June 24, 2016

Dr. Alexander Cartwright
Provost and Vice Chancellor
 for Academic Affairs
State University of New York
State University Plaza
Albany, NY 12246

Dear Dr. Cartwright:

This letter is in response to the correspondence requesting approval of the proposed Bachelor of Science in Computer Engineering program to be offered at the State University of New York at Albany.

I am pleased to inform you that on the basis of our review the program detailed on the attached listing from the Inventory of Registered Programs is registered for general purposes under Subchapter A of the Regulations of the Commissioner of Education (Chapter II of Title 8 of the Official Compilation of Codes, Rules and Regulations of the State of New York) until September 1, 2017. Registration beyond this date is contingent upon the College seeking to obtain EAC/ABET accreditation as soon as feasible and providing yearly progress reports on the program that includes information/updates on: new/refurbished facilities, faculty and staff, and preparations for ABET evaluation.   A copy of the final accreditation report for the program must be submitted to this office.

New registration is required for any existing curriculum in which major changes are made that affect its title, focus, design, requirements for completion, or mode of delivery.   Therefore, prior to initiating significant changes to this program, please contact this office.

 I wish you and your colleagues success with the program.

Sincerely,

William Murphy
Director
