

# Rocky Supports Nixon

Wire Services Compilation

ALBANY, N.Y. - Gov. Nelson Rockefeller said President Nixon deserves the "support of the American people" for his announcement of stepped-up military action against North Vietnam.

Rockefeller said in a statement issued by his office, "The President, faced with a deeply difficult situation, expressed himself forthrightly in his statement tonight in setting forth a course of action which he feels will reflect the best interests of our country, and of world peace. He deserves the support of the American people."

New U.S. moves to cut off North Vietnam's weapons supply were "inevitable and correct," U.S. Sen. James L. Buckley said Monday night.

After watching President Nixon's Vietnam address on television in a Rochester hotel, Buckley told newsmen, "I fully support the president's decisions."

He described the military actions announced by the president "consistent with the Nixon doctrine of withdrawing ourselves from land involvement" in Vietnam.

The Conservative Republican lawmaker said he believed Nixon would receive strong support from the American people.

"He got their backing when he went into Cambodia," Buckley said, and predicted the public would recognize the blockade as a "sensible decision."

Buckley said a final assessment of the current Communist offensive would have to wait "until more time has gone by."

But, he added, "the military context required decisive measures to choke off the flow of heavy equipment" into North Vietnam.

Asked whether he thought Communist China might be prompted to step up its weapon supply activities, Buckley said this was a possibility.

On the other hand, he said, such a move would place a heavy burden on the Chinese economy.

The senator was in Rochester to address a conference of the State Manpower Planning Council.

Sen. Jacob K. Javits, R-N.Y., said today he had urged President Nixon to allow Congress to join with him in making a final decision on Nixon's latest Vietnam policy.

If Nixon comes to Congress, Javits said, "we will thereupon have opportunity to determine what is necessary to protect our troops and what part our efforts in a military sense are being utilized to continue the South Vietnamese government."

"We may decide in Congress that we want to do both," Javits said. "But it is time that we decided with the President and the President not decide alone."

Javits told a news conference "that fact is that we have not gotten ourselves out of the Vietnam mire soon enough."

Javits said that he felt that, if Nixon did not confer with Congress, it might be necessary for Congress to cut off military appropriation aid "in order to have a say in what is a very, very grave decision for our country."

He said, too, he believed that, since the U.S. had equipped and armed the South Vietnamese, "it's time they stood on their own feet."

"They are at least as well equipped as the North Vietnamese and therefore the question is 'Do they want a country?'"

# SUNYA PROTESTS

About 150 persons gathered behind the Campus Center at 9:00 p.m. Wednesday night to protest Nixon's escalation of the war. After a short time, the crowd moved toward the lake, swelling rapidly to about 400 persons. A large bonfire was lit during a gathering in the dirt parking lot behind Indian Quad, and enthusiastic marchers shouted their demands for action.

A target was chosen quickly and about 300 marchers headed down perimeter road. The forefront of the crowd reached Western Avenue, about 25 demonstrators broke off without waiting for the remaining marchers to gather, and hurled stones at "The Bank," breaking four or five windows. The rock throwers retreated and the entire group doubled back to the Campus Center.

There the crowd was urged to meet at RPI Thursday noon for further action, possibly to block a major road, according to one speaker. Perhaps 20 persons continued to urge further action immediately, but one speaker asked the crowd to disperse and go home.

People drifted off, but about 50 persons chose the administration building as another target, breaking two or three windows and splashing red paint on the stone white surfaces.

It was an efficient operation run by a very loosely organized leadership. The rock throwing lasted by a minute while the march ran for an hour. An active element, many of whom sported Vietcong flags, provided the energy for the demonstration.

Late last night the ASP received the following message and was asked to print it: Tonight, Wednesday, *The Bank*, (National Commercial Bank and Trust) representing all banks as the mainstay of the monopoly-capitalist class in this country, was dealt with by the people of Albany State and the Albany community. The action was a trashing as a symbolic attack on the business institutions which rule this country and continue to oppress the people of the world and the people of the United States. The object was not necessarily to end the operation of that bank or any at this time but to express the militancy and anger of the people. Our goal was accomplished, the bank was hit and all of the people moved safely to and from the target. We neither promoted nor supported, though, the actions after the attack on the bank. The tactical leadership claims responsibility for *The Bank* action only!

There are three points to be clarified to the people involved. First, at the mass meeting it was decided on the need for tactical leadership. This need is twofold: There is the need for disciplined action, many leaders is no leader and only anarchy and disorder can follow. Also the safety of the people present, all of the people, must be considered and until the guns of the government can be met by the guns of the people, many of our actions must be symbolic and not be looking for confrontation and martyrs (only fight battles that one can win). Second, the leadership specifically decided on having the action at

night instead of later to allow for the safety and increased militancy of the people present. Third, the target chosen was symbolic - one bank oppresses as much as the next: The monopoly capitalist class does not divide into two, the good banks versus the bad: a bank is a bank.

In general, the leadership wants to stress that the trashing of a bank is no the revolution. The most important aspect of building a movement is day to day political work to develop the initiative of a large majority of the people in this country. Windows can be replaced, buildings can be rebuilt, but when the masses of people in this country become active, aware and revolutionary, the ruling class will not be able to remain in power. As time goes on, the actions will escalate and the numbers of people will grow. All revolutionary people must combine their actions with day to day work, their revolutionary practice with revolutionary theory and must go among the people of America to constantly organize and agitate. We must continue to build for the ultimate victory of the people. We have only begun to fight!

## CASINO ROYALE, TOPAZ

### Head The Week's Film Bill

David Niven and Peter Sellers are just two of the several James Bonds that appear in *Casino Royale*. These 007's make love to 43 women (including Ursula Andress and Joanna Pettet), shoot 53 men; send Indians on the warpath; ride in flying saucers; escape a South American revolution; meet the daughters of Mata Hari; pay off the pipers of Scotland; smash SMERSH; take a naughty peek through the Iron Curtain; and break the bank at Monte Carlo.

This is just one of those movies

that you'll have to see to believe! *Casino Royale* will be shown Sunday night, July 9 at 9 pm in the Colonial Quad Flagroom.

Alfred Hitchcock, the master of suspense, has brought another thriller to the screen *Topaz*. Based on the book by Leon Uris, the movie tells the true story of the most incredible spy scandal of this century. It was filmed on location in Washington, D.C., New York, and the major capitals of Europe. *Topaz* is a motion picture about the men and women to whom espionage is a way of life.

Frederick Stafford and Dany Robin star.

Charlie Chaplin is back this week as *The Immigrant*. As a passenger en route to America, he befriends a lonely girl and her mother. Once ashore, he is involved in one of the funniest restaurant scenes ever filmed.

*Topaz* and *The Immigrant* will be shown on Wednesday night, July 12 in CC 375. Complete shows begin at 7:30 and 9:45 pm and cost \$3.50 with activities card and \$1.25 without.

## APPEARING SOON

# STAR SPANGLED WASHBOARD BAND

## and Medeocur Trio

Just when you think that you've heard it all, the *Star Spangled Washboard Band* begins to play, and you know you're on to something different. *Star Spangled Washboard* is a musical amalgamation with styles ranging from bluegrass, to ragtime, to opera, to jug band, to romantic, to melodrama, to contemporary. To jug rock.

Their versatility has made the Washboard Band one of the most popular groups in the area. Among their other credits, they have appeared in numerous coffee houses, college concerts, as well as performing with Tom Paxton and with Dave Bramberg and the Bottle Hill Boys. They have scored and performed music for 2 State University Theatre productions and won critical acclaim for their performance in SUNYA's production of *Great American Light War*. They recently played for Senator George McGovern when he campaigned in Albany, and at the reception for the Children's Theater Conference.

The components of the group are Don Dworak, a senior at SUNYA who plays the washboard bass, Greg Haynes, also a senior here on the washboard, Paul Jossman, an RPI grad who is a 5 string banjo virtuoso, and Bill

Pokhinski, a SUNYA grad, on the guitar.

Appearing with them will be *The Medeocur Trio*, a brand new group composed of guitar, stand-up bass and fiddle, and a pump organ.

A good-time atmosphere is created and maintained through the use of sight gags, inexhaustible energy on stage, one-liners, and funny hats. Coupled with

their contagious rhythm, one can't help but relax and enjoy.

SUMMERACT presents the *Star Spangled Washboard Band* and *The Medeocur Trio* in a Concert on the Remdon Monday evening, July 10 at 9 pm in the Campus Center Ballroom. It is suggested that you bring a blanket to sit on. Admission is \$3.50 with a SUMMERACT card and \$1.35 without.

## LOOK TO THE SKIES

The discussion at the Mohawk Campus this week will turn to the sky as Roger Cheng talks about the research projects of SUNYA's Atmospheric Sciences Department.

Mr. Cheng is a research associate with the Atmospheric Sciences Research Center. He is also the director of the photomicroscopic laboratory at the University. He recently was the recipient of two first prizes for his exhibit of light and electron micrographs at the International Conference of Microscopy, Inter/Micro '70 in Chicago.

Mr. Cheng will present a one hour color slide show entitled, "A Journey Through a Microscope." The talk will cover the present research work in the ASRC Photomicroscopy Lab on atmospheric particulates, with special focus on precipitation, atmospheric nuclei, and air pollution.

The afternoon of July 12 should prove enlightening to all who come. SUMMERACT is sponsoring a bus to the Mohawk Campus that leaves from the Administration Circle at 12:30 pm. 25 cents for activities card holders and 50 cents for non-card holders.

## THE THIRD DEGREE

Does the Doctor of Arts degree succeed where the PhD failed in the preparation of college teachers? Dr. Arthur Collins, director of development for the program, will speak to this and other aspects of the program in a luncheon talk on July 11.

SUNYA is the pioneering institution in New York State with this new doctorate, designed especially for those who look to teaching as their primary responsibility. The first students (in the

fields of Economics and English) were enrolled in the Fall of 1971. The Doctor of Arts at Albany has been singled out nationally for its carefully designed introduction to teaching, analogous to the internship for the M.D.

Dr. Collins is a professor of English and Comparative Literature. He will return to full-time teaching this fall after serving as director of the D.A. program for two years, and as chairman of the

University Senate for a year and a half.

Collins will outline the degree's history, sketch the differences between the Doctor of Arts and the PhD, and discuss prospects for the future. What the degree is, what it is not, and what it promises and does not promise have not always been understood, even on the SUNYA campus.

Bring your questions and your lunch to Campus Center 375, on Tuesday, July 11 at 12:30 pm.

Young Holt Unlimited will be appearing in the Campus Center Ballroom on July 11 at 8:30 pm. They are two-thirds of the original Ramsey Lewis Trio. Among their hits are "Mellow Dreamin'" and "Soulful Strut." Tickets are on sale now in the Campus Center Lobby--\$1.00 with an activities card, \$2.00 without.

## Activities Card Saves You \$\$

To say that this is a tight year money-wise would be a classic example of an understatement! It seems that every time you turn around, someone is asking for money; and if they are not asking, it's because they're too busy taking...RIGHT?

In addition to all the free events being sponsored by SUMMERACT, there are several events that, out of necessity, we must charge for. These include both the Sunday night and Wednesday night film series; the ice cream socials, the concerts in the round, and a series of special events.

A voluntary activities fee works two ways. First, it gives us the money to pay for the events; and secondly, it saves you money. You pay \$3.00 once, and you are entitled to much lower prices for all events. You can save over \$20 during the six week session. In fact, if you attend every weekly event in one week, you have already saved money and, of course, SAVING MONEY is what everyone wants to begin with (not to mention having something to do!)

The following is a chart of the weekly events with the price differentials. This does not include any of the special events.

Event	w/card	without	SAVINGS
Sunday Night Movies	\$ .25	\$ 1.15	\$ .90
Wednesday Night Movies	\$ .35	\$ 1.25	\$ .90
Concerts in the Round	\$ .35	\$ 1.35	\$ 1.00
Ice Cream Social	\$ .35	\$ .75	\$ .40
MidWeek Mohawk Busses	\$ .25	\$ .50	\$ .25

Summer activities cards will be on sale at the SUMMERACT table in the Campus Center lobby; on the Colonial Quad dinner line and at events during the first week. If you prefer, mail your name, address, phone number and a check or money order (payable to Student Association SUMMERACT) to SUMMERACT, Campus Center 364, 1400 Washington Avenue, Albany, New York 12222.

Your card will be sent to the information desk upon receipt of payment. If you are only going to be around during Session 11a (June 26-July 14) or Session 11b (July 17-August 5), you may purchase an activities card for just that time, for \$1.50.

Anyone can buy an activities card - they are not limited to students (everyone needs to save money). Any questions? Call the SUMMERACT Contact Office at 457-6766 (or 457-6923 after 5:00 pm). Remember - the sooner you buy the card, the sooner you can begin to take advantage of great savings!

## Be Out of Doors This Summer

The SUMMERACT Program has scheduled a recreational calendar which should appeal to all those who are interested in staying-in-shape this summer. Most of the activities will be scheduled either on or near Colonial Quad for your convenience or at the Physical Education Complex, including the tennis courts and playing fields.

Most recreational equipment may be signed out directly from Livingston Tower. This includes equipment for volleyball, basketball, softball, tennis, soccer, football, frisbee, horseshoes, croquet and shuffleboard.

There will be a volleyball court and portable baskets set up around the Quad and there will be areas designated to play horse shoes, croquet and shuffleboard. In addition, equipment may be signed out at the Physical Education building (such as sleeping bags for camping, handballs and handball gloves, paddleballs and paddles, etc.) You will need your room key in order to obtain equipment from the Tower and either a fee receipt card or other proof of attendance at the university to sign out equipment at the Gym. Any questions concerning equipment should be directed either to the Quad office at 7-8601 or to the Gym at 7-2970 (after 3 p.m. dial 7-4542 for the men's cage and 7-4543 for the women's cage).

**Talks & Eats**

Some of SUNY/Albany's distinguished faculty will lead informal discussions at weekly 'lunch-ins'. Dr. Arthur Collins of the English Dept. and Dr. Karl A.B. Peterson of the Music faculty are among the speakers.

Sticky Thursdays will be a weekly bill-of-fare when you make your own sundae behind the Campus Center cafeteria.

Still in the planning stages are a Square Dance, a Jazz Concert series, and buses to the Saratoga Performing Arts Center.

**E.O.P.S.A.**

In conjunction with Student Association E.O.P.S.A. has planned a large number of excellent events. Tuesday evening films; an extensive lecture schedule; parties; and cookouts by the campus lake highlight the offerings.

**SUNSTROKE**

A weekly up-to-date supplement to this program guide. *Sunstroke* will be available in the Campus Center lobby, on Colonial Quad, and in the Library. Check *Sunstroke* for complete up-to-the-minute news on the 1972 SUMMERACT program.

**SPECIAL SNACK BAR HOURS**

For your convenience, the Snack Bar will be open until 10:00 pm on Sunday evenings. If these extra hours are not taken advantage of, the Snack Bar will return to an earlier closing time

**Whipped cream Sculptures**

Bring out your creativity in decorating ice cream! Thursday is the day for a light lunch and a huge dessert. Ice cream socials - make your own sundaes - will be held every Thursday for your dining pleasure. There will be chocolate and vanilla ice cream to choose from; and a host of toppings including chocolate, strawberry, pineapple, whipped cream, and nuts. The social will start at 12:00 in the formal gardens (behind the Campus Center) and will run until 2:30. Those with tax cards will be able to enjoy these weekly coolers at a considerably lower price. So give yourself a treat and come before, after, or on your way to class.

This four page guide to the SUMMERACT program is designed to serve you in a number of useful ways.

Hang the Center-Fold on your wall or use it as a desk blotter. Recycled quality paper was used for this purpose.

+++++

An easy to read calendar -- plus four charts -- detail the entire Summer's schedule. It takes a few seconds to find out what movie is being shown tonight or which group is playing on Monday.

A fifth chart lists many of the important phone numbers you might need. Why not use this area as a Summer Directory?

**Wienie Roast**

Why start the summer in a rut? The kickoff event of SUMMERACT is a WIENIE ROAST on Colonial Quad. This is the first time to get together before classes (and work?) begin, so there should be nothing keeping you away. Come to Colonial Quad the evening of June 26 with a pocket full of change (wienies - \$.25; soda - \$.15) and high spirits and be prepared to enjoy!

The Mohawk Campus, a property owned by the Faculty - Student Association, provides an educational, recreational, cultural, and social area for use by the members of the University Community. Activities at Mohawk range from volleyball and softball to horseback riding and swimming, to picnicking and just walking. A 40 acre lagoon, fed by the Mohawk River, provides opportunities for boating, canoeing, and sailing. There is a snack bar located in the main activities building which may be available on a cash basis during

open hour periods (noon-6:00 p.m.).

The Glen House, also owned by FSA, is located at The Glen, New York. It contains 4 living rooms, a kitchen and a bath on the first floor; and bedrooms on the second. The building can accommodate up to 37 persons overnight, at a nominal price. Volleyballs, softball equipment, canoes, and sleeping bags may be checked out from the caretaker. The Hudson River is 100 feet from the house, providing excellent trout fishing, canoeing, wading, picnicking and soul soothing.

Camp Dippikill, owned by the Student Association, is located at Warrensburg, deep in the heart of the Adirondacks. In its center is a 20 acre lake. There are 2 dwellings on the property: a renovated farmhouse and the Camp Dippikill Cabin. For the rugged types, there is a lean-to located on the Dippikill Lake. Two canoes and a rowboat are available; and there is also a sauna bath located on the lake.

Reservations must be made in advance for the Cabin, the Farmhouse, and camping, with the Campus Center staff in room 137 (457-7600).

**Reduced prices . . .**

**Oh What a Lovely War  
The Trial**

This summer, members of the University and Albany communities will have the chance to see live theatre performances without having to travel out of the city! After a 2 year lapse, Arena Theatre is back with 2 performances--Joan Littlewood's theatrical satire, *Oh What a Lovely War* (July 19-22) and Jean Louis Barrault's dramatization of Franz Kafka's modern classic, *The Trial* (July 26-29).

SUMMERACT has purchased a large number of tickets to all performances of each play, and will be selling them at a considerably reduced rate. For an activities card holder, one ticket for any performance of either production will be \$1.95; and \$2.25 for a non-card holder. A combination sale (1 ticket for each play) will be \$3.50 for card holders and \$3.75 without. (Regular Theatre Department price is \$2.50 for a single performance and \$4.00 for a combination).

Tickets can be obtained at the SUMMERACT table in the Campus Center lobby NOW. Phone reservations can be made by calling 457-6766 between 10 am and 3 pm.

P.S.-Both theatres in the Performing Arts Center are air conditioned!

**Midweek Mohawk**

Get away from it all, spend your Wednesday afternoons at the Mohawk Campus. SUMMERACT is presenting a mid-week semi-lecture series in this beautiful setting, that should prove enlightening and refreshing.

We all know what it's like to bring in the car for a minor rattle or shake; only to be presented with an astronomical bill that covers everything but the original problem! **Tim Smith**, a local auto lover, is in the process of starting his own business. He will speak on basic auto theory in a talk entitled "Auto mechanics for the Volkswagen". (The talk will not, however, be limited to the Volkswagen).

He will also give some helpful hints about what the average Joe

can do to his car in the way of preventative maintenance. This talk will be held on June 28.

The afternoon of July 12 will be devoted to a discussion of the projects of the Atmospheric Sciences Department as well as the Dudley Observatory and our stations at Whiteface and Yellowstone. **Roger Cheng** a member of the Atmospheric Sciences Department, will be leading the discussion and will employ films and slides to illustrate.

The saying "A picture is worth a thousand words" is true...only if the picture is taken correctly. On July 19, **Jon Henry** of the Educational Communications Center, will spend the afternoon talking about color photography. He will show some of his own work, demonstrate correct techniques, and field questions.

All presentations will begin at 2:00 pm at the new Mohawk conference facility. Directions can be obtained at the information desk or by calling 457-6923.

If you need transportation, SUMMERACT will be running a bus that will arrive in plenty of time for the talk. The charge will be \$.25 with tax, \$.50 without. Watch the SUMMERACT bulletin board for further information.

# The University Mourns...

by Ed Deady

Outside the Campus Center the sky was a clear blue, brushed occasionally by white. The sun glowed down on a perfect day, a lazy, breezy day. You could hear the fountain's unceasing din above the sound of people talking and a dog's bark. An excited squeal broke out briefly from one of the many groups seated and standing idle on the podium and around the fountain. It was noon and many students were spending their free moments between classes enjoying the good weather, good talk and good friendship and feeling life that only a day such as yesterday could bring.

In the Campus Center Ballroom, on the second floor at the top of the stairway going up from the main lobby, there were still vacant seats. Only a few people stood by the main doors, not from necessity, but for convenience. Findlay Cockrell stopped playing the piano, and Rabbi Bernard Bloom gave the invocation for those eleven Israelis who "died on the field of peaceful competition." The Albany County District Attorney Arnold Proskin rose to speak about the eleven new martyrs and the six million old one, who hopefully have made us all more aware of the need for brotherhood and peaceful relations among nations. He felt we had enough martyrs and did not need any more. "Martyrdom must cease," said Proskin.

President Benezet spoke next, condemning hatred and the feuding among people and nations as being "senseless" and "without resolve." He expressed hope and prayers for the people of the world and stressed the importance of the university in working to end hatred by bringing all people together. There was silence in the ballroom.

The next speaker read a poem written with the Olympic massacre in mind. It was composed by Reverend Harvey Bates of University Chapel House and entitled "Munich and the Day of Atonement." The poem spoke of the cruel, hating and wicked ways of us human beings, and of a hope that someday we will rid ourselves of this hatred, and atone for what has been done in the past. Except for a few shedding tears, it was quiet in the ballroom.

Leonard Weiss, an attorney from the Albany Jewish Community Council and Mayor Corning of Albany also addressed the gathering and condemned the dastardly killings and the senseless wars that plague our world today. They too hoped for peace and a time of friendship and brotherhood for people of all nations. There was silence in the ballroom.

Then a psalm was read and a Kaddish by Rabbi Zimand and it was quiet in the ballroom.

Outside one could hear the unceasing din of the fountain above the sounds of people talking and a dog's bark. But there is no need to go on. You cared. You were there. You know how it felt.
