### GREEK LEADER HONORS CSEA

Christos I. Apostalokos, left, president of the 150-member Supreme Administration of Government Employees Union of Greece, was a recent visitor to Albany where he visited John F. Powers, right, president of the Civil Service Employees Association. Mr. Apostalokos, who is touring America, stopped to study the operations of the CSEA. He later announced to Mr. Powers that when he returned to Greece he would make all Association members honorary members of the Greek organization.

### Killian A Contender For Vet Affairs Director Post

Albert C. Killian, fifth vice president of the Civil Service Employees Association, is a leading contender for the post of State Director of Veteran Affairs, the Leader has learned.

It was reported from Buffalo that clearance was given to present Mr. Killian's name to Gov. Nelson A. Rockefeller for the post.

State Sen. John H. Cooke, GOP Erie County Leader, and L. Judson Morhouse, Republican state chairman, had a recent conference on the nomination of Mr. Killian. It was reported that after the huddle Senator Cooke refused to divulge details of the conversation but did say he thought Mr. Killian would be "an excellent choice."

The upstate senator also

marked a claim to the position for the Buffalo area under a Republican administration because former Governor Dewey had named a Buffalo man, Leo Lanning, to the directorship.

Mr. Killian is a World War I veteran, having served as a carpenter's mate in the Navy Air Corps in England and France.

An active Republican for years, he is a member of the Uncle Sams Republican Club and marched in the Eisenhower inaugural parade dressed as the symbol of America. He is a member of several veteran's organizations as well.

Mr. Killian is presently a counselor for the Division of Veterans Affairs.

#### STATE COMMODITIES TAX MAN RETIRES

Honored recently on his retirement as a commodities tax examiner with the commodities tax section of the State Department of Taxation and Finance, was Maurice Hickey.

He was cited as a leader in the battle years ago against the illegal shipment of cigarettes into New York State to avoid State tobacco taxes. Friends and fellow workers presented him with a check.

## 'No Budget' Rockefeller Tells State Department Heads

ALBANY, August 10 — Gov. Nelson A. Rockefeller has warned all branches of the State government they will be expected to stay within their current budgets next year.

In a terse communication to all State departments, agencies and all divisions and agencies within the Executive Department, Mr. Rockefeller said that with increased taxes being paid by the people he is "determined that the budget this year be the tightest possible . . ."

His letter reads:

### Senior Declares New Vacation Policy For Workmen's Comp.

ALBANY, Aug. 10 — The State Workmen's Compensation Board has instituted a new policy regarding employee vacations.

Solomon E. Senior, board chairman, has told the board staff to split their vacations between summer and winter. Divided vacations, he said, has become "standard practice among carriers, physicians and a large segment of industry."

A recent survey convinced the board that split vacations would not only benefit the employees, but would also help avoid many unnecessary adjournments on the referees' calendars during the Christmas season when witnesses, physicians and attorneys do not seem to be readily available for appearances.

The new policy will affect principally those working directly on or with the calendars, but its adoption is being encouraged wherever a bureau or office head can extend it without disrupting or curtailing the work routine.

The period from Dec. 24 through Jan. 3, 1960 has been set aside for employee winter vacations.

### Rockland President Gets Merit Award

A desk set, \$50 and an achievement certificate were awarded recently to Nicholas Puziferri, supervising nurse of Rockland State Hospital, by the New York State Employees Award Board. The presentation was made by Dr. Alfred M. Stanley, hospital director.

Mr. Puziferri, a resident of Naurauschaun, is president of the Rockland State Hospital Chapter, Civil Service Employees Association.

The award was for a suggestion regarding a reference chart for timekeepers. A letter to Dr. Stanley from the Award Board described the suggestion as "evidence of the thinking sought by any good organization."

"Say You Saw It in The Leader"

With the increased taxes now being paid by the people of the State, I am determined that the Budget this year be the tightest possible Budget commensurate with their needs. I am determined also that each tax dollar produce a dollar's worth of service and that we make every effort to achieve this year our goal of "pay-as-you-go."

During 1959 it has been continuously "budget time" with all of us devoting our energies to means of reducing expenditures and achieving maximum economies.

Now it is time to begin formalizing our work into actual budget requests so that final decisions may be made and the various economies may be reported and effectuated through the budget process.

The preparation and reporting of your budget requests will be according to the forms and instructions already sent to you by Dr. Hurd, Director of the Budget. To insure the greatest economy I am requesting that you prepare and submit your requests for 1960-61 on the following bases:

1. Every feasible program elimination or curtailment consistent with the maintenance of essential services to the people through your department or agency must be made. Your proposals in your program evaluation reports to the Bud-

get Director provide the bases for these.

2. No State purposes appropriation request for any department or agency may exceed the total appropriation available to that agency for 1959-60. This means that funds for any new or expanded programs will have to be "absorbed". If there are increases that are absolutely essential to render proper service to the growing population of the State, which cannot be "absorbed," such items may be submitted separately for special consideration.

3. Your State purposes budget request must be accompanied by a specific report showing exactly what modifications you would undertake to make an over-all cut of 5 percent from the 1959-60 appropriation for your department or agency. These should be reported in terms of the priority you place on them. The amounts of such reductions which will finally be made will depend on the total Budget and economic picture as well as the specific nature and effect of the items.

### Marcy Chapter Sets Annual Picnic Date

Marcy State Hospital Chapter, Civil Service Employees Association, will hold its annual picnic at Stanleys Grove, Edic Road, Marcy, beginning at 3 P.M. Wednesday, August 26. All members are urged to attend.

All prospective members are also invited so they may get acquainted with the members—to know who they are and to have an opportunity to talk to them.

#### ALBANY RESIDENTS SERVE

ALBANY, August 10 — Governor Rockefeller has named two Albany residents, Mrs. Edgar Vanderveer and John Wheeler, to the Board of Trustees of Schuyler Mansion. Members serve without compensation.

Mr. Wheeler will fill a vacancy on the board created some years ago by the death of Ledyard Cogswell Jr. of Loudonville. His term will expire Apr. 1, 1960. Mrs. Vanderveer was appointed to a five year term, ending Apr. 1, 1964.

#### MEMORIAL POST FILED

ALBANY, August 10 — Mrs. Howard M. Van Alostine of Rensselaer has been reappointed to the Fort Crallo Memorial Commission for a six-year term ending Apr. 1, 1965. The commission is responsible for maintenance of Fort Crallo, the place where the song "Yankee Doodle" was composed.

### Public Works Head Urges Economy

ALBANY, August 10 — State Public Works Superintendent J. Burch McMorrin has asked all his division and bureau heads to "promote cost-consciousness at all levels and to reduce expenditures wherever reductions will not interfere with department programs."

In a memorandum to department officials, Mr. McMorrin stated: "Every other month reports shall be prepared showing what each reporting unit has done to accomplish the above purposes."

He defined the goal in these words: "Division Heads, Bureau Heads and District Engineers are to seek positive measures by which expenditures may be reduced."

### CORRECTION

The fall meeting of the Southern Conference of the Civil Service Employees Association will be held at Warwick State School on Friday, September 25.

Previously, The Leader announced the meeting would be held on a Saturday.

# Fino Asks C.O. Salary At Police Dept. Level

Pay, opportunities and benefits of correction officers should be the same as for police, U.S. Rep. Paul A. Fino (D., N. Y.) stated last week.

In a "Dear Abe" letter to Budget Director Abraham D. Beame, Congressman Fino said that unless correction officers are so treated, the Correction Department will not be able to hire enough correction officers through its regular examination procedures—and will have to add provisional employees to its forces.

The Congressman was Civil Service Commissioner from 1950 to 1952. This is his letter:

"My dear Abe:

"As a former member of the Municipal Civil Service Commission, I wish to express my personal feelings on the serious problems affecting the Department of Correction.

"I am disturbed in learning that the City is encountering difficulties in attracting good, qualified men willing to accept positions as Correction Officers in the Correction Department.

"I have been reliably informed that only 698 men qualified in the open competitive examination. Of this number, it is expected that approximately 150 men would be eligible or willing to accept a position. This, I understand, will fall short of the present needs of the department. This means that the complex duties in this department will continue to be entrusted to provisional help, who, you and I know, are not the best qualified nor the high-

est type of men.

"I realize that the problem of recruitment is always a serious one. And it becomes more difficult unless the position is made attractive by offering good pay, opportunities and benefits.

"In view of the fact that examinations and qualifications for Correction Officers are identical to those required by the Police Department, I find it difficult to understand the reasons for this "step-child" treatment. If everything else is par why the difference in pay, benefits and promotion opportunities?

"It is simple to understand why qualified men seek a career in the police department instead of the correction department. It offers better attraction.

"If we are to recruit the best qualified men for the Correction Department and we demand that they possess the same qualifications, perform similar duties and assume the same kind of responsibilities as policemen, then, it stands to reason that the salaries, promotion opportunities and other benefits be identical.

"I am afraid that unless some firm and affirmative action is taken by the City to equalize the pay and benefits of the Correction Officer to that of the Police Officer, it will not be able to recruit nor retain the best and the most qualified men so necessary to do the difficult job in a very important department of our City."

# U.S. Hiring Expected To Expand

WASHINGTON, Aug. 10 — You can expect to see a small boom in the hiring of Federal employees soon.

What with small budgets, economy drives in the Administration and Congress, etc., Federal agencies have had to make do with the number of employees they already had—up to now. But the numbers quitting, retiring, transferring, being promoted, etc., have stretched present staffs too thin.

Overloading the present staffs can only go so far. Once past that point, you have to start taking on new workers.

There has always been a shortage of scientists and engineers. But now agencies are finding that they also have too few clerks, typists, stenographers and personnel in similar skills and trades. As a result, there has been a quiet growth of hiring.

Right now, the new recruiting is being done on a piecemeal basis. Each agency, each area, each office is taking on new people on its own, on an individual basis. There are few big job announcements. Job-seekers get the word about vacancies by contacting the separate agencies, or by knowing somebody.

The guess is that, within a year or two, unless vacancies are filled quickly, there may be a move to recruit employees on a wider basis.

# City Workers Get Payroll Savings

For the first time in its history, New York City will make available to its 200,000 employees a payroll savings plan for the purchase of United States Savings Bonds, it has been announced by Comptroller Lawrence E. Gerosa.

"The thrift plan is made possible by the new IBM data processing control center in the Office of the Comptroller," Mr. Gerosa said.

At the same time, the Comptroller announced the appointment of William E. Boyland, president of the New York City Tax Commission, to head the bond campaign which will begin in October.

According to Mr. Gerosa, "The payroll savings plan is designed to enable City employees to build a nest egg of Series E Savings Bonds for future use."

Under the plan an employee authorizes setting aside a part of his pay towards purchase of a bond. When the accumulated proceeds equal the denomination of his choice, the bond is delivered to him.

Currently, more than 8,500,000 people are buying bonds this way since the program is available to employees in thousands of companies and Federal, State and municipal governmental installations throughout the country.

## HULBERT IN COLLEGE POST

ALBANY, August 10 — Burton Hulbert of Oneonta will succeed the late Lester D. Hays of Solvay on the Local Council of the State College of Education at Oneonta. The appointment was announced by Governor Rockefeller for a nine-year term ending July 1, 1968. Mr. Hulbert is president of the Wilber National Bank.

*\$3,910<sup>00</sup> in benefits in 34 months*

About three years ago, a Correction Department employee in Syracuse fractured his hip. Complication set in and today he is still disabled and out of work.

Fortunately, this man was enrolled in the CSEA Plan of Accident and Sickness Benefits. Because of his foresight, he has received a monthly Disability Check for \$115.00 for the past 34 months.

Don't you be hurt twice by the same accident. Protect your income by enrolling in the CSEA Plan of Accident and Sickness Insurance. This needed protection is not included in the new State Health Plan.

## THE PUBLIC EMPLOYEE

By JOHN F. POWERS  
President  
Civil Service Employees Association

### Social Security Entrance a Great Opportunity

The renewal of the opportunity for public employees to take advantage of Social Security coverage should be hailed as a great opportunity. It came about through the passage of a bill during the last legislature which was the result of negotiations between the Federal government and the State. The Civil Service Employees Association had urged that this new opportunity be given.

Unquestionably, a lack of the full appreciation of the good benefits of Social Security insurance motivated many employees to say "no" the first time this insurance was offered in 1957. Now both the Federal and New York State government have given a second chance. This chance will be available until September 30, 1959. All public employees, members of the retirement system, who are interested should immediately see their personnel officer, administrative officer, business officer or whatever the title of the person who handles the payrolls.

No such public employee can really afford not to take this opportunity. It will be of particular benefit to those over age 50 as will be explained by your personnel officer. It will be particularly cheap insurance for them, giving a return at the top brackets at age 65 of over \$1500. This will be roughly equivalent to a life insurance policy of \$50,000.

## CSEA Group Life Insurance Offers Valuable Protection At Amazingly Low Prices

Have you ever heard of \$1500 Life Insurance protection for only 13c every two weeks for persons 23 years or younger? Astounding, isn't it? But, it is provided under the low-cost Group Life Insurance made available by the CSEA to its members. Older members enjoy proportionately low insurance rates.

If you are employed by the State of New York or the Counties of Westchester, St. Lawrence or Chemung, or the Cities of White Plains, Ogdensburg, Newburgh, Potsdam or Elmira, and become a member of CSEA, you can apply for this low-cost Group Life Insurance protection.

Applications and explanatory literature are available from CSEA Headquarters, 8 Elk Street, Albany, New York, or its branch office at 61 Duane Street, New York City, or its Agent, Ten Bush & Powell, Inc., 148 Clinton Street, Schenectady, New York, or any CSEA Chapter Representative. Completed applications for the insurance should be sent to the CSEA Headquarters in Albany.

Over 45,000 members of CSEA participate in the Group Life Plan. Payment of premiums is through convenient payroll deductions.

### No Red Tape

There is no red tape as to claims—the death benefit check under the Group Plan is sent to the beneficiary from CSEA Albany Headquarters within twenty-four hours after notice of death is received. The beneficiaries receive the CSEA benefit check well in advance of proceeds from other insurances the deceased may have had.

CSEA has continually improved its Group Life Insurance as ever increasing numbers covered by the plan have produced good loss experience. For instance, 30% additional insurance, minimum \$500, was given all members under the plan without increase

in premium cost, double indemnity for accidental death, and waiver of premium in event of total disability occurring before age 60 was added to the plan without additional cost to the covered members.

The CSEA Group Life Insurance Plan was established through the hard work of CSEA Officers and Committees. Its success resulted from continual vigilance and effort on the part of these CSEA Officers and Committees who gave unselfishly of their time to their fellow employees without recompense from CSEA.

Any State or local government employee eligible for the CSEA low-cost Group Life Insurance can hardly afford to overlook this opportunity.

An inquiry to secure the facts does not obligate you.

### Safety and Accident Advice Board Named

ALBANY, August 10 — Governor Rockefeller has named a ten-member Advisory Board for the Bureau of Safety and Accident Prevention in the State Division of Safety. The agency is headed by Col. Walter E. Bligh.

Members are: Dr. Laramour Bryan, assistant deputy commissioner of mental hygiene; Thomas F. Houlihan, personnel officer of State Conservation Department; Dr. Granville W. Larimore, deputy commissioner of health; Frank D. Maurin, deputy commissioner of labor.

Joseph Ronan, administrative deputy, Public Works; Mrs. Caroline K. Simon, secretary of state; Benjamin Weinberg, deputy correction commissioner; Dr. James E. Allen, education commissioner; Raymond W. Houston, social welfare commissioner and Otto J. Teegan, State University architect.

# Levitt Sees Eventual 4% Yield To All Members Of State Retirement System

BUFFALO, Aug. 10 — Comptroller Arthur Levitt reported here that the earnings on New York State Employees Retirement System investments are approaching a 15 year high of 3.50 per cent and that continued improvement in the yield "will hasten the day when the System can return to the 4 per cent rate for all of its members." At present, only members who joined the System prior to 1943 are credited with a 4 per cent interest on their accumulations.

Speaking at the 34th annual convention of the New York State Police Conference in Buffalo, Levitt said, "The continued rise in bond interest rates coupled with our newly acquired power to invest in higher yielding, high grade corporate bonds and the expansion of our mortgage investment program, should result in a more rapid increase in overall yields. In addition to the possibility of a higher interest return, an improvement in investment earnings may also permit an expansion of current benefits."

### Now Highest In 15 Years

In discussing a 4 per cent return Levitt cited the fact that the present rate of 3.50 is higher than that earned in the last 15 years. He said, "When I became trustee of the System in 1955 I expanded the mortgage program and developed legal sources of new investments in order to reverse the downward trend of earnings and to step up the current yields."

Levitt traced the history of the System's interest guarantee. He said, "When the System was established in 1921 and a 4 per cent yield guaranteed, it was possible to earn 6 per cent on high-grade investments. However, by 1943, the impact of the depression had driven yields down to where the System could no longer safely guarantee 4 per cent. The

law was changed to credit future members with a rate of 3 per cent. From 1943 until the time I took office in 1955, the System barely earned enough to maintain even this lower yield and indeed incurred an interest deficit which was paid by the State and other employers. In one year this deficit was approximately \$5 million. Last year the deficit was eliminated . . . a saving of over \$1 million to the State and local governments.

### Bond Return Low

When considering a return to a 4 per cent yield it must be kept in mind that about half of the System's investment portfolio is made up of government bonds purchased years ago during periods of low interest rates. Such long term investments are necessary since commitments to members are for long years of service and retirement and we must be certain of a steady long-term return.

In his speech Levitt referred to queries on why member accumulations do not earn the interest now being credited by savings banks. He said, "A savings bank pays a quarterly dividend and can adjust its dividends four times a year to take into account changes in its earnings. The Retirement System cannot do this. A higher rate once guaranteed cannot thereafter be reduced. It is a guarantee that remains in force over a time period which may well span 50 years of service and retirement. We must be certain we have set a rate that will not result in continuing deficits to the System."

### Wants Equal Return

"The value of our System is in its stability. You can be certain that your promised pension will be unchanged when your retirement is on hand no matter how many years that is into the future.

"I am not happy with the fact that some members are guaranteed less than others. Be assured that I will make every effort to improve our investment position so that all members may be credited on a 4 per cent basis. However, I will follow a prudent investment program with the safety of the System as my first consideration.

Discussing other possible benefit changes for the System Levitt indicated that he would again submit to the Legislature a series of measures to provide a supplemental pension to retired employees, vesting rights to present members and a more liberal death benefit provision.

The proposed supplemental pension as outlined by the Comptroller would attempt to make up the loss in purchasing power that retirees have suffered since retirement. It would be based on date of retirement. Employees who retired in 1940 and before would receive a 90 per cent increase on the first \$3000 of their retirement allowance. From retirement year 1941 on, the additional sum would be based on a gradually decreasing percentage scale.

### Would Up Death Benefit

The maximum death benefit at present is one year; the Comptroller would propose to increase it to two years.

"The changing economy of our times has made it more necessary than ever to use every method of improving the services of the Retirement System and to see that it keeps pace with modern day needs. Not only is there a constant need for adjusting our System to serve its members in the best way possible, but also to evaluate the progress we have made," Levitt concluded.

## State CDC Gets 12 New Members

ALBANY, Aug. 11 — Governor Rockefeller has appointed 12 prominent New York State residents to the State Civil Defense Council and stated that steps would be taken immediately to reorganize the agency, which has been inactive in recent years.

The Council is composed of 23 members, including 11 state officials serving ex-officio and 12 members appointed by the Governor with the consent of the State Senate. Members receive no salary, just expenses.

In announcing the appointments, Mr. Rockefeller said: "Civil Defense is a major State responsibility and a matter of urgent and immediate concern to me as Governor. It is a subject which requires prompt co-

operative action at all levels of government."

Appointed were: Roswell L. Gilpatrick, New York; Henry R. Luce, New York; Thurgood Marshall, New York; Brig. Gen. David Sarnoff, New York; John Wickham, Long Island; Joseph Monserrat, New York; Alfred H. Kirchofer, Buffalo; James Fitzpatrick, Plattsburgh; Martin B. McKneally, Newburgh; Dr. Millicent C. McIntosh, New York; Louis Hollander, New York; Col. Frank A. McNamee Jr., Loudonville.

Other members of the Council are: Lt. Gov. Malcolm Wilson, Attorney General Louis J. Lefkowitz; Senate Majority Leader Walter J. Mahoney, Senate Minority Leader Joseph Zaretzki; Speaker of the Assembly, a post-

# Civilian Jobs: Clerical, Mechanical, Dispatcher, At Mitchel Air Base, L.I.

The 514th Troop Carrier Wing at Mitchel Air Force Base needs applicants for a large variety of high paying jobs. One requirement is that appointees are in or will join the Air Force Reserve.

For young men who have not fulfilled their military obligation, appointment to one of these jobs, including a six-month training period are all that is required.

The examinations open are for clerical, aircraft dispatcher, aircraft mechanic and several officer positions, including pilot. The base

is near Hempstead, L.I.

For position of clerical assistant, GS-6, paying \$4,490 yearly, three years of general experience or a year and a half each of general and specialized clerical experience are required.

Military personnel clerk (typing), GS-5, pays \$4,040, and requires 3 1/2 years of general clerical experience.

Reserve rank accorded appointees to these positions is tech sergeant. Applications will be accepted until further notice.

Air craft dispatchers, GS-5, at

\$4,040 yearly, are also sought. Applicants must have three years as air pilot or navigator, or in traffic or flight control. One year of the three may have been spent as weather forecaster or observer.

Aircraft mechanics and aircraft piston engine mechanics are wanted at \$2.60 an hour. Both titles carry the reserve rank of staff sergeant or airman first class. Four years of progressive experience are required. Applications will be accepted until further notice.

Also open are the following pilot officer positions: operations and training, GS-13, carrying a reserve rank of captain and paying \$9,890 a year; aircraft maintenance, GS-11, rank of captain in the reserve, salary of \$7,030; aircraft maintenance, GS-13, lieutenant colonel, \$9,890; airplane pilot, GS-11, captain, \$7,030, and career development officer in GS-9, tech sergeant, and in GS-11 as a pilot with the rank of captain.

Further information and application blanks are available at any main post office except New York, N.Y.; at the Second U.S. Civil Service Region Office, 641 Christopher Street, New York 14, N.Y., or from the Board of U.S. Civil Service Examiners at Mitchel Air Force Base, L.I., N.Y.

# Meter-Maid P'an Set for Council OK

The "meter maid" plan to use women to police City parking meters seems slated to go through. After several weeks of discussion, a City Council committee has okayed the second version of the plan, that will probably be passed by the Council late this week.

The "maids" will have authority only over parking space at meters and off-street metered areas. The bill was re-introduced in its new form by Councilman Eric J. Treulich (D., Queens). Council approval would be the first step in hiring about 100 women inspectors at about \$3,150 to \$3,900 a year, plus six district supervisors (about \$5,150 a year), two principal supervisors (\$6,400), an official in charge (\$8,500), and about 30 clerical workers to process summonses and handle payrolls.

T. T. Wiley, Traffic Commissioner, whose department would have jurisdiction over the unit, said he hoped it could swing into operation by the beginning of

1960. Mayor Wagner has approved the new version.

Once the bill is passed, it should be set for Board of Estimate action the following week and for the Mayor's signature soon afterward. Setting up of examinations and work schedules would take a few weeks.

The Traffic Department and the Police Department would have concurrent power to enforce laws and regulations in parking spots. What this means would have to be worked out in practice.

# Guns Asked By Welfare Patrolmen

Welfare Department patrolmen are suing for the right to carry guns on duty.

Suit was filed last week by George Johnston, as an individual and as president of the Welfare Patrolmen's Association. Named were Welfare Commissioner Dumpson, Police Commissioner Kennedy and Mayor Wagner.

Time of the hearing will be Wednesday, Aug. 26, before Supreme Court Justice John L. Flynn.

The men were allowed to carry guns until 1955, the suit stated, but this permission ended in that year.

Mr. Johnston said, "To be unarmed in the performance of Welfare patrolmen's duties is a danger, peril and a hazard to the public at large and to the patrolman."

He said that "criminals, deviates, alcoholics and all forms of social outcasts" imperil municipal lodging houses and the public.

The suit gave these examples of violence encountered by Welfare patrolmen: Several thousand bottles of liquor are confiscated in the lodging houses each year. Two patrolmen were injured last May trying to subdue one man in the East Eighth Street men's shelter. The same month, another patrolman had his arm slashed by a shelter inhabitant he was questioning.

"Between the emotionally disturbed clients who need or are denied relief and the hardened criminals and perverts that habituate the municipal lodging houses, I and others similarly situated are consistently exposed to situations in which we must prevent violence and crime," Mr. Johnston stated.

## X-Ray Control Is Needed

INTEREST IN THE licensing and registration of X-ray and radiation technicians is mounting. Physicians and public officials are conferring in the interest of State legislation to guard against the dangers to both patients and technicians who are not properly qualified.

Examples of patients dying from over-exposure are not lacking. The effect on inept technicians may take years to show up, but at least the fact that their work is extremely hazardous to them is beyond dispute.

The State Legislature in its last session recognized the need for more rigorous control. It passed a registration and licensing bill. But Governor Rockefeller vetoed it, evidently because of concerted opposition from certain quarters, including medical groups. Since then, some of the medical groups have changed their mind. It now appears that a bill can be drafted that will be acceptable, even if not completely satisfactory, to all parties.

The minimum requirements for training and experience represent one area where agreement should not be difficult. Employee groups will insist in keeping the "grandfather clause," the provision that means that no employee who has been competently filling the technician job will be dismissed for lack of educational requirements new appointees must meet.

The Federal government is now seeking medical and X-ray technicians at \$4,490 to start. Four years of technical, clinical laboratory experience are required, including or supplemented by at least a year of X-ray lab experience, with at least six months of supervisory experience during the four years. The Federal position is comparable to that of X-ray and radiation technicians employed by New York State and New York City. The group is in grade 5, which starts at \$3,250—\$1,240 a year less than what the Federal government pays.

With 30,000 radiation and X-ray machines in operation in the United States, reputedly radiating more than all the fallout from A-bomb testing, it is imperative that all groups unite to obtain life-saving legislation.

## Law Cases

Sidney M. Stern, counsel, submitted to the New York City Civil Service Commission the following report on law cases:

### JUDICIAL DECISIONS Appellate Division

**LaForge v Kennedy.** The court upheld the determination of the Police Commissioner in dismissing two police officers accused by two civilians of exacting money from the civilians to secure their release after they were picked up for possession of narcotics.

### Special Term

**Hogans v Schechter.** Petitioners were reclassified under the career and salary plan as investigator. They sought a higher classification on the basis of a claim of identical or like work by others having the higher titles. The court, finding no violation of petitioner's rights or any unlawful action in the reclassification of petitioners' positions, denied the application.

### Proceeding Instituted

**Shields v Schechter and Mann v Schechter.** Petitioners, administrative assistants in the Comptroller's Office and the Law Department respectively, seek reclassification to administrative associate.

**Theophil v Schechter.** Administrative assistant in law department seeks higher classification.

**Barsky v Schechter.** An administrative assistant in law department seeks higher classification.

**Konig v Murtagh.** Whether the employees of the Magistrates Court are entitled to the benefits of the "Time and Leave regulations" presents no controversy since the chief magistrate is willing, without conceding their right thereto, to comply with the resolution subject to a prior determination of the court which dismissed a similar petition for lack of specific details regarding the vacation and other time off allowed the petitioners.

### GROUP PROTESTS EXAM FOR CUSTODIAL FOREMAN

Editor, The Leader:  
(The following was sent as an open letter to Joseph Schechter, New York City's Personnel Director.)

We the undersigned and others whose names do not appear at this time, wish to register a vote of protest concerning a recent examination titled "Custodial Foreman" number 8505, which was held on June 20th, 1959.

In order for one to be eligible, each of the applicants had to file a questionnaire showing forth two or more years experience in the field of cleaning, maintenance, and supervisory ability. In this present examination titled "Custodial Foreman" number 8505, none of the questions pertained to cleaning, maintenance, or supervisory ability. The whole examination was composed of questions relating to mechanical, and electrical knowledge, which we claim to be unfair.

A prior examination which was held in 1953 or 1954, contained only questions relating to cleaning, maintenance and supervisory ability. This present examination contained only questions on mechanical and electrical knowledge.

## Tax-Deductible Loans Sought for Police, Firemen

New York City Council Minority Leader Stanley M. Isaacs (Republican-Manhattan) has introduced two bills to amend the Administrative Code of the City on the Police and Fire Department pension funds.

The bills would make it possible for firemen and policemen borrowing money from their pension funds to deduct the interest paid on such loans from their Federal and State income tax.

State Attorney General Louis J. Lefkowitz ruled, in an opinion issued March 9, 1959, that members of the State Retirement System could deduct interest paid on pension fund loans from their State income tax.

At the same time, he asked the U.S. Internal Revenue Service for a ruling to permit the deduction from Federal income taxes. The resulting ruling by the IRS was that when employees borrowed from the pension system rather than from their own money in the pension system, they could deduct the interest on the loan from their Federal income taxes.

Councilman Isaacs' two bills would change the wording which governs pension fund loans by City police and firemen. As it reads now, it provides that a person "may borrow from his funds in the pension fund." The amendment would make it read "may borrow from the pension fund."

## Questions Answered On Social Security

I was a steady employee at the telephone office until my health failed completely. My husband has been my dependent for years since as a lineman in 1935 he fell from a telephone pole. This year after due process I was advised that I am qualified as a disabled worker for disability insurance benefits under social security. I expect my first check in September. I am 54 years old. My question is this: Can my husband file for benefits as the dependent of a disabled wife? He is 65 now.

Yes, 1958 amendments to the Social Security Law make it possible for your dependent husband who is 65 to receive benefits; however, application must be filed.

My 25 year old son has been disabled since he was eleven years old and I have been his sole support. Is he entitled to any benefits from social security?

If your son's disability is of such a nature that it meets the definition of disability as required by the social security law, he will be entitled to benefits, if he is still dependent upon you, when you reach 65 and become entitled to monthly payments. If you should die fully insured under social security and your son is dependent, payments may be due him at that time. The mother of a disabled son or daughter who is entitled to disabled child's benefits may also qualify for benefits, regardless of her age, if she has her child in her care.

My earnings have dropped off. I would like to "freeze" my social security account so that when I reach 65 the lower earnings will not lower my monthly average on the basis of which I understand my social security benefits will be calculated. Is this possible?

No. Your social security account may be frozen only if you become permanently and totally disabled, meaning that your condition is so severe that it prevents you

from doing any type of substantial gainful work and be of an indefinite duration.

What determines the benefit amount that a disabled person is entitled to receive under the social security law?

The amount of the disability benefit depends on a person's average earnings in work covered by social security; it is the same as the amount of the old-age insurance benefit for which he would be eligible if he were already at retirement age.

My father, a self-employed grocer for a long time, is now 73 years old and still working and making enough to get by on. He is reluctant to claim social security because he doesn't actually need it. How can I convince him he should file for benefits?

His right to a monthly benefit is clearly set forth in the social security law. The withholding of monthly benefits because of annual earnings in excess of \$1200 applies only to months in which a person is under the age of 72. Your father has met both the age and work requirements and the benefits are his for the asking. There is no needs test under Federal Old-Age and Survivors Insurance, so that the matter of his needing or not needing the social security benefit is, in legal terms, "irrelevant and immaterial".

My husband and I have been separated for 15 years, but we have never gotten a divorce. I understand that I am now eligible for wife's benefits. What do I need to do in order to apply for benefits?

You should take your husband's social security number and your marriage certificate to your local social security office. Under the law it is possible that you may be eligible for wife's benefits if your husband is drawing a social security benefit.

## CIVIL SERVICE NOTES FROM ALL OVER

**SAN FRANCISCO** is getting ready to raise the pay of its police and firemen. Salary for both a patrolman and a hoseman will be \$516 to \$569 a month, a 10 percent raise. Higher ranks will get raises in proportion; police inspectors to \$662 a month; police lieutenants \$712 a month; police captains \$888; fire battalion chiefs \$905. Heads of both fire and police departments have backed the raises as necessary for morale and for drawing better-qualified recruits.

**MICHIGAN** veterans preference benefits have been trimmed by the state's Civil Service Commission. Extra points on job tests were cut from 15 for disabled vets and 10 for other veterans down to 10 and 5 respectively. For the first time, a time limit has been set on exercising the preference — three years. All veteran organizations opposed the move.

**MANY CITIES** are expanding teamwork of welfare and public housing departments. Cincinnati and Hartford housing authorities have full-time social worker-staffers to take care of welfare services, civic organizations, education such as good housekeeping, and youth activities.

Milwaukee's housing authority will build a community center for a housing project and its area, paying \$1 per project family per year toward expenses. The city runs a playground next door. Two settlement houses will run the community center; Community Chest funds are to be sought for it.

New Orleans public housing management has set a drive to raise living standards for a "forgotten" neighborhood surrounding one of its projects.

### Career Man Is New DS Public Relations Head

Sanitation Commissioner Paul R. Screvane has reached into the DS career ranks for a new public relations advisor to the Department. His name is James Donald Rodda, who entered the Department of Sanitation 13 years ago as a sanitation man.

Mr. Rodda has been serving since 1950 as assistant director of public relations under Frank D. Doyle, recently appointed executive secretary to the mayor.

Mr. Rodda's appointment is a further implementation of the Department's career policy, of which Commissioner Screvane himself is a product.

### Pacific Posts For Engineers

Twenty different federal engineering positions are being offered by the Navy, with starting

salaries ranging from \$4,490 to \$8,810 per year, in the coastal areas and islands of the Pacific Ocean.

In addition to four years of study at a school of engineering,

good character and United States citizenship are required. Applicants must also take a written test and a medical examination.

Additional money is provided for living areas or special conditions. For instance, appointees to

jobs on Guam get an extra 25 percent.

Naval installations at Guam, Japan, the Philippines, Hawaii and Thailand have engineer openings.

Write for announcement No.

1295-1(59), and for additional information, to the Navy Board of U.S. Civil Service Examiners for Pacific Overseas Employment, 45 Hyde St., San Francisco 2, California.

# Apply by August 15 for Quick Postal Clerk Jobs

Applicants are needed now for a huge post office examination to fill postal transportation clerk jobs at rail and air terminals around New York City and throughout the Eastern half of the State. Starting pay is \$2 an hour, with no education or experience requirements.

There are 150 vacancies now, according to Bernard Katz, execu-

tive secretary of the board of examiners at the New York post office, which is handling the test, and appointments are usually made at the rate of 500 per year.

Cutoff date for the next exam in the current series is August 15, so file before then for an early appointment. The test, for those who file before this deadline, will be given in September.

Mr. Katz expects to have one more filing period after the August 15 cutoff, but he says that all who pass the test will probably be offered appointments this year.

U.S. citizenship and New York State residence are required for these jobs.

**How to Apply**

For postal transportation clerk, ask for Announcement No. 2-101-8 (59) and Card Form 5000-AB at your local Post Office, except for the New York and Brooklyn main post office. Mail the completed forms to the Board of U. S. Civil Service Examiners, United States Post Office, 33rd Street, near 9th Avenue, New York 1, N. Y.

Tests are given in New York City and at 20 other testing points throughout the Eastern half of the State. The first register will be out in early September.

Postal transportation clerks separate, distribute and route mail in transit — hard work, involving the handling of letters, newspapers, sacks of mail, large parcels, etc.

**Other Postal Jobs**

Also open are examinations for carrier, also starting at \$2 an hour and requiring no experience

or education, with post offices in Westchester, Putnam, Yonkers, New Rochelle, Peekskill, Flushing, Nassau, Suffolk, Cayuga, Madison, Oneida and Onondaga areas, as well as in the Catskills and Hudson Valley areas.

None require local residence, but locals get preference. State residence and U.S. citizenship are required.

Applications are most easily obtainable from local post offices in each area offering the test, but may also be obtained from the Board of U.S. Civil Service Examiners, General Post Office, New York 1, N.Y.

## College Grads Welcomed by Coast Guard

College graduates can put their scholastic achievements to use by gaining a commission and serving as an officer in the U. S. Coast Guard.

Rear Admiral Henry C. Perkins, commander of the Third Coast Guard District has said that vacancies exist for the next class of the Officer Candidate School which will convene next January at the Coast Guard Reserve Training Center in Yorktown, Va.

Initial application for this class must be received before Sept. 30. Those selected will receive 17 weeks of training in navigation, seamanship, gunnery, law enforcement and other subjects.

Graduates will be commissioned as ensigns in the U. S. Coast Guard Reserve and later afforded the opportunity of integrating into the regular Coast Guard on a continuing program. Young officers may apply for flight training qualifying them for aviation duties, other types of specialized training, or postgraduate level studies in one of many different fields.

Active duty assignments afloat may be spent aboard major Coast Guard cutters, buoy tenders or patrol craft. Ashore, Coast Guard officers perform a variety of duties including search and rescue co-ordination, specialized law enforcement, engineering, and administration.

Service in the Coast Guard, one of the five armed forces, fulfills obligations for military service.

Men between the ages of 21 and 27, possessing baccalaureate degrees, are invited to visit or telephone the Coast Guard Reserve Officer Procurement office, Room 618, U. S. Custom House, Bowling Green Park, Manhattan (telephone Whitehall 4-4826).

## Office Jobs Still Open With State

In the New York City and Upstate, typists and stenographers with very little experience are needed now for State civil service jobs.

Typists start at \$2,920 yearly and move up to \$3,650 in five years. Stenographers are appointed at \$3,202 in New York City and at \$3,050 Upstate. Top salary for stenographer is \$3,610. The experience to be gained in these jobs can be invaluable.

Both typists and stenographers can be appointed almost immediately, with no long eligible list waiting periods.

Tests are given every weekday

## Case Workers Needed; Deadline Near

Applicants are needed now, before the August 24 filing deadline, to fill more than 200 appointments as case worker in city and county welfare departments throughout the State.

Starting salaries range from \$3,000 to \$4,364, depending on location of the post. Some require local residence, some give preference to local residents, while many require only U.S. citizenship, in addition to training and experience.

In most locations, candidates must have a bachelor's degree by next February or four years' experience in social work or teaching. College graduation is an absolute essential in some counties.

Detailed information and applications may be obtained from the Recruitment Unit, State Department of Civil Service, State Campus, Albany 1, N.Y.

### FATHER OF THE YEAR

Louis Feuer, employee with the Supply and Auxiliary Services Division at Headquarters, U.S. Army Transportation Terminal Command, Atlantic (USATTCA), is presented with a scroll by Col. Ivan L. Brennehan, Deputy Commander and Chief of Staff at the Terminal, upon being named "Father of the Year" by its Jewish congregation. His wife Emma and daughter Ronnie Lee look on.

### 3 Army Employees Get Back Overtime

Three civilian Brooklyn Army employees won their claim for overtime while working on Y-487, an Army ship, which left New York for Yokohama in 1967.

Walter Nickelsen was the chief electrician, Hans Schnaars was the second engineer and Harrison Nordstrom was the third assistant engineer, on board ship. En route, a typhoon, squalls and a heavy sea disabled the ship. The men worked around the clock to avert disaster. The Army said no pay for the overtime.

Represented by attorney Sam Resnikoff, the men sued in the U.S. Court of Claims, and wound up with \$2,757.

### Office Jobs Open With U.S. in Area

Many U.S. installations in the Metropolitan area are seeking office workers with some experience in typing or stenography. Starting pay is good and the experience and training they give can be invaluable.

Installations with openings at last report include Fort Monmouth, N. J.; Bayonne, N. J.; Mitchel Air Force Base, L. I., and West Point, N. Y.

A few U.S. installations are still accepting strictly summer workers for office jobs but these openings are running out.

Applications and more detailed information may be obtained from the Second U.S. Civil Service

Region Office, Federal Building, 641 Christopher Street, New York 14, N. Y., or from nearby any main post office.

### U.S. Nurses Wanted In Local Area

There are many Federal positions available for staff nurses and head nurses in the New York and New Jersey area. Professional careers are open for men as well as women.

A three-year course in residence in a nursing school which included instruction and clinical practice in medical, surgical, pediatric and obstetric nursing, or a two-year course plus an additional year of experience in psychiatric or genito-urinary nursing may be used by male applicants who have not had practice in obstetrics or pediatrics.

Applicants must have a professional nursing license at the time of appointment. No maximum age limit has been designated, but one must be over 18.

A physical examination is required. Candidates must have satisfactory vision and hearing. Any physical condition which would endanger the applicant or others will be a reason for disqualification.

The work-week is 40 hours and salary based upon that, with additional compensation for overtime.

Benefits offered are paid vacations, sick leave, group life insurance, periodic pay increases and a retirement system.

The positions are most often available at the following sites: New York Naval Shipyard, Naval Base, Brooklyn, N.Y.; Headquarters, Fort Jay, Governor's Island, N.Y.; Picatinny Arsenal, Dover, N.J.; Raritan Arsenal, Metuchen, N.J.; Headquarters, U.S. Army Training Center, Infantry, Fort Dix, N.J.; Headquarters, Signal Corps Center, Fort Monmouth, N. J.; U.S. Military Academy, West Base, Plattsburgh, N.Y.; 329th Fighter Group, Steward Air Force Base, Newburgh, N.Y.; Mitchell Air Force Base, N.Y.; Griffiss Air Force Base, Rome, N.Y.; U.S. Public Health Service Hospital, Staten Island, N.Y. and U.S. Public Health Service Hospital, Manhattan Beach, Brooklyn, N.Y.

A limited number of positions will be filled at Fort Jay and other installations in New York City not listed above.

### U.S. Seeks Electronic Scientists; \$6,285, Up

Electronic scientist applicants are sought now by the U.S. Civil Service Commission for jobs in grades GS-9, \$6,285 starting; GS-11, \$7,510, and GS-12, \$8,810.

Applicants must either be college graduates with majors in physical science or mathematics and have a bachelor's degree, or must have completed four years of scientific or technical experience in physical science, mathematics or engineering.

For more information, see "Where to apply for Public Jobs" column in this issue of The Leader.

## BEAUTIES 1919-1959

Winners in the two bathing beauty contests last week at the Brooklyn Army Terminal, in connection with the terminal's 40th birthday, are Mrs. Erelia Morehouse (left), picked as "Miss Stein Beach, 1919," and Rose Nolan, 19, "Miss BART, 1959." Stein Beach was part of the terminal site in 1917.

## 100 Rookies Join TA Police Force

The Transit police force reached its highest strength in its history at the recent graduation of 100 rookies. The force reached its full quota of 916 men.

Mayor Robert F. Wagner, the principal speaker, presented to TA Police Chief Thomas J. O'Rourke a scroll from the American Society for Public Administration.

Two lieutenants were promoted to the rank of captain, eight sergeants to lieutenant and 13 patrolmen and detectives to sergeant. TA Chairman Charles L. Patterson presided. Special awards were presented by Commissioner E. Vincent Curtayne and General Manager Thomas J. McLernon.

Special Agent Harvey G. Foster, head of the New York office of the FBI, spoke to the rookies on Police work.

Promotions to captaincies went to Lt. Edward L. Rising and Lt. William F. Antonacchio.

Sergeants who became lieutenants were Cyril J. Meisner, Donald Leudesdorff, Henry R. Klein, Samuel H. March, John F. Spadora, Frank H. Schaub, Thomas J. Ryan, Bennit Scheck, Sidney Feldman, Edward R. Collins, Julius Jarecki, Charles W. Jull-

## Filings Still Open For Proofreader; 1 Year's Experience

The State Civil Service Department is accepting applications for a test for proofreaders, a newly created job that requires only a year of experience and pays \$3,050 to start. Salary increases over five years bring the pay to \$3,810.

August 24 is the filing deadline, with the examination scheduled for September 26.

Applications and further information may be obtained from the State Civil Service Department, State Campus, Albany 1, N. Y., or from Room 3201, 270 Broadway, New York 7, N. Y.

## \$2.86 Offered For Movie, T.V. Techs

Jobs are open for television and motion picture technicians at the Army Pictorial Center, Long Island City, with pay that has just been increased from \$2.69 hourly to \$2.86.

Further information may be obtained by writing the Executive Secretary, Board of U.S. Civil Service Examiners, Army Pictorial Center, 35-11 35th Avenue, Long Island City, N. Y.

ano, Anthony J. Richards, Salvatore Romano, John J. Gallagher, Daniel J. Brandreth, Albert Sims, Patrick J. Ward, John F. Atkins, John M. Rosinski and Walter J. DiToila.

## TA Group Plans Co-op Housing

The Associated Transit Guild is currently mailing 2,000 questionnaires to its members and to affiliated groups to determine the advisability of developing the Guild's tentative plan for a co-operative housing project. The Guild is an association of Transit Authority employees.

The group's committee on housing has been working closely with the United Housing Foundation, a non-profit organization which aids groups wishing to enter the co-op housing field, with its knowledge of co-op organization, real estate, construction financing and management.

James Carroll of Hollis, L. I., is chairman of the committee on housing.

Mr. Carroll said that present plans call for 40% of the available housing to be reserved for non-Transit applicants. Size, type and location of the housing will be determined after an analysis of the returned questionnaires.

Serving on the housing committee with Mr. Carroll are James Ash, Irving Straw, Paul Robinson, Frank Jiles and Erich Brown, ex-officio as chairman of the board of directors.

QUESTIONS on civil service and Social Security answered. Address Editor, The Leader, 97 Duane St., New York 7, N. Y.

## Electronics Widens CS Job Market

An increasing number of jobs on electronic office calculating machines is expected to be opened up this year and for some time to come with City, State and Federal agencies.

At the moment, there are several hundred openings for IBM and Remington Rand operators with New York City and New York State. A 300 per cent increase over the next four years

in Federal automated office jobs was forecast in a recent report by the House Subcommittee on Census and Government Statistics, headed by Rep. John Lesinski (D., Mich.).

At present, there are 4,000 U.S. employees working with electronic data processing equipment.

There seem little chance that this increase in automation will mean fewer jobs for other civil

service office workers, as the machines are generally put into use to get tasks done that would not otherwise be accomplished.

Little or no formal education is needed on such jobs, and written tests are either easy or not required at all.

Starting pay may be as low as \$2,700 a year, but the usual annual raises brings it up as high as \$3,900.

### HOSPITAL STAFFERS NEEDED IN BROOKLYN

There are immediate vacancies at the U. S. Public Health Service (TB) Hospital, Manhattan Beach, Brooklyn 35, N. Y., for:

Christian B. Adelman, Wells-

## EMPLOYEES ACTIVITIES

### Creedmoor

The next meeting of the Creedmoor Chapter, Civil Service Employees Association, will be held in the social room on Sept. 8. This will be the first meeting of the season after the summer recess. At the meeting we expect to have some of the candidates for the coming election of the Association so all members and prospective members are urged to be at the meeting. Let's show Albany that Mental Hygiene has a large voice in the parent organization.

Tommy and Wanda Sullivan are back from vacation sporting a brand new Thunderbird. Sot-tong is back from his vacation sporting a thin wallet. Three new members just signed up for the Chapter. Curtis Ferguson, LeRoy Robinson and Nathaniel Griffin have elected to be good and loyal members so we extend a hearty welcome to them all.

The following employees are in the sick bay: Katherine DuBois, Ellen Jurick, Ruth Smart, Easter Fryer, Claudia Thompson, Hyacinth Dahlander and Patrick McCormack. Hope to see them all back on the old grind soon.

The bowling alleys at the hospital will be opened for all employees and their guests on Sept. 1. League competition will not begin until about the 1st of October but it is time we started forming the various teams and leagues. We expect to have five different leagues this year so decide what night you want to bowl and get groups together to form teams. In the near future all bowlers from last year will be sent a questionnaire as to their preference of the night they wish to bowl. If you have any question in regard to bowling at the hospital alleys contact Ed Sot-tong of "P" building, phone extension 534.

### SCHOLARSHIP AWARDED TB MEDICAL TECHNICIAN

Fred Jarnet, medical laboratory technician at the Ray Brook State Tuberculosis Hospital, is the first recipient of the Mary Francis Gridley scholarship for study of special histological techniques at the Armed Forces Institute of Pathology in Washington, D.C.

The scholarship is sponsored by the American Society of Medical Technologists and the District of Columbia Society of Medical Technologists.

ville, to the Local Council of the State Agricultural and Technical Institute at Alfred for a nine-year term ending July 1, 1968.

## ROCKLAN INSTALLS CHAPTER OFFICERS

James Anderson (left), president of the Southern Conference of the Civil Service Employees Association, looks on as Frank Casey (right), CSEA field representative, installs the newly elected officers to the Rockland State Hospital Chapter of the Association, following a buffet supper at Whalen's Restaurant, Route 303, Valley Cottage. Officers are, left to right, Rebella Eufemio, secretary; Kenneth Throop, who acted as proxy for Kenneth Gokey, treasurer; Helen Schultze, 2nd vice president; Babette Siazenger, 2nd vice president; and Nicholas Puziferri, president.

## ACTIVITIES OF EMPLOYEES THROUGHOUT NEW YORK STATE

### Newark State School

Condolences are being extended by the Newark State School Chapter, Civil Service Employees Association, to Frank DeLeo on the recent death of his mother.

Mr. and Mrs. Francis Muskett recently left for San Angelo, Texas, by plane, where they are visiting friends and relatives.

Mr. and Mrs. Russell Strong spent last week visiting in the Adirondacks, Vermont, and New Hampshire. Dr. Mina Kellow, Senior Psychiatrist, is enjoying four week's vacation from her duties at Newark State School. Lois Sweet returned to her duties at the school on August 1st after an extended motor trip through the Western states and California, where she visited friends.

Mr. and Mrs. Gerald Manley returned on August 1st after spending ten days visiting relatives in Boston, Massachusetts, and Bonnetts Shores, Rhode Island. The State School Employees team is still in the running. They played Macedon at Newark and were beaten 2 to 0. They then played to a nine inning tie, 1 to 1, at Macedon.

Mrs. Betty Blaisdell, R.N., was promoted to the position of Head Nurse at the girls' infirmary on July 30th. Mrs. Pauline Wheeler and Miss Charlyne Stark are confined to their homes by illness.

The girls at the Newark Colony are on vacation this week and a planned program of special events for them is being supervised by members of the social service department.

Mrs. Elizabeth Casselman and Mrs. Dorothy Frey have returned to their duties at Newark State after being absent for some time due to illness. Roy Pullin has been spending several days visiting his former home in Pennsylvania. Charles DeSain is a patient in the Clifton Springs Sanitarium. Kenneth Hart is spending his vacation working on his new cottage at Port Bay. Mrs. Dorothy Gennaro, R. N., from Clifton Springs, has accepted a position as Staff Nurse at Newark State School. She began her new duties on B.H.3 on July 23rd. Harry Douglas is a patient in the Lyons Hospital, at Lyons, N. Y.

The following employees are on vacations: Mrs. Mary Jorgensen, Mrs. Nellie Schneider, R.N., Mrs. Merlin Murphy, Mrs. Pearl Barry, Ray Johnson, Bela Szilagyi, Gerald Brundage and Thomas Cooley.

Mrs. Mae Burns, Senior Institution Teacher, and Mrs. Geraldine Collins, Institution Education Director, attended the fourteenth annual Conference on Problems of Exceptional Children sponsored by the School of Education, Syracuse University, recently. Expressions of deepest sympathy are being extended to Dr. David H. Chapman, Director of Clinical Laboratories, in the recent death of his father.

Friends at Newark State School were saddened to hear of the recent death of Mrs. Tobias Roth of Rochester. Her husband, Rabbi Tobias Roth, has been conducting Jewish services at the school twice a month for over thirty years and Mrs. Roth frequently accompanied him. She will be greatly missed by the employees and patients, who looked forward to her friendly visits. Deepest sympathy is extended to Rabbi Roth and the members of his family. Mrs. Hildegard Carlyle, of the Social Service Department and her family are spending their two weeks' vacation at Conesus Lake.

### Central Islip

The insurance committee of the Central Islip State Hospital Chapter, Civil Service Employees Association, met recently in the home of Thomas Purtell, committee chairman, and discussed the many ways this committee can be of service to Chapter members. Mr. Molloy and Thomas Blomberg were the other committee members attending.

A card has been received from Mrs. Verdi Kobel from the Pocomox telling of the wonderful rest she is having. Mrs. Kobel was a recording secretary of the Chapter.

The Chapter wishes to correct any false impressions to the effect that the holiday granted July 3 was a permanent rule for all holidays falling on Saturday. This holiday was specially granted by the Governor and such a thing will not recur automatically. The C.S.E.A. office in Albany is working to have such a permanent rule.

All committees of the Chapter are requested to contact the president on any Chapter business that arises. Jerry Purcell is vacationing in Canada and Walter

Kowalczyk is enjoying himself with his family at Schroon Lake, N. Y. The Chapter wishes a speedy recovery to all personnel on the sick list.

Chapter President Larry Martinson is busy these days setting up his membership committee before going on vacation. This committee is composed of members in every department and is most important.

### Manhattan State

Members of the Manhattan State Hospital Chapter, Civil Service Employees Association, were deeply touched when informed of the recent death of a fellow employee, Josephine Dwyer, staff attendant in the Kinnecutt building, after a short illness. Miss Dwyer had been employed for 42 years at this hospital and will be sorely missed. Deepest sympathy is extended to members of her family.

Another recent death was that of David Hussey, brother of Alice Gorman, in the nurses home. The Chapter offers its deepest sympathy to Mrs. Gorman and the family.

The employees of the laundry department recently gave a farewell party to Mrs. Selina Stewart upon her retirement. A buffet was given, with music. Patrick Reilly was presented with a card wishing him and his family a wonderful time on their vacation in Ireland. Mrs. Stewart was presented with a charm bracelet with an inscribed heart-charm attached. She was accompanied by her husband, Charles, also an employee at Manhattan State. The social committee is congratulated for its work on the party.

Membership in the Chapter continues to increase regularly. The Chapter legislative committee recently held a meeting and drew up resolutions for the October delegates' meeting. They will be presented to the Chapter at the next meeting. One of the resolutions concerns the free toll bill for non-resident car-owning employees.

Get well wishes are extended to William Bonfield, John O'Connell, Nellie Lynch, Matt Walsh, Mary Duncan, Steve Durr and all others on the sick list at this time.

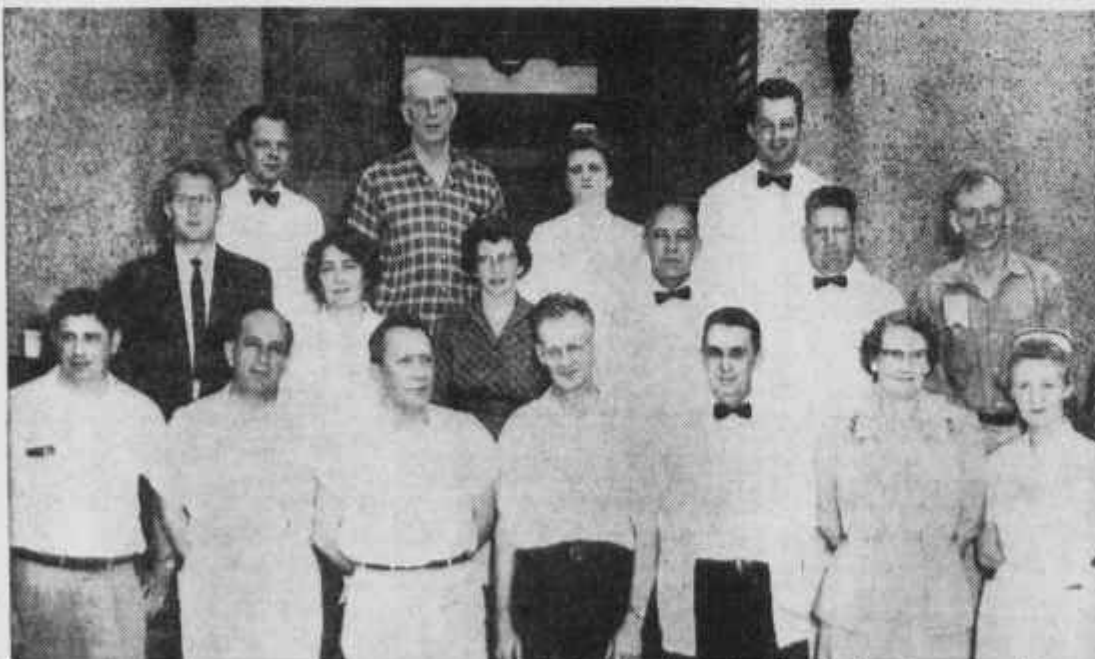

### SIX LEAD CORRECTION YOUTH CAMP TEST

## COMPLETING SUPERVISOR COURSE AT ROCKLAND

Shown above are supervisory personnel of Rockland State Hospital who recently completed a 30-hour in-service training program in the fundamentals of supervision, sponsored by the State Department of Civil Service. Front row, from left, Phillip DeLorenzo, Homer LeRoux, Royal Bonville, Royal W. Taplin (instructor of the course), Otto Fiedler, Ruth Stuart and Flossie Amel. Center row, from left, John A. Vollenweider, Gertrude Kean, Margaret Quinlan, Richard C. Marceau and George L. Bull. Back row, Edward J. Andes, Eugene Scott, Virginia Rifenburg and Richard Summy. All were presented certificates of achievement by the hospital's director, Dr. Alfred M. Stanley, and the associate personnel administrator, Norman W. Rubinson.

### AMA Academy Has Its First Graduates

BARANAC LAKE, AUG. 10 — The first graduation exercises of the American Management Association's Management Course for Government Executives took place today at the AMA Academy here. Thirty-one executives from federal, state, and local government agencies and from the military services received "diplomas" certifying that they have completed the program.

The four-week course in the basic principles, skills, and tools of management was designed by AMA especially for the government executive with the aid of a special advisory committee under the chairmanship of Sumner G. Whittier, Administrator of Veterans' Affairs, Veterans Administra-

tion. Course sessions, including lectures, small-group discussions, and simulation of problems peculiar to public service are led by operating executives from industry as well as from government agencies. The course is modeled on the Management Course, the Association's oldest course program, which is now in its seventh year. More than 5,000 executives from industrial and other organizations from all parts of the world have completed the Management Course.

Among the agencies that are represented in the first graduating class of the Government Course are the Department of Health, Education, and Welfare; the Department of Agriculture; the Treasury Department; the Iowa State Tax Commission; the Central Intelligence Agency; the Puerto Rican Bureau of the Budget; and the Veterans Administration. Also represented are the U. S. Army and the Air Force.

### Rockefeller Names Police, Traffic Safety Board

ALBANY, August 10 — New York City Police Commissioner Stephen P. Kennedy is one of 12 persons appointed by Governor Rockefeller to an Advisory Board on police and traffic safety in the State Division of Safety.

Mr. Kennedy is head of the largest police organization in continental United States and a member of the International Association of Chiefs of Police and the New York State Association of Chiefs of Police.

The function of the board will be to assist the state safety director, Col. Walter E. Bligh, in formulation of policies and program.

Others named to the board are: Commissioner John M. Beckmann of the Nassau County Police Department and a member of the International Association of Chiefs of Police and the New York State Association of Chiefs of Police.

Dr. Herbert A. Bloch, professor of sociology at Brooklyn College and committee member of the annual Crime and Delinquency Institute of St. Lawrence University.

Mrs. Evelyn A. Cummins, former public safety commissioner of Poughkeepsie and associate member of the State Association of Chiefs of Police.

Robert E. Fischer, assistant attorney general and former district attorney of Broome County and special prosecutor in Oneida County.

Carl S. Hallauer, vice president of Bausch and Lomb Company and member of International Association of Chiefs of Police.

Edward Markel, managing editor of the New York Daily Mirror. John M. Perhach, special investigator in Broome County District Attorney's office; president of New York State chapter of the FBI Academy Associates.

Truman H. Preston, former Syracuse Municipal Traffic Court Judge and member of the American Bar Association's Committee on Judicial Administration of Traffic Law.

Thomas W. Ryan, former state safety director in the Dewey administration, graduate of FBI National Academy and security officer of Niagara Mohawk Power Company, Buffalo.

Albert W. Skinner, member of State Sheriff's Association and Monroe County sheriff for past 20 years.

Bruce Smith Jr., Institute of Public Administration, consultant on police management methods.

### Rehabilitation Study Completed

ALBANY, August 10 — The State Education Department recently completed a special, four-day in-service training program for rehabilitation counselors.

Employees attending the session, here heard discussions of the training program of the Division of Vocational Rehabilitation and the State laws and State agency relationships affecting the rehabilitation program.

A detailed study was given the case process, including the preliminary investigative phase and the survey interview. One session was devoted to case study and diagnosis and the determination of eligibility. Placement and follow-up took up another period, plus final review of case status and closure.

Those attending the sessions were Seymour Disraeli, Sylvia Kalman, Dolores Monat, Sidney Zinn, Thomas Reese and Lansing Petrie.

# Trainee Plan a Success; State Includes More Jobs

The State's trainee program for junior professional employees has come of age. That is the meaning of a memorandum last week from William J. Murray, administrative director of the Department of Civil Service, announcing that the program, which began as an experiment, will be continued and will be expanded to cover new positions.

The program was started Dec. 19, 1957. The memo stated, "An evaluation of the plan has indicated that it has been sufficiently successful in achieving its purpose to warrant its continuation and, at the request of appointing officers to be expended to certain additional titles."

Appointments will follow these practices as outlined in the words of the memo:

## Original Appointments

Original appointments will be made from eligible lists established as the result of entrance level competitive examinations which will be held at least once annually. Appointments to trainee positions shall be made from the most appropriate eligible lists. There are some cases where the work of the class is of such a nature that academic training in one of two or more disciplines is qualifying. In these instances, appointing officers may select trainees from the list or lists which will best serve their current operational requirements.

Initial appointments to trainee titles will be made at a flat rate of \$4600 and the appointees will be paid from appropriations for the Grade 14 or 15 titles without the use of Form PR-50.

## Appointment of Trainees to Grade 14 Titles

A probationary period of 26 bi-weekly payroll periods starting with the initial appointment from an eligible list will apply to all appointments made to trainee titles listed above with the provision that a probationary appointment may be terminated at any time after 13 bi-weekly payroll periods of service. An employee who satisfactorily completes the probationary period will gain permanent status at the Grade 14 or 15 level, as the case may be, in the class of work in which he received his training. No employee may gain permanent status in any trainee title listed above. Those who do not satisfactorily complete the probationary period will be released.

## Appointment of Individuals with Advanced Training or Experience

In addition to filling professional positions by the trainee method, such positions may also be filled by the appointment of individuals who have completed at least 30 hours of graduate training or have had satisfactory experience of at least one year after graduation from college. Such individuals must qualify in the same examinations given to prospective trainees but will be appointed directly to the Grade 14 or 15 titles, as the case may be, at the established minimum salary of the grade and will be subject to a probationary period of 4 to 13 bi-weekly pay periods.

## Application to

Public Administration Internes  
Public administration internes are appointed for one-year

terms. Those retained at the end of this term will be appointed permanently to Grade 14 professional positions.

## Continuance of Plan

The Civil Service Department will continue to require a training prospectus from each agency where the professional trainee plan is utilized. All such agencies are obligated to supervise carefully the training provided under this prospectus and to evaluate frequently the abilities and potential of the trainees during the probationary period so that those employees who are retained permanently will be fully qualified to discharge the responsibilities of the Grade 14 or 15 title. Here is a listing of the titles covered by the professional trainee plan, effective immediately, showing the trainee title used for the initial appointment and the grade 14 title:

Administrative Trainee: Assistant examiner of methods and procedures; budgeting analyst; health insurance representative; junior administrative assistant; junior budget examiner; junior business consultant; municipal research assistant; personnel administrator; personnel technician; public records analyst; research assistant; training technician; transportation rates examiner; welfare consultant (administration).

# Westchester County Executive Asks For New Salary Survey

Westchester County Executive Edwin G. Michaelian has asked that the County hire a management consulting organization to review the basic facts of the Community Trend Line Study of County employees' salaries.

The study has resulted in total pay-scale raises of \$3,064,405 for County employees since 1955. It was originated in 1952.

Mr. Michaelian's request was made in a letter to Supervisor Leonard Berman (R., Mount Vernon), chairman of the Budget and Appropriations Committee.

A yearly study, based on the Community Trend Line Study, is made by the County Personnel Office and is often reviewed by Barrington Associates, the firm that compiled the original Trend Line Study and established the techniques for the yearly reviews.

Mr. Michaelian suggests that a firm other than Barrington be hired to make an objective survey to update the County salary program and perhaps replace the Trend Line Study.

He also stated that the study should be undertaken in time "to indicate to the members of the budget committee and the Board of Supervisors what lump sum, if any, should be provided for salary adjustments in the 1960 budget, predicated on such a study."

The yearly study is usually presented to the Board at its July meeting. This year, however, Mr. Michaelian said before the July meeting that he would not submit this year's survey until Budget Director John Peterson, then unavailable due to illness, had a chance to review it.

The study does not include normal annual increments due to a pay-scale step-program. It only includes increases in the scales themselves. It does not cover persons who work in the districts of county government — sewer, County Health Department, etc.

Mr. Michaelian noted that in addition to the pay scale raises, the County had paid \$976,486 for social security since 1957 and was going to pay \$200,000 to \$250,000 more a year starting next year for insurance benefits.

Michaelian said "the executive branch has absolutely no quarrel with what has been adopted and consummated."

He added that in fairness to both the taxpayers and employees it would seem propitious that a review now be made of formulas and general procedures to find out just how such a survey as the Trend Study should be revised, amended or continued in order to reflect present conditions, which have changed since 1952.

## Rockland Hosp. Director's Wife

Mrs. Dorothy E. Stanley, wife of Rockland State Hospital Director Alfred M. Stanley, died July 30 at the Stanley's summer cottage on the St. Lawrence River, near Clayton, N. Y.

The Stanleys came to Rockland in 1931 from Buffalo State Hospital, where Dr. Stanley was a member of the staff. Dr. Stanley served as assistant director at Rockland from 1931 until 1944 when he was appointed director of Harlem Valley State Hospital.

In 1949, Dr. Stanley was appointed director of Rockland State Hospital.

Mrs. Stanley was active in charitable and women's organizations in Rockland County. She was a member of the Nyack Hospital Auxiliary and past president of the Auxiliary's Pearl River

Branch. A familiar figure at Rockland State Hospital, she served for many years as a volunteer in the patients' library and was active in a multitude of hospital functions.

Mrs. Stanley, the former Dorothy Elizabeth McCormack, was born at Carthage, N. Y., on August 15, 1899. She graduated from the Rochester Institute of Technology before marrying Dr. Stanley in 1928.

Besides Dr. Stanley, she is survived by a daughter, Mrs. William Larkin of Adams Center, N. Y., and a son, Ward M. Stanley of Orangeburg, and five grandchildren.

Funeral services were held at the Cummings Funeral Home at Watertown. Interment was in the Northside Cemetery, Watertown.

## Ex Chief Nurse at Harlem Valley Hosp.

A former chief supervising nurse at Harlem Valley State Hospital, Raymond A. Kinney, died July 30 in the Hollywood Hospital, Hollywood, Florida. He had retired from State service in 1952.

Mr. Kinney, born January 24, 1890 in Dover, New Jersey, entered State service at Hudson River State Hospital. He became interested in nursing and graduated from the hospital's school of nursing in 1918. After serving two years in the Army in World War I, he returned to the Hudson River Hospital.

He served there until his appointment in 1927 as chief supervising nurse at Wingdale. After his retirement, he lived in Dover Plains, New Jersey, until 1957, when he and his wife, Mary, also a former supervising nurse at Harlem Valley, moved to Hollywood, Florida.

Mr. Kinney was active in the American Legion and in civic affairs for many years. He supported team athletics at Harlem Valley and was instrumental in organizing the hospital's present sports system.

Besides his wife, Mr. Kinney is survived by a brother and a sister, both living in New Jersey, and several nephews and nieces. Funeral services were held August 3 at the Church of St. Theresa of the Little Flower in Hollywood, where he was later interred.
