Academic Heraldry

The caps, gowns, and hoods worn at college and university functions date back to the Middle Ages. Monks and students of those days wore them to keep warm in the damp and drafty 12th-century castles and halls of learning.

The gowns for the bachelor's degree, earned after undergraduate study, have long, pointed sleeves and are designed to be worn closed.

The holder of the master's degree wears a gown with an oblong sleeve, open at the wrist. The sleeve base hangs down, and the rear part of its oblong shape is square-cut. The gown may be worn open or closed. An alternate and older master's gown is also permissible. This gown is always open, has a long sleeve which is square and closed at the end, and has a slit near the elbow which permits the forearm to come through.

Gowns for the doctoral degree may also be worn open or closed, but they carry broad velvet panels down the front and three velvet bars on the full, round, open sleeves. The velvet trimming may be either in black or the color distinctive to the field of learning to which the degree pertains.

Academic gowns for each level are black, although there are a few institutions which permit doctoral recipients to wear gowns of the characteristic institutional color, such as: Cornell, carnelian red with velvet trim and sleeve bars outlined in white; Harvard, crimson; Princeton, black with orange trim; Yale, royal blue with black trim. At Albany the institutional color is royal purple with gold trim.

Academic protocol allows trustees, presidents, and marshals of higher institutions to wear gowns which are specially designed and colored. For example, the chancellor of one leading university wears an all-white gown with the seal of the university on each front panel.

Caps may be of serge, broadcloth, or for the doctoral outfit only, of velvet. The tassel is black or the color appropriate to the subject, except the doctoral cap may have a tassel of gold or bullion.

It is the hood that gives color and real meaning to the academic costume. (The bachelor's hood is sometimes worn upon completion of the course, even though the degree has not yet been actually conferred.) A black shell of varying size for the three degrees, and of material to match the gown, is silk-lined with the color of the institution conferring the degree. The hoods for the bachelor's and master's degrees are the same shape, while the doctoral hood is both larger and of a different style, having a flat panel at the back. The hood is bordered with velvet, of the proper width to indicate the degree and of the color signifying the field of learning to which the degree pertains. The colors indicative of the various fields of learning are as follows:

Agriculture: maize
Arts, Letters, Humanities: white
Commerce, Accountancy, Business: drab
Dentistry: lilac
Economics: copper
Education: light blue
Engineering: orange
Fine Arts, including
Architecture: brown

Forestry: russet
Home Economics: maroon
Journalism: crimson
Library Science: lemon yellow
Medicine: green
Music: pink
Nursing: apricot
Oratory (Speech): silver gray
Pharmacy: olive green
Philosophy: dark blue
Physical Education: sage green
Public Administration, including
Foreign Service: peacock blue
Public Health: salmon pink
Science: golden yellow
Social Work: citron
Veterinary Science: gray

It is important to note that the color of the velvet trimming on the hood indicates the subject to which the degree pertains. The "bachelor of science in engineering degree" should have the orange trimming of engineering, rather than the golden yellow of science. The doctor of philosophy degree requires dark blue because the degree designation does not necessarily identify the major field of study. If more than one degree is held, the gown and hood of the highest degree are worn. Holders of several doctoral degrees may make a choice of hood for any particular occasion.

Alma Mater

*College of the Empire State
Mother of an army great,
Thou the moulder of our fate,
Thee we sing today.
Thine the hand with clasp so strong
Holding, tho' the years be long.
Thou the burden of our song,
Thee we sing today.*

*Ways of unpleasantness are thine,
Leading where in wisdom's shrine,
Joy and cheer and hope devine
Ear dwell for aye.
Thine the voice whose call we hear,
Thine the hand which holds us near,
Thine the heart, so true, so dear,
Cherished, loved always*
