

CURRICULAR INNOVATIONS III

Dr. Hugh Springer, Director of the Institute of Education of the University of the West Indies and former Acting Governor of Barbados, visited State University at Albany for three days, March 13-15, as a guest of Dr. Donald T. Donley, Executive Director of CASDA. The purpose of Dr. Springer's visit was to explore possibilities of setting up new programs in graduate education at the University of the West Indies in cooperation with staff members at State University at Albany. Dr. Springer also expressed an interest in initiating student and teacher exchanges and in utilizing our staff members in developing administrative training programs in the Caribbean area as a result of the work of Dr. Donley with the University and the Jamaican Ministries during the fall semester of this academic year. Dr. Springer met with the administrative officers of State University at Albany and expressed on behalf of several Caribbean governments an interest in having a team of selected specialists from State University at Albany conduct intensive seminars throughout the Caribbean in 1965-66.

CASDA and the New York State Association for Educational Secretaries co-sponsored an Educational Secretaries Workshop at the Burnt Hills-Ballston Lake Central School on March 20. The meeting was coordinated by Dr. Robert Lorette and Mr. Joseph A. Forte. Mr. Forte also appeared on the program.

STATE UNIVERSITY PLANS DISTRIBUTION CLINIC

The thirteenth annual Distribution Clinic, sponsored by the Distributive Education Club of the State University of New York at Albany, will be held April 5-9 at the University according to Reno S. Knouse, professor of merchandising, School of Business, and faculty advisor of the club.

The purpose of the clinic, to be held in Draper Hall is to provide students with an opportunity to benefit from the outstanding experience of men in the field of distribution, and to bring into the classroom the highlights of recent changes. This year's theme is "Planning for Tomorrow," as envisioned by the following speakers and topics.

On Monday, April 5, Draper Hall, Room 141, E. R. Van Gorder, manager of Leslie's Albany Credit Bureau, will speak at 8:00 a. m. in the marketing class on, "The Role of the Credit Bureau in Retailing."

On Tuesday, April 6, Faculty Dining Room, Husted Hall, Stanley Edwards, general sales manager of radio station WPTR, will speak on, "Advertising Consumer Products," in the Advertising management class at 4:30 p. m.

On Wednesday, April 7, Richardson Hall, Room 270A, at 10:00 a. m., Hugo Mascelli, sales manager of Fort Orange Radio Distributing Company, Inc., will speak on, "Wholesaling Practices in the Electronics Industry," in the marketing class.

At 11:15 a. m. on Wednesday, Draper Hall, Room 147, Paul D. Golub, president of Golub Promotional and Advertising Agency, will speak to the advertising class on, "The Advertising Campaign."

STATE UNIVERSITY PLANS DISTRIBUTION CLINIC
Page 2

On Thursday, April 8, at 11:15 A. M., Draper Hall, Room 241, Samuel K. Thompson, specialist in the advertising and sales promotion division of the silicone products department, General Electric Company, Waterford, will speak on, "The Role of Advertising in Introducing a New Silicone Product," to the marketing class.

At 4:30 p. m., on Thursday, in the Faculty Dining Room, Husted Hall, Philip Voss, president of Woodard, Voss and Hevenor, Inc., advertising agency, will conduct a seminar in the advertising management class on, "Modern Trends and Creativity in Advertising." He will be assisted by two members of his staff, Joseph Fagone, art director, and Herman Schnurr, copy supervisor.

On Friday, April 9, at 2:30 p. m., Draper Hall, Room 147, Cecil B. Arnold, associate, bureau of manpower development training, State Education Department, will speak on "Manpower Training Programs," in the problems and principles of distributive education class.

At 3:30 p. m., Draper Hall, Room 147, Mr. Thomas B. MacAuley, director, sales training and development, Behr-Manning Company, will speak to the principles of salesmanship class on, "Selling as a Professional Career."

The planning committee for the distribution clinic included Robert Acker, Albany; Gerald Terdiman, Rye; James Eldredge, Cobleskill; and Ronald Campisi, Watertown.

All meetings are open to the public.

STATE U HOSTS SCIENCE SPEAKER

The possibility of man-made bacteria will be the subject of an address by Ernest C. Pollard, head of the department of biophysics at Penn State, at the State University of New York at Albany, on April 12, at 8 p. m., in Draper 349. The title of his address is "The Fine Structure of the Bacterial Cell, and the Possibility of its Artificial Synthesis."

He will speak at a meeting of the Albany Club of the Sigma Xi. The host institute is the State University at Albany. The guest organization is the RPI Chapter of the Society.

Institutions represented by membership in the club are: Albany Medical College; N. Y. State Museum and Science Service; N. Y. State Department of Health; Sterling-Winthrop Research Institute; U. S. Veterans' Hospital; Members of the faculty of SUNYA.

The public is invited to attend the address.

NOTE: See Biographical Sketch attached.

April 6, 1965

Biographical Sketch of

Ernest C. Pollard

(Sigma Xi National Lecturer)

Ernest C. Pollard was born in Yunnan Province, China, in 1906. He was educated in England, at Cambridge University and took a Ph. D. in the Cambridge Laboratory in nuclear physics.

He conducted research in nuclear physics at Leeds University, England, and Yale University until 1940. He then worked for five years in the M. I. T. Radiation Laboratory on micro-wave and radar. In 1945, Dr. Pollard returned to Yale University with a decision to move out of nuclear physics slowly, and into biophysics. He began to develop biophysics as the object of group research, in 1949. This group steadily grew until, in 1955, the Department of Biophysics was created. Work during this time concerned largely the effects of heat and radiation on enzymes and viruses. In 1960, his research emphasis changed to the study of structure of simple cells, notable bacterial cells. Methods of study have involved theory, the use of ionizing radiation, and ultraviolet radiation.

In 1961, Dr. Pollard transferred to The Pennsylvania State University, created, in 1963, the Department of Biophysics, and has served as its head since.

Dr. Pollard is a fellow of the American Physical Society, and of the AAAS.

He has written the following books: "Applied Nuclear Physics," first and second editions, with Dr. Davidson; "Microwave and Radar Electronics," with Dr. Sturtevant; "The Physics of Viruses,"; and, "Molecular Biophysics," with Dr. Setlow.

Release:

IMMEDIATE

Final date for filing applications for admission next fall to grades eight through twelve in the Milne School will be April 26, it was announced today by Dr. Evan R. Collins, President of the State University of New York at Albany of which the campus laboratory school is a part. Applicants filing after that date will be given the opportunity to qualify for any vacancies which may occur at the end of the next year.

The placement examinations for determining admissions to Milne will be held at the school on Saturday, May 1. Students who have taken the admissions examination previously are not required to take it again to be considered for vacancies available in September.

Commenting on the use of the test, Dr. Collins said, "This is an objective and equitable method of securing a wide range of pupil ability for observation and teaching by our college students and regular faculty. Each youngster must be able to fit into the program by which the campus school supports the teacher-education program of the University."

Some seventy-five applications have been received during the year for the dozen or so vacancies expected in September in the upper grades. Performance of these students on the admissions examination will determine their place on the waiting list for vacancies. The number of places in any grade will vary according to the number of withdrawals, removals, or drop-outs for that particular grade.

All places for the seventh grade in September 1965 have been filled and the parents notified. An additional 35 girls and 30 boys in the group which took the admissions test on February 20 have been informed that their names have been placed on the waiting list to replace any withdrawals.

The Excitement of Publishing will be the topic of a public address of Emily R. Flint, managing editor of Atlantic Monthly, when she speaks in Draper Hall 303, at State University at Albany at 8 p. m., April 23.

Mrs. Flint, is a native of New York City. She was educated at Barnard and Tufts Colleges, and at the School of Library Science, Columbia University. After several years in teaching and library service, she joined the staff of Atlantic Monthly in 1945 as editorial assistant. After holding several positions of increasing responsibility, she was appointed to her present position in 1951. Mrs. Flint, who resides in Medford, Mass., is active in adult education and journalism associations in the Boston area, and is in great demand as a speaker on publishing.

Shakespeare's Names, is the title of Professor Harry Levin's lecture being presented April 23, at Page Hall at 1:25 p. m. as part of State University's Renaissance Symposium. His address will deal with the why, and why not the Elizabethan authors named his characters as he did.

Originally scheduled for a November date as part of a package discussing the men and movements of the times, the University is presenting Professor Levin to conclude the program.

The speaker is a summa cum laude graduate of Harvard and has been on the staff there since 1939. He is now chairman of the department of comparative literature. Author of 17 books, several of which deal with Shakespeare, his work or his time, Professor Levin has spoken at more than 50 universities here and abroad. Articles published number more than 70.

The public and neighboring colleges are invited to attend.

NOTE: Will college information personnel please bring this event to the attention of members of English Departments and to student newspapers.

**PRODUCER - DIRECTOR APPOINTED FOR
UNIVERSITY SUMMER ARENA THEATRE**

Dr. Paul Bruce Pettit, founder and Executive Director of the University Summer Arena Theatre, announced the appointment of Kelly Yeaton as producer-director for the coming season. The appointment of Mr. Yeaton, who has extensive experience in community, university, and professional theatre and is nationally recognized as an expert in arena production, follows in the tradition established during the eleven years of University Theatre Arena production. Mr. Yeaton will continue and augment the arena policy of being a community-academic theatre. Management policies will continue to stress employing both student and community actors and technical and management personnel.

The coming season is being planned with a strong emphasis upon new and experimental forms of drama. Mr. Yeaton's background qualifies him to assume the leadership in this program. He is associate professor of theatre at Pennsylvania State University and is director of the Arts Company, which places special emphasis upon the inter-relationship of the arts and upon creativity in operation. His special area is arena theatre, and he has authored a definite series of articles on arena theatre production in the leading theatre journals. His research has centered around the processes of rehearsal in acting and directing, developing trends in the interrelations of the artist and the community, and exploring concepts in the use of space for theatrical purposes.

The life and works of German poet Rainer Marion Rilke will be the subject of a lecture presented by the German Club at State University at Albany. Being held in Brubacher Hall, April 29, at 8 p. m. the lecture entitled, **Rilke-Person and Poet**, will be presented by Carlo Pietzner, Rilke student and translator.

Mr. Pietzner, who received his degree in Art from the Kunstgewerbeschule in Vienna, has had a most interesting career on the continent. Out of an inner, but even greater outer need, he changed directions to devote his life to working with the mentally handicapped. This he has done in England, Scotland, and Ireland. He has recently come to America to continue his work as director of the **CAMPBILL MOVEMENT**: at **Camphill Village**, a working community for mentally handicapped young adults, at Copake New York, and the **CAMPBILL SPECIAL SCHOOLS**, in Pennsylvania, for children in need of special care.

The public is invited to attend.

STATE UNIVERSITY AT ALBANY WILL
HOLD FIRST HONORS CONVOCATION

Almost 600 students at State University at Albany will receive special recognition at the first University Honors Convocation in Page Hall Sunday, April 25, at 3 p.m. The group includes all those students who have achieved an average grade of B or better, or who are members of one or more of the 11 honor societies.

Over 50 students will be cited specifically when awards and scholarships are presented during the convocation. Usually held as part of commencement exercises, the Honors Convocation is being sponsored by Signum Laudis, the undergraduate scholarship honorary, and the University Committee on Undergraduate Honors in recognition of those students who have achieved academic distinction.

President of Signum Laudis is Barbara Sayer, 11 Parkwood street, Albany. Miss Sayer has the highest cumulative average in the senior class. Dr. Arthur N. Collins, professor of English, 151 South Allen street, Albany, chairs the University Honors Committee. The Convocation address will be delivered by Dr. Evan Revere Collins, president of the University.

A reception honoring the students will be held at Brubacher Hall after the program.

Five students at State University at Albany have received recognition for their proficiencies in a foreign language from administrators of the National Defense Education Act, according to an announcement by Dr. Charles Coleman, chairman of the university's department of romance languages.

Two French majors, Wendy L. Coon, RD 1 Beaver Dams, and Richard L. Ten Eyck, 50 Cottage street, Williamson, are among forty students from throughout the country selected to participate in the NDEA Summer Language Institute at Tufts University, Boston. In addition, two alternates for the French program were chosen from the Albany university. They are Michele C. Allard, 15 Imperial avenue, Cohoes, and Janice M. Dowell, 107 Cranburne avenue, Williamsville.

The carefully selected group is comprised of French majors who have completed their junior year and who sign a pledge to teach at the secondary school level after completion of their college degrees.

Carol Rarog, 237 Callodine avenue, Buffalo, a Spanish major, has been selected to participate in a similar NDEA Spanish program for college students this summer at the University of Texas.

Participants will receive a stipend of \$450 plus tuition and fees which will be paid by the institution.

Trends in education in the Soviet Union will be examined Wednesday afternoon, April 28, in an address at State University at Albany by Mrs. Elizabeth Moos, noted lecturer and author. Her visit to the campus is sponsored by the university's School of Education.

Mrs. Moos, a graduate of Smith College, has a master's degree in Slavia literature and the certificate of the Institute for Russian Studies of Columbia University. Her information is based on first-hand observations and study of American and Soviet materials. She is the author of several booklets on Soviet education, the most recent of which is "Education in the Soviet Union." Less than two years ago Mrs. Moos, on her fourth visit to the U. S. S. R., visited the Kazakh and Azerbaidzhan Republics as well as Moscow.

The lecture, to which the public is invited, will begin at 3:30 p. m. in Draper 349.

FIFTY STUDENTS RECEIVE
SPECIAL HONORS AT PAGE
HALL CEREMONY, ALBANY

Over fifty students at State University at Albany were cited Sunday afternoon, April 25, at the first University Honors Convocation held at the university in Page Hall. Formerly part of the commencement exercises, the convocation was called to honor some 600 students who have achieved academic distinction and who reflect the highest ideals of the university.

The convocation was sponsored by the University Honors Committee, Arthur N. Collins, 151 South Allen street, Albany, chairman, and Signum Laudis, undergraduate scholastic honorary, Barbara M. Sayer, 11 Parkwood street, Albany, president

Almost 1,000 guests heard university president Evan R. Collins present the convocation address in which he stressed the growing need for excellence in a world advancing in science and technology at breath-taking speed, breaking barriers in race and culture and bringing nations and peoples closer together than ever before.

Special awards and their recipients were as follows:

Edward L. Cooper Award - to the outstanding member of the graduating class in business education. William R. Hoffman, Route 1, Carthage.
Crippen Prize - to the senior who has the highest average in American history. William H. Colgan, 161 Davenport street, Lindenhurst.
P.A.R. Scholarship Award - to an outstanding girl in the senior class who intends to teach American history in a secondary school after graduation. Sharon Bannister, 224 Devonshire Drive, Flmira.
Arvie Wldred Scholar 1964-1966 - to five sophomores or juniors in teacher preparatory programs in New York State. Patricia M. Paddock, RD 2, Hammond.

(more)

FIFTY STUDENTS RECEIVE (cont'd 2)

National Association of Accountants Award - to the outstanding accounting student in the senior class. Alfred H. Maurer, Jr., 1323 Santa Fe street, Schenectady.

National Business Education Association Professional Award - to the outstanding senior in business education. Miss Paddock.

Signum Laudis Achievement Awards - to the ten freshmen and sophomores having the highest academic averages in their respective classes. Freshmen: David J. Caravella, 220 Bennington Road, Buffalo; Richard L. Collier, 827 Columbia street, Hudson; William R. Creiner, 78 East Rogues Path, Huntington Station; Ewan C. Hadley, RD 2, Johnsville; Annilee Herman, 147-18 259th street, Rosedale; Joan E. Mull, Claverack; Susan F. Oetken, 322 Amherst avenue, Ticonderoga; Joan F. Rech, 9456 225th street, Queens Village; Ronald J. Scott, 7 Horton avenue, Troy; Carolyn J. Walling, 36 Lafayette Place, Woodmere. Sophomores: Judith Brignull, Chatham street, Valatie; Sandra J. Bush, 38 Woodland Road, Troy; Rosemary F. Eddy, 4763 Main street, Snyder; Cynthia A. Goodman, 1311 Sunset avenue, Utica; Allen D. Jones, 2 Grounds Road, Albany; Charles R. Keese, 8 Prospect street, Cobleskill; Nancy K. McGill, Box 33, Stow; Edith G. Planque, St. Remy; Patricia F. Plotter, 337 Liberty avenue, Rochester; Manfred Stoll, 430 Livingston avenue, Albany.

Signum Laudis Scholar - that member of Signum Laudis, academic honor society, holding the highest cumulative academic average in September of the Senior year. Miss Sayer.

Ben V. Smith Scholarship - established by Mrs. Ben V. Smith to provide awards to incoming freshmen and upperclassmen with superior academic records and a major or second field interest in science. Angelo J. Battisti, RD 2, St. Johnsville; Richard S. Hancock, Treadwell Road, Binghamton; Robert H. Jeffords, 21 First avenue, Broadalbin; Charles B. Lindemann, 345 Gorretson avenue, Staten Island; Annette A. Paladino, 7-11-11

FIFTY STUDENTS RECEIVED (cont'd 3)

1692 Seymour avenue, Utica; Donald B. Young, RD 1, Granville.

Newton B. Van Derzee Scholarship - established by the Alumni Association and granted on the basis of general excellence and financial need. Robert J. Bordwell, 50 Bayard street, Amsterdam; Barbara L. Burdick, 9 Coleman avenue, Hudson Falls; Charlene M. Carson, 415 Woodlawn Place, Utica; Jean K. Jones, RD 3, Schenectady; Mildred M. Lalik, Sterling; Marcia S. Lembcke, 129 North avenue, Syracuse; Kenneth J. Little, 32 Marion avenue, South Glens Falls; Roberta H. Ross, 553 Mercer street, Albany; Evelyn J. Schaffer, 241 Manning boulevard, Albany; Edward C. Schwartz, 14 Crescent avenue, Amsterdam; Richard Szymanski, Springwater; Nancy D. Torzillo, 46 West street, Highland Falls.

Van Slyke Scholarship - established by Mrs. John D. Van Slyke to provide awards of \$500 per year for four years to a student in the Teacher Education Program on the basis of general excellence and financial need. Karen L. Knapp, 116 Orchard Drive East, North Syracuse.

Ada Craig Walker Award - to the senior woman who in the judgment of the faculty best typifies the ideals of the University: from a bequest by William John Walker in memory of his mother, Ada Craig Walker, of the class of 1871. Nancy A. Baumann, 63 Keller street, Valley Stream.

Wall Street Journal Award - to an outstanding senior in business. Ernest R. Betcke, 125 Center street, Waverly.

James A. Warden Memorial Award - established by the Alumni Association in memory of James A. Warden; to students with high academic achievement and noteworthy accomplishments in extra-curricular activities. Michael J. Goldych, RD 1, Ponnellville, and Mr. Szymanski.

Wheellock Scholarship - to the junior man who shows outstanding promise as a school administrator: from a fund maintained by the New York State Association of Secondary School Principals as a memorial to Charles F. Wheelock. 1964 - Edward W. Wolner, Homer. 1965 - Richard L. Fairbank, 212 Kenwood avenue, Delmar.

(more)

State University of New York at Albany

FIFTY STUDENTS RECEIVE (cont'd 4)

Woodrow Wilson National Fellowship - awards amounting to tuition, fees, and a stipend of \$1,800 for the first year of graduate study; made by the Woodrow Wilson National Fellowship Foundation, supported financially by the Ford Foundation, to encourage outstanding students to prepare for college teaching. Miss Sayer.

Additional participants in the program were Harriett Rossoff and Laura Walker, pianists; the Rev. Frank P. Snow, who gave the invocation; The Statesmen, choral group under the direction of Karl A. B. Petersen; and the Rev. Paul R. Smith, who pronounced the benediction.

A reception honoring the students followed at Brubacher Hall.

PROJECT CARILLON

April 26, 1965

Miss Nathalie Lampman
State University of New York
135 Western Avenue
Albany, New York

Dear Miss Lampman:

The annual meeting and dinner of the Alumni Council is scheduled for Friday evening, June 11 - the evening preceding Alumni Day. Members of the Council would be extremely pleased if you would join us as our guest. Dinner will be served at 6:30 P.M. at Pierce Hall.

Dr. Richardson Rice, Dean of the School of Social Welfare will speak to us after dinner about the new school that will open in September. His topic will be "Social Welfare Education at Albany." Dr. Rice came to State from UNICEF where he was the advisor to the United Arab Republic, Department of Social Affairs. He received his B.A. from Wooster College, a M.S.S.W. from Boston University and a D.Sc.S.S. (h.c.) from Calvin Coolege College.

For purposes of planning, we would appreciate knowing whether we can plan on your attendance. A phone call or note to Frank Krivo at the Alumni Relations Office before May 15 will do it.

We are looking forward to seeing you on June 11.

Sincerely,

Janice Friedman Keller

State University of New York at Albany was host recently at the state convention of Future Business Leaders of America, a high school organization, and Phi Beta Lambda, college division, held at the university's new campus and at the Thruway Motor Inn. Over one hundred students and faculty advisers attended.

Awards to high school students were presented for spelling to Sandra Gibson and Nancy Pidgeon, of Utica Catholic Academy, and to Muriel McKernon, Greenwich Central School. Mary Jeffers of the Greenwich school received the future business leader award. College awards for promising future business executives and business teachers went to Richard Marshall, Nancy Carpenter, Frank Petrone, and Valerie Briggs, all students at SUNYA.

The best chapter exhibit in both high school and college entries was judged to be that of Utica Catholic Academy.

Robert Rienow and Leona Train Rienow, of Selkirk, are authors of a new book, Of Snuff, Sin, & the Senate, published by the Follett Publishing Company.

The volume treats the buccaneer history of the U. S. "Senate of Shame" from 1875 to the passage of the 17th Amendment which provided for the popular election of Senators. It is a study of the links of state bossism with the Senate of the United States, and across its pages stride such notorious figures as the red-bearded, handsome Roscoe Conkling of Utica whose feminine conquests helped to destroy him; the cat-like Tom Platt, undisputed boss of New York; droopy-eyed Matt Quay of the infamous Pennsylvania political machine; and many others.

First reviews of the book have appeared. Publishers' Weekly Review commented: "This is colorfully and cleverly written and well-documented ... told engrossingly by two able writers ..."

Dr. Rienow is professor of political science at State University of New York at Albany. Mrs. Rienow, who often writes in collaboration with her husband, is the author of several children's books.

The University Symphony Orchestra and the University Concert Band of State University at Albany will present a concert in Page Hall on Friday evening, May 11, at 8:15 o'clock. The public is invited to attend without charge.

The orchestra, composed of 40 players, will perform the Concerto for Two Violins and Orchestra in D Minor by Bach, with Jo Ann Krause '68, of Fort Ann, and Louise Myers '67, of Albany, as soloists. The first half of the concert will conclude with the Schubert Symphony No. 8.

During the second portion of the program the 70-piece band will be heard performing works by Holst, Ward, and Sousa.

The band and orchestra are composed predominantly of undergraduate students at the university, but they also contain graduate students, faculty, faculty wives, a Milne student, two Albany High School students, and the band director of Albany High. The orchestra and band conductor is William Hudson, who joined the music faculty in 1963.

Both groups have received critical acclaim during the last year, including rave reviews from the Albany Student Press critics as well as those from area newspapers.

President Evan R. Collins of State University of New York at Albany announced today that the Atmospheric Sciences Research Center has received an award of \$47,484 from the U. S. Public Health Service for the support of a three year program of basic research in aerosol physics to be carried out under the direction and supervision of Professor Francis J. Norton of the Research Center's Institute of Aerosol Physics.

Dr. David G. Barry, director of the ASRC stated that this important research grant defined the elements necessary for University participation in the rapidly growing fiscal partnership in scientific research that has developed between the States and the Federal Government in regional development. Where Universities can attract men of outstanding competence to their faculties and thus demonstrate serious intentions toward basic research, Federal funds are readily available for the support and expansion of basic programs that are in the national interest. He pointed out that this was the key to the regional development of the famous University-Industrial research complexes as represented by the "route 128" area in Boston and those that are associated with Stanford University and the California Institute of Technology.

- more -

Dr. Barry noted that in the development of this project with the internationally recognized competence of Dr. Norton and the initial legislative appropriation of \$50,000 which established the ASRC Institute of Aerosol Physics it was possible to arrange for a gift of a \$25,000 mass spectrometer from the General Electric Research Laboratory. These initial supports established a base of professional and institutional strength which enabled ASRC to attract nearly an equivalent amount of federal dollars in the form of this grant in support of Dr. Norton's research.

Dr. Norton, who resides at 1133 Eastern Avenue in Schenectady, is an internationally known authority on the behavior of gases w/solids, and an outstanding specialist in the use of the mass spectrometer, a research instrument used in chemical analysis which sorts out molecules and atoms of different weights using a magnetic field to do the sorting. Dr. Norton retired from the staff of the General Electric Research Laboratory in 1964. He has written more than fifty research papers on gases in metals, electrical properties of colloids, silicones, mass spectrometry, gas diffusion and solubility in ceramics, metals and polymers. In 1955 he received the Meyer Award from the American Ceramic Society for the best paper of the year in the ceramic field; "Helium Diffusion Through Glass."

The PHS grant will support Dr. Norton's work with mass spectrometry directed toward increasing understanding of the movement of gases through permeable membranes--a process which may prove to be extremely important in the control and management of the growing problem of air pollution.

Alfred J. Gall, director of curriculum and research studies for the Capital Area School Development Association, State University of New York at Albany, has announced that the second of a three-session Reading Institute will be held Thursday, March 11, at the university's Brubacher Hall. The agenda, dealing with elementary reading programs, is being presented in cooperation with the Reading Center at the University.

Dr. Edward R. Sipay, associate professor of education at the Albany university, will be the first speaker. His topic will be "Construction, Administration, and Interpretation of an Informal Reading Inventory." Participating in a discussion of "The Ungraded Skills Class" will be Mrs. Emily Kenfield, director of elementary education and public relations, Albany Public Schools; Mrs. Amelia Toronto, skill group teacher, School No. 7, Albany; Mrs. Janet Matthews, skill group teacher, School No. 5, Albany, and Garrett Murphy, skill group teacher, School No. 20, Albany.

Following a coffee break at the morning session, Mrs. Doris Flinton, elementary reading consultant, Bethlehem Central Schools, will discuss "Developing Reading in Beginning Reading." Dr. Irving M. Woodrue, Troy, will conclude the morning session with an address, "An Optometrist Looks at the Reading Process."

Following lunch Mrs. Nina Flierl, remedial reading teacher, Bethlehem Central Schools, will talk on "Organization of a Corrective and Remedial Reading Program within a Central School District." Later Mrs. Edna Morgan, supervisor of reading education, State Education Department, will describe "The State Education Department's Revised Reading Syllabus."

Registration for the institute will take place from 8:30 to 9 a.m. and the institute program will begin at 9 a.m.

The third all-day program in the series will be held on May 13.

STUDENT SCIENCE JOURNAL

Astronomy, The Nature of Organic Life, Statistical Variation of Names and Superconducting State of Solids are among the articles appearing in the first issue of the Student Science Journal written and produced by students at the University at Albany. The 31 page publication is scheduled to appear at least each year and possibly each semester.

The Journal was conceived with the intention of stimulating interest among the student body in science and mathematics and to provide a medium for their expression. Completely prepared by students, the accuracy and professional quality is ascertained by members of the faculty in departments concerned.

Editorial Staff of the Journal are: Paul Karl Horan, 200 Lark Street, Albany, son of Mr. and Mrs. John F. Horan; Ralph Adams, Jr., 70 Richfield Street, Ilion, son of Mr. and Mrs. Ralph Adams, Sr.; Michael Domkowski, R. D. 4, Amsterdam, son of Mr. and Mrs. Alex Domkowski; Ila Nussbaum, 301 Clinton Avenue, Kingston, daughter of Mr. and Mrs. Norris Nussbaum; Barbara Sayer, 11 Parkwood Street, Albany, daughter of Mr. and Mrs. Anton Sayer.

SCIENCE CONGRESS CONVENES AT SUA

Over 120 high school students at 24 area high schools will participate in the 17th Annual Eastern New York Science Congress at the State University at Albany. Sponsored jointly by the Eastern Section Science Teachers Association of New York State, the Eastern New York Section of the American Chemical Society and the University at Albany, the Congress is intended to encourage the development of scientific thought and ability by making available opportunity for demonstration.

A panel of 24 judges will evaluate the exhibits and demonstrations being held at the University's Science Annex at 97 Central Avenue in Albany. Judges represent industry and colleges in the area and will award a series of certificates and medals to winners in different categories. The top 3 winners will go to the Brookhaven Laboratories in Suffolk County to compete with 39 others for a choice of 37 scholarships.

High Schools sending representatives are: Academy of the Holy Names, Albany; Bethlehem Central Junior High School, Delmar; Bugbee-SUNY, Oneonta; Catholic Central High School, Troy; Columbia High School, Troy, Albany; East Greenbush Junior High School; Hudson Falls Central; Hackett Junior High School, Albany; Lisha Kill Junior High School, Albany; Oneida Junior High School, Schenectady; Philip Livingston Junior High School, Albany; Saint Paul's, Mechanicville; Queensbury High School, Glens Falls; Richmondville Central; Ravena-Coeymans-Selkirk Central High School; South Glens Falls Central High School; Schoharie Central; Scotia-Glenville Junior High School; Saint Mary's Academy, Hudson; Saint Peter's Academy, Saratoga; Saint Theresa of Avila, Albany; Troy High School; Oneonta Senior High School.
