Six Onondaga Sanatorium employees were presented with certificates and buttons for 25 years' service with the State Department of Health, in the first ceremony of its kind at the institution. Recipients, seated left to right, are Catherine Purcell and Anna Pound; standing, Dr. Bernard T. Brown, hospital director, who made the presentations; Joseph Macri, John Barr, George House and Constantine Bagozzi.

New Specifications Adopted For Many State Positions

The State Civil Service Department has adopted new specifications for jobs in some class titles. It has released the first installment, representing titles as redefined to date. This installment is being published in weekly serials in *The LEADER*. The entire revision of specifications is expected to take three years. So far the services covered in *LEADER* issues are:

July 28 — Insurance sales representative series: Insurance sales representative, grade 18; senior insurance sales representative, grade 22; associate insurance sales representative, grade 24; assistant insurance sales director, grade 31, and insurance sales director, grade 42.

August 4 — Commodities tax examiner series: Commodities tax examiner, grade 14; senior commodities tax examiner, grade 17; supervising commodities tax examiner, grade 21, and tax administrative supervisor (commodities), grade 26.

Truck mileage tax examiner series: Truck mileage tax examiner, grade 14; senior truck mileage tax examiner, grade 17; supervising truck mileage tax examiner, grade 21; tax administrative supervisor (truck mileage), grade 26, and assistant director of truck mileage tax, grade 31.

The following continues the Civil Service Department's report:

PARI-MUTUEL EXAMINER SERIES

Pari-mutuel examiner, grade 14. Senior pari-mutuel examiner, grade 17.

Supervising pari-mutuel examiner, grade 21.

Director of pari-mutuel revenue, exempt.

These examiners audit pari-mutuel betting and admissions figures at race tracks to determine tax liability under the State pari-mutuel revenue tax and to pre-audit the accuracy of calculations of amounts due to holders of winning tickets after each race. The work at tracks for flat (saddle) and harness racing requires considerable overtime during the racing season. At the end of the season, examiners spend about a month in the office, checking the season's figures and preparing the annual report. Then, after taking vacations and accumulated over-

time in the off season, they assist in the audit of other taxes and in the spring income tax rush season until the racing season opens again.

Pari-mutuel examiner, grade 14 audits race track betting and attendance records and computes the tax due to the State, usually under direct supervision from a senior pari-mutuel examiner working at the tracks, examiners record from the totalizer the amount wagered on each race and calculate the pools to verify the State's tax and to pre-audit amounts due to holders of winning tickets; check cashier's summary sheets and list winning tickets which are not cashed; take turnstile readings to check on the tax due from daily admission receipts, and assist in preparing daily and periodic reports. After the season closes, they audit the season's totals and assist in preparing the annual reports. Qualifications: One year of permanent service as junior tax examiner.

A number of seasonal pari-mutuel examiners are paid on a per diem basis. These appointments are made from an open competitive examination for which qualifications are a college degree in accounting, statistics, finance, business administration, or economics and one year of specialized exper-

ience involving rapid calculating such as that performed by pari-mutuel examiners or employees, bank tellers, and some cashiers, accounting, statistical, and actuarial positions; or high school and five years of business or office experience including two years of the above specialized experience.

Senior pari-mutuel examiner, grade 17 is a working supervisor who performs duties similar to those of a pari-mutuel examiner and is usually in charge of auditing at a small harness racing track or second in charge at a flat racing or large harness racing track supervising a group of pari-mutuel examiners. He works either directly or indirectly under a supervising pari-mutuel examiner. Senior examiners supervise the activities and check the figures and calculations of pari-mutuel examiners, prepare daily and periodic reports, and handle all contacts and negotiations with the track management where they are in charge. Qualifications: One year of permanent service as pari-mutuel examiner.

Supervising pari-mutuel examiner, grade 21 directs and supervises the auditing activities of a group of senior and pari-mutuel examiners at a track with very large attendance; checks subordinates' reports and calculations; advises them on their problems; meets with track officials or representatives of racing associations to resolve problems; prepares schedules of assignments for subordinates. A supervising examiner works under general supervision from the director of pari-mutuel revenue. Qualifications: One year of permanent service as senior pari-mutuel examiner.

Director of pari-mutuel revenue is in charge of the entire pari-mutuel program and staff, establishing and administering rules and regulations, operating policies, and standards of work performance. The Director represents the Commissioner of Taxation and Finance in contacts with track officials, racing associations, and others. He is subject to general administrative supervision from the Director and Assistant Director of Miscellaneous Tax Bureau. This position is in the exempt class is not allocated to a statutory salary grade, and no examination is required.

Nevada Votes Merit System

Nevada has adopted the merit system and created a State Department of Personnel.

The Civil Service Assembly reports that most of the Nevada bill is similar to laws in other states which set up a classified civil service. In addition, however, the act directs the Governor to designate a firm skilled in public administration, finance and personnel management to conduct a survey and furnish recommendations for a classification and pay plan, a rating plan, a system of testing and certification, a set of rules, and an examination for use in selecting a personnel director.

DE Will Know Next Week How Many Lose Jobs

The Division of Employment, State Department of Labor, is still awaiting word from Washington on how much money it will receive for operations in the current fiscal year.

The only branch of the State Government that depends entirely on Federal funds, the DE hopes it will receive an adequate apportionment from the Bureau of Labor Security, U. S. Department of Labor or contingency funds to provide supplementary money when work-loads shift.

Present Staffs

The DE can not determine, until the apportionment is made, what its percentage of reduction of present operating costs will be. It is certain that there will be a reduction. Others assume it will be about 10 per cent, for the DE. Some employees will have to be laid off, the DE itself stated.

In NYC the present staffs consist of 1,200 engaged in the employment service and 800 in unemployment insurance activities. About the same proportion holds throughout the State, though the absolute figures are lower outside NYC.

It is expected that the DE will get word from Washington on Friday, August 14, on what its allocation will be, under the appropriation of \$192,205,000 made by Congress for nation-wide purposes. This was about a 10 per cent cut under present cost, but whether the percentage will be the same for New York as nationally can not be known before August 14.

Intent of Congress Is Crucial

The Federal Bureau of Labor Security had hoped to have the allocation announcement in the hands of the DE last week, but found it necessary to consult the Congressional labor security staff, and members of Congress still in Washington, on what was the in-

Fox Recovers; About to Go Back to Work

ALBANY, Aug. 10 — Harry G. Fox, treasurer of the Civil Service Employees Association, is home again, in Loudonville. In Albany Hospital he had a cataract removed from one eye. He walks steadily now and expects to return to work this week at the State Civil Service Department, where he is director of office administration.

Popular Harry has received hundreds of letters, cards, phone calls and telegrams of well wishes.

In December he expects to return to the hospital for the removal of a cataract from his other eye.

Capt. Fields Dead

John A. Fields, since March 1948 food service advisor in the Division of Nutrition Service, State Department of Mental Hygiene, died at St. Albans. He was retired as a captain from the Navy, in which he spent 36 years.

From 1942 to 1946 he was commissary officer at the U. S. Naval Training Center, Great Lakes, Ill., serving 83,000.

He is survived by his wife and two daughters, Betty Jane Fields of East Greenbush, N. Y., and Mrs. Robert D. Blanc of St. Petersburg, Fla.

He was buried in the National Cemetery at Arlington, Va.

PRINTING PAY UP

Printing plant workers in the Federal civil service now earn \$1.34 an hour under a Wage Board ruling that granted an increase.

tent of Congress in regard to allocations.

In New York State the placement service's work-load is steady now, and that of unemployment insurance is reported down, but the conditions are described as normal for this time of the year.

Within two days after getting word on the allocation, the DE would be prepared to state what staff reduction will become necessary.

Short Cut on Appointments Widened

ALBANY, Aug. 10 — A time-consuming form, dispensed with experimentally in determining classification of jobs in 57 class titles for appointment purposes, has been deleted from use, also, for 43 more classes.

President J. Edward Conway of the State Civil Service Commission said the short cut eliminates much paper work.

The simplified procedure will be followed for both permanent and temporary positions, but only for the specific listed titles. For all other classes of positions, Form CC-1 must be filled out and filed with the Division of Classification and Compensation.

The Pay Window

By F. HENRY GALPIN

Salary Research Analyst, Civil Service Employees Association

ARTICLES PUBLISHED in The LEADER have revealed changes in the cost of living and explained the Consumers Price Index.

When a new Index was started in January there was a detailed explanation of the relationship of the two indices. In a recent article in The LEADER it was pointed out that wages in general had increased at a much more rapid rate than prices. For some time, the Consumers Price Index, generally accepted as the best single measure of changes in living costs, remained relatively stable. This can be observed in the tabulation that is published once a month by The LEADER, called "Basic Wage Statistics," or by noting that the cost of living has moved up about 2 per cent since October, 1951.

Slow But Steady Rise

But now a new record high of the Index is reported by the U. S. Bureau of Labor Statistics. So it would seem well to focus attention on this important measuring device, especially since this is the fourth month running that it has gone up. The figures are:

February	113.4
March	113.6
April	113.7
May	114.0
June	114.5

Between May and June, 1953 the "Old Series" of the cost-of-living index showed an increase of 1.1 per cent between May and June. And, the "New Series" now stands at 114.5 for June, against 114.0 for May. The cost of living now stands at two-tenths of 1 per cent above the previous high, established last November.

Dollar Won't Buy As Much

This means, then, that to buy the groceries, pay the rent, fill the gas tank, buy the new chapeau, get the kids a new swim suit, and all of the other things that go to make up the essentials of living, it now costs nearly 15 per cent more than it did in the period 1947 to 1949.

It means that the 1940 dollar will buy only a little more than half now and the 1947-1949 dollar is only worth 87 cents.

It means that present living costs are nearly 13 per cent above the pre-Korean level of June, 1950.

It simply means that your dollar just won't buy as much as it did, and that to maintain your present mode of living more money must come into the house.

It means that under labor contracts that contain clauses that change wage rates in accordance with changes in the Index, workers will get another wage boost. For example, auto workers will get another cent per hour on top of the raise already negotiated this year. (The auto contracts were discussed in this column in the July 14 issue of The LEADER.)

Reasons for Rise

The chief reason for the most recent increase was higher cost of food, although housing, medical care and miscellaneous items also contributed.

As has been stated in this column before, wages have increased at a more rapid rate than prices, but that refers to the industrial and commercial situation. The Civil Service Employees Association has taken cognizance of this fact by stating that public employees, and in particular State workers, are entitled to the same standard of living as other workers, and must have their wages adjusted not only as living cost changes, but also as wages change in private employment.

Changed Ideas of Future

Each month the Association publishes basic wage statistics that reflect changes in both wages and prices. An examination of these tables shows that wages as reflected by the Federal Reserve Bank of New York have shown an increase since October 1, 1951 of about 7 1/2 per cent. And measurements of changes of wages in other fields show a similar trend. This is in sharp contrast to the relatively small change in the Consumers Price Index over the past months.

Earlier this year a conservative attitude toward the future of economic conditions seemed to prevail, both on the part of businessmen and some professional economists. Most qualified observers seemed to take the position that business conditions would remain favorable for at least the first six months of 1953, and probably throughout the year. As the economic facts developed, their idea that the Nation's prosperity might tend to dwindle late in the year seems to have been abandoned, and they now see our present good times continuing into 1954. In other words, the professional economic soothsayers seem to be advancing the date of the predicted "adjustment" or "recession."

Many economic factors have caused this more optimistic viewpoint. The forecast that national production will reach 368 billion dollars, a 6 per cent increase above last year, was one of them. Another was that manpower demand in industry has practically caught up with supply, so that it is not significant if employment figures don't rise. Spending for new plant and equipment remains extremely high. Personal income is ahead of that for last year.

State Pay Situation

No pay adjustment has been made in State salaries since April, 1952.

State salary adjustments, effective in April, the beginning of a fiscal year, should be based on the facts reflecting an earlier situation, say, that existing in October of the previous year. On this basis it would be proper to say now that no general pay adjustments have been made in State salaries, except those based on facts existing as of October, 1951. That is considerably different than saying that there has been no such pay changes since April, 1952.

Digest of State Pension And Social Security

The following digest of benefits under Social Security, on the one hand, and the State Employees Retirement System, on the other, is based on a compilation made by the Civil Service Employees Association.

President Eisenhower has asked Congress to amend the Social Security Law so that those public employees who are otherwise ineligible now, could have the benefit of Social Security, too.

Social Security

1. Retirement allowance at age 65, to insured individuals and certain dependents (Maximum payment to the retired individual is \$85 a month).

2. Eligibility requirements for retirement allowance. The yardstick for measuring whether or not you are insured under the law is the "quarter of coverage." A quarter of coverage is a three-month period beginning January 1, April 1, July 1, or October 1 — a calendar quarter — in which you were paid \$50 or more in wages (or in which you were credited with \$100 or more in self-employment income covered by the law). You will be fully insured when you reach 65 or when you die if you have at least one quarter of coverage for each two calendar quarters that have passed since December 31, 1950, or after you reach age 21, whichever is later. At least six quarters of coverage are necessary in any case; when you have 40 quarters of coverage, you are fully insured for life.

3. All benefits are based on wages or self-employment income of up to a maximum of \$3,600 per annum.

4. Service in the U. S. armed forces counts for Social Security purposes from September 15, 1940 to December 31, 1953, under certain conditions.

5. Family benefits:

Wife, 65 or over: generally half of retired person's benefits.

Wife, under 65 with child under 18 in her care: generally half of retired person's benefits.

Dependent husband, 65 or over: generally half of retired person's benefits.

Widow 65 or over: three-fourths of deceased person's monthly amount.

Widow, under 65 with children under 18 in her care: widow gets three-fourths of the deceased's monthly amount, each child one-half of the deceased's amount (an additional one-quarter of the deceased husband's amount is divided equally among all children).

Dependent widower, 65 or over: three-quarters of deceased person's amount.

Dependent parent, 65 or over: three-quarters of deceased person's amount.

6. Lump sum payments: After death, lump sum of three times the amount of monthly payment may be paid to your widow or widower if you were living together, in addition to any monthly payments. If no widow or widower, the person who paid the funeral expenses can be repaid up to the amount of the lump sum.

State Retirement

The New York State Employees Retirement System provides:

1. Possible retirement at age 55: Approximately half pay after 30 years, when all deficiencies are met.

2. Possible retirement at age 60: Approximately half pay after 35 years when all deficiencies are met.

POSTAL REGULARS TO WORK OVERTIME DURING YULE RUSH

WASHINGTON, Aug. 10—Regular employees of the New York, N. Y. post office will do as much of the Christmas rush work as possible — and get paid overtime for it — under an order issued by Postmaster General Arthur Summerfield.

Mr. Summerfield predicted that the "greater efficiency" of permanent employees over temporary workers will more than outweigh additional costs of overtime wages. The same policy will soon be extended to other post offices.

In a bout between a ballplayer and a pugilist, it is considered humane to let the ballplayer use at least one bat against the pugilist's gloves. State Senator Arthur H. Wicks symbolizes the idea at the clambake of the Napanoch Institution. However, Superintendent Thomas J. Hanlon and Trainer Charles Goldman, in background, ruled that the Senator would need three bats because of the stature of his opponent. As the Senator has only two hands, the bout was called off. years when all deficiencies are met.

3. Accidental disability retirement: Pension of 75 per cent of final average salary, plus annuity based on accumulated contributions.

4. Ordinary disability retirement: If unable to perform duties after 15 years' service, at least one-fourth of salary, in most cases.

5. If job is abolished after 20 years' service: Retirement allowance based on several factors; close to basic formulae.

6. Local police and firemen may and State Police do contribute on the basis of retirement allowance after 25 years' service. State Police may take then present value after 20 years' service.

7. Accidental death benefit while

in service: Pension of 50 per cent of final average salary to widow, or children until age 18, or to dependent father or mother, either an annuity, or return of accumulated contributions with interest.

8. Ordinary death benefit: An amount equal to one-twelfth of the last year's salary for each year of service — maximum, one-half year's salary. Accumulated contributions also paid beneficiary in lump sum or as annuity.

9. Military service recognized under special provisions.

10. Employee member may withdraw own contributions at any time before retirement if leaving service before age 60, plus interest accumulated at 3 or 4 per cent.

11. May borrow up to one-half annuity contributions at low interest rate — loan insured in case of death.

Activities of Employees in New York State

Onondaga

ONONDAGA chapter, CSEA, will be represented at the Workshop in Utica on August 15 by Mrs. Norma Scott, Mrs. Irma Misita, Mrs. Laura Gurniak, Mary Hickey, Robert Clift, James Costigan, Robert Sawyer, Vernon Tapper, Donald Boyle, Arthur Darrow and Carl Merklein.

The chapter's 1953 clambake will be held Saturday, September 12 at 1:30 P.M. at Storto's Grove, Jamesville, Pompey Road. Tickets are available from membership workers in all departments.

If you had a good time before, you'd better come again. You'll find all the same friendly faces plus a lot more, because there's been an early call for tickets. Seating capacity is 500. No tickets will be sold at the Grove. The committee in charge reminds members that last year folks had to be turned away. Don't let it happen to you. Buy your tickets early.

Chapter president Norma Scott and Vernon Tapper, salary committee chairman, presented the chapter's plea for a salary increase for per diem workers not included in the new salary schedule. They pointed out to Mayor Corcoran that the cost of living index is the highest in history and that per diem workers should receive consideration. Mrs. Scott and Mr. Tapper also urged Social Security benefits for groups not included in the Retirement System.

Dannemora

THE DANNEMORA State Hospital softball team hit upon some rough going in the Plattsburg City League, but that seems to have been smoothed over now. "Pep" Martin's ghost writer did a good job giving Dannemora's side of the story and helped to soothe any ill feelings which may have existed. The team will play out its schedule with more determination than ever to win.

The new civil service list for prison guard contains many names of Dannemora's uniformed personnel. Norman Beauchemin, Harold Smith, William Thwaites,

Charles Barnes, Robert Canning, John LaGree, Gerald Noel and Harold Cromie are to be congratulated upon their success in the exam. The names of Anthony Martin, Robert Brunell, and Gerald Farr, the respective sons of Raymond Martin, Wilfred Brunell and Kenneth Farr, as well as Warren Davey, brother of Patrick W. Davey, also appear on the roster. Best wishes to all.

The John Bigelow's are on vacation. They expect to see the Brooklyn Dodgers play on their coming home stand. This may explain what is happening in case Hilda Chester has some yelling competition in a few games. Another vacation by Eugene Bombard will be spent hitting most of the local resort areas, but with Gene it will more likely be for business rather than pleasure.

The local contingent of Boy Scouts has returned from the National Jamboree. Both Edgar Drollette and Fred Butler's sons have lived an experience they will not soon forget.

Congratulations upon a new baby to the Russell Haley's. It's their second son. Mrs. Haley is the former Lucille Kennedy, former stenographer in the front office.

Welcome back to work after hospital sessions to Martin Higgins, Kenneth Cumm and Israel Dubrey.

A recent visitor to the institution was Claude Bigelow, first chapter president. Claude is now an Army captain, just home from Korea. He is an Army career man. Dr. Leonard Bolton, formerly on the psychiatric staff and now employed at Elmira Reception Center, was a visitor, also. It was good to see both of these men.

If you want to increase your money, simply give it to Harold Cromie. Lloyd Welch gave Harold an Italian coin, the size of a quarter, actually worth about two cents, and Harold tried to get five nickels from the supervisor. They say you can't hate a guy for trying. Harold.

Warwick State School

MORE THAN 100 staff members attended a farewell retirement party at the State Training School for Boys, Warwick, in honor of Jesse Wheeler, institution vocational instructor, and Mr. and Mrs. Joseph Taylor, cottage parents.

Mr. Wheeler, a native of Warwick who entered the employ of the School in 1930, is the oldest employee in years of service at the School. He served as chief boys' supervisor and as vocational instructor in the tinsmith shop.

Mr. and Mrs. Taylor were cottage parents for 10 years. They will operate a fishing station at La-fargeville.

The guests of honor were presented with a purse as a token of the esteem of their fellow-workers. Mrs. Taylor and Mrs. Wheeler were given corsages. Presentations were made by Superintendent A. Alfred Cohen, who extended the best wishes of everyone for their health and happiness, and thanked each for the fine job he had done for the boys at the School.

Rev. Edward Monckton was master of ceremonies. There were songs by Mrs. Harriet Howland and by a quartette consisting of Messrs. Gibbon, Spencer, Grogan and Rev. Monckton, accompanied by Mrs. Helen Heinle at the piano. Community singing followed.

The committee in charge — Messrs. Appleton, Montese, Mierop and Rev. Monckton — was assisted by Leroy Howland, head cook, and Mrs. MacDonald, supervising housekeeper, under whose direction refreshments were prepared and served.

Onondaga Sanatorium

SIX EMPLOYEES of Onondaga Sanatorium were presented with certificates and buttons emblematic of 25 years' service with the Health Department, at a special meeting held recently. They are Catherine Purcell, Anna Pound, Joseph Macri, John Barr, George Houser and Constantine Bagozzi.

The Rev. Robert McKay, Catholic chaplain at the hospital, offered the invocation. A short talk was given by Dr. Bernard T. Brown, hospital director, who thanked the employees for their long and faithful service. The employees are a team giving the best care possible to the patients under their care, he said.

A social hour followed, at which fruit punch, ice cream and cookies were served.

This was the first ceremony held at the institution honoring 25 years' service, and employees with more than 20 years' service are looking forward to receiving their awards. The awards presentation gave a real boost to employee morale.

Public Works District No. 2

GEORGE HARRIS, President of District 2 chapter, and Mrs. Harris are the proud parents of a daughter, Jill Patricia, born July 26.

A. M. Sarr, recently appointed supervising construction engineer in the western half of District 2 on Thruway and State highways, was entertained at a testimonial dinner at Trinkaus Manor, Oriskany, by the maintenance force and engineering personnel of District 2. Mr. Sarr was formerly County assistant in Oneida County East.

Marguerite Hannon has returned from a motor trip which included Montreal and Quebec, Canada.

Congratulations to John E. Da Prano and Mrs. Da Prano on the birth of a son, Eugene, July 25.

Lucille Lyons has returned to work following a minor operation. Rita Di Nigro was entertained by the District Office force at a dinner party at Mahaqua Farms, Jordanville, N. Y., in honor of her coming marriage.

Rosemary Betourney has returned from a motor trip to Maine, Massachusetts and NYC. The committee recently appointed in the District Office to handle gifts for special parties is as follows: Trudy McSally, Administration; Edythe Hazard, Highways; Marie Helfert, Canals, and Etta Richardson, Right of Way and Claims.

A. M. Sarr, social committee chairman, has named W. K. Hayes, District shop, in charge of the committee on awards for the annual clambake September 12.

Niagara

A FOLDER of data on the CSEA will be made available soon to new employees at the County offices. This was one of the suggestions made in the questionnaire distributed recently.

A petition requesting adjustment in the mileage allowance has been received, and a request for a meeting has been sent John K.

Silsby, chairman of the Board of Supervisors. Information about employee experience in the matter will help in the discussions.

Niagara chapter's membership committee is working to increase membership and has already recruited nine new members in the past two months. The hard-working committee includes Margaret O'Brien, chairman; Mrs. Grace Ernest, infirmary; Charles Daboll, Sanatorium; Arlene Yates, Court House; Marjorie Kearns, County Clerk's Office; Annette Annalora, Welfare (Lockport); Helen Jones, Welfare (North Tonawanda); Donna Irvine, Welfare (Niagara Falls); Alice Mead, Probation (North Tonawanda); Frances Lutts, Sanatorium; Emma Stolzemberg, Welfare (Lockport).

Members on the sick list have the good wishes of the chapter to soon be back on their jobs. Beth Doyle, of the Sanatorium, is recuperating at home, and William Mallet, Mayor of the City of Lockport, is still hospitalized following a serious operation.

The chapter is planning its first fall get-together at the Niagara Sanatorium at which the "bosses" will be entertained. Howard Kaynor, Deputy County Treasurer, is in charge of the program.

A delegation from Erie County picnicked with Niagara employees at Harrison Grove near Wilson, N. Y. The guest list included Senator Earl Brydges; Frank Kronenberg, County Judge and Judge of Surrogate's Court; Arthur Muisner, candidate for Sheriff of Niagara County; Anthony Marotta, Deputy Commissioner of Welfare; Jack Kurtzman, CSEA field representative, and Thomas Carty, of Ter Bush & Powell. After a roast beef dinner, a baseball game was enjoyed.

Barbara Smith, of the Niagara County Clerk's office, has been approached by the Yankees to pitch this coming season. Possibly her experience with the Girl Scouts at Camp Margaret Castle gave her preliminary training. As you know, Barbara spends her vacation each year as a counselor there.

Bill Dallmann, case worker with the Physically Handicapped Division, has learned not to take the advice of women, especially when playing baseball. You might ask him why.

"Dutch" Schreiber, administrative assistant of the Welfare Department, could not umpire the game as planned. The chapter hopes his hay fever is better. Ken Helbling, a guest from the City Department, volunteered to umpire and did a fine job. Many thanks, Ken, for the "decisions." You'll be popular with the women.

Special thanks for the efforts of the committee — Mary Boyle and Charles Daboll, of the Sanatorium, and Grace Mackey of the Welfare Department.

Craig Colony

MORE THAN 500 people attended Craig Colony chapter's picnic at Long Point, Conesus Lake. Both employees and their families enjoyed the elaborate picnic supper prepared by the refreshments committee and joined in the festivities.

Highlight of the evening was the awarding of a Certificate of Meritorious Service to Supervising Nurse Sam Cipolla for his design of a dining room utility carriage to carry food and dishes. Dr. Charles Greenberg, director, made the presentation on behalf of Granville Hills, secretary of the Department of Mental Hygiene's awards committee. Dr. Greenberg commended Mr. Cipolla for his industry and ingenuity and congratulated all the employees on their cooperation. In such harmonious relations and efforts, he said, lies progress for the Colony in the years ahead.

Willard Brooks, chapter president, thanked the committee members who made the successful occasion possible. Special mention went to Fred Kawa, refreshments committee chairman; Mr. Cipolla, program committee chairman, and Mrs. Mary Insley, member of the ticket committee, who received an award for selling the most picnic tickets.

Guests included 13 members of the junior class of the School of Nursing and members of the Genesee chapter, CSEA.

The group also enjoyed rides, games, swimming, roller skating and other facilities of Long Point Park.

New List of Tests Issued by State; All Open Aug. 24

The State Civil Service Commission has announced eleven statewide open-competitive exams to be held on Saturday, October 31. Applications will be received from Monday, August 24 to Friday, September 25, except in an exam for industrial foreman (cotton weaving), for which applications will be received until October 31. Do not attempt to apply in any of the exams until August 24.

Pay at start, and after five annual increments, is given, unless otherwise stated.

Written tests will be held in all the exams except industrial foreman (cotton weaving).

Candidates must be residents of New York State for one year except in a laboratory secretary test, for which applicants must be State residents, but for no minimum period.

Applications for senior civil engineer (fire prevention), assistant civil engineer (design), and junior civil engineer (design) will be accepted from persons throughout the country.

List of Tests

The exams:

- 8123. Senior civil engineer (fire prevention), \$6,088 to \$7,421 (open nation-wide).
- 8124. Assistant civil engineer (design), \$4,964 to \$6,088 (open nation-wide).
- 8125. Junior civil engineer (design), \$4,053 to \$4,889 (open nation-wide).

A Good Job on Pensions By Our State Comptroller

A TASK of considerable magnitude and complexity has been quickly and completely solved by State Comptroller J. Raymond McGovern in connection with pension coverage for State employees who now have none.

Titles now eligible for membership in the State Employees Retirement System had to be declared ineligible, to meet requirements of Federal law. These employees then could be covered—in fact couldn't avoid being covered—by Social Security, unless they joined the State Employees Retirement System. The titles selected were all in the labor group. The State Civil Service Department pointed up those titles in a new arrangement, to fill the Comptroller's pressing need, and meanwhile the Comptroller was reaching agreement with the Federal Government on the contract.

But the worst problem was yet to be met. The State employees must continue to be paid on time ("Hear! hear!" cry 85,000 voices), and therefore some simple way of adjusting the payroll to reflect Social Security contributions by employees was necessary. The solution was found, payroll officers of all departments instructed in detail, all employees possibly affected were individually given all the information they needed, and an act partly completed that reflects much credit on the Comptroller.

Remaining Problems

Now comes the necessity of making provisions for all, or nearly all, the local employees not members of the State Retirement System. Resolutions that local legislatures must adopt, and other legal aspects, already have been determined expertly, and the day when employees can deplore their fate in being second-class citizens excluded from one and another pension system will soon be over. About 40,000 NYC employees are in the same fix, and the City Administration indicates it will see that they get Social Security coverage.

Then comes the big pension battle in Washington, when President Eisenhower, with the help of H. Eliot Kaplan, former Deputy State Comptroller, tries to get the Federal law amended to permit both public employee retirement system and Social Security coverage for the same public job. That battle can be won, too, and the New York State Administration, as well as State and local employee groups, will be in there pitching. Police and fire forces will be excluded, under the proposed law, through their own choice largely, and it is to be expected that some dissident voices from included elements will be strong and strident, but with able advocates and pilots, the good ship integration can reach port safely.

Sanitation List, 4,450

There will be about 4,450 names on the sanitationman "B" eligible list to be established in September, according to estimates of the NYC Civil Service Commission.

The physical exams—results of which determine standings on the eligible roster—were completed last week. The Commission reports 4,501 men passed or were conditionally rejected, and 1,816 candidates failed.

The 4,501 figure includes about 200 conditionally-rejected persons, more than half of whom are expected to qualify when their minor ailments are remedied. Most of the medical complications involved teeth, particularly the need to have decayed teeth removed or cavities filled.

The 4,450-odd men who passed the physicals—and who will become sanitationman eligibles—

represent only 40 per cent of the 11,099 who filed applications, and only 49 per cent of the 9,151 who passed the written test held February 7.

Quick Jobs Expected

Immediate appointments, following establishment of the roster in September, are expected. The present list is virtually exhausted and contains nobody but restorations. As in the case of other City eligible lists, including policemen, the issuance of a new list kills the old one.

Laborer Physical

The Commission's medical-physical bureau held medical exams and qualifying physicals for NYC laborer candidates last week. They continue on August 31, September 1 and 2. In the physical test, ability to lift 50 and 40-pound dumbbells was determined.

Dyer Is A'ssn. Law Aide In Syracuse Area

THOMAS H. DYER

SYRACUSE, Aug. 10—Thomas H. Dyer has been appointed regional attorney of the Civil Service Employees Association in the Syracuse area. He succeeds Nigel L. Andrews, who resigned to enter the ministry. As assistant counsel to the Association, he becomes an aide to John T. DeGraff, counsel. Mr. Dyer was born in Syracuse in 1912, the son of Margaret R. Dyer and the late Harold L. Dyer. He was graduated from Nottingham High School in 1930. Four years later he received an A.B. degree from Syracuse University, based on a law course comprising three years in the College of Liberal Arts and one year in the College of Law.

In 1943 he was commissioned lieutenant (j.g.) in the U. S. Naval Reserve and the next month was ordered to active duty at the Naval Training School, Harvard University. After additional training, he was ordered to sea duty in 1944 as communications officer aboard U.S.S. Gustafson. He served aboard the ship in the Atlantic, European and Asiatic-Pacific theatres of war, successively as communications officer, senior watch officer, executive officer, and commanding officer. He was released to inactive duty in 1946.

Resuming study at Syracuse University College of Law, he was graduated in June, 1948 and attained membership in Psi Upsilon Social Fraternity, Phi Delta Phi Legal Fraternity and Justinian Honorary Law Society.

He began the private practice of law with the Syracuse firm of McElroy, Young & Mahley. In 1951 he opened his own law office at Marcellus.

In 1949 he was elected Supervisor of the Town of Onondaga and is still serving in that capacity. Appointed chairman of the Onondaga County Water Authority in 1951, he still is serving in that capacity, also.

BACK IN OLD JOB

WASHINGTON, Aug. 10—Arthur J. White, who was Regional Director of the U. S. Department of Labor's Wage and Hour and Public Contracts Divisions, 1940 to 1951, has returned to that position, William R. McComb, national Administrator of the Divisions, announced.

Nathan C. Horwitz (above) is Acting Fire Commissioner of NYC while Commissioner Jacob Grumet is on vacation.

3,583 on List For State Clerk

ALBANY, Aug. 10—The State Civil Service Department announced there are 3,583 persons on the new eligible list for clerk, State departments and institutions. There were 11,463 applicants. The exam was held in March.

About 900 jobs were filled from a similar list issued a year ago. It is expected that several hundred will be filled from the new list during the next year. The starting salary is \$2,180.

Eligibles Are Consulted
The department is canvassing the list to see which locations are desired by the eligibles. Hiring pools are scheduled for early September in both NYC and Albany. A disabled veteran, Charles B. Kiernan, of the Bronx, with 10 preference points, heads the list. Next are four non-disabled veterans.

The highest earned score, 99.61, was obtained by Ellen Q. Roberts of Albany.

COMMENT

'NIGHT IN VENICE' OFFER APPRECIATED

Editor, The LEADER:
Whoever said, Everybody talks about high prices but nobody does anything about them, couldn't have been thinking about Robert Moses. Civil servants caught in the high cost-of-living squeeze fired 21-mental-gun salutes to the poly-Commissioner for offering half-price tickets to public employees for the Michael Todd production of "A Night in Venice," at Jones Beach. It's a splendid show and spectacle and worth double the original price.

BOUQUET FOR GIVING MOTHERS A BREAK

Editor, The LEADER:
Physical tests for five "pregnancy cases" in the NYC patrolwoman exam have been included in the August schedule of the Civil Service Commission's medical-physical bureau. This point of information is heart-warming to one who has always opposed the anti-children policy of the armed forces. Hats off to NYC for recognizing that women with children—including infants—can make fine police officers. After all, mothers are the very persons most interested in making a community a safe place for their children to grow up in.

How about sending a basket of roses to the Commission members on Mother's Day?

STATE STENO DEPLORES LOW PAY

Editor, The LEADER:
The stenographers in State service are disgusted with their Grade 2 allocation, the same class as employees who require no education or specific training. A stenographer has to know how to take shorthand rapidly, and then must have a good working acquaintance with a typewriter, plus a better-than-average knowledge of English and spelling, letter forms and, in a great many instances, familiarity with medical and psychiatric terms.

All this was gone over at a special meeting more than a year ago.

WASHINGTON, Aug. 10—Funds to permit the U. S. Civil Service Commission to hire 150 persons, for loyalty checks on U. S. employees of international organizations, were voted by Congress just before its adjournment last week.

Merit Award Asked For Fire Lieut. Keating

The NYC Fire Department's Board of Merit is weighing a recommendation made by Captain Wisner A. Kelley of Engine Company 18, at 138 West 10th Street, Manhattan, that an appropriate award for a meritorious act be voted to Lieutenant Patrick B. Keating.

In an official communication to Chief of Department Peter Loftus, the captain called attention of Chief Loftus to "the quick thinking, initiative and skill" recently demonstrated by Lieutenant Keating in causing the arrest of an auto driver who fled the scene after running down a fireman. Not only was the fireman, Charles H. Archul, struck by the fugitive's passenger car, but that impact threw him against a car going in the opposite direction. Fireman Archul, severely hurt, was confined in St. Vincent's Hospital for several weeks. He is now back at work, assigned to light duty.

Horwitz Heads Board

The Board of Merit consists of First Deputy Commissioner Nathan C. Horwitz, Chief Loftus, and Deputy Chiefs Michael F. Powers, Edward Connors, Gerhardt E. Bryant, Edward G. Conway, Antonio Z. Petronelli, and Edward M. F. Conway.

Fire apparatus from Ladder Company 5, responding to an alarm on a dark, wet evening, put out a fire in a small hotel in Greenwich Village. Acting Battalion Chief Salvatore Rogers, of the 5th Battalion, arrived in a chief's car from Engine Company 30.

Fireman Archul was crossing the Avenue of the Americas, at Washington Place, immediately after the fire was put out, to join his comrades for the trip back to the fire house, when he was struck. Lieutenant Keating saw the driver speed off, jumped into the chief's car, vacant at the moment, and pursued the fugitive, overtak-

ing him in four blocks. Brings Charges

Two policemen in a squad car were nearby when Lieutenant Keating was speeding after the fugitive. The scooting red car indicated there was trouble. One of the policemen got in the offender's car and drove him back to the scene of the accident.

Lieutenant Keating made the complaint under which the culprit was arrested.

Meanwhile Fireman Archul was taken to the hospital in the cab of a fire patrol truck. Fireman Archul was found to be suffering from severe lacerations of the head, necessitating 27 stitches. He narrowly escaped losing not only his ear but his life, and doctors at the hospital said that only his splendid physical condition enabled him to pull through.

When the case came up in the Magistrate's Court, the offender was fined \$25 and his driver's license was revoked.

Next: Social Security for Local Employees Not Now Under Any Pension System

40,000 NYC Employees May Benefit

ALBANY, Aug. 10 — Local governments will next have their opportunity to bring Social Security coverage to officers and employees not members of the State Employees Retirement System, or eligible to membership in the State System, or of their own system, as in NYC.

At least 8,000 State employees in labor titles must join the State Employees Retirement System by September 14, or come under Social Security, effective October 1. State Comptroller J. Raymond McGovern excluded their titles from State Employees Retirement System eligibility, beginning September 15 next, under a State law enacted this year. But no person now a member of the SERS will have to substitute Social Security, nor may he integrate Social Security with his public employee retirement benefits, for the same position. However, many State employees do have Social Security coverage for jobs in private industry, or service in the armed forces.

Federal-State Contract
A contract between the U. S. and the State provides for Social Security for officers and employees if the local legislative body adopts a resolution authorizing such coverage. Also, the municipality must sign a contract with the State, for the State will guarantee payments of contributions by the municipality.

Notices are being sent to the political subdivisions of the State, describing the alternative methods by which political subdivisions may provide Social Security coverage for all or for specified classes of their employees not otherwise covered or eligible. Forms of the resolution required to be adopted by the local legislative body and the contract between the State and a political subdivision will be supplied by the Comptroller on application of interested

officials of the State's subdivisions.

Local Decision Needed
The class of titles to be excluded by municipalities that are employer-members of the State Employees Retirement System would be a matter for the local governments to suggest. The Comptroller and the State Civil Service Department would help municipalities to solve this problem. The same reason for exclusion applies in this case as in that of State employees.

As to localities not employer-members of the State Employees Retirement System, no exclusion of titles would be required, as Social Security coverage would be opened to such employees. This situation might impel localities to join the State Employees Retirement System, an action they hesitated to take, because of the expense, or about 6 per cent of payroll. However, since Social Security would involve an employer expense of 1 1/2 per cent, on up to \$3,600 annual pay, the greater pension benefits of the State Employees Retirement System, and employee demand, may swell the ranks of SERS employer-employee members. There are about 350,000 local employees, compared to 85,000 State employees.

Some Titles May Stay "Out"
Either way, employees not now covered by either system would join the SERS, if eligible, or be required to come under Social Security, thus ending the no-coverage-at-all predicament of tens of thousands. However, some local titles, it must be expected, might not be affected, and persons serving in them could continue to go on their "uncovered" way until or unless the Federal law is amended. This question of local titles may prove knottier than the State one did, but the State's experience is at the command of the local legislative bodies and executives.

For the U. S. the contracting party is the Secretary of Health, Education and Welfare, Mrs. Oveta Culp Hobby, acting to extend old-age and survivors' insurance under the Social Security program to specific groups of State and local employees.

State Acts Fast
At the request of Comptroller McGovern, payroll officers of all State departments and agencies

gave individual notices to their labor group employees who were not recorded as members of the SERS.

Education Employees Who'd Benefit

The NYC Board of Education will support Mayor Vincent R. Impellitteri's move to have Social Security coverage provided for present non-pension employees.

The Board listed its own employment groups that would benefit: Substitute teachers. Substitutes other than teachers serving in the day school. Teachers in day classes for adults in English and citizenship. Teachers and others serving in evening schools. Teachers and others serving in summer schools. Teachers and other serving in community and recreation centers. Teachers and others in vacation playgrounds, after-school playgrounds, athletic fields, play schools for all-day care of children and summer pools. Teachers of summer garden work (school gardens). Substitute attendance officers. Provisional and temporary employees in the administrative and custodial services. Teachers and others employed under the veterans' training and reconversion program of the Board of Education. Provisional employees engaged at annual rates of pay in general and specific professional controls. Substitutes, other than teachers, employed at per diem salary rates in general and specific professional controls. Employees of high school cafeterias. Employees of elementary and junior high school lunch programs ineligible for membership in a retirement system. Employees of custodians under the indirect system.

NYC Travel Directions

Rapid transit lines for reaching the U. S., State and NYC Civil Service Commission offices in NYC follow:

State Civil Service Commission, NYC Civil Service Commission—IND trains A, C, D, AA or CC to Chambers Street; IRT Lexington Avenue line to Brooklyn Bridge; BMT Fourth Avenue local or Brighton local to City Hall.

U. S. Civil Service Commission—IRT Seventh Avenue local to Christopher Street station.

Data on Applications by Mail

Both the U. S. and the State issue application blanks and receive filled-out forms by mail. In applying by mail for U. S. jobs do not enclose return postage. If applying for State jobs, enclose 6-cent stamped, self-addressed 9-inch or larger envelope. The State accepts postmarks as of the closing date. The U. S. does not, but requires that the mail be in its office by 5 p.m. of the closing date. Because of curtailed collections, NYC residents should actually do their mailing no later than 6:30 p.m. to obtain a postmark of that date.

NYC does not issue blanks by mail or receive them by mail except for nationwide tests, and then only when the exam notice so states. The U. S. charges no application fees. The State and the local Civil Service Commissions charge fees at rates fixed by law.

Still Time To Apply for State Police

Applications are now being received by the Division of State Police, Capitol, Albany, to fill more than 150 State trooper jobs throughout the State. The written test, to be held at various exam centers on Saturday, September 12, will be the first test conducted by Lieutenant Albin S. Johnson, who succeeds retiring Captain John A. Gaffney as Superintendent of State Police on August 15.

State troopers earn \$2,370 to \$4,270.08 a year, plus lodging, food or allowance in lieu thereof, and all service clothing and equipment.

Applicants must be U. S. citizens, between 21 and 40 years, at least 5 feet 8 inches tall; must have 20/20 vision without glasses and be in good physical condition, including satisfactory hearing.

Minimum education is high school graduation or an equivalency diploma.

Nature of Written Test

Candidates must have a driver's license. The written test will cover general information and subjects designed to test general intelligence. Pass mark is 75 per cent.

Applications are available from the Division of State Police, Capitol, Albany, and must be filed with the Division. Mailed-in applications may not be accepted if post marked later than midnight of September 8. Filled-out forms may be submitted in person until midnight, September 9.

AT LAST! SCIENCE SHOWS YOU HOW TO...

Stop Headlight Glare! Actually See After Dark!

DO YOU DRIVE YOUR CAR AFTER DARK? Do you know that 4 out of 5 fatal smash-ups are caused at night... to SAFE, careful drivers who are trapped... blinded... and killed by the headlights of another man's car?

Here is the first full story of how you can completely avoid that blinding headlight glare... avoid those night driving accidents... how you can actually drive at night with almost full daylight safety!

How many times this month have you been completely blinded by the headlights of another car? How many times have you been blinded when you were driving 30-40-50-miles an hour... when you were in the middle of a dangerous intersection... when you were turning a sharp curve or corner? Yes, how many times this month have you been forced to trust your life—and the lives of your family—to a driver who doesn't even have the sense to dim his headlights?

These Accidents Can Be Avoided

Do you know that now you can avoid all these risks? Do you know that during the last five years over 70,000 drivers have found a new way to protect themselves against this headlight blindness? That these drivers have tested and proved an optical instrument that actually makes the brightest headlights as easy to take as dims! Here is that amazing story:

Five years ago, three of the country's top optical experts decided to tackle this problem of headlight glare. They immediately discovered that all of the common remedies were either useless or actually dangerous. These experts discovered that there was only one sure way to protect yourself against this blinding night glare—a piece of optically colored glass worn by you, yourself—that filters out the glare from these headlights in exactly the same way that a pair of sunglasses filters out the glare of the sun.

These experts discovered that scientists had developed such a glass—that many of the leading automobile manufacturers, such as Buick, Cadillac, Oldsmobile, Lincoln and Chrysler—were equipping their special deluxe models with special glare-resistant windshields. However, the cost of this glass on these special cars was necessarily \$20-\$50.

To avoid these costs these experts took this special glare-resistant glass and built it into a pair of Night Driving Glasses that could be worn by any driver. Since they eliminated all rays of glare, the experts called them RAYEX Night Driving Glasses. Here are some of the amazing results they discovered when they tested them.

This Is How Night Driving Should Be

1. WITH THESE RAYEX Night Driving GLASSES, you can look directly into the brightest headlights. You will see the headlights as pale amber discs—but you will

not see the glare. You could pass an entire line of fifty cars, and not even squint.

2. WITH THESE RAYEX Night Driving GLASSES your eyes will be protected against any intrusion of glare. They will not have to adjust themselves to constant flashes of light. You will actually be able to see better... clearer... and farther with them on than you could see without them. You will see dark objects more quickly. You will react more quickly to the pedestrian who darts out of a side street... to the dark bumps in the road that ruin your tires.

3. SINCE THESE RAYEX Night Driving GLASSES PROTECT YOUR EYES AGAINST STRAIN, you will not suffer from dangerous night driving headaches. You will be able to drive as much as 400 miles in a single night without feeling the slightest strain. You will not be tired after short rides. And, above all, tired, strained eyes will not cause you to fall asleep at the wheel. You may make even the longest trips with absolute confidence. ORDER TODAY! Use coupon below!

Proven By Over 70,000 Drivers

Before these glasses were advertised in this paper, they were distributed to over 70,000 drivers... volunteers who tested them under every possible sort of night driving condition. Here are the actual reactions of these drivers—their own, unsolicited experiences with these glasses. Perhaps they will help solve your night driving problems.

DO YOU EVER DRIVE ON THE OPEN HIGHWAY?

"On my trip to Denver last week, I must have passed at least 50 cars. Not one dimmed down his lights. If I hadn't had my glasses, I would have had to pull over to the shoulder, and wait till they passed by. As it was, I didn't even squint."—Mr. F. M. F., Bremerton, Wash.

DO CHILDREN RIDE IN YOUR CAR?

"I drive my little girl home from a country school during the twilight hours I was always afraid—either of the blinding lights from the other cars at that hour—or of hitting one of the other little girls in the streets. Now, thank God, I know I can see them. I wouldn't take \$100 for these glasses."—Mrs. L. G., Forest Hills, New York.

DO YOU GET NIGHT-DRIVING SLEEPINESS?

"Drove 112 miles after midnight without the slightest strain. Never felt so relaxed and confident in my life. Thanks."—Mr. D. F., San Antonio, Texas.

DO YOU HAVE WEAK EYES?

"My husband has a cataract on his left eye and could never enjoy driving before

PROVE IT YOURSELF! MAKE THIS CONVINCING "LIGHT-BULB" TEST

When your RAYEX NIGHT GLASSES arrive put them on. Look directly into the strongest electric light in your home. You see the light... the glare is gone! Then test them again in your car. Look at street lights, headlights, under every sort of difficult night driving condition. If they do not do

GONE FOREVER! Blinding Headlight Glare—the number one cause of traffic accidents in New York today! Read this amazing story of how science conquered this "one unpreventable" accident!

He thinks your glasses are wonderful—says they're also good for protection against the sun."—Mrs. L. H., Elizabeth, North Dakota. (NOTE: We do not recommend the use of these glasses as sun glasses. They are as different as night and day. They have only one purpose—to protect you after dark.)

And here is the one fact that all of these drivers agreed upon... this is the way they would affect your night driving.

The very first moment you put on RAYEX Night Driving Glasses you enter into an entirely new world of night driving. There is no more blinding glare. Instead, the headlights of every car... every street light... every window you pass, are a soft amber yellow.

You'll notice immediately, that you are more relaxed... more confident about your driving, because you can actually see better and farther. Test these glasses against the first two or three cars you pass. Prove to yourself that you can see their lights... but there is no blinding glare. After that you will be able to totally disregard the headlights of any car coming toward you on the highway. You will be able to sit back and relax—enjoy your night driving as much as you do in the day.

Mr. Car Owner Study These Pictures See If You Can Spot the HIDDEN ACCIDENT in Each of Them... Before It Could Happen to You!

WHAT YOU SEE WITHOUT PROTECTION FOR YOUR EYES

Glaring headlights completely blind you... set you up for an accident.

WHAT YOU WOULD SEE WITH RAYEX NIGHT GLASSES

RAYEX eliminates blinding glare... you see lights only as pale amber discs.

Can you see the pedestrians stepping out of the grey shadows of this dark street?

RAYEX cuts out grey shadows... makes black objects stand out sharper, clearer.

Fog... snow... sleet... all hide oncoming cars... till they're right on top of you.

With RAYEX you see through fog glare with almost perfect daylight vision.

Eliminate Blinding HEADLIGHT GLARE! See What You Have to See After Dark! Do it with RAYEX Night Driving Glasses! Use Coupon to Order them today!

CITY STATE

SOCIAL SECURITY FOR LOCAL EMPLOYEES

(Continued from Page 7) These employees are in the exempt class.

State legislation, approved by Governor Thomas E. Dewey, was enacted following a recommendation by Comptroller McGovern's Committee on Social Security and Related Pension Problems.

The Federal-State contract is based on existing law, which requires the exclusion, as practiced, if Social Security is to apply, but President Eisenhower sent a message to Congress, asking for broadening of Social Security coverage. The liberalization would permit, among other things, inclusion of employees of State and local governments under Social Security, if the State and localities agree, even though such employees are members of, or eligible to membership in, a public employee retirement system. In other words, integration of Social Security with a public employee system would be authorized, just as is done in private industry. But police and fire forces, largely because of their own preference, would be excluded.

Former Doubters Turn Boosters
Public employees have a fair appreciation of the cost, advantages and benefits of their own retirement systems.

Even organizations that had some early doubts about the advisability of hooking up Social Security with their own system, if only as a form of supplementary benefit, have come out in favor of the project. One of the deciding

factors was the type of benefit afforded under Social Security, not present at all under public employee systems, even though insurance and pension benefits are common to both.

Social Security Summary
There is far less familiarity among public employees regarding Social Security benefits, so they may welcome the summary of what Social Security requires and does, published on Page 3 of this issue.

Provisionals, Too
Included, also would be the provisionals on the NYC rolls, non-teaching employees in the educational activities, and employees entitled to become members of a NYC retirement system, who have not exercised that privilege. If the City does as the Mayor desires, all City employees either would have to join one of the City pension systems or be compelled to be covered under Social Security. Present members of NYC systems would not be affected.

The Mayor said he will have a resolution favoring such Social Security coverage ready for submission to the August 27 meeting of the Board.

Chance for 40,000 in NYC
About 40,000 NYC employees, not now members of, or eligible to membership in, any of the City's retirement systems, would be covered under Social Security, if the Board of Estimate adopts a resolution to that effect and excludes titles from public retirement eligibility.

The annual cost to the City

Rochester Still Out Front In Softball

Willard State Hospital's softball team gained half a game on the Rochester State Hospital team with a 12 to 3 victory over Newark State School August 1. The same day Willard defeated Craig Colony, Sonyea, 9 to 3. Rochester had no game that day.

Team	Won	Lost
Rochester	6	1
Willard	6	2
Buffalo	4	4
Newark	4	4
Gowanda	2	5
Craig Colony	1	7

would be nearly \$2,000,000, and to the employees the same, not exceeding \$54 a year each, for employee and City.

Mayor Vincent R. Impellitteri said that he's heartily in favor of bringing these employees under Social Security, and considers it unfair that they should not have an opportunity to be members of one pension plan or another.

The employees include 16,000 in the Board of Education and the Board of Higher Education, including 4,000 substitute teachers. Many employees of the Department of Hospitals also are in the wholly uncovered group.

'VOICE' WORKERS JOIN HIP
Employees of the Voice of America, European Section, in NYC, have enrolled with the Health Insurance Plan of Greater New York, Dr. George Baehr, HIP's president and medical director, announced.

Employee Activities

Suffolk

THE SALARY committee of the Suffolk County chapter, CSEA, recently discussed at Patchogue a proposed 1954 pay schedule, with county officials, F. Henry Galpin, research analyst of the CSEA; Philip Hattemer, chairman of the Suffolk County Board of Supervisor's budget committee, and Fred Hose, Clerk of the Board.

The salary program presented calls for a graduated percentage increase for all grades, with a \$300 minimum or 10 per cent of the first \$3,000. The increase on the next \$1,000 above \$3,000 would be computed at 7 1/2 per cent and all above \$4,000 at 5 per cent.

Fred Vopat, acting president of the Suffolk chapter, who attended the meeting, revealed that Mr. Hattemer and Mr. Hose greeted the discussion warmly and indicated they were in considerable agreement with the proposed schedule.

Members of the salary committee of the Suffolk chapter are Mrs. Eve Armstrong, chairman; Glendora App, Edward Petroske, Russell Griffin and Arthur Meyer.

The chapter's board of directors met to plan for the coming election of officers, and the annual installation dinner to be held October 10 at the Patchogue Hotel.

At the dinner will be 300 Association members, and 50 special guests, including the Suffolk County Board of Supervisors, department heads and other elected officials. Officers of the Association will be invited. As the ballroom accommodates 350, the membership will be eligible for attendance according to the total membership of their respective units.

Mr. Vopat and Mrs. Armstrong, as executive representative, stated there will be a turkey dinner, installation speeches and a dance, with music by a popular orchestra.

DR. JOSEPH GORDON, principal thoracic surgeon at Ray Brook State Tuberculosis Hospital for the past 14 years, is leaving State service to enter private practice in Albuquerque, New Mexico.

Dr. Gordon came to Ray Brook in 1939 to help develop a thoracic surgery program at the institution. For the past seven years, the service has been accepted for specialty board training. Residents from all parts of the U. S. as well as China, Japan, India, Greece, Turkey, Lebanon and South America have studied under Dr. Gordon.

He is a Fellow of the American College of Surgeons and the College of Chest Physicians; a member of the American Association for Thoracic Surgery, and a member of the American Trudeau Society, the Upstate Society of Thoracic Surgeons, and the Founder's Group of the Board of Thoracic Surgery.

Dr. Gordon has been a member of Ray Brook chapter, CSEA, since its formation.

Napanoch

THE 26th ANNUAL clambake of Napanoch Institution employees was an outstanding success, with 325 employees, friends and distinguished guests enjoying a lavish repast at the institution clambake grounds.

Principal guests were Arthur H. Wicks, majority leader of the State Senate; Rocky Marciano, world's heavyweight champion, who is

training at Grossinger's; J. Edward Conway, President of the State Civil Service Commission, and J. Allyn Stearns, a vice president of the Civil Service Employees Association. Other distinguished guests from NYC, Albany, Kingston and Goshen were welcomed by Superintendent Thomas J. Hanlon and George P. Halbig, president of Napanoch chapter of the Association and chairman of the reception committee.

Before the clambake, guests were taken on a tour of the Institution by Superintendent Hanlon to observe the operation of the progressive program installed for rehabilitation of the inmates. Many favorable comments were made on the work exhibited, including inmate discussion groups on human relations, classes in vocational training, cadet and Indian club drill teams.

A fine concert was given by the Institution band and a dress parade of more than 600 inmates was held under the complete direction of the participants. Following the dress parade, the principal guests were introduced to the inmates by Supt. Hanlon and each gave a brief talk on being successful and learning to live in society.

Honored guests at the clambake included members of the clergy, Monsignor Edward Nilan of NYC, the Rev. William B. Duggan, pastor of St. Mary's Church; the Rev. Francis Klendienst, pastor of St. Andrew's Church, Ellenville, and the Rev. William Reed, Catholic chaplain at Napanoch. Also, Charley Goldman, trainer of Rocky Marciano and Joseph Slutsky, proprietor of Nevele Country Club,

through whose courtesy a complete entertainment program was provided, were guests. The entertainment consisted of music by Art Kahn's band, with a floor show.

Assistant Supt. Lloyd V. Wilklow, chief chef, proved again to be bakemaster par excellence. He was assisted by Sergeant George Winsman, Jim Morrow, past president of the CSEA chapter; Joe Hornbeck, Cliff Carr, Ross Turner, Charley Lapolt, Spencer Myers, Al VanVliet, Rod Terwilliger, Kevin Rogan, Jim Reeves, Homer Kuhlman, Bill Falk, Nelson Waters and Lee Robinson.

Henry Bookman and Irving Kaplan were in charge of entertainment and Joseph Blackwell took photographs.

Employment, NYC

NEWS of the Employment chapter, NYC and Suburbs:

Recent vacation returnees are Hazel Johnson, E.I. 713; Freddie Glison, S.I. 713, after touring the State and Canada, and Hortense Engel, E.I. 712 C. All reported good times, and they are sporting various shades of tan.

As we go to press, vacationers are Stella Gross, E.I. 713, who is visiting her son in Washington, D. C., and Rose Natale, who is visiting Niagara Falls and Ontario.

A farewell luncheon was held at the Hotel New Yorker for Madelein Androschok of 712, who has resigned to live in California. The event was attended by more than 30 friends and co-workers.

The engagement of Rose Field, 713, to Dr. J. B. Ballin has been announced.

There is considerable excitement

around Section 711A due to John Bell's stupendous fishing exploits. His announcement of a catch of seven fighting bluefish in one Sheepshead Bay afternoon has been greeted with the respect it deserved, but his fellow workers failed to benefit by so much as a fin for their frying pans.

Kings Park

LATEST reports of the social committee of the Kings Park chapter, CSEA, show that tickets for the first annual picnic, to be held at Sunken Meadow Park, are moving well. A fine display of prizes, set up at the payline, added new impetus to the sale of tickets. Prizes that will be awarded at the picnic are a basket of cheer, fishing tackle and Scotch kooler.

The social committee reminds employees to bring along their own pitchers to facilitate the distribution of beverages.

Members of the sickness and accident insurance plan sponsored by the CSEA may obtain applications for new benefits from J. Link, chief safety supervisor. Other personnel may also obtain applications from Mr. Link.

Welcome to Dr. L. Hekimian and Dr. Sibbers, new members of the medical staff, and to L. George, who came from Rockland State Hospital to take on the senior physiotherapist's item at the Park.

Sympathy to the family of Ralph Brown, who passed away last week. Ralph was transportation agent at the hospital for many years. He will be missed.

Sympathy is also extended to

Dr. and Mrs. Castora and to Dr. Fink on the deaths of members of their families.

Congratulations to Jack Reilly, O.T. department, and his wife on the birth of a girl, and to Dr. and Mrs. Scagnelli on the birth of twin boys.

Raise for Attendants Being Studied

The attendants employed in the Mental Hygiene Department of New York State are pressing their case for a salary increase.

The latest development was a query to J. Earl Kelly, asking what action the State contemplated. Answering a letter from John E. Graveline, of St. Lawrence State Hospital, Ogdensburg, Mr. Kelly, Director of Classification and Compensation, wrote:

"The Classification and Compensation Division of the Civil Service Department is engaged in a comprehensive study of salary reallocations within the State's compensation plan. This project, undertaken at the direction of Governor Dewey, is expected to take from five to six months.

"Your application for reallocation is among those receiving detailed consideration in this study. Our determination of your request will not be announced until the completion of the project."

The same form letter from Mr. Kelly goes to employees and groups in other titles, who want to know when their titles are to be acted on, for possible upward reallocation.

2nd Highest Post Filled at Girls' School

ALBANY, Aug. 10 — Mrs. Muriel E. Jenkins of Baltimore, Md., has been appointed assistant superintendent of the New York State Training School for Girls, at Hudson, at \$6,801. Abraham Novick, superintendent, named her from a civil service list established by a nation-wide, open-competitive exam.

Mrs. Jenkins is a child welfare specialist and training school administrator. She received a Bachelor of Science degree in elementary education from Virginia Union University. Since then she has attended the New York School of Social Work, Columbia University, the University of Chicago School of Social Service Administration, and Catholic University.

She succeeds Harriet Goldman, retired.

RESEARCH UNIT TO HELP STATE FIGHT DISEASE

ALBANY, Aug. 10 — The State Health Department announced the organization of Health Research, Inc., a non-profit corporation to promote research into the cause and treatment of diseases.

The corporation was set up to increase research facilities of the State and local health departments, and institutions and agencies of the departments. Grants will be given for research into any specific disease field.

Persons or corporations desiring to assist in financing specific research projects by the State may contribute for such exclusive purpose.

Directors of the new corporation include Dr. Hollis S. Ingraham, Deputy State Health Commissioner; Dr. Morton L. Levin, Assistant Commissioner for Medical Services; Dr. Gilbert Dalldorf, Assistant Commissioner for Laboratories and Research; Dr. George E. Moore, director of the Roswell Park Memorial Institute in Buffalo, and John P. Coffey, assistant director, Office of Business Administration.

Choice Voted On Clerical Pay Scales

The Government and Civic Employees Organizing Committee, CIO, reports that a survey it made of NYC clerical employees shows preference for the following classification:

Clerk, \$3,000 to \$4,300, five annual increments of \$260 each.
 Senior clerk, \$4,301 to \$5,600, five annual increments, \$260 each.
 Supervisory clerk, \$5,601 to \$6,900, five annual increments,

\$260 each.
 This plan received 37.80 per cent of the vote of 5,400 employees, the union said.
 A close runner-up was a plan calling for four grades, as now in effect, with each grade having increments of \$200 up to the maximum. Salary ranges would be \$3,000 to \$4,000, \$4,001 to \$5,000, \$5,001 to \$6,000, and \$6,001 to \$7,000.

Surface Line Operator Study

The LEADER continues publication of study material for the surface line operator written exam, to be held by the NYC Civil Service Commission on Saturday, September 26. Questions are from the last NYC exam for surface line operator jobs, including bus driver, trolley car operator and conductor.

Each question should take no longer than three and one half minutes to answer.

Questions 1 to 41 appeared in previous issues of The LEADER. Items 42 to 47 are based on the following regulations. Read these regulations carefully before answering these questions.

Regulations Governing Operators of Buses

"Under normal conditions, when in regular passenger service, on streets used by one bus route, when bus ahead is operating on scheduled time, passing bus ahead is prohibited.

"When bus ahead is a headway behind scheduled time, passing bus ahead is required, but only when bus ahead is standing at a bus stop. Failure to comply constitutes a violation of rules and is deemed neglect of duty.

"Under normal conditions on streets used by more than one bus route, buses of one route may pass buses of another route, but only after having made a regulation passenger stop at designated bus stop and bus ahead remains standing until passing bus has cleared.

"Extra care must be exercised when approaching bus ahead with intention of passing it. Operation must be at reduced speed and ample warning given by sounding horn. Operator of standing bus must keep bus standing until passing bus is in the clear and has

horn; (d) make sure the bus is a headway behind.

43. An operator may depart from his regular route without orders from his superior when (a) there is only one lane ahead due to street repairs; (b) directed to do so by a policeman; (c) a sick passenger needs immediate hospitalization; (d) he is carrying the maximum allowed number of passengers.

44. It can be inferred that an operator is required to pass the bus ahead when it is (a) heavily loaded; (b) ahead of schedule; (c) disabled; (d) on a slippery street.

45. Passing of another bus is permitted only when the bus to be passed is (a) at a regular passenger bus stop; (b) between bus stops of the same route; (c) between bus stops of another route; (d) on a street used by more than one route.

46. An operator is forbidden to pass a bus ahead if the bus is (a) on time but of a different route; (b) late and of the same route; (c) late but of a different route; (d) on time and of the same route.

47. When the operator of a bus stopped at a regular passenger stop hears the horn sounded by the operator of the following bus he should assume that the following operator wants to (a) enter the bus stop; (b) go ahead of him; (c) take some of the waiting passengers; (d) transfer some passengers to him.

Items 48 to 57 inclusive are based on the bus schedule shown at left. When answering these items, refer to this schedule.

48. Sea Ave. is located north of (a) Sand St. and south of Beach Terminal; (b) Beach Terminal and south of Stock St.; (c) Stock St. and south of Beach Terminal; (d) both Sand St. and Stock St.

49. Bus No. 232 is scheduled to leave Sea Ave. going toward Beach Terminal at (a) 8:10; (b) 8:19; (c) 9:11; (d) 9:20.

50. If bus No. 232 were to be turned at Sand St. and returned to Stock St. without loss of time, it should arrive at Stock Street at about (a) 8:43; (b) 8:54; (c) 9:09; (d) 9:20.

51. The scheduled time interval between successive buses leaving

Stock St. from 8:30 to 9:00 inclusive is (a) either 4 or 6 minutes; (b) always 6 minutes; (c) always 8 minutes; (d) either 6 or 8 minutes.

52. The scheduled time interval to go from Beach Terminal to Stock St. and return to Beach Terminal is (a) 1 hour and 10 minutes; (b) 1 hour and 14 minutes; (c) 37 minutes; (d) 110 minutes.

53. Bus No. 228 is first scheduled to leave Beach Terminal at 7:40. The same bus is scheduled to leave Sea Ave. on its second southbound trip at (a) 8:41; (b) 8:54; (c) 9:01; (d) 9:53.

54. The number of buses required to maintain the portion of the schedule shown is (a) 14; (b) 28; (c) 11; (d) 22.

55. A passenger wants to go from Stock St. to Sand St., stop over at Sand St. for 1/2 hour, and then return. If he arrives at Stock St. at 8:15, the earliest he can expect to return to Stock St. is (a) 8:17; (b) 8:28; (c) 9:13; (d) 9:17.

56. If a person living near the Sea Ave. bus stop expects to meet a friend on the northbound 8:16 bus from Beach Terminal, he should plan to get to the bus stop just before (a) 8:22; (b) 8:25; (c) 8:32; (d) 8:38.

57. A man living on Sand St. and wishing to get to Beach Terminal by 9:45 would have to board a bus which is scheduled to leave Stock St. no later than (a) 9:11; (b) 9:07; (c) 9:22; (d) 9:44.

Congress Votes Amendments To Federal Veteran Preference Law

WASHINGTON, Aug. 10 — President Eisenhower has before him a bill passed by Congress to amend the Veteran Preference Law for Federal employment. In some respects, it improves the advantages to veterans, in others it restricts them. It represents an attempt to meet objections that veteran preference can have an injurious effect on the merit system, and insistence by veteran organizations that the nation continue to enhance the job opportunities of veterans.

One of the principal provisions is that veterans must pass an exam on their merits, without any aid from premium points, before becoming entitled to such points. Now the extra points may be added to the earned score to attain the pass mark.

New Disability Rule

Also, now disabled veterans with a non-compensable disability may obtain disability preference, but the bill would require that, regarding new eligible lists, such disability must be compensable, meaning that it must have at least a 10 per cent rating from the Veterans Administration.

The privilege that disabled veterans enjoyed, of floating to the top of the list as a group, would be modified. First, the same requirements of 10 per cent minimum disability would apply, and, second, the benefit would apply to jobs, including scientific or professional ones at Grade 9 or below. Now the benefit holds only if the job pays \$3,000 or less, and scientific and professional jobs are excluded.

The number of jobs restricted to disabled veterans would be increased. Now they are guard, messenger, custodian, and elevator operator. The bill adds apprentice jobs. The President would be authorized to add other titles.

Better Protection for Vets

Also, the bill would require agencies to give reasons why they hire a non-veteran in preference to a veteran, as now, but would empower the U.S. Civil Service Commission to require the hiring of the veteran, if the agency's reason is not convincing. Now the agency gives its reason and, whether convincing or not, the appointment of the non-veteran stands.

Veteran preference points remain the same — 10 for those persons entitled to disabled veteran preference, under the stiffer requirements for the grant, and 5 for non-disabled veterans.

The old law applies to existing lists. The new law would function only in regard to rosters established after its effective date, 60 days after the bill is signed.

Postal Employees Found Riegelman Co-Operative

HAROLD Riegelman, during his brief service as acting postmaster of the New York office, made a hit with his employees. He counted them in on conferences on remedying conditions against which they complained, spoke at meetings of their associations, and otherwise recognized how fully the employees are moral partners in the government enterprise.

Also, Postmaster General Summerfield has stated that Mr. Riegelman did an outstanding administrative job.

Cities Keen on In-Service Training

Since January 1951 about one-fifth of council-manager cities in the U. S. have conducted in-service training programs. Also, in other cities pilot programs exist as a nucleus for growth into in-service training activities. The training movement may be further implemented by Federal subsidies for vocational education, State financial aid, and specialized courses conducted by State education agencies. In addition, local schools and colleges offer training opportunities and training materials. Advice may be obtained from other public administration organizations.

Various fields are covered by the 175 cities who conduct training programs. They include employee safety or accident prevention training in 57 per cent of the cities; public relations, 54; job skills, 47; techniques of supervision, 45, and orientation classes for new employees, 37, the International City Managers' Association reports.

Police and Fire Training In addition, 59 cities conducted municipal management training courses in police, fire, public works, recreation, planning, finance, personnel administration and the technique of municipal administration offered by the Association's Institute for Training.

The most prevalent training programs are those conducted for policemen and firemen. Ninety per cent of the 175 cities held police training courses, while 86 per cent conducted fire training. Public works department employees in 51 per cent of the cities were given training programs.

Generally, cities schedule two-hour weekly training sessions on city time. About three-fourths of the reporting cities absorbed the full cost of their training programs. City employees conducted the training programs in 100 cities, while in the remaining cities university professors, State officials and instructors from local schools conducted the courses.

Harry R. Langdon, administrator of the NYC Department of Sanitation's fiscal service, will retire September 1 after 41 years' City service.

NYC Certifications

The names of persons on the following NYC eligible lists were certified by the Municipal Civil Service Commission to various NYC departments and agencies for possible appointment.

More names are sent to City departments than there are vacancies to fill, so all certified may not be called to job interviews.

The number of the last eligible on the list who was certified is given.

A Solid Foundation Must Not Be Wrecked

AN employee union in NYC protests that jobs in the Housing Authority are in jeopardy, because the Authority intends to turn over to private firms the duties of managing the projects. What, the union asks, becomes of jobs, status, seniority, and the merit system? The same stand is taken by NYC engineering personnel, when it finds design and even drafting work farmed out to private interests.

Federal employees have similar fears for their jobs as they find more and more Federal work turned over to private contractors, even laboratory work.

So far, New York State has not shown any signs of such capitulation to the charms of theoretical economy, and, it is likely, will not.

Government has a responsibility it must discharge. A king may abdicate. A government can not and must not.

The public forces, carefully selected, expertly trained,

County Workshop Of CSEA to Cover Broad Program

UTICA, Aug. 10—Arrangements for the Inter-County Workshop meeting of the Civil Service Employees Association, to be held in Utica on Saturday, August 15, have been completed by the steering committee and turned over to Oneida chapter, host for the event.

Registration for the meeting will start at 1 P.M. in the Utica College Lounge, where the meeting will get under way at 2 P.M.

McFarland to Conduct Forum

The feature of the workshop will be a session on the value of workshops and conferences. This session will be conducted by Jesse B. McFarland, president of the Association.

An executive session will discuss ways and means to improve the scope of the workshop.

Social Security and the public employee, and employer-employee relations in the civil service, will also be discussed.

Mayors to Attend

A dinner will be served at the Club Monarch, Yorkville, at which Mr. McFarland will be principal speaker. Other Association officials who will be present include John F. Powers of Freeport, 1st vice president; J. Allyn Stearns of White Plains, 3rd vice president, and John J. Kelly Jr. of Albany, assistant counsel.

Mayor Boyd S. Golder of Utica, Mayor David E. Townsend of Rome and Harold G. Mayer, chairman of the Oneida County Board of Supervisors, will also attend.

Invitations were sent to all CSEA County chapters, and the workshop steering committee reports a fine response. A number of State chapters have also made reservations.

The Oneida County workshop committee will continue to accept reservations from CSEA units. Send requests to Mrs. Rosalie M. Sarmie, care of Automobile Bureau, Oneida County Court House, Utica. Dinner tickets are \$2.50 per person.

Committee Members

Oneida chapter's committee consists of Vernon E. Olin, chapter president; Mrs. Rosalie Sarmie, secretary; Winnifred Phalan, past chapter president and former member of the CSEA board of directors; S. Samuel Borely, chapter representative, and Ferd H. Koenig, former chapter president and member of the Inter-County steering committee.

The Inter-County workshop group, in addition to Mr. Koenig, consists of Mrs. Lula Williams of Binghamton, Anthony Giordino of Elmira and Vernon A. Tapper of Syracuse.

First Anniversary

Ernest L. Conlon and Laurence J. Hollister, CSEA field representatives, and Philip Kerker, Association public relations director, are assisting the committees.

The CSEA workshop method is just one year old, the first experimental meeting having been held last August in Binghamton and limited to County chapters in the central New York area. Thirteen units attended. Later meetings were held in Syracuse and Elmira, and each succeeding workshop has developed a wider interest, bringing together representatives of more and more chapters.

The date and place of the succeeding Inter-County workshop will be decided at the August 15 get-together.

New Courses To Aid U. S. Employees

Short training courses designed for federal government personnel in the metropolitan area will begin in the fall under the sponsorship of the Federal Personnel Council, the Graduate School of the United States Department of Agriculture, and the New York University Graduate School of Public Administration and Social Service.

Intended to provide government career employees with needed skills and techniques, the program is supplementary to both the regular public service training conducted at NYU and the in-service training provided by federal agencies.

Dean William J. Ronan of the NYU Graduate School of Public Administration and Social Service made the announcement.

Each course will be given for an hour and a half one night a week for about seven weeks in Manhattan and Brooklyn. Facilities are to be provided by federal agencies. The NYU School will administer the program, supply instructors, and issue attendance certificates.

Rossell Heads Committee

According to a poll taken by federal personnel authorities in the New York area, employees show overwhelming support of such a training program and favor in this order, the following subjects for courses: organization and methods analysis, public personnel administration, human relations, principles of supervision, public speaking, position classification, statistical analysis, government letter writing, work measurement, administrative procedure and technique, and records management.

The committee to work out plans consists of James E. Rossell, Regional Director, U. S. Civil Service Commission, chairman; Harry Chaitovitz, executive assistant, Region II, United States Department of Health, Education, and Welfare; Albert Riggs, regional personnel officer, U. S. Department of Agriculture; and Dr. Martin B. Dworkis, assistant professor of public administration and assistant to the dean, NYU Graduate School of Public Administration and Social Service.

Chivalry Still Alive, But Not Among Too Many

Edgar S. Van Olinda, in his column, "Around the Town" in the Albany "Times Union," offered proof that chivalry is still alive, though its practice may not be as widespread as it should be, or as Scripture encourages.

Returning home from a concert in Tanglewood, he was driving in his car from Clinton Heights into Rensselaer. Women of the family were in the rear seat. All was going well, until—

Bang!

There goes a tire.

What to do with a flat on a hill? Jack up the car, of course, slip on the spare, and get going again. But you know the usual jack's worth even on level ground. But on a hill! The jack wouldn't "bite" on the hill. Mr. Van Olinda feared a long hike to a garage, with the women left alone in the car, and at night.

Helping Hand

The plight was noticeable to drivers of passing cars, but those drivers did what drivers nearly always do — they kept right on driving. In fact, some seemed to step on the gas on catching sight of the crippled car.

Not so one driver, however. He stopped, got out his really serviceable jack that lifted the car high enough and held it there securely, took off the useless tire, and put on the spare. He did it with such skill and dispatch that Mr. Van Olinda suspected that he was a garage mechanic. But he wasn't. He was Daniel DeRubbo, an em-

ployee of the State Department of Agriculture, who was also returning home with his son, a Cathedral Academy student, equally anxious to get home fast. But not so anxious to deny a helping hand to a fellow-man in distress.

Mr. Van Olinda paid tribute in his column and expressed "deep appreciation of an act of roadside courtesy which we thought was a lost art."
