### STUDENT COUNCIL MAKES INNOVATIONS

Student Council has installed a lamp on the Information Desk. Starting this week people are to direct visitors around and deliver messages from the office to students and supervisors.

It has been decided that Student Council should have Golden Bronze Color Keys. These pins are in the shape of a key and will have Student Council and Milne High School inscribed on them.

Friday, May 6, is the date which Student Council has selected for their next Junior High School party.

 THE NEWSPAPER STARTS A  
NEW SEMESTER

The newspaper plans to do new and better things this semester. However, we must have more cooperation. Although the newspaper did not have such a good start this semester, it has gradually been getting better. There is only one thing that has not improved. People are too slow in getting in their assignments, so I would urge everyone on the newspaper to attend to this promptly. It is very difficult to make up the paper with so few contributions. If the staff would cooperate in getting in their assignments by Tuesday afternoon, we could put out a much better paper than we have in the past.

There has been much discussion about having jokes and scandal in the paper. Let's have the opinion of the Junior High School on this.

 HONOR ROLL

Have you ever been on the Honor Roll? Have you ever tried to be on it? Doesn't it give you a thrill of pleasure when you see your name there? Have you ever stopped to realize what the Honor Roll means? It means that anyone whose name appears there is an excellent student and probably a dependable one.

When your average for the month is 88 or 89, it is disappointing not to be on the Honor

Roll just because of one or two points. But don't be discouraged--make up your mind to have your name there the next month along with the rest of your friends. So, if you were not on the Honor Roll this month, put your shoulder to the wheel and plan to work harder this semester.

 PROBLEM OF ELECTING COUNCIL  
OFFICERS

Election of council officers in Milne Junior High School is a very important problem. The two sides to this question have been discussed at length. The advantages of the election in May is that it gives the campaign manager and officers time to prepare a plan to govern Milne for the coming year. This is also a step in better government for Milne.

The disadvantage of the plan is that it does not give the incoming seventh graders any voice in the selection of their officers. This also would eliminate the Freshmen in the election of the officers of the Senior High School.

What is your opinion?
