(Continued from Page 1, Column 5) come to attend any of the meetings, according to Sabol. Education classes will be excused at the discretion of the individual instructors in order to permit students to attend the conference meetings.

**Teachers to Receive Welcome**  
NYSIA is welcoming student teachers as members. Students may join NYSIA by paying a dollar membership fee. As members, they will receive copies of "New York State Education," the official journal. They will also be welcomed at zone meetings, and will be entitled to request information from the research staff of the Association.

The Association feels that membership will make the student more aware of teaching as a profession and will be helpful to the student by keeping him informed of studies made by NYSTA.

### Greeks Release Activity Plans

(Continued from Page 1, Column 1) orating Committee; Ann Columbe '54, and Dolores Walker '53 Entertainment Committee; Patricia Wilkerson '53, Grace Smith '52, and Joan Linder '54 are planning refreshments.

Alpha Epsilon Phi has scheduled an open house for 8:30 p. m. tomorrow, according to Helene Patlen '52, Vice-President. Ruth Shair '52 is General Chairman, while Joyce Lutsky '54 and Beverly Stein '53 are working on the Invitation Committee.

**Phi Zeta Members**  
Beta Zeta recently pledged Juniors and Sophomores, according to Miss Kamke. Joan Stocker and Katherine Brunfield, Juniors, and Mary Lou D'Angelo and Irene Johnson, Sophomores are the new pledges.

Kappa Delta Rho has accepted four new members into the fraternity, according to Kenneth Rutley '52, President. Leonard Bintz, Robert Crombach, Henry Feuerback, and Alvin Brown '53 are the new members.

### Bring Over The Exchange

The Westinghouse News in Pittsburgh strikes a serious note with its editorial on the West Point scandal and cribbing in general. "What does it help a student to have his work done by someone else? Using someone else's brain is of no more benefit than to ask somebody else to exercise his muscles to make our's strong."

Alpha Epsilon Phi has scheduled an open house for 8:30 p. m. tomorrow, according to Helene Patlen '52, Vice-President. Ruth Shair '52 is General Chairman, while Joyce Lutsky '54 and Beverly Stein '53 are working on the Invitation Committee.

**Brubacher Hall Selects '51-52 Official Body**  
The officers for Brubacher Hall were elected Wednesday night. As released by Mrs. Merlin W. Hathaway, Director of the dormitory, they are as follows: President, Margaret Smythe '52; East Wing Vice President, Marilyn Adamiak '53; West Wing Vice President, Linda Hopkins '53; Secretary, Kathleen Oberst '53; Treasurer, Anna Oberst '53; Song Leader, Jean Rasey '54; Sports Co-captains, Patricia Gehrt '53 and Mary Ann Wurzbach '54; and freshman representative, Angela Kavanaugh '55.

Sleep seems to be a major topic on college campuses. From The Bona Ventura comes this Italian proverb: "If I sleep I sleep for myself; if I work, I know not for whom." The Caellian has a versical version: "Late to bed and early to rise, gives a girl circles under her eyes."

These quips, concise and philosophic, come from Notre Dame's Scholastic: "ink elephant—beast of bourbon." An epitaph seen on a New England tombstone: "Here lies an atheist, all dressed up and no place to go."

College publications show an increasing interest in world affairs. The Kansan published this gem of sarcasm: "The announcement that Era Peron was given a blood transfusion amazed us. What will the Argentine people think when they hear that their leader's wife uses blood in her veins just like everybody else."

Advice from Central Michigan Life states: "One good way to have a clean mind is to change it occasionally." Don't you agree?

### Forum To Open Files For Use By Students

(Continued from Page 1, Column 4) pertaining to current news events. Forum is planning to aid students this year by opening its files in national and international fields to anyone who wishes to use them. Armitage has announced. All Forum board members have keys to the files. These informational files will be of benefit to all those interested in writing for Soapbox. Forum is also offering a free map and copy of the amendment of the proposed New York State Thruway, according to Armitage.

**Board Of Finance Lists Plans For Distribution Of Tax Tickets**  
Joseph Dolan '52, Auditor of Student Board of Finance, has made an announcement concerning those students who have not yet obtained their Student Tax Tickets. All those who wish to receive their tickets may do so by seeing Dr. Josiah T. Phinney, Professor of Social Studies, in Room 300A, Draper. Students are urged to get their tickets as soon as possible, according to Dolan.

VOTE FOR CAMPUS QUEEN

ALBANY, NEW YORK, FRIDAY, OCTOBER 26, 1951

VOL. XXXVI NO. 6

## Campus Day Will Feature Rivalry Activities; Events Include Banner Hunt, Field Meets, Skits

### Annual Soc Hop State's Subversive Activity Ends Will Commence In Construction Of Spectrometer Weekend Events

Shades of MacCarthy! There's a subversive activity in State's air. Hidden up on third floor Husted in the attic-gone-scientific are the makings of a mass spectrometer. A spectrometer is an instrument used in analyzing isotopes (and if you don't know what an isotope is in this atomic age, for shame!). It aids in the use of tracers for biological processes in understanding organic mechanisms in reactions, and in determining percentages of isotopes in various compounds.

Last year State started construction of a spectrometer. In the place, State lacked an adequate machine shop, so those at vicinity high schools had to be used. The glass vacuum spectrometer tube (which cost about 1500 dollars) had to be chauffeured up from Brooklyn. It was worse than hauling a load of TNT. Orchids to Bill Chuck, Jim Quigley, and Tony Willig for their ingenuity in welding and carpentry, and to Arthur Jones, Instructor in Physics, for securing surplus electronic equipment.

A spectrometer is a rare instrument, and small wonder, since the approximate cost is 29,400 dollars. In five years General Electric has manufactured about twenty of them, and very few colleges are able to own one.

State College is extremely privileged to be the possessor of such an instrument. Congratulations to the science department for its "subversive activity."

### Editors Attend Press Meeting

Five members of the State College News Board have been delegated to attend the New York State College for Teachers Press Association conference at Oswego this weekend. In addition to Grace Smith '52, Editor-in-Chief of the News, Henry Koszewski, Esther Mayakiss, Barbara Peace, and Elizabeth Platt, Associate Junior Editors, will participate in the meeting.

The delegates from State College will take part in various panel discussions and symposiums. Experts on college publications will offer a critical analysis of the various college newspapers of the State Colleges, which will aid the students in improving their publications. There will be a business meeting and a banquet for the Press Association representatives tomorrow.

The main speaker of the conference will be Dr. Roscoe Ellard, Professor of Journalism at Columbia University. The theme of the conference is "Student Expression Through Campus Publication."

Members of Myskania decided to release this information in order that the President of the Freshman class may be able to receive the cup should his class win. Other years a Banner Committee representative has accepted the trophy in behalf of the members of the freshman class.

### Britishers Vote; Right, Or Left?

Last night in the British Isles, the Returning Officers in 625 Parliamentary constituencies opened the ballot boxes of the British Elections. What will these boxes reveal?

The world has been asking, "Has there been a swing away from Labor since the last election?" As Barbara Ward, British writer, comments, "British politics have swung on a pendulum from right to left and then back again with remarkable regularity."

Perhaps the pendulum has reached its left limit. The general consensus of opinion in British newspapers, both Conservative and Labor, is that the Conservatives have a decided edge.

Most political authorities believe that should the Conservatives win, Anglo-American relations would improve. On the other hand, the Churchillites would expect more assistance in carrying out their promises.

### Myskania To Announce Election Results Of '55

Saturday evening prior to the awarding of the Campus Day Cup, David Manley '52, President of Myskania, has announced that the results of the freshman elections will be given. This procedure has never been followed before, according to Manley.

Members of Myskania decided to release this information in order that the President of the Freshman class may be able to receive the cup should his class win. Other years a Banner Committee representative has accepted the trophy in behalf of the members of the freshman class.

### Comedy Themes Will Dominate AD Program

The curtain will open Tuesday at 8:15 p. m. in Page Hall on the second group of plays put on by the Advanced Dramatics Class. Sarah Brewer '53, and Roslyn Lacks '52, will direct the two comedies to be presented.

Miss Brewer's comedy is about man's personal honor in conflict with his human desire for the more material things in life, particularly money. The comedy directed by Miss Lacks is about a rather comical man whose toupee has fallen off his head without his knowing it.

The cast of Miss Brewer's play includes Louis Vion, Richard Scott, and Madelon Knoezer, Juniors; Diane Wheeler '54, and Robert Henderson '55, Richard Gutta and Sara Danzis, Seniors; Ruth Dunn '53, and Leonore Kotch '54, compose the cast. Miss Lacks will direct.

The following students will head the committees for Miss Brewer's play: Props, Robert Sanders; Publicity, Jack Smithler, Seniors; Sets, James Hughes; Make-up, William Hawkins; Costumes, Frank Hodges; and House, Louise Petfield, Juniors.

Miss Lacks has announced the committee chairmen for her play. They are as follows: Sets, Jack Smithler '52; Props, Louise Petfield; and Costumes, Ruth Dunn, Juniors.

Since there are numerous reasons why students miss classes, the college cannot enforce exactly what is an illegal excuse. Therefore, this new system will place the job of determining what is a valid excuse upon the students. It will enable the faculty to counsel with those students whom they consider have accumulated sufficient absences to discuss their problems instead of informing students that they have "overcut." Dr. Ralph B. Kenney, Professor of Education, will be in charge of counseling.

Since attendance in classes will be taken by the faculty, each student must report his absences. Whenever the registrar determines that a particular student has too many absences a request will be sent to the student to contact Dr. Kenney for a conference in order to discuss his particular problems. Therefore, each student must check his student mailbox and report for the conference within a period of forty-eight hours. Dr. Collins has stated that this new system is open for suggestions by the student body.

Although there is no relationship between this new system and the health protection of students, a student who has been absent for two successive days should check with Dr. Mattie Green, Professor of Health, before returning to classes.

### Frosh Elections Will Highlight SA Assembly

Discussion of a motion regarding future Big 4's, reading of voting rules, followed by election of freshman officers and a Sophomore song leader and Campus Queen will highlight the assembly program today, according to William Wiley '51, President of Student Association. Purchase of class rings and financing of administration details of the Student Union Board were discussed in Student Council Wednesday evening.

Discussion on the motion that freshman and Sophomore Big 4 productions be discarded in favor of an All-State Revue, proceeds of which shall be used by Student Facilities Board for such College Union facilities as are deemed necessary, will be considered in assembly today.

Following this discussion, freshmen will be informed of the voting procedure for elections. Nominees of the class of 1955 for President are: Robert Coan, Walter Helm, Donna Hughes, Robert Lundergan, and Richard Rosenberg; for Vice President, James Conway, Lorna Galbraith, Bernice Gunsberg, Mary Lavovone, Gloria Kreen, William (Continued on Page 6, Column 1)

Co-Chairmen of the event, which is scheduled to begin at 7:30 p. m., are James Coles '52, Vice-President of Pi Omega Pi, and Patrick Carlo '53, Vice-President of Commerce Club.

The agenda for the evening includes a short talk by the organization presidents—Robert Jacoby for Pi Omega Pi and Evelyn Radesheim, Seniors, for Commerce Club, describing the history and functions of the organizations. The committee chairmen are: Invitations, Harriet Juengling, Retire-ments, Ed Ballin, Seniors; and Entertainment, Patrick Carlo '53. The object of the reception is to acquaint the freshmen with the Commerce Department, the faculty and the activities.

### Dolan Requests Students To Obtain Tax Cards

Student Board of Finance will have a desk set up near the Commons Tuesday, October 30, from 10 a. m. to 3:30 p. m., announces Joseph Dolan, Auditor. Students who have not yet received their student tax cards are to get them at this time.

Regular meetings of the Board are held every Monday from 12 noon to 12:30 p. m. in Room 300 or 301, Draper.

# Big Four . . .

There will be a motion in assembly today to discard Big 4 productions in favor of an All State Revue. Tryouts for all phases of the production would be open to all members of Student Association and the proceeds of the production would be used by the Student Facilities Board for College Union Facilities. This motion is an attack upon one of State's traditions.

Those who are advocating this change centered their arguments in Student Council (who voted the motion down by 16 to 3) around the following considerations: 1. The same benefits from this show in which all classes would participate could be gained as are gained from the Big Four. 2. There will be a shift from class to school spirit. 3. The school has more to offer in a two hour show in respect to acting ability and more people will be able to participate in the work on sets and publicity. 4. More people from school and from the city of Albany will attend such a production. 5. Responsibility can be developed in organizations other than the Big 4's.

Can the same benefits truly be derived from this new production? If State is to open the production to all members of SA, it will find that the show will be dominated by Seniors and Juniors. The responsibility and organization of an incoming class is quite dependent upon the Big Fours.

The problem of spirit has once again come into discussion. Spirit is an intangible thing; it is difficult to determine exactly where spirit lies. If it can be based upon the attendance at Big Fours, in the past it is evident that many Seniors and Juniors have attended and have participated by donating money as boosters of the productions.

We will not deny that probably the school has more to offer in a two hour show with the Seniors who have had much more experience in acting. The question is, is it worth depriving the Freshmen and Sophomores from getting to know each other through a production of their own in order that students can enjoy a more coordinated show? Is it more important that freshmen get to know the upperclassmen or should they get to know their own classmates first? Other receptions are held for the freshmen offering them opportunities to meet the upperclassmen.

As far as the attendance to these shows by the citizens of Albany is concerned, D & A usually sponsors two professional shows at State each year, and in spite of excellent publicity, the city of Albany does not respond. Do you think that Albany will come because this production will be better than a Big 4?

It is true that responsibility can be developed in organizations other than Big Fours. However, since the organizations on campus have small memberships, a Big Four can give responsibility to more people the freshmen and Sophomores who need such a task for social development.

When you vote today in assembly, consider that changes take time. It is not logical to change for the sake of changing. The responsibility will be placed on the Presidents of the four classes the Presidents of SA, D & A, and Music Council. Consider thoroughly that these people are already busy leading their own organizations. Although there certainly are evils in the Big Four as now set up, vote no to the motion and place the responsibility on those people who need it; let the freshmen and sophomores attempt to iron out the evils with the advice of the upperclassmen.

# For UN Week

By VASILAKE PANTELAKOS

Having represented State College as a whole at a Seminar-Institute Conference on the United Nations, we, Morton Cohn and I, would like to report on that conference and how it affects State.

But first some background material on the Collegiate Council for the United Nations, which sponsored the conference.

In June, 1946, college students from all parts of the country, State representatives among them, met in New York for the First Annual Inter-Collegiate Institute on the United Nations, sponsored by the American Association for the U.N.

At the close of this conference to study the U.N. in action, the representatives determined to bring home to every student his responsibility for building international cooperation and a strong U.N.

And so the CCUN was born. The enthusiasm of this group spread so that the original 32 chapters have grown in four years to 190 chapters.

The June Institute, in addition to its role as a source of first hand knowledge and insight into the U.N., has now become the annual convention where CCUN officers are elected and policy determined.

Through the Student Commission of the World Federation of U.N. Associations, with which CCUN operates, through foreign representation at the Institute, CCUN also plays a leading role in international student cooperation.

State College belongs to the CCUN via Forum. There is also a closer connection in that all CCUN activities in the Capital Area and in the area encompassed by the northern New York State border and half-way down the Hudson Valley will radiate from State since one of State's delegates was chosen to be

There is a two way liaison between the U.N. and the college campuses as evidenced by the statement that Trygve Lie made, "Nothing is more important to the success of the U.N. than the intelligent interest of a large number of thinking people. . . . It is the privilege and duty of every college man and woman to play a leading part in this work. By organizing activities on behalf of the U.N., the CCUN is rendering a most valuable service. . . ."

A conference of CCUN was held June 1951. Mrs. Franklin D. Roosevelt opened the conference with a speech on human rights. On successive nights we heard Ahmed Bokhain of Pakistan, Fawzi Bey of Egypt, to name only two out of 25 speakers, all key men in the U.N., presenting world viewpoints clearly and concisely.

The students—approximately 65—representing 40 colleges from all over the country and 11 foreign countries very quickly welded together into three major committees to discuss and draw up resolutions to be presented to the President, Congress, and the U.N. The three committees were Far Eastern Policy, U.S. Foreign Policy, and Food and People.

We visited U.N. headquarters building, the Trusteeship Council in session at Flushing Meadows, and the U.S. Mission (Warren Austin's headquarters).

We heard all views and presented our own. State's delegates participated very actively in all phases of activities and came back with a sort of missionary zeal to promote the U.N. on this and Capital Area campuses. One result was the presentation of "Robert Staines" on the October 19 assembly. We hope, with an eye toward the future, to bring more U.N. speakers and arrange U.N. activities in which the whole student body can participate.

State's students, because they will be teachers, have a vital, though indirect, role to play in international affairs. The CCUN can help us do that.

## Communications

To the Editor:

Myskania rectifies the error made in the counting of votes for the Who's Who election, held Friday, October 19, 1951. The error changes the election results. At the time that this paper went to press yesterday afternoon, the final results had not been determined. The results and tabulations will be announced on the Myskania bulletin board Monday.

The error was due to the fact that we misinterpreted the election procedure. We eliminated in the same distribution as we elected. In the correct procedure, election has precedence over elimination. Since there were so many individuals to be elected, Who's Who is an unusual election, and the preferential system is modified. On the other elections, Myskania was able to follow the strict preferential system, and no mistakes were made.

We hope that we have caused no individual's embarrassment, and that no hard feelings have been created.

Sincerely,  
Myskania.

## Last Week In Assembly

The feature of last week's assembly was a speaker from the United Nations sponsored by Forum. Dr. Robert Staines of Australia, Chief of the Education Section under the Secretariat of the United Nations, spoke on the challenge to teachers to save future generations from the unpleasant experience of war. Seniors also filled in nomination blanks for Campus Queen and several announcements were made.

Dr. Staines gave State students a brief outline of the United Nations and his duties as head of the Education Section. He emphasized five big points that should be used to save future generations from war: knowledge of the United Nations, world philosophy, world loyalty, world purposes, and world values. He particularly stressed that the people of today should think in global aspects instead of national and individual aspects.

# Common-Stater

By R. DUNN and FEENE

WE WONDER?

Why was the advertising for the Champlain game? Where was the advertising for the Syracuse game? Who is responsible for advertising the activities of the athletic department . . . both in school and outside of school. For that matter, who is supposed to release the students' activities to home town papers . . . not to speak of Albany papers? It seems to us that between the athletic department on the first hand and Press Bureau on the second hand these things should be taken care of.

Press Bureau could be one of the largest and most popular organizations on campus, but we're afraid it would have to be much more efficient (must be possible).

Many students in NYSCT have been workers and a little recognition in home town papers would be an excellent idea and a generous gesture. Yet many people have never received a notice in "Ye Olde" home town ledger. Is it possible for Press Bureau to publish what they consider important enough to send out to newspapers or how they select this material?

THE LUCKY FEW

Those conscientious people who frequent Hawley Hall (the library) are among the few fortunate humans (should we say students?) who see the bulletin boards this year. Could they be moved to a more central location? Maybe the walls in the Commons? GROWN UP!

The administration feels that the responsibility of absences from class should be with the students and not with the faculty.

We'd like to stress the fact that to get called into Dr. Kenny's office isn't necessarily to get "put on the carpet," but an opportunity for you to discuss and air your problems concerning class absences. No. Consult front page for details.

PREDICTIONS

It's time for us to stick our necks out and predict the results of the elections today. Davina Manly is a sure bet for Queen, and William Wiley will no doubt carry Manly's train. The Queen's court should be a sight to remember with we're guessing of course Miss Donna Burris in a lovely fish net gown. Flanking her, promissory, perfect balance for the setting will be we hope! Miss Violet Teifer nattily attired in black gym tights with matching bloomers. With this perfect setting providing a background, the evening will be further highlighted by the skirts or should we say "theatrical presentations of a whimsical nature" ably produced, directed, lighted, costumed and applauded by Miss Agnes Fritterer. Anyone wanting tickets for the evening, which promises to be a very exciting one, may get them by signing up in Dean Stokes' office and then getting Dr. Kenny's approval. If this doesn't work, try your ward leader.

NOTE:

There has been much criticism about the actions of Student Council. There is one point we would like to make clear. Student Council meets every Wednesday night at 7:15 p.m. in the Union. These meetings are open to all members of SA. If you have a gripe, go to these meetings and voice your opinions. Even though you don't have a vote, the members of Council want to hear your opinions and they will take them into consideration when they vote. As we have said so many times, if you have a gripe, you will get nothing by airing it in the Commons or in your dorm. HMMMM ! ! !

In full realization of the upset this year . . . due to new buildings and extensive moving we still feel it would be a good idea for the faculty to have some legible and impressive signs on their rooms . . . possibly some desk identification . . . Honest we're proud of you . . . you don't have to hide or go incognito.

## Trumpets Will Herald In Queen In State's Coronation Ceremony

"Blow, blow the trumpets!" Tomorrow night one of the beauties pictured above will be the Queen of State College. She will be crowned Campus Day Queen in a ceremony, traditional since 1922.

The time wheel in the Publications Office takes us now to the scene, tomorrow night. Trumpets herald the entrance of the Queen. A hush of anticipation waits upward through the air in Page Hall even to the very top, the Ivory Tower itself. Then, a sigh of appreciation is raised as the Queen, gowned in white, and pursued by all loyal Statesmen—that is, by two attend-

### Posters, Booth Dazzle Draper

Flashing colors! Catchy phrases! Elaborate designs! Have you noticed the booth and posters which flank the walls of the lower peristyle? If the grueling task of studying leaves you a few minutes to spare, why not take a peek at the Soc Hop booth?

It's a huge cardboard sock painted with orange and green stripes. Dangling ears of corn, and hay make Lower Draper really rural.

Authentic feather quills and musical notes point out the poster-making ingenuity of the frosh. Puns on names, too, result in greater publicity punch. Symbols such as fire produce startling effects, which are wonderful aids in waking up 8:10ers.

### Teacher's Association Seeks Student Members

Students in education classes have been invited to join the New York State Teachers' Association, according to Dr. Margaret L. Hayes, Professor of Education and official representative for State House of delegates to NYSTA. Benefits to the student from membership in NYSTA include contact with a professional organization and a chance to take part in its program. Dr. Hayes announces that all members receive copies of the official journal.

Application blanks for membership in NYSTA may be obtained from professors of education classes. The fee for students is one dollar per year.

### Placing Over the Exchange

A new way to increase their All University Fund has been found by Nebraska University. Mock trials are held for various student misdemeanors, and the fines go into the fund. To date, students have been charged for throwing football games, embezzling club funds, and spiking the tea at a chancellor's reception.

From the Denver Clarion comes this versical plea:

"Now I lay me down to sleep,  
The lecture's dry, the subject deep,  
If he should quit before I awake,  
Give me a poke for goodness sake."

A professor at Texas A. and M. states that cribbing should be an art. Quote: "the holding of hands over one's eyes while sneaking a look at another paper is too obvious and in reality crude. Coughs and laying the head on the desk are also give-aways." However, he doesn't offer any constructive advice on how to do it without getting caught.

The University of Kansas had to move the statue of President Truman. It had been painted three times and whitewashed once.

A poetical tale of woe comes from the University of New Mexico.

Writes one student:  
"He asked me: 'When?'  
I could not tell.  
He queried 'Who?'  
Again I fell.  
He named a man,  
To me a stranger.  
And I could see  
Myself in danger.  
What was this plight—this mystery?  
Oh! Just my course in history."

## A Victory At Last . . . . . Varsity Booters Journey To Plattsburg Tomorrow

Tomorrow the State College Soccer team will embark on its second road trip of the season in quest of their second straight victory as they journey to Plattsburg. Plattsburg State Teachers, the only club on the state to be encountered in a home and home series, suffered two losses to the Statesmen last year, by the scores of 5-1 and 7-2. If the Peds can bring home a victory in this tilt, the over-all season record will be brought up to the 500 mark, with one tie.

After a very strong first quarter, in which State compiled a 2-0 advantage, both the defensive and offensive pattern seemed to come apart and had there been a strong bid by the opposition, the final outcome might very well have been reversed. However, after two periods of laxity on the part of the Peds, they seemed to be rejuvenated and finished strong with a superlative fourth quarter.

### Goldin, Adams Star On Defense Peds Win First

On Tuesday at Beverwyck Park, State trounced Champlain 4-1 for their initial victory of the season. This encounter was to have been played at Champlain earlier in the season but was delayed because of unforeseen difficulties at the visitor's institution.

Wednesday marked the third evening of women's IM volleyball play. BZ, who easily defeated Brubacher C with scores of 16-6 and 20-6. The Commuters forfeited the second game to Brubacher E and E. marking the latter's second win during League play. In the last game of the evening, BZ trounced a weaker Newman team 3-0 and 20-6.

Next week Psi Gamma will play Brubacher C, Pierce B will meet the Commuters, Pierce A will compete against Gamma Kap. The last game of the evening should prove to be the determining factor in the tournament's outcome. KD, now leading League one, winning two out of two, will play its major rival when it meets Phi Delta which also has an undefeated season.

The Washington Park tennis courts will be closed this weekend. WAA is providing nets for supervised play Tuesday and Thursday between 3:30 and 5:30 p.m. Other time arrangements can be made with Bev Prantis '53.

### Finnen, Daly Tie In Football Pool

For the second consecutive week, a tie has resulted in the football pool contest sponsored by the Sports Staff of the State College News. Last week Jim Linnen, Sophomore, and Bob Daly, Senior, each picked nine out of twelve contests correct.

Henry Hull, moved up from the JV to the Varsity, also proved his mettle on the forward line by setting up numerous scoring opportunities and coupled with Bill McCormick's fine play contributed greatly to the offensive pattern. Raoul Nunez has apparently overcome his early season injury and displayed hustle and commendable generalship, contributing two goals to the State cause. Tom King and McCormick accounted for the other markers.

The visitors presented a very potent brother combination in the abilities of "Ziggle" and Gunnar Wurth. The former, an All-American last year, tallied twice, while his younger brother came through with the "hat trick" for the victors.

Coach Weatherly and the hard work of his cohorts. Many of these men have never played soccer before, and have been drilling on fundamentals day after day, and the results have been highly successful. Bill Adams scored two of the State goals and Hank Hull countered the third and decisive tally. This victory balances the books for the Junior Peds at one and one. It would be impossible to single out any individual star, since the entire team performed as a well coordinated unit.

### Work At Neighborhood House To Soothe Prospective Teachers

Do you have unexplainable qualms about practice teaching? Does the prospect of the pliter patter of little feet on the classroom floor send cold shivers down your back?

Why not learn to know and to appreciate kids for what they are. Inter-Group Council is planning to help the Clinton Square Neighborhood House at 174 North Pearl St., and needs the help of all prospective teachers. The Neighborhood House is a veritable hangout for the kids between four and sixteen years of age. Teenagers cram the canteen, prospective Arthur Murrys want to learn to dance, future Harrys desire to practice proper parliamentary procedure in the Leadership Club which brings out and develops the leadership abilities of many of the neighborhood gang, and future Raye Emersons grace the elementary dramatics stage as they may someday do on T. V.

The athletic programs, ceremonies classes, sewing, cooking, and mechanical shop faculty are all in a day's work at the Neighborhood House. Clay modelling for the artistically inclined and airplane modelling for the mechanically minded kids are included in the program that keeps

### Student Council Approves Plan For Assembly

Plans for the freshman sing scheduled for today's assembly were discussed at Student Council meeting Wednesday evening. Discussion about the advisability of replacing Big 4's by an all-college production is also included on the assembly agenda. Student Council voted to postpone All-State Night until Thursday, November 29.

The Sophomores will be allowed to stand in the aisles this year while the freshmen walk past them singing. Council decided to postpone All-State night because of the mid-semester examinations scheduled for next week. The event was originally scheduled for Thursday.

The assembly agenda also includes an announcement by Dr. Ewan R. Collins, President of the College, concerning the new members of Sigma Lambda Sigma. The Sophomores will challenge the freshmen to a rivalry sing scheduled for Friday, December 7. There will also be debate on the proposal to introduce a purple and gold beanie for all future classes.

Student Council discussed plans for the Inter-Collegiate Association Conference to be held at Cortland State Teachers College Friday, November 9, and Saturday, November 10. William Wiley '52, Alan Switzer, John Lannon, and Rosemary Keller, Juniors, will represent State College at the conference.

John Bennett '53, Chairman of Election Commission, reported plans for the Senior and Junior elections (Continued on Page 6, Column 1)

### Prankster Bells Fool Hustedites

Masked little people have been haunting Albanian streets. Who are they? Didn't you know? Wednesday was Halloween. Did you peek at the painted windows over on Central? Oooo—spooky! Temperance Tavern, too, is sporting a festive air with big jack-o-lanterns, one beaming, one ultra-lugubrious (the be one), and one with a glowing eye. Cornstalks add to the Halloween air, while a gigantic arrangement of fruits and vegetables serves to tantalize customers.

Even the bells at school decided to celebrate. Nobody was ringing them; so, turning prankster, they rang themselves. Imagine their satisfaction at fooling the college classes in upper Husted. Students thought it was a sneak attack, crouched, covered, and ran to the Annex for shelter. Don't be anxious, we'll have those gymnastics to go through yet.

### Union Board Releases Activity Room Rules

The procedure for securing a room for a meeting or activity in the Student Union has been disclosed by Mary Marks '52, Chairman of Student Union Board. All activities are to be scheduled in the office of Ellen C. Stokes, Dean of Women.

The following steps are to be followed in arranging for and using a room at the Union: (1) Clear the date of the event with Dean Stokes; (2) At least one week in advance, either call 2-3326 or go to the Main Office of Brubacher Hall to arrange for the room; (3) Have the person in charge of the activity check arrangements and facilities of the room at least ten minutes prior to the meeting; (4) See that the room is left in order with windows closed and locked.

### D&A Council Engages Sculptor To Lecture In Page Hall Tuesday

#### Social Directors Of Dorms Slate Weekend Events

Residence halls have scheduled a varied program of activities for the coming weekend. A Halloween party at Sayles Hall tonight, open house at Newman Hall and open house at Thurlow Hall highlight the agenda for the weekend.

Sayles Hall plans a Halloween masquerade party tonight from 8 p. m. to 12 midnight. All members of the student body and the faculty are invited to attend, according to Theodore Maurer '52, Social Director of Sayles Hall.

Will Award Prizes

The evening's program includes old-fashioned Halloween games, refreshments, and entertainment. Prizes will be awarded for the most original and most beautiful costumes at the unmasking at 11:30 p. m. Tickets may be obtained either from Sayles Hall men, or at the door. Admission will be 25 cents. Maurer has appointed the following committee chairmen to plan the event: Entertainment, Robert Strickland; Refreshments, Francis Hughes, Juniors; Decorations, Patrick Maloney; Tickets, Frank Denton, freshmen, and Publicity, Robert Donnelly '52.

Students from State, Union, Albany Law, Rensselaer Polytechnic Institute, and Albany Pharmacy have been invited to attend the Pierce Hall open house to be held tomorrow night from 8 p. m. to 12 midnight. According to Anna Apostolides '52, President, committees have been formed under the following chairmen: Barbara Stempel, Chaperones; Joan Van Etten, Sophomores; Invitations; Corrine Valenti '54 and Mary Battiste (Continued on Page 6, Column 5)

### Grad Students To Take Exams

Graduate students will take general ability tests from 1:30 to 5 p. m. Monday, according to Dr. Elizabeth Morris, Professor of Education. The tests are designed to provide the college with information requested by prospective employers. Students whose surnames begin with A through J will take the tests in Room 349, Draper, while those whose surnames begin with K through Z will take the tests in Room 20, Richardson.

Dr. Morris states that the tests are required because the administration feels it desirable to have a common basis on which to judge progress, since it is impossible for the faculty to know every student personally. The following reasons are given for the examination: (1) The college has too little knowledge of students who did undergraduate work in other colleges; (2) The college should have more recent information on its own graduates and not have to depend upon freshman records which give no indication of the development that has been achieved; (3) Practice teaching often requires comparison of temperamental and intellectual characteristics with academic grades if maximum benefit is to be derived from teaching experience. The tests will be used for college reports; they will not in any way affect grades earned by students.

### Chapters Plan Area Meeting

Members of State's Red Cross unit have been invited to a meeting of all college units of the area, according to Lillian Weller '53, Vice-Chairman. Representatives from State, Albany Pharmacy, St. Rose, and Albany Business College will gather at the Albany Red Cross chapter house, 8 p. m. to 10:30 p. m. Informal discussion will be held with leaders from the Red Cross and Armed Forces, with dancing following the discussion.

The Red Cross program now includes classes in water safety and swimming. Instructors and beginners are urged to join. The program also offers first aid training. Classes for the purpose of training staff aids will begin next week. Anyone holding a driver's license is requested to join the motor corps.

Several State women were active in Gray Ladies last year. According to Miss Weller, Gray Ladies will continue this year and former members are urged to volunteer for work. Anyone interested in joining State's Red Cross unit is requested to contact Margaret Smythe '52, Chairman.

### WAA Will Sponsor Coker In Student Union

WAA will hold its annual coker Wednesday at 7:30 p. m. in the Private Dining Room at the Student Union, according to Joan Haggerty '52, President of WAA. There will be square dancing, entertainment, refreshments, and initiation of the new representatives of the Class of 1955.

Phoebe Fuller '52 is general chairman. The committee chairmen are: Gavardolyn Gallivan '52, and Patricia Zylo '54, Entertainment; Aika Apostolides, Refreshments; Betty Crowkell, Juniors, and Anna Apostolides, Clean-up; and Katherine Sinclair '53, and Karen Prindle '54, Publicity.

The two representatives on WAA Council from 1950 are Donna Hughes and Marilyn Wittschen. They will present their class on the Council, and serve as members of the Council. This is according to the new constitution whereby WAA Council members are no longer in charge of Rivalry for their classes.

### Manship To Pick Sculptor Model From Observers

Dramatics and Arts Council will present Paul Manship, noted American sculptor, Tuesday evening, at 8:30 p. m. in Page Hall. Manship will speak on sculpturing and will demonstrate his lecture by molding the head of a member of the audience.

Manship was born in St. Paul, Minnesota, on Christmas Day, 1885 and began his art studies at the St. Paul Institute of Art. Later he studied sculpture with Solon Borglum in New York and also with Charles Grafly in the Pennsylvania Academy of the Fine Arts. He spent three years in Europe on a scholarship studying at the American Academy in Rome.

Manship's works can be found the world over. Among his principal accomplishments are: the War Memorial and Hercules Fountain, American Academy, Rome, Italy; Dancer and Gazelles, The Corcoran Gallery of Art, Washington, D. C.; Prometheus Fountain at Rockefeller Memorial, Third Avenue, New York City; Soldiers' Monument, Thibault, France; The Merchant Marine Distinguished Service Medal; and he also designed the "Four Freedoms" Stamp.

Accredited Manship, Noted Lecturer

Master of detail, Paul Manship's bronze statues, even if in fragments, may some day be acclaimed as the remains of the priceless work of the 20th century, as critics accredited the work of the ancients. Not only is Manship a leading sculptor, he is also accredited as a listenable lecturer. As the Worcester Telegram announces, "He has a gift for phrase that is nothing short of miraculous."

Students and faculty are invited to attend this lecture. Upon presentation of student tax receipts, students will be admitted according to Henry Smith '52, President of D&A Council.

Miss Ruth E. Hutchins, Assistant Professor of Art, announces that a photographic exhibit of Paul Manship's work will be on display Monday through Friday on the second floor of Draper Hall. These photographs will illustrate the wide scope of Manship's sculpturing talents.
