The juniors won the meet with twenty-one points; the freshmen were second with sixteen points; the sophomores, eleven points and the seniors six points.

The record for high jump was broken by Leah Cohen who cleared the bar at 4 feet, 7 inches, exceeding Ethel DuBois' record of last year by one inch.

Helen Elliott was timekeeper. Ethel DuBois and Mildred Wilson were recorders.

FROSH HUNT ELEPHANT CONCEALED BY SOPHS

The big game of "hide and seek" played in College every year by the sophomores and the freshmen, started last Sunday night at midnight and will continue until midnight Saturday. The players are the six hundred students who make up the two classes.

The hiders, the sophomores, have concealed somewhere in the College buildings their mascot, a small miniature elephant, about four inches long. A reward of five points in the interclass rivalry contest is the goal of the freshmen seekers.

The mascot was exhibited to the freshmen at the student assembly Friday, by Muriel L. Wenzel, president of the student association. During the week a committee of yearlings under the chairmanship of Vera B. Wellott had under consideration revised rules for sophomores. These rules will be submitted to Myskania and to the class for approval.

NEW COMPETITION FOR STAFF BEGINS MAY 15

The News' news-writing class, begun Monday, will be continued on Monday, Wednesday and Friday of next week, with attendance required of all freshman cubs and sophomore reporters. The class meets in two sections, one at 8:10 in Room 103, and one at 3:55 o'clock in Room 109. Elements of news-writing are treated. The course attempts to answer the questions: what is news, how is it written, where to get it. It also treats of the reporter's responsibility for truth in the news, the necessity of accuracy, the history, organization and methods of the State College News, and develops technical questions of form and preparation of copy.

It is planned to repeat the course early next fall for the freshman try-outs of the class of 1930 and for others who enter the News staff then.

A new competition for places on the News reportorial staff will begin about the middle of May, as soon as the present try-outs have completed their work. Freshmen, sophomores or juniors, wanting to try out as cub reporters are urged to see the editor-in-chief or the managing editor at once and to enroll for the second week of the News news-writing staff. The competition will be continued for a short period next fall after which selections will be made from the new try-outs. The promotions of the present cubs who have been working since September, will be announced when the News staff elections are made this month.

SPRING CONCERT WILL PRESENT FOLK SONGS

The spring concert of the Music association will be held Saturday evening, May 15, in the auditorium at 8:15 o'clock. The orchestra will play works by Rachmaninoff, Gardner, Schubert, and a gavotte by Catherine Benson, '28. The mixed chorus will sing "Away to the Woodlands" by Waldo Warner of the London string quartet, and the well-known "Londonderry Air." The women's chorus of 130 voices will present works by Woods, Gaul, and Candlyn, and several arrangements of folk songs from England and Ireland. Admission will be free on presentation of tax tickets. The public will be admitted on payment of fifty cents. After the concert there will be dancing in the gymnasium.

INDIAN LADDER HIKE

The spring trip to Indian Ladder will be Saturday, May 15. Georgianna Maar, hiking captain, is in charge. Each person will be assessed one dollar. Hikers must bring their own lunch. Supper will be served. Busses leave College at ten and twelve o'clock and will return at 5:30 and 6:00.

CORTLAND GAME TO BE PLAYED MONDAY

**Second Game Scheduled With
Jamaica Teachers; Third
With St. Lawrence**

BAKER IS CONFIDENT

The baseball season will open Monday afternoon, with a game between the Purple and Gold and Cortland Normal School, at State's home field, Ridgelyield Park on Partridge street, south of Madison avenue. Formal practice has been held there for the last three weeks and Coach Rutherford R. Baker said he is enthusiastic over the prospects of a winning season.

The varsity has met and trounced the Albany High nine several times, but Monday will mark the first real battle. Seven of last year's letter men are with the squad again, and Joseph Graham will again be on the mound for State. He is in much better condition than last year and his work is remarkable. As yet there is no selection for first string catcher but Clarence Nephew, '28, the basketball luminary of the past season, has been behind the plate in all the practice games.

Charles H. Cole, '26, is managing this year's squad with Ralph Stanley, '28, as assistant. Cole announces another game at Ridgelyield for next Saturday afternoon against a strong nine from Jamaica Teachers' Training School. On May 21, St. Lawrence university will come to State and on May 28, State's squad will journey to Clinton to meet the Hamilton college nine for the final game of the season.

Several hard hitters are on the squad this year. Over twenty men are reporting daily for hard workouts, supervised by Coach Baker. Louis Klein, an Albany High School player, is working out with the squad and Carl and Paul Waterman are shaping up as a good second string battery with a possibility of playing in some of this year's games. Charles Donnelley is captain this spring and is certain the team will be a winner. Joseph Horney, Gordon Stevenson, David Smurl, LeRoy Sullivan, Bernard Aurbach, Verne Carr, Francis Griffin, Eric Le Baron, E. Martin Goldring, John Kinsella are among those on the squad.

SKIDMORE PRESIDENT TO ADDRESS ASSEMBLY

Henry Thomas Moore, president of Skidmore college, will address both sessions of the student assembly this morning. President Moore was formerly professor of Psychology at Dartmouth and assistant in Psychology at Harvard. He is also author of the book "Modern Psychology for Beginners."

A luncheon for President and Mrs. Moore will be given at the home of President Brubacher.

FIVE COLUMN NEWS IS PASSED BY ASSEMBLY

Without a dissenting vote, both sessions of student assembly Friday overwhelmingly adopted a resolution endorsing the plan for an enlarged State College News for next year and agreed to support the bigger paper.

The plan presented to the association for the News and Finance boards by Edwin Van Kleeck, managing editor of the News, called for a sixty per cent enlargement in the size of the paper, making it five columns wide, instead of four as at present, and about four inches longer. The cost increase to the student body is estimated at \$400 or less than twenty per cent more than that covered by the present News budget.

The large increase in College enrollment, in College activities and organizations and the success which has attended other College publications were urged as reasons for the change. Inability of the present News to meet the growing demands for representation in its columns because of lack of space was also stressed.

"What the News would like to do next year is to publish a four-page paper, with about sixty per cent more actual space than the present sheet. This paper would have five columns on a page and would be approximately the size of those published at Union, at Colgate, at Amherst, at Yale, at Mount Holyoke, at Wellesley, and at most of the other well-known colleges. This would help ease the demand for space which is felt more greatly this year than ever before, because we have had the largest staff yet large enough to keep in touch with all phases of college life.

1926-27 Registration Procedure Outlined by Registrar; Dean, Major and Minor Officers Sign Without Interview

All students who expect to return to the College in September will be required to register in accordance with the following procedure, Miss Elizabeth Van Denburgh, registrar, announces:

1. Obtain a trial schedule sheet and schedule card from the registrar. If you are a freshman, obtain also a major and minor card.

2. Fill out the trial schedule sheet with pencil for both semesters, the schedule and major and minor cards with ink. If you wish to ask the advice of members of the faculty, they will be glad to help you with any difficulties, but you are to return the sheet to the registrar's office, *unsigned*.

3. In filling out your trial sheet: (a) Observe the regulations on pages 16-19 of the college catalogue; (b) Use great care in selecting courses, as only necessary changes will be permitted in the fall; (c) Each course in the recitation schedule is marked with a Roman numeral to designate examination group. These numerals are to be listed in the left-hand margin of the schedule sheet.

Seniors are to register for Education 2, one semester, and for Education 5, the other. Juniors are to register for Education 1, one semester, and for Philosophy 1, the other. It is hoped that the classes will divide themselves somewhat evenly. If not, division must be made arbitrarily in the

4. Return the blanks when filled out to the registrar, not later than today.

The names of those whose blanks do not meet with approval will be posted on the bulletin board, with time and place for interviews with the instructors concerned. The dean also will sign without interview, if schedule is satisfactory.

6. On May 25, 26, students will come again to the registrar's office for class cards which are to be filled out and returned not later than May 29.

Students who expect to attend the summer session should ask for a summer session card and file it with the other blanks.

Students who are working for the A. B. degree are not permitted to take courses in music or commerce in the summer for credit, unless they have begun these subjects as a minor sequence.

DUTCH MAIDENS ACT AS PAGEANT USHERS

Dutch maidens in modest kerchief and cap were ushers for the historical pageant given under the auspices of the Political Science Club on Friday evening, April 30, as part of the Mother and Daughter Week-end. During the intermissions other picturesque maidens in Priscilla costumes sold roses to the Mothers.

The pageant consisted of various scenes, among them an Indian ceremonial flower dance, a New Amsterdam scene, an episode at Mount Vernon and a Quaker scene at Philadelphia. Three faculty members cooperated, Miss Agnes Fritter, Miss Isabelle Johnston and T. Frederick H. Candlyn. Marion M. O'Connor, '26, directed the pageant and Marjorie Ott, '27, who with her committee planned and made the costumes.

STATE COLLEGE LIBRARY FOR TEACHERS

Crows

In a field in sunny Spain stands a stone mortar. Crows hover around it, picking up bits of grain and chaff—cawing.

Here Marcheta, in the fresh beauty of her youth, will come to pound maize. For years she will pound maize. The stone will stand up under the blows; not a dent has the muscle of three generations of women made upon it. But the crows will hurl their black gibes upon a woman aging early and bent with toil. *Old Marcheta*—still in her thirties.

The American woman does not pound maize. But she still beats carpet; she still pounds clothes; she still pumps water. She exhausts her strength in tasks which electricity can do better, and in half the time.

The high ideals of a community mean little where woman is still doomed to drudgery. But the miracles which electricity already has performed indicate but a fraction of the vast possibilities for better living and the tremendous opportunities which the future developments in electricity will hold for the college man and woman.

Electricity, which can release woman from her burdens, has already created a revolution in American industry. Wherever mankind labors, General Electric motors can be found carrying loads, driving machinery and saving time and labor. And there is no branch of electrical development today to which General Electric has not made important contributions.

A series of G-E advertisements showing what electricity is doing in many fields will be sent on request. Ask for booklet GEK-1.
