by Vicki Zelden

That's the people in SUNY at Albany share a common concern was made most evident by Interact. Why Interact? "Because everyone in the University community has asked—demanded—that people listen, talk, interact, in order that learning be vital, viable and relevant." This was the purpose, as stated by the formulating committee of Interact.

Those students, faculty and administrators that attended Interact were subject to an almost mystical process of mingling. The idea was to interact, first with the group as a whole. Then each person was to pick someone who seemed different from himself, and talk to him. This knowledge of difference was to be acquired by randomly walking about the room.

Council supporting Nov. moratorium

by Ken Stokman

A statement supporting the Moratorium was passed by Central Council Thursday night. The Bill, introduced by Dave Neufeld and Mike Aven, passed by a 26-10 vote. The context of the Bill is basically that Council endorses the moratorium on November 13 and 14 and encourages the students to damon and express their feelings on the war.

The Bill urges all faculty to either cancel classes or not penalize students who are absent during the moratorium and especially not to schedule tests these dates.

The Bill also endorsed the March on Washington on November 15th. Copies of the Bill were sent to the President and Vice President of the United States, Secretaries of State and Defense, Senators Goodell and Javits, and Chancellor Gould.

In observation of the moratorium Central Council will not meet November 13th. Council also asked in favor of a motion by Lenny Kopp to postpone the Opinion Poll on the Rules and Regulations for the Maintenance of Public Order on campus.

Some disenssion was held again this week on the purpose of the ASP, its vitality and its responsibility to the Student Association. Joe Kaiser announced that his resignation Central Council will be invited to attend.

At the meeting of the ASP that passed unanimously the session was 6:30 p.m., Sunday, December 7. Residents of SA Committee, Chairman of Commissions, Supreme Court, Representatives of Myssion, SA Committee, Chairman, and others at the next meeting of the ASP will be replaced by Donna Simonetti.

There will be a meeting of all student members of the ASP and staff be given credit for their work at the Center Information Desk. The public is invited.

In regard to the ASP, Lenny Kopp announced that the ASP passed unanimously.

The application deadline date for all graduate study beginning in the College of Arts and Sciences Graduate Admissions is November 15, 1969. Any students planning on graduate school must have their completed application submitted to the College of Arts and Sciences Graduate Admissions Office (SS 140) on or before November 15, 1969.

The Albany Delta Chapter of Pi Gamma Mu, the National Social Science Honor Society is in the process of screening candidates for its fall induction.

One thing that Interact failed to provide was some form of implementation. The general consensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensus was that more general concensu

**YPRL PRESS**

**NEW STUDENT LEAD MOVEMENT**

BY Dave Peck

Josh Muravchik, National Chairman of Young Peoples Socialist League, spoke on the subject, "How to Organize a New Student Left," last Thursday evening. He stated that S.D.S. is dead and a new student movement of the 70's should be formed. This new movement must not destroy itself the way the old left and the new left have.

Muravchik, who described himself as a professional radical, said that when he was 17 when the Weatherman engaged in violent activities in Chicago. The new student movement is to begin on October 15 when all over the nation over a million student peaceably demonstrated against the war.

Young Peoples Socialist League (YPSL) supports the moratorium in November but is against the mobilization of thousands of people overseas. The police (G.W.C.) on the 15th. They feel that if it is violent, it will play right into Nixon's hands and give him a chance to repress future anti-war demonstrations.

Muravchik gave three reasons for the fall of the S.D.S. First, their identification with foreign countries such as Red China, Cuba, and North Vietnam. Second, those who worked in these countries can't work here, especially guerrilla warfare.

Second, you are your enemies. This was first applied to the Libera's and SDS to other factions, such as R.Y.M. and the Weatherman.

Third is their insistence upon their demands being met promptly. If this is not done then they feel justified in becoming more violent.

YPRL is determined not to be destroyed by any of the above.

They don't align themselves with the politics of any other nation. They try to work with other groups.

Muravchik said, "We must have the support of the majority to get the support of the minorities. We must form a coalition of other groups such as the American labor movement and various ethnic and racial groups." YPSL is against violence and believes in the democratic system. It supported Humphrey in '68 because they felt he was better than Nixon. Mr. Muravchik pointed out that with Humphrey we wouldn't have had Burger, the A.B.M., the Hayworth nomination, and welfare cut. Unlike other leftist groups YPSL supports Israel.

**WHAT DO YOU THINK SANTA WILL GIVE YOU FOR CHRISTMAS?**

**Konikowski**

**Legal peaceful picket requires:**

(1) no stopping to converse with passers-by
(2) no leaving the moving pocket line
(3) no harassment of pedestrians and police
(4) no blocking of pedestrian movement

No police officer may stop you unless he is prepared to do so with particularity his reasons for doing so. If arrested you do not believe you have committed a felony on certain misdemeanors which will not be applicable in our situation.

No police officer may search you unless he reasonably suspects he is in danger or he conducts you incident to an arrest. You don't have to answer any questions put to you by a police officer.

If you are detained against your will, it is legally an arrest no matter what the policeman may say.

The police officer may ask for your identification, but you are not compelled to produce it unless you are arrested.

If arrested, do not in any way resist the police officer regardless of your personal feelings as to the legality of the arrest. Also do not run when told to stop.

Immediately upon arrest, ask to be told the charge. You have a right to make one completed phone call (1) free. If you don't change, the police will get it for you (2) if you don't know the number, you may ask for a telephone book.

You have a right to a lawyer.

Do not submit to interrogation or sign any written statements until you have talked to a lawyer.

'ARE YOU THE SILENT MAJORITY?'

We, the undersigned, endorse the student-faculty strike against the war in Viet Nam on November 13 and 14. We ask all faculty and students to utilize this time to support the Moratorium and to involve yourselves in a community-university dialogue.

The American Federation of Teachers, by a unanimous vote of the Executive Board, joins the Central Council in its support of the activities sponsored by the Student Mobilization Committee and planned as a Mobilization Weekend for November 13-15.

The highlight of this weekend is a March on Washington sponsored by diverse groups in order to focus public attention on the continuing holocaust in Vietnam and to mobilize opposition to bankrupt policy of death and destruction. We encourage the fullest student and faculty participation throughout the entire weekend. We repeat: ENOUGH IS ENOUGH!

For the Executive Board
Erich Nussbaum

The following is a schedule of events for the Moratorium, under the sponsorship of Student Mobilization:

THE SPORTS

Danes End Season Lose to Plattsburg

It seemed as if it would never come to pass but alas, the 1969 varsity soccer season has ended. The Danes hosted SUC Plattsburg Saturday, trying to salvage something from a disappointing season.

Unfortunately, the team picked this day to be thoroughly out hustled and outplayed losing 6-2. It was only the second time this season that such was the case, the other being a 5-0 loss to RPI. State went ahead 2-1 lead in the first half on goals by attackers Demetrios Michael and sophomore John Proulx but late in the second stanza, Coach Schreffelin's booters began to falter and quickly gave up two goals to a Plattsburg squad that was no better than their opponents. Indeed, the upstart's potential All-American forward Bill Garvey didn't even play, being sidelined with a Broken ankle.

From this point on, the gain an away from the Danes. It seemed that all the season's hardships caught up to them as Plattsburg scored three more goals in the second half. Michael's second goal of the game was the only Albany bright spot in this stanza.

Looking ahead to next year, Coach Schreffelin sees a need for the PTC defense to prevent scoring, there is no telling this year what the future holds in store.

League II Season Continues with ALC playing PTC for the Championship.

The League II football season reached its final stage Monday as defending champs ALC met PTC. The teams played to a 0-0 tie and will meet again this afternoon to determine the league championship. ALC, the leading offensive team, will be crowned if the PTC defense can prevent scoring. Michael up from, Plattsburg scored three more goals in the second half of the game in the second stanza, Coach Schreffelin's booters began to falter and quickly gave up two goals to a Plattsburg squad that was no better than their opponents. Indeed, the upstart's potential All-American forward Bill Garvey didn't even play, being sidelined with a Broken ankle.

From this point on, the game an away from the Danes. It seemed that all the season's hardships caught up to them as Plattsburg scored three more goals in the second half. Michael's second goal of the game was the only Albany bright spot in this stanza.

Looking ahead to next year, Coach Schreffelin sees a need for the PTC defense to prevent scoring, there is no telling what the future holds in store.

An Intramural Basketball Captains' Meeting is scheduled for Friday, November 14 in room 125 of Physical Education Center. League I will meet at 1:15 p.m., League II at 2:00 p.m., and League IV at 3:45 p.m.

The Women's Intercollegiate Hockey Team, under the coaching of Miss Leona Rhenish, completed its season with two triumphs over the weekend, defeating New Paltz 3-1 with Willie Tibbetts and O'Hara scoring, and Danbury State 5-0 with Wolfe scoring. The team's record for the season is 4 wins, 1 tie, and 2 defeats.

Interested in working during Telethon?

According to Mary Hart, answering phones, selling, collecting money, is a 6-3 decision to Plattsburg.

Blow Your Mind

Another professional basketball season has begun, and along with it come memories of season's past - draft choices, leading scorers, starting times. Again, we test your knowledge with this worthless trivia.

1. Who was the shortest guard ever to play in the N.B.A. in the late 50's and early 60's?
2. What N.U. Knickerbocker won the NIT M.P.S. award in 1967?
3. What was the opposing center when Wilt Chamberlain scored 100 points in a game?
4. What active player has the highest career free throw percentage?
5. What N.B.A. basketball player that won the rookie of the year and MVP titles in the same year?
6. What ex-New York Knickerbocker scored 100 points in a game?
7. What held the N.B.A. scoring record for the most points in one game before Wilt Chamberlain scored 100 points?
8. Who was the opposing center when Wilt Chamberlain scored 100 points?
9. The Knicks starting 5 in 1959-60 was Carl Brawn, Rickie Guerin, Kenny Sears, Willie Naulls, and Ray Felix. Name the two reserve forwards.
10. What player holds the N.B.A. record for fouling out of a game in the fastest time.
11. Who is the tallest player ever to play in the N.B.A.?
12. What active player has won the MVP award in the N.B.A.?
13. What regular season MVP award was won by Wilt Chamberlain?
14. What ex-Knick led colleges in scoring during the 1964-65 season?
15. Name three Knick players that played for St. Bonaventure.
16. What ex-Knick led colleges in scoring during the 1964-65 season?
17. Name the veteran the Knicks started in the 1964 season with the two reserve forwards.
18. Name the two players the Boston Celtics traded to the St. Louis Hawks for Bill Russell.
19. Name three Knick players that played for St. Bonaventure.
20. Who was the tallest player ever to play in the N.B.A.?

Warden Scholarship

Applications are still being accepted for the James A. Warden Scholarship Award.

The applicant must be:

1. An able scholar
2. Interest and participation in athletics (Need not be varsity sports)
3. Sincere in his relations with others.

Anyone wishing to apply or desire further information should contact one member of the selection committee. The committee is comprised of Mrs. Blodgett, Mr. Garcia, Mr. Hathaway and Mr. Lamanna.
This week at the Performing Arts Center, Music Council presents: SPECTRUM: CONTEMPORARY MUSIC. As wide a range of contemporary styles as possible have been represented, and each program in itself represents a wide range of artistic aesthetics in its own field.

PROGRAMS

TUESDAY, NOVEMBER 11 at 8:00 p.m.
John Cage: Music for Carillon
(performed on our carillon)

TUESDAY, NOVEMBER 11 at 8:30 p.m.
John Eaton: Music for Synket: pieces by Eaton, Moes and Chadabe will be performed.

WEDNESDAY, NOVEMBER 12 at 8:30 p.m.
The Sonic Arts Group from Ann Arbor, Michigan.
Pieces by the performers on electronic instruments.
Performers: Ashley, Berhman, Lucier and Mumma.

THURSDAY, NOVEMBER 13 at 8:30 p.m.
Instrumental and Vocal Music
by Ronsheim, Gaber, Engler, Moss, Carter, Babbitt and Schoenberg.

FRIDAY, NOVEMBER 14 at 8:30 p.m.
INTERMEDIA!!!!!!
by Albright, Morris and Martirano
by Stockhausen and Xenakis

SATURDAY, NOVEMBER 15 at 8:30 p.m.
Buffalo's Creative Associates
Foss, Hiller, Blauvelt, Westergard, Burnham, Gaburo and A HOST OF OTHERS!

The following essay is presented in the confused pattern which memories, associations, and reactions usually follow as they build up and resolve in the mind. These patterns are more persistent than the patterns imposed on our communication by usual words. I know what you will say, but I insist that you think because they are so used to letting their words speak for them. If the thoughts seem unclear, it is only because they are unclear, but that is nothing to be afraid or ashamed of. Maybe the sole purpose of this essay is to lead you to another place of understanding.

If you are reading this you probably in college or on the stuff of a college, where you wonder among the meadows and are doing here. All around you there are people and structures trying to impose order on your mind. I believe there is a growing number of people and structures opposed to the meaning and modes of life that are the status quo. Granted they may have repercussions on your very own life, but look, this has been happening since man began his societies. It's just another turn of the screw.}

Editorial Comment
Washington D.C.

The massive demonstration in Washington D.C. this week-end cannot be overlooked, even by those who refuse to be influenced by what happens 'in the streets.' As far as its effect will help bring the Vietnam War to an end, it deserves our whole-hearted support.

It is imperative that those who will be demonstrating realize that the strength of today's anti-war movement is dependent upon the objective of the demonstration. It is essential that incidents which might provoke a 'backlash' be avoided. Incidents of violence are likely to do more harm than good in bringing the war to its speediest conclusion.

While it is of the utmost importance that the policy makers be aware of the depth of feeling within the peace movement, one must ask himself if the time, money, and energy, spent on a crusade to Washington, might be better spent writing letters to those with influence in Washington. The possibility of violence in the capital has generated fear in Senators Fulbright and Javits, among other war critics.

To those going to Washington, we plead that you do your utmost to keep to the demonstration peaceful and orderly. To those not participating it is urged that you make your discontent with the war known to your representatives in government.

B.K.

COMMUNICATIONS

Open Letter to Dean Chesin

Dr. Chesin: "Drugs on campus" has been a much disputed topic on and off the campus. Discussion on this subject has been heated, and solutions have been elusive.

Drugs have been construed to be an "ill of society," and yet has society attempted to cure it? Is it not the police the remedy to such an "ill"?

The University is in a dilemma to clarify its position on the issue, but has it answered the question really? The University is a dilemma as to its role and purpose. Is the University not committed to help and educate its students? Should not the University's role be as an educator, on the topic of drugs, and as a counselor to those who seek help and a cure for their "ills"?

Think of the student who is seeking help.

Yet there is another facet of the issue which should be considered. The University, as a public institution is pledged to uphold the laws of the state, including those which concern use of drugs and subject violators to punishment. Hence, the Administration is placed in the position of a public trust and it is obligated to acknowledge the rules of the society of which it is a member.

Shall the University dedicate itself to uphold the laws of the State or to educate the students it serves? Truly, you are faced with a problem of great magnitude which merits extensive contemplation. You must decide for us, as students, our position in this dilemma.

You have stated in the ASP, on November 7,1969, that "One of the reasons most colleges and universities have taken on a more legalistic type of relationship with students is because students have asked for this type of relationship." I ask you, are we subject to these attitudes and relationships other universities have with their students? Are you entitled to an opinion on this campus concerning the usage of drugs and its legalistic consequences? I strongly suggest that you reevaluate your relationships with the students of this University.

You were also quoted as saying "Ten years ago this (the on-campus drug arrest of four students of Oct. 15) would never have been handled by the police." Are we to assume that 10 years ago the University viewed the drug issue as a purely educational matter to be handled internally, and now the University has stepped aside to allow the police to "solve" the problem.

As we, students, are products on this society, so too, is the University a product of the existing American culture. As we strive to seek an education we implore you to reevaluate your role in relation to us and to society, and to seek the educational solution to the problem at hand.

My fellow students and I hopefully await ...-Uh Harv, I left my thesaurus at home. Mind interpreting? "Dummy. It's been raining ever since Nixon opened up his big mouth on Monday, November 3." "Hey, yeah. It raised the day before too, though." "I call that Agnew-dew. He started it. I'm afraid that if we don't March on Washington November 15, the gods will institute instant replay of the are affair." "Yeah, then the new Nixon will be known as Noah Nixon!!" "Touch." Yours truly, Benjamin Bacon

Meet Me Tomorrow

To the Editor of the ASP:

The "dichotomy" editorial in Tuesday's ASP was very interesting, describing as it did the difference between students with certain goals in mind who accept a structured educational system, and those students who, "are confused, certainly impractical," "come with no premeditated goals," and "wish to spend four--or five or six or more--years of their life ... developing their individuality.

You cry for an answer, and action, to help the latter group. Here is the real dichotomy, the paradox. How do we find answers to these aggravating problems without careful study, orderly thought, indeed without historical, psychological, statistical and other considerations? How do we have action if neither you nor we know what you want? And yet, you call for no structure, no order, no grades, no requirements, no credit hours (no degree, perhaps?). How can you have an "idealistic developmental center" without some structure: rooms, plumbing, and at least some rules of procedure?

A way out of this dilemma has been found by many who have not been able to attend a university or who have chosen to avoid formal affiliation. There are many really educated people who have never seen the inside of a college. Our society is full of libraries, discussion groups, adult education programs, concerts, TV, churches, and other sources of education. It would be possible to spend ten years on this campus, sitting in the classrooms, in the campus center, in the library and the theater-music building, without ever a grade or a credit. But if you do want the university to testify to your capabilities and achievements, how can it do so without some kind of evidence that you are actually here, that you have developed some of your abilities, that you are worthy of recognition? If you don't need this recognition, then what is your complaint?

Postscript: A slave-master attitude? It is not clear to me who are the slaves and who the masters.

Total lack of communication? By whom? Have you tried? When I first arrived here, a long time ago, some students and faculty were actively communicating and some still are. Do you seek out professors? I try every approach I can devise to get the students to communicate with me, and yet not over 5% of my students ever enter my office. Most mornings at 10:00 I sit, sad and lonely, in the cafeteria. Meet me there tomorrow.

Sincerely yours, 

Richard S. Hasuer
Professor of Biology

Fellow friends, assorted, misfits, armaments and bombs the north, atomic arms. we need a crucifixion on every square mile. if we only saw the five thundering balls and mortars upon regents' receivers, jumping from roof to roof causing obfuscations and genocide upon green eyed drops. hope hasn't noped a little persynic then kill premeditated, aim below the belt and catch the train, until surrounded never yield but die with fingers dripping green liberated eye balls, except-beyond a shadow the five have, passional pacific—

Meet Me Tomorrow

The Albany Student Press is published two times a week by the Student Association of the State University of New York at Albany. The ASP editorial office is located in Room 244 of the Campus Center. This newspaper is funded by S.A. tax. The ASP was founded by the class of 1918. The ASP phone numbers are 457-2109, 2114.
