

COUNCIL ON ACADEMIC ASSESSMENT (CAA)

Report

The Council on Academic Assessment met on November 1, 2022, to identify Council and Committee Chairs: Benjamin Yankson agreed to serve as Chair of the Council, Penny Strobeck as Chair of GEAC, and James Boswell as the Chair of APRC.

The Council discussed the current CAA roster: It was noted that CAA is currently functioning with a smaller roster than required by University Senate by-laws. Notably, CAA is short by two members who need to be both Senators and members of the teaching faculty. CAA will work with Senate Chair (Sydney Faught)and Vice Chair to identify additional people who would be qualified to serve in CAA

CAA assigned members to sub-committees: Each member of the Council was asked to identify which Committee they would prefer to serve on, either Academic Program Review Committee and General Education Assessment Committee
