JUNIOR NEWS

DRAMATIC CLUB PRESENTED "ELMER" IN ASSEMBLY

The eighth grade dramatic club presented "Elmer", a one-act play, as an assembly program yesterday. The title role was played by Bob Gilson. Others in the cast were Thelma Segall, Frances Bremer, Janet Bremer, Carolyn Hausmann, Betty Potter, Frances Levitz, Herbert Smith, and Bill Norton.

HOMEROOM PLANS LAST ASSEMBLY PROGRAM

The assembly program which homeroom 135 is presenting will be given next Thursday during homeroom period, following the program given by homeroom 130. The program will consist of a series of sketches written and planned by the pupils themselves. They will appear in costume but the idea of the sketches will not be given until the performance. The two announcers will be Dania and Mary Winshurst. Betty Smith will be the girl who does not want to do her homework. The sketches will be presented by the following groups: Franklin Steinhardt and Robert Wilke; Elizabeth Simmons and Virginia Tripp; Edith Jane Stephens and Billy Saunders; Alfred Wheeler and Arnold Rosenstein; Marjorie Stanton and Elizabeth Warner; Dorothy Sherman, Lois Smith, Barbara Soper, and Althea Wallace; Gordon Robinson and Arthur Perkins.

FACULTY MAKE PLANS FOR THE SUMMER

Our faculty are planning to have very little vacation this summer. Mr. Sayles will spend the summer at his hotel on Star Lake in the Adirondacks. Dr. Frederick plans to teach two courses in State College Summer School, supervision and directing pupil study. He also plans to visit in West Virginia and spend a week on the coast. Miss Halter, Miss Conklin, Miss Wheeling, Miss Smith, Miss Bills, and Miss Martin also plan to teach in the Summer School. Miss Moore is going to the University of Michigan to study and while there she expects to take a trip to Chicago to see the World's Fair. Miss Anderson will be at her home in Millbrook, New York

EIGHTH GRADE LEAVES FOR INDIAN LADDER

Instead of the yearly excursion to Kingston, the eighth grade class will leave this afternoon by bus for Indian Ladder. Those on the committee are Priscilla Simpson, Grover Fayles, Anna Swain, Roger Orton, Mitchell Ford and Marion Kosbob. The refreshments will be frankfurters, rolls, and soda pop. They are planning to have baseball games. Miss Martin, Miss Halter and Mr. Raymond will go with the class.

SEVENTH GRADE HAS OUTING AT WINSHURST PLACE

The seventh grade is going to have its outing, June 9, on the Winshurst place, which is near East Greenbush. Buses will leave the school at 2:30 in the afternoon and will bring the class back at 8 o'clock. There will be games and a picnic supper. The chaperones who are going are Miss Moore, Miss Redmond and Miss Dineen, students at State College.

NINTH GRADE ENDS YEAR'S ACTIVITY WITH A DANCE

Because the attendance at the ninth grade party last Friday night was not large, those who did go found plenty of room for dancing and plenty of refreshment. The party was restricted entirely to members of the class. The decorations, in red, white and blue, were planned by Walter Bates. At 11:10 there could be found no trace of the decorations in the whole gym. Members of the class cleaned the gym up so they could save money. The chaperones were Miss Moore and also Miss Grace Palmer, who is a senior at State College.

STUDENTS' PLANS FOR VACATION

In response to an inquiry made about how Milne students will spend their vacation, the following information was given. Ray Hotaling is going to a camp in Maine. Cora Randles, John Winne and Emory Bauer will be at Big Moose Lake. Vivian Snyder and Bill Bates are among those who plan to see the World's Fair.

Publication Editors	John Akullian Martin Croesy Bill Norton
Circulation Managers	Ethel Gillespy Jean Graham
Reporters:	
7th Grade	Lois Blessing Lois Haynor
8th Grade	Milla Hall Helen Anthony
9th Grade	Betty Nichols

WHOM SHALL WE SEE NEXT YEAR?

Next year there will be many strange, new faces at Milne. They will be mostly seventh graders who are coming to a new school, a new life, and new activities and studies. Will they enjoy their first year at Milne? If all of you will do everything you can to help and advise them, they will like it and will want to come back the next year and the year after that. Also, we will greet old friends next year and renew invaluable friendships. And so, goodbye for the summer and when you come back next fall, have a smile and a friendly word for the new pupils and with loving words, a greeting to old friends.

APPRECIATION

As this is the last paper for this year, we, the staff, would like to show our appreciation to the one who has helped us a great deal in producing this paper every week. We would like to thank Miss Fose Kantor, a senior at State College, who has been the student adviser. She has helped us very much and we thank her. We appreciate very much the helpful assistance of Miss Cadioux and Miss Johnson, also college seniors. We also hope that the staff for next year may have great success in putting the paper out weekly.

A MILNE STUDENT AT LUNCH

It is five minutes to eleven. The scene is a Junior High School class room. A poor girl is waiting for the bell to ring. She thinks regretfully of the chance she threw away to join the Traffic club. After several years have passed, the bell rings and a general stampede begins. After convincing the teacher that she has handed in her homework, she strolls down to the locker room. Running over to the cafeteria, she stops several times to smile at traffic officers so that she won't get a ticket. She eats her lunch and goes to the annex. There, after purchasing a Popsicle and some chewing gum, the heroine slips past the guard at the door. After throwing the papers on the lawn, she gives the traffic squad captain some chewing gum and tells him to cancel her tickets which some 'ol' meanie' gave her. With a lofty gesture he spurns the bribe, but accepts the gum. She goes by with a twinkle in her eye and then, going into the locker room, she repairs her face while shoving people aside from the mirror. She then goes forth in search of what? You tell me.

CLUBS ON REVIEW

The shop club had a membership of seventeen boys this semester. The club was made up of both 8th and 9th graders. No officers were elected because each period was used to work on our projects. The boys worked on metal lamps, model boats, tool chests and a wood turning lathe. Several of the boys worked in the print shop on work for the school, for boy scouts and on things of their own. Many of the boys have said that a half hour is too short for this activity and wish to have at least one hour next year.

The dancing club has been under the leadership of Billy Burgess, president for this semester. The club danced at all the club meetings. They have given parties to which the tumbling club and radio club attended.

The Tumbling club president for this semester was Foster Sipperly. The club has appeared in two assembly programs and also in the Annual Assembly.

Gordon Wendell was president of the radio club. The club has made crystal sets, and discussed different kinds of radios.
