

They are made that way —

Chesterfields are milder Chesterfields taste better

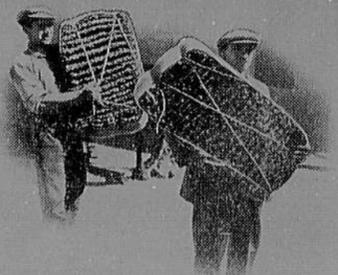

Ripe home-grown tobaccos

We begin with the right kinds of mild ripe Domestic tobaccos. Then we age and mellow them like rare wines for flavor and taste.

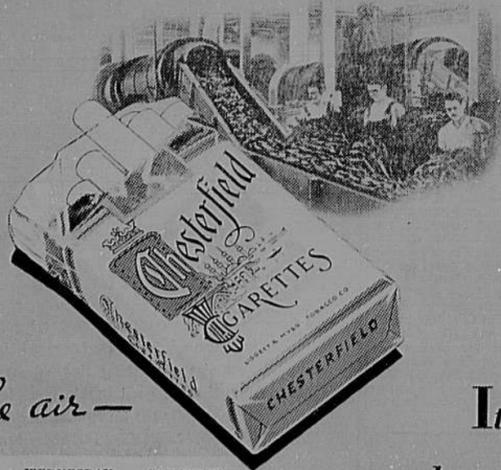

Aromatic Turkish tobaccos

Next we add just the right kinds and the right amounts of Turkish tobaccos to give Chesterfield the "seasoning" that helps to make them taste better.

Blended and cross-blended

Finally we "meld" these tobaccos together the Chesterfield way—different from any other—to make Chesterfield a milder better-tasting cigarette.

FRESHMEN HEAD TAX LIST

(An Editorial)

Freshmen at State, although novices at the routine of curricular and extra-class activities in College life, have to date brought the most gratifying financial realizations to the student board of finance.

Thursday night, October 11, the Music association will present the Don Cossack Male Chorus in Page hall auditorium. This is a program which every student should plan to attend.

The purchase of a student tax ticket before October 11 will also secure a free ticket to the Chorus presentation. Otherwise the admission will be one dollar, or one tenth of the cost of a tax ticket.

Upperclassmen, follow the example of your fellow students of the freshman class and pay your tax early. Freshmen who have not paid remember the advantages you will gain by obtaining active membership in your student association. Be State-minded, class-minded, self-minded, and broad-minded. —R.E.W.

Catalogue Lists Course Changes

Two Departments Make Additions; Commerce 9 Does Not Appear Among Subjects

EDUCATION 9 GOES

The 1934-35 College catalogue witnesses several changes that various departments have made in their curriculum. Several courses are being offered for the first time, while Education 9, formerly a course required of all freshmen and taught by Professor Richmond Kirtland, has been eliminated.

History 211, seminar in history, an eight hour course, will be conducted by the history faculty. History 201 a graduate course which is not listed in the catalog and history 105 are the new additions to the History department, according to Professor Adna Wood Risley, head of the department. History 201 will attempt to evaluate the past interpretations of democracy in light of recent developments. It will trace the origins of American democracy. This course will be given by Dr. Donnal V. Smith, assistant professor of history, and carries four credit hours a year. Dr. Smith has been relieved of the lecture and socialized recitation work in History 3 so that he may teach this course. Mrs. Martha Albright Egelston, instructor in history, will conduct the History 3 course. History 105 is a course in American biography and carries two credit hours. It deals with the lives of Franklin, Washington, Madison, Webster, Clay, Calhoun and many others. Professor Risley will conduct this course.

The English department announces two new additions to its curriculum. These include English 144, advanced studies in Renaissance literature and English 2, readings in literature, a required freshman course. Dr. Helen Maria Phillips, assistant professor of English, will conduct the advanced Renaissance literature course, and Dr. Margaret Jager and Mr. Louis Jones, instructors in English, will teach the freshman course.

William M. Abbott, instructor in French, will conduct the French 3 course, and Miss Marion E. Smith, assistant professor of French and Miss Arline F. Preston, instructor in French, will conduct the French 8 course during Miss Charlotte Loeb's leave of absence.

In addition to teaching Education 1 and Education 5, Dr. William M. French, assistant professor of Education will also conduct three socialized recitation groups in History 20.

Commerce 9, the advanced business composition course, has been eliminated from the commerce course, according to Professor George M. York, head of the commerce department.

Clubs Must File Requests To Use Rooms In College

The same system which has been used in former years for the use of college rooms by college activities will be followed this year, Miss Helen H. Moreland, dean of women, said.

When a group wishes to hold a meeting or other function in any room of the college, it will first be necessary to obtain permission at the office of the dean of women. There a large calendar of all the rooms is kept, upon which requests are entered. This chart tells the engineering department which rooms to prepare, and avoids conflicting plans on the part of different organizations.

Dances and plays must each be supplied with two janitors, and there is to be no dancing in the lounge, Dean Moreland continued. Since the gymnasium of Hawley hall has been designated for dancing, it is to be furnished like a lounge, as the NEWS described in issue of January 19 last year. It has been re-decorated, new furniture ordered for the balcony, and suggestions have been received for re-naming the new recreation room. It is expected that the new furniture will be installed soon.

FRESHMEN TO MEET

There will be a meeting of all freshmen who signed up for the editorial staff of the NEWS, Tuesday at 12:00 o'clock noon in Room 206 of Draper hall.

Frosh Even Up On Sophs Both Classes Enroll 298

One point of inter-class, or rather locker-room argument which will not be heard this year is that of numerical superiority. According to an announcement by Miss Elizabeth Van Denburgh, College registrar, the classes of 1937 and 1938 both have 298 members. Tonnage may now have to be the deciding factor of inter-class rivalry. Miss Van Denburgh also announced that the junior class now totals 265. The senior class is at present the largest of the four with a total of 309. In addition, 146 students are taking graduate work, making a total enrollment of 1316.

Sport Shots

The annual fall tennis tournament for men will get under way early next week according to William Davidge, '35, manager of tennis. The purpose of the tournament is to select new material for next year's varsity squad.

The intramural fall athletic program will offer a variety of events. Al Jadick, '35, interclass athletic manager, is seeking permission to run volleyball and pushball games in addition to the usual softball and football contests.

At a recent meeting of the tennis team William Davidge, '35, was elected manager. The captain of the 1934-35 squad will be Frank Hardmeyer, '36.

Why, oh! why, must the horny fisted, hair chested men of State sit idly in the lounge and grow fat while our dainty damsels frolic about and abuse a wooden pellet with huge bludgeons on the only available athletic field EVERY day in the week—tch-tch. Something should be done.

The tennis squad will work out all winter this year in the Pace hall gym. Better things should result—we hope.

Those scantily clad forms flitting about Washington Park at dawn aren't the chorus of a burlesque show, but the new State Cross Country squad conditioning themselves. The harriers are shaping up well for a first year bunch and may yet do much for the glory of good old alma mater.

What are State's basketball prospects? Bancroft and Rall return but the rest of the team must be snatched from a hat. We hope much, but Coach Baker's brow is wrinkled and our eyebrow is arched.

Hockey Players Attend Annual Fall Jamboree

Elaine Baird, Ruth Duffy and Charlotte Rockow, juniors, represented New York State College for Teachers at the annual Hockey camp at Mount Pocono, Pennsylvania, during the first week in September. The Girls' Athletic association had elected these girls to attend the conference because of their outstanding work in hockey last year.

She will represent Wales in the International Hockey Conference to be held soon in London. She also is the editor of the magazine for feminine athletics, the "Sportswoman."

The instructors at the camp were Miss Joyce Cran Barry, who is doing for lacrosse what Miss Applebee did for hockey in the United States; Miss Jane Dickinson, who is rated very highly in international hockey associations, and Miss Marjorie Lockley, who came to the United States with the British Lacrosse Touring team and stayed here since.

The delegates met many members of the United States Touring team which had astounded Europe with their excellent playing. They also were fortunate to meet delegates from all over the country. Some of the colleges represented were Sweetbriar, Radcliffe, Skidmore, Wheaton, University of Maine, University of Maryland, Elmira, and Low-Haywood School. The Philadelphia Hockey clubs were also represented. In all there were 200 delegates.

The girls played lacrosse, cricket and badminton as well as hockey, with emphasis placed on hockey and lacrosse. This year they will coach beginners and advanced players in hockey every Monday, Wednesday and Friday from 3:15 to 5:00 o'clock on the Page hall campus.
