Clifford C. Shoro (left) retiring from State service, receives a gift from Dr. Herman E. Hilleboe, State Commissioner of Health. Mr. Shoro was Director of the Office of Business Administration in the State Health Department and a former president of the Civil Service Employees Association. A farewell dinner in his honor was held at the Shaker Ridge Country Club, Albany, on September 30.

CSEA Plans Wage-Rise Drive, With Committees Blanketing Entire State

ALBANY, Oct. 6 — The rising cost of living has aroused the civil servants in the State to undertake a campaign for a salary adjustment to equalize the growing disparity between their pay checks and their rent, fuel, food and other bills. Spokesmen for State and local employees state they have long felt they have been the forgotten men in the American economy, never having received a wage adjustment commensurate either with their services or with rising price levels.

Urges Presentation of Viewpoint
Jesse B. McFarland, president of the Civil Service Employees Association, in a letter to all conference and chapter presidents, urged that they organize their units to present the viewpoint of the civil servant to the public.

"We have no desire to be another contributor to the inflationary spiral," Mr. McFarland said, "but we are conscious that unless we make our point of view known we are very apt to be overlooked in the pressure of other business. The civil servant is also a person and in his personal life has to meet the high cost of living. Food, medical care and educational costs have become so high it is becoming an increasing source of worry and discontent to many valuable State servants. Few civil servants live extravagantly,

and money worries cannot fail to interfere with the efficient production which the public has a right to expect from its employees. In a great many homes there is not only the fear of illness but frank discussion as to whether a college education for the sons and daughters can fall within the family budget."

McFarland Letter

Mr. McFarland's letter follows: "Deep and detailed study by the salary committee of economic conditions and the direct impact of inflation upon the standard of living and general welfare of public employees indicates plainly that emergency adjustments in salaries provided thus far for public workers did not suffice to meet the present living costs, the highest in the history of our nation, nor to care for family and community responsibilities of the present era.

"The need to deal justly with public servants as to the salaries paid for their services is vitally important to citizens generally since without proper compensation it is not possible to recruit or to retain efficient workers. We hold that the public service calls for the best brains and highest degree of industry to maintain efficiency and integrity.

"So long as we have inflation

for those within our society who are dependent upon wages or salaries in private or public endeavor — and these make up well over 80 percent of our people — it is plainly imperative that there must be sound balance between salaries and wages and the costs of goods and services.

"The State and local subdivisions cannot intelligently continue to require that their public servants contribute their service to government at substandard salary rates while the earning of employees in private employment are kept in line with dollar purchasing power.

The Initial Plea

"This letter is the initial plea in our 1952-53 salary adjustment campaign. I ask that in your conference and chapter unit you immediately appoint a special 1952-53 salary campaign committee. I am directing that every present resource of Association headquarters be used to the maximum in aiding local committees with facts and suggestions and material to bring to public attention the need of maintaining the income of civil servants on a sound basis and thereby contribute to the maintenance of high standards of efficiency in the civil service.

"Please get your committee appointed and ready."

Cut-Rate Plan Opens For Public Employees, with Pledge of Lowest Prices

Informally talked about for many years by public employees, an idea to slash their high cost of living saw reality this week with the establishment of the Employees Cut-Rate Buying Plan, Ltd.

One year in the making, details of this Buying Plan are revealed for the first time on pages 8 and 9 of this week's issue of the CIVIL SERVICE LEADER.

At Lowest Prices

Officials of the Buying Plan announced that they were pledged to offer each week the most serviceable merchandise in the market at prices unavailable elsewhere.

"This can be done," they told The LEADER, "because the Buy-

ing Plan represents the mass purchasing power of up to 600,000 public employees in New York State — the employees of Federal, State, County, City and local jurisdictions."

As examples of the bargains that they expect to offer weekly, Buying Plan officials singled out the following items, all of them advertised in this week's LEADER:

Famous Make Razor Blades, 144 for 74c.
Sessions Alarm Clock, \$2.99.
Featherweight Raincoat, 88c.
Famous Brand Nylons, 58c.
17-Jewel Wrist Watch, \$10.99.
U.S. Army Reject Blanket, \$4.99.
Six-piece s.s. Steak Set, \$1.77.
Genuine Alligator Belt, \$1.44.
U.S. Navy Reject Hose, 5 pr. for \$1.00.

Flannel Lounging Robe, \$2.44.
"The Employees Cut-Rate Buying Plan is without question a major answer to the problem of the civil service worker," the Buying Plan statement continued.

"With the many difficulties that a civil service employee faces these days in getting along on his salary, it is with considerable pride that we announce the details of the Employees Cut-Rate Buying Plan."

Want Needs Made Known

To make the Buying Plan even more valuable to civil service employees, the announcement stated, every effort will be made to tie in merchandise closely to buying needs. Officials therefore urged employees to make known their needs to the Buying Plan, who will in turn endeavor to locate requested merchandise at lowest available prices.

As a hint to keep buying costs down even further, officials further suggested that employees join together in sending in orders so that postage costs for all parties concerned can be reduced.

In addition to the weekly offers, which will be advertised regularly in the Civil Service LEADER, the Buying Plan is offering a catalogue that will be available within the next several weeks, in time for Christmas shopping. This catalogue, officials said, will include close to 1,000 items.

"From girdles to television sets, we will have gifts to answer the Christmas gift shopping problem for every member of a Civil Service worker's family," they state. Details of this catalogue will be found within the Buying Plan ad on pages 8 and 9.

U. S. Aids State; Layoffs Halted In Labor Dept.

WASHINGTON, Oct. 6 — The Bureau of Unemployment Security, U. S. Department of Labor, has approved over-spending by the New York State Department of Labor, to the extent that such action, during the next two months, will prevent additional layoffs. The authority granted, however, does not permit any over-spending to provide for the recall of employees who were laid off, in what is now known as the Division of Employment. It was formerly called the Division of Placement and Unemployment Insurance.

Corsi Asked Aid

The letter from the U. S. Bureau was the result of representa-

tions by State Industrial Commissioner Edward Corsi. On behalf of Mr. Corsi, a letter was addressed to that Bureau by Milton O. Loysen, executive director of the State division who received the reply.

The U. S. approval was based on the expectation that claims for unemployment insurance will increase in the late fall. The New York Department of Labor gave assurances that, if past experience repeats itself, there would be such a rise. The New York officials added that the caseload has been dropping steadily, hit a low of 154,000 when the layoffs were ordered, and last week reached 138,000. But the upswing is expected to start soon.

State Troopers Entitled To Unemployment Benefit

ALBANY, Oct. 6 — New York State Police troopers are in the classified State civil service and therefore entitled to unemployment insurance benefits, according to a recent referee's decision in a case involving a trooper who had lost his job.

Question of Civil Service Law

The trooper had been denied benefits by a local unemployment insurance office on the assumption that he had been employed in the unclassified service, which is not covered for jobless benefits. This assumption was based on the fact that the State Civil Service Commission, which sets qualifications and conducts examinations for classified civil service jobs, has no jurisdiction over the State Police, these functions being expressly

vested by Section 215(2) of the Executive Law in the Superintendent of State Police.

The referee points out, however, that section 9 of the Civil Service Law, defining the unclassified service, does not include members of the State Police, and, furthermore, expressly provides that the classified service shall comprise all persons not included in the unclassified service. He therefore concludes that "the members of the State Police are in the classified service" and the claimant is eligible for benefits.

Supporting his decision, the referee cites the case of Andresen V. Rice, 277 N.Y. 271, wherein the Court, on page 275, definitely rules that the State Police is in the classified service.

Jr. Tax Examiners Won't Have to Travel on Own Time

ALBANY, Oct. 6 — Junior tax examiners who must travel great distances to reach their work will be doing so during working hours, the State Department of Taxation and Finance told The LEADER this week.

The announcement of the solution to the Tax Department travel problem is an example of the settlement of an employee grievance through the use of grievance machinery within the department.

Heretofore junior tax examiners, whose regular place of employment is Albany but who often were sent to Buffalo, Rochester and other upstate areas to assist local offices during filing periods, had to travel on Sunday.

This was required by the fact they had to report to work early Monday morning.

Although about 60 such employees are scheduled out of the Albany office of Tax and Finance, not all of them were concerned in the grievance, since some of them traveled relatively short distances and could make the trip Monday morning.

Starting Hour Moved Back

The department has now determined that, in cases where employees must spend many hours in travel, their starting hour on Monday will be moved back to allow them time to reach their destination without using Sunday for traveling.

In other words, employees signed out for Buffalo or Rochester, for example, will not be expected at their desks in those cities until noon or later on the day they are to report.

State Civil Service Head To Present Art Prizes

ALBANY, Oct. 6—The Art Show Committee of the Civil Service Employees Association, at a meeting in Albany, announced that J. Edward Conway, president of the State Civil Service Commission, would officiate at the ceremonies formally opening the Second Annual art show to the public on October 15, at the Albany Institute for History and Art, 125 Washington Avenue, Albany. Judge Conway will award the prizes to those artists whose paintings have been selected by a special prize jury as meriting special award.

The prize jury, composed of Mrs. E. Riva Fisher of Poughkeepsie, Stanley Bates of Craryville, and James V. Gilliland of Schenectady, will convene next week at the Albany Institute to make their selections. Prizes to be awarded will be:

OILS: first prize, \$75; second prize, \$50; third prize, \$20; fourth prize, \$10.

WATERCOLORS: first prize, \$50; second prize, \$25.

SCULPTURE-CERAMICS: first prize, \$25.

In addition, there will be one honorable mention in each class.

All invited
All artists and their friends who submitted works of art for exhibition, whether or not their paintings were selected, are invited to attend the preview. A radio broadcast of the event is being planned.

Of High Calibre

Joseph Rothman, chairman of the Art Show Committee, in a statement today said, "This year's art show has been credited by some who have already seen the selections as being of a very high caliber. It is one which does great credit to the painting being done

by the public employee. Also," continued Mr. Rothman, "we regret that in a juried show every offering cannot be selected. The judges, who were such prominent artists and critics as Fletcher Martin of Woodstock, Joseph Trovato of Utica and Lawrence R. McCoy of Manchester, Vt., were given a hard task in picking the works of art to be shown. It is hoped that the decision of the judges will not discourage anyone who is interested in increasing his artistic skill."

Krumman Urges Vote

ALBANY, Oct. 6 — Fred J. Krumman, president of the Mental Hygiene Employees Association, urged all employees of the Mental Hygiene Department who are members of the Civil Service Employees Association to cast their votes in the current CSEA election.

"That election is important to us all," Mr. Krumman said. "As employees of the State, we all have a stake in the outcome. As American citizens, we must make our voice felt in our own organization."

CIVIL SERVICE CHAPTER CONTRIBUTES ART PRIZE

ALBANY, Oct. 6 — The Civil Service Department chapter, Civil Service Employees Association, was among those chapters which have contributed toward the prizes being awarded in the Second Annual Art Show of the Civil Service Employees Association.

At a meeting of the St. Lawrence chapter, Civil Service Employees Association, John F. Powers, 1st vice-president of the CSEA, explains some of the Association's functions. Listening are, (left) Mrs. Glenn W. Miller and Mr. Miller, former president of the group; on the right, State Senator Paul D. Graves and Supervisor Joel M. Howard of Waddington.

Speed Urged on Pay Appeal Of State Hospital Attendants

ALBANY, Oct. 6 — Jesse B. McFarland, president of the Civil Service Employees Association, has called for an early favorable decision on the appeal for salary increases by more than 11,000 State civil service employees in the attendant groups in State Mental Hygiene institutions.

In a letter addressed to J. Earl Kelly, director of Classification and Compensation, Mr. McFarland stated that the facts presented at a hearing held in March substantiated the need for the higher salary allocation requested and that the employees affected were vitally interested in an early favorable decision.

The Changes Asked

The appeal was for change of attendants from grade 2 to grade 4; staff attendants from grade 4 to grade 6, and supervising attendants from grade 6 to grade 8. The appeal was based upon many semi-professional and skilled services performed in caring for the over 100,000 mentally-ill wards of

the State, the hazards, the long hours of work, the better pay recognition accorded for this work in other jurisdictions, and the justification for higher allocation within the present State salary structure.

Much Disturbed

Mr. McFarland's letter: "The Association is much disturbed by lack of action in this matter of the appeal of the attendant group of the Mental Hygiene Department for upward salary allocation.

"This appeal was presented to you on March 12, 1952. A most excellent and complete presentation of facts substantiating the need for the higher salary allocation was made by the employees. They filed extensive briefs. They presented a petition signed by many thousands in the attendant titles.

"Communications from the employees indicate a vital interest in this matter.

"Will you please advise the present status of this appeal affecting over 11,000 employees?"

H. F. Brumm, Of Public Works, Dies Suddenly

ALBANY, Oct. 6. — Herman F. Brumm, District Engineer of the Hornell District of the New York State Department of Public Works, died suddenly early last Wednesday at Pittsfield, Mass.

Mr. Brumm, widely known among State employees, was born at Tonawanda, New York, in 1890, and has served with the State Department of Public Works since 1912. In common with many of his associates in the Department, he progressed from a humble position in the organization to the rank of District Engineer, a position he assumed in 1936.

Lauded by Tallamy

In speaking of the sudden loss, Public Works Superintendent Tallamy referred to a letter which he sent to Mr. Brumm only a week ago on the occasion of the completion of 40 years of service in the Department. In his letter Mr. Tallamy said,

"This year marks the 40th Anniversary of your first employment with the Department of Public Works.

"A span of 40 years is a considerable period in the life of a man; a period in which you have undoubtedly accumulated many fond memories. For you these memories must be highly satisfactory because through your ability, hard work, study and close attention to the Department's needs and programs you have made substantial progress.

Mr. Brumm is survived by his wife and one daughter, Mrs. Louise Zannieri, of Eggertsville, New York, where she resides with her husband and two small children.

Park Rangers Appeal Pay Case

ALBANY, Oct. 6 — The Park Rangers, whose appeal for reallocation from grade 5 to grade 8 was turned down by the Division of Classification and Compensation, have decided to appeal their case to the appeals board. The case has been so forwarded.

The State Employees Vs. the Salary Lag

With tactics learned over years of experience, and with a sensitivity to the importance of grass-root local opinion, State employees are mobilizing their forces at the local level to help obtain an increase in their salaries. The program, in which every chapter of the Civil Service Employees Association will join, will have as its aim the clear presentation of the facts — they're plain, simple, understandable facts — of the salary lag which public employees suffer. The LEADER will, in succeeding issues, present these facts, too, showing how the civil service family is affected. Every employee must consider himself part of the campaign, do what he can to enlighten his neighbors and his community. Only in this way will the full impact of public opinion be brought to bear upon the legislature and the administration's negotiators.

Grievances of State Aides Quietly Settled Locally

ALBANY, Oct. 6 — An example of the settlement of employee grievances within the department is a recent decision announced by Dr. Arnold Kilpatrick, director of Hudson River State Hospital.

In this instance some 200 employees working a day shift complained that their hours of work caused hardship in traveling to and from work at the institution.

These workers had been scheduled to work from 8 a.m. to 12 noon, and from 1 to 5 p.m. The intervening hour was lunchtime.

They complained of difficulty in arranging car pools and of the impossibility of getting a bus into town.

The solution was arrived at by allowing the employees to shorten their lunch period to one-half hour and leave the hospital at 2:30.

Settlement in Departments

While the State Personnel Relations Board has handled but three cases at the top level, it reports many cases pass through some phase of the machinery established in accordance with Gov.

Dewey's executive order which set up the whole procedure.

A Case in Public Works

The "cumbersome" grievance machinery, as it has been called by critics, apparently worked in favor both of the Department of Public Works and some of its employees in the only case to be handled formally as a grievance in that agency.

A group of employees felt they were entitled to overtime which had not been paid. After exhausting routine administrative avenues in seeking redress, the group and the department decided to use the grievance machinery.

When the matter reached the appointed employee-employer panel that body became interested and went out on its own to make a complete study of the entire situation.

"So thorough was their report and set of recommendations," a PW spokesman told The LEADER, "that the employee case was shown to be correct but also means of avoiding the abuse in the future were established."

Last Call to Laborer Jobs Upstate

Aspirants for laborer jobs in Greene and Schoharie counties may apply Wednesday, October 8, at Gilbao Road, Prattsville.

Only applicants who live in the county where the job is located will be appointed. The employer will be the City of New York. The Department of Water Supply, Gas and Electricity has watershed jobs in those and other counties.

The schedule for other counties: Thursday, October 9, Dutchess county, Department of Water Supply, Gas and Electricity Hudson River Pumping Plant, Chelsea.

Friday, October 10, Putnam county, Department of Water Supply, Gas and Electricity office, Route 6, Belden Road, Carmel. Application hours are 2 to 4 P.M.

The pay is \$1,990 a year, for 302 days' work.

Social Worker Jobs Open At \$65

Social worker jobs, starting at \$3,411 and reaching \$4,212 in five years, will be filled by the State through an exam that opened on Monday, October 6. The closing date will be Friday, November 7. The written test will be held Saturday, December 13.

Vacancies exist in NYC and elsewhere.

Requirements

The requirements are a bachelor's degree or equivalent education; in addition, either a year's experience in paid social work within the last five years, or, instead of such experience, a year's graduate study of social work. An equivalent combination of the experience and training will be accepted. The State Civil Service Commission decides what is acceptable.

The application fee is \$3. The exam is No. 6238.

High Post in Conservation Goes to Hyde

ALBANY, Oct. 7 — Conservation Commissioner Perry B. Duryea has announced the appointment of Solon J. Hyde, of North Chatham, to the position of Superintendent of the Bureau of Forest Fire Control. Mr. Hyde takes over the position left vacant by Kinne F. Williams, recently appointed as Assistant Director of the Division of Lands and Forests.

Many Years of Experience

For 13 years, Mr. Hyde has held the title of Supervising District Forest Ranger, with headquarters in the Conservation Department's Albany office. In this capacity, he has been acting as immediate supervisor of the Department's Forest Fire Control forces. A graduate of the New York State College of Forestry in 1919, Mr. Hyde was first employed on the Forestry Staff of the St. Maurice Paper Company, Three Rivers, Quebec, and for five years thereafter was District Ranger for the Conservation Department, operating out of Middletown.

'Ideal Choice'

Commenting on this appointment, Commissioner Duryea said: "This is not merely a routine appointment, nor a routine promotion. Mr. Hyde's practical experience in Canada as well as in our own State makes him an ideal choice for this important position — particularly at the present time. He takes over at a period when the fire hazard, mainly because of the 1950 hurricane, is greater than it has ever been in the history of our State. But in view of the fact that for the past year Mr. Hyde has been in immediate charge of the development of plans, and of the training of our Rangers to deal with major fires, we consider ourselves very lucky indeed to have him available for this appointment."

Big Exams Broaden Effect Of Veteran Preference

By H. J. BERNARD

WITH THREE of NYC's largest exams in under way or about to open, the rules concerning veteran preference, equally applicable to all NYC and State tests, become a matter of concern to many thousands of veterans. Some have long cherished a desire to become a member of the police force; others have wanted to be fireman; still others sanitationmen and try for promotion to one of the jobs in which they can ride around in a chauffeur-driven car.

Under the law as it now stands, the preference consists of points added to earned scores, but added only after the candidate has passed the exam. In open-competitive exams — such as those patrolman (P.D.), firemen (F.D.) and sanitationman, class B — disabled veterans get 10 extra points, non-disabled veterans, 5 points.

Must Be "War" Veteran

It is not enough to have served in the armed forces of the U.S. Although the term "veteran preference" is almost invariably used, what the law provides is that one must be a war veteran. For present practical purposes that would include service during any part of World War II and the Korean conflict.

Dates become important. The World War II period is December 7, 1941 to September 2, 1945, while the Korean conflict, which for veteran preference purposes is a "war," begins June 25, 1950, and ends whenever the conflict ends. Service in the armed forces of the U.S. anywhere, during the Korean conflict period, constitutes one a Korean veteran, no matter how short the duration of that service. It is unnecessary to have been in the combat zone or even to have left the shores of the U.S.

Residence and Citizenship

The benefit does not apply in labor class exams, or any other exams in which percentage scores do not figure, because premium points can not be added in the absence of merit points.

To gain any veteran preference the applicant must have been a resident of New York State when inducted into the armed forces. He must be a resident of the State and a citizen of the U.S. when the list is established. Also, he

CIVIL SERVICE

NEWS

Letter

THE STATE DEPARTMENT of Mental Hygiene's special attendants' uniform committee has come up with a proposed new uniform which will be shown soon to workers. Following visits to institutions from which complaints regarding the present uniforms had been received, the three-member special committee met with several clothing manufacturers in an effort to come up with a satisfactory design. Among the principal complaints listed against the attendant uniform now in use were the matter of the collar and the shape of the skirt. As far as the tentative new uniform is concerned, both of these features have been improved in line with employee suggestions. Mrs. Margaret Farrar, director of Mental Hygiene public relations; Mrs. Cecelia Abrahamer, assistant director of nursing, and Daniel Shea, secretary to the Mental Hygiene Commission, who comprised the special study committee, have decided upon a detachable collar "of new, attractive design."

The proposed new skirt will be gored while the present is straight cut. It is hoped the gored skirt will remove complaints from other-than-slender females who objected to the fit of the one now used. As far as cost is concerned — and the attendants buy their own uniforms — the proposed new outfits will be in about the same price range as those now used, Mrs. Farrar said. "We are definitely trying to come up with a new uniform at no increase in price if we can," she stated.

Plans now call for two samples of the proposed outfit to be photographed — one being worn by a slender model and the other by a heavier model. Copies of each photograph will then be sent to the directors of each institution from which complaints were heard. A final decision won't be reached upon the adopting of a new attendant uniform until employee reaction from all of these institutions have been received. No change has been proposed in the color of the uniform — the present deep blue apparently will remain. The material is to be of high quality chambray and will have "good launderability."

This latter characteristic, according to the department, is of extreme importance due to the already heavy burden being carried by-institution laundry plants.

LOOK FOR the establishment of a Committee on Retirement Policy for Federal Personnel. Committee will study all retirement systems in the U. S. service, including the military. It will report (1) types and kinds of retirement benefits now being provided; the necessity for special benefit provisions in certain cases; relationship of the various retirement plans to each other, to old-age and survivors insurance; and suggest policies to be followed by the Government. The chairman will be appointed by the President. Also serving on the committee will be the Secretary of Defense, Director of the Budget Bureau, and other Federal bigwigs.

grant any extra points) does not count against the veterans; he may use the point credit no matter how often he may have benefited by the primary advancement on the list that the old law allowed.

No eligible is compelled to use his preference points, even though they've been granted to him. He may withdraw his preference claim at any time prior to the establishment of the list or even after the list is out, but before he is appointed or promoted to a job. By that time he knows where he stands on the list, and whether he needs the points to obtain early appointment. He may prefer to save the points for a promotion exam, even though their value is halved, or for some other open-competitive test, in which they are not halved. But once the eligible notifies the Commission what his choice is, that decision becomes irrevocable.

In all cases one must prove war service, so in dealing with Civil Service Commissions, one should always bring his discharge paper. The discharge must have been under circumstances other than dishonorable.

VA Pension Required

For disability preference the applicant must also prove that he is receiving a disability pension from the Veterans Administration. In some instances a disabled veteran is receiving a pension, say, from the Army, which is not the VA, and the disability preference benefit under civil service would not apply; but it is possible to apply to the VA to take over at least a part of the pension payments to qualify the applicant on this score. The disability must have at least a 10 per cent rating, under any circumstances, but there would be no VA pension unless that were so.

There must be some recent proof of the existence of disability. In general, under court rulings, a VA medical examination held within a year of filing the application to take the exam, is required, unless the veteran has a permanent, stabilized war-incurred disability. For instance, if a candidate had lost a leg in the war, there would be no reason to examine him medically to determine whether the disability still exists.

The number of claims of point preference which any candidate may make is unlimited, but the preference may be used only once. If the eligible's name is on other lists, too, the preference credits are taken away from him, on these other lists, but he should make sure to notify the Commission if he had used his credit. If he tries to defraud the Commission, by remaining silent, and especially if he attempts to use the point credit twice, he becomes subject to penalties, including dismissal.

Irrevocable Decision

Any preference gained under the previous law (which did not

S. does not, but requires that the mail be in its office by 5 p.m. of the closing date. Because of curtailed collections, NYC residents should actually do their mailing no later than 6:30 p.m. to obtain a postmark of that date.

NYC does not issue blanks by mail or receive them by mail except for nationwide tests, and then only when the exam notice so states.

The U. S. charges no application fees. The State and the local Civil Service Commissions charge fees, and at the same rate fixed by law.

Shoro Given Farewell Fete By Health Dept. Workers

ALBANY, Oct. 6—The Shaker Ridge Country Club was the scene on September 30 of a farewell reception and dinner for Clifford C. Shoro, retiring Director, Office of Business Administration, State Health Department.

Highlights of the affair included greetings and the presentation of a Health Department gift to Mr. Shoro by Dr. Herman E. Hilleboe, Commissioner, and the presentation of a Civil Service Employees Association tribute by Jesse B. McFarland, CSEA president. Other entertainment included a play in five scenes titled "A Streetcar Named Retiree," written and directed by Dr. Arthur Bushel, of the Dental Bureau, and Daniel Klepak, Office of Business Administration. The cast of well-chosen thespians included Irving Goldberg, Sylvester Bower, Mr. Klepak, Paul Robinson, Robert Winchester, Virginia Clark, Mr. Bushel, Robert French and Eugene Cahalan.

Association Staff Has Its Clambake, Too!

ALBANY, Oct. 6—The weatherman was kind to the staff at Association headquarters for their annual clambake held on Tuesday, September 23rd, at Thacher Park. The optimistic employees and their guests left Albany in what appeared to be an all-day drizzle, but arrived at the park with bright sunlight flooding the entire area.

There were many stars in the softball game played. Faustine Spencer and June Henry showed unusual skill as pitchers, but were replaced by Larry Hollister and Hank Galpin when their pitching arms gave out. Bill McDonough and Phil Kerker caught several flies in the outfield, but nursed lame muscles for the next two days. "Dutch" Lochner and "Beaver" Fisher succeeded in keeping first and second bases clear most of the time, although Rugby rules were somewhat in evidence.

Hollister Prepared Bake

Larry Hollister did a fine job in preparing the bake, despite the leaky steamer, and the fresh air of the Heiderbergs made everyone do justice to the delicious meal. Later in the evening, singing was enjoyed around the fire, with Jesse

NYC Employee Pension Question Answered

ARE members of the NYC Retirement System, retiring under age 65, required to repay any outstanding loans obtained from the system before retirement? L. W. Answer. — No, this was formerly required, but the law has been changed so that members

retiring under age 65 may have their retirement allowance reduced by as much annuity as the loan amount would have purchased. The city-paid pension remains intact. At age 61, for example, a \$1,000 loan would reduce the annual retirement allowance by about \$100.

Activities of Civil Service Employees in N.Y. State

Onondaga

THE ONONDAGA chapter, Civil Service Employees Association, extends its congratulations to Mary Cavanaugh, deputy auditor of the City of Syracuse, who retired after 53 years of service with the city. On Tuesday, September 30, Miss Cavanaugh was honored by Mayor Corcoran of Syracuse at ceremonies at City Hall, where she was presented with a television set from her fellow employees.

She was also honored at the recent clambake of the Onondaga chapter, CSEA, when she was

given a double strand of pearls. And on her 71st birthday on September 24 she was entertained in the Persian Terrace of the Hotel Syracuse by members of the State Department of Audit and Control, when gifts were presented by co-workers.

Congratulation also to Mr. and Mrs. Justin King (Mabel King of the Sales Tax Department), who celebrated their 25th anniversary on September 30. Mr. King is a deputy sheriff in the Criminal Division at the Court House.

Manhattan State Hospital

SEVERAL employees at Manhattan State Hospital who do not receive 7½ percent compensation for extra hazardous or arduous duties have requested that J. Earl Kelly, director of Classification and Compensation, give attention to this situation. The MSH chapter, CSEA, will sponsor a resolution to be sent to the Association in Albany to get corrective legislation.

Among those who attended the last meeting of the Metropolitan Conference at Creedmoor State Hospital were Pat Geraghty, Elizabeth McSweeney and John Wallace. They presented the following resolutions:

1. 40-hour work week, without loss of pay.
2. 37½-hour work week for all office employees, without loss of pay.
3. Freeze in of past salary increases to basic salary.
4. 15 percent salary increase to meet the high cost of living.
5. Free toll privileges for non-resident car owners at MSH.
6. More liberal pension program, a 25-year service, no age limitation, optional retirement plan for Mental Hygiene employees.
7. A progressive personnel relations tribunal which will have

power to hear, resolve and recommend sound settlement of employee grievances and complaints.

Manhattan State Hospital is host to the second session of the Nurses Workshop. Nurses from various State hospitals in the NYC area are attending these meetings, which began on September 29. The second workshop group met on October 6.

Get well wishes are extended to Elwood DeGraw, chapter president of Kings Park State Hospital. Mr. DeGraw recently suffered a heart attack and must take things easy for some time.

Every member of the Association is urged to vote in the coming elections. All members have been mailed ballots, but if anyone has mislaid his, another may be obtained from John Wallace. Ballots must be returned by October 14.

The MSH chapter is endorsing Jesse McFarland for president; John P. Powers, 1st vice president; Charles D. Methe, 2nd vice president; J. Allyn Stearn, 3rd vice president; Joseph F. Feily, 4th vice president; Robert L. Soper, 5th vice president; Charlotte M. Clapper, secretary, and Harry Fox, treasurer.

Council Unit Holds Pension Aid Hearing

Strong arguments by representatives of employee groups and Ralph L. Van Name, former secretary of the NYC Employees Retirement System, persuaded the Finance Committee to ask Comptroller Lazarus Joseph and Budget Director Abraham D. Beame to estimate the cost of providing minimum pensions for retired NYC employees. The committee held a public hearing on Councilman Edward Vogel's bill to provide the benefit. Nobody appeared in opposition.

The speakers recalled that the voters approved the policy of granting pension increases to those receiving pittance allowances, the maximum addition under the bill would be only \$25 a month, no pension would be brought beyond \$1,200 through such aid. The State already has mailed out checks under its aid plan. The Vogel bill follows the patterns of the State law, which authorizes NYC to grant benefits.

Chairman Charles E. Keegan presided. Besides Mr. Van Name, who retired recently and wouldn't be benefited by the bill, speakers included John E. Carton, president, Patrolmen's Benevolent Association; Philip F. Brueck, CIO; Frederick Q. Wendt and Daniel P. Cronin, Civil Service Forum; Mark Murphy, High School Teachers Association; James Gagen, NYC Veteran Policemen's Association, and Charles McKee, Retired Firemen's and Policemen's Association. Howard P. Barry, president, Uniformed Firemen's Association, submitted a brief.

Social Welfare

THE FIRST FALL meeting of the Social Welfare chapter, CSEA, was held on September 29. The new president, Frederick H. Grimm, presided. Other chapter officers are: Willard F. Johnson, 1st vice president; Sid Honigsberg, 2nd vice president; Gladys Brown, treasurer, and Jessie Lockwood, secretary.

The chapter's unit representatives are: Virginia Corrigan and Mandel Schwartz, accounting; Alice Kelly, Sally Champagne and Ida Cole, administration; Adam L. Russell and James E. Mahony, office administration; Arnold Heart and Jane Flynn, research and statistics; Marie Maguire and Margaret Sayers, welfare and medical care; Mercedes Lovegrove, Rosemary Fay, institutions, and Patsy Russo and Andrew Smith, area 4.

Mandel Schwartz is chairman of the membership committee and Carolyn Viall is publicity chairman.

At the meeting tentative plans were made for a fall party.

Harry O. Page, who has resigned as Deputy Commissioner in the State Department of Social Welfare, was given a farewell party by his associates on September 25. There were about 180 people present. A mahogany cocktail table was presented to Mr. Page by the staff.

Mr. Page was appointed Deputy Commissioner of the Division of Welfare and Medical Care on August 1, 1945, and continued in that position until his resignation on September 16. On October 1, Mr. Page took up his new duties as Associate Director of Community Research Associates, Inc., 58 Park Avenue, NYC.

September 30. Because many employees were on vacation, attendance was not too good. However, the meeting was a successful one. The members were addressed by Colonel Frank J. O'Hare, officer in charge and control of the Armory.

President William J. Maher reported that the National Guard Officers Association will support the chapter's resolutions, to be introduced into the State Legislature by Assemblyman Frank J. Becker, chairman of the legislative committee to recodify the military law.

Mr. Maher has had a strenuous schedule lately, traveling to and from Peekskill, attending the National Guard Convention at Albany, and going to Denver for the National Convention of Officers. Congratulations to Martin H. Traub on his recent promotion to superintendent of the 187th Field Artillery Armory.

Jack DeLisi, chairman of the entertainment committee, would like to have all returns in for the annual dinner-dance by October 18. No tickets will be sold at the door.

STOP HEADLIGHT GLARE! ACTUALLY SEE AFTER DARK!

GONE FOREVER! Blinding Headlight Glare—the number one cause of traffic accidents in New York today! Read this amazing story of how science conquered this "one unpreventable" accident!

DO YOU DRIVE YOUR CAR AFTER DARK? Do you know that 4 out of 5 fatal smash-ups are caused at night . . . to SAFE, careful drivers who are trapped . . . blinded . . . and killed by the headlights of another man's car?

Here is the first full story of how you can completely avoid that blinding headlight glare . . . avoid those night driving accidents . . . how you can actually drive at night with almost full daylight safety!

How many times this month have you been completely blinded by the headlights of another car? How many times have you been blinded when you were driving 30-40-50-miles an hour . . . when you were in the middle of a dangerous intersection . . . when you were turning a sharp curve or corner? Yes, how many times this month have you been forced to trust your life—and the lives of your family—to a driver who doesn't even have the sense to dim his headlights?

Five years ago, three of the country's top optical experts decided to tackle this problem of headlight glare. They immediately discovered that all of the common remedies were either useless or actually dangerous. These experts discovered that there was only one sure way to protect yourself against this blinding night glare—a piece of optically colored glass worn by you, yourself—that filters out the glare from these headlights in exactly the same way that a pair of sunglasses filters out the glare of the sun.

These Accidents Can Be Avoided

Do you know that now you can avoid all these risks? Do you know

that during the last five years over 70,000 drivers have found a new way to protect themselves against this headlight blindness? That these drivers have tested and proved an optical instrument that actually makes the brightest headlights as easy to take as "dims! Here is that amazing story:

These experts discovered that scientists had developed such a glass—that many of the leading

automobile manufacturers, such as Buick, Cadillac, Oldsmobile, Lincoln and Chrysler—were equipping their special deluxe models with special glare-resistant windshields. However, the cost of this glass on these special cars was necessarily \$20-\$50.

To avoid these costs these experts took this special glare-resistant glass and built it into a pair of Night Driving Glasses that could be worn by any driver. Since they eliminated all rays of glare, the experts called them RAYEX Night Driving Glasses. Here are some of the amazing results they discovered when they tested them.

This Is How Night Driving Should Be

1. WITH THESE RAYEX Night Driving GLASSES, you can look directly into the brightest headlights. You will see the headlights as pale amber discs—but you will not see the glare. You could pass an entire line of fifty cars, and not even squint.

2. WITH THESE RAYEX Night Driving GLASSES your eyes will be protected against any intrusion of glare. They will not have to adjust themselves to constant flashes of light. You will actually be able to see better . . . clearer . . . and farther with them on than you could see without them. You will see dark objects more quickly. You will react more quickly to the pedestrian who darts out of a side street . . . to the dark bumps in the road that ruin your tires.

3. SINCE THESE RAYEX Night Driving GLASSES PROTECT YOUR EYES AGAINST STRAIN, you will not suffer from dangerous night driving headaches. You will be able to drive as much as 400 miles in a single night without feeling the slightest strain. You will not be tired after short rides. And, above all, tired, strained eyes will not cause you to fall asleep at the wheel. You may make even the longest trips with absolute confidence. ORDER TODAY! Use coupon at left.

Willard State Hospital

NEWS ITEMS from Willard State Hospital chapter, CSEA:

All bowling leagues are off to a good start for the 1952-53 season. There are two men's leagues, Hospital League and Indian League, composed of eight teams each. There is a ladies' league of four teams. The Hospital League is operating on the four-point system this year, and last year's last place North Wing team is leading with eight points won and no losses. North Wing's captain and league president, Carlton Sweet, together with William Latimer, is the pillar of the team, with a 160 average. Last year's champions, the Engineers, started the season

Dr. Charles E. Niles, supervising psychiatrist at Hudson River State Hospital, who has been appointed assistant director at the Pilgrim State Hospital, Brentwood, L. I.

with a four point win but dropped four points the next week, leaving them with a .500 average. Harold Reed of the Engineers shot a scratch 573 on opening night. Last season's high average kegler, William Stockdale, started with a cool 542 for a 180 average and looks to be the most dangerous man this year. Bill has but few games of 200 and over, but what a bouquet he has from 175 to 190 during the 28-week season.

The Indian League is starting off more bunched. The Onondagas and Mohicans are leading, each with four won and two lost. This league still uses the three point system. Last year's winners, the Senecas, are leading by several hundred pins on total pins, but due to a very low handicap, the higher handicap teams are nosing them out on games won. Dagwood Jordan reports that he has lost his hook. If anyone finds it, kindly return to "Daggy," c-o the Carpenter's team.

In the ladies' league, Elliott Hall is leading with a 7 won and 2 lost standing. This league also uses the three point system. Dot Moses leads the ladies with a 144 average, and Florence Stockdale and Mary Collins follow, with 141 and 139 respectively. Though Marie Baley is fourth with 132, those who will be bowling Willard State Hospital this winter can expect better competition.

State Insurance Fund

THE STATE Insurance Fund Glee Club has held several very successful rehearsals. The Glee Clubbers are having so much fun they want to remind Fundites that applications are still available, and the bigger the turnout the more enjoyment there is. No talent is needed. Come and join with your co-workers in song. See any of the Glee Club officers, or its musical director Bill Dillon.

Chapter efforts to organize the State Fund Blood Bank have at long last been realized. The employees have been circularized and asked to signify their intention of donating. If enough Fundites so signify, the Red Cross will arrange for a bloodmobile. Everyone knows the patriotic purpose of the Blood Bank and an enthusiastic response should be forthcoming for this reason alone. The blood will also be available to Fundites and their families in time of need. Everyone is urged to submit his name to his departmental representative promptly.

The Bowling League has been going full blast for several weeks. Mallia and Flamholtz have had individual high scores of 227 and 236 respectively. At the end of the meet on September 23, the top three teams were Policyholders, Payroll and Claims Seniors.
