CSEA Reviews Wide Range Of Mental Hygiene Aides' **Problems with Department**

range of problems effecting employees of the State's Mental Hygiene Department were discussed here last week in a meeting between Department and Civil Service Employees Association officials.

Representing the Department were Commissioner Paul H. Hoch, Drs. Arthur W. Pense and Richard V. Foster, assistant commissioners; Granvill Hills, personnel director, and Mrs. Muriel Gibbons, publicity agent.

William Rossiter, of Rochester State Hospital, who is CSEA Mental Hygiene representative, headed a special CSEA on Mental Hygiene Committee, assisted by John E. Graveline, John Cottle and Mrs. Nellie Davis. Also on Elects Officers the Association team were Joseph D. Lochner, CSEA executive director; Join J. Kelly, Jr., Association counsel, and F. Henry Galpin, CSEA salary research analyst.

Many Topics Covered

Following here is a summary of the many topics covered, taken from a letter on the subject to Commissioner Hoch from Association President John F. Powers. They are:

1. The State furnish uniforms required to be worn on duty or provide allowance for same, CSEA urged the Department of Mental Hygiene to make the necessary budget request. Dr. Hoch advised that he approves and will make such request.

2. CSEA urged prompt action to allow female ward employees to wear white uniforms and presented the various important reasons therefor. The Department advised that approval could not be given before the spring of 1960 because of various factors but final decision would tepend on Health Department Building on resurvey of employee opinion now underway.

It was suggested that CSEA might propose some distinguishable feature of the uniform health services, vice president; which would clearly identify At- John Burns, head account clerk, tendants from Nurses.

CSEA urged continued attention so that a final decision could be reached at the earliest date possible and promised to canvass its Mental Hygiene Chapters to

Counsel's Report On Session Begins

This week, The Leader publishes the first installment of the annual legislative report prepared by counsel to the Civil Service Employees Association. This report is a detailed analysis of the Association's 1959 legislative program and how it fared in the Legislature. It is suggested that readers save this report for future reference. Prepared by John J. Kelly, Jr., the report begins this week on Page 16.

icipation in the opinion poll and suggestions for distinguishable insignia.

3. CSEA urged application of the Attendant Rules to Student Nurses. The Department advised that Student Nurses under their present training hour arrangement, received as much time off as they would under the State Atendance Rules and that these Students must necessarily be under the jurisdiction of the rules of the State Education Department and the Nurses Train-

John F. Powers president of the Civil Service Employees Association congratulates Mr. Clark LeBoeuf, director of vital records, New York State Department of Health on his election to a two year term of office as president of the James E. Christian Memorial Health Department Chapter, C.S.E.A. The announcement was made at the Chapter's Annual dinner held recently at the Holland Avenue, Albany.

Other officers elected for two year terms were: Dr. Walter C. Levy, assistant director of local office of fiscal management, treasurer; Hazel Wixsom, receptionist, secretary.

In addition to Mr. Powers who installed the new officers, guests included: Dr. E. Hilleboe, Commissioner of Health, who was guest speaker, and Mrs. Hilleboe; Mrs. Meredith Thompson, wife of Meredith Thompson, director, bureau of environmental sanitation; Mrs. Clark LeBoeuf; Emmett Durr, Health Department representative, C.S.E.A., and Francis M. Casey, director of public relations, C.S.E.A.

Immediately following announcement of the newly elected president, Dr. Thompson was presented with an engraved gavel by the Chapter as a token of appreciation for the notably fine manner in which he carried on the duties of Chapter president for the past three years.

Levitt Issues New Rules On Travel, Other Expenses

troller Arthur Levitt has promised | tage." a "continued scrutiny" of state travel expenses to prevent abuses and announced he was ordering new regulations governing travel by state employes put into effect immediately.

One of the new rules requires the head of a department or agency to personally authorize attendance of employes at conventions.

The comptroller said an investigation of all state expense vouchers for the past year, which he had ordered, had disclosed no evidence of abuse of existing state regulations with one excep-

Mr. Levitt said the "one exception" of abuse had "already been made public." He made no further reference but his statement indicated he was referring to the case of Mortimer Kassell, state tax official, who charged the state for meals and lodging at his wife's apartment.

"When thousands of vouchers are audited each month." Mr. Levitt declared, "it may be anticipated that from time to time particular individuals may find ways of abusing the state's travel

New PR Director for State Tax Department

ALBANY, May 18 - Frank H. Otwell of Delmar is the new public relations director for the State Tax Department. The job pays \$8,652 a year.

He succeeds Norman Gallman, of administration for the department. Mr. Otwell is a former newspaper editor. His appointment is provisional.

He pledged "continued scrutiny" to detect "instances of abuse," and added "such abuse will be stopped promptly."

Rules Amendments

The Comptroller indicates that the new rules would clarify such uncertainty as may exist with respect to the legality of certain actions, particularly the situation in which a State employee on a per diem allowance received reimbursement for lodging taken at the home of a member of his family. A new rule prohibits reimbursement for such lodging or for lodging at the home of a relative under any circumstance.

Another new rule also makes clear that granting of per diem status will be made only in situations in which the per diem allowance is less than the normal travel expense allowance. The only exception to this rule will be for members of Boards of Visitors, members of Visiting Committees, Boards of Trustees, College Councils, Regents, and other part-time nonsalaried persons engaged in State service. In all instances per diem schedules shall only be approved after written application by the head of the Department, or, in the case of the Executive Department, by the head of the Division concerned.

Rules governing expenses at conventions have also been amended to require permission by the head of the department, or, in the case of the Executive Departrecently was promoted to ment, by the head of the Division deputy commissioner and director concerned, to exceed maximum allowances.

The new Rules follow:

1. Amendment to Section VII,

Per Diem Allowances

2. Amendment to Section VII, Paragraph 10, Subdivision e (Per Diem allowances).

By virtue of Section 109 (2) of the State Finance Law the Comptroller may fix for any state department, institution, agency or part thereof a per diem allowance for meals and lodgings in lieu of the submission of an itemized claim. Tobacco Tax Man of Year

John J. Purcell, right, Director of the Miscellaneous Tax Bureau of the State of New York, has been named "Tobacco Tax Man of the Year" by the National Association of Tobacco Distributors. This action was taken a the concluding session of the NATD's 27th annual convention in Chicago recently.

This annual award in the form of a bronze plaque, was presented to Mr. Purcell at a luncheon meeting of state tax officials at the Conrad Hilton Hotel. Competing for this honor were the tobacco tax administrators of all the fi'ty states of the union.

The plaque reads as follows: For praiseworthy performance in the administration of New York Cigarette Tax Law, for an outstanding record of executive ability which has carned the meritorious recognition and profound esteem of the industry, his associates and contemporaries in federal and state governments."

In the photo above, Mr. Purcell receives the award from Harry O'Riley, Tax Commissioner of the State of Kansas.

Employees Buying Plan Issues Up-to-Date List Of Participating Stores

chants affiliated with the Public Employees Buying Plan was released today by the Plan's director and appears as a special section in today's Civil Service Leader.

These merchants have agreed to make rebates to the Plan on purchases made by members. All outgoing Chapter president, Dr. members of the Civil Service Employees Association are automatically eligible for these rebates on any purchases made from the stores listed. In most cases the rebate amounts to 71/2 per cent, but discount houses and a few low mark-up lines allow rebates of only half this amount.

Operation of the Pian is quite simple. The purchaser makes no identification at the time of purchase, except that on purchases of over \$200 a notice should be given to the merchant after the purchase has been made. Sales slips are then sent to the Public them to join the Plan.

The Public Employees Buying Plan is a non-profit corporation sponsored by the Civil Service Leader as a service to public employees. It is intended that the list of merchants will be extended to cover most products and services in all areas of New York State. Fair-trade priced merchandise is not covered by the Plan.

BLUE SHIELD IS AVAILABLE **NEW YORK STATE** EMPLOYERS

Blue Shield is so good the State of New York chose it as the plan to pay your doctor's bills. And more than 160,000 State Employees and their families are now covered under the Statewide Plan.

For the Statewide Plan offers, at the lowest possible cost, the combination of Blue Cross, Blue Shield and Metropolitan Major-Medical . . . a combination that gives you protection you can depend on!

BLUE SHIELD PAYS YOUR DOCTOR

And pays generous allowances for surgical and in-hospital medical care, plus allowances for anesthetists' fees and radiation therapy. Provides payment in full for non-maternity care by any participating physician if your annual family income is \$6,000 or less (\$4,000 if single).

BLUE CROSS PAYS MOST HOSPITAL BILLS IN FULL

Sixteen units of a special serum at \$32.50 a unit, one of the many items needed to help a patient fight his way to recovery, cost \$520 and it was covered by Blue Cross.

New drugs and medicines, new life-saving equipment, new and modern techniques are all part of the kind of protection found only with Blue Cross,

MAJOR-MEDICAL* PAYS UP TO \$15,000 IN BENEFITS

Provides additional coverage for such services as home and office medical care, home and office specialist consultation, psychiatric care, prescription drugs and medicines and x-ray and radium treatment. Pays, after a \$50 deductible, 80% of covered medical expenses.

And Major-Medical alone provides up to \$7,500 in medical expenses in a calendar year and \$15,000 total for each individual.

CSEA Confers With Mental Hygiene Department On Numerous Employee Problems

ing School which they attend. The Department will furnish CSEA with detailed information concerning time off duty of Student Nurses under present arrangements.

The Department assured CSEA that in those cases where an employee who had accumulated sick leave and vacation credits and subsequently entered nurses training and after completion of same accepted appointment as an employee, that upon such appointment the employee would be given the sick leave and vacation credits he had at the time he entered nurses training. CSEA urged that all institutions be advised on this.

3712-Hour Week

4. A 371 hour work week for institutional administrative and office employees was discussed. Recently CSEA filed a group grievance on this matter and represented its members affected at a hearing before the State Grievance Board. The Department assured CSEA that it was in favor of the reduced work week for these employees providing the required additional employees wre made available. The Department requested the needed new positions but these have not been established.

5 Elimination of the split work shift was requested. The Department advised that the split work shift has been eliminated where found and if CSEA can point out any present instances of this, corrections would made. CSEA will circularize its Chapters to determine instances where a split work shift may still exist so that same can be referred to the Department for adjustment.

CSEA urged an increased number of Supervisory and Staff Attendant positions to enable adequate supervision and to enable relief for employees off duty by assignment of employees of the same supervisory level rather than by employees in subordinate positions. Such proper staffing would eliminate the unreasonable amount of out-of-title work which CSEA claims is now being performed, and would enable payment of salary for actual work performed.

The Department advised that it has surveyed many institutions to establish proper supervisory staffing and has made given and that the additional necessary reclassifications or positions would be requested. Extra Night Pay

8. CSEA urged Departmental support to its request for extra pay for night work shifts and for time and a half pay for overtime work. The Department advised that it is in favor of both of these proposals and is on record in support of them.

9. CSEA urged that gasoline or mileage allowance be given employees who use personal cars on institutional grounds for the convenience of the State, to conserve their work 'ime or do their job better. The Department advisd that on the basis of CSEA request last year it issued Busi-Administration dum No. 879 dated August 26 1958 to all its Institutions authorizing the furnis ring of gasoline for use in operation of vehicles employees on Institution grounds where such use is approved in advance based on necessity or advantage to the In-

The new style of these items were adopted.

CSEA urgeo Departmental active support to appointment of a Personnel Officer or Training Officer in each State Institution to be filled by promotion from within the Department The Department indic ted its approval of the proposal to get Personnel Officers at least in the larger Institutions and will continue to give attention to this matter.

12. The Association conveyed the request of auxiliary Firemen and Safetymen for additional compensation for extra fire duty to be accorded in those instances where regular employees put in extra hours on Institution grounds subject to call for fire duty. The Department advised this extra duty was required only in very few Institutions and the situation would be looked into.

Mile ge Payments

13. The Association proposed the Department refrain from payment of the mileage allowance for use of personal cars on State business at less than the maximum rate established by the State Comptroller of 8¢ per mile in view of the present cost of car operation. The Department advised that reimbursement at less than 8¢ may only be made in those cases where employees insist on using personally owned cars in instances where the State is willing to furnish a car and Charges for a portion of a day in certain instances of travel of professional staff to in-service the employee as well as "to the Department.

THE PUBLIC EMPLOYEE

By JOHN F. POWERS President Civil Service Employees Association

The Merit System and Suffolk County

Last year New York State celebrated the 75th Anniversary of the installation of the Merit System. Many fine words extoling the system were uttered and written during the commemorative ceremonies which spread through the year. If one listened and read, one would be apt to be lulled into a sense of security and wellbeing that the evil of political patronage which the law was passed to overcome had completely disappeared. However the words of praise were still lingering in the air when the Grand Jury of Suffolk County charged that certain political leaders and officials within the county had extracted political payments from highway and public works employees. This is not the first time we have heard of this form of extraction from public employees by political leaders. Rumors of this practice in other parts of the State have been coming to us.

Also we note in the daily press from time to time, that in certain preas local civil service is not in too healthy a condition. Recently charges and allegations have too frequently been made that the administration and examination system of local civil service is being subject to abuse and corruption.

Bad Signs Showing

These are bad signs - and should evoke from every public employee loud protests and demands that corruption in the civil service system of the State not only is intolerable but should immediately be cleaned up.

No public servant can live in security and dignity with a system which tolerates examination paper tampering or enforced political contributions. The concept of the merit system is too fine, the quality of the public employees too high to be besmirched by any abusive practices. The rumblings of the evils present are too loud for either the Civil Service Employees Association or any public employee to remain complacent. We should immediately wage a holy war to eradicate any and all of the civil service ills which lately too many newspapers have intimated exist in too many local government units.

The other unions listed on the ballots are both relatively smaller independents.

TWU has been victorious in two previous SLRB elections and feels confident of the outcome of this one, according to John O'-Connel, education and publicity director of the union. There is no competition between TWU and the Amalgamated locals.

An Argument

One anti-TWU argument is that the low-paid TA workers, such as porters, receive first consideration in collective bargaining sessions, simply because they are more numerous, at the ex- Veterans Administration Hospital, pense of the higher-scale groups, Long Island, N. A mass rally was held by UTEC at the Roosevelt Auditorlum, Manhattan, May 14 to elaborate the union's program.

The May 27 date set by the SLRB for the election is a comknown as TWU, claims more than promise. TWU wanted an early election in order to "get it over with," and UTEC wanted to delay it so as to have more time to marshal its strength.

The election was called for in bill introduced in the State legislature by Senator MacNeil Mitchell (R. Manh.) and passed in this year's ession, calling for balloting by June 15.

Since a strike by almost any group of Transit workers could tie up the entire subway system, the City wants as few unions to deal with as possible so as to avoid separate negotiations. If UTEC wins the elections in all three areas it will be the sole representative of the entire system. Otherwise it will represent any area in which it wins. If TWU and Amalgamated win, representation will continue as at

100 a month helps keep him out of the red

\$100 a month may not sound like a lot of money, but it means a lot to a State Hospital employee who is recovering from a hip injury. This is the amount of the disability check this man has received every month for the past 33 months. He uses it to help pay some important bills...to help keep him out of the red financially.

A Ghost In Suffolk

HE GHOST of Boss Tweed went walking in Suffolk County last week.

The sordid story told by the grand jury, of party "assessments" and pay-offs by Huntington Township public employees, had just the sort of meat he fed on. And Boss Tweed would have chimed in with an Amen, when the man who was there at the pay-off told the press:

"This is probably a pretty common practice in any town, any city, anywhere."

When a man goes to work for the city, state or nation, he puts himself in a position to be easily pressured, easily hurt-if Civil Service weren't there. It's Civil Service that cuts his job off from the ins and outs of party politics. It's Civil Service that keeps the pressure off, most of the time.

When your party takes a bite out of a man's salary, just because he has a public job, you're telling him to pay to keep his job. You're telling him that he can be bought and sold. You strip off his shield of Civil Service.

A Theft of Character

When you "assess contributions"-and 99 per cent of the Suffolk employees paid their assessments-you rob public jobs of their public character, and turn them into a business. You take away their reason to want to serve the public well.

You raise the ghost of Boss Tweed and the spoils system.

The exact place where it happened, the political party that was guilty, are of little consequence elsewhere. It is of only local importance that the party lost the election for which it was raising money. As the man said, it can happen in any town, any city, anywhere.

The public employee in Civil Service has a right to be proud of the record of Civil Service in making this country a better place to live in.

Sometimes, the general public cares little, because it knows little, of the honesty and conscientious efficiency of the people in Civil Service. It only knows when underpaid employees "make trouble" or when a case like Huntington Township casts a stink over the land.

That is why the Boss Tweed type of cynicism can hurt us all. A cynic is a man who doesn't believe in people. Civil Service is people. And cynics in action can destroy Civil Service.

In any town, any city, anywhere.

No Holiday

LMOST everybody in New York City will be enjoying A a three-day holiday come this Memorial Day. One group of people that won't have the three days is employees of New York City.

That's because Memorial Day falls this year on a Saturday. And the City doesn't give an extra day for this but does if the holiday falls on Sunday.

When men and women enter employment with any employer, part of the arrangement includes a definite number of paid holidays. These holidays are coming to City people, and they should have them.

There may well be administrative difficulties-departmental schedules, salary schedules and the like. But a three-day holiday is no gift from the City. The City has employed its workers on a certain premise. It should konor that premise.

LETTERS TO THE EDITOR

OLD CITY PENSIONERS ARE TREATED SHABBILY Editor, the eader:

Long-retired City need help. The reason City servants pensioned during the last dozen years or more who are not ex-police, firemer or teachers, get no increases whatsoever in their miserably small pensions is that they have no organization to fight for them.

If they could march around City Hall with banners, get on television with thei: story of shabby treatment by the world's richest city and get some publicity in the newspapers, the City government might boost their pensions so they could meet today's rising living costs.

The pension of 12 years ago is not as large as the Social Security check alone that goes to employees retiring now. We are death? not eligible for any low cost health insurance, either.

Unless various vigorous groups help, the indifference shown the old retired City pensioners because of their waning numbers will continue to forstall pension

MUTUAL ADMIRATION IN THE CS FAMILY

Editor, the Leader:

Don't you think that editorials or articles in the Leader, which reach only civil service employees are almost meaningless? It is like a mutual admiration society in which all the members are praising each other - so what? The public is generally quite oblivious to all this and after all, aren't they the ones to be convinced?

The public thinks civil servants underworked and overpaid and retire on half pay. It is the civil servants' problem to dispel these ideas. We civil servants must talk to the public at every opportunity; in the public press through letters to the editor and through every other available means.

Lets stop telling one another how good we are. It means nothing.

Michael Magee Brooklyn, N. Y. has contributed.

Questions Answered On Social Security

My company makes retirement at age 65 mandatory. I will get an automatic company pension when I retire. How do I go about getting social _ecurity payments?

Your social security benefit will not be paid automatically. To receive it, you must file an application for old-use insurance benefits at your local social security office, and also present certain proofs which that office will request. The amount of your benefit is based on your average monthly earnings. Full information will be furnished you about the possible family benefits payable.

How can I find out what social security will pay me and my family on my retirement or to my survivors in the event of my

You can get general information about family benefits at your social security office. If it will be some years before you reach retirement age, general information will ' given, and you can pick up some of the free pamphlets about social security benefits. If you will be 65 within three months, you can get more specific estimates concerning payments. There is no charge for this service.

I have life insurance, and I know what family protection is provided by it in return for the premiums I pay. What protection families. Is this so? does the social security taken out of my check each month give me and my family?

The social security tax you and your employer pay, and the tax the self-employed individual pays provides funds to pay insurance benefits to insured edired men and women, payments to totally disabled workers and their dependents when the workers are between ages 50 and 65, and survivors insuranc benefits to the families of Insured deceased workers. The amount of the payment an individual or family may receive depends upon the insured person's average monthly earnings rather than on the amount of the tax an individual

My wife and I both work en jobs covered by social security. Will our social security benefits be enough for us to live on upon retirement?

Probably not. Social security payments only partially replace the loss of income through retirement, disability or death of a family member. At your social security office, you can get a booklet explaining the eligibility requirements, and how to figure the approximate amount of your social security benefit. With this estimate, you should be able to plan ahead and make provision for necessary additional income upon your retirem nt.

I am unmarried and live with my 68 year old parents whom I support. I have been told there are family benefits under social security. What would my parents get upon my retirement or if I should die?

There will be no insurance benefits 'n your parents in the event of your retirement. However, in the event of your death, since you are the sole support of your aged parents, they may be eligible for parents insurance benefits. It will be necessary for each of them to file an application, and present proof of age and dependency.

I've been told social securityprovides protection for persons besides retired workers and their

Yes, it 's true, The social security law now provides for disability insurance payments to disabled workers, aged 50 or over and to their eligible dependents. Workers under age 50 who are permanently and totally disabled may have heir social security account frozen and so protect the amount of their benefit and their dependents' or survivors' benefits in the years shead.

Since the beginning of the year my take-home-pay is smaller, My employer explained that it was caused by an increase in the social security tax. Can I expect more social security protection now?

Yes. Due to higher living costs most families need higher benefits than provided by the old law. To get those higher benefits it is necessary for you and your employer to pay more in social security taxes. Beginning January of this year, you started payment of 212 percent social security tax on the first \$4,800 of your yearly wages. Your employer matches this tax with an equal amount. These slightly higher taxes will pay for higher benefits voted by Congress last year and still keep the social security system in sound financial condition.

I am receiving disability benefits from Social Security. My doctor says that shortly I may be able to do a litle work, but I know I wouldn't earn \$1,200 in a year. In this case should I contact you?

Yes, you definitely should. For those getting disability benefits there is no earnings test. A determination would have to be made as to whether or not your condition had improved so that you were able to perform "substantial gainful activity." NOW YOU CAN GET A REBATE OF 3¾ to 7½ PER CENT ON MOST OF YOUR PURCHASES

Hundreds of stores throughout New York State have agreed to return a percentage on all sales slips issued to Members of the Public Employees Buying Plan. As a member of CSEA you are automatically a member of the PEB Plan.

Here is how the Plan works:

- (1) You buy from any of these hundreds of stores—on the same basis as if you were not a Member of the PEB Plan. You need not identify yourself, but if a purchase is over \$200, please inform the store of your membership after you make your purchase.
- (2) Then send your sales slips to PEB Plan, 97 Duane Street, New York 7, New York, with proof of membership in the C.S.E.A. (Your Leader label will do).
- (3) You will receive a rebate of 7½ per cent on sales slips submitted by the stores listed below. A few exceptions are indicated—discount houses, etc.—where the rebate is half this amount.

- (4) To speed the processing of your sales slips, please send along a list of the sales slips you submit (store and amount of purchase) and enclose a stamped, return addressed envelope.
- (5) Listings of stores which are members of the Plan will appear in the Civil Service Leader from time to time. Similarly, stores which have been withdrawn from the Plan will be noted. If you wish to recommend any reputable store for membership in the Plan, please send the name and address to the Plan Office, 97 Duane Street, New York 7, New York. The Plan will attempt to enroll reliable merchants from all parts of New York State to provide a cross-section of merchandise and services in all price levels.

Listings of affiliated merchants appear on Pages 8, 9 and 10, and will appear in the Civil Service Leader from time to time. Additions and corrections appear almost every week.

#### ACTIVITIES OF EMPLOYEES THROUGHOUT NEW YORK STATE

# Middletown State

A dinner-dance sponsored by the Middletown chapter, CSEA, held May 9 at the Park Lane. Port Jervis, N.Y., proved a great success for the eighty members and guests attending. Following a cocktail hour and roast beef dinner. Thomas Veraldi, Chapter president, introduced Dr. Hyman hospital director, and Mrs. Pleasure; Charles P. O'Connell, business officer, and Mrs. O'Connell; and several members of the medical staff. Music was provided by Carl Berg's quartette. and the dancing included everything from the cha-chu through the waltz, polka, and even a Paul Jones. From all reports, another such affair will be in demand in the near future. All members are urged to attend the next chap-ter meeting on May 20 at the Employees Residence, at 7:30 P.M. The new officers, installed at the April meeting by Francis Casey, CSEA field representative from Albany, are anxious to get auggestions and ideas from the membership on future plans, and to be informed of employee problems and grievances. In particular at the present time, each member's opinion on the pro-posed increase in CSEA dues is needed, so that the Chapter delegate may be instructed as to how this hospital wishes to vote on the matter.

# Police Refused Wider Powers

ALBANY, May 18 - Legislation to broaden the powers of municipal police officers has been vetoed by Governor Rockefeller.

The bill, if signed, would have conferred on police officers all of the powers of constables within the county in which they are employed, except for the service of civil process.

It would have authorized such police officers to execute in any part of the county any warrant for search or arrest issued by any magistrate in the state.

Mr. Rockefeller commented: Under the bill the police officer could perform acts outside of his municipality, which neither his municipality nor the municipality in which he performs the acts, requested or expected him to perform."

## Four More Tax Posts Are Filled

# **CSEA Counsel's Report On** 1959 Legislative Session

(NOTE: Each year following the more Counsel for the Civil Service Employees Association, Inc. reports on civil service measures and other bills of particular interest to public employees that were considered by the State legislature. The Civil Service Leader annually publishes this report for the information of Association members.)

#### JOHN J. KELLY, Jr., Associate Counsel

Assessing the accomplishments of the Association and the public employee at the 1959 session of the legislature involves a variety of factors and circumstances. If we ignore all of the circumstances which and a direct bearing on this particular session, results of 1959 legislation could probably only be deemed passibly fair. On the other hand, If all of the complicated factors which were inescapable are considered, the results must be deemed most successful.

This was not only the first year, but the first two months of a new administration, which always makes for greater difficulty in attaining executive support for a variety of measures. new administration. of course, was not available to confer with in detail until after January 1st. Moreover, there is a natural and proper tendency among these executives and their assistants to feel their way along rather carefully before initiating broad liberalizations and reforms.

But what of the legislature? Essentially, the legislature was composed of the same personnel and leaders as for the past few years (with the egrettable exception of the Minority Leader of the Assembly, the Honorable Eugene Bannigan, who died prior to the 1959 session). While the legislature was not in the same position as the new administration, during the great bulk of the session they were necessarily preoccupied with the tremendous problems involving the tax increases which were proposed and passed this year. Obviously, until the taxes and the budget were settled, they were in no position to consider new legislation that would cost money or have a signal effect upon the future budgetary plans of the state.

It was not until March 11th that the 1959-60 budget was passed. Fourteen days, later, the session was over.

Unfortunately, however, most of the Assembly standing committees lost jurisdiction of bills before such committees on the day before the budget was passed. The significance of this fact is that such committees had to either take affirmative action and report the bills out of committee, kill the bills in committee, or refer such measures to the Rules Committee of the Assembly. One can imagine the magnitude of the task that faced the Assembly committees, and more particularly, that which faced the legislative representatives interested in certain legislation, in attempting to obtain proper consideration of various measures in the short time available. The conclusion is obvious. Many bills

ticularly true in our case when one considers that this Association had about 80 bills which we either drafted, sponsored, or sup-

#### Summary of Session

A summary of the 1959 legislature shows that it convened on January 1, 1959; that the last day to introduce bills was February 17th, 1959; that the budget passed on March 11th, 1959; and that the legislature adjourned on March 25th, 1959, 8215 bills (a new record) were introduced in the legislature, and of this number 1202 bills passed both Houses. The Governor signed 880 bills into law, and vetoed 322. Approximately 100 fewer bills were passed by the legislature this year than last, and approximately 100 fewer were signed into law this year.

About 80 bills were drafted, introduced, supported, co-sponsored, or endorsed by this Association. Of these, 29 passed both Houses, were signed and one was vetoed. In addition, the Association opposed three bills which passed both Houses and became law, which will be commented on later, and of course, opposed innumerable other bills which were not passed-did not become law. Six other Association measures passed one House of the legislature only. The remainder of the program was not passed, although in several instances substantially identic. 1 legislation listed with the "Passed" bills was accomplished either in whole or in part.

Considered in the light of the above background, at least in the opinion of the writer, this was an extremely successful session.

For example, a salary increase, which will be discussed in detail below, was achieved, much to the surprise of many veteran observers. Although the increase accomplished only about one-half the increase that the facts and figures bearing on state salaries indicated, it is nevertheless true that the \$20 million of salary increase was more money than the total of all other increases in the state budget which were not mandated by prior law. The guarantee of retention of no-loss pay on promotion was likewise

close of the 39-day bill period, have been passed. This is par- tion for another opportunity to increase for all employees allojoin the Social Security program to many employees. The vexing one increment, - whichever re-Albany parking problem was recognized and legislation passed authorizing the alleviation of this While the two-year death benefit was not accomplished, the one-year death benefit was made permanent and therefore is constitutionally protected. The 55-year plan was reopened for those who had not previously joined, and a variety of other bills of less general importance were accomplished, which will be discussed in detail

The major disappointments at the 1959 session were the failure of the passage of legislation to increase the retirement allowance of retised members, the failure of legislation which would accomplish the long sought vesting program, and the lack of any significant legislative accomplishments which applied to the county and local public employees (although such employees, course, benefited equally with state employees in the Retirement and Social Security legislation discussed herein),

#### 1959 SALARY BILLS

In approving the three salary bills affecting the Judiciary, the Legislature, and other state employees, Governor Rockefeller in a brief message stated as follows:

"These bills provided for urgently needed salary increases for State employees. In the last two years, the cost of living has increased more than 5.5%, but our State employees have received no increase in pay during this time. Although every effort must be made toward effecting economies in the operations of the State government, it not only would be inequitable, but false economy, to deprive our State's loyal civil servants of salary increases which they justly deserve. We should seek always to attract and to hold able, qualified people in the service of the State. This can only be done by paying fair and reasonable compensation. The bills are approved."

The measure affecting all state employees except the Legislature and Judiciary became Chapter welcomed by many of our mem- 200 of the Laws of 1059. In es- ceiving a salary of \$2,500

favorable circumstances, bers. The legislative authoriza- sence, this bill provided a salary higher on March 31, 1959 recated under the Civil Service Law was of considerable significance of \$200.00, or the equivalent of sulted in a higher salary. Other employees, whether they governed by statutory salary schedules or not, received increases which corresponded to the amount which they would have received if they were in the grade under 'he Civil Service Law, th maximum of which was closest to their slary. (For those employees with statutory salary schedules, the amount of increase was, of course, specified in the legislation by amending the applicable schedule or lrw.)

For example, an employee who had been receiving \$4,360 prior to April 1, 1959, and who was covered by a statutory salary schedule, would be closest to the maximum of Grade ? under the Civil Service Law, and would receive the same amount which an employee in Grade ' would receive. Since the increment of Grad 8 was less than \$200.00, such employee would receive a increase. With respect to employees who wer receiving salaries less than the minimum salary of Grade 1 under the Civil Service Law, 1.e. \$2,500.00,-the Budget Director was authorized employees substantially in proportion to those received by persons with salaries above minimum of Grade 1.

While the legislation authorized the withholding of the increase for administrative reasons until the payrolls could be changed, and for the payment of a lump sum when the payroll changes could be accomplished, the Comptroller's office performed such an outstanding-job in expediting the payroll changes that the inthe check received on April 8th. When one realizes that the legisby the Governor until March the 31st, 1959, the magnitude of the accomplishment of the Comptroller's office can be appreciated.

More on Salary Bill Further explanatory comment

with respect to the salary increase bill might be:

1. All employees who were re-

ceived at least a \$200 increase.

2. This increase, for those employees who were receiving a noloss in pay guarantee under prior law, was in addition to the total salary including no-loss which such employees were receiving prior to April 1.

3. Employees who were receiving over the maximum of the grade of their position also received the same amount of increase as other employees in that grade.

#### Judiciary Increase

The salary increase for employees of the Judiciary is found in Chapter 202 of the Laws of 1959, and simply stated, provides an increase of 4% with a minimum of \$200 and a maximum of \$500, for all employees of the Judiciary other than Judges and Official Referees. (The Judiciary increase was reflected in the April 22 checks.)

The salary increase for legislative employees constituted an appropriation of \$160,000 for salary increases for legislative emp'oyees in such amounts as may be determined by the President of the Senate and the Speaker of the Assembly. At this writing, employees of the Legislature have not yet received the benefit of the increases proposed for them. to give salary increases to such since there remain determinations of amount to be made by the officers designated in the legislation. The legislative salary increase is found in Chapter 201 of the Laws of 1959.

It became apparent rather early in the tax fight that the Association 121/2% salary increase, with a minimum amount of \$500.00, costing \$40 million, was doomed. We express our appreciation to Senator Hatfield and Assemblyman Wilcox for their sponsorship and support of our creased salaries were reflected in bill. The Senate numbers were: the salaries of ail employees in Intro. 2553, Print 2660, and in the Assembly the bill was Intro. 2781, 2838. It was, of Print lation was not formally approved course, only when the demise of Association-sponsored bill Was imminent and the fate of the administration salary increase proposals extremely choubtful. that the Association shpported

the less liberal meadures. We feel that the accomplishment of anything at all in the salary field this year is a tribute to the "out of season" legislative work done by the officers and members of the Association, Perhaps more was accomplished last Fall in convincing the gubernatorial candidates of the necessity of a salary increase and obtaining their support therefor, than anything that was done later on. Without the courageous action of the Governor in making provision for an increase in his budget, there would have been no salary increase; just as truly there would have been no salary increase were it not for the skillful and forthright handling of the salary increase measures by the leaders in the legislature. The legislative revolt was not just newspaper talk, and it required the highest of political statesmanship on the part of the Majority leaders, Sens. Mahoney and Erwin and Assemblymen Heck and Mackenzie, to hold this money in the budget.
