Alexander N Cartwright, Ph.D.
Provost and Executive Vice Chancellor
State University of New York
State University Plaza
Albany, NY 12246

Dear Dr. Cartwright,

On behalf of the faculty at the University at Albany, I am pleased to transmit the attached proposal of revision to change our existing B.A. program in Sociology by adding concentrations in 'Criminology' and 'Families and Communities'. Courses in these concentrations are subsets of the existing curriculum with no changes made to program content that would impact any linked programs.

This proposal has been fully considered and approved through our campus governance system. Should there be a need for additional information or clarification to facilitate processing, please contact Celine LaValley, Assistant to the Vice Provost for Undergraduate Education at clavalley@albany.edu.

Thank you for your consideration and assistance.

Sincerely,

Darrell P. Wheeler, PhD, MPH, ACSW
Interim Provost and Senior Vice President for Academic Affairs

Program Revision Proposal: Changes to an Existing Program

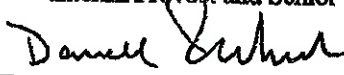

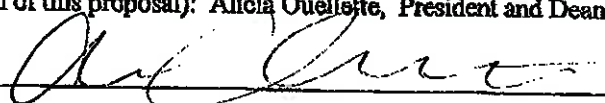

Form 3A
Version 2016-10-13

SUNY approval and SED registration are required for many changes to registered programs. To request a change to a registered program leading to an undergraduate degree, a graduate degree, or a certificate that does not involve the creation of a new program,¹ a Chief Executive or Chief Academic Officer must submit **a signed cover letter and this completed form** to the SUNY Provost at program.review@suny.edu.

Section 2. Program Information

Section 2.1. Changes in Program Content

No changes in program content. *Proceed to Section 2.2.*

a) Check all that apply. Describe each proposed change and why it is proposed.

- Cumulative change from SED's last approval of the registered program of one-third or more of the minimum credits required for the award (e.g., 20 credits for associate degree programs, 40 credits for bachelor's degree programs)
- Changes in a program's focus or design
- Adding or eliminating one or more options, concentrations or tracks

We are proposing offering two areas of concentration within our major: Criminology and Families and Communities. These two areas draw from existing areas of strength among our departmental faculty and are in areas that typically draw a great deal of student interest. To complete a concentration, students will need to take 9 credits of coursework at the 300 level or above from a set of courses that correspond to these areas of study. In addition, students will need to take a specific, 400-level "capstone" course. While we will promote these concentrations to our interested students, students majoring in sociology will not be required to complete a concentration (i.e. they can still complete a General B.A. in Sociology). An increase in the required number of 300 level credits in the General B.A. is proposed to meet NYSED requirements for upper division work in baccalaureate degree programs.

³ If the partner institution is non-degree-granting, see SED's CEO Memo 94-04

- Eliminating a requirement for program completion (such as an internship, clinical placement, cooperative education, or other work or field-based experience). Adding such requirements must remain in compliance with SUNY credit cap limits.
- Altering the liberal arts and science content in a way that changes the degree classification of an undergraduate program, as defined in [Section 3.47\(c\)\(1-4\) of Regents Rules](#)

b) **Provide** a side-by-side comparison of all the courses in the existing and proposed revised program that clearly indicates all new or significantly revised courses, and other changes.

Please see Appendix A

c) For each new or significantly revised course, **provide** a syllabus at the end of this form, and, on the **SUNY Faculty Table** provide the name, qualifications, and relevant experience of the faculty teaching each new or significantly revised course. NOTE: *Syllabi for all courses should be available upon request. Each syllabus should show that all work for credit is college level and of the appropriate rigor. Syllabi generally include a course description, prerequisites and corequisites, the number of lecture and/or other contact hours per week, credits allocated (consistent with [SUNY policy on credit/contact hours](#)), general course requirements, and expected student learning outcomes.*

Not applicable

d) What are the additional costs of the change, if any? If there are no anticipated costs, explain why.

Implementing these proposed revisions will not require any new faculty hiring in the next three years. In the past two years the sociology department has brought in four new, full-time faculty members. Three of these faculty members conduct research and teach in the areas of our two proposed concentrations, which will ensure that courses needed to complete the concentration are taught frequently.

Section 2.2. Other Changes

Check all that apply. Describe each proposed change and why it is proposed.

- Program title
- Program award
- [Mode of delivery](#)

NOTES: (1) *If the change in delivery enables students to complete 50% of more of the program via distance education, submit a [Distance Education Format Proposal](#) as part of this proposal.* (2) *If the change involves adding an accelerated version of the program that impacts financial aid eligibility or licensure qualification, SED may register the version as a separate program.*

- [Format change\(s\)](#) (e.g., from full-time to part-time), based on SED definitions, for the **entire** program
 - 1) State proposed format(s) and consider the consequences for financial aid
 - 2) Describe availability of courses and any change in faculty, resources, or support services.
- A change in the total number of credits in a certificate or advanced certificate program
- Any change to a registered licensure-qualifying program, or the addition of licensure qualification to an existing program. **Exception:** Small changes in the required number of credits in a licensure-qualifying program that do not involve a course or courses that satisfy one of the required content areas in the profession.

Section 3. Program Schedule and Curriculum

- a) For **undergraduate programs**, complete the *SUNY Undergraduate Program Schedule* to show the sequencing and scheduling of courses in the program. If the program has separate tracks or concentrations, complete a *Program Schedule* for each one.

Please see Appendix B.

NOTES: The *Undergraduate Schedule* must show **all curricular requirements** and demonstrate that the program conforms to SUNY's and SED's policies.

- It must show how a student can complete all program requirements within [SUNY credit limits](#), unless a longer period is selected as a format in Item 2.1(c): two years of full-time study (or the equivalent) and 64 credits for an associate degree, or four years of full-time study (or the equivalent) and 126 credits for a bachelor's degree. Bachelor's degree programs should have at least 45 credits of [upper division study](#), with 24 in the major.
- It must show how students in A.A., A.S. and bachelor's programs can complete, within the first two years of full-time study (or 60 credits), no fewer than 30 credits in [approved SUNY GER courses](#) in the categories of Basic Communication and Mathematics, and in at least 5 of the following 8 categories: Natural Science, Social Science, American History, Western Civilization, Other World Civilizations, Humanities, the Arts and Foreign Languages
- It must show how students can complete [Liberal Arts and Sciences \(LAS\) credits](#) appropriate for the degree.
- When a SUNY Transfer Path applies to the program, it must show how students can complete the number of SUNY Transfer Path courses shown in the [Transfer Path Requirement Summary](#) within the first two years of full-time study (or 60 credits), consistent with SUNY's [Student Seamless Transfer policy](#) and [MTP 2013-03](#).
- Requests for a program-level waiver of SUNY credit limits, SUNY GER and/or a SUNY Transfer Path require the campus to submit a [Waiver Request](#) –with compelling justification(s).

- b) For **graduate programs**, complete the *SUNY Graduate Program Schedule*. If the program has separate tracks or concentrations, complete a *Program Schedule* for each one.

NOTE: The *Graduate Schedule* must include all curriculum requirements and demonstrate that expectations from [Part 52.2\(c\)\(8\) through \(10\) of the Regulations of the Commissioner of Education](#) are met.
