## Candidates for Election to 1954-55 Office In the Civil Service Employees Association

The following biographical sketches have been submitted to The LEADER by candidates running for election or re-election to office in the Civil Service Employees Association. Where photographs of candidates do not appear, the candidates have not submitted them. Biographical sketches of incumbents are listed first, but the order in which the sketches appear has no significance.

### JOHN F. POWERS Candidate for President

JOHN F. POWERS has been President of the Association for the past year, and is a candidate for re-election to that office. He is a senior underwriter in the New York office of the State Insurance Fund and resides in Freeport, L. I.

Thoroughly familiar with the diversified problems of public employees by reason of his twenty-nine years of State service, he has developed a complete understanding of the needs and desires of those in public employment. He has been a constant advocate of increased employee benefits and improved working conditions, and has worked diligently to achieve them.

His comprehensive knowledge of the administration and internal operation of the Association has been acquired in the offices of Vice President and President of the New York City Chapter, as a member of many State-wide Association Committees and during nine years he has served as Association Vice President.

Mr. Powers has taken a lively interest in civic affairs. He was Director of the Security Federal Credit Union, is a member of the Freeport Volunteer Fire Department, and Freeport Council K. of C. He was recently elected Chairman of The National Conference of Independent Public Employee Organizations, a group devoted to public employee welfare on a nation-wide basis.

### THEODORE C. WENZL Candidate for President

TED WENZL is a graduate civil engineer from Rensselaer Polytechnic Institute and earned his doctor of education degree at Columbia University. At college he distinguished himself in sports, music and leadership in many organizations. He has traveled extensively throughout the United States and Europe.

Dr. Wenzl advanced himself through competitive examinations to his present position, Director, Division of School Financial Aid in the State Education Department. His division is responsible for the annual distribution of some \$328,000,000 in state and federal funds.

Dr. Wenzl is active in civic affairs, serves on many school committees and is president of the Delmar Public Library. Some of his principal civil service activities in recent years include: President, Capital District Conference; President, Education Department Chapter; Chairman, State Grievance Committee; Education Department Representative, and as a member of the Association Board of Directors he has served on the budget, salary, plaque and nominating committees.

In his professional work Dr. Wenzl is an active member in numerous federal and state organizations and serves on the Education Department forms and administrative management committees. He has been a member of his department bowling team for fourteen years and plays first base on the softball team.

Dr. Wenzl is running for election on an 11-point program, including more equitable salary conditions, modernized retirement, and a campaign for wide extension of fringe benefits.

### JOSEPH F. FEILY Candidate for First Vice-President

MR. FEILY, Chief Clerk, Division of Treasury, Unemployment Insurance Benefits Section, Department of Taxation and Finance, is married and lives in Albany.

Active in civil service affairs since 1938, helped found the Tax Chapter in 1946, served as its Vice-President for one and President for two terms. He is now serving as First Vice-President of the Association, having completed terms as Fourth and Fifth Vice-President.

Mr. Feily's interest in civic affairs is evidenced by participation in numerous organizations and activities. He was President of Rensselaer Junior Chamber of Commerce; State Vice-President Junior Chamber of Commerce; and in 1941 was awarded Distinguished Service Medal for outstanding civic work. He was Chairman of the Rensselaer Infantile Paralysis Campaign for two years and Troop Chairman of Boy Scout Troop No. 71 for two years.

Before entering the Army during World War II, Mr. Feily was Secretary to the Rensselaer Defense Council and Chairman of City's Rationing Board. He has been member of Boy Scouts, Red Cross and European Relief campaigns. He belongs to Legion Post 1683 and is an exempt volunteer fireman. He is a member of Holy Name Society and other church organizations. Currently President of New York State Employees' Softball League and member of Civil Service Employees Bowling League.

Mr. Feily received B. A. Degree from Holy Cross College, attended the Public Administration Course, Graduate School, New York University.

### RAYMOND G. CASTLE Candidate for First Vice-President

RAYMOND G. CASTLE offers a record of leadership and accomplishment to his fellow workers. He joined the CSEA the same day he came to the Commerce Department as Regional Manager of the Syracuse office. Since then he has worked devotedly in promoting the aims and ideals of the Association through his work with the Chapter, Conference and State Association.

Ray is Vice President of the Central New York Conference. He has completed four years as President of Syracuse Chapter, declining re-election for a fifth term. He has served as chairman of the special committee to investigate the need for an Association office in New York City. Currently he serves as chairman of the State Education Committee.

In civic affairs, Ray has eight years as Director of Syracuse Advertising and Sales Club, President of the Syracuse Council of Service Clubs, and as District Governor for all Toastmaster Clubs in New York State and Eastern Canada.

Last year he was General Chairman of the Annual Career Day Program in Syracuse High Schools.

Recently he received a scroll in recognition of his efforts in the 1953 Onondaga County Red Cross Drive. The basis for this award is contained in the Secretary's report to the American National Red Cross, which read in part as follows:

"One of the finest campaigns (\$391,000) in the Chapter's seventy two year history—his spirit and enthusiasm was reflected in the high zeal of the 3,500 workers."

This should be sufficient to illustrate the sincerity and energy he devotes to a task. All who know

him respect him for his personal qualities. He is a friendly, sincere person with a quiet sense of humor, and is above all a gentleman.

### ROBERT L. SOPER Candidate for Second Vice-President

ROBERT L. SOPER was born in Newark, New York in 1908, attended the public schools there and graduated from the University of Notre Dame in 1930. He married Marie Schramm in 1933 and they are the parents of Bob Jr., attending the United States Military Academy, West Point, and a student nurse at Philadelphia General

Hospital. Chuck, a High School Sophomore and Matt, a sixth grade student.

After employment as Instructor in Psychology and Education at Mt. St. Charles College, he began State service in 1932 at Newark State School. He transferred to Wassaic State School in 1940 as Senior O. T.

Mr. Soper joined the Association in 1933; was elected President of Newark Chapter in 1933, 1934, 1935; vice-president in 1946, president in 1947 and 1948; President of Wassaic Chapter in 1949 to 1954. He was elected treasurer of the Southern Conference six successive times.

# Judge Rips Into Nassau Cop Exam, Knocks Out Questions As 'Arbitrary, Capricious'

MINEOLA, L.I.—Nine Nassau County cops were awaiting final disposition of an exam early this week in which they got a rare court decision overturning questions on a civil service exam. The result is that all or most of the nine will become sergeants.

The decision was a slashing, biting attack upon two exam questions devised by the State Civil Service Commission, in a decision by Supreme Court Justice Philip Huntington. So outraged was the judge that he invoked the unusual criterion, "arbitrary and capricious," in knocking down the questions.

The State Commission had devised the exam for the Nassau County Civil Service Commission. Nine Made It

Some 20 men who had made grades of 72 to 74 had originally brought the matter of the disputed question to the attention of the State Civil Service Commission. As a result of lengthy conferences with State Civil Service Commissioner Alex A. Falk, papers were regraded, and of the original disputants, nine got immediate promotions to sergeantcies.

The group that remained decided to take the matter to court, retaining Harold Herzstein of Long Beach as counsel.

The examination consisted of 100 multiple-choice questions, with each question having four possible answers.

## Judge Rips In

In hammering away at the questions, Justice Huntington said:

"Concededly, the court may not interfere in these civil service matters, because it entertains a different opinion of what the best answer is . . . but the court may intervene where the 'key' answer is arbitrary, capricious, or just plain wrong . . ." Then the judge applies this test, and rips apart three questions:

## Not Reviewable

Question 51 read: "Evidence of facts from which the commission of a crime may be inferred is called: A. circumstantial evidence; B. direct evidence; C. presumptive evidence; D. preferential evidence."

Said Judge Huntington: "Answer A, the key answer, is not wrong, and neither is C, the selection contended for by the applicants. The most that can be said, is that it is an unfortunate inclusion of two alternatives, either of which might be chosen by an examinee who knows the subject, but who is unsuccessful in reading the examiner's mind. However, when the answer is not actually wrong, the administrator's decision of what constitutes the 'most acceptable' answer, under the law, must be adopted as final; and it is under this ruling that question 51 is not reviewable in this proceeding."

## Recreation Question

While the judge thus gives a sour glance at the question he is unable to review, this is not the case with the two other questions, into which he thrusts an unusually sharp harpoon.

Question 55 read: "Police departments themselves have gone into the recreation field in the interest of crime prevention principally because: A. the usual municipal recreational activities are planned for children

who conform; B. it enables them to apprehend delinquents, who might otherwise not be caught; C. they possess the equipment and trained leaders to do the job; D. it provides a balance and understanding for the police officer to have such an association." The official key answer was A.

The judge commented: "In none of the authoritative literature which has been furnished to the court is the 'key' answer (A) suggested as the correct answer, and while the answer contended for (D) does not tell the whole story, since it puts the emphasis on the police officer's understanding, instead of the mutual understanding of both policeman and youngster, it at least approximates the truth."

Question 61 read: "Police administrators sometimes fail to react favorably to ideas and suggestions presented by employees. Of the following reasons for lack of administrative action or for unfavorable action on a suggestion, the most justifiable would be that A. The police administrator has not acted on the recommendation of a disinterested staff member assigned to review the suggestion; B. the suggestion has been improperly prepared or presented; C. the police administrator is too busy with regular business matters to give time to the consideration of suggestions made by staff members; D. previous suggestions made by the same employee have not been worthwhile." The key answer was B.

Said Judge Huntington: "Since the preliminary statement does not postulate that the idea or suggestion was a good

one, the most natural and justifiable reason for rejecting it would seem to be that it was no good. If we assume that the suggestion did have merit, the suggested answer seems preposterous. I am not sure what the answer (A) means. It has an awkward sentence structure so that we cannot tell whether it means he has not acted because no action was recommended by a staff member; or that he has not acted although action was recommended by a staff member. If it means the former, and probably that is the intended meaning, then that would be an entirely justifiable reason for inaction, whether the idea has merit or not."

## Pending Action

Frank T. Jennings, executive secretary of the Nassau County Civil Service Commission, was not certain, at presstime, how the papers would be re-rated. There were two possible methods: (1) the disputed questions could be eliminated; or (2) than one possible key answer could be considered acceptable.

Taking part in the legal action were the following:

Eugene P. Connaughton, Levittown; William F. King, Mineola; Bernard P. Nelson, New Hyde Park; William P. O'Toole, Massapequa; Charles A. Varney, Franklin Square; Edwin M. Meers, Glenwood Landing; Thomas P. Parrini, Wantagh; Donald R. Ramme, Mineola; Stanley N. Reiser, Franklin Square.

The exam was held in April. There are sufficient sergeant vacancies so that all the men who pass through the re-rating could expect immediate promotions.

Post-high school study of engineering, physical science, mechanical maintenance or a related technical subject may be substituted for the experience requirement, on the basis of one year of education for nine months' experience. Training in a repair or replacement parts school may also be credited.

# GOP, Democrats Issue Civil Service Planks Differing Widely on Many Employee Goals

The Republican and Democratic parties last week unveiled two decidedly different approaches to civil service in New York State. The Republican plank in general terms affirmed that efforts would continue to modernize the civil service, and recounted administration achievements. The one specific item dealt with the integration of social security with the State Retirement System.

The Democrats issued a more detailed program, including among other things extension of the 40-hour five-day week, "exploration" of a prepaid health insurance system, and repeal of the controversial Condon-Wadlin anti-strike law.

The complete civil service platforms of both parties follow below:

## REPUBLICAN

In 1942, the starting salary of the State employee was a very sorry \$900 a year; today it is \$2,320. In 1942, the average salary of State employees was \$1,700; today it is over \$3,900. The biggest program of job and salary reclassification in the history of the State is now being completed to bring and keep State pay in line with those paid in business and by other government employers.

The economic recognition involving nine major salary readjustments in twelve years is only one phase of our administration's constant effort to enhance the security of State employees and to maintain the excellence of personnel under the merit system. We liberalized the retirement system and provided for Social Security for those who are not members of the retirement system.

In the institutions, we established a basic five-day 40-hour week.

We reorganized the Civil Service Commission, centering administrative responsibility in one person. The first thorough-going revision of the Civil Service Law in more than 40 years is nearing completion. The rights of State employees in the armed services have been safeguarded. The problem of keeping our government free from subversives and those of doubtful reliability has been dealt with successfully and fairly. We have instituted an aggressive recruitment program, completed a record number of examinations, and established training programs to develop future administrators.

We pledge continuing support of the merit system and increasing efforts to maintain the quality and welfare of the 80,000 men and women who work in civil service.

We support integration of the best features of the social security program with the State Retirement System, to enhance the economic security of public employees and their families.

**SPOT NEWS** of civil service happenings, with forecasts of what will happen, is found weekly in the Newsletter column. By all means, read it!

## DEMOCRATIC

We, in the Democratic party, specifically pledge the following:

Reversal of the policy of making political jobs out of positions that rightfully and lawfully should be competitive and nonpolitical. Pay based on the value of the services rendered, with equal or similar pay scales for those doing work requiring the exercise of equal or similar responsibility and skill.

State salaries that keep pace with the increasing cost of living.

Vigorous efforts to extend the five-day, 40-hour week as uniformly as possible throughout the State civil service.

Establishment of a sound labor relations policy as proposed in the section on labor.

Initiation of a full-scale in-service training program, providing widespread opportunities for advanced and higher paying positions as one of the most effective means of not only promoting the most capable employees, but improving the quality of State service.

Sober vigilance and effective action to keep Communists and other conspirators against our democratic forms of government out of government, ever mindful that the rights of public servants are entitled to be protected against reckless and politically inspired invasion.

Exploration of plans to establish a prepaid contributory health insurance system for our 78,000 State employees; such a plan would reserve to each employee freedom of choice as to doctors and include provision for placing the system on a fee-for-service basis.

Repeal of the unworkable Condon-Wadlin Act. By very reason of the fact that strikes of public employees are intolerable, such employees must be given the right to have their grievances considered and settled under collective bargaining principles and critical disputes solved through effective mediation and fact-finding procedures.

Intensive recruitment and training (including in-service training) of professional staffs in our mental hospitals.

## To: Irving M. Ives and Averell Harriman

Gentlemen: The Republican and Democratic campaign platforms are insufficiently specific on several matters of great interest to all State, City, county, town and village employees in New York State. One of you will be the next Chief Executive. Your views on these matters are therefore of crucial importance to all public employees, of whom there are 600,000 in the State. We would appreciate your answers to these questions.

1. What kind of labor relations machinery do you favor? How much employee participation should be in the process? Should this system be installed by executive order or by law? Should the Condon-Wadlin Law be repealed, amended, or left unchanged?

2. Are you willing to recommend to the Legislature an appropriation sufficient to assure adequate and equitable pay for all State employees?

3. Federal employees this year received extensive "fringe" benefits. What is your view concerning the following: (a) extension of unemployment compensation to all employees, State and local, on the same basis as is now enjoyed by workers in private industry; (b) time-and-a-half pay for overtime work; (c) comprehensive workmen's compensation insurance for all civil service employees in all governmental jurisdictions within the State? What other fringe benefits would you recommend, if any?

4. How would you strengthen public employee retirement systems? And what is your view concerning the integration of social security benefits and the retirement systems (without of course impairing the contractual obligations of the present system)?

—EDITOR.

## Harriman, Ives Invited To Talk At CSEA Meeting

ALBANY, Sept. 27 — The two candidates for Governor of New York State have been invited to address the annual meeting of the Civil Service Employees Association in Albany, October 13. A telegram addressed to Averell Harriman, the Democratic standard-bearer, and Irving Ives, the Republican nominee, pointed out that public employees now comprise ten percent of all workers in New York State, and that, therefore, the stand of the candidates on issues relating to civil service is of enormous importance.

Some 500 delegates, representing the 62,500 members of the CSEA, will be present at the annual event, scheduled for October 13 and 14. On the agenda will be resolutions setting up the Association's program for the coming twelve months. There will be a dinner, and announcement of Democrat.

newly-elected officers. There is one precedent for the appearance of the gubernatorial candidates. In 1950, Republican and Democratic candidates for lieutenant-governor appeared on the CSEA platform and engaged in vigorous debate. The lieutenant-governor candidates at that time were Frank C. Moore, Republican, and Richard H. Balch,

## Taylor Says Claims Clerks Got All The Breaks In U.I. Promotion Examination

ALBANY, Sept. 27—The State Civil Service Commission plans to do nothing further in the case of complaints from Unemployment Insurance claims clerks about the examination for claims examiner.

Oscar M. Taylor, President of the State Civil Service Commission, feels that "every possible consideration" was given the clerks, and that the examination itself was a good one. Writing to Henry Shemin, chairman of the Metropolitan Conference, CSEA, Mr. Taylor said:

"Actually, every possible consideration short of guaranteeing promotion was accorded claims clerks being given their last chance for preferential treatment in the filling of claims examiner positions. The Division of Employment had urged that they be admitted to one last examination even though their work was not considered adequate preparation for the claims examiner positions, and it was not in the public interest to exclude better qualified candidates."

Describing the "breaks" given the promotion candidates, Mr. Taylor continued:

They "were not required to meet education and experience requirements demanded of open-competitive candidates. Secondly, they needed only to barely pass the examination in order to receive consideration for appointment above even the highest scoring open-competitive candidates. Thirdly, the tests used were not selected on any theoretical or academic basis but as a result of a trial of a number of tests on present incumbents of claims examiner positions. Fourthly, in the actual examination the scoring was unusually lenient, thus giving the promotion candidates a much larger advantage over the open-competitive candidates than if strict scoring standards had been applied."

Mr. Taylor admitted that many complaints had been received, in individual letters, group letters, and letters to the Civil Service LEADER. All had been fully answered, he told Mr. Shemin.

## NYC Gets 6 More Tests Under Way

The NYC Civil Service Commission has ordered one open-competitive and five promotion tests. As soon as application dates and minimum requirements are decided they will be published in The LEADER. The exams:

Open-competitive — assistant electrical engineer (railroad signals), Transit Authority.

Promotion — analyst (school planning), Board of Education; assistant electrical engineer (railroad signals), Transit Authority; inspector of lumber, grade 4, Board of Education and Comptroller's Office; junior civil engineer, Fire Department; chief probation officer, City Magistrates; Domestic Relations, Special Sessions Courts.

NAER TORMID SOCIETY HONORS DECEASED FIREMEN

The Naer Tormid Society of the NYC Fire Department held its 27th annual memorial exercises for deceased firefighters of all faiths at the Jewish Theological Seminary. Delegations from Philadelphia and Newark, representatives of the Shomrim Society, NYC Police Department, and Naer Tormid members heard addresses by Fire Commissioner Edward F. Cavanagh Jr., Fire Chief Peter Loftus and Dr. Simon Greenberg, vice chancellor of the Seminary.

#### ACTIVITIES OF EMPLOYEES IN METROPOLITAN AREA

##### New York City

A BANNER meeting of the New York City chapter, CSEA, was held on Thursday evening, September 23, at Willys Restaurant. Officers for the year 1954-55 were installed; plans were set for further increasing chapter membership, which is now at an all-time high; the relationship of the parent body with the chapter was discussed at length; and two candidates for CSEA office were heard. A minute of silence was observed for Michael L. Porta, recently-deceased former president of the chapter.

The officers were installed by Maxwell Lehman, editor of the Civil Service LEADER, who also analyzed the recent advances in "fringe" benefits for public employees, and foresaw this area as the next forward advance for State employees.

The newly-installed officers are: Solomon Bendet, President; Max Lieberman, 1st Vice-President; Al Corum, 2nd Vice-President; Samuel Emmett, 3rd Vice-President; Joseph J. Byrnes, Treasurer; Margaret M. Shields, Secretary; Elvira Hart, Corresponding Secretary.

Theodore Wenzl, candidate for CSEA president, and John O'Brien, candidate for 3rd Vice-President, addressed the group. Present, too, were Harold Herzstein, regional counsel, and Charles R. Cuyler, CSEA field representative.

Mr. Bendet reviewed the chapter's work for the year and posed the current problems. Mr. Emmett, chairman of the membership committee, urged renewed efforts to build the chapter. He said present chapter membership is 3,786, largest in the State.

## THE STATE SCENE

RUTH B. Nelson of Margy State Hospital rolled up a high score of 99.55 without the benefit of veterans points in a recent State exam for supervisor of occupational therapy (psychiatric) at \$5,090 a year. Here are names of the top four candidates for promotion to corporation tax examiner: Harry Luber, NYC; Albert J. Miller, Albany; Bernard Schorr, Brooklyn, and Alfred M. Lew, Buffalo. All are veterans. Morris Weitman of the Bronx has scored a first in a State open competitive exam for employment interviewer. His score was 107.60, including 10 points as a disabled veteran.

WATCH for an appointment shortly in the State University of a financial secretary at \$5,360 a year. The Mental Hygiene De-

partment wants the position of transfer agent in the NYC office placed in the non-competitive class. The State Civil Service Commission has been asked to okay increasing the number of assistant corporation counsels in NYC from 82 to 88. All are exempt jobs.

BRIEFS — Harold N. Weber, Public Service Commission employee in New York City, has a new provisional appointment as hearing examiner. Gerald T. O'Connor, Albany, was the only successful candidate taking a State test for head printing clerk recently. The opening is with the Labor Department. Two Parole Division employees have won non-competitive promotions as senior typists: Robert J. Rennie and Kathryn D. Rigsbee.

## Both Platforms Are Disappointing

IT MUST be bluntly said that the platform statements on civil service issued last week by the New York State Republican and Democratic parties are both disappointing. The usual airy generalities pervaded both statements, although the Democratic planks were somewhat more specific on a number of items.

Neither platform considered the question of time-and-a-half pay for overtime work or liberalization of the retirement system (although the Republicans urge more work on integration of social security and the State Retirement System). The Democrats mention the need to explore the idea of a prepaid contributory health insurance system, but that is as far as either platform goes in the direction of dealing with "fringe" benefits. It is hard to see how these "fringes" could have been overlooked in view of the recent wide extensions at the Federal level. The importance of extending unemployment insurance by legislative action to employees of towns, counties and villages is not mentioned in either platform. The Democrats say they will work for a better grievance setup, something much to be desired, and they also come out flatly for repeal of the Condon-Wadlin anti-strike law, which all civil service organizations bitterly fought when it was being debated. However, neither platform goes into any detail on public employee labor relations, nor mentions the key requirement of employee participation in any such plan.

The matter of salary is treated much too cavalierly. It would have been all to the good for the platform makers to consider recommending appropriation of funds to assure adequate and equitable pay. Other items, such as comprehensive workmen's compensation insurance for all civil service employees in all government jurisdictions within the State, weren't even approached in the platforms.

We can only hope that the candidates, in the course of campaign debate, will develop their thinking on these subjects. The LEADER is asking and shall continue to ask them pertinent questions.

## A New Maturity In Nassau County

TWO years ago, The LEADER carried an editorial deploring the sad state of public employee labor relations in Nassau County. It is good to be able to report solid advances in that county, including a far more mature attitude among County officials on employee grievances.

Last week, representatives of the Nassau chapter, Civil Service Employees Association, met with Deputy County Executive George Freir. The discussion lasted two hours, the employees presenting their case for: salary increases, bonus freeze, raises for per diem workers, coverage under social security, a new reclassification and compensation plan, the five-day 40-hour week without loss of pay. The conversation was forthright, with the marshalling of factual evidence to support the employees' case. The County has not yet made up its budget, and presumably the results of this negotiation will find its way into the budget.

The County is learning, as other units of government have learned, that good employee relations makes for more efficient operation of services; that negotiation is a valuable procedure; that public employees have much to offer that executives should take advantage of; and, most important, that organized employees don't have horns.

### PLAUDITS FOR DONORS TO PILGRIM BLOOD BANK

Editor, The LEADER:

Several years ago, it was my misfortune to be taken seriously ill. I was confined at two different hospitals for 16 weeks, during which time I received 30 blood transfusions. As you know, blood is a very expensive item when it has to be bought, and it is not always available when needed. Some good friends volunteered as donors, but under the two-for-one setup, it was not possible to recruit sufficient donors for my needs. As a result, most of the blood had to be paid for.

During my convalescence, I wondered why an institution with as many employees as Pilgrim State Hospital could not have its own blood bank. I promised myself that some day this would become a reality.

At a recent meeting of Pilgrim chapter, Civil Service Employees enthusiastically received Dr. Harry Association, the proposal was en-J. Worthing granted permission to canvass the hospital for donors. More than 500 pledges were received from employees of almost every department.

On September 14 a mobile unit of the Inter-County Blood Bank, at Jamaica, spent six hours at Pilgrim processing 249 donors. As donors had been requested not to eat for four hours prior to their appointment, the CSEA chapter provided lunch for them. Because of the large number of donors, all could not be accommodated in one day, and another session with the mobile unit will be held in October.

All this could not have been accomplished without the fine teamwork and cooperation of everyone concerned. Special thanks are due Mrs. Mildred Currier and Larry McDonald, who helped to schedule the donors and obtain necessary equipment; to Kurt Rhinehardt, for the excellent lunch he prepared; to Dr. Worthing, the honorary chairman, and all the donors who patiently waited their turn.

PERRY E. BENDRICKSEN  
Chairman, PSH Blood Bank Committee

### A BIRD IN THE HAND IS BETTER THAN —

NYC and State employees who got pittance pay raises this year may think they have a right to squawk. How about us Federal workers who still have to "wait and see" if Congress and the President will grant us any raise at all next year?

DISGRUNTLED  
Long Island City.

### 'FRINGE BENEFITS' MAKE PAY RAISE VETO PALATABLE

Editor, The LEADER:

I'm one Federal employee who doesn't regard the pay raise veto as a catastrophe. The increase is certain to be granted next year. In the meanwhile, invaluable "fringe benefits" have come our way, and they, in the long run, may be worth more than a couple of extra dollars in pay envelopes now. Next year, we'll have both fringe benefits and higher pay checks.

Syracuse, N.Y. A.C.G.

### FREE TOLLS FOR SOME? THEN FREE FOR ALL

Editor, The LEADER:

State employees who use the Thruway for official business are going to be reimbursed for tolls. I'm glad to read, but another group of State employees whose only means of getting to work is on a toll facility must continue to pay toll fees out of their meagre pay checks. The non-resident car owners at Manhattan State Hospital have repeatedly petitioned State officials, NYC officials and the Triborough Bridge Authority for free use of the bridge, which is the only way to Wards Island for vehicles.

Result: nil. Why is Commissioner Robert Moses more adamant than the Governor of New York State?

HOSPITAL ATTENDANT

## Looking Inside

By H. J. BERNARD

FEDERAL EMPLOYEES are practically assured of a raise, although a delayed one. The new Congress will vote a raise, as the last one did, though the terms may be different. This time a compromise with the administration's viewpoint is likely, instead of invitation of a veto. Leaders of employee organizations are working toward a raise, instead of haranguing either the administration or any members of the 83rd Congress for the recent disappointment. They realize that President Eisenhower had no alternative save to veto the bill for a raise, when Congress failed to vote an appropriation for the purpose. The President had no authority to grant the raises without having funds with which to defray their cost. Also, these leaders realize there is no point in antagonizing any present or prospective members of Congress.

One of the fringe benefits voted by the 83rd Congress was \$100 for uniforms for those required to wear them. No money was appropriated for the purpose, therefore the benefit can not be granted now; the winter uniform costs will be at the employees' expense, but funds for the \$100 are certain to be voted by the new Congress. This benefit was not a part of the administration's program but originated in Congress itself.

The administration used all its powers to defeat a raise not tied in with a reclassification.

The Federal job situation is almost as much of a jumble as that of NYC. The need for rectification of pay inequities, both for postal and classified employees, is recognized by the U. S. Civil Service Commission and the White House. Establishment of pay rates high enough to make the U. S. competitive with private industry, especially in the hard-to-fill professional, scientific and technical jobs, is one of the principal considerations. The Federal Government has been taking quite a beating in this recruitment area, despite the efforts of the College Federal Agency, which functions now only in the New York-New Jersey and the California areas, anyway. The New York-New Jersey group will meet on October 12 at the DeWitt Clinton Hotel in Albany. Panel discussions will acquaint college professors fully with the opportunities and benefits offered by a Federal career, especially in view of the recently enacted fringe benefits. Dr. John Theobald, president of the Council, and also president of Queens College, will preside.

LEADERS of NYC employee groups find the pattern reclassification liberal in viewpoint, compared to present pay scales and promotion ladders. There is objection to some tendency to rate some jobs too low. The proposed engineering and architectural reclassification rates quite likely will be compromised, in time for the actual slotting of jobs to their pay steps possibly \$200 a year higher. The second proposed reclassification announced deals with the legal service. With these pay rates, employees seem better satisfied.

## Special Police on State Hospital Grounds Have Large Powers of Arrest

ALBANY, Sept. 27 — Attendants and other mental hospital employees don't have to worry about the "authority" they carry when designated to act as special policemen on hospital grounds.

Their authority even includes arresting motorists who speed on a county highway — if that highway happens to pass through the hospital grounds.

This statement comes from Attorney General Nathaniel L. Goldstein, who has ruled that these institution "cops" have "the full power of arrest, which is given duly authorized regular, local police officers."

Only catch is that special hospital police are restricted in the area they can cover — just the hospital grounds plus a mile-wide border.

The employees of the State Board of Equalization and Assessment gave a luncheon in honor of Anna Lanahan of Albany upon her retirement from the State Board after 34 years' service. The luncheon was held at the University Club. Co-workers presented an orchid and a Government bond. Miss Lanahan began her career in State service in the Income Tax Files and later transferred to the Special Franchise Bureau of the Tax Department which became the State Board of Equalization and Assessment several years ago.

## WELFARE CLERKS ASK PROMPT CAREER PAY ACTION

WeFare Local 371, Government and Civic Employees, CIO, in a letter to the Department of Personnel, protested the failure to release the Clerical Service reclassification questionnaire.

The Union pointed out that de-

spite repeated assurances that the Clerical Service questionnaires would be released "shortly," only questionnaires for the smaller services were being circulated, the 25th of which has been issued by the Department of Personnel.

Stating that the employees, assured that reclassification would take place prior to July 1, 1954, were anxious that the commitment be kept, the Union asked for prompt action to implement the reclassification.

# Sanitationmen Threaten Picketing If Pay Request Is Not Met In Full

Mass picketing at City Hall was threatened by Sanitationmen's Local 111-A, Building Service Employees International Union, if a scheduled meeting on October 4, between union leaders and Budget Director Abraham D. Beame does not produce a satisfactory wage settlement for all sanitationmen. Local 111-A claims to represent 6,000 sanitationmen.

A meeting of union workers heard President Eugene Calamari report that negotiations with the Budget Director and Labor Commissioner Joseph E. O'Grady resulted in no change in the offer

by City officials of a \$150 wage settlement. Mr. Calamari felt there is strong indication that a better offer from the City will be made on October 4.

He said sanitationmen's request included an annual rate of \$4,825, based on current working hours computed at a rate of \$2.21 an hour; back pay from July 1, 1950 to June 30, 1954 at a compromise figure of \$500 a man; one rate of pay for sanitationmen; night differential of at least 10 percent, overtime rates at time and one half, and Sunday and holiday rates at double time.

# TWU Unconcerned About Teamsters Organizing Among NYC Transit Men

While the Teamsters claim to be making fast headway in organizing employees of the NYC transit system, the Transport Workers Union maintains that the Teamsters offer no threat to the tightly-organized older union.

Henry Feinstein, president of local 237, City Employees Union, a unit of the International Brotherhood of Teamsters, stated this week that more than 700 motor-men had signed up in the Teamsters organizing drive. "They have each paid their \$3 initiation fee and \$2.50 for their first month's dues," Feinstein said. In addition, he added, large groups of conductors, towermen, porters and busmen are signing up.

## DR. HAUSCHKA TO HEAD CANCER BIOLOGY RESEARCH

ALBANY, Sept. 27 — State Health Commissioner Herman E. Hilleboe appointed Dr. Theodore Spaeth Hauschka as director of the Department of Biology at the Roswell Park Memorial Institute, effective November 1.

In his new position Dr. Hauschka will direct the biological phases of cancer research at the Institute, among which will be an investigation of the hereditary aspects of experimental tumors, the effect of outside agents on the growth rates of cancer and the cancer-producing properties of various substances.

Dr. Hauschka is head of the Department of Experimental Zoology and senior member at the Institute for Cancer Research and Lankenau Hospital Research Institute in Philadelphia.

John O'Connell, administrative assistant to Mike Quill, TWU president, characterized the City Employees Union drive in these words:

"These people have never done anything for the transit employee. All they have to offer is confusion. We are doing nothing about it except to convince our men that they now have the best kind of representation."

Mr. Feinstein's men have already made overtures to the members of the Transit Authority. They have asked for quick recognition, but this has not been forthcoming. The present memorandum of understanding, drawn up between the Transit Authority and the TWU, runs until March 15. Mr. Feinstein stated: "We might challenge the validity of that contract."

Mr. Feinstein insisted that the organizing campaign did not begin with the Teamsters, but with the men in the transit system, who were dissatisfied with working conditions. Immediate objectives of the newly-organized group are: a 40-hour week; 8-hour straight day; annual salary of \$5,200; full 25-day vacation after one year's work; 18 days' sick leave; all payments in current checks.

Five co-chairmen are steering the Teamsters organizing drive: Herbert Radlauer, Hugh T. Quig-

# Metropolitan Conference Hears 1954 Review, Sets Sights for Coming Year

Reports of a successful summer program, a surplus in the treasury and plans for the future highlighted the first fall meeting of the Metropolitan New York Conference, CSEA.

The meeting was opened with a silent prayer for the late Michael L. Porta, active Association and Conference member, who recently passed away.

The membership committee chairman, Al Greenberg, reported a six per cent increase in Conference membership with a total of

12,382 members as compared with the 1953 figure of 11,720. He credited the bowling league of the Conference with having attracted 264 new members. Reports were also heard on the successful summer meeting at Jones Beach and the beauty contest which drew 160 entrants. Plans were discussed to invite the beauty contest winner, Barbara Allen of Central Islip, to attend the annual delegates meeting of CSEA in Albany on October 12-14.

Joseph J. Byrnes, treasurer, reported a surplus in the Conference accounts, and suggested the formation of a budget committee to pass on future appropriation.

## Insurance Increase

Delegates at the meeting were advised of another five percent increase of the value of their Association accident and health policies, bringing the "bonus" to 15 per cent as a result of the low claim ratio on their policies.

Pilgrim State Hospital was welcomed to the Conference, after a period of absence from the group.

Sol Bendet, president of the NYC chapter, spoke on the insurance program of the CSEA; and Henry Shemin, chairman of the Conference, devoted his talk to the important of fringe benefits as the next forward step for State employees.

Guests and speakers at the conference meeting included Dr. Theodore C. Wenzel, candidate for president, and Robert L. Soper, candidate for vice president; Henry Galpin, CSEA salary research analyst, who explained how the Association could help employees in preparing and filing claims; Charles R. Culyer, CSEA field representative, and Arthur Liebers, LEADER staff representative.

The next Metropolitan New York Conference was set for November 13, place to be announced. The names of committees for 1954-55 were announced. They are:

# Southern Conference Enjoys Clams, Studies Resolutions

WESTFIELD, Sept. 27 — The Southern Conference, CSEA, held its fall meeting September 18 at Westfield State Farm and concluded its meeting with a real old fashioned clambake at Katonah Memorial Park.

The clambake committee of Westfield chapter was roundly congratulated for its wonderful job.

The report of the CSEA resolutions committee was read, and Charles E. Lamb, Conference president, asked delegates to particularly note the number of resolutions that were either disapproved, tabled or no report given. The delegates unanimously reconfirmed and readopted all the resolutions previously submitted to the Association's resolutions committee.

## Resolutions

President Lamb said that a complete set of resolutions had been issued, and that those chapters who hadn't received them could get them from the resolutions committee.

Mr. Lamb was instructed to notify the chairman of the resolutions committee, that it was hoped the committee would approve all resolutions submitted by the Southern Conference, inasmuch as they are in the interest of State employees. If necessary for approval, they will be brought before the special meeting of the resolutions committee on October 14, or before the assembled delegates to the annual CSEA meeting.

The forthcoming election of CSEA officers consumed the balance of time at the meeting.

The Southern Conference delegates were briefed on election procedure, and were told they would receive any help or information from the Conference they deemed necessary to enable

## THEY SAY

FREDERICK J. LAWTON, U. S. Civil Service Commissioner: "My own personal belief is that the selection system for postmasters of all classes should be based solely on the merit principle. The requirement for Presidential appointment and Senate confirmation, perhaps justifiable when our population was a fraction of the present number, certainly is obsolete today."

## Sanitation Dept. Adds to 'Fleet'

Seagoing units of the NYC Sanitation Department are getting a new look with \$1,500,000 allotted for the purchase of barges to replace Sanitation craft which are getting a little too old to face the elements.

Recently the first two scows of the replacement flotilla were commissioned by Sanitation Director of Operations Paul R. Scervane. They are neat craft, displacing 500 tons and 150 feet long. The Sanitation "navy" consists of 40 barges and four tugboats.

**RICHARD MAHER**, public relations aide to former NYC comptroller Lazarus Joseph and campaign trouble-shooter for Rudolph Halley, is handling publicity for Clifford Case, beleaguered GOP candidate for U.S. Senator in New Jersey. Working with Mr. Maher is Walter Brown, a former aide in the Herbert H. Lehman.

**THERE'S** a law on the U.S. books that not many people know about. It provides that no appointments may be made by any Federal agency within 60 days of a Federal election, unless the Secretary of the Department gives

written permission. The Congressional elections come up on Nov. 12 this year. For some reason, the Secretary of the Navy has not sent in a waiver—other agency heads have—so the Navy installations have a "freeze" on employment until the day after Election Day. It's saving some money for the Navy, but a lot of people who are lined up for Navy jobs aren't

happy about the wait. Navy's action in failing to send in an OK for hiring is the first in anyone's memory around Civil Service Commission.

## Second Thoughts For Mr. Adams

THERE are lots of things we like about the way NYC Police Commissioner Francis W. H. Adams goes about doing his job. But we can't help feeling that some of his actions, in dealing with employees and prospective employees, could bear the cooling influence of second thought. For example:

He has refused appointment to an eminently qualified young man, an honor student from Fordham, because some of the young man's relatives had had run-ins with the law. "Guilt by kin" is a repugnant doctrine to Americans. Many great and good people would suffer if they were to be made responsible for the sins of their relatives.

He has downgraded an honorable, much-decorated detective because of a picture the cop had taken with Rocky Marciano. Public indignation is running high, and properly, as New Yorkers feel a sense of outrage.

He has issued a memorandum denying to employees the right of "outside intervention" even on such matters as disciplinary actions and pensions. What does he mean? That the PBA and other organizations can't come to the assistance of their members? That newspapers like this one can't combat injustices within the department? That the public has no stake in what goes on within the department?

Commissioner Adams has been justly praised for the vigor with which he attacked many problems of law enforcement. It would be a pity if his administration goes sour because of high-handed dealings with employees.

## JOSEPH JAMES BYRNES Candidate for Treasurer

IN HIS TWENTY years of service as an employee of the Department of Public Works, Joseph J. Byrnes has always been an active member of the Association. He was one of the small group of Association members who pioneered the Feld-Hamilton Act and fought until it finally became law. 1. A sound budgetary system which can easily be understood by the Association membership.

JOSEPH J. BYRNES  
Candidate for Treasurer

2. Payroll deduction for the Blue Cross Plan.

Mr. Byrnes believes, however, that the State and not the employees should bear the cost of the deduction.

3. Granting of life insurance benefits, health and accident insurance benefits and hospitalization benefits to employees at the expense of the employer.

Many private employers grant these benefits to their employees without any charge whatever. The Federal Government recently instituted a life insurance plan, the premiums of which are partially paid for by the Government.

Mr. Byrnes feels that several large groups of employees, including clerks, elevator operators, guards, typists and many others, were treated inequitably in the recent salary adjustment plan. He will do all in his power to have the situation adjusted.

Mr. Byrnes serves as a representative of the Department of Public Works to the Dongan Guild. He is also an active member of the Holy Name Society.
