Allard Will Try For Scholarship

Popular Senior Selected to Apply for Rhodes Award; Fills Qualifications

Wilfred Allard, '35, has been selected by Dr. Thompson, institutional representative of the Rhodes Scholarships, to apply for a Rhodes Scholarship. Elections will be held the first week in January, 1935, and scholars elected at that time will enter the University of Oxford in October, 1935.

Allard is a member of Myskania, senior honorary society, a member of the Men's Athletic council, sports editor of the *Pedagogue*, and is on the literary staff of the *Pedagogue*. Last year he was vice-president of his class, captain of the Tennis team, chairman of Junior prom, and delegate to the 1933 conference of the National Student Federation of America at Washington. Allard won his letter for basketball, and has taken part in the Advanced Dramatics class plays.

There is a competition for Rhodes Scholarships every year in every state. For the purpose of the election, the forty-eight states are divided into eight districts of six states each. Each state committee is empowered to nominate two men to appear before the district committee, and from the twelve so nominated the district committee selects four to represent their states at Oxford.

The qualities which are considered in making the selection are: (1) literary and scholastic ability and attainments; (2) character; (3) interest in one's fellows and interests in leadership; (4) physical vigor as shown by interest in outdoor sports or in other ways.

The Rhodes Scholarships were founded under the terms of the will of Cecil J. Rhodes. Rhodes left the bulk of his immense wealth as a fund, which provides in perpetuity for the support of Oxford university of about 170 scholars from the United States and British colonies. The United States receives 96 of these scholarships, 32 of which are awarded each year. The scholarship provides for the payment of \$2,000 a year for two years with a provision for an additional year if the attainments of the student warrant it. Recipients are not limited in the choice of subjects which they may take.

News Will Select Four Desk Editors

Candidates will compete for the positions of sophomore desk editors of the *News* during the next six weeks. Every sophomore reporter will be eligible for these positions. Each person will be asked to report for work at the *News* office to write headlines, write stories, and correct galley. Promotions will be based on the all-around ability of the candidate in the journalistic field.

NEWS to Distribute Collegiate Digest

The National Scholastic Press association of which the STATE COLLEGE NEWS is a member, has announced that it will continue publishing and distributing to its members a news magazine supplement to be circulated with the weekly edition of the College newspaper.

This year's news magazine will be similar to last year's, consisting principally of pictures and inter-collegiate news notes. It will also contain some articles on books, travel, the theatre, and other special features from time to time.

Last year the *Collegiate Digest* contained a picture of the 1935 Junior Prom queen, Gertrude Morgan, '35, and a picture of the "haunted" Lockshop corner of the Co-operative bookstore.

WHAT ABOUT THE PERISTYLE?

Now that October has forecast cold weather ahead by the low temperatures of the early part of the week, we again turn our minds to the question of the open peristyle between Draper hall and Gideon Hawley library.

This seems to be the expedient time to consider the question of the open passage-way in order that some measures may be taken before the weather becomes too severe and the students have already suffered ill effects from undue exposure to the elements.

WE'RE FOR YOU, CROSS-COUNTRY NOW—OVER THE TOP

The addition of cross-country to the athletic program of the College has attracted its usual quota of skepticism, apathy, and ridicule. As with all innovations to the College program there are the critics, both just and unjust.

The announcement of a cross-country meet schedule with R.P.L. gladdens our editorial heart—that is, if such an organ exists. We have long desired to see State entered in its proper sports arena.

What if defeat does eventuate at the conclusion of the meet? It will not linger long. Surely, the glory of initiating the sport in State's program will do much toward removing such a sentiment—if we lose.

HELP THE LIBRARIANS: STUDY IN THE GYM

If a member of the Library staff approaches you in the library and requests that you use the old gymnasium in Hawley hall as a study room, it will make evident to you the present need for more room in the library for the use of students who wish to study the material which must be kept on reserve.

College students should realize how very difficult it is to study when the group adjacent persists in conversing in a stage whisper about the latest developments in social circles.

FOR BETTER REGULATIONS OF POINT SYSTEM

The crying need for a student board of elections was demonstrated again this week when Student council members of the points system for holding office caused sundry scurrilous, heated conversations, a few denunciations, and several resignations.

The value of the points system is understood without repetition here. Only a most versatile senior can actively head more than one major extra-class activity and achieve any success.

However, we question the policy of allowing leaders to be chosen when their extra-class program is already overloaded necessitating resignation. Merit point system is consulted. The remedy, as suggested in other years, is enforcement of the points system at the time of elections in the spring.

HERE'S TO YOU, BILL!

The candidacy of Wilfred Allard for the Rhodes Scholarship is received this morning as a signal honor to this outstanding man and to the entire class of 1935. Allard, we believe, is the first State college man to be so honored since the nomination of Lawrence Newcomb, '31, in December, 1932, for this scholarship.

get a lift with a Camel!

Men and women in every walk of life report that smoking a Camel offers an immediate and enjoyable way to defeat fatigue and irritability.

It is an important fact to all that Camels do "turn on" one's natural energy. You have doubtless observed this in others... in yourself, if you are a Camel smoker. It is a wholesome and natural "energizing effect," fully confirmed by scientific research. You'll also find in Camels: mildness...delicacy of flavor...costlier tobaccos! Smoke as many as you want! Camels never get on your nerves.

TOBACCO MEN ALL KNOW: "Camels are made from finer, More Expensive Tobaccos—Turkish and Domestic than any other popular brand."

MURDER OF THE HONEST BROKER, by Willoughby Sharp (Claude Kendall, \$2.00) After opening itself to a wisecrack in the title, this mystery quickly gathers momentum. Seven people (count 'em) benefit by the death of one broker; who murdered the other one and why? Trek around N'Yawk with inspector Bullock and find out.

THE RED TIGER, by Don Skene (Appleton-Century, \$1.50) Funny — and punny. A tongue-in-the-cheek tome about prize fighters. Introduction by Damon Runyon to this writer's "first" sets a fast pace. The book keeps it.

MOVIES

TREASURE ISLAND — stretches the imagination unless you have read and thrilled to the immortal Robert Louis Stevenson story. But if you have and did, the team of Wallace (face-making) Beery and Jackie (wide-eyed) Cooper will do things to you. The guns go bang, the pirates faw down and the treasure's recovered. Ho-o-ay! (Chic Sale, Lionel Barrymore)

ONE NIGHT OF LOVE — This one misses A rating simply because of a silly title. Probably the first motion picture to bring opera to the screen without losing its effectiveness and still retain the average movie-goer's interest. Grace Moore in splendid voice. (Tullo Carminati, Lyle Talbot)

RADIO

BILLY BATCHELOR — and his famous twins, Peter and Pan in Wheatonville sketches are back on the air after a layoff. Same homely, small town humor. Well cast. (NBC-WEAF network every day except Sat. and Sun., 5:45 PM EST)

THE HOUSE BY THE SIDE OF THE ROAD — a new feature with a new sponsor. Tony Wons goes philosophically dramatic with excellent supporting music and comedy. If you're a Wons fan, you'll be listenin'! (NBC-WEAF network Sundays, 4:30 PM EST)

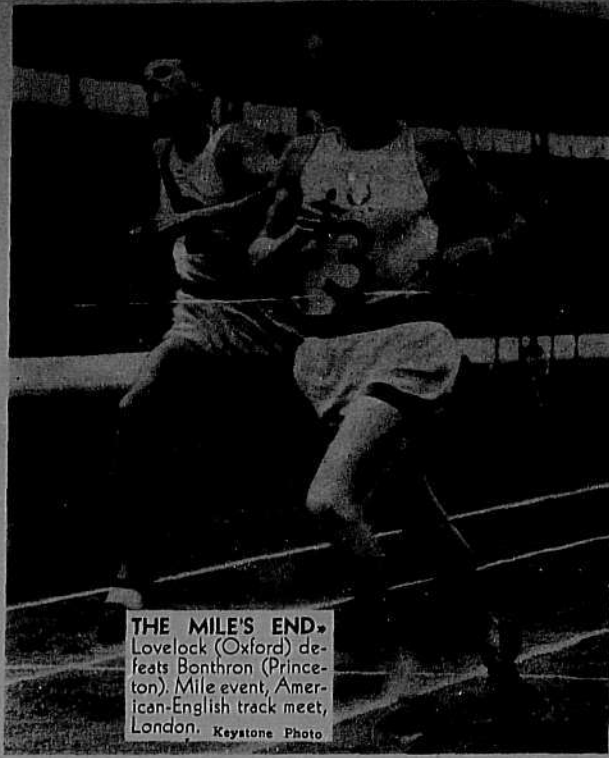

DRAMA

DODSWORTH — Last season's most ambitious dramatic success continues after a brief summer rest period. Will continue as a "best" for a long time, although it will never equal many of the record runs scored on theater row. Again headlines Walter Huston, Fay Bainter, Harlan Briggs, et al.

FRESH FIELDS — Now in Chicago bright lights, with Margaret Anglin and Alexandria Carlisle. Will undoubtedly seek fresher fields soon after close of Century of Progress.

Below "PANEFUL" JOB — "Doc", window cleaner at Temple University (Philadelphia) threatens to quit if proposed 30-story building is erected.

Above "GOODEGGS" — Lovelock (Oxford) defeats Bonthron (Princeton) Mile event, American-English track meet, London. Keystone Photo

FUNNY PEOPLE — Cast of "Good News," musical comedy produced at Indiana University (Bloomington) last year.

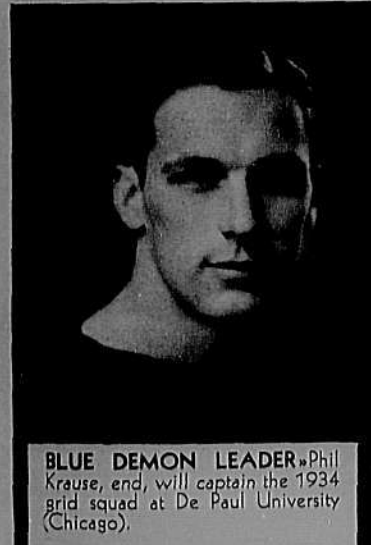

Left HORSE LAUGH — That's what W. D. Home, Oxford (Eng.) gave the City Court when they revoked his driver's license. He didn't break speed records, but he got there! Globe Photo

Below GOING NATIVE — American co-eds attending students' convention in Tokyo eat Japanese food with chopsticks. More fun!

FASHIONS IN FLOWERS — Lucille Lavo, Penn State College (State College, Pa.) demonstrates the latest in bridal bouquets at a promenade staged by the department of ornamental horticulture and the Florists' Telegraph Delivery Association.

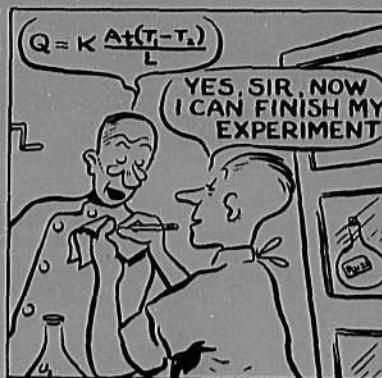

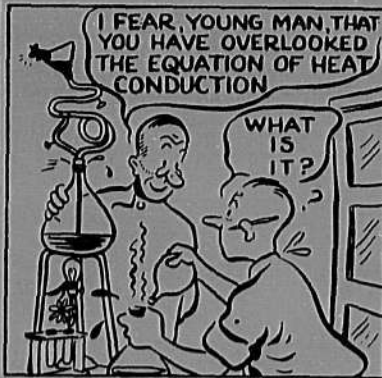

BLUE DEMON LEADER — Phil Krause, end, will captain the 1934 grid squad at De Paul University (Chicago).

GOING OR COMING? — European manufacturer shows new style automobile with motor in the rear at International exhibition (Czechoslovakia). Globe Photo

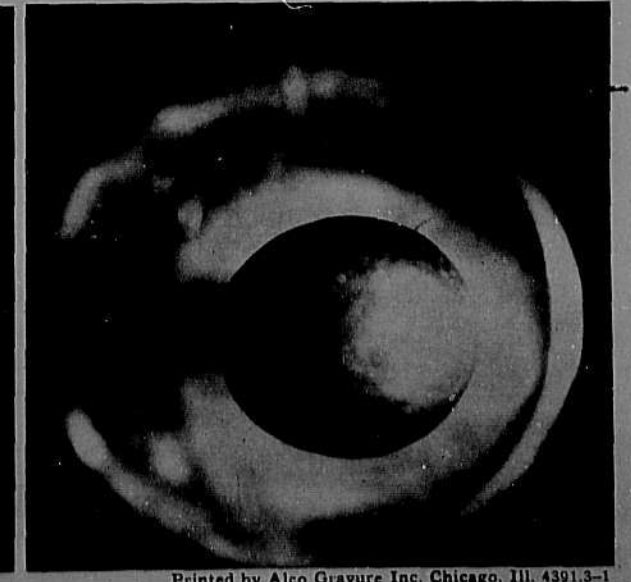

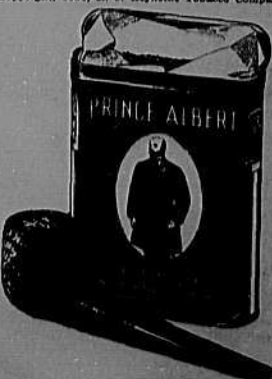

SALUTE! — E. G. Owens, Jr., salutes the University of Georgia (Athens) R. O. T. C. Band as it passes in review.

AFTER EVERY CLASS IT RINGS THE BELL!

YOU'LL FIND Prince Albert a milder smoke — mellow and full of flavor. It's blended by a secret method from top-quality tobaccos. Never bites the tongue, because Prince Albert employs a special bite-removing process. Just try Prince Albert — and find out how good a pipe can taste!

Dear Readers:
Here is COLLEGIATE DIGEST, dressed up in Kabel type face. The tendency of gravure type "in style" is toward Kabel.

This issue opens with three new features, "TIS TRUP", devoted to unusual things of interest in the college world, an All American Football Team to be selected by the students themselves and "MICROGUESSES", a series of photographic studies taken under a microscope. The "REPORT CARD", miniature reviews of books, theatre, radio and movies, has been changed. Later, both men's and women's fashions, crossword puzzles and cartography subjects of various colleges will be published.

Seriously, how do you like these changes? We are interested in your opinion. Suggestions on what you like--and don't like--are always welcome.

Drop us a line. And write frankly.

AFTER "LAB"...

GET A LIFT WITH A CAMEL!

RICHARD WHITNEY '35—Majoring in chemistry, "A Camel tastes simply swell," he says, "and what is more important, it refreshes my energy."

A PLEASURE that drives away fatigue and listlessness!

ALL TOBACCO MEN KNOW:

"Camels are made from finer, More Expensive Tobaccos—Turkish and Domestic than any other popular brand."

"I'm specializing in chemistry, which means a large amount of 'lab' work," says Richard Whitney, '35. "It's interesting—but a tough grind. After a long, hard session, a Camel tastes simply swell—and what is more important, it refreshes my energy and I feel 'fit as a fiddle' in short order. I've smoked a lot of Camels and never yet have they ruffled my nerves."

Everyone is subject to strain—whether physical, mental, or emotional. So it's important to know that Camels do release your stored-up energy.

The findings of a famous scientific laboratory have confirmed Camel's "energizing effect." So begin today to enjoy Camels. Enjoy their wholesome and delightful "lift." Enjoy their mildness and rich, good taste. Enjoy them often! Camel pays millions more for finer, more expensive tobaccos, and the costlier tobaccos in Camels never jangle the nerves.

BOOKS

A DUSK AT THE GROVE, by Samuel Rogers (Little, Brown, \$2.50). Atlantic Monthly \$10,000 prize winner. Theme: family loyalty. Scope: 1909 to 1931. Characterization: more mental than physical. Plot: episodic highlights of the family's triumphs and failures. Author Rogers is a Brown University (Providence, R. I.) grad, at present teaching at the University of Wisconsin (Madison). Read.

B LUST FOR LIFE, by Irving Stone (Longmans, Green, \$2.50). From jacket design through its entire 488 pages, this one is unusual and unhappy. Story of the life, loves and works of Vincent Van Gough, the artist. Lautrec, Seurat, Gauguin, Rousseau stalk through the pages like macabre figures on a barbaric canvas. Where the book depends on Vincent's letters to Theo (his brother), it is good, though depressing. When the author lets his imagination run away with him, the result is not so good—and even more depressing.

MOVIES

B SHE LOVES ME NOT—If it wasn't for Bing Crosby's "Bing", the picture wouldn't rate as well as it does. The attempt has been made again even though this one is a musical, to create a college background. The result, as usual, is not so good. Wonder why some producer doesn't go to college or get a technical director who knows the field, and really catch the true spirit of an undergrad institution? Add handicaps: The play, "She Loves Me Not", from which the movie was made, was still running on B'way when the picture was released (Miriam Hopkins, Kitty Carlisle).

C THE DRAGON MURDER CASE—Inside dope: First Nat'l had difficulty with this S. S. Van Dine mystery. Maybe they should have asked Philo Vance just HOW a man can get into a diving suit by himself. Maybe HE could figure it out. The picture doesn't. Philo also isn't the man he was when William Powell played the part. (Warren William, Margaret Lindsay)

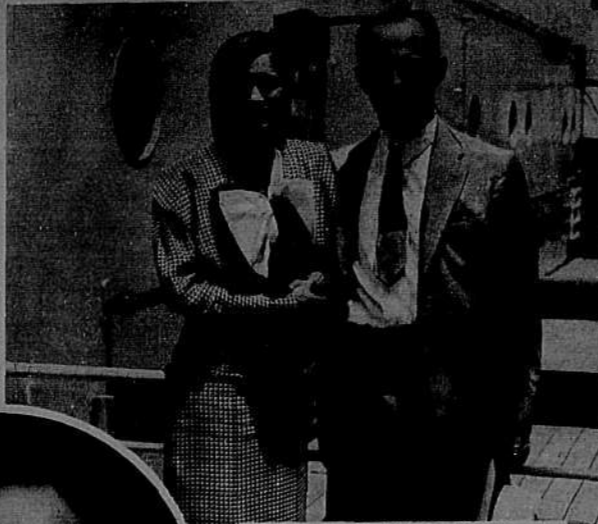

RADIO

B PHILOSOPHICAL ENTERTAINMENT—Edgar Guest, the poet, writes and recites, Tom, Dick and Harry make da' fun, Charlie Sears solos in tenor and a concert orchestra supplies the music. NBC-WJZ network. (New time: Tuesdays, 5:30-6 PM CST)

A EDUCATIONAL—WLW, Cincinnati, now presenting its sixth consecutive season of school broadcasts. Historical dramas, plays, and recitals for all grades. You learn things. (Daily, 2-3 PM, EST, except Sat and Sun.)

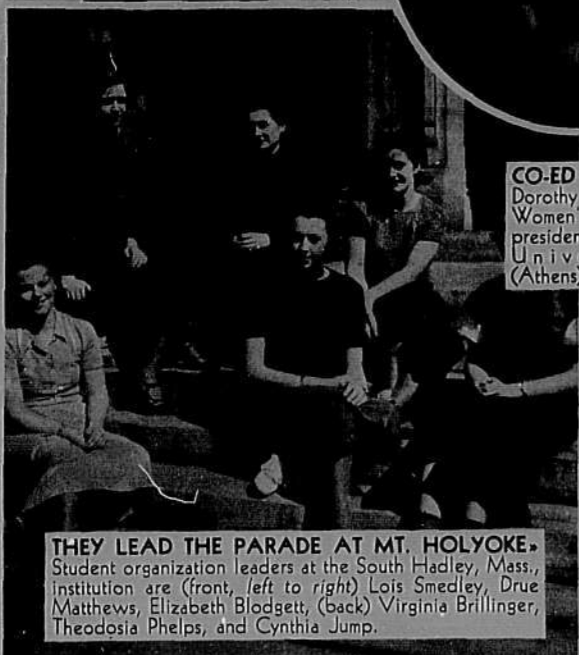

"BIG BOY" William Dunn, six foot six freshman, chats with Dean Ray Warnock after his enrollment at Pennsylvania State College (State College, Pa.)

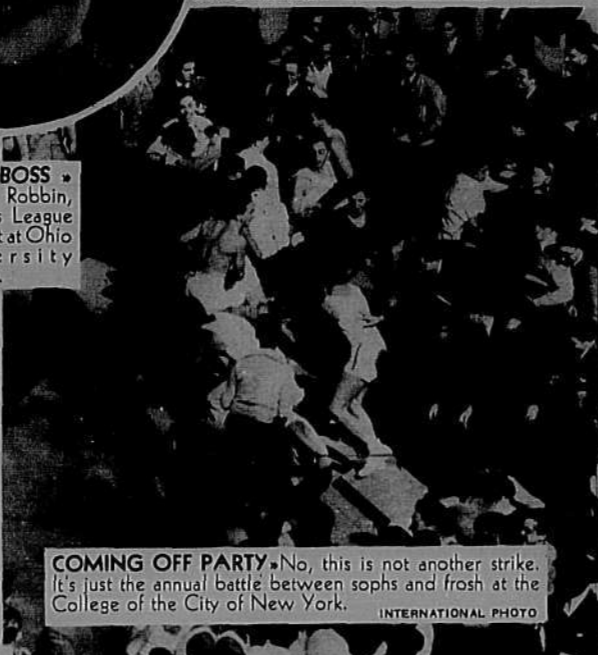

FAMED HONEYMOONERS—The former Delia Martin, Alpha Gamma Delta national president, and C. T. Jones, former Amherst (Mass.) student, leave Los Angeles for Hawaii.

CO-ED BOSS—Dorothy Robbin, Women's League president at Ohio University (Athens).

THEY LEAD THE PARADE AT MT. HOLYOKE—Student organization leaders at the South Hadley, Mass., institution are (front, left to right) Lois Smedley, Drue Matthews, Elizabeth Blodgett, (back) Virginia Brillinger, Theodosia Phelps, and Cynthia Jump.

COMING OFF PARTY—No, this is not another strike. It's just the annual battle between sophs and frosh at the College of the City of New York.

After every class it rings the bell! PRINCE ALBERT is made of the finest top-quality tobaccos. And before it is packed in the big red tin a special process removes every hint of "bite." No wonder Prince Albert is so mild and mellow! Just give Prince Albert a chance to please you...and find out how good a pipe can really taste!

E. R. O'NEIL, '37 - LAW. He finds "a lot of enjoyment" in Camels, and says that when his energy is used up "Camels give me a delightful 'lift.'"

HAVE YOU TRIED

this way of regaining energy?

"The strain of pursuing a law course puts a tremendous tax upon my energy," says E. R. O'Neil, '37, "but I try to avoid overdoing, and part of my program is smoking Camels. There's a lot of enjoyment in Camels, and they give me a delightful 'lift.' I smoke them constantly and they never upset my nerves."

Every situation in life has its strain—every day its many moments of uncertainty... self-distrust... "low" spirits. So why not turn to Camels yourself... for more smoking enjoyment... to offset fatigue and irritability? Thousands of experienced smokers have found for themselves that Camels give a delightful "lift." And science, as you may have noticed in your reading, definitely confirms what they report.

Camels are mellow and distinctive in flavor—milder—made from finer, more expensive tobaccos than any other popular brand of cigarette. Smoke all you want—Camels never get on your nerves.

● **TENNIS STAR.** Ellsworth Vines, Jr., holder of two U.S. National Championships, says: "Camels appeal to my taste and have a refreshing way of bringing my energy up to a higher level. They seem to restore my 'pep' and take away that tired feeling."

B ZAHAROFF, "High Priest of War", by Giles Davenport (Lothrop, Lee & Shepard, \$3.00). Sez the prologue: "... a tale of bloodshed and falling crowns, of wars and their secret germination..." Interesting biography, tho not heavily documented. Sometimes gives the impression it is written more "hysterically" than "historically." An eye opener on what men will do for money and power. B DEATH IN THE THEATRE, by J. R. Wilton (Claude Kendall, \$2.00). No boys and girls, Inspector Mc-Neeve did NOT die from boredom as you might have guessed from the title. It's more involved than that. The Inspector "got his" from a very rare drug. Now, who did it? 50,000,000 guesses will probably all be wrong. Received: Portrait of a Courtisan, Chas. Sport Shots

Our espionage system has ferreted out the startling news that George Bancroft, '36, following the best traditions of the Bancroft family, has been appointed frosh basketball coach. Long live the House of Bancroft! This humble scribbler notes a lamentable lack of interest in cross-country in the bulk of the student body. Those interested are zealous and the rest of us should be more sympathetic. These martyred youths leave their pillows at 5 a. m.—gallop all over the park and return to school to—of all things—a very cold shower. Incidentally, the shower is no colder than the janitorial staff's collective heart. They refuse to cooperate. Surely the team deserves more consideration.
