Mr. Otto Kirchheimer

Silver Spring, Md.

My dear Kirchheimer:

I think this is just excellent and I am most grateful to you for having shown it to me. It shows the problem, or rather the problems, in Franz' life, and a lot of understanding on your part.

I am terribly sorry there ^{was} ~~is~~ no chance of seeing more of you, but I have a feeling that my visits to the United States are likely to be frequent in the next few years and maybe we can make up next time for what we did not do this time.

All the best from both of us to the whole family.

Yours ever,

*When are you coming to
England?*
