# KEFAUVER SURE BET-FOR V. P.

A CLOSE analysis of the present American political complex leads increasingly to the conclusion that Estes Kefauver will be on the Democratic ticket as the candidate for vice-president. Even though Truman is cold to him, even though the political bosses dislike him, even though he has garnered the antagonism of the party machine, the affirmatives of political reality still lie with Kefauver. The sensational publicity which accompanied his crime probe left a deep impression on the people, and they are now responding more favorably than the politicians—who do not fully understand the subtleties of public (Continued on page 6)

## Health Dept. Aides in Mass Blood Drive

ALBANY, May 5—Employees of the New York State Department of Health have joined the parade of blood donors at the Albany Red Cross Blood Donor Center. Richard H. Mattox, director of the Department's Office of Personnel Administration, reports it as Operation Success.

Ten employees will appear at the center weekly until the list is exhausted. To date more than 100 have volunteered and more volunteers are expected.

Appearing at the center on the first day of the department's donor program were Dr. Hollis Ingraham, deputy commissioner; Dr. William Siegal, director of the Bureau of TB Case Findings, and Dr. James J. Quinlivan, assistant director of the Division of Local Health Services.

Also giving blood were Mattox, Dave Zaron, E. J. Calahan, Hugo Gentilcore, Irving D. Goldberg and Ann Brown.

## State Asked to Improve Handling of Exam Appeals

ALBANY, May 5 — The Civil Service Employees Association is again urging the State Civil Service Commission to find some practicable way in which the time consumed in reviewing appeals from examination ratings can be materially reduced. The problem is admittedly difficult and of long standing, but it is felt that injustices and inequities result in the recruitment process from the present procedure. Long periods of time, sometimes extending into many months, pass between the initiation of an appeal and the final decision of the Civil Service Commission. Jesse B. McFarland, President of The Civil Service Employees Association, commented on the situation as follows:

**Review in Order**  
"The Association is fully aware of the many problems involved in the appeal procedure and realizes that to insure the maximum amount of care and justice to the appellant, it must of necessity be complex and slow. However, we do

think that a thorough review of the whole subject is in order as we continually receive complaints and hear rumors of the long time involved in processing the papers. The Association is anxious to help in any way it can to resolve the problem and to this end have formally raised the issue in the following letter sent to the Commission on April 4, 1952. We also are hoping we will have an opportunity to discuss the problem at or prior to the May meeting of the Civil Service Commission. In a letter to J. Edward Conway, Commission President, Mr. McFarland wrote:

"A few instances which have arisen in the past few months have indicated to me some necessity for a revision in the method of handling examination appeals. Consequently, I am writing you with what I hope may prove to be constructive suggestions.

"To illustrate my point, the following example may well serve. A certain individual was candidate in a promotion examination for the position of Assistant Employment Security Manager in D.P.U.I. This individual has held the position provisionally for over a year in a certain local office. The individual was notified she had received a rating of 73% in the written and filed with the Department what I consider a very well conceived appeal on November 2, 1951. On March 27, 1952 the list was established and is now being canvassed. The appeal has not yet been acted upon and on inquiring of the Department when it would be disposed of by the Commission, we were informed that it is not likely that the appeals from this examination would be decided before June or July.

### Can't Stop a List

"I realize it is not practicable to withhold the establishment of a list or making of appointments until such time as all appeals are decided. Such a procedure would further delay the filling of vacancies on a permanent basis and further extend the time for the processing of examination prior to the use of a list. However, it does seem to me

that a period of 8 or 9 months after the filing of a formal appeal is much too long a period of time within which to withhold final action. As in the case I cited above, the result of such delay too often completely removes any possibility of appointment for even a successful appellant. In the case I cite, even if the appellant is successful, it is unlikely that the particular positions to which she could accept appointment would still be vacant.

### Superficial Consideration

"I also appreciate the fact that a superficial consideration of appeals would be a waste of time and a violation of the rights of appellants and I certainly am not urging any such procedure.

"However, it does seem to me that there is ample room for thorough consideration of examination appeals by the Examination Division, Committee on Ap- (Continued on page 16)

## Mt. Vernon School Head In Salary Parley Concerning Non-Professional Employees

MT. VERNON, May 5—In view of statements contained in the voting instruction sheet released by the Board of Education and distributed in the City of Mt. Vernon referring to the annual school election May 6, a meeting was arranged between Dr. Jordan L. Larson, Superintendent of Schools, and Charles L. Culyer, field representative of The Civil Service Employees Association, Inc.

The meeting resulted in the following information obtained on the position of the Board of Education with respect to non-professional employees in the school

system, should the voters act favorably on the special proposition of increasing the tax limitation.

1st. The change in borrowing power of the Board will provide an estimated \$400,000 the first year if approved.

2nd. The Board has not yet made any studies to determine how much of this amount could be used for salary adjustments for the non-professional employee group.

### Program to Increase Staff

3rd. The Board does have a program, however, to increase the professional staff to provide for an additional 54 teachers in 1954 and up to 75 additional teachers by 1957. No estimates have been made for the necessary increase in the (Continued on page 16)

J. Earl Kelly, State Director of Classification and Compensation, is seen receiving from William F. McDonough, Executive Assistant to CSEA President Jesse B. McFarland, petitions signed by over 7,000 Attendants in Mental Hygiene Hospitals, asking favorable action on formal appeal for salary adjustment. Hearing on the appeal was held on March 12.

# Southern Conference Hears Carlisle on Insurance

—Highlight of a Southern Regional Conference meeting held at Wassaic State School on April 26, was an address by Charles Carlisle, Jr., of Ter Bush & Powell, explaining the Accident and Sickness Group Insurance Plan of the Civil Service Employees Association.

The meeting, in an afternoon and evening session, was presided over by Francis A. MacDonald, Conference president.

The Wassaic State School chapter, CSEA, acted as host. Robert L. Soper, chapter president and Conference treasurer, opened the meeting.

### Business Meeting Held

At the afternoon session, actions were taken urging an upward reclassification of housemothers in the Social Welfare Department. A resolution was passed favoring re-introduction of a bill in the next Legislative session for holiday pay for per diem Public Works employees.

A full report was heard on the actions of the Legislature. Dinner was eaten at the Edgewood, outside Amenia.

Among the guests were: Dr. Raymond G. Wearne Jr., director of Wassaic State School; Fred J. Krumman, president of the Mental Hygiene Employees Association, and Arnold Moses and Thomas Conkling, of Brooklyn State Hospital. Delegations from the chapters composing the Conference were present.

Mr. Carlisle made a number of salient observations in his talk about insurance:

Mr. Carlisle recalled that in early days premiums were paid direct to the Association's agent, Ter Bush and Powell Inc., in Schenectady. After three years, payroll deduction privileges were obtained and State employees enjoyed easy ways to pay premiums. "The insurance has helped employees during periods of disability due to sickness or accident, when

individual expenses are always at a maximum," said Mr. Carlisle. "In offices and institutions it did away with passing the hat for the sick.

"In 16 years more than 70,000 claims have been paid, totalling more than \$3,000,000. All claimants have been satisfied. Such a record is almost unbelievable."

### More of Same Fine Treatment

Mr. Carlisle promised the same patience and kindness in years to come as Association members have enjoyed in the past in all matters pertaining to their insurance.

In tracing the interesting history of the Accident and Sickness plan, he showed that a plan of this kind needs three important components to be successful: a strong association, an insurance agency, and a company.

"First, the Association is absolutely necessary," he said. "The Association must sponsor the plan. The insurance committee of the Association must look after the interest of the member. This committee must see that the association members get a good return for their invested money, inspect the policy plan, the premium payment plan, the claim handling plan, and in general approve all actions of the Association's agent.

"The agency has a great many functions much more important than just selling, collecting and paying. It must recommend policy forms to the Association, follow up the deduction plans and claim-handling system, worked out with the insurance company and the Association.

"The agency should be located in the Capitol District area, accessible to Association Headquarters and within fairly equal radius to all parts of Association throughout the State for better sales and service coverage.

### Efficient Service

"The agency should have adequate sales, service and administrative forces to cover State membership. In Ter Bush & Powell, Inc., the sales force consists of five full-time salesmen located throughout the State. The service and administrative group consists of a secretary and seven full-time assistants."

"Correspondence is received daily on questions of coverage and claims. These questions are answered daily to both Association headquarters, Association officers, Conference and chapter officers and members. Many times special trips are made to serve policyholders, or salesmen are instructed to service a complaint. Constant liaison is kept with Association headquarters, Company home office and five branch claim offices, located in Buffalo, Rochester, Syracuse, Albany, and New York City. Members are urged to communicate directly with the agency on all problems and we even accept all collect phone calls. Salesmen are instructed to work with and through Conference Chapter officers and department heads.

"We consult Association officials before a decision is rendered. We meet with the Association's Insurance committee at least once a year and with its chairman many more times. We furnish all reports requested by the Association on the status of the plan and even make up special reports by hiring special help when requested.

"We handle more than 30 new applications daily and more than 600 claims a month.

"More than \$250,000 premiums on new policies are written every year.

"Every year a complete list of assureds is checked against Association membership and all persons not paid-up members are dropped out of the insurance plan."

Mr. Carlisle explained that the insurance company must have a salaried staff of claim men distributed throughout the State to handle all claims promptly, fairly and justly to all concerned. The company must be prepared to give broad coverage and to pay out as large a part of the premiums as possible in payment of legitimate claims. The more dollars returned to the Association members, the greater the success of the plan. The company must also use a very broad-minded plan of underwriting all applications to give maximum coverage to the most members, Mr. Carlisle commented. He added:

"All these operations can be

successful only through years of experience and all are necessary to make a public employee accident and health plan successful. In the past 16 years all these requirements have been fulfilled so that in March, 1952, more than \$56,000.00 in benefits were paid out to more than 580 insured members of the Association."

Mr. Carlisle pointed out that a number of separate plans had been started in various counties, but that none could survive, nor had any plan survived because the three essential components were not present.

"And finally, only with complete cooperation, confidence and understanding between Association, agency and company can this plan succeed," he said. It is a cooperative plan whereby the Association renders a great benefit to its members by offering this very broad, low-cost plan of accident and health insurance."

## State P. W. Dept. to Lose 4 Top Men

ALBANY, May 5—The State Department of Public Works has lost one top official this year through retirement, and stands to lose three more.

Andrew Mulligan, District Engineer for District No. 4, Rochester, left state service April 4. He entered the Department as an assistant engineer May 12, 1915, and was named district engineer November 16, 1948.

Notice of impending retirement has already been received by the Department from another District Engineer, Roy F. Hall, head of District No. 7, Watertown, who will leave active duty June 1.

He entered the Department as a laborer June 23, 1904, and worked his way up to the district engineer post by July 1, 1927.

While no formal notice has yet been received by the Department, The LEADER learns that two more top jobs will be vacated in favor of retirement before the year is out.

Carl C. Ahles, engineer of location and design, a Grade 48 position, is expected to announce his retirement plans, as is Oscar Hasbrouck, assistant superintendent of operation and maintenance.

Ahles, who lives in Albany, started work with the Department August 1, 1906 as a rodman. He was named to his present post July 1, 1942.

Hasbrouck began as an assistant engineer June 3, 1912. March 16, 1947, he assumed his present job. He lives in Troy.

## Palisades Chapter Honors 4 Pensioners

The seventh annual dinner of the Palisades Interstate Park chapter, Civil Service Employees Association, held at Bear Mountain Inn last Thursday night, honored four employees who were retiring or had retired during the year. They were Jessie A. Marin, comptroller; Ivan Hilton, lake area superintendent; William J. Cahill, storekeeper, and Charles Werba, maintenance department. The chapter presented gifts to each. Mr. Werba's duties prevented him from attending, and President Angelo J. Donato presented the gift to him the next day. The presentations at the dinner were made by Joseph O. I. Williams, John Stevens and Edward McNellis.

J. Allyn Stearns, 3rd vice president of the Association, principal speaker, praised the conscientious and faithful service that the four pensioners had rendered. He congratulated them, and wished them long, happy life, in the name of the Association. He brought the greetings of President Jesse B. McFarland of the Association, whom he represented.

Mr. Stearns' speech was devoted mostly to encouragement of Association action toward pension liberalization. He felt that the plight of so many pensioners, and the disappointment of so many others that their retirement allowance does not attain half pay, showed the need for improved benefits. He endorsed the idea of trying to achieve a full-pay retirement plan.

A. K. Morgan, general manager of the Commission, said that better benefits might be provided from employees' annuity accounts through a more productive use of the funds.

He told how he himself didn't want to become a member of the State Employees Retirement System, when he entered State service, but had to do so, under the law. He said becoming a member was one of the best things he ever did, and he was grateful for having been forced into the system.

"Public employees are not the most favored group of workers," he said. "In private industry employees get a pension, health, sickness and accident insurance and other fringe benefits for which the employer pays 100 per cent. I can remember during the depression when public employees had to take a pay cut."

### Cites New Jersey Law

He said that New Jersey has a retirement law under which, if half pay is not attained because of insufficiency of the annuity contributions of the employee, all who qualify for retirement after the basic period of service receive half pay. The State makes up the difference, he said.

"There is no such law in New York State," he commented.

He advised chapter members to give close attention to anything that the Association brings up in connection with retirement, as the object is to avoid the headaches that so many suffer when they retire.

H. J. Bernard, executive editor of The LEADER, also spoke.

Mr. Donato acted as toastmaster. Mrs. Virginia D. Bonaventuri, daughter of Mr. Donato, sang. A color and sound movie of canoe safety methods, taken at Lake Sebago by William Messner, who also was the narrator and projectionist, showed Ernie Riedel in the role of star.

# Westchester County Head Explains Salary Survey

WHITE PLAINS, May 5—"The county's purpose in undertaking this study is to insure that, despite changing economic conditions, each employe continues to be paid fairly and fully. It is our intention to use this study as a basis for maintaining county salaries at the level necessary to attract and retain the same high calibre of employees as have always manned county services."

With this declaration, Acting Westchester County Executive Edward J. Ganter issued a letter to all county employees explaining the wage study being conducted by Barrington Associates.

**\$300 Minimum Increase Seen**  
Meanwhile, an independent survey conducted by the Westchester County Competitive Civil Service Association indicates that a minimum of at least \$300 must be added to salaries to bring them in line. Henry Galpin, salary research analyst of the Civil Service Employees Association, conducted the basic fact-finding for the employees. The employees have also asked for participation in the Barrington program, contending that they have facts and arguments to supply which are essential to the study.

Mr. Ganter's memorandum to the employees contained the following information:

"The study program has been planned and is being directed by Barrington Associates. Four county employees who will be concerned with the continuing technical administration of the salary structure are being trained and are participating in every step of the study, under the immediate supervision of the Consultants. In addition department heads will be requested to review final evaluations of positions under their jurisdiction at the appropriate stage of the study. All phases of the study are of course, under the sole direction and control of Barrington Associates.

### Scope of Study

"The agreement between the County and Barrington Associates provides for the following:

"a. The re-evaluation of all positions presently evaluated. The point evaluation method being used by Barrington Associates is basically similar to that applied in the 1946 study. The method has been revised and further improved by Barrington Associates in the years since 1946 as a result of the research, testing and analysis of results normally carried out by a consulting organization.

"b. The evaluation of about 200 additional positions not previously evaluated, including those of department heads, executives and full time elective positions (except Supervisors). All positions are being evaluated by the same method, on a uniform basis.

"c. Conducting of a Community Survey to establish the trend of salaries paid for positions comparable to those in the County Service by comparable and competing public and private organizations. The Community Survey, like all other elements of the Study is under the sole direction and control of Barrington Associates. It has been planned and is being conducted according to technically sound, practical and tested procedures. The field work is being carried out by the Consultants and by the county employees being

trained under the Consultants immediate supervision.

"d. Development of recommendations to the Board of Supervisors as to an appropriate salary structure, in view of economic conditions, and needs and policies of the county government."

### Position Description Procedures and Individual Classification Problems

"In contrast to the 1946 study it has not been necessary this time to prepare new descriptions for positions held by many county employees. Descriptions prepared in 1946 by Barrington Associates, and since that time by technicians of the Personnel Office have been kept current in terms of their statements of duties and responsibilities by two means:

"a. Review by the Personnel Office of both duty statements and specifications of positions, prior to conducting examinations for each position.

"b. Review by the Classification Board, which has always provided an adequate channel for both employees and their supervisors to indicate significant changes in job duties and responsibilities.

"Descriptions have been prepared for all positions not previously described, including department heads, executives and full time elective positions.

"In addition, the Personnel Office prepared a list of descriptions which it had reason to believe did not adequately reflect the functions and responsibilities of specific positions. The list was prepared for Barrington Associates at the direction of the County Executive. Further data has been gathered relative to these positions, representative incumbents interviewed and revised descriptions prepared prior to re-evaluation.

"A number of instances involving the apparent misclassification of an individual employee in a particular title have come to the attention of Barrington Associates. Since this study is concerned with establishing proper salary ranges for all positions and not with the problem of classifying individual employees in particular positions, all cases of this nature are being referred to the Personnel Office for the usual type of investigation, and later Classification Board action if appropriate.

"I have gone into considerable detail in this letter to insure that all of you clearly understand the objectives and general methods of the Salary Study. The sole purpose of the Study is to provide the Board of Supervisors with a sound and objective set of facts and recommendations to guide them in their consideration of an appropriate salary level for county employees. Interested parties will be invited to express their reaction to contemplated salary action, to the Board of Supervisors, or the County Executive at the appropriate time."

# 7000 State Hospital Aides Sign Higher Grade Appeal

ALBANY, May 5—Intense interest exists among attendants in the Mental Hygiene institutions throughout the State as to their appeal for upward salary adjustment presented to the State Division of Classification and Compensation on March 12 in a hearing conducted by State Director of Classification and Compensation, J. Earl Kelly, in the State Office Building at Albany. Briefs submitted by various representatives of this group of over 12,000 workers and officers of the Civil Service Employees Association have been printed in The LEADER. A Special Civil Service Employees Association Attendants Committee composed of John E. Graveline, St. Lawrence State Hospital, Frank Smith, Middletown State Hospital, and Arnold Moses, Brooklyn State Hospital, have acted as coordinators of the appeal.

More than seven thousand attendants have signed a joint statement appealing to the Division of Classification and Compensation to act favorably upon the appeal to reallocate the position of Attendant from Grade 2 to Grade 4 in the State's pay plan.

### The Justification

The signed statement sets forth the reasons which they feel justify approval of the salary change requested, as follows:

"a. The vital place of Attendant service in the State's great plan to rehabilitate and care for the over 100,000 mentally ill wards of the State.

"b. The seriousness of the duties, and the skills required, to properly care for mentally ill persons.

"c. The semi-professional character of everyday duties.

"d. The physical hazards arising from patient illness definitely places the position in a custodial, as well as nursing category.

"e. The manifold duties of a peculiarly distasteful character required in caring for many types of mentally ill persons.

"f. The long work week required in the interest of administrative efficiency.

"g. The required round the clock shifts which result in the necessity for work periods not compatible with good family and home arrangements.

"h. The naturally depressing environment of hospital work, and particularly with persons who are ill in an especially distressing way.

"i. The greater recognition accorded the Attendant group in many other states through higher salaries and better internal relationship in the salary structure.

"j. The rightful judgment of high authorities in the field of mental illness that the Attendant group is vitally important in the successful hospitalization and treatment of the mentally ill and that this group exerts the major influence on the patient either constructively or destructively."

## Split Shift Issue Still Up in the Air

ALBANY, May 5—The question of when the Department of Mental Hygiene will be able to eliminate the split shift for dining hall workers at Brooklyn State Hospital remained up in the air this week.

In accordance with a decision of the State Personnel Relations Board last year, the Department agreed to ask for funds in this year's budget so that the split shift could be eliminated.

In answer to an inquiry from The LEADER at the time budget requests were being drawn, the department stated it had asked for the money.

However, in a letter to William McDonough, of the Civil Service Employees Association last month, Deputy Commissioner Dr. Arthur W. Pense wrote that "personnel appropriations for the Department are made in lump sum" form, rather than line item, and determination of how the appropriation would be split up has not yet been made.

As far as can be ascertained the situation to date is this:

Brooklyn State Hospital Employees protested that because of the distance they must travel to work, and for other reasons, they often were present at the hospital 10 or 11 hours in order to get in their eight hours working time.

The Personnel Relations Board found justice in their complaint and after consultation with Department heads asked for elimination of the split shift as soon as funds were available.

Apparently the Department did get an increased personnel appropriation this year with an eye toward accomplishing that aim.

Now that the personnel money has been granted the Division of the Budget and the Department must determine the manner in which it is to be spent.

That has not yet been done, so the question of when the split shift will be eliminated remains up in the air.

The first annual banquet of the Gowanda State Hospital men's and women's bowling leagues was

held April 19, followed by a dancing party at the V.F.W. club rooms in Gowanda. The party was acclaimed a huge success, which was attributed to the excellent planning and management of the general chairman, Harold L. Kumpf.

After a fine dinner, Dr. R. V. Foster, Director, addressed the group, expressing appreciation of the fellowship and sportsmanship produced by this new leagues and also confidence that the ensuing years will be equally successful. Dr. E. H. Mudge, Assistant Director, responded in his usual inimitable style.

Don Smith, proprietor of Don's Ten Pin Alleys, presented his trophy to the women's championship team, the Cafeteria Hot Shots; accepted by Sally Mancuso, captain. A trophy from the Gowanda State Hospital league was presented by Bette Connolly, league president, to the winning team. This year's league officers: Bette Connolly, president; Arlean Crouse, vice president; Florence Wolcz, secretary, Ina Salisbury, treasurer. Officers for next season: Eleanor Borowski president; Genevieve Eiseline, vice-president; Jennie Widgay, secretary; Olive Kumpf, treasurer, Phyllis Kennigott, sergeant-at-arms.

Mr. Smith presented his trophy to Theodore Borowski, team captain of the Allied Merchants Laundry team, league champions. Ernest C. Palcic presented the league trophy to the winning team. They were also given the ABC Championship Certificate and arm bands.

Mr. Palcic also awarded to Willis Knuth an ABC engraved plaque for the most improved bowler of the year in the men's league.

Officers for the current year: E. C. Palcic, president; Ted Borowski, vice-president; Robert E. Colburn, treasurer; Robert E. Hart, secretary. Announcement was made of officers for the next season as follows: Ted Borowski, president; E. C. Palcic, vice-president; R. E.

Colburn, treasurer, R. E. Hart, secretary.

Dr. Mudge presented to Mr. Palcic a scroll signed by all the participating bowlers in both leagues, attesting to their appreciation for his inaugurating the bowling leagues. During the past year 24 teams were organized among hospital employees, sixteen teams in the men's league and eight teams in a women's league. This was a new venture in the history of the hospital. While some were skeptical at the beginning of the season, a wonderful time was had during the year and each one is looking forward to the new season.

Team sponsors were introduced by team captains and prize money was distributed by the treasurers of the respective leagues. A total of \$475 for the men's league and \$256 for the women was awarded.

## Binghamton

A FAREWELL luncheon was given in honor of Lillian Jones from the Laundry at Binghamton State Hospital by 22 of her fellow-workers. After 25 year of faithful service, she is retiring to join the ranks of "Pensioners." A gift of money was presented to her by Thomas Edwards. She will be greatly missed by her many friends. The best of good wishes and all the luck in the world go with her from the "Gang."

Mildred Spoor, Genevieve Reardon, Orpha Walker, Regina Sheehan, Mary Greene, Blanche Edwards and Anna Romania are attending a workshop at Marcy.

Members of the last group were pleased to have seen Rose Maney, principal of Utica, who was a former instructor here.

Mrs. Anna Noonan, who went with the last group, suffered a muscle strain in the back while there and had to be hospitalized. She is back on duty and recovering slowly.

Mae Connors had her second bout of pneumonia this winter.

## Callahan, Shea to Shift Their Roles?

ALBANY, May 5 — For the second time, Daniel Shea, who long has been personnel chief of the Mental Hygiene Department, has failed a civil service examination for Director of Mental Hygiene Personnel. William Callahan, who now holds the assistant directorship as a provisional, and who failed the exam last year, passed the present examination. He was number 3 on a four-man list.

Those who passed the test are:  
1. Granvill Hills  
2. William B. Killian  
3. William Callahan  
4. David S. Price

With the exception of Mr. Callahan, all those on the list are now employed in the State Classification and Compensation Division. Mr. Hills and Mr. Killian were on the first eligible list, but neither was appointed. Since that was a two-man list, the Mental Hygiene Department had the right under the law, to refuse to use it. It now has a four-man list.

**Reverse Roles**  
If the department, as appears likely, still refuses to appoint Hills and Killian, it can reach Mr. Callahan and name him Director of Mental Hygiene Personnel.

This will leave a vacancy in the assistant directorship, now held by Mr. Callahan. The department can use this list to fill the assistant directorship. There is speculation in Albany, however, that Mr. Shea will be named assistant director as a provisional. In that case, Mr. Callahan and Mr. Shea would be reversing roles.

Others ill are Virginia Chaffee, Mary Pendergast, Sam Davey and La Verne Cole.

John "Pete" Smith has been given the duties of Night Supervisor recently left by the late Kenneth Daby. Congratulations.

Sympathy is extended to Delia Dunphey whose husband died recently.

Marian Marks is starting her vacation but, wants to remind all gals that the Girls Softball Team will soon be formed. All those interested please contact her.

George Doyen, Engineer from the Public Works Department in Albany went to Florida where he met Jane Blossom of New York City. They are to be married May 3. Ah! Spring.

## Middletown State Hospital

THE MIDDLETOWN State Hospital chapter, CSEA, entertained more than 150 members and friends at a spaghetti supper and dance on April 24. Visitors were present from Harlem Valley State Hospital, Sing Sing Prison and Orange County Public Works. Awards were made to Katherine Bedford, Jesse Babb, Elmer Smith, Dewey Van Keuren, Madeline Mazuk, James Boyd, Tillie Kowalik and Alberta Adams.

By coincidence the date selected for the supper also marked an Anniversary for two members. Cornelius C. Colesanti, sr. business officer, was celebrating 31 years in State service. He became a State employee on April 24, 1921 at Middletown State Hospital.

Mr. Colesanti was paymaster when he resigned in 1938 to go to Harlem Valley State Hospital as assistant steward. Next he became steward at Creedmoor State Hospital on March 1, 1939. On August 1, 1945 he returned to Middletown as Sr. Business Officer.

Also celebrating an anniversary was Margaret Howe, a stenographer. Miss Howe, known to her friends as Peggy, entered State service April 24, 1941 at Middletown.

All kitchen employees are planning an appeal for upgrading of salaries. Each separate group has chosen its committee. Chairmen are:

Kitchen Helper: Faust Pugliese. Assistant Cooks: William Brasted.

Cooks: Clarence Lokey.

Head Cooks: John Walker.

A resolutions committee has been appointed. Members should present their requests to the committee prior to May 15th, for report at the regular meeting on May 21. The committee consists of: John O'Brien, chairman; William Brasted, Ernest Churchill, Raymond Swope, Paul Hayes, Edward Little.

The Women's Bowling League completed the season with a banquet at the Flo-Jean in Port Jervis. (Continued on page 5)

**New York City**

**THE NEW YORK CITY** chapter, CSEA, feels that because of the rapid growth and the many locations of the Division of Placement and Unemployment Insurance Units of the Chapter, a plan should be devised whereby the various offices may be represented on the Executive Committee of the New York City Chapter.

Sol Bendet, chapter president, has suggested that the employee members in the various offices choose a representative from each office to attend the executive committee meetings, so that a report may be made to the individual members of what transpired at each meeting. If necessary, Mr. Bendet is willing to have a representative chosen from the NYSES Division and a representative from the Unemployment Insurance Division of each office. Each office as it chooses its representative or representatives is requested to communicate the name and address of the representative or representatives to Mr. Bendet, at Room 905, 80 Centre Street, New

York City, so that notices of meetings may be sent to them.

Mr. Bendet also suggests that any other division of the New York City Chapter which believes it should be treated in the same manner, communicate with him so that proper arrangements can be made.

**State Insurance Fund**

**THE SPRING DANCE**, entertainment and installation of off-Grand social success of the State cers, held on April 25th was the Insurance Fund chapter, CSEA. All who attended enjoyed the evening and participated wholeheartedly in the featured square dancing. The music was furnished by Bill Dillon and his sister. The caller really knew her stuff and soon had everyone promenading with enthusiasm.

High point of the evening was installation of the newly-elected officers by Charles Culyer, Association field representative.

Mr. Culyer commended the chapter on the rapid rise of its membership and for the policies that had brought this about. He pointed to the recognition accorded by State officials in negotiations with the Association and to the many achievements. Mr. Culyer outlined the great progress made by the Association in the field of retirement benefit legislation. He indicated that it will proceed with negotiation on the question of whether State employees become members of the Social Security system.

Mr. Culyer then administered the oath of office to the new officers in an impressive ceremony. The following are the newly-installed officers: president, William Price; first vice president, William Dillon; second vice president, Edmund O'Donnell; treasurer, Alex Greenberg; recording secretary, Gertrude Murphy; corresponding secretary, Yola Tentone; financial secretary, William Joyce; sergeant

at Arms, Edward Carolan. All join in wishing them the best of luck in their forthcoming administration.

One of the first official announcements made by Bill Price is that an executive board meeting will be held on Monday, May 12, 5:15 p.m., at the Hotel Nassau, NYC. It is expected that the forward-looking policies of the chapter will continue as they have in the past.

Fundites are advised that beginner and advanced courses in Drawing and Painting are now available evenings at 7 P.M. at the Brooklyn Technical High School, Ft. Greene Place and De Kalb Avenue. The instructor is the able Fundite, Irwin Schlossberg. All those interested should contact him.

In the Bowling League, the Orphans have increased their lead over the Claims Srs. by 2 points to 8½ points. They did this by winning 3 points from the Policyholders, while the Claims Srs. could take only one point from the Personnel team.

The teams are still in there fighting and will continue to do so right down to the wire on May 13th. Team standings as of this meeting are as follows:

Team	W	L	Pts.

Preparations are being made for the Annual Bowling Dinner on May 29th. At this dinner, Bill Price, Chapter president, and a kegler himself, will present the Trophy donated by the Chapter to the winning team in the Bowling League.

This affair is conceded generally to be one of the best social events of the year. Fundites and their friends are welcome and many non-bowlers are expected to attend. This year the event will have movies of the bowlers in action to offer as an extra attraction. All should have a grand time. For tickets, Fundites should see their team representative in their Department.

Congratulations are in order to Bert Warm upon the birth of his daughter, Linda Jane. Now his son Larry has a baby sister.

tion was held Saturday evening, April 26, at Wayside Inn. The guest speakers were Assemblyman Robert Wamsley and CSEA field representative Charles R. Culyer. Mr. Wamsley's genial presence was a welcome asset to the party. The employees enjoyed Mr. Culyer's talk and were pleased to have the opportunity of closer contact with someone from headquarters.

Both the old and new officers and group representatives were guests of the chapter. Dr. Watts, a senior member of the staff, and former chapter president, presided over the installation of the new officers. Joseph B. June, retiring president, gave the welcoming speech and acted as master of ceremonies. **Laboratories and Research**

**THE ANNUAL DINNER-DANCE** sponsored by the Laboratory and Research chapter, CSEA, has once again entered the records as a huge success.

This year the affair was held on Saturday night, April 26, at Reich's Restaurant on the Albany-Saratoga Road, and a wise choice it was, indeed, for the turkey dinner served was excellent, superbly served.

Success of the affair was due in large part to the diligent work of Mary Salm, chairman of the committee, and her able staff, Irene Chicoine, John Heffernan, Anne Hanson and Carrie Ferguson, with a noble assist from Miss Jeri Ruddy, who was instrumental in obtaining the locale.

The officers, members of the chapter and the chairman of the membership committee wish to present the success of this annual affair as an added incentive, to non-members at the Laboratory, to join the group for the good-will and fellowship that invariably accompany these outings.

## The Meat-Axe Philosophers

TAKE the meat-axe philosophy of dealing with personnel. The meat-axe philosophy holds that when you want to reduce the number of employees in a department, you get out the meat-axe and just chop. The theory is embodied in what will go down in history as the Jensen rider. This is a piece of business which gets added on to legislation providing appropriations for a department.

Here is how it works in a specific case. The House of Representatives voted to slash the number of employees in the Labor Department and the Federal Security Agency by 5 percent. Then a Jensen rider was added, providing that the two agencies could fill only one out of four vacancies until the staff fell to 85 percent of this reduced level. The mathematicians tell us that this adds up to a 20 percent cut in personnel.

Now in committee they're haggling as to whether the 5 percent reduction they started out with should really be 20 percent or only 10 percent.

You're mystified? You're wondering how government can work this way? You ask how a department can fill desperately-needed jobs? You can't see how it's possible to recruit for government under such conditions? You don't understand what happened to the old idea of a secure government position? You're aghast at job-filling by percentage cuts?

You'd better speak to Congressman Jensen and his fellow meat-axe philosophers in the House of Representatives. They'll give you a fine metaphysical explanation.

## State Health Dept. Aides Deserve Wide Applause

EMPLOYEES of the Albany office, State Health Department, deserve the applause of all for their action in volunteering to give their blood—100 pints of it. The action is not unusual; civil service employees, so often castigated and harassed by ignorant and malicious persons, will nevertheless be found in the forefront of nearly every important civic and good-citizen activity. What particularly impresses us about the Health Department blood parade is that it is encompassing all segments of the department from commissioners to clerks.

## Question, Please

### Sick-Leave Pay Taxable

I WAS MUCH interested in the statement made in one of the U. S. income tax articles that The LEADER published that sickness pay may be tax-free. Please explain.—W.H.C.

In December, 1950 the U. S. Internal Revenue Bureau issued a ruling on the subject. In general, it dealt with effect of disability pay on taxation. If an employee was unable to work because of disability, and the employer continued to pay him, not as compensation, but as a sort of gift, tax-freedom could result. Gifts are not taxable. Also, the benefits of sickness insurance are not taxable. But pay received for the time one is temporarily or occasionally absent from work would be compensation and tax-

able. Weekly or monthly amounts, for instance, even if exactly equaling former salary, would not be taxable, where the employee was unable to work because of physical or mental disability, and especially if there was no prospect of his return to work. The sickness has to be of a probably permanent nature. The employer could be paying money he was not bound to pay, or could be paying it under a disability plan. But under sick leave plans, and other such methods relating to temporary or occasional absences arising from illness, no tax-freedom arises. The employer simply continues to pay the employee's salary, and salary is compensation, hence taxable. The other is not compensation and does not even have to be reported.

reactions—ever imagined. Every candidate who wants to be President will need Kefauver as an asset in the second spot. He gives the impression of homespun honesty, and offsets the issue of corruption which worries the Democratic regulars. His Will Rogers type of personality bears a glamor of its own, helping against another kind of glamor possessed by Eisenhower.

### Won't Take Second Spot

Kefauver's intimates—New York's Nathan Straus and Rudolph Halley—say he won't take the second spot. They feel the run is sufficiently tough, especially if the Republican candidate is to be Eisenhower; and, they add, as long as he is making the race, he might as well try for the jackpot. Nevertheless, when convention time comes around, and the fabulous pressures and blandishment begin to do their work, and it's either second spot or nothing, any Senator from Tennessee would be more than human to insist on the jackpot. This column's questionnaire of the hardthinking New York State political newswriters (printed last week) indicated that Kefauver is considered top man among the people. But vast and irrepressible influences are always at work in the American political party mechanism, and all factors now point to the number 2 spot for Kefauver. This would represent a kind of compromise between the insistent bid which Kefauver is making and the hostility of the party machinery.

### Who In No. 1 Spot?

If this analysis is correct, the second question is: With whom will Kefauver run?

Of the present extensive roster, three names emerge most insistently: Averell Harriman, while not yet widely and intimately known by the people, is what the politicians call a "decent-looking" man. Although a close Truman associate, he stands high above the "crime, communism, and corruption" charge which will form a keystone of the GOP attack on the Democratic administration, and the name Harriman buttresses this above-the-battle atmosphere. A wealthy man, of unimpeachable integrity, he is yet acceptable to the liberals. He has wide experience in government, and a record of knowing how to deal with foreign nations. His two additional assets: Truman and New York State Democratic chairman Paul E. Fitzpatrick are in his corner. This column's questionnaire of newspapermen indicated that Harriman became stronger when it was known that he was definitely in the race. His prime liabilities are these: he is little known, and he is not a good speech-maker.

### Stevenson and Arvey

Adlai Stevenson: Even though he has said No, there are persons close to Illinois boss Jake Arvey who say that he will run. In his own State, there's a dilemma. The Democrats there feel he's the only Democrat who can win in

# DON'T REPEAT THIS

the State gubernatorial election, so it's vital for the Illinois Democratic machine to have him on the ticket. Although working in an aura of machine politics, Stevenson has managed to create the impression that he is a good-government man. In fact, boss Arvey has been quoted as saying: "This man gives me nothing and I take it from him. I act as his messenger boy and I like it." Stevenson's reluctance to run is based on four lines of thought: (1) Eisenhower may be too tough to beat; (2) Illinois needs him; (3) his marital problems—he is divorced—might come up to plague him; and (4) he once answered a deposition about Alger Hiss, and this might make sharp ammunition against him. The third and fourth points are personal, and politicians tend to discount them. His divorce was not a loud, raucous affair, and word has gone out that his official duties absorbed him so thoroughly as to leave little time for family life. And his confidantes say there is a perfectly good explanation in the Hiss matter.

Stevenson's assets are these: he has made an excellent record as Governor, he is a top-drawer speaker and campaigner; his personality is engaging; he is a brilliant administrator and has a wide knowledge of domestic and foreign affairs. He stands high in the opinion of New York State's political newswriters queried by this column.

### Truman Definitely Out?

Harry Truman: A persistent segment of Democratic opinion holds that Truman will yet himself be the candidate. He's a meteoric person: if his dander is up,

## New Edition of Little Green Book Aids Job-Seekers

A new edition of the Little Green Book, the official directory published by NYC, is now on sale. Though the size has increased, and the cost of production has soared, the price is still \$1. The City sells the book at a loss, as a public service, and the only place you can get it is at the office of the City Record, Room 2213, Municipal Building, Chambers and Centre Streets, Manhattan. Each year the volume is a sell-out and many thousands are disappointed because they didn't act sooner to get a copy.

Among those disappointed are candidates for appointment or promotion in public jobs, since the book contains the answers to many questions that crop up in exams, indicating that examiners must look to it as a source of inspiration for test questions.

William Viertel, editor of The City Record, edits the Little Green Book, too. He reports that the indexing in the new volume occupies 114 pages. The whole first edition, in 1918, contained a total of 111 pages, including index.

if he gets sufficiently mad, he might reverse himself and say "O.K. I run!" He might well be tempted to do so if the Republican candidate is someone other than Eisenhower.

If Truman should be the candidate to succeed himself, Kefauver would be an asset to him in the vice-presidential spot. The Tennessean would help take the corruption issue out of the campaign. A deal is being dreamed up by some of the wishful Democratic thinkers in which the slate is Truman and Kefauver, with Barkley shifting over to be Secretary of State. Such a suggestion would have to come from Barkley himself. "Nobody is strong enough to put the old man out," said one hard-bitten Washington politico, "he's too popular."

### Question About Ike

Some of the political strategists are quietly asking: "Why is Eisenhower running as a Republican? True, the odds favor him, but not by too much. You can't count the Democrats out. There are too many of them. We found that out in '48." This argument goes on like this: If Eisenhower had run as a Democrat, his election would not only have been assured, but would be overwhelming—1000 to one shot. If his friend George Allen had conveyed to him that Truman would have liked him to run, Eisenhower was not so strongly a Republican as to turn down the Democratic nomination on principle. By the conservatives, he is considered even less a Republican than Wendell Willkie, who was once a Democratic County Committeeman, in New York's silk stocking district. Eisenhower isn't a professional Republican. Why did he decide to take the Republican nomination rather than the Democratic?

Perhaps he didn't trust Truman. Perhaps Truman didn't make the offer to him as definite as some newspapers reported. Maybe Truman DID intend to run himself and was seeking a way to checkmate Ike.

### It's Ike and Warren

It appears to this column that the New York State newspapermen in their response to our questionnaire are correct: that the Republican slate will be Eisenhower and Warren. But to jump from this to the conclusion that this slate is certain to be elected—that does not hold up. Eisenhower is now at the top of his popularity. He cannot rise; he can only go the other way. Moreover, he is weakened by the deep rift within the GOP—a rift as great as that which rends the northern and the southern Democrats. How, for example, will Taft respond to an Eisenhower candidacy? How will he really respond—not verbally? Will Taft and MacArthur forces really work for Eisenhower's election—or will they provide a knife? Today, under a Democratic administration, Taft is still one of the most important men in the country. With the Eisenhower-Dewey forces in control, he would be far weaker.

# Institute Proposed to Train Fire Officers in N.Y. State

A project that is likely to cause a good deal of discussing among fire officers is a proposed plan for a fire chiefs institute in New York State. It was outlined in a Columbia University study made by Leonard C. Silvern.

This study undertakes to set up an educational blueprint from which a fire officer development program could be constructed.

The proposed plan deals with a Fire Chiefs Institute designed to train firemen and fire officers for the administrative tasks which are encountered daily by supervision and management in every modern fire department.

### 500 Attended Discussion

Studies were made of training programs during the last twenty years. Approximately five hundred fire officers representing every county in the State attended a panel discussion of the problem: "Is there a need for training fire chiefs and senior officers in fire administration in the State of New York?" More than two hundred informal meetings and conferences were conducted with members of the New York State Association of

Fire Chiefs. Informal, living-room type discussions with selected persons and organized conferences in the State Bureau of Fire Mobilization and Control were held to isolate and study fire administration problems and to obtain data.

An advisory group of selected fire officials provided technical fire guidance and critically examined and analyzed proposals made by the author.

Occupational analyses were made of a number of fire officer positions and a composite analysis of fire chief was obtained. Educational criteria were established based upon these occupational studies, and the status of present training programs was investigated using these criteria.

The organization of the Fire Chiefs Institute, the proposed curricula, and the operating policies were established and were reviewed by the Advisory Group of fire officials. Model legislation was included to permit legislative action to create the Institute.

The study was sufficiently comprehensive to make these conclusions and recommendations:

1. Fire departments are not in step with changes in the average community.
2. Fire department administration is increasing in complexity.
3. Present officer training programs are inadequate.
4. Fire officers are anxious to receive training in fire administration.
5. The State of New York must take the initiative in establishing training programs in fire administration.
6. Leadership development should be a primary objective of the Fire Chiefs Institute.
7. An institute-type organization will provide the educational medium to achieve the leadership development objectives.
8. Curricula of the Institute must be progressive and practical.
9. The Fire Chiefs Institute will require financial aid.
10. Model Legislation incorporated in the study will provide the necessary organizational and operational authority.

## Dannemora State Hospital

**OFFICERS** and members of the Dannemora State Hospital chapter, CSEA, extend their sympathy to the family of Emmett L. Ryan, who died recently. Emmett was the stonemason here for the past twenty-two years. A large delegation of uniformed personnel headed by Supervisor Erwin Goddeau paid respects and recited the rosary, led by chapter president Howard J. St. Clair. On the day of the funeral, a large group of the uniformed personnel attended the services at St. James' Church in Cadyville. Stewart Tedford and Neil Latourelle were active pallbearers.

The mess-hall gang is nearly all back to par with the return to duty of Kenneth Hackett and John Kearney after long sieges of illness. Lewis Smart is now convalescing at his home after undergoing major surgery at a Boston hospital. Hurry and get well, Lewis!

Welcome back to duty from the session of aches and pains Everett Peno, Charles Barber and Clifton Everleth.

Easterime vacationists included Wesley Laporte and Mrs. Laporte, who toured in Florida. Raymond Martin and his wife flew to Washington, D. C.

The first of the attendants to transfer back from Matteawan was Leon Lagree. Leon also chalked up another first with the birth of his daughter recently. Our congratulations to mother, dad and baby.

Although this is a bit late, we extend congratulations to Mr. and Mrs. Wilfred Carter on the birth of their twins.

The coming annual K. C. communion breakfast is under the chairmanship of Edgar Kennedy. He and his committee are now at work making this a spiritual as well as a social success.

Followers of Sir Isaac Walton are all busy these days after the elusive trout. So far, cold weather and high water have kept catches to a minimum, although John Bigelow came in with a nice mess of rainbows. From here on, it will be about the one that got away.

The latest addition to the uniformed personnel is Lynn King. Welcome aboard! Lynn has accepted temporary appointment while Arthur Renadette is doing his stint for Uncle Sam in the Marine Corp.

Three former Attendants have taken their permanent appointments at Matteawan. They are Bernard Brunell, Robert Beauchemin and Gilbert Darrah.

The newest promotion from the list of senior attendants is that of Wallace LaCount, who has taken over his duties on 8 on the late shift. Michael Dutko after an eleven year hitch on nights has been assigned to 7 as Senior Attendant on the afternoon shift.

Preliminary results from the Chest X-rays are back and six employees will be required to have a re-check. Dr. Shaw deserves the wholehearted thanks of all the institution's personnel for making this wonderful service available to everyone here at this hospital.

See where Glen Sorrell is preparing for his summer chores of softball and other summer sports for the inmate population. It would appear that Paul Rabatoy has fallen heir to Glen's winter job with the construction crews.

The new civil service list for principal stores clerk includes the name of our own Leonard Welsh. Friends of some of our personnel also are on this list. They are: Daniel Cordick of Ogdensburg and Raymond Rushlow of Rome. Congratulations to them all.

Due to the lack of official grievances, the group of members elected to serve on the employees unit panel will serve for another year. This permission was granted by the Commissioner's office. The non-custodial group consists of: Anthony Andreoli; Roy Gordon, Russell Lyman and Leonard Welsh. The members of the Custodial Group are: Charles FitzPatrick, Albert Foster, Carlton Gilroy, Kenneth Gonyea, Wallace Haley, Frank Hunt, John Kourofsky, Kenneth Laundry, John Phillips and Howard St. Clair.

It is encouraging to note that the problem of a salary re-allocation from G-8 to G-10 is being kept alive. It is the sincere hope that the matter will be brought to a successful conclusion in the not-too-distant future. Employees are now awaiting word from the Classification and Compensation

Division. Commissioner Donoyan has gone on record as being in favor of the upgrading without any change in the organizational set-up with regard to the elimination of the senior attendant grade.

## Chemung County

**THE NOMINATING** committee of the Chemung County chapter, CSEA, presented the following slate: 1st vice president, Charles Hunter and Charles Mofte; 2nd vice president Francis Howard and Albert DeRenzo; 3rd vice president, Hazel Payne and James Hennessey; corresponding secretary, Jean Sheahan; recording secretary, Madalene Sanstead; treasurer, Clara Radley; sergeant-at-arms, William O'Connell; and chapter representative, Anthony Giordano. Additional nominations were to be made from the floor. The nomination for president was to be made that way. The nominating committee intended to propose Kenneth West for that office, but a change in his future plans made it impracticable to enter his name. The committee consisted of Jesse Hungerford, chairman; Marion Goldsmith, co-chairman; William O'Connell, Kathryn McNamara, Francis Howard, Charles Mofte, Edward Lane and Margaret Collins.

A card party was held on Monday at Trinity Club House. Mary Sarcone and Sarah Bisbee were co-chairmen for the county; Mr. Giordano and Edward Lane co-

chairmen for the city. The ticket captains were Helen Larson, Welfare; Margaret Collins, Health Center; Ruth May, License Bureau; Ann Manzak, County Nurses; Albert DeRenzo, City Yards; James Hennessey, Water Board; Clara Radley, Welfare; William O'Connell, City Yards; William Denton, Highway Office.

The annual banquet will be held on Thursday night, May 15, in the Mark Twain Hotel. Tickets are \$2.50 each. Reservations must be in by May 12. William Denton, Clara Radley, Edward Lane, Albert DeRenzo, Mary Thomas and Charles Mofte are accepting them. The County Highway Department has painted and stored its snow plows.

Tom Clerio of the City Yards went trout-fishing recently. The City Yards and the City Maintenance departments now have a 100 per cent membership record in the chapter, sharing the honors with the officers of the City Sealer, Dog Warden, District Attorney, County Clerk, Veterans Service, Public Health Nurses and Airport, and the Purchasing and Probation departments.

New employees: Mrs. Irene K. Nagle, County health nurse; Mrs. Evangeline Rice, Audit Division, Welfare Department.

Anne Berry of the Child Welfare department became engaged to Wayne Bryant. The chapter extends best wishes to them.

Katherine Biggs of the Water Board has returned from a two-weeks trip to Florida.

The License Bureau reports that Harriet Hyde has been ill for nearly two months and they miss her very much! The chapter hopes she is on the way to recovery.

Gert Elliott, a Welfare case worker, is attending the D. A. R. national convention in Washington and expects to have tea in the White House with Mrs. Truman.

Rosemary Connelly, also of the Welfare department, is a patient in St. Joseph's Hospital. The chapter hopes that she, too, will soon return to work.

Frank Troccia is back to work at the Airport after a three-week hospitalization.

## Metropolitan Armories

**AN EXECUTIVE BOARD** meeting of the Armory Employees chapter, Metropolitan Area, was held at the Squadron A Armory on May 1.

Delegates of the chapter to attend the Armory Employees Conference at Newburgh State Armory on May 8 and 9 are Henry Clark, George Fisher, Frank Wallace; Past Chapter Presidents Frank M. Gonsalves and Jack De Lisi, and Jack Broitman (alternate). Bill Maher, chapter president, will be unable to attend because of military duty. He stressed the importance of economizing on expenses. Mr. Maher had presented a box of "C" Rations to the delegation.

Frank Wallace, the chapter ex-

ecutive secretary, announces that the Hudson Valley chapter of Armory Employees will be the host this year at the Conference and they're going all out to make it a big success. If you haven't made plans to date to attend the Luncheon and meeting, there's still ample time, so buckle down and show Hudson Valley that we are in there supporting them wholeheartedly.

The delegation is looking forward to seeing Jim Deuchar, the past president, who will also attend the Conference.

Mrs. George Fisher has extended her thanks to the chapter for remembering her and is at present convalescing at home. Here's hoping for a very speedy recovery.

Frank F. Diskin and Michael Hladun are back from Sick Bay. Nice to see their smiling faces again.

# Police M. D. a Humor Editor

A unique and amusing publication has been prepared by a group of physicians determined to show that medical men have as excellent a sense of humor as any other group.

Entitled "The New Gawalter," the publication is a take-off—in appearance and content—on the New Yorker Magazine. It was prepared by the officers and associated alumni of the Mount Sinai Hospital in New York City, under an editorial board headed by NYC Police Surgeon William M. Hitzig, M.D. Typical of its subtle humors

is the description of plays. "Veins Observed" is the title of one such description, a take-off on the successful play "Venus Observed." Another description is of a mythical play called "The Shreck," and the description is: "An emotional portrayal of a patient receiving a surgeon's bill."

The publication was issued in connection with an anniversary marking 100 years of teamwork by illustrious men of good will in the medical profession.

The cover illustration is of Ralph Colp, a former Police surgeon.

# State Grants Four Weeks' Vacation to Returning Vets

ALBANY, May 5—State employees who return to their positions from military leave will be given a year's credit, and four weeks' vacation for such credit, J. Edward Conway, President of the

State Civil Service Commission, said in a memorandum to all appointing officers.

"The question has arisen," wrote Mr. Conway, "as to vacation allowance to be granted to veterans currently being reinstated in State service on return from military leave."

"Continuing the policy adopted following World War II, a full year's vacation credit of four weeks is authorized for such vet-

erans, irrespective of accumulated credit heretofore required.

"This memorandum is not to be interpreted as the basis for allowing vacations in excess of four weeks. A total of four weeks only is authorized for a given full year, including vacation credits that have been accumulated for this year."

The vacation allowance for veterans was urged by the Civil Service Employees Association.

## \$50,000 A YEAR MAN PROPOSED AS TRUMAN AIDE

WASHINGTON, May 5 — A proposal that a topflight management expert from private industry be brought into government at a salary of \$50,000 a year to serve on the President's staff and spur better management efforts among Federal agencies, was advanced by Robert Ramspeck, chairman of the U. S. Civil Service Commission.

## NO DECISION ON HOT WEATHER

ALBANY, May 5 — To get off or not to get off when the weather is hot? The State Civil Service Commission, debating this weighty problem, decided to hold it over until next month's meeting, May 20-22.

# Course for NYC Welfare Promotion Will Be Given By Celebrated Teacher

A new course given by Miss Sarah Barish to prepare candidates for the forthcoming NYC Assistant Supervisor, Grade 2 (Welfare) examination will begin Wednesday, May 14, it was this week announced by the Civil Service Division, School of Industrial Technology.

The Municipal Civil Service Commission has announced filing for this examination will take place in June.

### Outstanding Teacher

Miss Barish is a case supervisor in the NYC Welfare Department and has won wide acclaim as a teacher of supervision in her eighteen years with the agency.

Formerly Director of Adult Education for the Stuyvesant Neighborhood House, Miss Barish lectured ten years for the Child Study Association, and taught orienta-

tion classes for refugee physicians under the auspices of the Committee for Refugee Education.

The School of Industrial Technology, sponsor of the promotion course, operates under the supervision of the State Department of Education. It is located at 290 Seventh Avenue, NYC, and information about the course may be obtained there.

# Mamaroneck Aides Seek \$300 Pay Rise

MAMARONECK, May 5—A request for an increase of \$300 in total pay was proposed for Village employees at the Budget Hearing of the Village of Mamaroneck by Ivan S. Flood, president of Westchester Chapter, CSEA, and Chas. R. Culyer, filed representative of the Civil Service Employees Association. The Association representatives proposed that the present \$250 emergency compensation be continued and that an additional \$300 be added to the base pay of the employees. This proposal is \$100 more than is provided in the tentative Village Budget, which contemplates adding \$200 more emergency compensation to the present \$250 for a total of \$450, with no increase in base pay of the employees.

The meeting was held on Monday, April 28 and the representatives of the Civil Service Employees Association appeared on behalf of more than 30 Village employees who have recently become members of the Association. Organization of a local Unit of Westchester Chapter, including employees of the Village and Town of Mamaroneck, Westchester Joint Water Works, school employees and other public employees in the area is now under way. Conversations have been held by Mr. Culyer with Village Manager William Johnson, Town Supervisor Owen A. Mandeville and other area officials.

Final Report On Dewey's Bill Actions

The following completes the weekly publication of digests of bills on which Governor Thomas E. Dewey acted. The last day for him to act has passed. The LEADER has carried a full record of the Governor's actions on all civil service bills submitted to him by the Legislature. ENACTED (The number at the end of each item is the chapter of the Laws of 1952). Approved. Authorization of examination by their personal physicians of teachers and other employees of school districts outside NYC, as to mental and physical capacity to perform their duties. (668). Approved. Increase in the number of Justice of the Supreme Court, Fourth Judicial District. (764). Approved. Amended rules for the formation of central school districts. (766). Approved. Authorization of bond issues, and administration of office and buildings, Industrial Exhibit Authority. (767). Approved. Extension of admissibility to the New York State Employees Retirement System of veterans who were not actually residents of New York State at the time of their entry into the armed forces but who are or were or become employees of a participating employer created under an agreement with New York State and any other State. (804). Approved. Broadening right to make claims for service prior to 1920 for credit in the New York State Teachers Retirement System. (817). VETOED. Disapproved. Requirement that any public officer indicted for a crime concerning the conduct of his office or the performance of his official duties shall be immediately suspended without pay until the indictment is dismissed or he is acquitted after trial. Disapproved. Four bills that would modify pension coverage in police pension systems in towns and villages in Westchester County. The bills would provide greater benefits than are provided by actuarial systems, whereas the Westchester systems at stake are not actuarial, and are already closed to new entrants, according to the Governor. Disapproved. A bill to provide permanent status to persons employed by the City of Buffalo for not less than three years. The Governor said the bill was objectionable from a constitutional viewpoint, as attempting to freeze into permanent jobs persons who passed no exam. Disapproved. A bill to provide insurance for volunteer firemen. Disapproved. A bill to change the titles of employees in temporary State commissions. Disapproved. Two bills that sought to confer permanent civil service status on a confidential attendant to a Supreme Court Justice in NYC. The attendant has held the job 20 years. Disapproved. Bills that would allow each Judge of the Court of General Sessions, NYC, to appoint an attendant, and blanketing into civil service such appointees after 10 years' service. Disapproved. Four bills intended to permit the closing of county offices on Saturdays.

# The Federal Employee

WASHINGTON, May 5. — The Senate passed the modified Whitten amendment that the House had voted, but inserted a provision exempting the Post Office Department. The new version continues limitations on permanent appointments, but clarifies the permission implied in the law as last enacted that agencies may hire permanently up to the number of permanent jobs in September, 1950, and relaxes somewhat permanent promotion restrictions. Senator John O. Pastore (R. I.) then moved to repeal the Whitten amendment entirely, but this was voted down by a voice vote. Then Senator Homer Ferguson (R., Mich.) offered the amendment exempting the Post Office Department.

**How Postal Service Fared**  
Only 13 of the 96 Senators were present when these actions were taken.

The Post Office Department has been trying hard to be exempted from the Whitten amendment, pointing out that it has been compelled to hire 28,000 temporary employees instead of 12,000 permanent ones.

It is reported that President Truman favors exempting the Post Office Department.

Senate and House conferees have been appointed and, from their preliminary talks, it appears that the House group will go along with the postal exemption.

Representative Jamie I. Whitten (D., Miss.) author of the original amendment, frankly believes that his rider will work more satisfactorily if the proposed amendments are enacted.

**NOT ONLY** do employees in the lower positions sometimes get promoted to jobs paying less than they made in the lower grade, but top officials have their pay inconsistency troubles, too. So the Senate approved \$800 raises for 37 U.S. officials who now get \$14,000 but have assistants who get \$14,800. If the bill is enacted the 37 bosses can look their aides in the eye on even terms, at least.

**Postal Promotions**  
"THE TIME has come," said Senator William Benton (D., Conn.), "when Congress must enact merit system promotions in the Post Office Department. Employees should be rewarded for the quality of their work and their years of service, not for the importance of their political connections."

The remarks were made to the Connecticut Federation of Post Office Clerks, held in Stamford, Conn., when daily newspapers

were publishing articles stating that postal inspectors are investigating charges that some postal promotions are bought.

The AFL clerks and carriers, and other postal unions, have been trying for years to obtain a merit promotion system in the department.

President Patrick J. Fitzgerald, of Local 10, NYC Federation of Post Office Clerks, told the convention that many of the improvements the AFL postal groups seek would be of positive benefit to the public, as have been goals that the associations have achieved.

Vice President Ephraim Handman of the national union, who hails from NYC, said that some proposals by the Hoover Commission threaten to lower standards of employment by allowing postmasters to establish their own eligible lists and select one out of five, in making appointments from such lists.

### New Appointment Plan

"PROBATIONAL INDEFINITE" appointments would be given to everybody appointed as the result of a competitive exam, excepting postmasters, who would continue to receive regular probational appointments, under a proposed plan of the U.S. Civil Service Commission. But the "indefinite" part of the designation would refer only to the fact that the job is not permanent, not in the "hard core" of the Federal service; the probational - indefinite appointments would carry full competitive civil service status.

"Persons who receive probational - indefinite appointments would have greater retention rights than employees who do not have competitive status," says the Commission, "but lower retention rights than employees with permanent tenure."

The permanent tenure group, or "hard core," is shrinking, the Commission reports, and regards this as somewhat alarming. The shrinkage will continue, it believes, if the present hiring method continues.

The Commission definitely declared that the nation is now in a state of emergency. It says that condition arises from the size of our armed forces and their eventual stabilization at 3,500,000. The American economy necessary to support such a large force, it adds, has to be supported by those who stay at home, who must do the best possible job. The Commission added, however, that the emergency is "limited" and may last for five, 10 or 15 years, barring a complete change in the outlook for world peace.

Clifton G. Bradshaw, an Elmira reception center guard, has graduated with a certificate in arts and sciences from the University of Buffalo. Mr. Bradshaw took a major part of his training while working at Attica State Prison, driving to Buffalo and back, a distance of about 70 miles. He is presently enrolled in the Elmira College Division of Community Education. He expects to enter Cornell in the fall.

## H. J. Mather Passes Away

H. Jonathan Mather, Director of the Metropolitan Division, New York State Department of Agriculture and Markets, died April 25th in Roosevelt Hospital, NYC, after a brief illness. Mr. Mather was 68 years old.

Mr. Mather began his career as a teacher in the rural schools of New York State. A graduate of the Albany Law School, he entered the State service on June 1, 1911, in the Department of Agriculture, which later became the Department of Agriculture and Markets. He was appointed Director of the Metropolitan Division July 20, 1936.

The daily New York City Wholesale Cut Flower Market Report was inaugurated under Mr. Mather's direction on May 22, 1937. It is the only report of its kind in the country issued by a government agency. Mr. Mather's chief interests was flower production and marketing.

Mr. Mather is survived by his wife, Eleanor; two daughters, Mrs. George Metcalfe Murray, Jr., and Mrs. Natalie Dillon; and a grandson J. Thurley Dillon, III.

(Continued from page 1) non-professional staff if this program is adopted and additional classrooms are necessary for increased school enrollments.

4th. The Board has not made any current study of salaries in neighboring schools to determine what adjustment should be made in present salaries of the non-professional employees ("To adjust . . . civil service salaries as far as possible and in line with neighboring schools"). Superintendent Larson was advised that Westchester County is having an up-to-date salary survey covering the cities of Westchester County, made by the Association's Wage Analyst, so that these facts may be presented to the Board of Education.

5th. Superintendent Larson stated that if the proposition was voted on favorably it would take at least 60 days to make the necessary studies as to the disposition of the money realized from the additional bond issue.

The Association is deeply interested in making sure that the interests of its members employed in the school system are properly protected and that their wage scales and working conditions are on a par with other Westchester school systems. Although the Board of Education has not yet granted this Association the privilege of representing its members at Board meetings, the Association's representative will ask for meetings with Superintendent Larson whenever such meetings are deemed necessary in its members' interests.

Mr. Hollister also talked on membership, announcing that he had turned the question of increased membership over to Dr. Wenzl, President of the Education Department, Albany Chapter and Dr. Bair, Representative of the Education Department on the Association's Board of Directors.

Paul Swartwood, member of the Association's Resolution Committee, gave a report on the Central Conference meeting in Oneonta and reported on legislation.

## Oneonta

HERE'S an additional version of the fine Oneonta chapter meeting held on Saturday, April 19, at the Hotel Oneonta. About 170 members and guests attended. Francis Kozloski, an employee of Homer Folks Hospital, whose engagement to Miss Katherine Mattis was announced during the evening, provided a most able toastmaster and, in addition, lead the group singing during the dinner.

Principal speakers were Jesse B. McFarland, president of the Civil Service Employees Association and Paul L. Talbot, Otsego County Assemblyman of Burlington Flats, who spoke briefly on the legislative session. Mr. Talbot, well-known for his "way with an anecdote" did not disappoint the diners. Others who spoke briefly were: Janet Hill Gordon, Chenango County Assemblywoman; Richard Knauf, Broome County Assemblyman; Roger G. Hughes, Mayor of Oneonta; John F. Powers, 1st Vice President, CSEA; Ernest Conlon, 4th Vice President, CSEA; Charlotte Clapper, Secretary, CSEA; Charles J. Hall, Representative from the Department of Public Works; Dr. David Schneider, Chairman of the Committee on Service Ratings; Edward J. Riverkamp, Jr., President of the Central New York Conference, and Mrs. Agnes J. Williams President of the Oneonta Chapter. Other honored guests included Dr. Ralph Horton, Director of Homer Folks Hospital, Bernard Gaffney, President of the Dept. of Public Works Chapter, and Clarence Stott, Past President of the Central New York Conference.

President McFarland installed the new officers who are: Mrs. Agnes J. Williams, New York State Employment Service, President; Gerald Bennett, State Teachers College, 1st Vice President; Thomas Natoli, Homer Folks Hospital, 2nd Vice President, Mrs. Gladys Butts, Conservation Dept., Secretary; Ruth Stearns, Homer Folks Hospital, Treasurer. Delegates are Mrs. Williams, Mrs. Butts and Mrs. Gladys Spiron of Homer Folks Hospital. Alternates are: Joseph Lennon, Gerald Bruce and Francis Kozloski, all of Homer Folks Hospital.

After the installation of officers and the attendant flashing of photographers' bulbs, seven of the pupils of Mrs. Peg O'Hara presented dance routines. In one of

the numbers "Dancing on the Ceiling" the dancers did just that to the delight of everyone present. Joseph DeFlore and Jacob Halter, under the direction of James Mosca, held forth in several hilarious minstrel acts, contributing much to the levity of the evening.

Dinner music was furnished by Linus Houck and his orchestra and following the entertainment dancing was enjoyed until a late hour. A feature of the dancing was a balloon dance during which five lucky people each found a balloon containing a dollar bill.

In the afternoon, the Oneonta Chapter was host to the Central New York Conference and Gerald Bennett conducted a tour of the new State Teachers College buildings.

At three o'clock, President Edward J. Riverkamp, Jr. presided at the Central New York Conference meeting attended by about 55 people, including representatives from fifteen chapters.

This was followed by a social hour in the Empire Room of the Hotel Oneonta—cocktails, canapes and conversation being the order of the day.

## James E. Christian Memorial

INSTALLATION ceremonies conducted by the James E. Christian Memorial Chapter, CSEA, at the Aurania Club, on April 24, highlighted a turkey dinner and some colorful entertainment, that touches off a busy calendar for 1952-53.

Wenzel, chairman of the Capital District Conference, CSEA, was guest speaker. Dr. Herman E. Hilleboe, Health Department Commissioner, and Mrs. Hilleboe, were among the guests attending the dinner.

It is rumored that the show will play the "strawhat circuit" this summer, despite denials by the authors and producers. . . .

New members continue to join the chapter and present members are happy to welcome the following: Rosemary Winters, Lucille Flynn, Robert French, Patricia Sullivan, Rosemary O'Grady, Marie De Carlo, Lorraine Filson, Arthea Connors, Rita Galvin.
