landscape architect, also Housing, 1.

Promotion
Administrative assistant (city court), \$5,450 to \$6,890.
Assistant court clerk, \$4,550 to \$5,990.

The official lists may be inspected at The Leader office, 97 Duane St., two blocks north of City Hall, just west of Broadway, from Wednesday, Dec. 2, through Wednesday, Dec. 9.

BLUE CROSS NAMES NEW CHAIRMAN
Associated Hospital Service, New York's Blue Cross, has announced appointment of David W. Brumbaugh as its chairman and chief executive officer.

GRADUATE DEGREE HOLDERS GET \$7,490 WITH STATE

Those who have completed graduate study in social work and have at least a year of experience may apply for the New York State position as supervising medical social worker (No. 2159). Appointments will be made at \$7,490. See "Where to Apply for Public Jobs" in The Leader.

Although the biggest tests in the series are for police lieutenant, administrative assistant and park foreman—all promotionals—there are many good jobs to be had also through the open competitive tests.

Tops on the open competitive part of the test list are exterminator, library aide and engineering aide.

Below is a bare listing of the examination titles and the salary ranges for the jobs. Elsewhere in this week's Leader are articles on most of them, telling qualifications required and the duties of those appointed through the test.

Open Competitive
Assistant supervisor of recreation, \$4,850 to \$6,290.

Multitude of City and Federal Steno-Typist Jobs Open; Pay to \$75

There is a multitude of jobs in the New York City area for stenographers and typists, many paying over \$70 a week. The jobs are with the U.S. Government and the City of New York, in many agencies and locations.

Also open in the City are provisional jobs with the Board of Education, paying \$3,900, and offering sick leave and vacation privileges. Apply for these to the Personnel Division, Room 102, 110 Livingston St., Brooklyn.

For the City jobs, the Application Section of the Department of Personnel, 96 Duane St., Manhattan, has the information on \$3,900 to \$3,990 a year jobs, requiring a typing speed of 40 words a minute and dictation of 80 words a minute. Applications will be accepted until further notice.

Jobs in the lower pay grades have no formal requirements; the higher pay grade jobs in both titles require at least one year of experience. Applicants for full-time jobs must be over 17 years of age, and those applying for temporary job must be at least 16.

Apply to the Second U.S. Civil Service Region, Federal Building, Christopher St., New York 14, N. Y., and mention Supplement No. 2-10(1959) to Announcement 215.

Also with the Federal Government, on Supplement No. 2-6-3 (1959), to No. 215, are jobs in the same pay grades in Port Washington, Long Island.

The requirements are the same as those of the other U.S. jobs, but applicants living in Nassau and Queens Counties will be given preference for appointment. To apply, contact the Executive Secretary, Board of U.S. Civil Service Examiners, U.S. Naval Training Device Center, Sands Point, Port Washington, N. Y.

NO PERSONNEL INCREASE PLANNED IN COURT BILL
ALBANY, Nov. 30—Senate Finance Chairman Austin Erwin says there will be no increase in court or other governmental personnel under legislation he is sponsoring to overhaul the state's civil court practices.

The bills were pre-filed here last week for study at the 1960 legislation session. No attempt will be made at the coming session, Mr. Erwin said, to pass the measures.

Apply under supplement No. 2-46-91(1959), to No. 215, for jobs at Mitchel Air Force Base, paying the same as the above jobs. Requirements are also the same. Obtain forms from the Executive Secretary, Board of U.S. Civil Service Examiners, Mitchel Air Force Base, N. Y.

There is also a job open at \$3,495 a year, with the U.S. Army, in Manhattan. Required are a four-year commercial high school course, or a business school course, and the ability to take dictation at 80 words a minute. For further information on this job, call SP 7-4300, Ext. 350.

ACTIVITIES OF EMPLOYEES THROUGHOUT NEW YORK STATE

Syracuse

Robert E. Johnson, formerly with the Commission Against Discrimination in New York City, is now Field Representative for that Commission in the Syracuse area.

Mrs. Laura West, who was secretary to the Workmen's Compensation Board district administrator, was honored at a dinner at the Yates Hotel recently.

Dr. J. W. Harris, medical examining physician for WCB, is convalescing following a leg fracture sustained in a fall.

Robert Osso, who sustained multiple fractures of his leg in a fall last August, now comes to work complete with crutches and cast.

Public Works - Dist. 2

The Public Works-Dist. 2 Chapter of the Civil Service Employees Association extend its sympathy to the family and relatives of the late Forest S. Hill, who passed away Sept. 28.

Thomas J. McManus, assistant motor equipment maintenance supervisor, was honored at a testimonial dinner held at Twin Ponds, Utica, on November 22.

Former junior engineer Burt Martin passed away on Nov. 14 after a long illness.

Edwin Dickens just returned home from St. Elizabeth's Hospital. Best wishes for a speedy recovery.

Robert A. Dennison, Sr., recently left for Albany to take up his new duties as associate civil engineer in District 1.

Albany Tax

At the regular monthly meeting of the Albany Tax and Finance Chapter of the Civil Service Employees Association, on Nov. 20, President Salvatore Filippone announced that the Chapter had won for the second year in succession the annual C.S.E.A. membership award.

In a special election for a chapter delegate, George Willis was elected to complete the unexpired term of Bernard Schmahel who recently resigned in order to serve as department delegate to the parent association.

The C.S.E.A. committee included Dot Tracy, Kay Connick, Dick Sullivan, Jack Papagni, Colie Mazzarella, Charlie Smith and Foster Beach.

The casualty list has grown shorter, except for the usual run of colds, coughs, virus, etc. Everyone is back on the job but Rose Gagliano and Eleanor Barker. Con-

the Salvation Army, would be on public display on Dec. 4, in Hearing Room 1, from 9:00 A.M. to 4:00 P.M.

Creedmoor

The next regular meeting of the Creedmoor Chapter, Civil Service Employees Association, will be held in the social room December 22.

The chapter wishes a speedy recovery to the following employees who are at present in the sick bay: Clara Williams, Ellen Jurick, Vivian Wilson, Raymond Adams, Eugene McFadden, John Hermann and Alfred Bierman.

Elizabeth Burbury, supervisor of building R, is now a grandma. Her daughter, Eileen, just had a brand new baby girl.

The new fundamentals of supervision class is well under way. Mr. Arthur Heidenrich, director of the class has the following pupils under his tutelage: Dominic Ambrosio, recreation dept.; Harry Clayman, Building N; Grace Carpenter, Building R; Frank DiBona, Building O; Elizabeth Eckardt, administration building; Rosalie Essell, administration building; Diana Harris, building 38; Van Hart, Building S; Joanne Imm, O.T. department; Paul Maggio, male reception; David Powers, Building P; Marjorie Reeves, building 38; Muriel Strong, building O; Catherine Turner, Building M; Grace Walsh, administration building and Eloise Worthman, Building L.

The dining room staff in building R and S cafeteria are doing a swell job. These people are to be commended for doing a tough job in a splendid way.

Public Works - Dist. 4

The annual retirement party was held on November 10. The place was The Barnard Exempt Club, Maiden Lane. It was indeed pleasant to see all our gals and men, gathered together to honor their co-workers.

Peter Varlan started the ball rolling with his introduction of Foster Beach. Mr. Beach delivered a message from our district engineer, B.P. Perry, who was unable to be with us.

Mr. Donnelly, whose chief hobby is golfing, can turn a good phrase himself and was not at a loss for words. With an appropriate sketch about each of the retirees, he presented them with gifts.

The committees who worked so hard should be warmly congratulated for such a good job. The Highway Engineers committee included Bud Saunders, Fred Grover, Pete Varlan, Ed Kelly and Spencer Harvey.

The C.S.E.A. committee included Dot Tracy, Kay Connick, Dick Sullivan, Jack Papagni, Colie Mazzarella, Charlie Smith and Foster Beach.

The casualty list has grown shorter, except for the usual run of colds, coughs, virus, etc. Everyone is back on the job but Rose Gagliano and Eleanor Barker. Con-

gratulations, Eleanor, on your new son. Recent news is that Dominick Damico, of the Materials Department, suffered a heart attack.

The art of tunneling dates from antiquity and here in District 4 with the building of a drainage tunnel in connection with the inner loop, history is in the making in highway construction.

Going underground is a unique experience and not common-place with us as it is in many other areas.

This project had aroused so much interest that our district engineer, Bernard P. Perry, donned old clothes and spent many hours exploring the different aspects of the job and finding out for himself just how the many problems that are encountered in jobs like this are solved.

Albany Employment

About 40 members of the Division Of Employment Chapter met at the Towpath Inn at Menands, November 18, where a tasty and plentiful dinner was served.

Mr. Kerker's speech was particularly vital and instructive.

He stressed the importance of the forthcoming public relations campaign which is destined to place before the public at long last many little-known facts about the Public Servant who numbers one out of every seven persons employed, who pays taxes like everyone else, and whose importance in this complex civilization is second to no other employee.

The importance of individual responsibility was stressed to bring out the fact that the vital services needed and demanded by the public must be promptly and efficiently supplied to offset the adverse thinking on the part of the common man that public employees are lazy grafters depending upon political protection for their jobs.

Public relations begin at home and all the campaigns that may be devised will be of little avail if careless and discourteous service is experienced by those who come in contact with us.

It would seem that if the public is brought to realize the fine but frequently exhaustingly technical work that is being done by the typical civil servant, there can be little criticism of him if he seeks the same standard of living as the people he serves.

Congratulations were given to our past president, John Wolf, on his successful candidacy for Labor Department representative. President Dorothy Honeywell announced the appointment of Rose Dulgarian as representative, and Helen Buckley as social representative.

Retirees to Seek Greater Benefits

A group of retired State, county and municipal employees of Syracuse met November 17 to lay plans for a permanent organization of retired civil service employees, first locally, and eventually on a State-wide basis.

The group feels that many retired employees are not being given fair pensions, and intends to help them themselves through organization. William J. Bauman was elected chairman of a provisional organization committee.

QUESTIONS on civil service and Social Security answered. Address Editor, The Leader, 97 Duane St., New York 7, N. Y.

children in various orphanages and homes.

Our president spoke of the decision of the Capitol District Conference to hold their seminar on public relations on a Saturday to offset any criticism of State employees using working hours for such gatherings.

Buffalo

The November meeting of the Buffalo Chapter was held at Jimmie Smith's Restaurant on November 18.

The saddest news the Buffalo Chapter has had in some time was the passing of Mary McBride, who was our recording secretary.

in the Chapter for some time. She will be sadly missed by all. Elinor Dowd presented her resignation as treasurer and will complete the term of recording secretary left vacant by Miss McBride's death.

It was discussed that an addressing system will be put into use in order to notify each member of the Chapter's meetings.

As we informed you recently, the Buffalo Chapter will hold its annual Christmas party on December 12 at the 40 & 8 Club, on Delaware Avenue.

First and second vice presidents Mary Gormley and Mary Cannell attended a dinner meeting of the Roswell Park Chapter where Mary Gormley won her Thanksgiving dinner (a 13 pound turkey).
