### **CSEA Delegates Vote Drive for 40-Hour** Week With No Pay Reduction in Institutions; Reject Optional 40 Hours at Straight Time

dred representatives of institutional New York State employees instructed their organization to make an all-out endeavor for the 40-hour week without any reduction in the present 48-hour pay.

The - vote, nearly unanimous, came after a dramatic four-hour meeting held at headquarters of the Civil Service Employees Association on Friday, December 11. The delegates represented employ-ees of Mental Hygiene, Correction, Social Welfare and Health. The resolution upon which the group acted reads:

"Resolved, that the hours of employment for institutional employees be mandated at a 40-hour 5-day week, and that the basic salaries of all employees be so ad-justed that the present 48-hour pay for each be declared the basic pay for the 40-hour week." Officers and staff were instructed to work toward implementation of this

The delegates also passed a unanimous vote of confidence in CSEA counsel. Both John T. De-Graff, chief counsel, and John E. Holt-Harris, associate counsel, were present to explain alternate 40-hour proposals and to answer questions

Called to Give Views

The delegates had been called together by telegram, in order to give their views upon an optional 40-hour-week-at-straight-pay proposal. The suggestion was to allow those employees who might so with, to work 40 hours instead of the mandated 48. The proposal had been placed before the board of directors for consideration, and the board had acted to canvass the institutional employees on

their viewpoints.
The delegates at Friday's meet-

tutional employees want a 40-hour week at 48-hour pay; they will not accept compromise; only a small percentage of them could possibly afford the reduced work-week at the reduced pay it would entail. Not only do the delegates want this approach to the problem, but they urged a strong public-rela-tions effort to accompany it, informing the general public in the nature and arduousness of the du-ties performed by institutional

Bill to Be Introduced

The Association will introduce a bill in the State Legislature, as it has in past years, seeking 40 hours' work at 48-hour pay; and the Association staff will put every possible effort behind the measure. CSEA President John F. Powers told the assemblage: "We Powers told the assemblage: will do everything we can to get the bill passed." The delegates were made aware of the obstacles that stand in the way of passage; their attitude was that this meant a call for still greater efforts. New Energies Released

became obvious during the meeting that the suggested pro-posal had had an enormous side effect: It had galvanized institutional employees as nothing had before. Overflow meetings had been held in dozens of institutions; and a new resolve had grown out of all this to extend efforts to obtain a pay increase. The energy released by the debate will flow over into the pay raise campaign now under way, in which the Association seeks a freeze-in of the cost of living bonus plus all a payers.

categories:

The drive should be for the 40-hour week at 48-hour pay. The 40-hour voluntary proposal would weaken that drive.

2. The proposal might tend to prejudice the case for a general pay raise. It is poorly timed.

3. In private industry and in NYC, the impulse has been toward 40-hour week without a reduc-

tion in pay.
4. There are now many vacancies in institutions, together with overcrowding of patients. Additional burdens might be thrown on employees with the 40-hour week. The hazards of institutional work are such that the burdens ought to be eased, not made heav-

ier.
5. Few employees can afford to work for less than the 48-hour pay they now get.

6. Any division into two groups -some employees working hours, others 48 - would be tendency toward disunity.

The meeting was perhaps the clearest demonstration so far of the inadequacy of institutional salaries, and of the deep feeling for a 40-hour work-week at substantial improvement of pay. One suggestion was that the same ar-rangements ought to prevail in State service as in private indus-try concerning overtime—time and

"A Master Stroke"

Dixie Mason, of Psychiatric In-stitute revealed that nurses at her institution now have the choice of a 40 or 48-hour week. Yet when she called a chapter meeting on the issue, "the unanimous decision was not to pull in our oars now. We don't settle for less" than 48

hours' pay for a 40-hour Owen Jones, Mental Hygiene

tion that was finally passed, said: Now we are all awakened to the fact that we are working 48 hours. Calling this meeting was a master stroke, and should rectify whatever error was made." He added that, as a result of the current de-bate, "we can get a beautiful re-

John D. O'Brien, CSEA 4th vice president and an employee of Middletown State Hospital, made a survey of his institution. He found that 85 per cent of those on the wards were definitely against the 40-hour work-week for 40 hours' pay. Only in cases where a man and wife were both working in the institution did he find ing in the institution, did he find sentiment favoring it. About 35 per cent of the tradesmen favored it—since they could get spare-time in private industry at wages up to \$3.50 an hour. He also found that numbers of the clerical peo-ple now on 40 hours are so pressed financially that they would go in the opposite direction—44 hours work for 44 hours pay. Like Mr. O'Brien, nearly all the

delegates had polled their memberships, and the report was-rel-atively few wanted 40 hours' work with 40 hours' pay. The prison delegates were nearly unanimous in declaring their memberships in opposition to the plan.

John E. Graveline, of St. Law-rence State Hospital, took respon-sibility for the proposal. "We were supposed to get reactions from our people. All that's been done is a proposal presented to you," he

Canvassing Employees
The meeting began with a statement by Mr. DeGraff of the pros and cons of the proposal. He pointed out that employee opinion

idea should be given consideration.

He felt that canvass of employees would offer a strong argument for a pay raise; if such a canvass showed, for example, that 90 per cent of the employees felt they had to stay on a 48-hour week in order to earn enough to live, it would be a potent demonstration of how woefully underpaid they really are.

#### Pay Raise Foreseen

Mr. DeGraff also revealed that "It seems we'll be in for some kind of raise this year." There is no way of knowing now what the raise will be. Undoubtedly some part of the raise will be for cor-rection of inequities. The new schedules would also, Mr. DeGraff felt, include a freeze-in of the emergency bonus into base pay.

#### Holt-Harris Highlight

A highlight of the meeting was a statement by Mr. Holt-Harris. He brought the group back to a realization of basic moral princi-ples which had made the Association strong, the reliance on sin-cerity and a realistic appraisal of every situation. Then he added: "If you want to propagandize, the way is obvious. Employees want to work the 40-hour week but can't without 48-hour pay. This, now, is the greatest opportunity to capitalize on your needs. This is a demonstration of independence of action." Militance means hard work, he reminded his listeners, not just making brave speeches and then going home to let somebody else do the job. The task requires the hardest kind of effort at all levels of Association activity. at all levels of Association activity.

The meeting was presided over by John F. Powers and by 1st vice president Joseph F. Feily.

#### Canal Man Invents New Buoy Hook

ALBANY, Dec. 14 — Dr. Frank L. Tolman, Chairman of the New York State Employee's Merit Award Board, announced the award of \$100 and a certificate of merit to Daniel H. Key, of Fort Hunter, employed in the Division of Canal Operation and Maintenance of the Department of Public Works.

Mr. Key, a buoy light tender for more than twenty wears, devised a new type of slip ring and hook to replace the snaps formerly used in servicing canal buoy lights. Mr. Key's spring hook cuts present costs in half and his supervisors plan to extend its use throughout the entire canal system.

#### State Fund Leads

The Metropolitan Conference Bowling League has begun competition among the four teams of the New York City division and the four Long Island teams.

"We hope." said Al Greenberg of the State Insurance Fund, chairman of the bowling committee, "that these eight teams will serve as the nucleus of a statewide bowling tournament of the Civil Service Employees Association.'

The New York City division consists of the New York City, State Insurance Fund, State Psychiatric Institute and Metropolitan Armories chapters.

The Long Island division is composed of Public Works District 10, Central Islip, Kings Park and Pil-grim State Hospital chapters.

The standings of the NYC group, as of November 30, are: State In-surance Fund, 16 points; New York City, 8 points; Psychiatric Institute, 7, and Armory Employ-ces 6

### WANTED!

MEN-WOMEN

between 18 and 50, to prepare now for U. S. Civil Service jobs in and around Greater New York. During the next twelve months there will be over 29,320 appointments to U. S. Government jobs in this area. \*

These will be jobs paying as high as \$316.00 a month to start. They are better paid than the same kinds of jobs in private industry. They offer far more security than private employment. Many of these jobs require little or no experience or specialized education.

BUT in order to get one of these jobs, you must pass a Civil Service test. The competition in these tests is intense. In some cases as few as one out of five applicants pass! Anything you can do to increase your chances of passing is

well worth your while.

Franklin Institute is a privately owned firm which helps thousands pass these tests each year. The Institute is the largest and oldest organization of this kind and it is not connected with the Government.

To get full information free of charge on these Government jobs fill out and mail the coupon at once. Or call at office — open daily incl. Sat. 9:00 to 5:00. The Institute will also show you how you can qualify yourself to pass these tests. Don't delay — act now!

### CSEA Gives Basic Wage Facts to State Negotiators as Salary Parleys Make Gain

have begun.

The Association has laid its basic

case before Budget Director Norman Hurd, asking that present gross pay scales be increased by at least 12 per cent, and that the new pay be made base pay in a schedule of statutory salary

The first conference was held Saturday, December 5. The sec-ond will be held on Saturday, De-cember 19.

The State is conducting a salary survey, the results of which have not yet been made known to the Association. Before any action is taken by the State Administration on recommendations, if any, that the survey contains, the Association has asked to be consulted.

John F. Powers, president of the CSEA, wrote Mr. Hurd a letter, summarizing and docu-menting the Association's pay increase request. Mr. Powers recalled the last pay increase, two years ago, based on October, 1951 com-parative pay figures, which amounted to less than 6 per cent increase.

The Association asks that the agenda for this year's discussion be divided into three parts:

Developments since October,

2. Findings of the State Salary

Survey conducted by the Civil Service Department.
3. Deficiency in the State sala-

ries established on April 1, 1952. Item 3 involves the deficiency at the time of the 1952 salary adjustments. Facts proving such deficiency were submitted by the Association during negotiations preceding the 1952 raise

The Association submitted the following supporting data to show the deficiency of the last raise, as well as the deficiency of State pay today, in view of the increased living costs, and the comparison of pay scales reported by au-thorities. The third point, the State salary survey, must await the submission of that report. The Association's position on

each of the three subjects follows:

104 Are Honored for Service as Health Dept.

Starts Annual Awards

ALBANY, Dec. 14 and retired members of the State Health Department who have or more years of public health service were honored recently at a reception arranged by a department employees committee. Specially designed gold pins, and cer-tificates were presented to 104 employees by the Health Commis-

served in the Department 25 or more years.

b. Present salaries including the emergency pay of State workers were based on conditions prevailing in October, 1951. (The Association maintains that they were deficient even at that time, but believes that this point should be discussed under Item 3.)

c. The cost of living as measured by the Consumers Price Index has increased about 3 per cent during this period.

The irrefutable conclusion to be drawn from these facts, says Association, is that, during the past two years, salaries in private employment have increased by more than 10 per cent while State salaries have remained stationary.

Such a disparity is intolerable and must inevitably lead to the deterioration of State services," the Association adds.

Findings of Salary Survey Conducted by Civil Service Depart-

The Association has not been apprised of the results of this survey. It expects that the findings will be a factor in this year's negotiations. It believes that the overall results wil be in accord with the situation outlined in Item 1 and confirm the deficiencies in the 1952 salary adjustments. However, knowing the limitations of such surveys, the Association anticipates that the findings will be inconclusive for many specific titles, although they may well serve to focus attention upon some of the major inequities within the current salary structure.

Deficiency in the State Salaries Established on April 1, 1952.

The deficiency in State salaries as of October, 1952, based on comparisons of the increases in State salaries from April 1, 1946 to October, 1952 with increases in other wages and prices, were as follows:

% Increase From % Ratio to 1952

COMPARISON OF INCREASE IN STATE SALARIES WITH OTHER BASIC WAGE STATISTICS

the Association's request for an overall salary adjustment of at least 12 per cent this year," the Association states.

"This is the year to put the State salary schedules on a sound, permanent basis. There is every indication that the nation's economy has entered a stable phase. There is no longer any justifica-tion for 'emergency' salary measures. We, therefore, urge that present gross pay scales be in-creased by at least 12 per cent and that such adjustments be in-corporated as base pay in a new schedule of statutory salary grades."

Representing the Association at the December 5 conference were Mr. Powers; Davis L. Shultes, chairman of the salary committee; F. Henry Galpin, salary re-search consultant; John T. De-Graff, counsel; and John J. Kelly Jr., assistant counsel.

#### Of the 1,337 Men Comprising the New Eligible List for Patrolman, 1,083 Are DELEHANTY Graduates — 84 of Them in the Top 100! CONSIDER THESE SIGNIFICANT FIGURES! 12,453 men filed applications for the last exam. Of these 10,326 competed in the writtene test and only 2,271 passed it. 1,679 passed the medical exam and 1,337 passed the physical performance test and earned places on the eligible list. NOW COMPARE WITH DELEHANTY RESULTS:

FOR THE ATTENTION OF

2,219 men enrolled for this Delehanty course. About 500 dropped out after a few weeks and only about 1,300 men attended classes regularly. 1,083 of THESE ARE NOW ON THE ELIGIBLE LIST!

#### THE NEW EXAMINATION

12,000 men have filed applications. Possibly 1,000 to 1,500 of these are not qualified medically. And on the ebasis of previous tests, another 2,000 will fail to appear for the written exam.

#### 7 WEEKS REMAIN FOR PREPARATION

Those who seriously desire to secure one of these desirable positions have 7 weeks left in which by conscientious study they may practically assure themselves of passing thee written exam to be held Jan. 30th.

#### THE DELEHANTY COURSE

Each applicant is examined without charge by our staff physicians. If found medically zfit, he may enroll and attend classes three times weekly, either in Manhattan or Jamaica at hours to suit his convenience.

In addition, he is provided with extensive and carefully prepared home study material and benefits also by written classroom tests.

The fee for the course is reasonable and may be paid in installments. The moderate tuition likewise covers physical classes conducted in our own gymnasium, the largest Civil Service gym in the country.

### Government Should Give **Broad Counseling Service**

The need for a counseling service for public employees is reaffirmed by the considerable duties of this nature performed by the New York State Personnel Relations Board. Unfortunately, the personal touch is partly lost to many State employees, because interviews are confined to Albany, where the office of the Board is located, Letters are often a poor substitute. Branches elsewhere throughout the State are decidedly in order, and should be part of an improved personnel relations set-up that the State Government needs. Despite its good work in counseling, through the efforts of Janet Macfarlane, the Board is hampered by a restrictive and hard-to-operate law in other particulars.

The Federal Government should institute counseling. Local governments need it. Public employees have not only transfer, assignment, reinstatement, and similar job problems, but confidential ones not related to their jobs. An employer deeply interested in the welfare and morale of his employees will extend himself a bit, to give employees the benefit of the experience and sound judgment of a counselor. There is no better employee than a happy

The excellent results in New York State should be assurance enough that a government jurisdiction will not be courting disfavor or inviting informal risks if it gives due recognition to the broader aspects of counseling. Private industry has made a success of counseling unhampered by narrow limits, and government should always be eager to avoid being outdone. It is supposed to lead, anyway, rather than follow.

### COMMENT

HOUSING EMPLOYEE

WORRIED

Editor, The LEADER: The NYC Housing Authority used to be one of the most progressive and desirable agencies to work for, Promotional opportunities were excellent, the terminal leave policy was the best in the City, and all career employees believed that their future was secure.

Now the Authority intends to turn over the management of all newly built non-subsidized housing projects to private real estate firms. Doubtlessly, this plan will extended eventually to all Authority projects and will cause most of the HA employees to lose their jobs. This threat has so low-ered the morale of Authority employees that many are resigning or transferring to other City depart-

Employees must defeat this plan. NYCHA EMPLOYEE

WANTS MINIMUM POLICE HEIGHT LOWERED

Editor, The LEADER:

I agree, as your news article shows, that low pay is one of the reasons men shun the NYC police exam. There are, however, many otherwise qualified men who would like to be patrolmen, and who would rush to apply, but are an inch or two too short.

The NYC Civil Service Commission lowered the minimum appli-cation age from 21 to 18, to get as many recruits as possible. It should consider lowering the minimum height from 5 feet 8 inches to 5 feet six or seven.

Men of that height who can meet the stiff police requirements, can pass the written test and the rigid medical and physical exams, would be just as competent police officers as their taller brothers.

### Question, Please

retirement allowance, may I still exercise an option to make my wife an alternative beneficiary, if she survives me? May I do this for both pension and annuity? C.E.D.

- Prior to collecting Answer on any check sent you under retirement without optional modification, you may exercise an option. Board of Estimate approval is required, as retirement without modification evidently was approved by the Board, sitting as the head of the NYC Employees' Retirement System. The option may be exercised on both pension and annuity, or on either, and, if on one, usually the annuity is selected, for if you return to City employ, the annuity benefit could be reaped by the beneficiary, though the pension was sus-

FOR FIVE YEARS I worked as a NYC provisional. Then I resigned, because there was no pension coverage. I am about to accept a job in private industry. Can I get Social Security coverage under the new law for the period of City service? J.C.B.

Answer - No. There are no retroactive provisions for employees of the State or its communities. While you were a provisional you eligible to membership in the NYC Employees Retirement System and no doubt in a title still eligible for such membership, an additional reason, if any were needed, why you can't get Social Security coverage for the back period, or any period, in a City job. In your private industry job Social Security coverage could be obtainable, effective immediately.

I WORKED for NYC seven years. Now I am age 70 and not working, because of disability. I'm receiving Workmen's Compensation, I am entitled to NYC retirement. My incapacity results from work I did for the Ciyt, but accidental disability retirement has been denied me. What I seek is three-quarters pay on retirement. However, only service retirement is offered, not even disability ordinary retirement.

Answer - Since you have reached the mandatory retirement age, in the absence of an extension, NYC may retire you, whether you request it or not. The benefits would be the actual value of your pension account and annuity count, either all to you, or less to you, the difference for possible actual benefit to a named beneficiary. Ordinary disability retire-ment is to the same effect — actuarial value at time of retirement - but permits retirement before one attains compulsory or minimum retirement age. Since you have attained maximum age, the only possible improvement would be to convince the Medical Board that it was wrong in find-ing that the disability was not service-connected. In cases like yours a frequent finding of the Board is that the disability would have arisen even without the in-jury or injuries for which you're being paid Workmen's Compensation.

#### CIVIL SERVICE

THE ISSUE of whether a U. S. employee whose competitive job is put in Schedule C retains the job protection of a 1912 law is before the Federal District Court in Washington, D. C. Dropped by the Department of Justice, after the switch, Leo A. Roth appealed to the U. S. Civil Service Commission and won. But the Department of Justice wouldn't take him back, so he sued.

UNEMPLOYMENT INSURANCE for U. S. employees is on the way. The Eisenhower Administration is getting behind it. By the way, New York State employees have it, local employees could have it, if local governments would only go along, but the local governments are holding aloof.

NYC TRANSIT AUTHORITY clerks rallied at the Pro-Cathedral Hall, Brooklyn, on Decmeber 14, to point up the need for promotion and pay increases. The clerks say promotions have lagged far behind the citywide average. Talks have been held with the TA. Action is

THE ORDER issued by NYC Police Commissioner George P. Monaghan, assigning Civil Defense volunteers to regular police dutyfour hours, without pay-is one of the effects of low police pay. At a \$5,200 minimum the Police Department would have no trouble meeting the competition of private industry, and other government jurisdictions. Beginning January 1 the Nassau County Police will get respectable pay, higher than that of the NYC Police, and other jurisdictions are expected to pass NYC, once the standard by which police and other pay was set,

The current NYC police exam attracted 12,000 candidates, less than half as many as usual, though pretty good, all things considered. The demand for police jobs must be restored to the 25,000 level of other days, and proper pay would do it.

The Patrolmen's Benevolent Association believes the order is illegal, and has instructed counsel to study the advisability of a suit to stop its enforcement.

ALL GOVERNMENT jurisdictions must, sooner or later, meet the competition on pay, or public service will deteriorate deplorably. Look at the shrinkage in the number of candidates for U, S. junior management assistant-8,300 now, as against 15,000 in 1952 and 21,700 in 1950. The cream of the college crop is passing up this "opportunity" mainly for the same reason, more pay elsewhere.

THAT THE PROFIT in a suggestion program flows mostly to the government is reaffirmed by the \$835 awarded to seven U. S. employees whose ideas will save \$65,000 a year.

H. ELIOT KAPLAN, who has been studying the Civil Service Retirement and Social Security systems for the President and Congress, has confirmed the forecasts published in the Civil Service Newsletter of what his committee would recommend. He said his committee will recommend no lessening of benefits for employees now covered by either the U. S. retirement system of Social Security, no increase beyond the 6 per cent now paid to the retirement system by the employee, and no consolidation of the two systems. He'll give up the project unless these basic considerations prevail,

#### **Not Really Bad**

California has a law against really so bad. Heimproper political activity" by public employees. This phrase has been subjected to court interpretation only once, when the court upheld the discharge of a branch manager in the Division of State Employment Agencies. The man said that what he had done wasn't

(a) had made unemployment lists available to his party for a mailing list;

(b) hired two interviewers to "educate" assistance-seekers as to their political attitude; (c) had taken an extended leave

of absence-on official business, he said-to campaign for candidates.

### Meet 'Susie' the little gal with a great big heart!

FOR CHRISTMAS DELIVERY RUSH YOUR ORDERS NOW

So many readers have asked to meet her, that once again, the Civil Servic LEADER has gone out and found "Susie." She is a little girl with a heart — 2 feet tall and an ideal companion for your favorite little friend. Last Christmas, you may remember, the circulation staff of the Civil Service LEADER made a special arrangement with a manufacturer to obtain a doll for Christmas giving for our readers. This year, we found SUSIE.

- \* She is over two feet tall.
- \* With a non-breakable plastic head.
- \* Flexible latex arms and legs.
- \* Genuine saran wig which can be washed,
- \* A beautiful designed costume.
- \* And of course a patented heartbeat.

You can have SUSIE for \$4.50 plus 25c for mailing and handling and two Dolly coupons from the LEADER, or the label from your wrapper. You would have to pay almost twice as much for her if you bought her through regular channels. Use the mailing coupon at right for your convenience.

#### Kings Park State Hospital

A MEETING of the Kings Park chapter executive council, with State Senator S. Wentworth Horton and Assemblyman Edmund Lupton, was held December 11 at the Perkins Hotel, Riverhead, to discuss resolutions adopted at the CSEA annual meeting, primarily those that relate to salary adjustments.

At the same time, Ben Adams, chairman of the hospital griev-ance committee, was attending a Miss Greeley w special meeting in Albany, to dis-vice January 1.

resolutions.

Kings Park is trying to make its chapter strong and active. Each member can do his part by showing interest in employee problems and by getting co-workers to join the CSEA. Try to recruit one new member this week,
