NOTE: CPA Examination-New York State has adopted the 150-credit requirement for admission to the CPA Examination. Students planning to take this examination will be asked to take the additional credits beyond the 120 currently required. You should consult your adviser for details on this change.

UNIVERSITY AT ALBANY
STATE UNIVERSITY OF NEW YORK

Dear Assistant Dean Doellefeld,

I am officially writing to you to request that the following changes which have been approved by the School of Business Faculty and Dean Donald Siegel be moved forward through the University Governance system.

Through the Director of Accounting Programs, Marisa Berley, and in consultation with representatives from the CPA licensing division of State Education Department, changes to the original 150 hour program now allow us to make changes to our existing Accounting requirements.

We are requesting the following changes to take effect for those students entering the School of Business in the fall of 20].1:

1. Delete the requirement of RIST 301 or RPAD 304 or ICSI 101 or ICSI 201
2. Delete ITM 390 and replace it with ITM 330 which was the previous requirement
3. The second finance requirement can be FIN 301 or RN 375 or a course in Money and Banking

Please let me know if this letter is sufficient to get the ball rolling or if you need additional information, which I will be more than happy to supply.

Thank you,

John S. Levato
Assistant Dean
School of Business
University at Albany
