Student Activities - Campus Center

MEMORANDUM

July 17, 1967

TO: All Student Activities Staff and Colleagues in Student Affairs

FROM: Neil C. Brown, Jr., Director, Campus Center and Director of Student Activities

SUBJECT: Mohawk Campus

I regret to tell you that the recently renovated barn on the Mohawk Campus was totally destroyed by fire early Sunday morning. The entire structure was leveled by the disaster and all contents were destroyed. We are fortunate that the colonial farmhouse (the Mohawk Activities Center) was not damaged by the intense heat except for some minor blistering of the paint. The cause of the fire is undetermined.

Clean-up activities are beginning this morning as you are reading this document and Mr. Gary Jones and I agree that immediate steps are to be taken toward the building of a new structure. When the debris is cleared within the next two days, we will see more clearly the true condition of the foundation and concrete floor. By all outside appearances at this time we assume that the foundation and floor can be used again, although the floor is damaged to some degree.

The Mohawk Campus will remain open as planned, although the loss of this structure will place some limitations on the use of that portion of the Mohawk Campus.

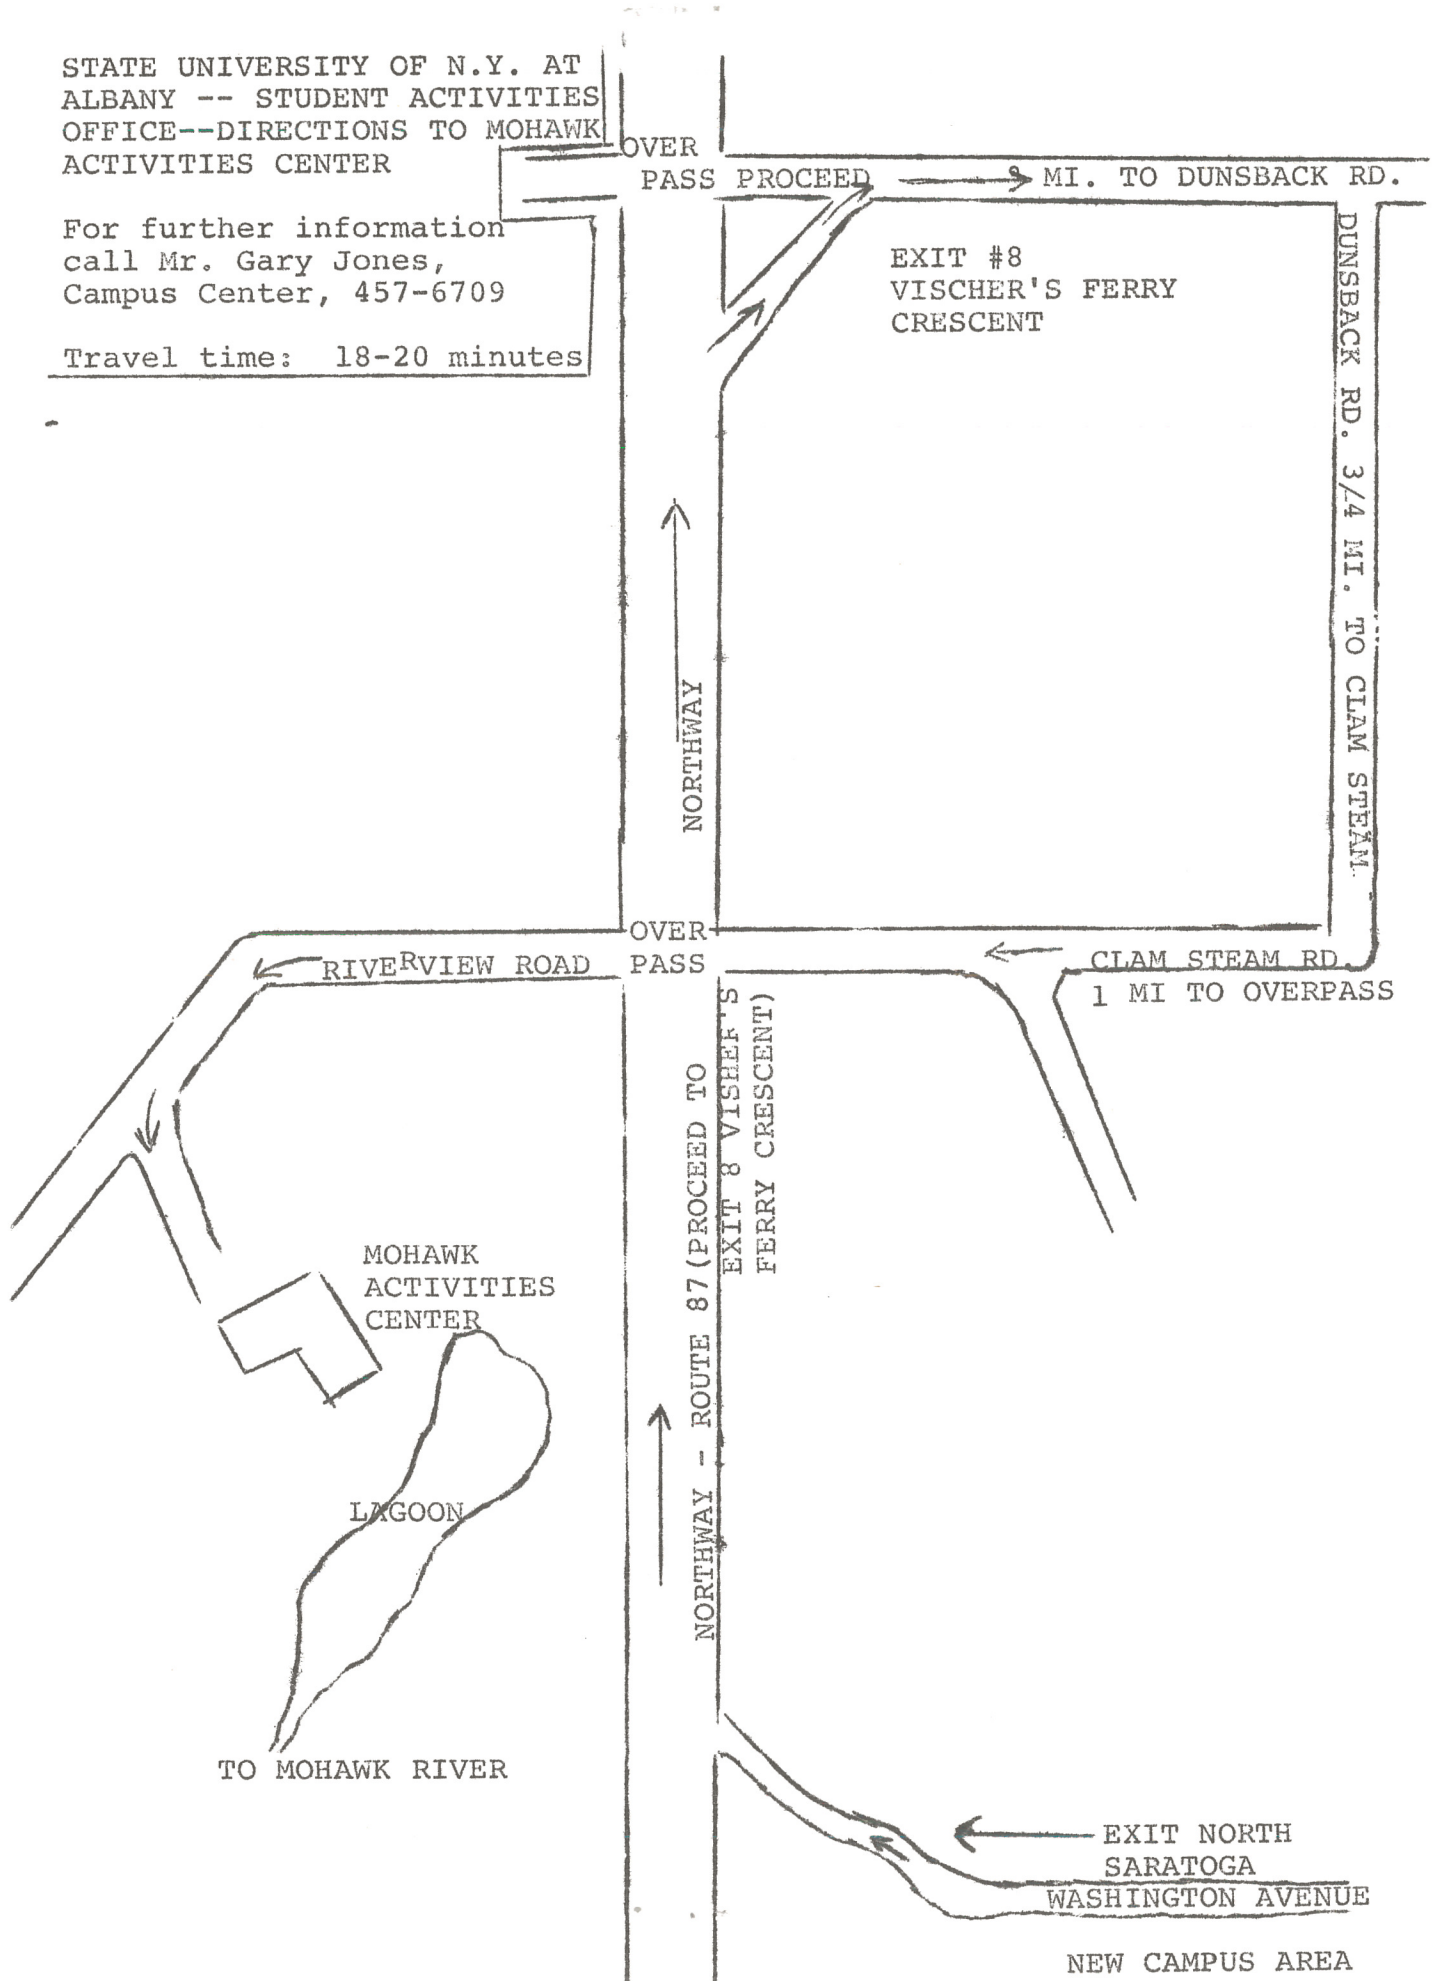

It is our hope that you and other members of the University community will continue to use and enjoy the facilities of the Mohawk Campus during the summer.
