JUNIOR NEWS

ROOM 233 LEADS IN HOME ROOM CHARTS

The homeroom charts were not so good as they should have been this last semester. Almost all the homerooms have dropped in their averages, which shows they have let down in their work. There were many more flunks this month. Last month, there were 49, while this month there were 119. Also, this month more people were sent out of classes. Thirty people were sent out of class this month as compared to nineteen last month.

Miss Wheeling's homeroom, 233, scored above all other homerooms, having an average of nineteen. The other averages were:

	Scholastic	Average
Miss Wheeling	19	73
Miss Moore	16	81.3
Miss Bills	16.8	71.4
Miss Martin	15.9	66.6
Mr. Raymond	17.6	62.6
Miss Halter	15.5	75.7
Miss Smith	15	71.8
Miss Anderson	12	59.3
Mr. Hollister	15	57.

SCIENCE AND SOCIAL SCIENCE WORK WITH ART IN EXHIBIT

The work of the shop classes of the seventh and eighth grades will be on exhibit also. The boys in the printing department have been printing the programs for this evening. They have also printed the programs for the Round Table Conference, according to Mr. Raymond, instructor in Industrial Arts.

Murals will be posted in room 336 for the exhibit this evening, according to Miss Martin, instructor in arts. She also announced that the murals were made for the seventh and eighth grade Social Science classes.

The 8A Social Science class is going to present one of its regular classes at the Round Table Conference. Miss Halter, supervisor of Social Science, will teach this class. The tenth grade Social Science class will put out a paper to give to the visitors.

There will be a collection of minerals on display and some microscopic demonstrations, according to Mr. Moose, instructor in Science. There will also be some demonstrations in the Physics room, he added. The display will be in rooms 320, 321, 326, and 328.

HONOR ROLL ANNOUNCED

The scholastic average in the honor roll has decreased a great deal this month, compared to other months. This month, there are eight people on the honor roll as compared to thirteen last month. The marks have decreased for everybody and more people have failed subjects than usual. Vivian Snyder received the highest average again this month, with 95. The honor roll consists of:

7th grade - Wilson Hume
8th grade - Edmond Haskins
Helen Sweetser
William Hotaling
9th grade - Ruth Mann
Robert Mapes
Vivian Snyder
John Winnie

DISPLAYS FOR THE EXHIBIT ATTRACTS INTEREST

The Junior High School mathematics classes will have their exhibit in room 124, according to Miss Bills, supervisor. The ninth grade classes will have their exhibit in Geometry and Algebra, and the eighth grade classes are going to display their work in stocks and bonds. The seventh grades are going to present a booklet on the budget and other mathematical papers done during the year.

Miss Moore's classes have also been doing many interesting things for the exhibit. The seventh and ninth grades will display their work on posters, booklets and many papers done especially for the exhibit. The eighth grades are going to have most of their work on the newspaper with some stories and well written papers in the exhibit. The English work for the Junior High School will be shown in room 135.

Miss Anderson revealed today that the commerce display will be shown in rooms 230 and 235. It will be on the budget in the typewriting class; and in the bookkeeping class, there will be the contract method. There will also be a number of letters and articles written in Gregg shorthand. In Business English and business training, there will be a display of project work.

MILNE HIGH EXHIBIT

Tonight, the Milne High will give an exhibit. This will include projects of all subjects taken in Milne. They are set up in the classrooms and the whole school from the cellar to the top floor is open to visitors. All parents are urged to come so that they may see what their children are doing. Every parent should have an interest in his or her child's school work and this is an excellent chance to see it. There will be many things of interest to parents and also friends. Model buildings, shop and art work, and Social Science projects will be exhibited. There will also be a speaker who will talk on an interesting subject, "The Relations of the parent and the School". It will be an interesting program, and we hope that everyone will come.

NOISE IN THE LIBRARY

We don't realize how much noise there is in the school library. There is much more after school than during school hours. People do not realize that when everybody is talking, it makes a great deal of noise for the librarians, and for those who want to study.

After all, why do we go in the library? Most people come in to work, but some go in just to get together and talk, and we can't possibly do our work so well with everybody talking. There are other places besides the library where this conversation can go on.

(continued in next column)

It would be much quieter if people would talk, if they have to talk, to people only at their own desks and in library tones. People often insist on calling across the room or to the next table and this distracts some people from their work.

The only way this noise can be overcome is by everybody cooperating, and in this way, we can get more work done in the library and we would have less to do at home.

QUESTION BOX

Question: Should we have banking in Milne Junior High School?

Betty Schultz: Yes, because it is a good place to keep your money for future use, in case we wish to go to college.

James Griffin: Yes, because it helps you to save your money.

Betty Ruddemann: Yes, because it teaches us how to save our money.

Erastus Davis: No, because we need our money for things at home in such a time as this.

Anna Swain: Yes, because we often spend money foolishly that we would perhaps save if we had banking.

Isabel Buchaca: Yes, as it would be a good way to save money if we had any extra.

WALKING

Some people amble down the hill;
 Others run and almost fall.
 Maybe some go limping past,
 But most of them go very fast.
 Some who pass have a heavy load,
 And look as if they should be towed;
 I think the better way to go,
 Is not too fast and not too slow.

Edmund Haskins
 English 8.

STUDENT COUNCIL NEWS

At its last meeting, the Student Council discussed what the Junior High School wanted to include in a new guide book for incoming students. The school has had such a guide book in former years, but not very recently. The Council is also planning a luncheon.

The date of the Junior High School party has been changed to April 28, Barbara Birchenough, President of the Council, announced.

HOMEROOM NEWS

Homeroom 127 is going to present a ten minute play in the next assembly, Lowell Gypson, chairman of the committee, announced. Those who will take part are Mr. Patterson, Martha Gordon, Virginia Kelsey and James Grover.

Homeroom 123 will present a skit in assembly called "Brother Can You Spare a Dime?" The whole room will participate in it. The characters are as follows:

Red Caps-Betty Ross, Barbara Knox
 Information Man-Roger Orton
 Cigar Counter-Virginia Cooper
 Train Caller-Foster Sipperly
 Newspaper Man-Jack Beagle
 Al Smith-Arthur Smith
 Old Woman-Lillian Walk
 Herbert Hoover-Seldon Knudson
 The Matron-Anna Swain
 Politicians' Wives-Phelma Seagell,
 Helen Tyndall
 The Lost Child-Helen Sweetser
 Movie Stars-Betty Potter, Betty
 Reudemann
 Traveling Man-Herbert Smith
 Ticket Office-Margaret Simon
 Absent Minded Professor-Tom Parren
 Musician-Jane Weir
 School Teacher-Verna Perkins

Homeroom 121 is presenting an interesting entertainment today. There will be singing and dancing, William Hotelling, president of the class, said. This program was postponed from last Friday.

Last week, homeroom 129 had a candy sale. They made \$1.90. The newspaper in that class will again be published.

Homeroom 230 is planning to give a play as their assembly program, April 27. Stanley Manton is chairman of the program.

Homeroom 224 has chosen an entertainment committee which will plan the programs for the coming month. The members of the committee are Jane Fanning, Ellen Huskins and Mildred Dooz as chairman.

Homeroom 124 had a candy sale last Tuesday for the purpose of raising money to frame the pictures bought by them earlier in the season. They want them framed for the exhibit.

233, Miss Whelling's homeroom, is going to give a Minstral Show. The date has not yet been decided upon.

Barnes: Mama, can I go out and play?
 Mama: What? With those holes in your socks?
 Barnes: No, with the kids across the street.

NEW CLUB ORGANIZED

A new sport has been organized for ninth graders. It is the Tennis club. Mr. Grover Hotelling, Albany County Tennis Champion and Social Science teacher in Milne High School, is the sponsor. The club is composed mostly of former basketball club members.

At the club meeting last Wednesday, officers were elected. They are:

President-Raymond Hotelling
 Vice-President-Doris Schultes
 Sec.-Treas.-Walter Bates

The following are members:
 Walter Bates, Jane Bulger, Marion Camp, Fred Carr, Catherine Hall, Raymond Hotelling, Peggy Kirchner, Stanley Manton, Douglas Mc Harg, Sam Munson, Doris Schultes and Harry Worrell.

The members will practice under the guidance of Mr. Hotelling on Monday and Tuesday afternoons, weather permitting.

CLUB NEWS

The Cosmetic club is planning to have a fashion show.

The Basketball club is not holding meetings temporarily, as the old gym is the only gym they can use in the club period, and it is now being painted. Some of the members have joined the Tennis club.

The boys in the Radio club have almost completed their crystal sets which they have been working on for the past few weeks.

The Dancing club had a party and invited the Tumbling club. They played games, danced, and had refreshments. This club has planned to buy a ten-cent record every other week.

INTERESTING CLASS PROJECTS

The Social Science Department has purchased two new bookcases, according to Miss Halter, supervisor of Social Science. They are in room 121 and 329. A librarian for each room will be elected and anyone who wishes to take out a book may do so.

In the mathematics department, one of the eighth grade classes is studying income taxes. A seventh grade class has started geometry.

Mr. Moose, supervisor in General Science, announced that every seventh grader should hand in his last semester note-book.
