Assn. Meeting In Full Swing; Goals Are Set

ALBANY, Oct. 12 — Registration of delegates to the annual meeting of the 55,000-member Civil Service Employees Association began today. Tonight there'll be open house at Association headquarters, and tomorrow morning groups of chapters will hold conferences at headquarters and in the Dewitt Clinton Hotel.

The business meeting itself will occupy Tuesday and Wednesday morning. There'll be a Tuesday luncheon, and a Wednesday night dinner meeting at which the results of the annual election will be announced.

compensation in base pay, and pension liberalization, are other objectives to be voted at the dinner meeting, at which Jesse B. McFarland will preside.

After the election results are announced, the officers will be installed on the spot.

County Division Activity

A complete legislative program for State employees will be voted. Members who are employees of local government will have their own conferences, as well as their own voice at the business meeting, and back resolutions for their own benefit. Local gains, however, are largely obtained through a Common Council or Board of Supervisors, rather than through the

Good Feeling

State Legislature.

A hail-fellow feeling prevailed among the delegates and candidates as they gathered at hotels and Association headquarters. Opposing candidates would meet, by accident, shake hands smilingly, and sometimes wish each other the best of luck, and then break out in joint laughter. There was no bitterness, and the rule, May the best man win, proved acceptable to all, even though the "man" was sometimes a woman, and there were often only two candidates for a position, so the rule was good practice without being good English.

Accommodations Taxed

Delegates began arriving from all over the State on Sunday night, and the influx taxed the Albany hotels. Those who'd made reservations in advance had no difficulties. Those who didn't get a lift from Association headquarters, and everybody was accommodated.

Much interest was manifested in the election, with the hotly contested presidency the highlight. John F. Powers, 1st vice president, is competing with Dr. Theodore C. Wenzl, chairman of the Capital District Conference.

This year, also, there is strong competition for other officer posts, as well as for departmental representatives on the CSEA board of directors.

The votes are cast by mail. The board of canvassers meets tomorrow morning and reports at the dinner meeting. From all indications the voting was brisker than in any preceding year. The Association constitution now requires nomination of at least two candidates for all officer posts.

Big Year Ahead

At informal discussions preceding the meetings and conferences, delegates agreed that the Association has a big year ahead.

The Number One objective on the legislative program is a pay increase. Inclusion of emergency

Toy Bargain Like 'Doggie In Window'

Continuing its policy of seeking unusual offers to stimulate circulation, the Civil Service LEADER again makes an unusual premium offer to its subscribers and readers.

By special arrangement with a manufacturer of children's toys, the famous "Doggie in the Window," 18 inches high, as if brought to life, is offered with two coupons from The LEADER, or 2 wrapper labels, plus \$4. The toy was made to sell for \$10 and is currently retailing for about that price in many stores.

Frenchie, the poodle, is The LEADER'S conception or that doggie in the window. It's a soft cuddly dog that every one in the family will love — and particularly a wonderful durable toy for boys and girls. Its legs are wired so that it can sit, stand, or lie down. With moving eyes and long, curly eyelashes, a colorful French beret with a pom pom trim, the toy wins every heart at first sight.

Frenchie is offered in line with the policy of The LEADER'S circulation staff to provide special opportunities to buy merchandise at low cost. (See Page 16).

Dongan Guild Communion Oct. 25

The Dongan Guild of New York State Employees, an organization of Catholic State employees in the metropolitan area, will receive its fifteenth annual corporate Communion on Sunday, October 25, President Catherine C. Hafele announced. Miss Hafele is from Yonkers and is employed by the Workmen's Compensation Board.

Mass will be said at St. Patrick's Cathedral, NYC. Breakfast and a speaking program will follow at the Starlight Roof of the Waldorf-Astoria Hotel.

William Seidl of the State Insurance Fund staff is chairman of the arrangements committee. Tickets, at \$3.75, may be obtained by phoning WALKER 5-3016.

Certificates of completion of the State Apprenticeship Council course were presented recently to six employees of Newark State School. At left are Thomas La Mar, senior maintenance supervisor, and Edward Sammis, head stationary engineer. Next come five recipients: Raymond Eberhardt, stationary engineer; Floyd A. Lester, plumber and steamfitter; Harold L. Follette, electrician; Lester Ikewood, steam fireman, and Raymond Schneider, stationary engineer. Dr. Isaac N. Wolfson, the director, is shown handing a certificate to Mr. Schneider. At right are Francis Rockwood, business officer, and Kenneth Conklin, mason and plasterer, the sixth recipient. The six are now qualified journeymen.

Booklet Stresses State Careers for College Graduates

ALBANY, Oct. 12 — J. Edward Conway, State Civil Service Commission President, announced publication of a 52-page illustrated booklet for college students and graduates interested in career opportunities with the administrative agencies of the State government.

The booklet is entitled "Careers for College Graduates in New York State Government" and provides information to help students in the choice of a career.

Photos show State employees at work, including recent graduates well started on the career ladder.

Eighteen occupational sections explain job opportunities in the fields of engineering and architecture, law, conservation and agriculture, accounting, library work, economics, management and administration, statistics and mathematics, social work, biology and chemistry, psychology, health ser-

VICES, education, journalism, bank examining, insurance, employment security and public administration internship.

How To Get a Copy

The booklet points out that New York State is the third largest public employer in the nation, with 76,000 full-time employees, about half of whom work in institutions such as hospitals, schools and prisons.

"The need for trained and skilled staffs has grown in recent years," the introduction sets forth. "Particularly wanted are persons with the capacity to advance to positions of responsibility."

Students are advised, they "will make a good living but not get rich."

The booklet stresses jobs open to college graduates without work experience. It also contains information on entrance posts which require graduate training.

Readers Flock to Gift Offer

Hundreds of Civil Service employees are taking advantage of the special offer made by the Civil Service LEADER to its readers through the "Around the World Shoppers Club."

The unusual offer enables subscribers to the plan to receive a gift from some foreign country once a month at a cost of less than \$2 a gift. The special offer to LEADER readers includes, as an extra, a free gift valued at \$5. For the current month, the free gift is a six-piece dessert fork set, manufactured and mailed directly from Sheffield, England, post-paid and duty free. After that the regular deliveries begin to arrive.

5th Questionnaire Sent Out By NYC On Reclassification

The fifth questionnaire in the job reclassification project of the NYC Civil Service Commission is being sent to City departments, and employee, professional and civic organizations. This one deals with the Social Service.

The questionnaire seeks comment on the existing classification, also on one proposed by outside surveys, and a tentative proposed reclassification of the Social Service offered by the Commission.

The Commission is studying the returns of the first four questionnaires, on the Engineering and Architectural, Legal, Appraising and Tax Assessing, and Probation Services.

Wagner Ticket Has Employee Committee

Wagner headquarters announced the formation of the Joint Civil Service-Labor Committee for the Election of Wagner, Gerosa and Stark. The co-chairmen are Eugene Calamari, Henry Kaufman and John D. Tracy. Chairman of the advisory committee is Charles A. Wilson. They are opening two headquarters, one at 121 Leonard Street, NYC, telephone WAlker 5-9648-9, the other at 123 Myrtle Avenue, Brooklyn.

The object of this committee is to coordinate the civil service vote for the Wagner ticket. Various committees are now being formed and all civil service employees are invited to join the group.

Feinstein Keeps Eye on Sanitation Pensions

The fate of NYC sanitation workers' demand for a reduction in their pension contributions will bear watching by all City employees, Henry Feinstein, president of City Employees Local 237, International Brotherhood of Teamsters, AFL, said.

Departmental employees want the City to pay 75 per cent of the pension cost, instead of the present 50 per cent. The move, Mr. Feinstein said, would help out in the present cost-of-living crisis.

LANA GETS JOB BACK AND BACK PAY, TOO

Nicholas Lana has gone back to his \$3,600-a-year laborer job with the NYC Department of Water Supply, Gas and Electricity, with full back pay.

Mr. Lana, in City service for 45 years, lost his job last Spring when an anonymous letter to the Municipal Civil Service Commission revealed that he had gotten his job by assuming the identity of another man, Joseph Porgie. Mayor Vincent R. Impellitteri interceded on Mr. Lana's behalf, but legal complications prevented his return to work until this week.

Thus ends the "cause celebre" of civil service on a happy note. Mr. Lana may now retire on a pension. As an ex-employee he could not.

Nation-Wide Limelight Beams on Mrs. Meskil

ALBANY, Oct. 12 — Mrs. Mildred O. Meskil, unopposed candidate for her fifth term as Commerce Department representative, Civil Service Employees Association, got into the limelight in a big way last week when "Life" ran a feature story of the department's woman's program, particularly a clinic on small business at Niagara Falls. Mrs. Meskil played a major part at the clinic as business consultant for some 100 women, all interested in starting a business of their own.

The Commerce Department chapter of the CSEA and Stanley LeNoir, chapter president, are proud of Mrs. Meskil as typifying the calibre of State employees, and Association leaders who power the fight of 55,000 State and local government workers for improved pay, hours and working conditions.

Long, Notable Service

Mrs. Meskil has 20 years' membership in the CSEA, 15 as an active worker and office-holder. She

has been with the Commerce Department seven years. First she was "on loan" from the Department of Agriculture and Markets, where she was a food chemist. She remained in the Commerce Department by request, and became a guiding light in the woman's program under Deputy Commissioner Jane Todd.

She is a member of the Association's committees on education, balloting, and revision of the Civil Service Law, and is a former member of the nominating committee. She has served the chapter as vice president and previously was the Agriculture and Markets Department representative on the Association's board of directors.

Mrs. Meskil is a college graduate and taught English and art before entering State service. A widow, she is the mother of a daughter and two sons.

Employee Activities

Employment, NYC and Suburbs

WILLIAM E. CARNEY, employment interviewer of Local Office 610, has returned home from a serious bout of pneumonia which had hospitalized him for some time. Perhaps some of his many friends will want to drop him a card or visit him at home, 92-76 123rd Street, Richmond Hill.

A manager's meeting, sponsored by the chapter, was held at 87 Madison Avenue. Chapter President Bill Steingesser opened proceedings, and turned the meeting over to Grace Nulty. Under discussion were the qualification rulings handed down by the Civil Service Commission.

Many chapter members attended the dinner tendered for the retiring Benjamin Bartlett, at the Habirshaw Club, Yonkers. Everyone appreciates Mr. Bartlett's many years of service to the State and to the Division.

Deepest sympathy is extended to Annabelle Plotnick of the White Plains office on the death of her father, Samuel Taub, on October 7.

Onondaga

MR. and MRS. Arthur Darrow are in NYC celebrating their 25th anniversary. Art is a member of Onondaga chapter's board of directors and the one who does all the fine work on drawings and scrolls for the chapter. Best wishes for a wonderful week, and for many years of health and happiness.

Congratulations to Henry J. Connors, secretary of the Real Estate Commission of the City of Syracuse. He has been with the Commission since its creation 15 years ago.

Erie County

BECAUSE the annual meeting of the Civil Service Employees Association will be held on the regular meeting date of Erie chapter, the Erie chapter meeting will be held October 21 at Beckers, William and Bailey Avenues, at 8 P.M.

Glad to hear that Joseph Quinn and Russell Audino are improving.

The officers pledge continued effort in behalf of the membership, which has nearly doubled in the past year.

The farewell dinner for Rev. Henry Wind, sponsored by the personnel of the Home and Infirmary and Penitentiary, with Esther Husson as general chairman, was well attended, and all joined in praise of Rev. Wind's 35 years of service.

Wishes for a speedy recovery go to Alvina Stenzel, who is retiring, due to ill health. Also retiring this month is Benjamin Muckols, barber.

Tickets are now on sale for the annual installation dinner at

Brooklyn State Hospital

THE question of the application of Section 226 of the Election Law to employees of the hospital was discussed in detail by the executive board of the Brooklyn State Hospital chapter, CSEA. President Emil Impresa conducted the meeting, and Arnold Moses, former president, reviewed the correspondence which resulted from a question on the two-hour leave time permitted to public employees under the law.

A meeting was arranged at the office of Dr. Beckenstein, hospital director, and attended by Doctors Beckenstein and Bianchi and C. R. Culyer, CSEA field representative, and Mr. Impresa.

As this problem resolved itself to department action, it was taken up with Association headquarters and discussed with Mental Hygiene Department officials by William P. McDonough, assistant to President Jesse B. McFarland. Requests were presented that a review of the regulations be made and that the previous approval of the application of the Election Law be forwarded to all hospitals.

Emil Impresa, chapter president, announces the formation of a personnel management committee which will meet with Dr. Beckenstein, director, once a month. The committee appointed by Mr. Impresa, and consisting of William J. Farrell, Arnold Moses, Frank Cole and Clara Straker, will receive problems of the employees, in writing, and will confer with Dr. Beckenstein on these matters.

The chapter's fall dance will be held Friday evening, November 6, in the auditorium of the hospital. Mrs. Mary Bussing, chairman of the social committee, asks the cooperation of all in making the affair a success. Tickets \$1 each are now on sale. Students will be charged 50 cents.

Mildred Lockwood is enjoying a vacation in Madrid, N. Y.; Mrs. Anna Carroll is vacationing on Long Island. Mrs. Bernice Jouan, Mary Sealy, Lafayette Patterson and Mrs. Anna Spina are also on vacation.

Welcome back to the following employees, who have been on leaves of absence: Josephine Lord, Sadie Genduso, Helen Wenczk and Helen Scarsborough.

Welcome to the following new employees: Selwin Lederman, Margaret Flaherty and Clara Weinpress.

Congratulations to Mr. and Mrs. Al Pascorella on the birth of a girl, to Mr. and Mrs. Frank Mullane on the birth of a girl, and to Mr. and Mrs. William Brody who have a boy. Mrs. Brody is the former Ruth Krulick, of the School of Nursing faculty.

The following employees are making good recoveries from illnesses: Edna Hinds, Charles Parker, Richard Chute, Mrs. Mary O'Connor and Margaret Seary.

The chapter hopes that Kathleen M. Harrigan, who is ill at Kings County Hospital, will have a speedy recovery. Miss Harrigan is a graduate of the nursing class of 1898.

Sincere sympathy to Mrs. Winifred Diamond on the loss of her sister.

Nassau County

AT THE regular monthly meeting of the Nassau County chapter, CSEA, in Hempstead with Mrs. Helen Kientsch, president, in the chair, a resolution was unanimously passed asking for salary adjustments for County employees in the 1954 budget. The resolution contains the following requests:

1. President salary grade plan of 50 grades should be revised to bring it up to date with present economic conditions.
2. Salary adjustments up to 12 per cent to produce parity wages.
3. Freeze-in of \$850 cost-of-living bonus to present salary grades, including yearly and per diem employees.

A discussion of Social Security coverage was held, and Mrs. Kientsch reported on her talks with County executives on this subject.

Reports were made by unit members of the chapter's board of directors.

The non-teaching school employees of Union Free School District 5 unit of Nassau chapter will meet October 19 at Levittown to discuss the expansion of membership to other school localities. C. Wesley Williams, vice president of Nassau chapter, who announced the meeting, is visiting area schools and issuing invitations to become chapter members. Mr. Williams finds that much improvement in salaries and working conditions is called for, and that coverage under Social Security should be brought home to the school boards. Standard work rules for his group is one of Mr. Williams' aims.

The Town of North Hempstead employees met at Roslyn Heights to conduct the election of officers. Vice President Frank Schottler presided. The following were elected: Frank Schottler, president; Edward Picardo, 1st vice president; Louis Albanese, 2nd vice president; Edward Boyd, 3rd vice president; Russell Case, secretary; Elwood Schaal, treasurer, and Joseph Sokol, sergeant-at-arms. Elected to the board of directors of Nassau chapter were Mr. Schottler, Stanley Rosycki and J. W. Watman.

A discussion of the five-day work week, paid holiday time and Social Security coverage was held. Charles R. Culyer attended the meeting.

Manhattan State Hospital

THE following is the resolution unanimously adopted at the recent Metropolitan Conference meeting, to secure free toll privileges for non-resident car owner employees of Manhattan State Hospital:

"Whereas Manhattan State Hospital non-resident car owner employees must pay toll to the Triborough Bridge Authority in order to get to their jobs, and

"Whereas the State of New York discontinued a ferry service provided free for employees to get to MSH, and New York State did not make available free passage to MSH for its employees at the institution, at a considerable saving to the State, and

"Whereas the discontinuance of the State-operated free ferry, at a substantial saving, left only one avenue of access to MSH, that of the Triborough Bridge, and

"Whereas the Triborough Bridge

Public Works Holds Engineering Courses

ALBANY, Oct. 12 — The State Department of Public Works is holding evening courses preparing for professional engineering examinations. The courses, open to the general public, follow: Structural Planning and Design, Part I, Wednesday evenings 7 to 9 P.M.; Robert Passarelli, instructor; Basic Engineering Sciences, Part II, Monday evenings 7 to 9 P.M.; Valery Siniapkin, instructor. Registration closed September 30. Stratford B. Douglas is director of the in-service training.

Authority issues free toll passes to New York City Departments of Police, Parks and Public Works employees, employed on Wards Island, and

"Whereas the resident car owner employees of MSH, Wards Island, receive free toll passes for the Triborough Bridge, and

"Whereas the non-resident car owners at Manhattan State Hospital are being discriminated against and denied free toll privileges, at a great personal expense

"Therefore Be It Resolved that every means be taken by the Metropolitan Conference, and officers and counsel of the Civil Service Employees Association, to support and present legislative action on behalf of the non-resident car owners at Manhattan State Hospital, to secure free toll privileges for these employees

"And Be It Further Resolved that the Metropolitan Conference and Civil Service Employees Association officers and counsel give serious thought to the fact that the State of New York and the Department of Mental Hygiene, in cutting off the only means of access without making an effort to secure free toll for its employees, did neglect them and therefore should pay the toll or legislatively act to secure free toll for all non-resident car owner employees at Manhattan State Hospital."

Rockland State Hospital

THEIR studies in the Rockland State Hospital School of Nursing completed, 16 students of the Zinda M. Colasurdo Class of 1953 received diplomas from Dr. Alfred M. Stanley, senior director of the hospital, in ceremony held in the hospital auditorium recently. Marking the occasion were the presentation of achievement awards and a talk by State Assemblyman Robert Walmsley.

The ceremony opened with the traditional procession, followed by the invocation by Chaplain Tubridy. Dr. Stanley congratulated the graduates on attaining their goal and praised the School of Nursing staff. Assemblyman Walmsley pointed to the importance of nursing as a vocation.

The honor of lighting the candle of service, given to the student in possession of the highest scholastic rating for the class's three years of training, went to Marcellus Schmader. The first six candles on the candelabrum had been lighted at the class's capping and chevron exercises in 1951.

Diplomas were presented by Dr. Stanley, and the Nursing School pins were affixed by Margaret

Burke, the School's principal. Recipients were Jack Barnes, Richard Bouton, Normand Charpentier, Betty Eldredge, Almeda Gathers, Richard Hempel, Robert Johnson, Mildred Konetzny, Rosemarie Lasher, Margaret Maginn, Mary Jane Nyweide, Lorraine Schmader, Marcellus Schmader, Ann Zawtacki and Chester Zawtacki. Mary Hennessey, who was to have participated in the exercises, was unable to be present.

The Scholastic Award, given by the James H. Anderson Post 1199, American Legion, was presented to Mr. Schmader by Commander Lewis V. Van Huben. The Progress Award, offered by the RSH chapter, CSEA, to the student showing the greatest progress, was presented to Rosemarie Lasher by the chapter's 1st vice president, Henry Marier. Mrs. Dwight Hoover, member of the board of visitors, presented the hospital medical staff's Psychiatric Nursing Award to Betty Eldredge. The Board of Visitors Medal for Meritorious Service, bestowed annually on the employee who, in the judgment of the committee, has distinguished himself in his work during the year, was presented to Richard C. Marceau, supervisor of Building 19, by Dr. Louis Carp, president of the board of visitors.

The students joined in the class song, accompanied at the organ by Marion Holmes of the recreation department. Miss Colasurdo, assistant principal of the School of Nursing, for whom the class has been named, led the graduates in the Nightingale Pledge.

Benediction was said by Chaplain Ernest W. Churchill.

Music was played on the organ by Robert Farley, former member of the recreation department.

The graduation ceremony was followed by a reception in the hospital exchange.

Richard C. Marceau, who received the Board of Visitors Medal for Meritorious Service for 1952, came to Rockland in 1932 as an attendant, having served at St. Lawrence State Hospital. He was promoted to charge attendant, then to supervisor in Building 19, where he has remained, except for service as a chief pharmacist's mate in the U. S. Naval Reserve from 1941 to 1945.

Mr. Marceau, the award stated, is the only supervising attendant at the hospital, other services being under the supervision of registered nurses. The male patients under his care, who are convalescing and many of whom are preparing to return to their homes and communities, benefit by his constant attention and initiative in such matters as the development of a hobby shop.

Salary Theory Archaic, Unjust

AND what about your salary? As the Civil Service Employees Association meets this week, one of the pervading problems is this: What is going to be done about salary?

The employees have not forgotten the burn of last year. You remember? The State wasn't going to do anything to help inflation. The impression was created that the cost-of-living had reached its peak and would be on the way down. Ergo, no pay raise.

Well, what happened? Living costs soared and soared. They are higher now than ever before in history. The State employee, however, has to try desperately to live on his out-of-date pay—out of date not only now, but out of date last year.

You remember that report which was prepared for the State Budget Director, and which showed that State employees were behind employees in private industry? And do you remember how the Budget Director refused to release that report, favorable as it was to the employees' case?

These things musn't happen again.

The pay of State employees is inadequate up and down the line; it has been inadequate for a long time. It has to be set straight; it has to be brought up to the times.

The theory that public employees must be the last to have their pay properly adjusted is as archaic as it is unjust.

Competitive Class Hardest Hit in U. S. Job Shift

THE shifting of U. S. positions from one class to another, particularly to Schedule C which affords full freedom of hiring without regard to civil service examinations, has reached a stage now at which it is possible to bring this upheaval into focus.

Of the jobs put into Schedule C, because the duties are policy-making or confidential, 28 per cent have been transferred from the competitive class. From two other classes upon which the merit system has a lesser effect, known as Schedules A and B, the shift has been, respectively, only about half as much, compared to competitive jobs, and, one-sixth. It is thus clear that the competitive class bears the brunt of the burden.

What The Administration Says

The Eisenhower Administration insists the purpose of the whole operation is to improve and strengthen civil service. The means by which this is to be accomplished, however, is by taking more and more jobs out of the competitive class and putting them into the patronage class. Thus more employees of the Administration's own personal or political selection may be appointed in the future, even though at present many competitive employees stay in the jobs they have, though the jobs are reclassified. Whether they stay or go is a matter of administrative discretion.

It is small comfort to a displaced competitive employee, whose job was put in Schedule C, that his more fortunate or better-connected fellow-workers who survive the storm retain the same retention rights they had as competitive employees.

The Eisenhower Administration says it will make such excellent appointments that the new freedom will be exercised for the public benefit.

Calls For a Monument

If such a phenomenon is achieved it will be worthy of a monument on Pennsylvania Avenue, overlooking the

Law Cases

Sidney M. Stern, chairman of the committee on laws and rules, NYC Civil Service Commission, has submitted the following report to the Commission, on legal cases:

Judicial Decisions:

"Washington v. Brennan. In this case the petitioner was on the list for Patrolman, P.D. and had been certified and appointed, subject to investigation, etc., to the appropriate position of Investigator in the Department of Hospitals. During his probationary period it was learned he had a history of epilepsy and had been classified as 4-F by reason of this history by Selective Service. The Commission marked him not qualified and revoked his certification. He brought an Article 78 proceeding at which time Special Term granted him an alternative order. This alternative order was brought before Hon. Marks, official referee, rendering his decision subject to affirmation by Special Term in favor of the petitioner. This decision was opposed by affidavit of the Commission and Special Term rejected the referee's recommendation and found in favor of the Commission and hence the original action of the Commission in this case marking him not qualified medically and revoking his certification stands.

"Reilly v Board of Higher Education. The petitioners are provisional College Office Assistants in the Board of Higher Education and have been either in that title or the previous title known as Clerk, Board of Higher Education for a period varying from two to seven years. After the Gittleston Act was passed the Commission held an examination for the position of College Office Assistant. The petitioners originally brought an Article 78 proceeding to restrain the Commission from proceeding with the examination and to declare the petitioners as employees entitled to tenure under the Gittleston Act without further examination. In a prior decision, Special Term held that the Commission could not be restrained from holding the open competitive examination for College Office Assistant but remanded for later determination the issue as to whether the petitioners had permanent tenure under the Gittleston Act. This latter issue has now been settled insofar as Special Term is concerned in favor of the Commission and adversely to the petitioners."

White House. Experience shows that full freedom tends to empty the competitive class.

The merit system was created to destroy the patronage system as a broad policy of hiring. Jobs excluded from civil service—and there is reason to exclude some—were to be few. Now they are threatening to become many.

The present upheaval had better not turn out to be an entering wedge to restoration of the spoils system. Though the good intentions of the Eisenhower Administration need not be questioned, what some thought was a lurking danger when the Schedule C plan was first broached does turn out to be a reversal of the method by which progress was sorely won over half a century.

Can Prove Dangerous

The danger signals are flying, and the Eisenhower Administration had better be on its guard. If Schedule C is to be used for establishing patronage where none is necessary or advisable, and at the expense of the competitive principle, a blow will be dealt to civil service; claims for the wisdom and worth of the new resort to an old practice will have been proved insincere and dangerous. When more and more chauffeurs, private secretaries, and confidential assistants, as now, get into Schedule C, and new jobs are conveniently inserted in the uncontrolled Schedule, the possibility of a lasting injury to the competitive principle becomes alarming.

The next moves of the Administration in this sensitive field bear close watching.

THE GENIUS whom Governor Dewey seeks, to head State civil service, either doesn't exist, or wouldn't work for one-fifth of what he's worth, which is what the Governor offers.

THE STATE GOVERNMENT, in a booklet, says that it offers careers at good pay to college graduates, but frankly warns that in public service you'll never get rich. But wasn't one of the three persons who won the \$6,626 daily double at Bel Air, Md., racetrack a public employee, though, not of New York State?

Residence Rule Relaxed When Found Necessary

Where you live is still an important qualification in landing a city job.

Citing a survey in which Middletown, O., asked other midwestern cities about residence requirements for municipal employ, the National Institute of Municipal Clerks reports that of the 24 cities replying, three-fourths said they look for new workers within specific areas. Sixteen of the 18 cities which have geographic employment restrictions set the city limits as boundaries. But in only seven cities was residence a hard-and-fast requirement. Allowable exceptions include cases where housing is difficult to find or jobs hard to fill.

Since 1940, four of the 24 cities have stiffened and four have relaxed their restrictions, the survey showed.

Transformation

By H. J. BERNARD

I'm a policy-making chauffeur,
I work for Uncle Sam,
And at tasks so confidential
I won't say who I am.

Though on Monday it was so different,
When I was "Jim" to all,
Now it's, "How do you do,
Mr. Baxter?
You've grown so awfully tall."

Though on Monday I had no honors,
Mere chauffeur, that was me,
I shot up in the world on Tuesday,
When put in Schedule C.

All the policies I determine
Are valid, safe and sound,
Like my search for a just-plain chauffeur
To drive meself around.

"I experienced all the delight I originally anticipated when the exquisite flacon from Paris was opened today. I have wrapped it up again as it was when I first picked it up so that my husband may have all the thrill I did from opening it—foreign postmarks and all! Thank you so much for this lovely idea. It has been well worth my money just for the pleasure I received today."
—M. L., New Cumberland, Pa.

"I think the idea of bringing the crafts of the world's artists and artisans to us who do not have the opportunity to seek them out for ourselves, is one offering great advantage to all concerned, and with, perhaps, unexpected and indirect results that will make for the accomplishment of decidedly better understanding and relationship between ourselves and our world neighbors."
—Mrs. T. J. McA., Marblehead, Mass.

"I want to take this opportunity to thank you most heartily for the two gifts which have come to me thus far, as a member of the Around-the-World Shoppers Club. I can assure you they were received with genuine delight, showing exquisite taste in their selection."

WASHINGTON, Oct. 12 — Recommendations by the Departments of State, Commerce, Labor and Health, Education and Welfare, to place 74 positions in Schedule C, were approved by the U. S. Civil Service Commission. Schedule C jobs are policy-determining or confidential and outside the competitive civil service.

Forty-two of the positions were formerly in the competitive service, 25 were in Schedule A, one in Schedule B, and six are new positions.

Of the 643 positions placed in Schedule C since last April, 183 were formerly in the competitive civil service, 337 were in Schedule A, 115 are new positions, and eight were transferred from Schedule B. Previously other chauffeur jobs were put in Schedule C.

Permanent career employees who were moved with their jobs from the competitive civil service into Schedule C have the same removal protection as before, the Commission said.

eries) to the Under Secretary, two confidential assistants and one private secretary to the Under Secretary, two special assistants and one confidential assistant to the Deputy Under Secretary; the Director and Deputy Director, Executive Secretariat; the Director, Deputy Director, a special assistant to the Director, one executive secretary, one special assistant (National Security Council), and 10 members, all of the Policy Planning Staff.

Month Shows Drop Of 17,400 Workers

WASHINGTON, Oct. 12 — Civilian employment of Federal executive agencies dropped 17,400 during August, and employment changes reported since last January reflect a net reduction of about 105,000 employees, said the U. S. Civil Service Commission. It added that a total of 2,429,900 Federal employees were reported on August 31, 1953.

Totals for the largest agencies on August 31 were: Post Office, 497,300 (21 per cent); Army, 493,100 (20); Navy, 440,100 (18); Air Force, 296,000 (12), and Veterans Administration, 180,300 (7). These five employed 78 per cent of all Federal workers.

Young Sees Careerists Safe in Their U. S. Jobs

WASHINGTON, Oct. 12 — Chairman Philip Young of the U. S. Civil Service Commission notified Cabinet officers and agency heads that "career employees generally can be assured of continuing employment in the Government service, so long as their services are satisfactory."

Of the 2,100,000 in competitive jobs on June 30 last, 1,400,000 hold regular civil service appointments, the remaining 700,000 being "indefinite" appointees. Mr. Young said the 700,000 provided a "cushion," whereby separated career employees could be put into jobs held by "indefinites."

Policy Summarized

Mr. Young, in letters to the officials, summarized the Government's reduction-in-force policy.

"1. No employee with civil service status shall be separated from his agency so long as there is a position, in the commuting area within that agency, for which he

is qualified that is filled by a person with an indefinite appointment, and

"2. An employee with civil service status separated by his agency may register with the Civil Service Commission for placement in another agency; the Commission refers the separated career employee for placement, to any agency having vacancies or positions within the commuting area, filled by persons with indefinite appointments."

Retirement Course Off to a Fine Start

ALBANY, Oct. 12 — Dr. George Hoffeld of Troy, was first discussion leader at the opening series of the "Preparation for Retirement" program being given jointly by the Civil Service Employees Association and the Troy YMCA. The sessions began on October 6 at the Troy YMCA and continue for eight weeks.

Dr. Hoffeld is well known throughout the capital tri-city area, as well as over the eastern region of the United States. In his capacity as a medical examiner for the Civil Aeronautics Authority, he passes upon the medical qualifications of student, private and commercial flyers. He has also gained fame by his constant use of his own airplane in keeping his engagements, which often are a long way from Troy. During the war he served as a flight surgeon for the Navy.

Dr. Hoffeld discussed the medical aspects of aging at the first meeting.

Broad Scope of Courses

The course on preparation for retirement has been widely advertised, and includes sessions on the right mental attitude toward retirement led by Dr. Edmund Dyett, a psychologist of Troy, and the retired person and the family, led by Rosemary Antin, director of the Jewish Social Service of Albany. Other discussions, which will be announced, will include the financial aid insurance problems of the retired person.

Harold J. Marshall, executive vice president of the Manufacturers National Bank of Troy, and Dr. Arvid Eldred, executive secretary of the Parent-Teachers Association of Albany, alternate as session chairmen. The sessions will be held from 7 P.M. to 9 P.M.

Program for October 13

Edward C. Hannan, manager of the Social Security field office in Troy, will lead the second session, starting at 7:30 P.M., Tuesday, October 13. He will discuss the relationship of Social Security to retirement. The talk will answer such questions as these: Is the Social Security program accomplishing its intended purpose? Should payment at age 65 depend on complete retirement? Is the \$75-a-month-maximum allowable earning test for retention of Social

Security income, to be retained, modified, or eliminated? Is universal coverage desirable, or should present exclusions be continued? With Social Security as a base, how can younger persons plan an adequate retirement program?

Mr. Hannan is a graduate of LaSalle Military Academy and the University of Pennsylvania, and was one of the first employees of the Social Security Board. He managed offices in Philadelphia, Newburgh, and Glens Falls before coming to the Troy office. He will be assisted in his discussion program by Thomas Ramley, an Albany specialist on pensions, and Harry Lee, a Troy attorney.

Delehanty Offers New Course in Blueprint Reading

A blueprint reading course especially designed to meet the needs of those in the metal and allied trades has been instituted by the Drafting Division of the Delehanty Institute. The many requests for such training being received by the institute from both workers and employers in the metal working, machining, manufacturing and assembling fields indicate that there will be a large early enrollment. It is planned to conduct morning, afternoon and evening sessions.

The institute has had many years of experience in preparing men and women in machine shop practice, aircraft assembly, welding, radio and television service and repair, auto mechanics and all phases of drafting. Students enrolling for the blueprint reading course are assured that it will conform to the highest standards for which the Delehanty Institute has always been known.

Cleaners Protest Reduced Pay

The Government and Civic Employees Organizing Committee, CIO, in an open letter to members of the NYC Board of Estimate, said NYC cleaners were being "exploited."

Cleaners, the group said, took a wage cut of \$120 a year, on reduction from 48 to 42 hours a week, while other City employees had hours "reduced with either an increase in salary or no reduction in pay."

He is 18 inches tall . . . looks like a real miniature poodle. And he comes in all the "natural" colors: grey, white or black. His legs are cleverly wired so that he can pose for you in any position—sitting, standing, or lying down—just like an honest-to-goodness puppy! He even sits up and begs! Frenchie has moving eyes and long, curly eyelashes. He wears a colorful, saucy French beret with pom-pom trim. Complete with attractive plastic collar and leash.
